Dear Sir.—In your report of the proceedings of the Common Council on Monday evening last, Mr. Rapalje, who appeared and spoke to urge that toilet conditions be remedied at the Central Railroad Station, is quoted as saying, that there was a possibility of the city leasing a portion of the company's land surrounding the depot for a Public Comfort Station.

I hope there is no valid reason for this assertion, for I knew the sentiment of the Business Men's Association, and no doubt the majority of our citizens would be very much opposed to this location, for it is not central, and the fact that the Central Railroad officials are about to remedy present existing conditions at the station would make "A Public Comfort Station" at this point superfluous.

The Business Men's Association at my solicitation, appointed a committee on Public Comfort Station last year. This committee went into the matter pretty thoroughly, having several petitions signed by hundreds of citizens, these petitions being presented to the Common Council. The committee also gathered valuable data from experts in this line, and also sought information from other cities, all of which was placed before the 1916 Public Affairs Committee of the Common Council with additional reasons from each member of the Merchants' Association as to the crying need of this comfort station. We understood that some action would be taken at that time, but as far as we know, nothing has been done.

We hope this matter will receive the attention it deserves, and that no action be taken as to the purchase of land adjoining the station, until the Business Men's Committee has an opportunity of being heard. From a common sense point of view the logical place for a station of this kind is in the central or business portion of the city—the shopping and travel centre. Business men are perhaps in a better position to judge of the great necessity of having this station centrally located than the average citizen, as they are in daily touch with evidences of its need.

Let us hope that with the approach of spring, when travel and outdoor recreation will be again resumed, the Common Council will make renewed efforts to give its citizens and the public this improvement in which they stand so sorely in need. If this be accomplished, Plainfield the City Beautiful, can boast of having taken her place among the other progressive cities of the State.

Yours very truly,
JOHN J. VARLEY,
Chairman Public Comfort Station, For the Business Men's Association of Plainfield.

A TALK to COAL BUYERS

This company, in its advertising, has endeavored to impress upon the coal buying public, that by virtue of its organization and wholesale connections, it is in a position to render service of a particularly efficient kind, a service not possible to every dealer in coal.

This winter, during the coal shortage, this service has been put to the test, and how well our organization has met it can best be vouched for by our customers. We have not only taken care of all our orders, but we have furnished coal to other dealers as well, and we point to our ability to care for our trade under the exceptional conditions that have presented themselves, with considerable pride, for we feel that our claim to be able to serve the public satisfactorily at all times and under all conditions, has been amply demonstrated.

If we are not already serving you, would it not be wise to become one of our regular customers, and thus place your coal burden on responsible shoulders?

Give us the opportunity; we will serve you well.

SAYS GERMANY IS PERFIDIOUS

(Continued from Page 1)

of the plot to embroil this country with Carranza and Japan, in order to expedite the action of Congress in the matter of his own requests. As to how the Chief Executive became possessed of this note there was a wide conjecture. He had been asked for the source of his authority and as to how he obtained it, but had replied that in his opinion it would be unwise to give the source of the information. There was a conjecture that the letter had been found in Bernstorff's mail, and there was another supposition, that the information had been entrusted to a messenger who was taking it to Carranza but was apprehended on the way and the letter taken from him. However, the truth was not known to the general public.

Miss Richards read the note and showed in her reading and comment on it how clearly Carranza was to be made the catspaw of Germany; he was to take all initiatives and he was to offer to mediate between Japan and Germany. It was, she said, laughable to think of "little old Mexico" having such a part in so big an affair. That the whole matter was treachery and perfidy on the part of Germany there could be no question, for the note bore the date of January 19, and this country had not severed diplomatic relations with Germany at that time, and not until February 3.

Whatever might have been the President's reason for springing the affair on the Congress at that particular time, it certainly brought Congress to reason, for the vote of the arming of the ships was a record vote. Unfortunately, the filibustering in the Senate prevented its passing that body. Here Miss Richards gave an account of the filibustering methods and denounced the action in no measured terms. She also explained the system of closure.

RECOVERS FROM ILLNESS

C. B. Sorensen, Jr., of Putnam avenue, who has been detained at home with an affection of the hearing, is able to be out again. He is associated with Eva Tanguay in her vaudeville act, and because of his illness, Miss Tanguay was obliged to give up several engagements. She will resume her work in New York on Monday.

Health and Vigor for Old People

Many people feel that they are growing old because they suffer from poor health. They no longer have the vitality of youth, and feel tired out, listless and nervous. Often they lose weight and become pale and anaemic.

What such people need is a wholesome tonic to build up their systems. Malt, iron and hypophosphites are especially beneficial, and are highly endorsed by physicians. These healthful ingredients have been combined in just the right proportions in a palatable tonic called malto-ferrin.

Thousands have gained wonderful new health simply by taking a tablespoonful of malto-ferrin before meals. It is a great aid to digestion and carries strength and vigor throughout the body, calms the nerves and helps the circulation of pure rich blood.

Malto-ferrin can be obtained from druggists in 50c and $1.00 bottles.—Adv.

CONTEST OVER THE PRIMA DONNA'S WILL

Special to the Courier-News:

Trenton, March 9.—Contending that the Monmouth Orphans' Court was in error in accepting the 1914 will of the late prima donna, Lillian Nordica Young, without proof that it was a legitimate document, Geo. W. Young, the late prima donna's husband, of Deal, that county, has filed an appeal with the Prerogative Court to have the action set aside and the will of 1910, in which he is named the beneficiary, admitted to probate. The 1914 paper makes the deceased singer's sisters her beneficiaries.

Madam Nordica drew her will in the year of 1910, according to the husband, and he charges that the 1914 paper was not properly executed in accordance with the statutes, and in the presence of two witnesses, and that there is no proof that the deceased prima donna knew the contents of this latter document.

Mrs. Young had a summer home at Port-au-Peck, near where some Plainfielders spend the summer.

LADIES' AID HELD MEASURING PARTY

The Ladies Aid Society of the Netherwood Reformed church held a successful measuring party last evening. Each person was assessed two cents per foot of their height and one cent for all odd inches. Fancy articles and flowers were on sale and refreshments were served.

During the evening Mrs. William H. Morris recited, Miss Myrtle Townley, Miss Reid and Miss Ursula Berryman played piano solos, Miss Belle Mossis sang a solo and took part in a vocal duet with Mrs. McClellan Staats; the Comrades' Club sang several amusing songs and Herbert Adam gave a monologue. The pastor, the Rev. Edward S. Ralston, spoke briefly.

NEW YORK AMUSEMENTS

At the Columbia

All Reeves will bring his big beauty show to the Columbia Theatre the week commencing Monday afternoon, March 12, and present the type of burlesque performance with which his name has for so many years been identified. The program consists of two one-act farces with music and a long list of vaudeville specialties together with an elaborately arranged exhibition of living models that is as much a part of a Reeves' show as is the presence of the star himself. For the present season, Mr. Reeves is said to have provided entirely new material including new verses for his own topical songs, "Give Me Credit Boys" and "Remember Your Old Pal Al." A prodigal supply of originally designed costumes of the distinctly Reeves type and scenery and electrical effects of unusual magnitude and splendor are said to have been provided. In the company are several of the most widely known players in burlesque, many of whom contribute their specialties in addition to appearing in the burlesques. By special arrangement, Mr. Reeves will introduce George M. Cohan's spirited patriotic arrangement called "The American Ragtime" in which the whole organization will take part.

At the Strand

A varying and interesting program will be presented at the Strand Theatre where the principal photo-dramatic feature will be "Sapho," an adaptation of the famous French author, Alphonse Daudet's immortal story, in which Pauline Frederick played the title role before the camera. It is said that "Sapho" is Miss Frederick's greatest screen achievement, and she has been surrounded by an excellent cast including Frank Losee, John Bainpolis, Pedro de Cordoba and Thomas Meighan. The third edition of the wonderful "Prizma" pictures in natural colors will contain some beautiful picturesque and interesting views of the Grand Canyon. A newly arrived lot of French war pictures taken on the Western front will also be shown. Raymond L. Ditmars, curator of the N. Y. Zoological Society, presents a real monkey comedy which he has entitled "Orangon as Plumber." The Strand Topical Review will show some exceptionally interesting American and European news pictures.

The musical program is a varied and pleasing one.

ARTHUR EMPEY WILL DESCRIBE TRENCH FIGHTS

Arthur Guy Empey will lecture at the Park Club Tuesday evening, next March 13, on his experiences in fighting in the trenches at the front. He will give to his audience a vivid description of the "Big Push" which drove the Prussians back from captured French territory. He will tell of seeing the lives of men on both sides snuffed out so fast that a corps of accountants with tabulators could not keep track of the carnage.

Mr. Empey will also relate the humorous side of the war, telling of the many personal incidences that occurred when the soldiers were not actually on duty. His story of a game of base ball played at the front, when a German shell hit the home-plate and blew off a player's arm is most graphic.

The public is invited to take advantage of Mr. Empey's first visit to Plainfield and attend the lecture. A small admission will be charged to cover expenses. The lecture will begin at 8:30 p. m.

PLANNING FOR COMPANY K REUNION

At a committee meeting held last night it was arranged to hold the sixteenth anniversary of Company K and the fifth reunion of the veterans of the company on March 21.

The affair will be held at the Armory on West Front street. Former members of the company will all be invited to attend, and prominent speakers will grace the occasion.

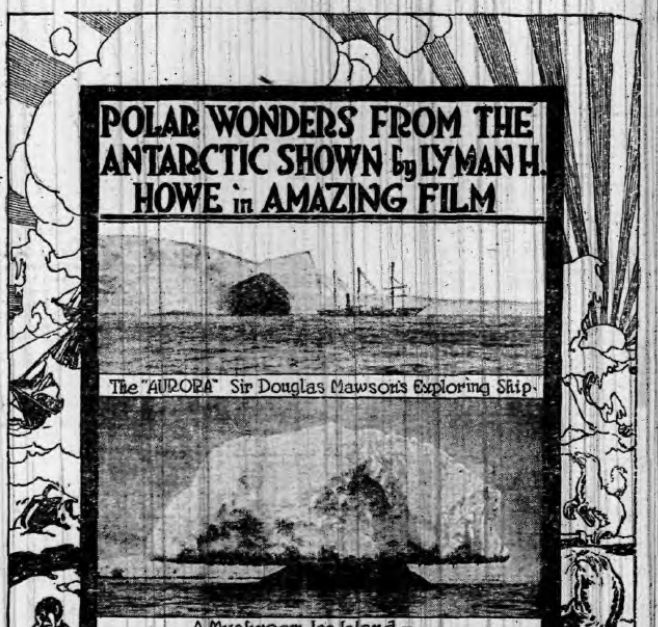
HOWE'S MOVING PICTURES HERE THIS EVENING



Plainfield Theatre Today and Tomorrow, March 9 and 10, Matinee Daily

Amazing scenes of the ocean laden with icebergs of mountainous proportions brilliantly glistening in the sun, form only one of a host of views which will be unfolded at the Plainfield Theatre today and tomorrow, when Lyman H. Howe will present the film epic of Sir Douglas Mawson's expedition into the Antarctic. The tranquil majesty of these spired and turreted Alpine bergs is unlike anything else the eye of man has seen hitherto. One of them measured was 49 miles long.

Besides discovering a new continent, the expedition also made man's first acquaintance of those Antarctic birds known as snow petrels in their native haunts. They have been known to exist for over 100 years but not until now were their rookeries discovered. Their nests are made from pebbles because the hurricanes would carry off lighter material.

Another feature of Howe's itinerary takes spectators into the groves and sunlit corridors of giant Sequoias in Yosemite National Park, and among waterfalls of transcendent beauty, some of which hurl themselves from precipices more than 2,000 feet in height. Thrills to satisfy the most exacting will be provided by still another film showing the recent automobile race over Giant's Despair at Wilkes-Barre, Pa., where fearless drivers race their cars at tremendous speed up steep inclines and around sharp curves. Throughout the entire program amusement follows amusement in swift succession—a wealth of rich humor being contributed by an entirely new series of animated cartoons.

OLGA PETROVA AND LOUISE HUFF AT PROCTOR'S

At Proctor's Theatre Today

At Proctor's Theatre, today, Mme. Olga Petrova, erstwhile a stage star and now one of the most beautiful and talented screen actresses, appears in her latest Metro success entitled "Bridges Burned" in a strong emotional role. Also today, a first-run Paramount offering, "The Reward of Patience," in which popular Louise Huff is featured.

Tomorrow by special arrangement Charlie Chaplin, Marie Dressler and Mabel Normand will be seen in "Tillie's Punctured Romance." Edna Goodrich, the talented beauty, will appear in a powerful Paramount dramatic production entitled "The House of Lies."

The program for the coming week will be: Monday, Alice Brady in "A Hungry Heart"; Mrs. Vernon Castle in "Patria," and the first of the world-famous Fox comedies entitled "The Social Pirates."

Tuesday, Wednesday and Thursday Herbert Brenon will present his eight-part picturization of "War Brides," with Mme. Nazimova, in the leading role, a part made famous by her on the speaking stage throughout the country.

SYDELL'S LONDON BELLES HERE MONDAY NEXT

The Rose Sydell Famous London Belles presenting high-class burlesque, and specialties will be the attraction at the Plainfield Theatre Monday, matinee and night, March 12. The company this season carries fifty people together with a complete scenic and electrical equipment; the costumes are gorgeous, producing to the eye a constant dazzling effect. The girls are picked from the swagger of Broadway, and the comedians know how to produce good hearty laughs without the use of slapsticks and buffoonery.

The production is a two-act musical burlesque entitled "A Trip to Washington" and is an irresistible mirth-provoking concoction of laughable situations, intermingled with bright, catchy musical ensembles introduced by the large chorus of handsome girls, richly gowned.

The closing burlesque is a riot of fun and music and in this the girls are given every opportunity to disport themselves in many changes of gorgeous gowns. Johnnie Weber and Bill Campbell, comedians, keep the fun moving. The rest of the cast is Ward Caulfield, Arthur Delmore, Mr. Smith, Ed Wright, Harry Walljen, Frances Cornell, Lew. Thall, Grace

NEWARK AMUSEMENTS

At the Broad Street Theatre

There are indeed few producing theatrical managers in the United States who at some time or other have not met their Waterloo. There are exceptions but they are limited. It can be said to the credit of George M. Cohan, who stands today as one of America's best stage producers that he has never written a play that was not a successful one.

Messrs. Cohan and Harris, who have been equally successful as producers this season, will present Fred Niblo in the sensational farce "Hit-The-Trail-Holliday" at the Broad Street Theatre, for a limited engagement commencing Monday evening, March 12th. This new Cohan masterpiece has developed into one of the most successful plays of the American stage. For almost an entire year it attracted audiences filling the Astor and Harris Theatres to their entire seating capacity, which must serve as its strong recommendation to playgoers in other parts of the country.

Mr. Niblo is known to be an accomplished actor of high attainments who has been prominent in his profession. As a comedian Niblo is unique. He is considered by those who are competent to judge as one of the cleverest and most versatile players associated with the stage.

The Legislature should enact this bill into law!

On Monday, March 12, a vitally important bill is expected to come up for vote before the New Jersey Assembly.

This bill affects DIRECTLY every business and business man—every farmer—every manufacturer—EVERY CITIZEN in the entire State.

It is a sound, sensible, workable measure to give the Board of Public Utility Commissioners authority to determine how trains should be manned. It empowers this Board to COMPEL railroads to crew every train as the Board shall order.

This new law WILL ACCOMPLISH the very things for which the "full crew" law was enacted--and in which it has failed:--

Make sure an adequate, but not excessive crew for every freight and passenger train;

Completely protect both trainmen and public.

Railroads exist to provide adequate and safe transportation service both for passengers and freight.

Public interest lies in getting such service.

The railroads must have facilities to move traffic with regularity, despatch—and do it with safety and economy. The Trustees of the State Chamber through the Bureau of State Research made an exhaustive study of the workings of the "full crew" law. The proposed bill carries out the recommendations of their report.

It is an adequate, effective and workable measure.

Manufacturers, business organizations, the Grange, the press and the State Chamber of Commerce ALL OPPOSE THE EXISTING LAW AND FAVOR THIS NEW BILL!

Every legislator in this state will feel the responsibility that is placed squarely on his shoulders when the time comes to vote!

He should be given the expressed wish—direct—of his constituents, each one.

Write or telephone or otherwise communicate with your representative in the State Legislature and tell him that you feel that this bill should be enacted.

He will appreciate your interest.

The time is short; get in communication with him TODAY.

The bill has the hearty endorsement of Boards of Trade and Chambers of Commerce in the leading cities throughout the State; it has the strong support of intelligent, public-spirited citizens.

It should be enacted.

It should pass the Assembly without delay.

We urge YOU to let your Representative know that, in supporting this bill, he is voting as you would have him vote.

New Jersey State Chamber of Commerce
Newark, New Jersey

SOLDIERS ON BORDER ENTHUSIASTIC PATRIOTS

Washington, March 9.—A military organization in which the discipline goes far beyond a volunteer militia is the great need of this country, according to Ormsby McHarg, former assistant secretary of commerce and labor, and a well-known Republican of national note, who was in Washington this week on his return from a trip to the border to determine the attitude of the national guardsmen on the subject of universal military service.

"I found that, without exception, the most favored universal military training and service," said Mr. McHarg. "They seemed proud to point out the benefits the service had rendered them, especially in the way of improving their physical condition, those men had in many instances suffered great hardship at first as a result of radical change of climate and inefficiency as displayed by the militia organizations, but despite this they had gained a power of physical endurance, which few, if any of them, had ever before possessed.

"Without exception, the men condemned the present militia organization and the makeshift legislation of the recent Congress. They shrewdly enough compared the inefficiency of the militia officers and high organization of the regular army. It is perfectly plain that they thought the militia organizations fostered and maintained incompetent officers who are wholly unfit for the duties that would devolve upon them in case of actual warfare conducted under modern conditions."

Mr. McHarg said his trip to the border had convinced him that each boy in his nineteenth or twentieth year should have at least one year of compulsory service and for two or three years thereafter training along the lines of the Plattsburg camps for thirty days each year. In this period, he said, the boy would acquire habits of obedience, promptness, temperance, cleanliness, deportment and a sense of duty that would tend to the making of self-reliant citizens.

Burbank Now Sixty-eight

Wednesday was the birthday of Luther Burbank, the famous propagator of fruits and vegetables in California. He is sixty-eight years old, but in a moving picture, in which Plainfielders saw him a few days ago on the film in one of the local theatres, he appears to be still able to do vigorous work on the farm.

ANDERSON TALKS ABOUT CIVICS

Delivers Address Before a Large Audience in Whittier School, Dunellen

William Delaroche Anderson, formerly an Assemblyman from Somerset county, but now engaged in the business of municipal accounting, delivered an address on civics before a large number of pupils, teachers and parents in the Whittier School, Dunellen, yesterday afternoon.

Mr. Anderson said, in part:

"Our form of government is that of a representative democracy. It originated in, or rather out, of the old-time town meetings which were held in the early days of all American communities. When affairs began to take a broader scope, these town meetings were not sufficiently expressive of the will of the majority because busy men failed to attend the meetings and participate in the conduct of their government, so assemblies of greater proportions were then organized, and these in time established the need of co-operation among the various communities. It was in this way that our political sub-divisions were created, and we now have the township, town, borough, city, county, State and national legislative bodies. Each community has its representatives in the county organization; the county is represented in the State legislative halls, and the State in the nation.

"Representatives are elected to these various businesses of government and they are supposed to present the wishes of their constituency.

"In our political development we have lost a valuable asset, and that is the realization of responsibility by all citizens. People are entitled to as good a government as they get, but when the affairs of a small community, a city, county or State are left only to those who like to participate in the conduct of their government, there is bound to be dissatisfaction, and evils will creep in.

"Every citizen should realize that the government of his home town is of first importance to him. The character of that government will reflect itself in the county and State legislative bodies through the personality of the men who are elected to represent it.

"In the early days of our government every man felt that it was incumbent upon him to participate in the affairs of the community, but this old-time interest is now manifested only spasmodically. Every citizen should be interested in the cost of municipal government. He should compare the cost of schools, police, fire and street departments of his town with the cost in other towns of the same size, and then by a process of arithmetical division he will be able to determine the exact amount that falls upon every man, woman and child in the community. When citizens do that they will be taking a proper interest in the public affairs. The facts they will discover will be sufficiently interesting to stimulate a desire for the more knowledge of affairs, and officials who have a community of citizens who want to know how things are going will always aim to have things go right."

PUPILS ESCAPE SCHOOL BOILER EXPLOSION

Jersey City, March 9.—Under the guidance of seven sisters and three priests 800 pupils were led out of the Sacred Heart school here yesterday when accidents after the building had been shaken by the explosion of a boiler in the basement. The school had just been assembled when the concussion came, rocking the structure and starting a panic.

The fire drill, which is practiced in the school, was immediately ordered in every room, and in a few minutes the children were marched to safety. There was a slight fire, but this was put out quickly.

TO CONCUR IN CALL

Newton, March 9.—The call of the Rev. J. W. Bishoff to the pastorate of the Hamburg Presbyterian church will be concurred in Monday at a special meeting of the Newton Presbytery in Washington.

The Rev. Ward C. Peabody of the Musconetcong Valley church will present a petition to be dismissed from the Presbytery. He will go to the Presbytery of Otsego, N. Y. The Rev. Thomas Houston, the blind evangelist, will ask to be dismissed for the purpose of uniting with the Presbytery of Jersey City.

PLANT NEARLY COMPLETED

Special to the Courier-News:

New York, March 9.—Construction of Plant B of the United Alloy Steel Corporation has about been completed. This increases the capacity of the company to more than 75,000 tons per month, or approximately 700,000 tons per annum.

This is one of the largest capacities of any single plant in the country, being located on less than 300 acres of land.

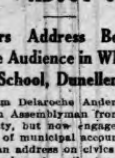
Let Resinol Make Your Sick Skin Well

That itching, burning skin can almost certainly be healed! The first use of resinol ointment seldom fails to give instant relief. With the help of resinol soap, this soothing, healing ointment usually clears away all traces of eczema, ringworm, rash or similar tormenting, sleep-preventing skin-disease quickly and at little cost. Physicians have prescribed resinol ointment regularly for over twenty years, so you need not hesitate to use it freely. Sold by all druggists.



Is Your Toilet Soap Injuring Your Skin?

Many toilet soaps contain harsh, injurious alkali. Resinol soap contains absolutely no free alkali, and to it is added the resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

SENATE EMPLOYES IN VARIOUS STATES

Some Western newspapers have been comparing notes on the number of employes of their respective State Senates. The Missouri Senate, with thirty-four members, has 200 employes. In other words, each Senator has about six men to look after his law-making welfare.

The Kansas Senate, with forty members, has eighty employes, two for each member. Iowa boasts that its Senate of fifty members has only eighty-six employes.

The Hartford Courant points out that Connecticut's Senate gets along very well with a dozen employes, including the chaplain, and wonders if Yankees are more able to take care of themselves than Westerners.

The twenty-one New Jersey Senators, including their chaplain, have forty-five employes, proportionately next door to Missouri. But Jerseymen have never bragged that they had to be shown. That is Missouri's peculiar "blow." They must have a large number of superintendents of ventilation in the Missouri Senate!

It Takes a Tailor To Make Men's Good Clothing

NOT A PRINTER.

Printers' ink can do wonders. It can make cotton look like wool. But it can't make cotton give the service wool gives. It can take a steam power suit of clothes and make it look like $25 worth.

But the man who buys it will soon lose some of his confidence in human nature. Any clothing tailored by machinery will not hold its shape, not even if you hot iron it every day of the year.

Strictly all wool hand tailored clothing for men is right. There's no getting away from the absolute fact that that is the standard. Yet prices are no higher than some stores ask you to pay for the other kind. Our new Spring line has arrived, either ready-made or to order.

FLATS

A flat is a place with no room for expansion, intellectual or chest. It squires thin furniture and a narrow rifle. The rooms are so small you have to walk sideways when you rear your winsome clothing. And it's no place for a man with a stomach if you don't want the walls to bulge. Newly initiated flat dwellers have to be carefully trained so they won't walk out in the back yard and fall off the fire escape. When the fellow who said any old place he could hang his hat was home, sweet home to him, went to live in a flat he kept his hat on and hung himself instead. Life isn't much without a front porch and a back yard, anyhow. But what's a man with a 12-1/2 income going to do with an 8x10 disposition in a 2x4 flat?

BUTTER

Why do restaurants keep up the pretense of serving butter? In the first place the stuff they serve would be an insult to any self-respecting creamery, and in the second place they don't serve enough of it to make worth while chasing with a knife. A pat of restaurant butter these days is about as big as a germ and almost as visible. It is so small, in fact, that it can stand in the middle of its chip and be a fly's journey from the edge in any direction. There was a time when restaurant butter covered a multitude of bread.

JONAH

Jonah was a very indigestible gentleman. The whale deserved a lot of credit for swallowing him. He may have been a fine prophet, but he was a hum square meal. For three days and nights he scratched, kicked and pummeled that poor brute in the stomach so unmercifully that at last the whale gave up the fight and Jonah at the same time. We can sympathise with the whale exactly how he felt. We've eaten dinners that acted just like Jonah did.

PLUMBING

Does your plumbing grumble? Ours does. It's had a grouch on ever since we rebuilt and let it out in the open. We can't turn a faucet now without being growled at. Since we've given it the run of the bathroom it has spread itself all around in kinks and curlycues and festoons and dropsitted effects, and nothing can please it. It mumbles and mutters to itself all the time. Put plumbing back in solitary confinement; then maybe it'll shut up.

There's not a single hypocrite among all the worshippers at the shrine of the god of gold.

BAPTISTS TAKE THE SECOND RUNG HONORS

SEASON'S BIG GAME TOMORROW NIGHT

Borough Basketball Teams to Clash in Big Feature Contest at Saengerbund

Tomorrow night, in Saengerbund Hall, the long-looked-for event of the year will be staged. The girls representing N. P. H. S. on the basketball floor this year will line up in a burlesque game against the boys' varsity. The game will start at 8.15.

Both teams will have their regular line-ups, but the boys are undecided about the side-centre position. Ahern and LaForte will be opposed by Elsie Wyckoff and May Doughty. Tess McCullough or Nora McDonough will play the pivot position against Andy McDonough. Captain Seidel will be opposed by Captain "Ily" Spencer and Willett will oppose Miss Chandler, the other forward for the fair sex.

Professor Stewart and his three-piece orchestra will furnish music between halves and after the game for dancing.

GRAMMAR SCHOOL WINS OVER LINDEN HIGH

The Plainfield Grammar School basketball five traveled to Linden yesterday to play the team of that place and won by the score of 26 to 15. Mowen of the visitors played a great game at guard, while Brancati did some fancy basket shooting. Rosenson did most of the scoring for the losers.

The Imperials of the City Bowling League was able to take but one contest from the Elks on the borough alleys last evening, for the Elks were a little too swift for them. Except for the Elks' second tilt, the bowling of both teams was about normal. The first game was the only one to be closely contested, the Imperials coming out ahead by a margin of 25 pins.

Kiely of the Elks managed to cop both the high score at 229 and the high average at 191. Double century scores of the three in number, an equal number of "190 or better" scores being chalked up.

The sensation of the circuit for the evening, however, was staged by the Tabs. Losing the first two tilts of the evening by margins of 11 and 24 pins, respectively, the Abstainers came back strong in the highteap contest, winning by the overwhelming majority of 156. For several weeks past the Tabs have been priming themselves for just such a demonstration as this, even though it comes a little late in the season.

Heavy scores were the order of the evening. The Tabs took over three of the four double century scores marked up, while the teams split even on six scores above the 190 level.

Lawton of the Tabs struck the popular note of the evening with a high score of 236, as well as a high average of 206. Skinner came second with an average of 203, with Howe of the Knights with a chalking of 202.1 for his night's work.

SPORT BRIEFS

Gathered From Here, There and Everywhere in the Sporting Arena

New York—The Brooklyn Baseball Club has secured waivers on Infielders O'Mara and Mowrey, the hold-out twins. O'Mara has been sold to the Oakland club of the Pacific Coast League, but nobody appears anxious to take Mowrey off the manager's hands. It is expected Mowrey will receive his unconditional release.

Chicago—Clarence Green, age 54, for more than 30 years a prominent figure in billiard and bowling circles, is dead here today. He was widely known in Elkdom.

Hot Springs—Jeff Pfeffer, the star twirler of the Robins, who is still unsigned, worked out with the rest of the Brooklyn squad at the ball Park yesterday morning. He had a long talk with Mgr. Robinson and President Ebbets Wednesday night and said yesterday that he would most likely come to an agreement with the club before tomorrow. No word has yet been received from Zach Wheat and Casey Stengel.

Pasadena, Cal.—The Chicago Cubs left here yesterday for Los Angeles, where they will wind up their training in this State. Manager Fred Mitchell thinks the trip will give him an edge on the other seven clubs in the league.

Newark, N. J.—It was announced here yesterday afternoon that Jack Dalton, the former star outfielder of the Brooklyn Superbas, who jumped to the Federal League, has signed a contract to manage the Joplin team of the Western League.

Brooklyn—It was learned here yesterday afternoon that Al Mamaux, star pitcher of the Pirates, is engaged to marry Alice Johnson, of St. Mark's avenue, this city. Miss Johnson was introduced to Mamaux by Miss McKeever, daughter of an owner of the Brooklyn club.

Milwaukee, Wis.—Les Darcy and Mike Gibbons are at last matched, according to Frank Mulkern, the boxing promoter. The men will box April 10, Mulkern said: "I have official telegrams from Darcy that he would be in the West in three days. Governor Whitman's action in barring his appearance in New York has had its effect, and Darcy is anxious for a match. The Darcy-Gibbons bout will be the one originally arranged for April 10 with Timothy O'Sullivan, manager of Darcy, and which Les repudiated."

St. Louis, Mo.—President Tener of the National League has endorsed the sale of the St. Louis Cardinals to a popular subscription stock company. The price was $350,000.

Mineral Wells, Tex.—Milt Rieberg, the Swede, Pacific ball tosser, joined the White Sox Wednesday. Already he is the sensation of the camp. It is believed he will be the welding link in the Sox infield.

Fresno, Cal.—It now looks as if Dutch Leonard, the Boston Red Sox pitcher, is going to be a well man by the time the season opens. Leonard worked three innings yesterday in practice and his efforts made an impression on Manager Barry. Leonard was down with typhoid fever all winter.

Augusta, Ga.—Ty Cobb, who has been conditioning himself with Griffiths' team, plans to work off his extra poundage by packing a gun over the hills. Cobb said he will report to Manager Jennings of the Tigers at Waxahatchis in about two weeks.

ADDITIONAL SPORTS ON PAGE 11

PETE HERMAN STARTS WITH THE RIGHT "PEP"

Peter Gulatto, otherwise known as Pete Herman, the new bantamweight champion, is off to a running start in the defense of his acquired title. He is one of the boys to whom newspaper writers point with pride as a youth who isn't assuming, wants to fight and is otherwise an ideal chap.

Whether he'll be able to live a life of fame without getting the swelled head and a consequent reputation for using dollars for a bed is something to be developed in the spring of Old Man Time. Right now he has it. It is to be hoped he sticks by it.

Pete began his life as a bootblack. Being a native of Italy, he has nothing on several thousand of his countrymed who are shining their way to fame in the land of the free and the home of the brave.

There was a bad, though bold, character in New Orleans, where Pete gathered in the nickels, who used to come around about once a week and make a collection of nickels and dimes off the bootblacks. They all paid up like little men—Pete included.

One day Pete decided he wanted all the money he made for his very own, and he laid for the youth who came around after the dimes. He refused to sell out, with the result that the youth caught Pete one on the chin and nearly pulverized him. When Pete came to he brushed his clothes, started down the street, and when he found said youth he commenced to fight. The youth of the dime and nickel collection was sent to a hospital. From that time on Pete has his nickels and dimes and a fighting reputation. The latter was so good he decided to put it to use, which he did with such success that he has towered over the others in his class to the extent that he now is champion.

Herman is but 21. He has been fighting six years. He stands 5 feet 2 inches and weighs 116 pounds right along. Some day—off in the future—Pete is going to have a cafe in New Orleans. Also, on top is going to be a gymnasium. He wants to fight just now—fight 'em all. A champion, he believes, should prove it.

DOUBLE HEADER TO BE ON AT Y. M. C. A. FLOOR

A double-header has been booked for the Y. M. C. A. floor tomorrow evening, the first team being scheduled to entertain the strong Recreation Five, one of the aggregations which plays under the direction of the Public Recreation Committee. The two teams being of equal strength, some good game of the indoor sport should be staged at this time.

The second string men will resume activities at this time, when they will line up against the Hope Chapel seconds. The association boys are after the junior title of the city this year and expect to stage some very strong attractions between now and the close of the season. The closing game of the season will be with the Cupids, the only team to lower the colors of the association boys this season.

Y. W. C. A. TEAM IS TO PLAY EASTON GIRLS

A party of ten members of the local Young Women's Christian Association will tomorrow make its annual visit to the Easton (Pa.) association, returning home Sunday evening. A basketball game is to be staged tomorrow evening and the local women expect to attend the vesper services at the Easton rooms Sunday afternoon.

This will be the third trip to the Easton association of this kind, the previous affairs having been enjoyed to a great extent by those who have been in attendance from this city, and when the Queen City women have been entertained in a royal way by the members of the Easton association.

BRUNSWICK TEAM AT HOPE COURT TOMORROW

The Knights of St. John, a New Brunswick aggregation of basketball tossers, have been booked to appear in this city tomorrow evening by Manager DeHart of Hope Chapel. The Knights have a good record of games for the past season and should be able to put up a good game against the locals.

Manager DeHart announces the following line-up for the contest:

K. of ST. J.	HOPES
Byrnes	forwards — Porter
Gooch	forwards — Wells
Otterbein	centres — Schott
Schrum	centres — Snyder
Karl, Stahlin	guards — Wardrop

Y. W. C. A. AND SOCIAL CLUB IN BIG CONTEST

St. Mary's Social Club basketball team will have its hands full next Tuesday night when it clashes with the strong Y. W. C. A. team on the T. B. S. court. The Y. W. C. A. girls have some of the best players in the city numbered among their members, and as the Fourth street team has improved considerably of late a good game is expected.

To complete a good program the Inner-Triangles of Netherwood will meet some fast team, probably the Mohawks, in the preliminary contest, which will start at 8.15.

RIFLE CLUB NOTES

Regular business session this evening at Company K armory. Report on the site for an outdoor range will be made. Applications for membership will be received. Instruction in the use of military rifles will follow the formal meeting. Every member should be on the job.

Slated rifle practice at the armory indoor range tomorrow afternoon and evening. Special attention to beginners. As many of the members as possible should be out to these practice shoots.

Martin B. Stutsman, attorney for the club, stepped into the office yesterday to remind us that he made 19 targets out of a possible 50 at the Wednesday evening practice. Good work, old top, good work. Who's next?

Judging from the activities of the local organization during the course of the past two weeks one might judge that it is trying to catch up to the Westfield Rifle Club. Well, that is possible.

The Saturday afternoon shoots will be especially for beginners, although the "vets" will be welcome. The more, the merrier.

The proposed outdoor range for the summer months will fill a long-felt vacancy in the workings of the local club. There is no doubt but that many local men will visit such a range, especially Saturday afternoons during the spring, summer and fall months.

Plenty of room for new members in this organization. Such an organization in such a city as Plainfield should have a membership of at least 500. Apply to the officers of the club for membership application forms, or better still, appear personally at the meeting this evening.

The officers report the attendance at the Wednesday evening practice as good. A much larger gathering is anticipated for tomorrow evening.

LEGAL NOTICES.

Corporation Notice.

Notice is hereby given that an ordinance entitled: "An Ordinance to vacate and relase the public use and burden that portion of Thornton Avenue lying between Hillside and Woodland Avenues, being an unused and unaccepted portion of street on property of M. Englehardt Real Estate Co." a copy of which is subjoined to this notice, has been introduced before the Common Council and read the second time, and ordered engrossed preparatory to the third reading, and that it is the intention of the Common Council to adopt such ordinance at the regular meeting of the Common Council to be held in the Council Chamber, City Hall, Plainfield, N. J., in the City of Plainfield, N. J., at eight o'clock p. m., on Monday, the second day of April, A. D. Nineteen Hundred and Seventeen, at which time and place prior to the adoption of said ordinance said ordinance will be considered by the Common Council and all persons interested may be heard before the Common Council with reference to the proposed ordinance.

By order of the Common Council.

JOHN J. CARROLL, City Clerk

Plainfield, N. J., March 5, 1917.

AN ORDINANCE TO VACATE AND RELEASE OF THE PUBLIC USE AND BURDEN THAT PORTION OF THORNTON AVENUE LYING BETWEEN HILLSIDE AND WOODLAND AVENUES, BEING AN UNUSED AND UNACCEPTED PORTION OF STREET ON PROPERTY OF M. ENGLEHARDT REAL ESTATE CO.

Whereas, It appears to the Common Council of the City of Plainfield, that a portion of Thornton Avenue in said City of Plainfield, to wit, the portion thereof lying between Hillside Avenue and Woodland Avenue, a dedicated street of said City has not been opened to public use for twenty years or more since the same Thornton Avenue was dedicated to public use; that the opening of such portion of said street will, if made, involve a large expenditure of public funds and that the opening of such portion of said street would be of no public benefit and the owner of all the land abutting on such portion of said street has consented in writing to such vacation, by filing such consent duly acknowledged as in case of an acknowledgement to a conveyance of lands in the office of the Clerk of the City of Plainfield;

Therefore, The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That all that portion of Thornton Avenue, so called, lying between Hillside Avenue and Woodland Avenue in the City of Plainfield, which portion lies between Hillside Avenue and Woodland Avenue is delineated by dotted lines on the Tax Map of the said City of Plainfield and is also delineated by dotted lines on a map entitled "Map of Plainfield, N. J. Compiled from Official records, private plans and surveys by Chas. E. Dunham and Co." and dated March 1917, made under the personal direction of the publishers published by C. E. Dunham & Co., N. Y., be and the same is hereby vacated and relieved of the public use and burden.

Notice is hereby given that the following Ordinance has been introduced before the Common Council, read the second time and ordered engrossed preparatory to its third reading, and that it is the intention of the Council to adopt the same.

JOHN J. CARROLL, City Clerk.

Plainfield, N. J.

AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION OF A FURTHER ADDITION TO THE SYSTEM OF SEWERAGE ALREADY CONSTRUCTED IN THE CITY OF PLAINFIELD, NO 18.

WHEREAS, There has been constructed in said city a system of sewerage and sewers in relation thereto has been from time to time been taken as is set forth in the preamble to the ordinance of said city entitled "An Ordinance to provide for the construction of an addition to the system of sewerage already constructed in the City of Plainfield," approved November 4, 1897, to which preamble reference is hereby made for greater certainty; and

WHEREAS, In the opinion of the Common Council the public good requires that a further addition, as hereinafter described, system of sewers are already constructed, should be now constructed and for said city under the provisions of the Act in said preamble referred to, and the Common Council has determined and does hereby so determine; therefore,

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the Common Council doth hereby direct and order that a further addition to the system of sewerage already constructed under said Act and to relation thereto has had

Elgin Six

4 Pas. Roadster **$985**

A car that so thoroughly covers the $685 to $1285 car field that no buyer in this class will stop at less nor pay more after seeing this beautiful Six.

6 cylinders, 116-inch wheelbase, 33x4 tires

One of the most prominent of several outstanding features of the Elgin Six chassis is its spring suspension. The Elgin Six improved cantilever rear spring suspension, the result of exhaustive tests and experiments on the part of Elgin Engineers, has set a new standard of motoring ease and comfort at high speeds. The improved Elgin springs, one of the most important improvements of the past year in motor car construction, are the design of Elgin Engineers and are found only in the New Elgin Six.

You can drive the New Elgin Six at 35 to 50 miles per hour in perfect comfort, over roads so rough that the ordinary car dare not exceed 15 to 20 miles per hour.

The Elgin Six improved velvet-acting clutch enables it to be started on high gear, under ordinary conditions, eliminating to a large degree the necessity of gear shifting, thus removing the last barrier to the safe and easy handling of a motor car by women.

ANNIVERSARY OF THE DEATH OF H. W. BEECHER

Yesterday was the thirtieth anniversary of the death of Henry Ward Beecher, the noted preacher of the Plymouth church, Brooklyn, who made the name of that church and also Brooklyn itself famous by his eloquence. He is recalled by many Plainfielders who heard him either in pulpit or on the lecture platform.

He was one of the most eminent preachers and one of the greatest thought leaders in this country. He was born in Litchfield, Conn., June 24, 1813. He died in New York March 8, 1887.

His successors in Plymouth church have been the late Rev. Dr. T. DeWitt Talmage who was born near Bound Brook, and the present incumbent, the Rev. Dr. Newell Dwight Hillis, who spoke before the Men's Club of the Congregational church in this city a few weeks ago.

SUNDAY SCHOOL IN CHARGE OF EVENING SERVICE

The Sunday school of the Temple Baptist church took charge of the mid-week service in the church Wednesday under the new arrangement by which the school is to conduct the meetings the first Wednesday evening in each month. The attendance was large and eighteen of the young men and young women took part in the service. George Huff, secretary of the school, led, and his topic was "A Life Pleasing to Christ."

There was a cornet solo by Captain Peter Crispell of the Salvation Army, and a violin and piano duet by Miss Bessie Carson and Frederick Borrup, of the Sunday school orchestra.

The service was particularly gratifying to the superintendent and the pastor.

CITIZENS COMPLAIN OF OVERCROWDED CARS

Patrons in this city of the Main Line trolley cars are complaining about the inadequate service provided by the Public Service Corporation, especially during "rush hours." This is particularly noticeable in the operation of the eastbound trolley which is scheduled to reach the Watchung avenue stand at 8 o'clock in the evening.

This car gets to town in time for the various entertainments at the theatres and elsewhere, and in consequence is considerably overcrowded from the time it leaves Clinton avenue until it arrives in the heart of Plainfield. On Tuesday night when the Saurer minstrel show was given at the Plainfield high school this condition was even more pronounced, and a large number of people being unable to get on the one Arlington avenue trolley that connected with the 8 o'clock Main Line car, was obliged to walk to the high school.

The operation of what is known as a "tripper" car ahead of the Main Line trolley would help to remedy this trouble. The "over-crowded condition" is now a nightly occurrence instead of the exception, and there are a number of people who believe that the trolley company should try to afford relief to the traveling public.

GERAN LAUDS ARTHUR PIERSON

Special to Courier-News:

Trenton, March 9.—With Democratic Leader Geran paying a tribute to the work of Assemblyman Arthur N. Pierson, of Union county, in municipal finance research, the House of Assembly passed the seven measures introduced by the Union man as the result of the investigation of the commission of which Mr. Pierson is the chairman.

"The name of Assemblyman Pierson ought never to be forgotten by the people of New Jersey for the great work which he has done in attempting to place the finances of the municipalities of this State on a business basis. As a matter of fact he has offered the most sound measures introduced at this session," was Geran's statement.

BILLS PASSED BY HOUSE AND SENATE

Trenton, March 9.—After having been defeated last week, the Senate on Tuesday night passed the bill introduced by Senator Richards, of Atlantic, which changes the percentage of voters necessary to bring on a recall election in commission government cities. The bill originally provided for 40 per cent. of the voters signing the petition for the recall, and this was the cause for its setback. Tuesday night, upon motion of the Atlantic Senator, the measure was reconsidered, and he then amended it so that instead of 40 the percentage will be 30. At the present time 25 per cent. of the voters must sign the petition.

Several salary raising bills from the House were approved by the Senators, despite the fact that Governor Edge had sent in his first vote on a bill of this character. Among the House measures passed were the following:

Mr. Morgan: Compels the reporting to the State Department of Health of all persons suffering from certain diseases, the information not to be made public except to the prosecuting officer for violations thereunder.

Mr. Morgan: Makes it a misdemeanor for one infected with certain diseases to marry.

Mr. LeMaster: Gives first-class county court attendants the right to receive salaries not in excess of $1,250 for the first year and not more than $1,300 for the second year.

Mr. Randall: Puts the members of the Engineers' License Bureau, of the Labor Department, in the competitive class of the Civil Service and increases their salaries from $1,200 to $2,000 annually with expenses.

Mr. Roberts: Lengthens term and increases salaries of county collectors, steward of the county poorhouse and the county auditor of the County of Burlington.

Mr. Wolverton: The purpose is to provide a ready means of support for a deserted wife or children and gives the court the right to fix an amount to be paid the wife or child from the fine imposed upon the deserting husband and father.

Mr. Wolverton: Permits Camden to increase the salary of its excise inspector to a sum not exceeding $1,500.

Mr. Johnson, for Speaker Schoen, increases the salary of Juvenile Court officers in first-class counties from $1,200 to $1,500 a year.

Mr. Pancoast: Extends the provisions of the police pension act to the widows, minor children and dependents, parents of policemen and retired policemen in all cities except those of the first-class.

EXPECTS CURE FOR INFANT PARALYSIS

By United Press:

Chicago, March 9.—Dr. Maximilian Herzog expects to have perfected a sure cure for infantile paralysis before the fatal hot summer months, he announced today.

"Already," said Dr. Herzog, who has made an exhaustive study of the cause, prevention and cure of the disease which caused so many deaths and so much distress last summer, "the microbe which causes infantile paralysis has been definitely isolated and experiments are being made to locate an antitoxin which effectively stamps out the disease among sheep and cattle.

"We hope to have perfected an effective antitoxin for human beings by summer."

The Chicago health authorities have enlisted prominent physicians, bacteriologists, nurses, women's clubs and civic organizations in a concerted effort to check the disease before it gets a start in Chicago this year.

SENATE VOTES CLOTURE RULE

Only Three Against Debate Limit on Final Test.

EXTRA SESSION WAY CLEAR.

President Gratified at Action of Upper House, but Makes No Announcement About Special Call For New Congress to Meet—La Follette, Gronna and Sherman Vote Against Rule.

Washington, March 9.—The way for an extraordinary session of congress to vest President Wilson with full and complete authority to arm American ships and protect American rights at sea is clear and open.

Casting aside the traditions of more than a century, the senate by an overwhelming vote amended its rules to provide for a limitation on debate that would prevent any filibuster by a "little group of willful" men, such as the maneuver which prevented the enactment of the president's armed neutrality resolution during the closing days of the last congress.

In his recent statement attacking the senators who blocked the armed ships measure the president said the unlimited debate rule of the senate was the reason which would make an extraordinary session of the Sixty-fifth congress to consider the bill futile. Now that reason no longer existed.

Three Vote Against It.

A few brief hours of discussion overthrew the time honored senate privilege of unlimited debate—a privilege which had survived almost constant attack since the early days of the republic. Confronted with the president's demand that the way be cleared for action that would enable him to meet the greatest national emergency the country ever knew, seventy-six senators voted for a rule which will allow two-thirds of the senate to limit debate on any pending proposal.

But three senators, La Follette of Wisconsin, Gronna of North Dakota and Sherman of Illinois all Republicans, voted against the rule. Senators La Follette and Gronna were two of the eleven denounced by the president as the "little group of willful men representing no opinion but their own who have rendered the great government of the United States helpless and contemptible," through their fight on the armed neutrality bill. Senator Sherman, who favors the armed neutrality measure, voted against cloture on the merits of the rule.

Here are the Seventy-six.

The seventy-six senators who voted for the cloture rule:

Ashurst, Beckham, Brady, Brandegee, Bryan, Caraway, Chamberlain, Colt, Cummins, Curtis, Fall, France, Frelinghuysen, Gerry, Hale, Harding, Hardwick, Hitchcock, Hollis, Hughes, Johnson, James, Jones of New Mexico, Jones of Washington, Kellogg, Kendrick, Kenyon, King, Kirby, Knox, Lane, Lenroot, Lewis, McCumber, McKellar, McLean, Martin, Myers, Nelson, New, Newlands, Norris, Overman, Owen, Page, Pittman, Poindexter, Pomerene, Ransdell, Reed, Robinson, Saulsbury, Shafroth, Sheppard, Shields, Simmons, Smith of Georgia, Smith of Maryland, Smith of South Carolina, Smoot, Sterling, Stone, Sutherland, Swanson, Thomas, Thompson, Thornton, Townsend, Trammell, Underwood, Vardaman, Wadsworth, Warren, Watson, Williams and Wolcott.

Wilson Ready to Act.

President Wilson is prepared to move at once to put arms aboard American merchantmen and allow American commerce to resume its way on the ocean, defying the German submarine campaign. With the way for legislation in readiness to grant him full and complete authority, it was stated that definite and decisive action was but a matter of hours.

Whether the president will move on his own authority under the constitution, as many of his advisers urge him to do, or will summon an early extraordinary session of congress to confirm his powers, was not announced. The president is confined to his room with a heavy cold, but he is able to work. There is a growing feeling, however, in administration circles that the president will seriously consider an immediate call for an extraordinary session. Washington revalled his statement made when he asked congress originally for authority to arm ships, that while he felt that he had the needed power, he preferred to have the indorsement of congress for the step he was about to take.

No Word of Yarrowdale Prisoners.

Advices to the state department as to the treatment of American citizens in Teutonic countries again aroused concern and apprehension. Despite the fact that the quarantine imposed on the seventy-two American Yarrowdale prisoners expired yesterday, the department received no advices indicating that they had been released, and American representatives at Madrid and Berne were asked to make inquiries.

Despite promises to release them, the Yarrowdale prisoners have been detained ever since the break in relations between the two countries. State department officials were confident that there will be no further delay in their release, but were anxious to receive definite advices.

Disquieting reports as to the condition of the thousand or more American refugees in Asia Minor in Turkish territory reached the department. These reports set forth that the Americans, largely missionaries, are suffering for food and that they have been exposed to serious privations in the prison camps where they have been detained. The department has ordered redoubled efforts to secure from Turkey safe conduct through the Mediterranean war zone for the cruiser Des Moines and the collier Caesar, held at Alexandria on their way to relieve these refugees.

No move has been decided upon in the Austrian situation. The cabinet will consider the latest Austrian note today, and it was stated that further negotiations will undoubtedly be prosecuted in the hope of averting a break with Austria.

Treason charges will be preferred by federal prosecutors against citizens of the United States who may be caught in the vast dragnet which the division of investigation of the department of justice is set to trap spy plotters and the apostles of destruction of the property of American concerns engaged in the manufacture of munitions for belligerent governments in Europe.

The department of justice is convinced that only by the most drastic and thorough prosecution of every offender and under charges the most serious that it is possible to lodge will the conspirators engaged in plots against the United States and other governments from bases within the United States cease their activities.

Under New Spy Bill.

It is felt that the time is ripe for an example to be made of the first American implicated in either an espionage or a destruction plot. A mass of evidence is already in the hands of the legal authorities of the federal government. Some of this evidence antedates the enactments of the spy bill, wherein the powers of the government were materially broadened and the punishment for infractions of the neutrality of the United States and for treasonable activities against the United States government. But on the other hand many of these under surveillance have continued their activities even in the face of the new and exceedingly drastic statute.

For this reason the government prosecutors are convinced that the way to end the espionage and plottings is to make an example of the first cases apprehended, and no effort will be spared to bring convictions and the heaviest penalties provided by the laws against conspiracy and espionage when conviction is attained.

The senate was confronted with a demand for an extra session just as soon as the cloture was adopted. Senator McLean of Connecticut, Republican, introduced a resolution requesting the president to call the congress to meet on March 20. A resolution declaring the sense of the senate that the president has full and complete authority to protect American commerce at sea was likewise introduced.

It was presented by Senator Lewis of Illinois, Democratic whip, and it would have the presidential power to protect foreign commerce on the same constitutional grounds which support his power to protect interstate commerce. No action was taken on either of these resolutions, but the authors of both of them said they proposed to press for their consideration.

SIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should be clear and fair after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—and there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste" a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

HOME RULE MEN ASK HELP HERE

Irish Nationalist Leaders Appeal to Race In U. S.

STILL FIGHTING LLOYD-GEORGE

Redmond and Other Chiefs of Party In Parliament Issue Manifesto Which Will Be Sent to President Wilson and British Colonial Premiers — Approve Britain's Course In War.

London, March 9.—Members of the Irish party, who moved to an issue in the house of commons the question of *home rule for Ireland*, have issued a manifesto asking the millions of the Irish race in the dominions, Irish-Americans and Americans generally, to aid them in the movement.

"To them we appeal," *says the manifesto*, "promptly to use all means in their power to induce the British government to deal with Ireland in accordance with the principles for which they are fighting in Europe. We especially appeal to America in this connection, with a view to the participation of Ireland of the great principles so clearly and splendidly enunciated in President Wilson's address to the senate."

It further was decided that the party, while retaining its attitude toward the war and remaining firmly convinced of the justice of the cause, felt bound to oppose the government by all the means in its power.

The resolution asserted that Britain is now doing all possible to aid the work of the Germans in Ireland.

Premier Lloyd George's attitude was characterized as a "breach of faith with the Irish party and the Irish nation."

The resolution, which was the result of a long deliberation of the Irish party members, pledged the members to remain in full strength in parliament.

The Nationalist members did not put in an appearance when the speaker took his chair in the house of commons.

Nationalists of the William O'Brien group and Laurence Ginnell, an independent Nationalist *for North Westmeath*, were the only occupants of the benches usually occupied by the Irish men.

Andrew Bonar Law, chancellor of the exchequer and member of the British war council, told the members in the house of commons that he saw no advantage in giving facilities for a resumption of the Irish debate.

BRITISH CAVALRY ALMOST AT BAGDAD

French Win Back Part of Trenches at Verdun.

London, March 9.—British cavalry have bivouacked fourteen miles from Bagdad. They had ridden through the ruins of Ctesiphon, scene of the crushing British retreat in 1915. They found the ruined town and its strong fortifications abandoned by the fleeing Turks.

This cavalry, part of the advance guard of General Maude's victorious army, slept on Tuesday night only six miles from Dialah, the high water-mark of General Townshend's ill fated *expedition against Bagdad. Dialah* is only eight miles from the outskirts of the city of the caliphs.

Now that Ctesiphon has been given up without a struggle there are great hopes here that Bagdad itself will be in British hands in a few days. It was felt that if the Turks made a stand anywhere it would be at Ctesiphon. That they did not is considered positive proof that they are too disorganized to fight.

Most of the trenches in Champagne that the crown prince took in the attack on Feb. 15 on which the kaiser congratulated him are again in the *hands of the French. Paris announces* that almost the entire salient has been recovered by a strong counter attack.

On their part of the front the British have crept forward a little more on the Ancre, probably toward Achiet-le-Petit. On the new British front, south of the Somme, raiding activity has been lively, the British taking the initiative at Biaches, opposite Peronne.

EGG HARBOR BOARD UPHELD.

Education Official Rules Teacher's Dismissal Was Legal.

Trenton, March 9.—Assistant State Commissioner of Education John Enright has rendered an opinion holding that Miss Edna Breder, a teacher at Egg Harbor City, had been legally *dismissed by the board of education* of that place following complaints reflecting on Miss Breder as a teacher and disciplinarian.

Miss Breder was engaged by the board May 15, 1915. The contract stipulated that either party could terminate the contract upon giving a month's notice.

On Jan. 18, 1916, the board notified the teacher that she did not accept her resignation she would be dismissed. The teacher maintained she had not been given a full month's notice. Assistant Commissioner Enright holds that under the school law, unless otherwise specified, a month shall be construed as twenty school days, and that, therefore, Miss Breder had a month's notice.

Potato Inquiry Begins In Maine.

Houlton, Me., March 9.—Federal inspectors began an inquiry here to determine the amount of seed potatoes remaining in Aroostook county and available for shipment. Dealers reported that they were offering $7 a barrel for potatoes to fill southern seed orders, but farmers refused to sell at that price.

CLINTON

PETER ALPAUGH'S FUNERAL TOMORROW

The funeral services for Peter A. Alpaugh, eighty-two years eleven months and eight days old, will be held at his home, south of town, tomorrow afternoon at 2 o'clock.

Rev. Thomas J. Clark, pastor of the Clinton Methodist Episcopal church, will conduct the service. Burial will be in Evergreen cemetery here.

Mr. Alpaugh died at his home Wednesday, death being due to blood poisoning. He had long been an invalid and quite seriously ill for several weeks. He was born and raised on the farm on which he died. The old homestead was several years ago replaced by a modern home, which he occupied with his son, Frank A. Alpaugh.

Another son, Lewis Alpaugh, who also lives on the same road, survives. Each has one daughter.

Mr. Alpaugh married Miss Jane Anderson, native of this vicinity, who died several years ago. Both were members of the local Methodist church. Mr. Alpaugh was a member of a large family, having five brothers and five sisters.

Two of each survive, Mrs. Rachel Keephart, of Hamden, and Mrs. Emma Livermoor, of Roseville, Illinois; Edward Alpaugh, of Plainfield, and George Alpaugh, of near here.

DUNELLEN

Demand for Houses

With the rental season in progress the real estate agents are overrun with would be tenants who are inquiring for houses renting at a medium price. "We can get all the houses we want at $36 and $35, but what the wage-earner wants is a residence that will rent for about $20 to $25," says a local real estate agent. "They are usually scarce."

ANNIVERSARY OF SEWING SOCIETY

The Ladies' Sewing Society of the Presbyterian church held its annual meeting in the parish house yesterday afternoon and it was attended by a large number of the members. The reports of the officers of the society showed that it was in a flourishing condition and that it had had an excellent year.

The report of the secretary showed that the society has an active membership of eighty and six honorary members. During the past year two members have died and five members have removed from town. Mrs. Benjamin Pierson who died a short time ago was the oldest member of the society. Mrs. Ann Miller is the oldest living member now, she being nearly 90 years old. Mrs. William Hart, who was president of the society thirty years, is still living and resides in Brooklyn.

The report of the treasurer, Mrs. Clarence B. Smith, showed that the society had been a successful one financially. That it had turned over to the trustees of the church $500 and had spent $150 in repairs to the manse and had spent various sums in different ways for the church, and still had a balance on hand of $92.76. The following officers were elected for the ensuing year: President, Mrs. George W. Cravens; vice president, Mrs. H. E. D. Jackson; secretary, Miss Ida Hutchinson; treasurer, Mrs. Clarence B. Smith; executive committee, Mrs. A. R. Rule, Mrs. S. W. Lambert, Mrs. Edward Bell.

After the business session Rev. Dr. W. I. Steans, the pastor, made a brief address in which he congratulated the members of the society and bespoke for them greater work in the future. Miss Ruth Reger sang several solos. A social hour followed, during which refreshments were served by a committee consisting of Mrs. Jackson, Mrs. Wilcox and Mrs. C. A. Beemer.

Pleasant Evening at Fireside Council

The members of Fireside Council, Royal Arcanum, who attended the meeting held last night in Arcanum hall, were well repaid, as Orator Spencer had provided an unusually fine entertainment which consisted of carpet bowling, shooting and bagatelle. Those who participated in the games were very enthusiastic and the prizes for the highest average were won by J. P. Loefler and E. D. Spencer. The first prize was a box of candy and the second a box of cigars. After the games the members enjoyed a fruit punch and crackers. There were thirty-five of the members present.

Mr. Dutcher spoke from the standpoint of a householder and citizen. President Bakke presided. After the address a social hour was enjoyed and refreshments served.

The Catholic Men's Club held its regular monthly meeting in the gymnasium of the parish house building of Holy Trinity church last night and it was attended by about fifty of the members. Routine business occupied the major part of the meeting and after adjournment the members enjoyed bowling and playing pool.

Karl Davis Robinson, son of Rev. and Mrs. Albert B. Robinson, former residents of this town and a nephew of Mrs. R. S. Green, of Elm street, has just returned from the European war zone, where he passed several months as the official representative of the National Allied Relief Committee.

Forty residents of the town were summoned before Recorder Springstead last night in the town hall for having violated the ordinance requiring that the snow be cleaned from the sidewalks from in front of their properties and received suspended sentences.

Next Wednesday night the membership of the First Methodist church will hold a meeting in the church at nine o'clock for the purpose of electing three trustees to succeed H. L. Abrams, W. A. Bishop and J. Herbert Perstall.

Mr. and Mrs. John E. Niland entertained a number of friends at a dinner party at their home on Elmer street last night in honor of Mr. Niland's birthday.

Mr. and Mrs. Lloyd E. Meyer, of South Wallnut street, have returned from a visit to Baltimore and Washington.

MEN'S CLUB SESSION, MAR. 12

The regular business and social meeting of the Men's Club of the Congregational Church, will be held on Tuesday evening next, March 13, at eight o'clock.

A program of fun has been arranged by the Executive Committee following important matters of business and the appointment of a nominating committee.

$100,000 PREPARATION AGAINST SPRING FLOODS

By United Press:

St. Paul, Minn., March 9.—Anticipating that when the little lakes of snow begin to melt this month that much of their property will be washed away, the Northern Pacific has spent $100,000 preparing to keep their tracks securely spiked down.

P. A. AND N. J. R. R. INDICTMENT

Morristown, March 9.—It has just become known that the January grand jury brought in an indictment against the Pennsylvania & New Jersey Railroad for maintaining a nuisance in Chester Township at a highway crossing. The company has not been arraigned in court as yet, owing to the absence in California of Frank H. Allen, the owner.

It is alleged in this instance that the company raised its tracks about five feet above the level of the highway without warrant, and has not provided *safe approaches for vehicles to pass* over the railroad.

WOULD END COMMISSION RULE

Passaic, March 9.—An effort is being made by the members of the Citizens' Independent Club to secure enough names to a petition for the present commission form of government to be recalled and the old councilmanic form re-established. The *petition has been in circulation* two days and contains about 200 signatures. Between 1,200 and 1,500 signatures will have to be obtained. Charles M. Rose, who was defeated at the commission election, is one of the leaders of the movement.

APOLLO CLUB TO HAVE CARNIVAL AND DANCE

On Wednesday evening, March 14, the Apollo Social Club will hold a carnival and dance in Debele's auditorium. Professor Marks, well known in the cabarets of Schenectady and New York, will appear and lead the orchestra for the dancers. The one-step and twilight, as well as shadow dances, will be features of the evening, for which gold prizes will be awarded. The committee has spared no expense to make this, the initial appearance, something long to be remembered.

The following are the officers of the club: President, E. Marks; secretary, A. D. Higgins; treasurer, P. *Pope.*

Need Attention in March or Face May Stay Covered

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Adv.

TOMORROW WILL BE ORANGE DAY

Tomorrow has been designated as California Orange Day, and will be observed wherever oranges are known.

California oranges will be at the height of their season during March, and will be in more abundant supply than ever before. The orange business has grown into tremendous proportions. There will be in excess of 40,000 carloads of oranges shipped from California this year. Most of this great yield is consumed in the United States.

TELLS WEATHER BY SQUIRREL BAROMETER

By United Press:

Columbus, O., March 9.—Governor Cox's secretary, Charles E. Morris, foretells the weather every day by his *squirrel barometer*, and he isn't nutty either. He says if he sees the bushy tails carrying provisions up to their houses when he goes to work in the morning he looks out for a storm next day, but if it's to be fair weather the *squirrels stay down on the ground.*

LOCAL OPTION LEADERS ANGRY

Say House Clerk Jefferys Is Hiding Kates Bill.

TWICE APPEAL TO SPEAKER.

Measure That Passed Senate Permits "Wet" or "Dry" Elections in Cities on Petition of 15 Per Cent of Voters. Charge Made That Clerk Is Deliberately Holding Back Bill in Interest of Saloons.

Trenton, March 9.—Local optionists are up in arms over what they consider a deliberate attempt to keep from the assembly the bill of Assemblyman Kates of Camden, which would allow cities by a 15 per cent petition of the voters to initiate a "wet" or "dry" election.

James K. Shields, state superintendent of the New Jersey Anti-Saloon league, accuses Upton S. Jefferys of Camden, clerk of the house, of holding back the bill, which has passed the senate and which Mr. Shields asserts was delivered to Clerk Jefferys and the latter's receipt given.

Mr. Shields says the measure, which passed the senate by a vote of 12 to 6, is going to receive the largest vote in the house ever given to a home rule bill, if it can be pried from the clutch of the clerk. The superintendent denounces those in charge of the machinery of the house for their alleged "backstair methods" in keeping the bill from the assembly.

He says the matter was twice called to the attention of Speaker Schoen. *The first time the speaker referred his* questioners to the clerk, and the second time he declined to discuss the matter, according to Mr. Shields.

The clerk was then interviewed, says Mr. Shields, and he said he would present the bill to the house, but this has not been done, despite the fact that Assemblyman Edgar of Middlesex county and the Rev. Henry J. Iobst, the minister assemblyman from Hunterdon county, united in a demand on the floor of the house for the production of the *bill. To this demand the clerk replied* that there was no record of the bill in the house.

Mr. Shields and the local optionists will put forth every effort before next Monday night, when the house meets again, to have the bill placed in the files.

UNCLE SAM HUNTS JOBS FOR MILITIAMEN

By United Press:

Washington, March 9.—Uncle Sam's nation-wide Employment Service, ever since the troops began to filter back from the border, has scoured the land, *job-hunting for the militiamen* who quit their places to go South.

Militia organizations and their friends have assisted, the press has done its bit, and the response from the employing public, employment officials declare, has been unprecedented.

Employment offices at Denver, Baltimore, Helena, Kansas City, Minneapolis, Boston, New Orleans and Chicago, reported success in the job-hunting campaign. Large employers of labor as well as the private business man, are reported enthusiastically co-operating in the work of providing for the jobless warriors.

As fast as the positions come into the employment offices, the militia organizations in the various districts are notified, and the jobs listed with the commanding officers.

Even the woman section of the Employment Service is lending aid in the campaign.

"There will be more jobs than there will be men to fill them," Commissioner Caminetti of the Immigration Bureau, in charge of the work stated today.

DON'T HESITATE TO RUN FOR A STREET CAR

By United Press:

Los Angeles, Cal., March 9.—"Run for a street car. It's dignified and healthful." That's the advice of Louis M. Head, who has much health and considerable dignity. "There's nothing better for you," says he, "than to let out and spring a bit early in the morning even if you know you can't catch the car. The man who's too proud to run because he's more than 21 may find he can't run when it comes to a showdown."

DON'T SUFFER WITH NEURALGIA
Musterole Gives Delicious Comfort
When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.
Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.
Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

PRINCETON MEN RAISE $10,000 FOR WAR WORK

Princeton, March 9.—In order to send twenty graduates and undergraduates to England this summer to work in the concentration camps of the British army the students of Princeton University in less than a week's time have raised $10,000 among themselves, and by the end of the week hope to have $16,000 to defray the expenses of the Princeton men.

As a result of the request by Sherwood Eddy and John Mott last week for twenty Princeton students to go over to England this summer and remain a year, close to seventy-five Princetonians have volunteered to make the trip. Included in this are *professors, graduates and undergraduates.*

Many of the students of the university are giving their year's spending money towards the fund to pay the expenses of the workers. One of the students who is working his way through the university and who had no money to offer, sold part of his furniture to increase the fund. To increase their offer other students have given money which was originally intended for their spring

AMERIGO VESPUCCI'S BIRTHDAY ANNIVERSARY

Today is the birthday anniversary of Amerigo Vespucci, Florentine navigator, a contemporary, friend and collaborator of Columbus. He was born in Florence, Italy, March 9, 1451, and died in 1512.

When King Ferdinand and Queen Isabella of Spain fitted out Columbus for what proved to be his voyage of discovery of America, it set other navigators going, and Vespucci, who had worked with Columbus in getting ready for the expedition, *decided to try some discovery himself.* Columbus discovered Guanahani, or Cat Island, or San Salvador, one of the Bahamas, now called Watling Island, October 12, 1492. Five years later Vespucci sailed across the Atlantic and is supposed to have discovered the mainland of the Western Continent somewhere near Cape Hatteras, North Carolina. America was named for him, although many contend that it should have been named for Columbus.

SENATE WON'T OUST STONE.

Missourian Still to Head Foreign Relations Committee.

Washington, March 9.—Senator Stone of Missouri, one of the "willful twelve," will not be deposed as head of the foreign relations committee of the senate. This was made plain by statements made by Senator Simmons, head of the Democratic conference committee, and by *other members of the Democratic* committee on committees.

"I know of no movement whatever to depose Senator Stone," said Senator Martin. "The story that his colleagues intended to take such action is made out of whole cloth."

Several members of the committee on committees said positively that they would have no hand in ousting Senator Stone and asserted that he would continue in his present post.

Senator Stone said he had no intention *whatever of resigning.*

COLOMBIA BILL SENT BACK.

Move to Consider Treaty in Senate Executive Session Fails.

Washington, March 9.—Another long fight on the treaty with Colombia under which the United States would pay that republic $15,000,000 was indicated in the new senate's first executive session when Chairman Stone of the foreign relations committee called the *treaty up for consideration.*

Several Republican senators objected to immediate consideration because of the absence from the chamber of leading opponents of the treaty, and after a short discussion it was sent back to the committee "to get a fresh start." The new cloture rule, which the senate adopted just before the executive session was called, probably could not be invoked to aid ratification because it requires two-thirds of the senate to invoke the rule.

FINDS HUSBAND A SUICIDE

Long Branch, March 9.—While his wife was ironing across the way *at the Norwood Avenue* Hotel, Alexander N. Gaskill, fifty-five years old, committed suicide Wednesday by cutting his throat with a razor. He had been to the hotel and left, complaining of a pain in his side.

SEEK PUBLIC OPINION ON ELECTION LAW

As part of a study of the State primary election law and its operation, now under way by the New Jersey State Chamber of Commerce research bureau, Secretary H. R. Heydon, in charge of the work in this section of the State, is sounding public opinion on the law and gathering statistics through a questionaire circular letter addressed to voters throughout the city.

The entire report, which will cover the law, its history and an analysis of its workings, will probably be completed within two months, although the date of publication has not yet been set. The report will be issued in book form, similar to the bureau's full-crew law and State police reports.

The questionaire now in circulation comprises these queries:

"Did you register for the election last fall? If not, please state your reason. Did you vote at the primary election last fall? If not, please state your reason. At the general election did you vote a 'straight' or 'split' ticket? Which do you think better for making nominations, direct primary or convention system? Why?"

LIVELY ARTILLERY ACTIONS

Special to Courier-News:

Paris, March 9.—A report issued by the war office today says that between the Oise and the Aisne lively artillery actions continued during the night, *northeast of Embermenil* in Lorraine.

The French raided German trenches and brought back prisoners.

SPRINGER-WARD ENGAGEMENT

Rahway, March 9.—Announcement is made of the engagement of Miss Jennie Mae Ward, daughter of Mr. and Mrs. R. Ward, of 397 Rector street, Perth Amboy, to Harry Wilton Springer, son of Mr. and Mrs. Walter I. Springer, of 37 East Milton avenue, this city.

A. & P. TEA COMPANY REPORT BIG BUSINESS

New York, March 9.—Gross sales by the Great Atlantic and Pacific Tea Company for the twelve months ended February 24 last year aggregated $74,6[illegible],873 as compared with $44,185,283 for the corresponding period preceding, an increase of $30,477,590, or 69 per cent.

The company is operating over 3,000 stores and has recently inaugurated a bonus system for its managers. On March 1 every one employed in that capacity received a quarterly bonus amounting to 6 per cent. of his salary.

LOOPING THE LOOP

Pensacola, Fla., March 9.—By looping-the-loop in a sea plane, Captain Francis T. Evans of the United States Marine Corps astonished officers of the aeronautical station here, who had considered the feat impossible. Captain Evans is the first American aviator to attempt it.

Although looping-the-loop in an ordinary aeroplane has outworn its novelty as a popular stunt, the heavy pontoons attached to the air and water flier hitherto have been a bar to similar attempts with this type of machine.

Captain Evans found it necessary to drive through the air at great speed before he could gain the inverse position. He then looped-the-loop twice before his descent. The machine was a Curtiss tractor.

WEATHER HINDERS BATTLE

Special to the Courier-News:

Berlin (by wireless) March 9.—Hazy weather and snowstorms have interfered with operations on the western front, the War Office announced today.

German reconnoitering advances between the Somme and Volhynia on the Eastern front, a Russian railroad train was bombarded and blown from the tracks, out no important fighting occured.

Only outpost skirmishes were reported on the Macedonian front.

C. R. B.

I will give the Commission for Relief of Belgium $.....per month to provide supplementary meals for Belgian children.

Address.....

Commission for Relief in Belgium

What Will You Give To Feed the Starving Belgian Children?

3 Cents sent to the C. R. B. will give 1 Child 1 Meal.

$1 will give 1 Child 1 Meal a day for 1 month.

$12 will give 1 Child 1 meal a day for 1 year.

The meal consists of 1 Biscuit 4 inches square, made with flour, lard and sweetening, and 1 cup of Cocoa.

Franklin, Pa., with 10,000 people, has pledged one meal to 5,000 of these children for 1 year.

Evanston, Ill., with 40,000, has pledged one meal to 40,000 of these children for 1 year.

Oyster Bay, L. I., has taken 2,400 children.

The State of Pennsylvania has taken over the entire province of Antwerp, including the city of Antwerp.

Committees are trying to get each city, town and village in America to assume the giving of 1 meal a day to all the children in some one Belgian town. When the committee has received our pledges, Plainfield will be assigned its town. Every cent contributed goes for food. All other expenses are provided otherwise.

The German Government still recognizes the C. R. B. as the only channel for the relief of Belgians within the lines, and since Feb. 1, 1917, has again agreed to let the work go on. Send the above coupon to one of the undersigned.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

In connection with this department Miss Lee will gladly answer any inquiry relative to domestic science, a stamped envelope being necessary for a personal reply. Address care of Courier-News.

Dealing with recipes particularly recommended as helps for the hostess, a variety of frozen dainties, cakes, etc., will be given this evening.

All recipes are intended to serve twenty-five persons.

Ambrosia

Make a custard of one quart of scalded milk, four eggs, half a cupful of cornstarch (mixed with a little cold milk), two cupfuls of sugar and half a teaspoonful of salt. When the mixture is quite thick (cook the cornstarch with the milk, for five minutes, before adding the eggs), remove from the fire, cool, add two tablespoonfuls each of rum and sherry and three pints of stiffly whipped cream. Then freeze. When partly frozen, add two cupfuls of chopped, preserved pineapple, one cupful of chopped, preserved peaches and one cupful of marrons (cut in small pieces). Continue freezing until firm and smooth. Serve in stemmed sherbet cups.

Claret Frappe

Make a syrup by boiling one quart of water with two cupfuls of sugar for fifteen minutes. Add half a cupful of strained lemon juice and two cupfuls of claret. Cool, strain and freeze to a mush. Serve from a punch bowl. This is excellent for dancing parties, as it is cooling and refreshing.

Prize Parfait

Beat ten eggs until very thick. Then add gradually three cupfuls of hot maple syrup and cook, stirring constantly, until thick (do not boil). Cool, add three pints of chilled double cream, beaten solid, and two cupfuls of finely chopped pecan meats. Turn into melon molds, with watertight covers, and bury in ice and rock salt for three hours. Serve in slender, high glasses, ornamented with a rosette of sweetened, whipped cream (pressed through a pastry tube) and topped with a crystallized cherry.

Coffee Ice Cream

To one quart of milk, add three-quarters of a cupful of ground coffee and scald. Beat the yolks of four eggs lightly and add one and two-third cupfuls of sugar. Combine the two mixtures and cook over hot water until the coffee custard coats the back of the spoon. Cool, strain, add one quart of whipped cream and freeze slowly until firm and smooth.

Petits Fours

These may be used as the basis for any number of delicious cakes. Cream together two-thirds of a cupful of butter and one and a half cupfuls of sugar. Add the beaten yolks of three eggs, one teaspoonful each of almond and rose extract, three-quarters of a cupful of milk, one-quarter of a teaspoonful of salt and three cupfuls of flour sifted with three teaspoonfuls of baking powder. Beat the batter vigorously and fold in the stiffly whipped whites of five eggs. Turn in buttered, shallow pans, in a large sheet. When cold, cut into small diamonds, squares, rounds, or any preferred shape, and dip in melted fondant of any preferred flavor and tint. Ornament with grated cocoanut, halved nut meats, candied cherries, chystallized fruits, etc. Three or four colored fondants, with different flavorings and garnishings, may be used, thus giving assorted cakes that are so popular for all varieties of entertainments.

Creole Cakes

Cream two-thirds of a cupful of butter. Then gradually add two cupfuls of sugar and four eggs well-beaten. Mix well and add one cupful of milk, three cupfuls of flour, mixed and sifted with four and a half teaspoonfuls of baking powder, half a teaspoonful of salt and one cupful of chopped nut meats. Bake in small greased tins. Dip each in creole frosting and set aside for the frosting to harden.

Creole Frosting

Boil two cupfuls of brown sugar, two-thirds of a cupful of hot water and one-quarter of a teaspoonful of cream of tartar (without stirring) until the syrup threads from the tip of the spoon. Pour slowly onto the stiffly whipped whites of two eggs and continue beating until thick and creamy. Just before using, flavor with a few drops of maple extract.

Brandy Snaps

Cream one cupful of butter with one cupful of brown sugar. Add one cupful of dark molasses, one-third cupful of brandy and two cupfuls of sifted pastry flour. Beat until very smooth. Drop by spoonfuls on buttered tins and bake in a hot oven until crisp and brown. Remove from the oven and put in a warm place to dry.

Simplicity Relishes

Boil one cupful of sugar with one-third of a cupful of water, without stirring, until it spins a thread. Pour slowly on the stiffly whipped whites of two eggs. Beat until thick and creamy, add one-third of a cupful of blanched and chopped almonds, a few drops of almond extract and spread on saltines or other wafers. Bake to a delicate brown.

THE PRINCESS' EARRINGS—Part II

When the weeping girl came to the place where the peasant was hiding he stepped out and said to her: "Why didn't you marry the fish? He might keep his promise and make you rich."

The girl stopped crying and looked at the peasant with frightened eyes, but he told her not to be afraid, he would keep her secret if she would tell him why she gave the earrings to the fish.

"Oh! how I wish I had never stolen them," said the girl, beginning to cry again. "I have had nothing but trouble since I took them from the ears of the Princess, and I thought I should find out how to become rich if I had them.

"When I put them in my ears the air seemed to be filled with strange sounds and they were so heavy I could not hold up my head.

"Look where I would for work, the people would not have me, and I heard everyone saying 'She is a thief, she is a thief,' until I had to take off the earrings and carry them on my back.

"Even then they seemed so heavy I could not stand straight, and one day when I came by this river I sat down to rest and laid the earrings on the bank beside me.

"They looked so small, I thought I would put them in my ears again, and as I did so the big fish jumped up from the river and said: 'If you wish to find the magic spell of the earrings, drop them into the river.'

"I did not stop to think I might never get them again and I dropped them in, and the fish said: 'I will return your earrings when you promise to marry me.'

"For three days now I have come here thinking the fish would give me the earrings, but he will not give them to me unless I promise to marry him, and that I will not do. Oh! how I wish I had never taken the earrings from the Princess!"

"If you feel that way about it," said the peasant, really sorry for the girl, "I think I can help you, for I am looking for the earrings for the Princess."

"But what can you do?" asked the girl. "The only way to get them is for me to marry that horrid fish, and that I will not do, no matter what happens to me."

"You need not marry the fish; let the Princess do that if she wants the earrings," said the peasant.

"Come back here tomorrow and hide behind this tree where I was hiding, and hear and see what happens."

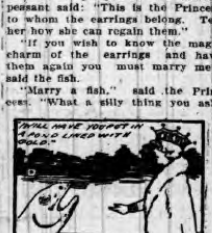
Then the peasant went to the Princess and told her he had found her earrings, but there was only one way of getting them, and that she might not be willing to grant the request of the one that had the earrings.

But the Princess was so anxious to get them that she said she would go with the peasant and hear what that strange request was.

When they came to the bank of the river up jumped the fish and the peasant said: "This is the Princess to whom the earrings belong. Tell her how she can regain them."

"If you wish to know the magic charm of the earrings and have them again you must marry me," said the fish.

"Marry a fish," said the Princess. "What a silly thing you ask.



Come, give me the earrings and I will have you put in a pond lined with gold and you shall be fed on the choicest bit you can wish for."

"That will not bring out the magic spell," said the fish. "The only way to get your earrings is to marry me."

"Give me the earrings. I will marry you," said the Princess.

Then she told the peasant to bring the fish to the palace, but the fish said: "You must marry me here right on the bank before you can have the earrings."

So the Princess said she would, and the peasant ran off to find a parson to marry them.

While he was gone the sky grew black and the thunder roared until nothing could be seen only as the lightning made it light.

The Princess was frightened and began to weep, but she felt some one near her and heard a voice say: "Do not be afraid, my dear Princess; it will soon be bright again and you will know the magic spell."

When the thunder ceased the Princess saw beside her a handsome youth, who bowed low before her and said: "I am your promised husband, and as soon as we are married you shall see your wedding gift."

When the peasant returned with the parson he was very much surprised to see the handsome youth beside her, and he looked about for the fish, but the youth told him it was all right and that the fish had disappeared and would not bother the Princess again.

As soon as the parson made them man and wife the youth took from his pocket the lost earrings and presented them to the Princess, saying: "Here are your earrings, and may your ears hear only that which will make you happy the rest of your life, my Princess."

The Princess fastened them in her ears and then the peasant said: "I have a request to make, your highness. I found the earrings and you promised to marry me, and as that cannot be, I ask that you forgive the maid who took your earrings and give her to me for my wife."

The Princess said she would gladly grant the request, and also gave them gold enough to buy a home. So the peasant brought the maid from behind the tree and they were married.

Then the peasant asked what had become of the big fish who had brought about the strange weddings, and the youth told him he had been changed into a fish by a wicked old witch, who had said he could only regain his own form by marrying a Princess, whose earrings should be dropped into the river where he lived.

So, of course, he thought the maid was the Princess and that he had lost his chance of escape when she refused to marry him.

The old witch, who had given the earrings to the Princess, was the good witch who was trying to release him from the power of the wicked witch, who had turned the Prince into a fish, and though it took a long time to bring it about, the good witch won out, as good always does in the end.

GENERAL SHORTAGE OF CROPS REPORTED

New York, March 9.—The Argentine wheat crop, now harvested, is so nearly a failure that there will be little for export, and the corn crop will be not much better. The Australian wheat crop, which, like that of Argentina, is harvested in the months of our winter, is estimated at 139,392,000 bushels, against 187,120,000 last year, but fortunately there is a carry-over estimated at 80,000,000 bushels. A semi-official report puts the condition of French winter wheat at 65 per cent., against 79 last year and states that owing to lack of fertilizer and want of proper preparation of the soil, the yield will be below normal. The crop of Holland is unpromising, and of England backward. In the United States there has been a shortage of moisture in the principal winter wheat States.

"SAVE THE BABIES"

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt, of Columbia, and Dr. Henry L. K. Shaw, of Union University.

Supper for a child two to three years old should be served at 6:30 p. m. it should consist of a well cooked cereal, or bread and milk, or bread and butter and cocoa, and stewed fruit or apple sauce. Give the child a cup of warmed milk. Do not give the child anything to eat between meals. Be sure he has several drinks of water during the day.

At first use plain water to dilute baby's milk. At 3 months a weak barley water may be used; put half a level tablespoonful of barley flour in 16 ounces of water and cook for 20 minutes. At six months make it 1½ tablespoonful of flour cooked in 12 ounces of water. At 8 months make it 3 spoonfuls in 8 ounces of water. A very large baby may require a little more milk than allowed here. A small or delicate baby will require less.

A HUNDRED MILLION LADY BUGS IN CALIFORNIA

By United Press:

Lady bug, Lady bug,
Fly away home;
Your house is on fire
And your children will burn.

Sacramento, Cal., March 9.—If somebody stood up and yelled that quatrain down the Imperial valley today the melon growers would be in an awful fix because they have a hundred million lady bugs working for them killing off undesirable insects.

Agents of the State bug house spent weeks up in the mountains this year gathering the little red ladies with the speckled backs, who are considered particularly effective against the gentlemen bugs who attack the growing cantaloupe.

The California lady bug is getting quite a world-wide reputation. Some several millions of her have been shipped to Italy and Australia for experimental purposes.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, you appear twenty years older. Don't stay gray! *Look young!* Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease. —Adv.

MISS VIOLET ERSKINE TO WED IN WASHINGTON

By United Press:

Washington, March 9.—The world and up and took notice when Miss Violet Erskine of London was appointed secretary to the British Embassy here. It was the first official appearance of a woman in the diplomatic circles of the world. Early next month, it is learned today, she will desert diplomacy for matrimony.

Miss Erskine will wed Horace Seymour, third secretary of the British Embassy in Washington, some day soon after Easter Sunday, April 8. Miss Erskine is the daughter of the late Thomas Erskine, who was British Consul General in New Orleans. She is a handsome young woman, blonde, graceful and charming, and a great favorite with Sir Cecil and Lady Spring-Rice. She won her appointment through her exceptional knowledge of customs and American institutions.

The wedding, it is presumed, will take place at the embassy. The original plan was for a wedding trip to England, but whether that will be taken is not known at this time.

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just toss everything to pieces and I would sober all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my work-ful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROBT. STOPIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

REPUBLICANS MAKE GOOD THEIR PLEDGE

Special to Courier-News:

Trenton, N. J., March 9.—Convincing proof was furnished during this week's session of the Legislature that the Republicans intended to redeem another of the platform pledges and at the same time make good the statements of Speaker Schoen of the House and President Gaunt of the Senate to the effect that the 1917 Legislature would consider and pass fewer bills than any Legislature of recent years.

The end of the present session is in sight. All present indications point to an adjournment the last week in March, and only 800 bills have been introduced in both houses. Many of these bills are doomed to perish in committee and comparatively few will find a place on the statute books of the State. The Republican platform promised fewer bills and there is no doubt as to the promise being fulfilled.

400 U. S. MARINES LAND AT SANTIAGO

Act on Appeal of Civil Governor of City.

Santiago, Cuba, March 9.—Four hundred men from American warships have landed at the request of Garcia Munoz, the civil governor, and taken charge of Santiago.

The canefields and the Union sugar mill at San Luis, ten miles north of Santiago, are burning. The people of *San Luis are greatly alarmed and have* built barricades in the streets, expecting an attack from the rebels. The Americans were landed from the mine layer San Francisco, the cruiser Olympia, the gunboat Petrel and the gunboat Machias.

The people of Santiago have regained confidence since the landing of the Americans. There has been no fighting here as a result of the arrival of the American guards.

Heavy fighting is reported in the vicinity of Palma Soriano. Many civilians are leaving the city to join the Constitutionalist army.

Colonel Betancourt, of the Menocal forces is preparing to attack Santiago. It is reported that the Palma mill has been destroyed.

Government forces commanded by Colonel Varona have landed at Antilla, on the northern coast of Oriente province, directly across the island from Santiago.

Lieutenant John C. Cunningham of the United States mine layer San Francisco, who carried to the Menocal forces at Contramaestre the proclamation issued by Commander Belknap of the United States naval forces, has returned after having interviewed Colonel Matias Betancourt, commanding the Menocal troops. Colonel Betancourt refused to consider the proclamation, saying that he accepted orders only from President Menocal.

RICHARDS UNDER ATTACK.

Mays Landing Recorder Condemns Opposition to Proving Ground.

Mays Landing, March 9.—Threats of small freeholder board proceedings which would cut the county districts out of representation are the latest weapon in the attempt to "line up" the outlying districts in the fight by Atlantic City property holders against the Bethlehem Steel company's project to locate a big proving ground here.

Feeling here is running high, and a large number of county political workers have denounced Senator Richards in his attempt to bar the Bethlehems by special legislation.

In a letter to Senator Richards Recorder James A. Lambert of this place charges him with unfairness to his county constituents. More than a hundred workmen of the county seat and vicinity have been thrown out of work by the holdup occasioned through the opposition of the Atlantic City interests.

SHIP SINKERS ON TRIAL.

Officers of Interned German Ship Arraigned at Florence, S. C.

Florence, S. C., March 9.—Eight officers of the German steamer Liebenfels were arraigned in the United States court here charged with sinking their vessel in the channel of Cooper river, Charleston, Feb. 1 for the purpose of obstructing navigation up to and past the Charleston navy yard. The defendants entered a plea of not guilty.

Intense interest is manifested in the trial, it being alleged by the defense the government in its indictment endeavored to create hostile feeling against the defendants.

FREIGHT HANDLERS OUT.

Strike on New York Co...ral May Cause Trouble.

New York, March 9.—Five hundred freight handlers employed in the New York Central's yards at Thirtieth street and Eleventh avenue are on strike. A general walkout is threatened today. The workers assert they would completely tie up the freight system of the road, already congested and overburdened to the last ditch.

FARMERS ORDER NEW MILK ADVANCE

Demand Increase of Mill For Each Quart.

New York, March 9.—Milk is going still higher. The Dairymen's league announced the schedule of prices which its members will charge dealers for six months, beginning April 1. It shows an average increase to the cost of milk of 1 1-5 cents a quart over the corresponding six months of last year and of 5 cents a hundred pounds over the half year ending with the present month. An increase of 5 cents a hundred pounds is, roughly, an increase of one-tenth of a cent a quart.

The announcement fixes prices for the two districts, the first, including territory within 100 miles of the city, and the second, which lies beyond that boundary. Prices in the following schedule are for grade B milk in 100 pound quantities from the first district: April, $2.30; May, $2.35; June, $1.95; July, $2.20; August, $2.25, and September, $2.55. Average, $2.23.

Prices for the second district are uniformly 10 cents a hundred pounds less.

Grade A milk costs 15 cents a hundred pounds more.

The schedule is only the second which has been fixed in this state for co-operative sales. The big city dealers resisted when the first schedule was announced six months ago, and for several days the community appeared to be threatened with a milk famine. The prices to dealers which were then established and are still in force were as follows for the first district, with the same ten cent differential for the second: October, $2.15, $2.05; November, $2.25, $2.15; December, $2.25, $2.15; January, $2.20, $2.10; February, $2.15, $2.05, and March, $2.10, $2. Average, $2.15, $2.05.

To the new price 3¼ cents per hundred pounds for each one-tenth point of butter fat above the grade B standard of 3 per cent are to be added. Almost 200 distributors in the metropolitan district alone will be affected.

COUNT ZEPPELIN DEAD.

Inventor of War Dirigible Victim of Pneumonia.

London, March 9.—Count Ferdinand von Zeppelin, inventor of the giant German airships which have made London a city of darkened streets and silent nights, died at Charlottenburg, near Berlin, of pneumonia, according to a Berlin dispatch transmitted by the Amsterdam correspondent of Reuter's Telegram company. The report is confirmed by another dispatch sent from Geneva through Paris.

The failure of his airships to terrorize England and bring the war to a speedy end and their apparent abandonment by the German general staff in the consideration of military measures is believed to have been a contributing factor to his death.

CUBA TO TRY GOMEZ.

Ex-President Now Faces Death For Leading Rebellion.

Havana, March 9.—The prosecution of General Jose Miguel Gomez, leader of the revolt, and his chief followers has been started in the federal court. Stock market prices have jumped again, and confidence in the government is evident in all business activities. President Menocal issued a patriotic proclamation to the people.

Gomez and his chiefs were tagged and dejected when they were transferred from the military train to the penitentiary. They had been out of tobacco, and each was given a supply of cigarettes before being locked in his cell.

$10,000 For Two-year-old Bull.

Phillipsburg, March 9.—E. C. Brill of Stewartsville, near here, has sold his two-year-old Holstein bull, King Model, son of Mabel Segis Korndyke, to Stevens Bros. of Syracuse, N. Y., for a sum said to be close to $10,000. The young bull is said to have been sought by a number of prominent breeders throughout the country.

Mother Killed, Baby Unhurt.

Elyria, O., March 9.—Three persons were instantly killed and a fourth seriously injured when the automobile in which they were riding was struck by a Big four train at a railroad crossing a few miles southeast of here. An infant child escaped without a scratch.

The Economy Centres of Newark and Elizabeth are to be Found at the GOERKE STORES

For weeks the new Spring merchandise has been flowing into these two big stores; much of it purchased months ago before the present rise in prices (we are able to buy particularly large quantities because of our two-store outlet); and as soon as it arrived it was marked and hurried to the various departments; and the first group of shoppers that saw the very low prices told their friends, and now with the Spring season hardly opened we are enjoying an abundance of business; a business far in excess of that of last year.

If you want your dollars to do their duty to the last cent, then bring them here and spend them; for these two stores are truly centres of economy in these days of high prices.

Miss Mabelle Phillips Urges Institution for Aged and Infirm

SHOWS ADVANTAGES

Spoke at Annual Meeting of Union County Committee of State Charities Aid Society

The annual meeting of the Union County Committee of the State Charities Aid Society of New Jersey was held at the residence of Mrs. Tiffany, on Thursday.

The following officers were elected: Chairman, Mrs. Allan Cowperthwait; secretary, C. Ames Brooks; assistant secretary, Henry W. Brower; treasurer, Rev. Dr. Edward G. Read

Reports of institutions were given, among which, the one exciting most interest and of most importance was that of Miss Mabelle C. Phillips, dealing with the subject of the County versus the municipal and township almshouse.

Miss Phillips said in part:

"Union county has its county institution for the tuberculous; we hope soon to have a county farm for the employment of prisoners. Why should we not have as the third county asset a farm and home for the aged and infirm of Union county? No one would advocate a city tuberculosis sanatorium for the small cities in this county, nor city farms for the employment of the prisoners in local jails. Is it not just as provincial, short-sighted and uneconomical to maintain three small almshouses in the county or to board the aged and infirm of small villages with private persons?

"Now, who are the aged and infirm, and what are the requirements of the poor old people of whom, we should judge, there are no more than 100 in this county of 167,000 people?

"Since the English Act of 1535 there

SOME DISPARITY IN AGES OF THESE TWO

In the comment that has been made about the appointment of Isaiah L. McVoy, as plumbing inspector for the Board of Health, to succeed William Addis, who is retired on a pension, after twenty years service in that capacity, argument is made that the two are of the same age, and the Board is criticized by some for replacing one man of advanced years by another of advanced years.

The fact is, however, that there is quite a difference in age between the two. Mr. Addis is seventy-four years old and Mr. McVoy sixty-nine. The latter, therefore, has several years service before reaching the age of his predecessor.

Both are veterans of the Civil War, and veterans serving twenty years in one municipal office are entitled to a pension. Mr. Addis has served the twenty years, and is retired on pension. Mr. McVoy would not be entitled to a pension because he would not be able to serve twenty years in that office.

FIRST BAPTISTS TO HAVE EVERY-MEMBER CANVASS

The service tomorrow morning at the First Baptist church promises to be one of great interest and importance. It will be the only service of the day since this church at this time takes its annual every-member canvass, and the members of the church and congregation are requested to remain in their respective homes during the afternoon and evening until the canvassing committee has visited them. At the close of the morning service the church will send its duly appointed representatives out for their afternoon and evening work with a special Medicatory prayer by the pastor, the canvass being taken no less for spiritual than for financial benefit.

As tomorrow is the regular date for the pastor's sermonette he will deliver one of peculiar interest to boys entitled "The Top That Would Not Spin." He is confident that the boys will greatly enjoy this little discourse.

BIRTHDAY PARTY FOR CLARENCE SWALM

A birthday party was given yesterday by Mr. and Mrs. W. Swalm, of East Fifth street, in honor of their son Clarence's ninth anniversary. A number of the boy's friends were pleasantly entertained with games and other amusements. Refreshments were served toward the close of the party.

RECEPTION AND TEA FOR FAMOUS ARTISTS

Mr. and Mrs. John Johansen Guests at The Rookery This Afternoon

Miss Edith Van Boskerck and Mrs. Laura Lee Rogers are giving a tea and reception this afternoon at The Rookery, on Sycamore street, opposite Grace Episcopal church, for Mr. and Mrs. John Johansen, the famous portrait artists, an exhibition of whose work is to be shown at the Rookery for the next two weeks, beginning Monday. Their collection of portraits is said to be one of the finest in the country, and the public is cordially invited to attend the exhibition.

Miss Van Boskerck and Mrs. Rogers receive with Mr. and Mrs. Johansen at today's affair, and were assisted by Mrs. William H. Tyler, Mrs. Arthur B. Jones, Miss Rowland, Mrs. E. J. Lee, Mrs. William M. Wherry, Mrs. Horace G. Phillips, Miss Zerega and Miss Edith Mellick, of this city; and Mrs. Charles Parfit, of Gravenhurst, Canada. Mrs. William S. Tyler poured tea, assisted by several others.

During the afternoon Mr. Johansen gave a short informal talk on "Art of the Present Day." Several social functions are being arranged in honor of Mr. and Mrs. Johansen for the next two weeks, the next to be a tea at The Rookery on Tuesday afternoon by Mrs. George Megrew. No admission fee will be charged during the exhibitions, and it is hoped that a large number of people will avail themselves of the opportunity to see this remarkable collection of portraits.

SPECIAL SERVICES AT GRACE CHURCH

With few exceptions, the various spiritual enterprises promoted by Grace church have been eminently successful, and the public has been greatly advantaged thereby. A special course of sermons is now being given by distinguished divines every Sunday evening, which is already proved popular and helpful.

The service is characteristic of extreme simplicity. A few simple prayers, a Scripture lesson, and many bright, strong hymns afford a suitable foundation for the sermon which follows. So far, the preachers have been drawn from the ablest in the church, Dr. Pike, Bishop Matthews, Dr. Tinker, and Dr. Schuyler, among others.

Next Sunday evening introduces a clergyman comparatively unknown in Plainfield, but known in New York City as a preacher of high attainments—the Reverend George A. Oldham, rector of St. Luke's church, Convent avenue. The service starts at 8 p. m., and the public is encouraged to attend.

CAPT. HAY'S THRILLING STORY OF TRENCH LIFE

"The Human Side of Trench Warfare" will be the subject of a lecture to be given by Captain John Hay Beith, (Ian Hay), at the Plainfield high school, Friday night, March 23, under the auspices of the local branch of the National Special Aid Society. Captain Beith is the author of the book, "The First Hundred Thousand," it being a thrilling story of the men who composed Kitchener's first army in the European conflict.

Captain Beith won his commission in the regiment and the Military Cross for Bravery on the battlefield and he is said to possess wonderful gift as a speaker, making the war more realistic and close at hand than ever before. He tells a story of the war as he personally witnessed it being the story first-hand to his audience. His description of trench life is both pathetic and humorous and it is said never fails to arouse the sympathy of his audience.

THE DEATH OF MRS. HARRY HUFF

Mrs. Catherine F. Huff, the wife of Harry Huff, of East Seventh street, died last night after a long and tedious illness, in the forty-seventh year of her age. The funeral will be held on Monday afternoon at 3:30 o'clock, the Rev. E. Vicars Stevenson, rector of Grace church, officiating. The interment will be made in Hillside Cemetery.

Mrs. Huff was the daughter of Mrs. Frederick Frey, of this city. Besides her mother and her husband she leaves two brothers, Chas. J. Frey, of Jersey City, and Frederick Frey, of this city. Mrs. Huff had lived here all her life and was widely known and much beloved. Her father died some years ago.

MANY VISIT STATE TRUST'S NEW HOME

Public Inspection of Banking Institution Being Held This Afternoon

The attractive new home of The State Trust Company was thrown open for an informal inspection this afternoon and will be continued this evening from 7 to 10 o'clock, thus giving ample opportunity for those interested to see what a modern and up-to-date bank has been added to Plainfield's institutions. Throughout the afternoon a large number of people visited the bank and even a greater number is expected this evening.

The interior has been attractively decorated with flowers, palms, ferns and Southern smilax by Charles L. Stanley, the florist, while another feature is noted in the beautiful floral gifts. One very large basket of choice roses was given to E. F. Feickert, vice president of the institution, by the directors, and two beautiful horseshoes, one the gift of Hyman Adelberg and the other from C. P. L. Huston, president of the Rubber Insulated Metals Corporation, of this city, occupy prominent places in Mr. Feickert's private office.

Among the other gifts was one of a bunch of rose-buds from the City National Bank and roses from Mrs. Henri Hayt Patterson, of this city. Other gifts are to be found in the women's reception room and other rooms in the bank.

Mr. Feickert announced today with considerable pleasure that this morning's receipts were increased by $40,000 which he said gave promise that the company would soon become one of the leading institutions of the State.

DELAGO HELD FOR GRAND JURY

Youth of Sixteen Stole $120 From Home of Michael Muller

Lieutenant Higgins arrested Dominick Delago, of 1422 McCrea place, on West Second street, yesterday, on a charge of carrying concealed weapons. The fellow had in his possession a new thirty-eight-calibre revolver and a pair of opera glasses, also $85 in cash.

Higgins suspected Delago of having entered and robbed the home of Michael Muller, 1476 McCrea place, of $120 on February 28. He learned yesterday that he, Delago, had a revolver, and picked him up.

Delago, who is only sixteen years old, admitted to the police at headquarters, that he had entered the Muller home and had stolen the money. In the City Court this morning Judge DeMeza held him for the Grand Jury, under bonds of $300.

Delago said that he knew Muller had a large sum of money which he kept in a trunk. He entered the house while the family was down town shopping. He opened the door with a key, had no trouble finding the key to the trunk, and after taking the money, locked the trunk and walked out.

He said the money he had spent for the revolver and opera glasses. He arrived, and for theatrical entertainments.

SPECIAL SERMONS FOR CONGREGATIONALISTS

The third of a special series of six sermons on "The Message of the Cross for Our Day," will be preached tomorrow morning at the Congregational church, by the minister, the Rev. Howard E. Clarke, M. A.

The sub-topic for tomorrow's sermon will be "The Worth of a Man in the Light of the Cross." The third of the special Lenten vesper services, at 4 o'clock, at this church, will be addressed by the Rev. J. Halwell Robinson, of East Orange.

All those not regularly worshiping elsewhere are cordially invited to attend these services.

WILLIAM H. LEE DIED THIS MORNING

William H. Lee, of West Fourth street, died this morning after a brief illness. The funeral will be held in the funeral chapel, West Fourth street, on Tuesday afternoon, at 1 o'clock, the Rev. Dr. Hamlin officiating. The interment will be made in New Brunswick.

Mr. Lee was employed for many years by the Boice Runyon Concern, of Park avenue. He was affiliated with St. John's church, Jerseyland Park. He was a member of Josephus Lodge, No. 16, K. of P. He leaves his wife, one son, Frank, and one daughter, Edith May Lee, both of this city.

EDW. PRIOR-LEAHY WEDS MISS SCHERZ

Rev. Harold Schenck Officiated at Home of Bride's Uncle This Afternoon

The marriage of Miss Aurelia Scherz, daughter of Mrs. Aurelia Scherz, of this city, to Edward Prior-Leahy, of New York, took place this afternoon at the home of the bride's uncle and aunt, Mr. and Mrs. Joseph M. Adams, of 909 West Front street. Rev. Harold W. Schenck, formerly of Plainfield, son of Rev. Dr. and Mrs. C. Schenck, of West End Park, but now pastor of the Reformed Church at Nutley, performed the ceremony in the presence of a small company of guests, including the near relatives and a few friends from New York and Chicago.

The bride wore a gown of hand-embroidered net, trimmed with white satin and pearl ornaments, and carried a bouquet of bride roses. She was attended by her cousin, Miss Margaret Adams, who wore a gown of apricot chiffon, trimmed with Venetian lace. She carried a bouquet of pink roses. The best man was William Prior-Leahy, brother of the bridegroom. The bride was given in marriage by her uncle.

A reception follows the ceremony, after which the couple will leave on an extended trip. Upon their return they will reside in New York, where the bridegroom is connected with the New York Mortgage and Title Company.

The bride formerly lived in New York, coming to Plainfield about a year ago. She received a large collection of useful and ornamental gifts from relatives and friends.

The home is being attractively decorated for the nuptial event, spring flowers being used chiefly throughout the various rooms and reception hall. The arrangement in the parlor and dining-room was especially pleasing.

BUILDING CAMPAIGN WILL BE PUSHED

Y. M. H. A. Has Formulated Plans That Presage Success of Enterprise

The Building Campaign Committee, which met at the home of Samuel H. Schwartz, at No. 1129 West Front street last evening, formulated constructive plans for carrying the Young Men's Hebrew Association building campaign to a successful culmination by in part opening quarters in the present rooms of the association at 204 West Front street, meeting there every night until the close of the active campaign.

A telephone will be installed there and more activity than has been shown before will be manifested for the next two weeks. Grace Semer, Dorothy Augenblick and Louis Shrager have wholeheartedly volunteered to lead three committees of the Young Women's Hebrew Association and the Junior Men's Association to attend to various clerical duties and typewriting. Those who desire to contribute any sum large or small, for the association's new venture may do so by mailing check or Postoffice money order to the Young Men's Hebrew Association Building Campaign Committee, Plainfield, or to any of the following members of the committee: Harvey I. Rothberg, chairman; Samuel H. Schwartz, Benjamin Kline, Samuel Schwartz, Harry Dreier, or William Augenblick.

NOTICE.

Dating from next Monday, March 12th, the subscription price of the Courier-News will be advanced from 10c to 12c a week, and from $5.00 to $6.00 a year. The yearly subscription price applies ONLY IN ADVANCE SUBSCRIPTIONS ONLY.

While we have been forced to pay an increase of more than 100% for white news print paper no increase in price has been made to our subscribers until the present time.

We do not expect either the subscriber or advertiser, or both combined, to make up the added expense, but a small part of it has to be allotted to them. We must stand the loss ourselves. If this was our only trouble the situation would be much more comfortable than it is. But it is decidedly worse. We cannot buy enough paper for our needs at any price. At this time the Courier-News is being printed on paper of such poor quality that under normal conditions it would not be accepted from the manufacturers.

The unusual conditions make it necessary that we keep the number of copies printed at the lowest possible number. For this reason we must insist upon prompt payment from subscribers. As a privilege to our paid in advance and prompt paying subscribers, we will be compelled to discontinue serving the Courier-News to those who fall behind in their payments.

PLANS FOR WORK OF FLOWER GUILD

Local Organization Observes Third Anniversary of Founding, March 30

The Plainfield Plant, Flower and Fruit Guild held its monthly meeting last evening, at which time plans for the observance of the third anniversary of the founding of the organization, to be marked on Friday evening, March 30, were discussed to some extent, and committees appointed to care for the arrangements and the details of the affair.

The opening devotional exercises were in charge of the Christian Endeaver Society of the First Presbyterian Church, led by Fred Lounsbery, Jr. Rev. John Y. Brook, pastor of the Trinity Reformed Church, the speaker of the evening, talked chiefly of the little things of life, which count for so much in the ultimate results of one's existence upon earth.

The committees in charge of the arrangements for the anniversary service are as follows: Speakers, Miss Florence Hawkins and Mr. and Mrs. Charles R. Banks; publicity, William Maxson, Fred Mills and E. E. Waller, Jr.; place of meeting, Robert Love, Mrs. Hillman, and Mrs. L. M. Case; decoration committee (from the Boys' Service League), Howard V. Hall, Randolph A. Douglas, Joseph Bush, and Walter A. Suthpen; nominations, for the annual meeting to be held Friday evening, April 13, Mrs. J. C. Evans, Mrs. Fred Mills, Mrs. William Maxson, Miss Elizabeth Mills.

Jesse Lounsbery and Joseph Harper are in charge of the planning of cottage prayer meeting to be held at the homes of those who requested the holding of such services.

The reports of the various officers and committees were received during the course of the meeting, all of which showed the organization to be in a flourishing condition.

POST OFFICE AT OAK TREE ROBBED

Two Men Hold Up Miss Sallie Stover, Postmistress, With Pistols

Two men, armed with revolvers, entered the postoffice at Oak Tree yesterday and held up the postmistress, Miss Sallie Stover, and escaped with about $10 in cash and some stamps. Miss Stover was so badly frightened by her experience that she was able to give only meager description of the men.

She said they were blue overalls. Both were young men—one was very tall, while the other was below medium stature. It was learned that after leaving the postoffice with their loot the men walked along the Lehigh Valley railroad to Potter's corner, where they took the pike leading toward Rahway. Police of the latter city were asked to be on the lookout for them.

Miss Stover lives with her father, who is a cripple and was unable to come to her assistance. She required medical attention after the robbery. The local police were notified of the robbery yesterday afternoon.

The Oak Tree postoffice has been robbed more times than any other in the history of the postoffice department, but generally has been broken and entered at night, although little was obtained at any time until now.

FIRE VICTIM WAS JOHN MOORE

George W. Keeler, of Cheshire, Conn., has written a letter to Chief of Police Kiely advising him that the man whose body was found in the burned ruins of a barn near that town early Monday morning was undoubtedly John Moore, formerly of this city.

Chief Kiely gave Mr. Keeler a description of Moore, and Mr. Keeler states that it corresponded in every way with the man who was burned to death. Mr. Keeler states that Moore had been in that vicinity for about four years. The man suspected of having killed Moore and then setting fire to the barn has been released by a coroner's jury for lack of evidence. The two men had been intimate for some months.

JAPAN WILL ASK CHINA FOR TERRITORY TAKEN FROM GERMANY

By United Press:

Tokio, March 10.—Baron Hayashi, Japanese Minister to China, does not hesitate to make it clear that Japan is preparing to ask China for a large concession at Tsing-Tau, the colony wrested from Germany by Japanese land and naval forces at the outset of the present war.

WILL ALLOW SHIPS TO FIRE ON SUBMARINES

By United Press:

Washington, March 10.—American armed merchantmen will be empowered to fire on Teuton submarines.

The State Department made this plain today, in declaring that neutral ships can assume that there will be no visit and search by German submarines, inasmuch as Germany has served notice on the world that she would disregard the mandate of international law.

That statement means that when the American ships go forth they will take no chance with German vessels. Sight of a German submarine will be sufficient to justify American gunners on shipboard in turning loose their guns. The interpretation given officially brought the possibility of war very near.

Germany has declared that she has spoken her last word, and will go ahead with submarine warfare. If that is true, it is taken officially to indicate that sooner or later a clash between a submarine and an American armed merchant ship is inevitable.

PERU IS AFLAME WITH A SERIOUS REBELLION

By United Press:

Buenos Aires, March 10.—Peru is aflame with rebellion of a seriousness not realized until today, when information that was smuggled across the border to evade government censorship, detailed the direst sort of fighting in Lima, the capital, and in Callao, Callao, and Arequipa, in which many persons have been killed or wounded.

The son of Admiral Grau, of the Peruvian navy, has been assassinated. Peruvian warships have been dismantled by the government to prevent their seizure by rebels. The government house in Lima is surrounded by troops, and it is predicted the president will resign.

There is no information here as to the reason for the outbreak.

"WHITE BOOK" TO SHOW GERMAN PLOTS

Special to Courier-News:

Washington, March 10.—The United States is preparing a "white book," in which to reveal Germany's plot. If "needed" it probably will be published to stir an already awakened people as to the real dangers ahead.

Looming above the war cloud, however, is the possibility that peace may be near. Germany is hard-pressed for food, according to recent accounts. In view of Germany's oft repeated plan to sink everything in sight it is expected matters will come only too quickly where U. S. gunners must act as the Allied gunners now do—shoot first and inquire later.

AMERICAN MARINES OCCUPY CUBAN CITY

By United Press:

Havana, March 10.—A detachment of American marines was reported today to have occupied the city of San Luis, thirty miles from Santiago. It was expected the American forces would remain there until the arrival of Cuban government troops from Palma, Soriano. Then they will return to Santiago.

BERNSTORFF ARRIVES AT CHRISTIANIA TODAY

By United Press:

Copenhagen, March 10.—Bernstorff, deposed German Ambassador to the United States, arrived at Christiania at 1:30 o'clock this morning, according to official word received here today.

ADOPT NEW SPELLING OF WORD "CLOTURE"

In the past few days the word "cloture" has appeared often in the public prints in stories of the attempt made by Congress to adopt a measure that would close debates within a reasonable time, and prevent Congressmen from talking bills to death in the last hours of the session.

The word "cloture" is a French word, coming from the Latin "claudere," meaning to shut, or close. Newspapers are now spelling the word "closure" as more intelligible in English. The word has been little known in common conversation, until it was brought up in connection with the filibuster in the United States Senate last Sunday, over the armed neutrality bill, which was killed because there was no cloture law on the statute books. Some years ago an attempt was made in the New Jersey Legislature to adopt a cloture rule, to prevent filibustering.

SOUTHERN REPUBLICS MAY REBUFF THE U. S.

By United Press:

Buenos Aires, March 10.—If the United States is planning to seek concerted action among all American republics to cleanse America's atmosphere of German activities, as reported in Washington dispatches, she is likely to be rebuffed hotly. A majority of the Latin-American republics will resent such a plan.

It was learned today that the Argentine government would be inclined to make "hot answer" if the United States offers advice about German plotting. With the exception possibly of Brazil and Bolivia, Argentine's position on American matters is regarded as representing the attitude of other Latin-American republics.

PAPER SHORTAGE AFFECTS COUNTY CLERK

County Clerk William B. Martin was unable to open his office at Elizabeth last night to take applications for citizens' naturalization papers, owing to the present scarcity of paper. He was informed that the United States Government had not been able to print enough naturalization blanks on account of the paper shortage. When the county clerk receives a new supply of blanks notice will be given in the Courier-News.

ELIZABETH MEN JOIN AMBULANCE CORPS

"SOUTH AMERICA, THE LAND AND ITS PEOPLE"

Rev. Thornton B. Penfield Gives First of Four Talks at Y. W. C. A.

"South America, the Land and Its People," was the subject of the first of four Lenten talks given by Rev. Thornton B. Penfield, of Englewood, at the Y. W. C. A., yesterday afternoon. The succeeding lectures will be given on succeeding Friday afternoons at 3.45 o'clock. Yesterday's lecture was well attended and all present were much interested in the way that Mr. Penfield introduced his subject, it giving promise of a *great deal of information concerning* South America.

Mr. Penfield presented one of the new maps of South America, which showed the location of the "River of Doubt," discovered by Roosevelt. He described the character of the *country, its climate, general conditions,* size and resources. He discussed his subject somewhat from the standpoint of missions, telling something of what has already been accomplished in the country and what is being done at present.

The speaker said that the country abounded in wealth, characterizing the oil wells, gold mines and other natural resources as being marvelous. In his subsequent talks, Mr. Penfield will treat of the Indians and missions established in South America, touching on the political conditions.

Mr. Penfield closed yesterday's talk by telling of the people of South America, beginning with the original settlers and leading up to the part the Spanish and Portuguese have played in the development of the country, all of which he referred to as a great "melting pot."

THROUGH THE WICKET

Four candidates will be initiated this evening at the meeting of Martha Washington Council, Daughters of America. The council will also make plans for a pinochle party to be held on the next meeting night.

Crainilea Lodge, No. 43, Daughters of Scotia, will hold an important meeting on Monday evening next, March 12, at which the Grand Chief Daughter is expected to be present. Members having contributions for the box being planned for British soldiers are asked to bring them to this meeting.

Have You a Voice?

The Oscar Saenger Course in Vocal Training Will Enable You to Become a Singer

The Oscar Saenger Course in Vocal Training is a practical, efficient system for teaching people to sing. It is based on the simplest and most direct principle of all teaching, which for the first time is now applied to singing in a new and original way.

No matter where they may live, all those who wish to sing may now learn to do so under the direction of a master who has entered more pupils upon successful operatic, oratorio or concert careers than has any other teacher in the United States.

The course consists of ten double-faced Victor records, which provide twenty lessons in vocalization. There is a separate set for each of the following five voices: Soprano, Mezzo-Soprano, Tenor, Baritone and Bass. In the Mezzo-Soprano there are special instructions for the training of children's voices.

With each set of records for any of the above voices there is also provided a textbook of supplementary information for the student, which information is set forth so definitely and clearly, that the art of singing may be fully understood by those who have had no previous training.

The Oscar Saenger Course in Vocal Training for any of the voices mentioned above may be procured at the cost of a one-hour lesson at the Saenger Studio in New York. Each *set is furnished complete, securely packed in a neat carry*ing case.

For further particulars and demonstrations of this course, call, write or 'phone.

WORKERS PLAN FOR EVERY-MEMBER CANVASS

In preparation for the canvass of the membership of the First Baptist church to be made tomorrow afternoon in the interest of the annual budget system, about forty men who will comprise the various teams in this work met at the home of Arthur M. Harris, on Central avenue, last night, and completed plans for the canvass.

The majority of the workers will make use of automobiles in the every-member canvass. After the business last night a social hour with refreshments were enjoyed.

MISSIONARY SOCIETY SUPPER

The Home Missionary Society of the First M. E. Church held a supper last night in the dining room of the edifice. This was followed by a program of exercises by the children during the evening.

RESPONSIBLE FOR GRANDCHILDREN

Special to Courier-News:

Trenton, March 10.—Taking the stand contended for by counsel for Jersey City at the argument in the case, namely, that the Poor Law is a constitutional act, under which grandparents can be made to support grandchildren when the parents either are neglectful or unable to do so, the Court of Errors and Appeals has rendered an opinion reversing the decision of the Supreme Court in the case of Nelson and Laura Stark against the Overseer of the Poor of Jersey City.

The decision of the Errors Court upholds the order made by Judge Harry Lange, of the Hudson County Juvenile Court, directing the Starks to pay $3 a week to the alms department of Jersey City for the support of their grandson, Pierce Stark, aged three and a half years. The child's father had deserted his family and the mother was not able to support it, it was contended.

"You want to know the news," she writes. "The best that I know is that Hearn's (14th St., N. Y.) Great Spring Sale is on; I have been in several days (it began on the 12th), in fact, I just can't keep away from those real bargains Hearn's is offering. And this year, when everything, everywhere, is up, up, up, the wonderful values they are selling for ever-so little are perfectly extraordinary. They are almost giving away some things. But then, their cash buying policy is the explanation that makes their prices possible.

"However, I won't quote prices, you have to see these things to actually appreciate them. I believe that you said you wanted Spring clothes for the children—well, I know you can't do better elsewhere for Jimmie than right in Hearn's boys' departments where there are tables and tables filled with jaunty, regular boy suits (lots of them have those extra trousers I hear you asking about)—Norfolks, Russians, all for any of them looking as if they belonged to your smart, manly Jimmie.

"As for Jane, you had better not bring her—she will certainly want a dozen or more of some of the pretty frocks in the girls' department. And there are heaps of those popular middies, and such sensible school clothes. If she is to be confirmed this Easter, you surely must buy her dress, or the material for it, at Hearn's.

"Each bargain seems better than the one before it; the babies' things are exquisitely dainty. So are the underwear specials—there are some silk ones on the main floor that you will like.

"As for smart suits, dressy suits, coats and frocks, you'll have to come into Hearn's, that's all. In our favorite blouse section is a perfectly wonderful collection! All over the store—in every department—is that necessary fashionable sports idea—and the new colors. There is certainly a delightful Spring atmosphere, too. The sewing enthusiasts are exclaiming with joy over the marvelous silks and dress fabrics—and they make one fairly see dainty, charming summer frocks as they select *yards of wash* goods. Every other customer buying linens, Towels, Rugs, etc., seems to be someone's prospective bride! It's positively catching, this Spring sale, getting ready for Easter fever at Hearn's.

"The little sketch is me, in my new georgette crepe frock, bought, of course, at Hearn's—they altered it without extra charge, too.

"So let me know what day to meet you, between 12 and 2, in Hearn's third floor restaurant, for a delicious luncheon—afterwards please help me pick out a hat—there are so many adorable new shapes, big and little, trimmed or untrimmed.

"Now, with your carfare, Mrs. Plurlanite, you save money shopping Hearn's, and their new cash register system saves your time, so you won't have to run for your train!"

RABBI FRIEDLANDER ENDORSES CAMPAIGN

Jewish People Urged to Support Y. M. H. A. Building Campaign

Endorsing the movement started by the Young Men's Hebrew Association of this city to establish a "community building" here, Rabbi Joseph Friedlander at the service at Temple Sholem last night, urged everyone present to lend their support to the campaign now being conducted by the association to acquire free and clear the Leal's property on West Front street.

The members of the Young Women's Hebrew Association attended the service in a body, and, appropriate to the occasion, Rabbi Friedlander preached an eloquent discourse on the subject of "Jewish Women in History," emphasizing a few of the many important things accomplished by them in the past as well as the present day. He praised the members of the Y. W. H. A. and the work they are doing, adding that he felt sure they would help to make the Y. M. H. A. building campaign a success. There was an unusually large congregation at the service and all were inspired by the earnest words of the preacher.

WISCONSIN SENATE PLEDGING ITS LOYALTY

Madison Wis., March 10.—A "round robin" pledging loyalty to President Wilson was begun in the State Senate yesterday. Timothy Burke, president pro tempore, and J. H. Bennett were the first to sign. The declaration says:

"Wisconsin is still loyal to the President and the government of the United States. Its citizens deeply regret the conduct of the Senators of the United States and particularly that of Robert M. LaFollette, the nation's elder Senator, in bringing about a filibuster which denied the right of the majority to rule and which prevented the passage of many vitally important and necessary measures to prevent war."

SWISS ENLISTMENT PROCEEDS RAPIDLY

Special to Courier-News:

Berne, Mar. 10—Enlistment of all men between the ages of 24 and 32 is proceeding rapidly and by the end of this week or the beginning of next week, four-fifths of the Swiss between those ages will be under arms.

The government is taking this step because of the growing apprehension that a war movement is being planned that will take place of trench activity and wishes to be prepared for any eventuality.

GUARANTEED TO MAKE GRAY HAIR NATURAL COLOR

Q-Ban Is Simple, Healthful Preparation—Satisfaction or Money Back—Don't Use Dyes.

It is not necessary, not even wise, to have gray hair nowadays. But don't use dangerous, dirty, sticky dyes. "Turn Back to Nature."

Restore the uniform color of your hair with the aid of Q-Ban Hair Color Restorer. Thousands have done so and are proud of the result. Years of study by expert chemists resulted in Q-Ban, the one preparation that actually works hand in hand with Nature in banishing gray hair in a beautiful way.

You simply apply Q-Ban like a shampoo, and your hair will resume a natural color, evenly, gradually, surely and surely. Your hair will become soft, glossy, abundant and beautiful. You will look so young you will be delighted. But beware of imitations as they would of dyes. There is nothing like Q-Ban.

Q-Ban is all ready to use—is guaranteed to be harmless, and is sold under the makers' money back guarantee if not satisfied. It is the only preparation for the purpose so guaranteed. At Weiss' Boro Drug Store, and all good drug stores, or a large bottle, or write direct to Hessig-Ellis Drug Co., Memphis, Tenn. "Hair Culture," an illustrated, interesting book of lectures, sent free.

PAY $602 IN FINES AFTER LONG CONTEST

Newton, March 10.—Convicted nearly six years ago of assault on Carl G. Van Etten, a cripple of Montague Township, Frank Collins and Leon Black, of that district have just paid into the court a total fine of $602.88. Three other defendants, Albert Rosier, John Curts and William Trimberti, convicted with them, have yet to pay $125.

The assault was the outcome of a fight over the use of a gate between the Van Etten and the Black premises. The defendants were indicted in September, 1911, and in January, 1912, they were convicted. The Supreme Court affirmed the conviction in February, 1914, and the Court of Errors and Appeals November 22, last.

ZIMMERMAN NOTE REACHED ECKHARDT

Washington, March 10.—It was stated on diplomatic authority yesterday that the Zimmermann note to German Minister Eckhardt in Mexico City reached its destination. The informant asserted that two methods were chosen by the German Foreign office for the transmission of the note. One of these methods was said to be the wireless telegraph, the other the sea.

It was believed that one copy of the note was sent direct to Mexico on board a German submarine, the other message reaching Mexico by wireless.

SENTENCE POSTPONED ON LOCAL COUPLE

Special to Courier-News:

Elizabeth, March 10.—To determine the accuracy of contradictory statements made by counsel for Henry Newton, colored, of Plainfield and Sarah Scott, white, of that city, both charged with statutory offenses, Judge Connolly postponed sentence yesterday until Friday next in the Court of Quarter Sessions.

Lawyers' statements to the court did not agree as to the extent of Newton's responsibility in the matter.

FACTS IN A NUTSHELL

The following editorial from the New York American hits the nail on the head:

"The Congress which has just exprod neither passed the appropriation for the army nor passed the military training law.

"That cannot be helped now. Nor are we going to waste precious minutes in crying about it.

"The mischief is done. The only sensible thing to do is to get to work instantly in repairing it.

"Call the new Congress together and let it do what its predecessor left undone.

"What other sensible course of action is there?

"How else are we to pay army costs or to begin, even, to get together an army to defend us against the war that may be storming upon us before we are six months older?

"What incredible folly it is, citizens, to waste even a single day in aimless discussion, when, even if we work day and night as we never worked before, we can only half prepare to meet the war that may come upon us before the summer's harvests are reaped?

"It takes six months to make a tolerably good soldier of a civilian.

"It takes a year to make even a rudimentary officer.

"And where are our soldiers and our officers to come from if Congress does not meet and pass the laws that must be passed before we can begin to train soldiers and officers?

"If we had ten million armed men, what could they do without officers?

"We have today, all told, a little over one-tenth the number of officers that were killed and captured in the first eleven months of the Russian offensives and defeats in East Prussia, Galicia and Poland.

"We have not enough officers in service and in reserve to officer an army of 300,000 men—and we will need an army of 3,000,000 men to defend the country with any hope of success at all.

"Our fleet is short over 25,000 men and officers at this very minute. And what use are battleships and auxiliaries without officers and men to man them?

"Citizens, is this a time to spend in profitless discussion?

"Is this a time for Congress to be absent from the Capitol?

"Have we so much wealth to waste and so much blood to spill that we can afford the dreadful risks that will face us if we do not set to work like men of sense to prepare for our own defense?

"What difference is it now what the last Congress did?

"Let the dead past bury its dead. Our duty is with the living present.

"In less than a year we may be beset on the Atlantic and on the Pacific shore lines by enemies who have over eight million of veteran soldiers to draw upon; who have more weapons and more ammunition on hand than all our factories could turn out in two years; who have more trained airmen than we have regular soldiers; who have a combined navy that outnumbers ours in every form of fighting craft; who are led by thousands of trained officers, actually experienced in warfare; who have hundreds of sea-going submarines, while we have not one—not a single one; and who are armed and desperately poor, while we—if our folly continues—will be unarmed and hugely rich.

"Men talk as if our only part in war will be to help powerful and victorious foes give a parting kick to dying Germany; as if our only military duty will be to lend money to Russia and Italy and England and France.

"Not one of us expects to die tomorrow. But everyone of us who has good sense is insured against that happening.

"The Congress should meet this very week.

"And as rapidly as it possibly can the Congress should enact the laws that will end this period of talking, and inaugurate the era of preparing."

VISIT THE SCHOOLS NEXT WEEK

Next week has been designated by State School Commissioner Kendall as "visit-the-school" week. He urges all parents to make the opportunity some time during the week to visit the schools where their children are being taught, and get acquainted with the teachers. Now that the head of the educational department in the State has asked all parents to do this, let everyone go. The Commissioner has made this request, and he has a good reason for it, or he would not ask it. He feels much as a good many do that parents give too little thought to the education of children, so long as the children are in our public schools, under competent teachers, and amid pleasant comfortable surroundings most of the day. All this is very well, but the parents are paying good money for it, and their interest should go far enough to see if it is a good investment. They are not asked to take a hand in the teaching, but to establish an acquaintance with the teachers, which is of mutual good, since both parent and teacher have the care and bringing up of children. In some cases the teachers see more of the children than the parents do. It will be a pleasure for parents to see in what good hands the pupils are placed during the major part of the day time. Co-operation of sentiment is good between the two, the parent in the home, and the teacher in the school, since their care and anxiety are mutual in such an important matter as the training of a young life for its many ways of future usefulness. Too often now the two who are teaching the child are strangers. Let them get acquainted. Next week will be the opportunity more than is usual, for the State Commissioner has designated that week for visiting the schools, and it would be really nice for parents to accept the invitation.

ANNOYING KIDNEY ILLS

Make Life Miserable for Many Plainfield People.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Kidney Pills have given peace and comfort to many Plainfield people. Proof by this Plainfield resident's experience.

William Harding, 320 Stebbins Place, Plainfield, says: "I was troubled by pains across my kidneys. When I stooped over, I found it difficult to straighten up again. Occasionally I had to get up during the night to pass the kidney secretions. Doan's Kidney Pills gave me relief in a short time. Whenever I have had such ailments since, Doan's Kidney Pills have always given me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Harding had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

WAX'S STORY A LIE, SAYS RAE TANZER

Lively Scene Follows Testimony of "Oliver Osborne" in Perjury Trial

Rae Tanzer's first outburst of indignation during the present trial for perjury occurred at yesterday's session when Charles H. Wax, who says he posed as Oliver Osborne, told more of his alleged relations with the young woman before Judge William Van Fleet and a jury in the Federal District Court, New York.

After Wax's recital, Miss Tanzer suddenly jumped to her feet at the same time declaring: "It is a lie." Maxwell Slade, associate counsel for the defence, grabbed the young woman and forced her back into her chair, clapping his hand over her mouth.

Miss Tanzer continued to struggle and cry, at which Judge Van Fleet suggested that Slade remove his hand and let the woman talk. After the muttering of a few incoherent words, the defendant became quiet.

Wax told on the witness stand of having given Miss Tanzer money on various occasions. The last time he said he gave her $50 and made an appointment to meet her which she did not keep. In his letter to Judge Osborne, Wax said he had gone to various hotels with the woman. A number of witnesses were called yesterday who testified that Judge Osborne was at the Bar Association on October 18, 1914, the day Rae Tanzer said she came with Osborne to this city.

The case was adjourned until Monday, when Prosecutor Rand will begin summing up the government's case.

FREEHOLDERS MUST PAY 1915 TAXES

Special to Courier-News

Trenton, March 10—The Supreme Court has directed, in an opinion, just rendered, that a peremptory writ of mandamus be issued compelling the Bergen county Freeholders to pay certain taxes assessed May 20, 1915, on the land, bridges and tollhouse of the Bergen turnpike in the borough of Ridgefield, which on November 1, 1915 were conveyed by the turnpike company to the freeholders for a county road.

COLLEGE MEN WANTED AS OFFICER MATERIAL

Attention, young college men! Your Uncle Samuel is facing, as every one knows, what may prove the most gigantic task he has ever had; and he needs officers for the army—particularly for the Marine Corps. Brigadier General John A. Lejeune, of the corps, put it up to Congressman Parker to seek officer material in North Jersey.

Briefly stated, the Marine Corps lacks 180 second lieutenants, an office may be filled, under the law, from three sources: Naval Academy graduates, non-commissioned officers of the corps or civil life. Plans for using the first two sources will reduce the last, at the best, to 150 vacancies.

Therefore, as General Lejeune wrote the Congressman, "It is proposed to hold an examination of candidates from civil life on or about July 10 next. Circulars concerning this examination are now being sent out to candidates. It is especially desired that graduates of our well-recognized colleges and universities should participate in this examination.

For those who may be interested a letter to Congressman Parker will bring a circular and full details of the government's need, and the requirements necessary for filling the rank.

The pastor's subject for the evening service will be "Jesus Christ the Friend." This will be the fourth sermon in the series on "Christ" which Pastor Marshall has been giving each Sunday evening. There will be special music by the choir at the evening service.

At the Baptist Church tomorrow worship at 10:45 a. m., with sermon by Pastor Hare; Bible school with classes for all ages at 9:30. The Junior service will be at 3 p. m. The leaders for the evening service will be Miss Griffen and Miss Anna Smith, and the subject will be "Our Brothers both ivory and ebony, beyond Mason & Dixon's Line." Slave songs and plantation melodies will be sung.

The Parish House Forum will meet tomorrow afternoon at 4 p. m. and all men and older boys are invited to attend. This will be an educational session and County Superintendent, Dr. A. L. Johnson will be the speaker. Dr. F. W. Westcott, President of the Board of Education will preside, and there will be music by the parish house quartet. It is hoped that every man and older boy will be present.

Robert Walpole, of Front street, has given up housekeeping, and will make his home with his daughter, Mrs. Joseph Schwalback, of Westfield avenue.

Frank Hand, of Park avenue, has returned from the hospital where he went for an operation three weeks ago.

Mrs. William S. Corey, of Park avenue, has removed to the Flander's house on Front street.

WATCHUNG

Rev. Mebane Ramsay will preach at both services in the Mary E. Wilson Memorial Union church tomorrow. The morning service at 10:30 o'clock and Sunday school at 12 o'clock. The evening a special musical service will be held. Messrs. Korff, of Plainfield, will render selections and vocal solos. This service will begin at the usual hour, 8 o'clock, preceded by a song service at 7:45. A cordial invitation is extended to all to attend these services.

The regular monthly meeting of the North Plainfield Township Improvement Society will be held Monday evening in the Improvement Hall. All are welcome to attend this meeting.

Rev. Mebane Ramsay, who has been in Princeton, has returned to Hillcrest Road.

SOUTH PLAINFIELD

ACTIVITIES OF BAPTIST CHURCH

Last Sunday's stormy weather interfered somewhat with church attendance. Communion service was postponed and will be observed tomorrow morning at 11 o'clock, following the preaching service. The pastor's theme will be, "Teaching, Preaching, Healing." For the evening service, 7:45 o'clock, the subject announced for last Sunday evening will be considered, "Gideon, the Mighty Man of Valor." The presentation of this subject was delayed because of the smallness of the congregation, many not being present who are desirous of hearing the full course of sermons on "The Judges." Bible school and Baraca class will convene as usual at 10 a. m.

The Junior Sunergoi Society will hold its devotional meeting Wednesday afternoon, with Miss Hannah Clawson leader. The pastor and others will relate brief stories, and other items of interest will be presented.

The usual mid-week prayer meeting will be held Wednesday evening, under the conduct of the pastor. The word for consideration is "Pleasure."

Owing to communion service falling tomorrow, the sermonette to children will be postponed until Sunday morning, March 18. The subject will be "Much from Little." Come and see the fire.

Sunday, March 25, will be observed as "Boys' Day," with special programs both morning and evening services, and also at the Bible school hour. On Friday night, March 23, a "Fathers and Sons" banquet will be given under direction of the Baraca class.

Keep in mind the rural play, "Farm Folks," to be produced by the Senior Sunergoi Society, Thursday, April 12. A social hour will follow, with a sale of refreshments.

Mrs. Bunn's class is also contemplating the presentation of a play, the date of production not yet being decided upon.

The annual church business meeting will be held, Wednesday, April 4, following the close of the prayer meeting.

All who have not as yet paid their pledges to the various benevolent causes of the church are urged to do so at once, as a full report of amounts received must be submitted not later than March 31. Miss Gladys Thorn is treasurer of the fund.

PRESIDENT IS BETTER.

Sits Up Today For First Time Since Ordered to Bed.

Washington, March 10. — President Wilson has so far recovered from his cold that he was able to sit up this noon. His fever has subsided entirely, and his temperature was normal. It is expected he will be able to go about indoors on Monday and that a few days thereafter he will be able to plunge into public affairs.

The president has been allowed to read but little. He has followed strictly the advice that he needed rest as well as prompt recovery from the severe cold which attacked him after exposure to the bad weather of the inaugural.

He has seen none of his friends, even the most intimate, during his period of recovery. Mrs. Wilson, it is said, has been the means of keeping in touch with the big and little affairs of the world since he was sent to bed on Wednesday by Dr. Grayson.

GONZALEZ GUEST OF BELL.

American General Reviews the El Paso Cavalry Division.

Fort Bliss, Tex., March 10.—General Pablo Gonzalez of the Carranza army of the north was the guest of Brigadier General George Bell, Jr., at a review of the cavalry division of the El Paso district here. Accompanied by his staff and by Andres Garcia, inspector general of Mexican consulates, General Gonzalez was met at the international bridge by Captain Nicholas W. Campanole of General Bell's staff.

The division was commanded by Brigadier General Eben Swift and was said to be the largest body of United States cavalry assembled since the civil war. After the review Captain Kirby made a flight over the fort in an army airplane and then departed for Columbus, N. M.

BISHOP'S PLEA TO WILSON INDORSED BY HARVARD

Boston, March 10.—The plea to President Wilson, voiced by the Right Rev. Edwin F. Gay, dean of the Graduate School of Business Administration, said the signers, who include President A. Lawrence Lowell, represented approximately 95 per cent of the officers and professors of the university who could be reached.

LABOR UNIONS TO PLEDGE LOYALTY IN CASE OF WAR

Cleveland, March 10.—Four chief executives of the railroad brotherhoods organizations will meet in Washington on Monday at the request of President Samuel Gompers of the American Federation of Labor for the purpose of discussing labor's position in case of war, it was announced here today.

President Wilson will be assured of labor's loyalty in case this country becomes involved in war with a foreign nation.

Our New York Letter

March 7th, 1917.

Paulina Dear:

I am so happy! How could I help it with the sweetest man in the world for a husband? He's not like other men, but—of course, I am not writing this letter to tell you about him, or I am sure you will say, "How bromidic our Pauline is!"

My life with Harry is like a dream, dear, and I am just "playing at" keeping house. Harry calls it a "Doll's Palace." In the kitchen is my throne. There I am queen. And, Pauline, let me tell you about the wonderful bargains I got at Wanamaker's in the way of housefurnishings!

True economy (listen at me preach, Ike), is not in getting cheap things for your home, but in getting the best things when and where you can get them the cheapest. Wanamaker's at Astor Place are having a marvelous sale of "house furnishings" the entire month of March and everything is from 10 to 50 per cent cheaper than regularly.

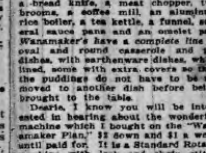
My bathroom, you know, is all white, and I "filled" that with brushes and wonderful pieces, no chow that I scarcely believed my eyes. Every piece of metal made for the bathroom at Wanamaker's is made of brass, covered with a porcelain finish. This white ware is much more popular now in the nickel, because it does not rust. Wanamaker's have every conceivable article used in bathrooms and also sand and sponge dishes for the wall, tub and with legs, for the wash stand.

While I was at Wanamaker's, I enjoyed so much watching the demonstration of electrical devices, all of which can be used on an ordinary socket. They baked muffins in the most delicious popovers I ever tasted, potatoes, and made toast, tea and coffee. A whole meal can be cooked from one socket if one has the right appliances, such as chafing dish, oven and toaster. On the device an electric stove a whole breakfast can be cooked all at the same time, right on the breakfast table: "Coffee, toast, cheese or eggs broiled and four pieces of toast made."

Here are some of the things I saw which I bought very, very cheap—a solid mahogany tray for $2.50, a mahogany finish tray for everyday use for $1.45, a coffee percolator for wood alcohol, a carving knife, a kitchen set, a bread knife, a meat chopper, two wooden spoons, a fruit knife, an aluminum rice boiler, a tea kettle, a funnel, several sauce pans and an omelet pan. Wanamaker's have a complete line of oval and round casserole and pie dishes, with earthenware dishes, white lined, with extra covers, so that the puddings do not have to be removed to another dish before being brought to the table.

Dearie, I know you will be interested in hearing about the wonderful machine which I bought on the "Wanamaker Plan." It cost me $2 and $1 a week until paid for. It is a Standard Rotary machine with lock and chain stitch combined, the finest running and swiftest machine made! You can make 175 stitches to any vibrating machine's 100. It has a four-drawer drop-head, oak finish and automatic lift with full attachments.

Of course, you don't know (and I didn't either until yesterday) that Wanamaker's make dress forms to order! Isn't that interesting? And this is how they do it. They fit right linings to your figure, make a plaster cast of that and cover it with an unbreakable material, which is guaranteed to produce your exact figure.



It would take me ages to tell you about everything I saw—the step ladders, kitchen cabinets, library steps, clothes wringers, kitchen table, marvelous kitchen cabinets with a place for everything, folding card tables, vacuum bottles and lunch kits, and so on, ad infinitum.

How did they manage to do it? Well, I'll let you in on the secret. They have had men out all over the country for days, gathering up goods just for this sale, from the best manufacturers. And because it is "out of season" they could have things cheaper than ordinarily. And because Wanamaker's believe that every household should have the best of furnishings, they let us have them cheaper at these semi-annual sales. And there you are!

If you want to come in any time this week to take advantage of this wonderful sale at Wanamaker's, just let me know and I'll gladly meet you and "personally conduct" you over the seventh floor of the New Building.

With lots of love,
Yours,
JULIA KNICKERBOCKER.

EDGAR O. SILVER NOW HEADS TRIANGLE CLUB

Princeton, March 10.—Edgar O. Silver, of East Orange, was elected president of the university Triangle Club, Thursday night. Silver is a member of the junior class and has been connected with the Triangle Club, a dramatic organization, for three years. Scientific Fur Storage

Ready with a spacious, airy vault and dry, cold air of the right temperature to scientifically care for all garments that need summer protection.

No crowding. Garments can be had whenever wanted, and are carefully brushed and cleaned before being stored.

A postal card or 'phone call—Stuyvesant 4700, extension 136 or 138—is all you do. Charges very moderate.

Tenth floor, New Building.

Science and SOAP

Science solves hard water with the right soap. Business brings it during March at lowest cost—5c cake.

Water running over limestone and other soil—all good—comes to us here in New York, hard. Makes the skin a bit rough. Prevents some soap from lathering.

The French had the same problem. But trust the French to look well to the care of the skin. Their scientists got busy, took certain other good things of Nature, a crucible, and such helps, and presto!—a pure, soothing soap that fluffs into foam when used in hard water, and leaves the skin soft and smooth as a baby's.

We discovered this soap, joyed in it, brought the formula to this country and have sold millions of cakes at the year-round price, 10c, or three cakes for 25c.

Men use it for shaving; women for laundering dainty laces. Plenty of almond oil in it, that's why it soothes. The cake is a trifle smaller this year owing to rising costs, but the high quality is maintained.

March price, 5c a cake.

March China Sale

China is not a thing that one can make in a day. It can't be finished in one process. It can't be rushed. It is as unhurried as time. An amateur cannot make it successfully.

The large collection in the Wanamaker Store of foreign dinnerware result from a special trip abroad of our representative. He went to the English and French potteries, discovered the reasons for the delays in shipping our goods and found ways to expedite deliveries in time for this Sale.

March dinner sets of English porcelain, $17.50, $23.50 and $25.

French china dinner sets, $30 upward.

American porcelain dinner sets, $12 upward.

Sunshiny Floor Coverings

The slower Spring is in getting here the more agreeable in suggestion are these rag rugs in their cheery colors that speak of days of the good sunshine that all of us are eager to welcome.

These rugs come in regular sizes, ranging from 27x54 inches, at $1.35, up to 9x12 feet, at $35.50.

Bands or floral borders in colors contrasting with those of the body of the rugs.

Among what might be termed "sunshiny" floor coverings, these rugs take the lead, and this season they are in rather unusual demand. There is a full assortment of colors to choose from.

Poiret Models and Other Originations

The Galerie of Fashions is now an exciting spectacle of new clothes which stir the imagination and the ease with which anyone may be beautiful.

PAUL POIRET

The authorized reproductions of Paul Poiret models which can be seen in New York only at Wanamaker's, are shown upon request in the new Salon Poiret. Prices are very moderate and the garments are extraordinarily like the French originals.

Long Tasseled Sleeves

are part of a new reproduction of a Jeanne Lanvin black gown for afternoons; its round neck is outlined with jet beads.

An Evening Gown of Yellow Lace

with a girdle of gleaming golden sequins has an over-drapery of misty brown tulle which somehow suggests the art of fairies.

A Callot Gown Copied

in a mystic pale violet cloth of silver has spider webs spun of silver threads and a touch of rhinestones and pearls in the slender tie girdle.

Like the Gowns Georgette Wears Herself

is the new copy of one of her models: black chiffon over black satin, with a festoon of flowers on one side, the skirt veiled with chiffon.

Another Callot Model Copied

is an elaborate evening gown of yellow brocade with rhinestones and pearls and tulle.

Full Gowns of Tulle

are still in the best fashions. The youngest, gayest one is tulle for a woman to dance in has a high girdle of sparkling sequins to match in color, this girdle opening into a V which gives a quaint air of originality.

A Scarlet Gown of Tulle

will be a picture with a purple or black ostrich fan.

The Tonneau Silhouette

is prettily suggested in the afternoon dress of platinum gray chiffon embroidered with blue and purple and silver and green.

Prices Are Moderate

The Poiret copies are $29.50 to $115, the copies of other Paris couturiers are $55 upward, and none of these dresses described here is more than a hundred dollars.

Second floor, Old Building.

Lovely Dresses for Girls

The GIRLS' Own Corner glows with the brightness of the new Spring frocks, made for girls of 6 to 14 years—linens, cottons, Scotch ginghams, voiles, organdies, nets, silks, simple tub dresses and sweet little party frocks.

One charming dress has touches of smocking; another is a picture in linen and white, several are copies from French models (exclusive), showing long revers, frilled belt-tops, long waists, exquisite hand embroidery, different colored French linens; a ramie linen is in a new shade of tan, with black stitching; Scotch gingham plaid frocks have black velvet ribbon sashes; another has detachable guimpe of white voile.

Tub dresses, of imported and domestic ginghams, $1.50 to $16.75. Dresses of white voiles, linguerie, organdie, net, crepe de chine, $2.75 to $15.75. Silk frocks, $9.75 to $16.75.

Second floor, Old Building.

French Dress Linens, 85c

Genuine French linen; and the French achieve an effect in weave and a pure beauty of color peculiarly their own. That's why French linens make dresses of such charm.

Ramie, comack and granite weaves in a wide range of desirable colors—plenty of lovely blues and greens. We took all an importer had who was going out of business, hence, with present conditions, this remarkable price—85c yard. 44 and 46 inches wide.

The Oscar Saenger Singing Lesson Victor Records

for the week beginning Monday, March 12th, with organ recitals daily at half-past two and eight.

The program will be introduced with a short talk on the history of Vocal Music and Singing by well-known musicians, followed by the first public demonstration of the records themselves with the assistance of a quartette of excellent artists to demonstrate how they are to be used, and closing with a concert program of songs illustrating the use of the various beautiful features of the vocal art by famous composers in the composition of songs.

The public is generally invited without the necessity of a card for admission to attend these Recitals. Everybody loves to sing, so that whether you are a Singing Teacher, a Student of Vocal Art or merely a Lover of Music, you will be interested.

Personally Conducted by Mr. Oscar Saenger
Mr. Alexander Russell at the Organ
First Gallery, New Building.

WILSON ORDERS TRADERS ARMED

Calls Extra Session of Congress For April 16.

WILL EXERCISE FULL POWER

President From Sickbed Calls Legislators In Order That Big Appropriation Bills Left Over May Be Passed and Defense Legislation Rushed In Preparation For Eventualities.

HOW PRESIDENT CALLED EXTRA CONGRESS SESSION.

Washington, March 10.—The president's proclamation calling the extra session of congress follows:

"Whereas, Public interests require that the congress of the United States should be convened in extra session at 12 o'clock noon on the 16th day of April, 1917, to receive such communications as may be made by the executive;

"Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby proclaim and declare that an extraordinary occasion requires the congress of the United States to convene in extra session at the capitol in the city of Washington on the 16th day of April, 1917, at 12 o'clock noon, of which all persons who shall at that time be entitled to act as members thereof are hereby required to take notice.

"Given under my hand and the seal of the United States of America the ninth day of March, in the year of our Lord one thousand nine hundred and seventeen, and of the independence of the United States the one hundred and forty-first."

Washington, March 10.—American merchant vessels have been ordered armed to defy the German submarine zone of death and destruction, and President Wilson from his sick bed has called the Sixty-fifth congress to meet in extraordinary session Monday, April 16, to handle such legislative business as this step may render necessary.

With the fateful "next step" to protect American lives and American rights at sea under way, the United States today is practically on a war basis, and within six weeks all of the machinery of the government will be mobilized in Washington prepared for any eventuality.

The president's order to the navy department to place naval guns and gunners aboard merchant vessels and the proclamation calling the new congress came simultaneously. From his sickroom in the White House he on his own responsibility ordered that the naval power of the United States be exercised to enable American commerce to resume its rightful place on the seven seas.

Need of Extra Session.

His secretary outlined the president's views both as to arming ships and as to the need for an extraordinary session of congress in this statement:

Secretary Tumulty stated in connection with the president's call for an extra session of congress that the president is convinced that he has the power to arm American merchant ships and is free to exercise it at once. But so much necessary legislation is pressing for consideration that he is convinced that it is in the best interests of the country to have an early session of the Sixty-fifth congress, whose support he will also need in all matters collateral to the defense of our merchant marine.

The arming of American merchantmen, administration officials say, will put the next move in the game "up to Germany."

Gravely it was admitted that the sinking of an armed American ship by a German submarine or the destruction of a submarine by an American vessel would bring the two nations to the verge of an actual physical clash.

President Wilson, however, feels that the protection of American rights at sea is paramount and that those rights will be safeguarded, whatever consequences Germany may force. He will proceed at once to place the nation on a basis of self defense, which will provide for any eventuality.

Whether the president will ask the new congress to reaffirm and indorse his step in arming American merchantmen is in doubt. It was pointed out that by April 16, when the congress convenes, the situation may be entirely changed by actual occurrence in the war zone.

Must Vote Large Sums.

Under the call any and all legislative business can be pressed before the session, and undoubtedly the several big appropriation bills which failed in the congestion and turmoil which marked the close of the last congress will be the first matters considered.

These include the big army bill, carrying $277,000,000, vitally essential to the preparedness plans of the government; the sundry civil bill, providing $138,000,000 for the civil establishment; the general deficiency bill, providing $60,000,000 imperative for immediate use in various lines of governmental activity, and the Military academy bill, carrying $1,500,000.

It was stated that as soon as the new congress convenes the president will lay before a joint session his views and desires as to legislation. If he wants legislative sanction for his step in arming ships, congress leaders declared, it would be promptly forthcoming.

SEE MYSTERY SUBMARINE.

Big Craft Sighted Off Atlantic Coast. Not American Boat.

Boston, March 10.—A large submarine, whose nationality was not learned, was sighted twenty-five miles southwest of Fire Island, New York, by the steamer Indian, which arrived here from Philadelphia. Captain W. C. Bickerson said the undersea craft was about 150 feet long and painted black. She carried a small superstructure on the deck, which looked as if it might house two periscopes.

Officers of the steamer were called to the bridge, and all agreed the submarine was not one of the American fleet.

DANIELS APPEALS FOR CENSORSHIP

Asks Newspapers Not to Publish Ship Sailings.

MIGHT CAUSE LOSS OF LIFE.

Navy Secretary Claps Silence on All Wireless News from Government Controlled Stations of Movements of Merchant Vessels—Says President Will Act For Best Interests of the United States.

Washington, March 10.—Lacking legal authority to establish general censorship, the administration has appealed to the patriotism of the country's newspapers and cable companies to suppress publication and transmission of information about the movements of American merchant craft, now to be armed against German submarines.

Secretary Daniels in his statement to the newspaper men said:

"You have read the statement issued from the White House, and now you know that the president has the power to arm American merchant ships making trips on the seas on lawful errands and if free to exercise it at once. I do not think you ought to ask with what guns they will be armed or how they will be manned or exactly when the power will be exercised. The government should be trusted fully to carry out the policy announced in the best way.

Radio News Censored.

"I do not think you ought to ask when the ships will be armed or print when they will sail. I requested every cable company in America not to send out any news about ships sailing to or from Europe. The wireless stations are under the direction of the navy department, and no news of sailings will go out by radio.

"I am going to request you and every newspaper and every news agency in the United States not to print any news about the arrival of ships or when any of them will sail for European ports.

"There is no power of censorship in our country. The president does not have any authority over the press. In this time of national emergency I feel sure that every newspaper will accede to the request and not even give a hint or speculation of the sailing of American ships. Such publication might result in the loss of life.

"As the reasons are so obvious for making this request there is confidence in administration circles that this request will be complied with by every paper in the country.

A Patriotic Service.

"All patriotic Americans are ready to make sacrifice for their country in times of emergency. The press can render the highest patriotic service by refraining from printing at this time what ordinarily they would freely print.

"Inasmuch as it will be impossible to reach every paper and news agency directly, I will ask all papers to carry this request, which is made as an appeal to patriotism to all journalists and disseminators of news. The best news the readers can have is that the government will protect the rights of America to the freedom of the seas. The publication of details can serve no good purpose and might jeopardize human life. All readers will surely applaud the papers in responding to this appeal."

Later Secretary Daniels announced that there was no objection to the publication of the arrivals of vessels in American ports. Although Mr. Daniels has determined not to reveal any of the department plans for carrying out the policy ordered by President Wilson, he previously has stated that the navy is prepared with guns, ammunition, gun crews and all other necessary equipment or personnel to carry out the instructions.

$2,500,000 ON MORGAN.

Financier Takes Out Big Life Insurance Policy.

New York, March 10.—J. Pierpont Morgan has applied to the New York Life Insurance company for $2,500,000 insurance, the largest personal life policy ever taken out in America.

An unprecedented feature, so far as known, is found in the statement that the vast insurance is being taken out as an offset to the state inheritance tax. The loss which his family would suffer through the appropriation by the state of a large inheritance tax will be made up in whole or in part by the payment of the $2,500,000.

To handle this tremendous risk it will be distributed among practically all the large insurance companies of the east.

Offer Pigeons For War Use.

Trenton, March 10.—The Trenton section of the National American Homing Pigeon Federation has placed the splendid flocks of pigeons owned in the city at the disposal of the government in the event of war. The birds are trained to fly from 100 to 1,000 miles.

Inactive Kidneys Cause Disease

"I shall not soon forget the benefits I derived from the use of Foley Kidney Pills."—Al A. Colley, Forest Grove, Oregon.

Too much work and too little work seem to have about the same effect on persons past middle age. Proper action of the kidneys is necessary to good health. They act as a filter and remove from the blood poisonous waste matter which if permitted to remain in the system leads to many complications.

Many nervous, tired, run-down men and women suffer from pains in the back and sides, dizzy spells, bladder weakness, sore muscles and stiff joints and fail to realize that rheumatism, diabetes or even Bright's disease may result.

If you have cause to believe that your kidneys are weak, disordered or inactive you should act immediately. Foley Kidney Pills have been used by young, middle aged and old with complete satisfaction. They act quickly and surely and have given relief in cases of ten years' standing.

DENIES ATTACK ON BILLY SUNDAY

"Grotesque Evangelism" Hit by Bishop Berry.

STIRS METHODIST CONFERENCE

Says Church Cannot and Dare Not Allow Itself to Be Displaced by Peripatetics Who "Divorce People From the Church to the Shed"—Calls System Full of Menace.

Atlantic City, March 10.—Methodist pastors of New Jersey and Pennsylvania in annual conference here today are still discussing the vigorous attack by Bishop Joseph Berry, who presided, on the "professional evangelist."

"Grotesque forms" of evangelism were flayed in vigorous terms by the prelate.

"It is time to call a halt," he said, "in divorcing the people from the church to the shed," after explaining he was not making a personal attack on Billy Sunday or to any evangelist specifically, but to a system full of menace. He decried tabernacle meetings generally and declared the church cannot, dare not, continue to allow itself to be displaced by the peripatetic evangelist from somewhere." He termed the professional evangelist system as a "colossal blunder."

Bishop Hamilton of the American university, Washington, said there is no place in the coming where Methodism has so conspicuous opportunity as Washington.

In touching upon the advanced educational activities of other denominations the bishop referred kindly to Catholics. "I have no fear of them," he said. "It is true they dominate in some parts of the country. But there are two Methodists to every Catholic in this country, and I have no fears as to our future."

Superintendent Shields of the New Jersey Anti-Saloon league appealed to the pastors to actively support the Kates home rule bill, "which is somewhere in the house," as the next best thing to a local option bill. He endeavored to explain the apparent opposition of national anti-saloon leaders to the opposition of the District of Columbia "home dry" bill. He insisted it was doubtful whether it is wise to incur the opposition of those who are opposed to a prohibition act which is going to deprive them of the private use of liquor.

The Rev. J. H. Neal, district superintendent for Bridgeton, expressed the gratitude of his people to Le Roy Loder, a "conscientious judge in Cumberland county," who has refused to grant any new saloon licenses in his county.

The Rev. Mr. Neal deplored opposition in some quarters to the preachers' endowment fund.

The Rev. Alfred Wagg was appointed chairman of a committee to go before the women's convention in support of the endowment fund. The Rev. George L. Dobbins was made chairman of a committee to harmonize warring conference claims and ministerial aid forces.

BOTH PARTIES CLAIM NEW HOUSE

Organization Hangs on Votes of Independents.

Washington, March 10.—Confronted by the most serious international situation which the United States has faced in more than half a century, house and senate leaders were gratified by the announcement of the president's call for an extraordinary session. They at once took preliminary steps looking to the organization of the new congress.

On the face of the returns there is not a majority of either political party in the house of representatives. There are 215 Republicans, 214 Democrats, three Progressives, one Socialist and one Prohibitionist in the new house. Thus the balance of power is for the moment in the hands of the little group of five independents.

Even in the face of a shortage of four votes from a majority, the Democrats are confident that they will organize the house. They will assert that the impending emergency demands that the house shall be controlled by the same party as controls the senate and is in power in the executive branch of the government. This will be the plea that the party will make to the little group of independents and to certain Republicans.

Both Democratic and Republican leaders sent out warnings to all members of the new congress to be on hand well before April 16 to allow time for caucuses and conferences.

The steering committee of the senate is continuing its work of reorganizing the committees and announced that it would be completed Monday. Senator Thomas of Colorado was tentatively agreed on to replace former Senator O'Gorman on the important foreign relations committee.

MUST SAVE PRINT PAPER.

Publishers Asked to Use Less and Apply Rigid Economy.

Washington, March 10.—News print paper price arbitration, undertaken by the Federal Trade Commission, will succeed, in the opinion of the commission, only if publishers practice the closest economies in the use of paper.

Blank agreement forms sent to publishers throughout the country inform them that to benefit by the price fixing plan they must not only consent to relinquish 5 per cent of their paper requirements, but must agree to discontinue return privileges and must buy additional paper only to meet the most urgent needs.

GYPSIES ORDERED OUT.

Caravan of a Hundred Told to Leave Passaic, N. J.

Passaic, N. J., March 10.—Brought before Judge Costello here, over a hundred gypsies were directed to leave town at once. Police Commissioner Kehoe said that he had ordered the police to "run the gypsies out of town" if they have failed to obey the court's edict.

Many residents made complaint regarding the gypsies. They claimed they were a menace to the health and morals of the people by their fortune telling and disturbed the peace by carousing at night.

Barnstorff Ship In Storm.

Copenhagen, March 10.—The foreign office announces that on account of a severe snowstorm the steamship Frederik VIII., carrying the Barnstorff party, was prevented from touching at Christiansand, but continued straight to Christiania.

WANT KAISER EXPELLED FROM BOSTON YACHT CLUB

Boston, March 10.—The Eastern Yacht club has had a stormy session over the question of expelling the kaiser, who is an honorary member. The matter was finally dropped when a by-law was recalled which provides that a member against whom charges are made must be given a hearing.

The kaiser was elected a member as a compliment for Germany's hospitality to American yachtsmen in 1907 during the Kiel regatta at Kiel for the Emperor William cup. Prince Henry then entertained members of the club and they were presented to the emperor.

The reason given by proponents of the kaiser's expulsion was that he had been guilty of conduct inimical to the best interests of the United States.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestion, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate acts on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.—Adv.

Help To Protect Your Service

YOU can help to protect your telephone in many ways that will not be burdensome, but which will be of real benefit to your service. For example:

You can be careful of the telephone apparatus—a wet umbrella leaned against a telephone cord can put a line out of commission.

You can be sure that your desk telephone is in a position from which it cannot fall to the floor and become damaged.

You can try to prevent a receiver from being dropped or banged against the receiver hook.

Any damage to the instrument or telephone lines *may* impair your service.

Help to keep up the standard of telephone service by doing your share in protecting the telephone or wires against damage.

CONCERT BAND WILL REPEAT MINSTREL SHOW

The members of the concert band of the International Motor Company at a business meeting last night decided to give two more performances of the Saurer minstrels at an early date, in response to many requests from friends of the organization.

There will be no dance after the next performance, but following the third one there will be a masque ball, the time being too short to run both together. The show will be under the same auspices as on the first occasion and the program will be the same, except that several new songs will be introduced.

ILLUSTRATED LECTURE FOR K. OF P. MEMBERS

Perseverance Lodge, No. 74, K. of P., at its meeting last night elected one new member. Other business transacted was of a routine nature.

On the evening of March 23 Prof. J. C. Evans, a member of the lodge, will give an illustrated lecture on *"Farming in the Middle West."* This will undoubtedly be a rare treat for the members, as Mr. Evans has many highly-colored slides, depicting the wheat fields and other interesting spots in the West.

"CASCARETS" SET YOUR LIVER AND BOWELS RIGHT

They're fine! Don't remain bilious, sick, headachy and constipated.

Best for colds, bad breath, sour stomach—children love them.

Get a 10-cent box now. Be cheerful! Clean up inside tonight and feel fine. Take Cascarets to liven your liver and clean the bowels and stop headaches, a bad cold, billiousness, offensive breath, coated tongue, sallowness, sour stomach and gases. Tonight take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand—Everybody's doing it. Cascarets beat laxative for children also. —Adv.

PROGRESSIVES TO CALL NATIONAL CONVENTION

From national Progressive headquarters in New York a call will go out within a few days for the national convention to be held at St. Louis on the four days beginning April 12. By resolution, the Progressive National Committee announced recently that it was willing to co-operate with the liberals of all parties "to form a really coherent and a really liberal party." The St. Louis convention is the first tangible step in the process of trying to organize the liberals.

To awaken interest in the forthcoming conference, the Progressives of New Jersey have scheduled meetings to be held tomorrow afternoon at the office of H. A. Drake, Camden; March 16, at the office of A. V. Robinson, Morristown, and March 23, assembly room of the Essex building, this city. Many invitations to these State gatherings have *been sent out by the State executive* committees of the Progressives. Delegates will be named to St. Louis.

New England Progressives will hold a preliminary session at Hartford, Conn., March 29, at which the acting national chairman, Matthew Hale of Massachusetts, will be one of the speakers.

To labor leaders, Prohibitionists, Socialists and woman suffrage leaders, and many independents, invitations have been sent to attend the St. Louis meetings. Each State may choose as many Progressives as it wishes to send.

BATTERY C OBJECTS TO TRAVELING AS FREIGHT

Sanderson, Tex., March 10.—Handled as a way freight, the train carrying Battery C, New Jersey Field Artillery, was traveling so slowly through Texas that Captain Edward C. James ordered his command to detrain on reaching this place Thursday night and communicated with headquarters of the Southern department. Five hours later he received word to proceed and assurance that no more freight cars would be picked up.

The battery is traveling over the Southern Pacific, and on the first day of its trip through Texas the railroad had switched a long string of freight cars onto the train. There were frequent stops while the cars were cut out and others added, so that the troop train pulled into Sanderson, twenty-four hours behind its schedule. The appeal to the Southern department was not made until the railroad had been asked in vain to remedy the trouble.

NEW SENATOR MAY GO ON MILITARY COMMITTEE

Washington, March 10.—The steering committee of the Democratic majority and Republican minority of the Senate are engaged in making new committee assignments. It is probable that Senator Frelinghuysen, *the new member from New Jersey*, will land on the military affairs committee, which is one of the "big six" among the committees.

Senator Hughes was listed to go on the Democratic steering committee, but declined because he felt that with the three committees mentioned he had all the work that he could conscientiously handle.

STATE RETAIL CLOTHIERS TO FORM ORGANIZATION

Herman Schwed and Samuel Rothberg, of this city, will be among those who will attend a meeting to be held at the Robert Treat Hotel, Newark, *Monday night, March 9, at which time* there will be organized a State Retail Clothiers' association, similar to those in many other States.

The plan is to bring the retail clothing merchants together in an effort to correct many trade evils and for the general protection of the business. Officers will be elected and plans discussed for the welfare of the association.

MAKES PLEA FOR COUNTY HOUSE

(Continued from Page 1)

has been an effort to distinguish between the 'poor, impotent, sick and diseased people not able to work' who may be 'provided, helped and relieved' and 'such as be lusty, having their limbs strong enough to labor' who 'may be daily kept in continual labor, whereby everyone of them may get their own living with their own hand.' We have to deal in the almshouse with the first group only. And from this group there have gradually been eliminated, or should be, disorderly persons, such as tramps, insane, epileptics, and feebleminded, also children and persons with acute illness.

"The poor, impotent, sick and diseased class needs first of all, infirmary care. In any almshouse Alexander Johnson advises 10 or 12 per cent. of *the inmates must be counted upon as* possible recipients for infirmary care. Besides proper hospital equipment this involves the services of a trained nurse and a competent physician paid for routine regular visits, not separate calls. How many of our poor old persons have such medical care?

"Those who are not diseased need first, a comfortable home preferably in the country and on a farm. The farm should be big enough to raise all vegetables and fruit, beef, pork and chickens need. In Indiana we know many poor, farms are self supporting. The excellent Orange township almshouse for 75 people is maintained at the low cost of 6,310 (1916). Plainfield with only 10 inmates cost $4,354.42. Do these figures mean nothing to the county regarding the economy of running a larger institution?

"The equipment of a county almshouse and farm could obviously be more complete and economical than that of a small almshouse. Modern tools of agriculture could be obtained which under scientific management means so much. A heating and lighting *plant, steam or hot water* with electricity are safest, cheapest and cleanest, but impracticable for small places like Plainfield or Rahway. A steam laundry is an equal possibility in a large institution.

"Humanity says—Take care of your poor, impotent, sick.' Common sense says, 'make your able-bodied do unquenchable work.' Logic adds 'house the two classes separately but near enough to apply the labor of one to the needs of all.' Business says in conclusion 'the longer you wait, the more it will cost.'"

DRAMATIS PERSONAE OF "THE HOODOO"

Humorous and dramatic situations are plentiful in "The Hoodoo," the three-act comedy which the young women of the Chi Gama Chi Club, assisted by the St. Joseph's Young Men's Bible class, are preparing to produce in St. Joseph's Hall, Monday evening, March 19.

The cast is well balanced. The dramatic personae are the Misses Theresa McCullough, Frances Neumann, Ann Veronica Daley, Anna McGinness, H. A. Brymiarski, Katherine Newell, *Elsie Morrison*, Nora Bergen, Marzetz Barry, Marie Murray, Esther Regan and Margaret Moran, and Messrs. Edwin Sullivan, Frederick Greene, Robert Pasch, W. B. Mead Jr., Harold Mead and Alfred Seidel.

MORE UNITS CALLED OUT IN SWISS MOBILIZATION

Paris, March 10.—The Swiss Legation has informed the reservists on leave and subject to mobilization that the government has decided to complete the partial mobilization of January 24 by calling out other units, including the infantry battalions of the 3d and 6th divisions, the artillery and two battalions of the Landwehr.

OKLAHOMA WOULD REWARD AMERICAN SINKING U BOAT

Oklahoma City, Okla., March 10.—A joint resolution authorizing Governor Williams to "pay a reward of $100 to the first American gunner who destroys a German submarine that can in an attempt to sink an American ship or any ship carrying American passengers," has been introduced in the lower house.

WILL ABOLISH CROSSINGS

The Board of Public Utilities Commissioners has notified the Pennsylvania Railroad Company and the committee of the township of South Brunswick, Middlesex county, of its having approved the plan for the elimination of the grade crossings at Jane Hills road and Dayton road and the main line of the road between Dean and Monmouth Junction.

MEANWHILE

We are tired of being idiotic; it's so blithering silly.

One can be entertainingly brainless up to a certain point, but beyond that one is merely annoying.

We had thought today to diagnose the toy terrier, that nickey's worth its dog with a million-dollar pedigree, which wags a warped lead pencil on one end and sports a nervous nose on the other. But that did not appeal to us.

Then we considered the porcupine and figured out a fetching line about his being the original apostle of preparedness because he trains his hair for home defense. But we tried it on the office boy and he didn't laugh, so we set that subject aside. We tried some other things, but they were just as useless.

There are times when even a professional fool can't do a good job of it.

SPORT BRIEFS

Gathered From Here, There and Everywhere in the Sporting Arena

Chicago—Bobby Roth, hold-out of the Cleveland Indians, started for New Orleans yesterday to report to Manager Fohl.

Augusta, Ga.—Walter Johnson was the only Senator missing from the ranks here today. The squad was divided into two sections in yesterday's practice, and regular games will be the order hereafter.

Princeton, N. J.—Anyone who doubts spring is here may dispel all doubt by visiting Princeton's gymnasium. Seventy-five candidates have answered Coach Rush's call for spring football practice. The squad will commence working in earnest Monday.

Mineral Springs.—After a lengthy conference with Manager Rowland and President Comiskey, "Chick" Gandil signed a contract here yesterday to play with the White Sox.

Pittsburg, Pa.—In two squads—one from here, in charge of Bill Hinchman, and one from Chicago, in charge of Manager Jimmie Callahan—the Pirates made their getaway for Columbus, Ga., their new training camp, yesterday. Hans Wagner, veteran shortstop, did not accompany the team south and has as yet signed no contract. Max Carey is also unsigned.

Kansas City—William Louden, a second baseman with the Cincinnati National League team last year, has been signed by the local American Association club, Manager John Ganzel announced yesterday.

Waxahatchie, Tex.—Taskmaster Jennings told his Tigers to "loosen up" a bit yesterday. A game is on in Fort Worth for tomorrow, and Hughey wants to make a good getaway. First Baseman Burns and Second Baseman "Pep" Young are due in camp today, and all the Tiger band excepting Cobb and Vitt are expected to be on hand Monday.

Hot Springs, Ark.—George Foster and Vean Gregg have come in out of the hold-out class and have signed contracts with the Red Sox. This caused considerable jubilation in camp. Two hours' hard work on the diamond and a hike over the mountains were scheduled for today.

SAYS 675,000 CRACK SHOTS SHOULD ANSWER WAR CALL

By United Press:

Philadelphia, March 10.—Six hundred and seventy-five thousand crack trapshooters will answer the nation's war call if it comes, according to a statement here today by Charles Henry Newcomb, national amateur champion trapshooter of the United States. Pennsylvania alone could furnish about 30,000 of them, he said.

A JUST TRIBUTE TO CHIEF BENDER

A Few Sidelights on Life of the Famous Indian Ball Player

There is always something touching about the passing of an old-time baseball player, one of the men who grew up with the game and saw it develop into the sport of the nation. It was so with Chief Bender, just as it has been true of other ball players, and there is just a shade more of emotion in his passing, for it leaves only one Indian of prominence in the major league.

Strong, healthy, quick, drilled in outdoor sports by inherited rivalries, the Indian never has been known to completely fathom the white man's game of baseball. Many hundreds of the copper-skinned men have been called, but very few of them have reached the pinnacle of perfection in the majors.

Bender was one of the most prominent members of his race who ever played baseball, and Chief Meyers is another. Jim Thorpe, wonder though he is at other sports, is nothing more than fairly good as a ball player. Sockalexis will recall gloriflied athletics to many an old-time fan, but he passed as they all did. Chief Johnson was a wonderful pitcher and might still be if he had cared to keep himself in condition.

Bender was purely a product of the Connie Mack school. He was picked up after making a wonderful record for a team at Harrisburg, Pa., and then after a summer of illness and a season of no success, he blossomed. It was his work that did more than anything else to drive the Athletics to a pennant in 1911, and then he came through with a world's series victory practically unaided when Jack Coombs was stricken down. His work held up the Mackmen when everything else was going bad, and his final effort in the 1915 world's series was a crowning attempt to pull his team from a defeat.

Connie Mack dropped him at the same time he did Jack Coombs, and both the master hurlers passed into the National League eventually. Bender after spending a season with the Federals, he wasn't much of a pitcher, but he had used his experience to good effect, and he was considered about half the strategical board for the Phillies.

NETHERWOOD JUNIORS IN ANOTHER VICTORY

The Netherwood Juniors took another crack at the K. O. K. A. Club players of Westfield this morning at the Netherwood court, defeating it by a score of 33 to 28. The contest was a thriller from one end to the other, and fast playing was the order of the day. The first period concluded with the locals having an advantage of a mere point—a little too close for comfort. Morgan, of Westfield, and Randolph, of the locals, put up the star game.

RIFLE CLUB NOTES

A fine meeting last evening. Short talks by Messrs. Thomas and Hare, neighbors, of the Westfield Rifle Club. Some thirty club members on the job. Room for lots more, despite the improvement.

Rifle practice this evening, beginning at 8 o'clock. Likewise next Wednesday night. Friends of the cause are urged to give one night a week to the cause.

Committee on site for outdoor range reported progress. Hard trouble to find a suitable site for such a purpose as this, but the local men expect that it will be found in due season.

Next meeting Friday, March 16. Practice follows the session. Kill two birds with the one shot and you become an expert marksman.

If the high school cadets are not revived at the local educational institution it wouldn't be a bad idea for the Plainfield Rifle Club to care for the youngsters up to a certain point.

Still room for more interest and larger attendance on the part of the members. Likewise, room for a few more members. Applications for membership may be forwarded to Secretary Biddle, second floor of the State Trust Company building, or to the sporting editor.

LIONS DROP THREE STRAIGHT GAMES

Also Drop in Position in Tabs House Tourney Over Night in Games With Bulls

Lions	12	12	918	.500
Foxes	6	18	926	.250

The Lions of the Tabs' house tourney had no great reason to growl last evening after having lost three straight to the Bulls, for it was chiefly their own fault that this thing happened. Skinner, who set the pace in the City League contests Thursday night, repeated in the tourney last evening, chalking up an average of 189.2, the highest mark reached by any of the boys. His high score was 204.

The tourney race has been so tight that with the losing of the three games to the Bulls the Lions dropped from a tie for second place to the fifth rung in the percentage column.

T. A. B. S. GO DOWN TO A HARD DEFEAT

Put Up a Hard Tussle, But Are Beaten Out by Jersey City Y. M. C. A.

The Y. M. C. A. of Jersey City has some fast basketball aggregation, as members of the local T. A. B. S. will be willing to testify. The Hudson county boys came here last evening and managed to take the Abstainers into camp by a score of 55 to 44.

After closing the first period with a score of 31 to 13 against them, the Tabs came back strong in the second period, but the visitors were more than able to hold their own, as well as a sufficient portion of their well-earned early lead, to come out the winners at the conclusion of the full forty minutes of play.

While coming out of the battle as the losers, the locals put up a great game, the team work exhibited being of an exceptional class. Every man of the visiting aggregation participated in the scoring line.

TO "BUST" OUTLAW HORSES AT BREEDERS' SHOW

By United Press:

Fort Worth, Tex., March 10.—Some of the toughest "outlaw" horses in the country are due to get "busted" during the National Feeders' and Breeders' Show which opened a week's session here today. Real buckers have been imported from all parts of the West and Southwest for the championship events, in which the best men and women riders will participate.

NEW BRUNSWICK IN ANOTHER DEFEAT

North Plainfield Girls Just a Little Too Speedy for Middlesex Aggregation

Playing with practically a new line-up throughout the game, the North Plainfield High School girls' basketball team easily took the New Brunswick High School sextet into camp on the Saengerbund Hall court yesterday afternoon by the score of 18 to 11.

The Canadians, minus the services of May Doughty in her regular position at guard and Helen Spencer at side-centre, presented several new faces, Tess McCullough playing forward for the first time in her long basketball career. Dorothy Keller taking Helen Spencer's place at side-centre and Rosana McDonough substituting in guard for Miss Doughty. Short at guard, Miss Hafferman, found the ring for three long tallies, while her team mates repeated their work of a week ago against the same team at New Brunswick by shutting them out without a field goal. All the visiting team's points were made by Miss Rule from the foul line.

The second half saw still another change in the borough line-up, Miss Spencer going to the side lines and Miss Chandler taking her place. This period was slow and uninteresting, frequent calls of time delaying the play. Tess McCullough caged four overhead shots in rapid succession, while Miss Chandler found the hoop once. The North Plainfielders showed a particular weakness from the 15-yard line in shooting fouls, but made up for this by holding the visitors to a lone field goal throughout the entire game, which is no mean achievement, considering the calibre of their opponents.

After playing the delay, linger and wait game for about a month back, the Roselle Park and Cranford teams of the Central New Jersey Bowling League came through Thursday night with their final game of the season. At least, the Cranford aggregation did its share.

The game, originally booked for three p. m., was postponed three times and was finally to have been set up on Thursday night of this week. Then the Roselle Parks failed to show up and the games went by forfeit to the Riverside boys.

Secretary Firebrook, on the anxious seat for the past week because of the failure of this set of scores to come in, announced this morning that the final averages, figures and prizes for the team and individual averages would be announced early next week, as the Roselle Park-Cranford fills were the last of the circuit's games to be rolled.

P. H. S. WINS LAST GAME OF SEASON

Defeats Westfield in Close Contest by Score of 41 to 35

The Plainfield High School team closed its basketball season last evening by winning a great game from the Westfield High School quintet by the score of 41 to 35. Plenty of scoring was done by both teams, Westfield playing exceptionally well against the fast city champions and holding them to a 19 to 19 tie at the termination of the first period.

The game opened with a rush and every contestant maintained the pace until the last minute. Plainfield opened the game with a lead and maintained it until Stevens, Westfield's fast forward, ran up four points in the last minute of the first half. Both teams wanted to win and each exerted their best efforts in that direction. Good team work, however, on the part of the Plainfielders made victory possible.

Mills and Kline never played better basketball. The former at centre found it comparatively easy to elude his opponent, Jespersen. In the last half Mills rolled up 14 points and played a great offensive game. Kline was also good on the defensive and was in the heat of the fracas all the time.

A large number of rooters accompanied the Red and Blue team to the scene of the battle and enjoyed dancing after the game.

AND BOUND BROOK WAS ON THE JOB

Two-Man Team Again Takes the Somerville Lads Into Camp by Good Margins

Special Correspondence:

Somerville, March 10.—There were no brass bands to meet the Bound Brook boys who came along with Sanford Snyder and Peter Koechlein, the two-man bowling team, which has brought much honor to the town along the Raritan River. And the fellows evidently had not expected it, for they carried all the imaginable noise-making apparatus and paraphernalia one could possibly think of. And what's more, they had sufficient occasion to use the trumpets, horns, bells, whistles, their vocal chords, their hands and feet, for Snyder and Koechlein were walking all over Charley Mathews and Louis Roller, Somerville's two-man team. Just trampled, trimmed, throttled and tamed the local pin champions, despite the latter's game and wonderfully courageous efforts.

Matty and Roller both worked well. But what's the use? That Bound Brook outfit just cannot be stopped, it seems. At least, not these weeks, although there are loads of Somerville bowling enthusiasts who talk of and no doubt are willing to throw much of that desired green paper on their favorites. Matty Co., any time. But the fact does not mean that the local duo could do the trick next week or any other time, any more than it has during the past weeks.

It took but four games last night on Roller's alleys. The series was to comprise 21 games. The Bound Brook lads took 8 of 11 games on Effinger's alleys last week and last night they copped the last three of the four games rolled, giving them the eleven necessary for the honors and the hundred or more iron men.

The scores:

WESTFIELD RIFLE CLUB MEETING

An important meeting of the Westfield Rifle Club will be held Monday night. Captain Thomas has an interesting report to make on some matters of importance to the club at this time. The papers for the transfer of papers have been received and Secrtary MacDougall is making them out as fast as possible.

WE SHOULD HAVE PREPARED LONG AGO

So Said ex-Gov. Fort at Preparedness Meeting in Orange

If ten years ago the United States had entered upon the ship building program which it is now starting, and if at that time it had provided for the training of a million young men a year as is now proposed, said former Governor John Franklin Fort at a preparedness meeting in Orange on Thursday night, there would be less talk of war now, and with 10,000,000 fit to shoulder arms and meet an invasion there would be no thought of an invasion.

The United States, declared the former Governor, should be ashamed of itself so far as preparation even for its own defense is concerned. He had no blame for any one, he said, for fixing blame was of no avail.

"It does seem," said Mr. Fort, "that when in office—and I have held office—men forget their responsibilities, and they fail to initiate things that should be started. Some one has said we could raise a million men for the defense of our country over night. We might raise the million men all right, but as a body of soldiers I wouldn't give much for them."

Citing his own experience while in South America for the Government, the speaker said he had reason to feel that our navy was better than most people thought. Characterizing the navy as our first line of defense, he said we could do more with it than in any other way. He wanted a great navy, he added, not for making war, but for protection.

"I don't want to see war. Neither do you; I want peace. I want peace so much that I am ready to fight for it. If it is necessary to fight for peace, then I want the United States to fight."

BIBLE CLASS ENTERTAINED BY MRS. LESTER RENNINGER

The "Count on Me" Bible class of Trinity Reformed church spent an enjoyable time last evening as the guests of one of their members, Mrs. Lester Renninger, East Second street. There were about twenty members present, including the teacher, Mrs. Kirch. Following the business meeting a social evening concluded the session. Refreshments were served, the hostess being assisted in serving by Miss Edith Richards, Miss Elsie Debele and Miss Elizabeth Hillpot.

The class now numbers thirty-three members. It has been planned to hold a cake sale at a future date, the time and place to be arranged later.

TRIED FOR MURDER WHILE IN PRISON ACQUITTED

By United Press:

Ossining, N. Y., March 10.—Tried and acquitted on a murder charge while he was serving a two-year sentence in Sing Sing for grand larceny, Irving Wechsler, alias "Waxey Gordon" walked out of his cell and away today, free.

Wechsler, charged with the murder of Fred Strauss, a court clerk in New York, was tried a few weeks ago. His trial occupied 77 days and cost the city $70,000. One juror lost $9,000 and another $5,000 because of the jury service. Wechsler used to be a lieutenant of the Dopey Benny Fein gang of professional strong-arm men, strike breakers.

RAILROAD GETS FAVORABLE DECISION

Special to the Courier-News:

New York, March 10.—At the local office of the Southern Pacific Co. this morning advices were received that the company had received a favorable decision in the United States Circuit Court of Appeals at Salt Lake City, Utah, in the suit brought by the government to compel the sale of the Central Pacific Railway. The decision was rendered by Judge Hook and was concurred in by Judge Sanborn, Judge Curlin dissenting.

PRICE OF OLD PAPERS

A reader asks whether there is any place in town where old newspapers are bought and also the average price paid per hundred pounds.

The junk dealers are the only people here that purchase these papers. The general price paid just now is fifty cents per hundred pounds if the papers are tied up in bundles.

RETURNING FROM FLORIDA

Post cards from W. G. Debele and Andrew Lutkins and party, of the borough, who have been touring the South, reported the party at St. Augustine, Fla. They expected to start for home on Thursday via boat line arriving in Philadelphia tomorrow night, and be home Monday.

PUBLIC HEARING ON MEMORIAL PROJECT

Trenton, March 10.—The Department of Conservation and Development announces a public hearing to be held at the State House at 2:30 p. m., March 30, 1917, on the subject of a memorial to be established at Washington Crossing on the Delaware.

Since the Department of Conservation and Development was, by statute, made the successor to the Washington Crossing Park Commission the Board has given considerable thought to the situation. In taking over the duties of the old Commission the Department acquired only the obligation to care for the property previously purchased. No appropriation was available even for ordinary care. Legislation is lacking to carry the project forward.

NEW STEAMER "OHIO" IS REPORTED SUNK

Special to Courier-News:

New York, March 10.—The new 12,000-ton steamer Ohio, under charter to the French Government and operated by the French Line, according to a report here which has not been confirmed, has been torpedoed by a German submarine. The Ohio left here February 18 and was due in Havre today. She was carrying a cargo valued at upwards of $1,000,000, part of which was insured by local underwriters. At the offices of the French Line it was said that no word has been received from the Ohio.

TURKS IN PERSIA ARE RETREATING

Special to Courier-News:

Petrograd, March 10.—The Russian official says: "The Turkish army in Persia is retreating constantly under the pressure of the Russian advance. Along the entire front the Turks are falling back on Dauletabad and are threatened with separation from the remainder of the Turkish army. The latter consists of several divisions, including two that are perfectly equipped and drilled that were formerly stationed at Constantinople and at Adrianople. The Russian and British successes in the East render the position of this part of the army exceedingly critical."

PRESIDENT CONTINUES TO IMPROVE

Special to the Courier-News:

Washington, March 10.—President Wilson continues to improve, and is rapidly recovering from a slight attack of grip. Today he felt so refreshed that he was allowed to leave his bed for a while. Dr. Grayson, however, will insist that Mr. Wilson keep to his room for another day, leaving the cares of his office in order to prevent the return of fever.

BERLIN REPORTS SUBMARINE TOLLAGE

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

In connection with this department Miss Lee will gladly answer any inquiry relative to domestic affairs, a stamped envelope being necessary for a personal reply. Address care of Courier-News.

Just how to use the winter fruits, and those that come from the preserve closet, will doubtless prove helpful to the home caterer, at this season of the year, when something new is desired for dessert without incurring much expense or trouble.

Simple preparations of fruit are excellent to serve at the close of a hearty dinner, especially if accompanied by plain wafers and coffee, while some of the richer and more substantial recipes are useful in connection with simple made dishes or a dinner of broiled chops or cutlet.

For both the banana and pear, being what the French call "negative fruits"—that is, lacking a distinctive flavor of their own—the use of cooking wine, mild acids, like lemon or orange juice, a few spices, etc., are recommended when preparing them to the best advantage.

Jellied Figs

Cook a *pound of whole figs in boiling* water until tender. Soften an ounce and a half of gelatine in cold water and dissolve in one and a half cupfuls of hot water in which the figs have been cooked. Add three-quarters of a cupful of sugar, the juice of one lemon and sufficient canned cherry juice to make four cupfuls. Mold the liquid jelly and the figs in layers, in a mold that has been rinsed with cold water, and set in a cold place to chill and harden. Serve unmolded with thin cream or boiled custard. Be sure that each layer is firm before the next is added.

Pears a la Conde

Canned pears may be used for this recipe. Drain the fruit and allow one crystallized plum and four cherries for each pear. Heat the pear syrup and soak the crystallized fruit in it for one hour. Drain, chop, return to the syrup with the pears, reheat and arrange on a bed of hot, steamed rice. Pour over the syrup and ornament with squares of bright-tinted jelly.

Salpicon of Fruit

Cook large, fresh, seeded raisins until tender, in boiling water to cover. Then add, for each pint of liquid, two teaspoonfuls of arrowroot mixed to a paste with cold water. *Stir until the liquid thickens* and boils. Add three tablespoonfuls of currant jelly, the juice of an orange and cubes of canned pears and peaches. As soon as the fruit is heated through, pour over rounds of crustless bread that has been saute (lightly fried) in hot butter. This is an excellent dessert for children and is always popular.

Country Strawberry Tart

Use one quart of canned strawberries with a thick syrup. Cut slices of graham bread, butter them and lay them in the bottom and around the sides of a buttered bowl or deep baking dish. Pour in the strawberries, boiling hot, cover the top with more bread slices, place a tight-fitting cover over the bowl and bake twenty minutes. Then remove the cover, brush over with softened butter and brown for ten minutes in a hot oven. Serve hot with cream.

Knickerbocker Figs

These are excellent for a light dessert course and also for service at an afternoon tea or reception. The *ingredients required are: Half a pound* of candied figs, Maraschino cherries and pecan meats, two tablespoonfuls of sugar, one teaspoonful of lemon juice and half a cupful of sherry wine. Open the figs and stuff with the cherries and nuts allowing two cherries and three nut meats (cut in quarters) to each fig. Mix the remaining ingredients and add the figs. After covering the saucepan, cook *until the figs are tender. Turn and* baste several times during the cooking. Remove the figs, drain thoroughly, roll in powdered sugar and place in individual paper cases.

Fruit Salad

When a fruit salad is served at the close of a dinner, the dessert may be omitted and small cheese wafers and coffee served with the salad. To prepare a delicious salad, cut one orange into small pieces, avoiding the use of any skin or tissue. Cut half a pound of white grapes into halves or quarters, removing the seeds. Cut two cupfuls of celery into small pieces, chop one and a half cupfuls of walnuts and cut two peeled apples and bananas into dice-shaped pieces. Mix the ingredients lightly together. Moisten with a mayonnaise dressing, blended with the addition of whipped cream, and heap into a chilled salad bowl that has been lined with crisp lettuce

Banutti

Crush six peeled bananas to a pulp with a fork and add the juice of half a lemon, two tablespoonfuls of sherry and two tablespoonfuls of powdered sugar. Chop half a cupful of walnuts, add these to the banana mixture and gradually beat in half a pint of chilled double cream, that has been whipped solid. Turn into individual frappe glasses, that have been lined with halved lady fingers.

KITTY BLACK'S DREAM

Kitty Black was a large black cat. She was not very old, but she was old enough to catch mice and make herself *useful to the farmer's wife*, in whose house she lived.

But instead of being useful, Kitty Black *used to drink all the milk* the farmer's wife put out for her and eat all the fish she cooked for her, and never, never did Kitty Black bother herself whether the pantry was overrun with mice or not.

But one day something happened and Kitty Black woke up a wiser kitty than she ever had been, and this is what happened:

The farmer and his wife went *away for a day and a night, and* when they called Kitty Black to carry her to a neighbor's, for the farmer's wife was very fond of Kitty Black, she ran away because she thought she was to be shut up in the pantry to catch a mouse as she sometimes was when the mice were very bothersome.

So the farmer and his wife rode away without taking Kitty Black with them, and while there was a large dish of milk left outside the door for her, Kitty, when she found it, drank every drop, all at once, and when it came dinner time she *did not* have anything to eat.

Then Kitty began to cry, but no one opened the door, and Kitty cried some more, but no one came. When supper time came Kitty was very hungry, and cried and cried, and after deciding that no one would hear her she curled up on the top step, close to the door, and went to sleep.

Now, inside the kitchen the mice were running about and having a great time, and one of them ran close to the door and peeked under.

"O ho!" cried he; "come here, all you mice, and see the lazy puss out here on the steps."

Kitty thought she was dreaming when she felt something pull her fur, but it was a mouse which had poked out his paw and caught Kitty's fur on her back.

"Isn't she the lazy creature?" said one mouse.

"She is too well fed to bother about us," said another, "and I am glad she does get so much to eat, for it makes it safer for us. Just think of the fun we have running everywhere and nothing to bother us."

"She is too fat for her own good," said another mouse. *Just look at the* *way we can pull her fur and she is* too lazy to move."

But the mouse gave Kitty's fur too hard a pull that time, and up she jumped and yowled.

"I must have been dreaming," said Kitty Black. "Oh! how hungry I am! I would eat a mouse if I saw one. I never was so hungry in all my life. I cannot understand how mistress could treat me so."

Kitty curled up on the top step again and went to sleep, but the mice were watching her, and just as she dozed off one of them poked out his paw again and gave Kitty's whiskers a pull which made her jump and me-ow loudly.

And then Kitty heard a funny little noise and she turned her ear toward the door and listened. Yes, it was a squeaky little laugh, and Kitty went nearer and sniffed.

Her eyes opened wide and she sniffed again. Yes, there were mice on the other side of that door, and *for once in her life she wanted to* catch them.

"I'll pretend to sleep," said Kitty Black, "and perhaps one will run out under the door."

So again Kitty Black curled up on the top step, but this time far enough away so the mice could not reach her.

"Oh! she has moved too far away," Kitty heard one mouse say.

"Isn't that too bad," said another; "she has spoiled all our fun?"

"I would spoil you if I could once get my claws on you," thought Kitty to herself.

"She isn't worth her keep," said one mouse; "just think of all the farmer's wife does for that fat cat and she never even tries to catch one of us."

"Come along and eat all the cheese; there will be no one to stop us," said another.

"Oh! I know where there is a dish of meat, too," said another.

"And a dish of cream," said another. *"We will eat it all from that* lazy Kitty Black. She isn't worth keeping in the house," and off they ran.

Kitty Black was very angry and she looked hard at the space under the door, but it was too narrow for her to even get a paw under, so after thinking for a while of all the good things the mice were eating, she had to go to sleep to forget.

And then *Kitty Black dreamed*, that she was in the pantry and the mice were running all around, and when she tried to catch one she *couldn't* move a paw.

She saw the mice drink her dish of cream and eat all the chicken she should have had, and when she tried to strike at them, not a paw could she move or a sound could she make.

Oh! how she longed to get at those mice! Never before had she known what it was to long to catch a mouse.

One mouse in her dream came *very near to Kitty Black and held a* bit of chicken right under her nose, and just as she reached for it he pulled back, so that with one more try to catch him Kitty gave a spring, and bang! she went on the step below, where she had been asleep.

Kitty got up and stretched herself; she had been asleep too near the edge of the top step, and how she did wish for a chance at those mice, for she wasn't quite sure whether she had dreamed it all or not!

The farmer and his wife were just *coming into the yard, and Kitty ran* to meet them, me-owing and swinging her tail.

When the kitchen door was opened, to the surprise of the farmer's wife, Kitty Black ran right for the pantry.

"Poor Kitty Black!" said the farmer's wife, "she is almost starved; mistress will get her some milk at once."

"Oh! those dreadful mice," she cried. "They have been in the cream, and everything. What will I do?"

Kitty Black me-owed as well as *she could, that she would clean out* the mice that very night, and that never again would they have the run of the pantry.

And Kitty Black kept her word. She consumed so little of the milk and cream that her mistress was surprised, but the master said it was a good thing, for now she was catching mice, as a good cat should, and he told his wife not to worry about Kitty Black.

FARM FOOD CENSUS.

Governor's Commission to Get Figures on Supplies.

Trenton, March 10.—Farmers as well as wholesale and retail sellers of food products will be included in the canvass being made by the Governor's commission on the high cost of living, Everett Colby, chairman of the commission, pointed out that no survey of supplies held Feb. 20 would be complete without figures on what was still on the farms.

Though he had been told that some farmers in the state had considerable supplies on hand, Mr. Colby said the commission would draw no conclusions until the investigation is completed.

The method of obtaining figres from the farmers has not been indicated by the commissioner other than through a statement that the state board of agriculture and other organizations would be asked to aid.

WOMEN DRIVE AT COLUMBIA.

Want University Law School Open to Their Sex.

New York, March 10.—A circular calling on the trustees of Columbia university to open the Law school to women was circulated on the campus of the university by the Women's City club. Forty prominent lawyers and judges of the city signed the paper.

"Shall Women Be Admitted to the Columbia Law School?" was the title of the booklets. Every officer and student at the university received one *through the mails, and others were dis*tributed on the campus. Mrs. Learned Hand, wife of the United States court judge, is president of the club and is *leading the campaign.*

Lima, Peru, March 10.—The political unrest which manifested itself Wednesday in the outbreak of serious disturbance in parts of Peru is still strongly in evidence.

G. E. HALL ADDRESSES S. S. ASSOCIATION

George E. Hall, of Plainfield, a member of the finance committee of the *Union County Sunday School As*sociation, addressed the association at a meeting held in Cranford Thursday night in conjunction with a meeting of the Sunday School Association of Cranford and Garwood.

Mr. Hall spoke for the work of the executive officers, adding that the teachers were fully taken care of in teacher training and elementary work and that Marion Lawrence had begun a movement for the education of superintendents and officers. The sum of $5,000, he said, had been contributed by a Christian man and his wife for the expenses of this work for one year.

The Rev. J. E. Washbaugh, of Cranford, was re-elected president of the Cranford and Garwood association. The gathering was attended by ninety superintendents and assistants.

WOMAN TO QUIT MISSOURI IF STONE STAYS IN SENATE

Washington, March 10.—Unless Senator William J. Stone, one of *President Wilson's "little group of* wilful Senators," stops representing Missouri in Congress at once, Miss Harriet Stilton, of St. Joseph, Mo., *will transfer her allegiance to New* York or Michigan.

Miss Stilton, a suffrage leader, who is staying at the Hotel Majestic, said yesterday that she would never return to her native State until it had rid itself of "its traitorous statesman."

CHARLIE CHAPLIN AND EDNA GOODRICH—PROCTOR'S

At Proctor's Theatre next Tuesday, Wednesday and Thursday

Charlie Chaplain appears today at Proctor's together with Marie Dressler in *"Tillie's Punctured Romance."* In addition today Edna Goodrich, famous for her beauty is seen in the latest of the Paramount successes, "The House of Lies."

Monday's program includes Alice Brady in her newest play "A Hungry Heart"; Mrs. Vernon Castle in the ninth episode of "Patria," and "The Social Pirates" in six reels.

On Tuesday, Wednesday and Thursday the extraordinary photoplay spectacle "War Brides" is the feature in 8 parts, with Mme. Nazimova, the world's greatest tragedienne, in the leading role. It was adapted from the playlet in which Mme. Nazimova scored a nation-wide triumph upon the vaudeville stage, but is rendered much more interesting and larger in scope on the screen.

On Friday Clara Kimball Young will be seen in a special William A. Brady production "Without a Soul" and Valentine Grant will be starred in "The Daughter of MacGregor." On Saturday, Pauline Frederick will appear in a film adaption of "Ashes and Embers" and Ethel Barrymore "The Awakening of Helen Richie."

HOWE'S MOVING PICTURES CLOSE HERE TONIGHT

The most absorbing scenes ever recorded on films will be presented by Lyman H. Howe tonight at the Plainfield Theatre. They depict Sir Douglas Mawson's Expedition to Antarctica in a manner that far excels any hunt, travel or exploration pictures ever obtained.

The scenes were photographed 2,000 miles from the nearest human habitation, in a land never before seen by the eye of man. Some birds and animals depicted cannot be seen in any "zoo" in the world. The film shows *in perfect photography a raging, blis*zard in the stormiest spot on earth—Adelie Land, Antarctica—where the wind attained a velocity of 216 miles per hour. It shows the largest icebergs ever photographed. It tells the story of a one thousand mile sledging journey that is unequalled in the history of polar exploration.

The penguin, the odd looking seafowl of this frigid region, is the originator of the Charlie Chaplin walk—and thousands of them are shown.

The expedition covered a period of 2 years and 3 months, and cost $350,000. Every foot of the film is photographically perfect, and abounds with tense thrills. Not an inch of it is *used for Belligerent Films. It tells true facts* beginning to end just because it is absolutely true and natural.

LONDON BELLES MONDAY AT PLAINFIELD THEATRE

Grace Tremont, with the "London Belles," at the Plainfield Theatre Monday, matinee and night

Rose Sydell's Famous London Belles will appear at the Plainfield Theatre Monday matinee and night, March 12. For originality of material, costumes, scenery, electrical effects, etc., this company is always above high water mark. The opening vehicle is entitled "A Trip to Washington," a two-act musical burlesque in eleven scenes and for a laugh-producer nothing has been seen here this season as its equal. All musical ensembles are original and of the catchy popular order.

Among the vaudeville acts and cast may be mentioned such as Johnie Weber *and Bill Campbell in their famous* act of Henny and Papa with the models. Frances Cornell, direct from the London music halls. Lew Thall, Gayety Trio, Smith and Pullman, Ward Caulfield, Billy Smith, Ed. Wright, Harry Watjen, and the Queen of Burlesque, Rose Sydell herself.

NEW MILK WAR IS THREATENED

Dairymen's League to Advance Rate to Dealers.

New York, March 10.—The price of milk to the householder will be increased 2 cents a quart if the Dairymen's league exacts the proposed advance from the distributors, according to a broad intimation in a statement issued by I. Elkin Nathan, secretary of the New York State Milk Dealers' conference board.

Mr. Nathan denied emphatically that there was any agreement to that effect, but said that since only about 70 per cent of the milk bought by the distributors was sold for table use, while the rest was disposed of at wholesale, each cent increase to the wholesaler must mean more than a cent increase to the final consumer.

In this connection the statement added that an impression that the farmers were asking an advance of only 1 1-5 cents was erroneous and that *their pro*posed new demand would amount to at least 2 cents. This demand, however, has not been made yet of any wholesaler.

John J. Dillon, state commissioner of foods and markets, took issue with the distributors, insisting that they could afford to lower the price to the consumer even if the price to them was raised. He said they could afford sufficient economy by equitable and efficient methods of distribution to attain that result.

G. E. HALL ADDRESSES S. S. ASSOCIATION

TESTIMONIALS FOR MEDICINES

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonials published by the Lydia E. Pinkham Medicine Company come unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly, has it published an untruthful letter, never is a letter published without written consent signed by the writer.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, *nervousness*, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; and their keen desire to help other women who are suffering as they did.

FRENCH BLAST GERMAN TRENCHES

Attack on Mile Front in Champagne District.

London, March 10.—In the spirited advance of French troops on the Champagne front the crown prince's troops were *simply blasted out of the trenches* they took from the French three weeks ago.

A series of mine explosions blew *trenches and Germans into the air on a* front of a mile to a depth of half a mile. Then the French infantry charged forward and seized the craters.

The Germans made three counter attacks with great violence, using large forces in the effort to take the recaptured French positions. The fighting raged with especial ferocity on hill 185 and at the Maisons de Champagne farm. Despite the French barrage the Germans got within machine gun and hand grenade range, but finally were forced to retire.

The German statement admits in somewhat ambiguous terms the French victory, but makes the statement that hill 185 is again in German hands after the French had temporarily taken some trenches on its summit. Hill 185 is the most important of the positions in this sector.

SCORES "NEW THEOLOGY."

New Jersey Methodist Conference Takes Stand on Textbooks.

Atlantic City, N. J., March 10.—Progressives in the New Jersey Methodist Episcopal conference, in session here, were defeated in executive council in their efforts to offset the opposition to the proposed revision of textbooks along lines known among themselves as the "new creed."

The conservatives won the convention after five hours of stormy debates and passed a resolution petitioning the board of bishops to reject the new courses of study when they are brought up for adoption at their meeting in May. It is contended that the books overemphasize the "new theology" and give precedence to the "historic conception." The interpretation is declared "too free."

$1,000 CHALLENGE

To prove that the Elgin Six is the greatest car value in the world at $985, as so often expressed at the Big Chicago Auto Show, where hundreds of Motor Thoroughbreds stood in the limelight of the most critical public inspection, we make the following challenge:

We offer to donate $1,000 to any worthy charity, if a car now on the market can be found at $1,000 or less, which is the equal of the Elgin Six in value.

The decision to rest with a jury of five, composed of—

1—A well-known artist to pass on the style and beauty.
2—A successful manufacturer of quality automobile parts.
3—A technical expert in automobile engineering.
4—A high-class automobile dealer, selling cars priced at $2,000 or more.
5—A representative Chicago business man.

The Beautiful **Elgin Six** was called by critical New Yorkers, at their Big Auto Show

"The Millionaire's Value at a Popular Price"

Special Elgin Features:

The beautiful Elgin Six is the only car selling within $200.00 of its price having these high-priced quality features:

1. Extreme yacht style body with fashionable European center cowl.
2. "V"-type radiator, with lines blending artistically into the body.
3. Borg & Beck improved velvet-acting clutch, which you find only on high-priced cars.

This feature enables the car to be started on high gear, under all ordinary conditions, and practically eliminates gear shifting, thus removing the last barrier to the safe and easy driving of cars by timid women.

No other car but the Elgin Six has—

4. Elgin Improved Cantilever Rear Spring Suspension, which has set a new standard of motoring ease when running over rough roads at high speed, and gives luxurious riding comfort on ordinary roads not surpassed by any car at any price.

You can with perfect safety and comfort, and without damaging your car, drive an Elgin Six at 35 to 50 miles per hour over roads so rough that the average car would not only be dangerous and uncomfortable to ride in at more than 15 to 20 miles per hour, but would soon be a candidate for the automobile graveyard.

The story of "Elgin Winnings," which will be sent to you on request, contains a message of vital interest to every intending purchaser who prizes motor car stamina and endurance.

Can you afford to buy a small "cheap six," when for a slight additional cost you can drive this Capable Six—this big, roomy, impressive quality car, of superior beauty and comfort?

Can you afford to pay more than the Elgin Six price when this "Beauty of the Road" embodies everything that the most discriminating motorist desires?

Write us today for beautiful catalog "T" and specifications.

Reduction of full page advertisement which was published in all Chicago daily and Sunday papers three weeks ago, and the failure of any car to accept this challenge proves the Elgin Six champion car of the world in its price class.

29TH ANNIVERSARY OF 1888 BLIZZARD

Many Recall Great Storm Which Paralyzed This Part of Country

Twenty-nine years ago last night, March 11, 1888, there began a storm that resulted in a blizzard and snowfall that established a new record for the entire eastern section of the country. Plainfield and the surrounding country were completely tied up and isolated from the world at large. Business of all kinds was suspended as were also trolleys, steam railroads and in fact all vehicular traffic.

Throughout Plainfield and vicinity snow was piled ten feet high and it was fully three days afterward before anything like normal conditions were restored. There was no telephone nor telegraphic service and it was impossible to transport mail.

The storm began Sunday night, the date corresponding exactly to last night, with a fine drizzling rain which a few hours later turned into a blinding snow storm. March 11 has fallen on Sunday four times since that 1888 blizzard—in 1894, 1900, 1906, and this year, but Sunday will not occur again until 1923, after which there will be a jump to 1934 and then to 1945 and 1951.

There are many Plainfielders who recall interesting incidents regarding the big storm, and there were not a few who suffered hardships and experiences that they would not care to go through again. A number of people had gone into New York Sunday afternoon and early evening and were unable to return home for several days. Commuters were unable to reach their places of business in New York, so completely paralyzed were traffic conditions between this city and New York.

Aside from the personal inconvenience caused thousands of people here, there was a tremendous monetary loss which was shared by transportation companies, as well as general utility corporations.

MAN WHO CAME NEAR DEATH WILL SPEAK IN PARK CLUB

Arthur Guy Empey, formerly machine gunner and bomber for the British army, will speak in the Park Club tomorrow night, giving his experience in trench fighting. He probably came as near death as anyone at the front. His narrow escape came from a gas attack by the Germans. A bullet slipped his ear and punctured his gas helmet. He was unconscious for three hours and all his companions thought him dead.

Mr. Empey, in describing the attack, says: "Then over they came, bayonets glistening. In their respirators, which have a large snout in front, they looked like some horrible nightmare—some horde of weird beasts." The public is invited to attend this most unusual lecture. There will be no reserved seats and a small admission fee will be charged to cover expenses.

ALFRED UNIVERSITY HEAD SPEAKS IN LOCAL CHURCH

President B. C. Davis, of Alfred University, occupied the pulpit at the seventh Day Baptist Church, on Saturday morning. Both Dr. Davis and Dr. T. L. Gardiner spoke at the Sabbath school session held later in the day. It was also the fifteenth anniversary of the trip to Palestine in which both gentlemen were participants, and they gave the school a brief narrative of their journey as relating to the scripture lessons of the day.

Next Sabbath morning, March 17, the Rev. R. F. Y. Pierce, of New York, will preach. An offering for the Mahaney Hospital will be taken at this time.

CAPTAIN PETERSON TO ADDRESS CIVIC SOCIETY

The East End Civic Association will meet tomorrow evening at 8 o'clock in the gymnasium of the Fotherwood Reformed church. Capt. Charles A. Peterson will speak on "The Duties of a Soldier."

DEATH OF YALE PROFESSOR

William Beebe, professor of mathematics and an instructor of astronomy at Yale since 1897, who was well known to Yale men of this city, died last night of pneumonia at his home in New Haven, Conn., after a brief illness. He was born in Litchfield, Conn., September 4, 1851, the son of Philip Schuyler Beebe and Mrs. Lucy Robbins Beebe.

Professor Beebe was graduated from Yale in 1873. He became a tutor in mathematics at the university in 1876 and was made assistant professor of mathematics and astronomy in 1882. He was the author of several text books on mathematics and was a member of the American Mathematical Society. In 1886, 1891, he married Miss Elizabeth Pehiger, of Wilmington, Del.

NEW YORK RECTOR AT GRACE CHURCH

Rev. G. A. Oldham Preacher at Last Night's Lenten Services

In referring to the European conflict in his Lenten sermon at Grace Episcopal church, last night, the Rev. George A. Oldham, of New York, said that "the world outside looks at us rather skeptically, and wonders what good our Christian religion is. We have made extraordinary statements regarding our religion, but it is not Christianity that has failed. It is the exponents that have not lived up to their faith."

Rev. Mr. Oldham took his text from a portion of a verse in Corinthians referring to the building of a foundation in the Christian faith, and further referred to the Gospel of St. John, chapter 7, 17th verse: "If any man will do his will, He shall know the doctrine, whether it will be of God or whether I speak of myself."

The preacher said:

"Obedience to God is the indispensable condition of a Christian's life. We may roam high in the halls of religion, but our Christianity is useless if we do not live up to the little knowledge we have."

Rev. Mr. Oldham is the rector of St. Luke's church, Convent avenue, New York, and is a most eloquent speaker, having a most lucid way of illustrating his talk. He was greeted with a large attendance last night. The Rev. Mr. Kuen, formerly rector at Holy Cross church, this city, is an assistant to Rector Oldham, in New York.

On Sunday next the Rev. W. S. Baer, of Elizabeth, will be the preacher at Grace church at 10.30 a. m., and the Rev. H. T. Cooke, at 8 p. m. Bishop Woodcock, of Kentucky, will occupy the pulpit on March 25.

CHILDREN ARE INVITED TO FIRST REHEARSAL

The first rehearsal for children who are to take part in "The Land of Mystery," the new comic opera to be produced here April 10, 11 and 12, by Plainfield Lodge of Elks, will be held at the Elk's clubhouse at 3 o'clock tomorrow afternoon.

All those who took part in last year's opera, "The Mystic Rose," and any other children between the ages of 7 and 15 years, are invited to attend the rehearsals. A committee of women has been named personally to chaperon the children during the rehearsals and the performances of the opera.

ATTENDED FUNERAL OF BROTHER AT GLEN GARDNER

Harry W. Rush and S. A. Rush, of this city, were at Glen Gardner, this morning where they attended the funeral of their brother, Russell D. Rush.

The service was held from the home of the parents of the deceased, Mr. and Mrs. E. W. Rush, Glen Gardner.

The deceased died on Thursday last. He was born in Glen Gardner twenty-seven years years ago, and until two or three years ago was employed in the paymaster's office of the Central Railroad in New York. He was a member of the Glen Gardner Presbyterian Church, of Lebanon Lodge, F. & A. M. and the local lodge of the P. O. S. of A.

PATRIOTIC TOAST TO PRESIDENT WILSON

Addresses and Music Features of Zionists' Annual Banquet

Inspiring addresses, interspersed with music and a toast to President Wilson, were features that marked the sixth annual banquet of Jehuda Halevi Camp, No. 57, Order Sons of Zion, which was held in the Knights of Pythias Hall last night. There were one hundred guests who enjoyed the dinner.

M. J. Mendelsohn, the chairman, was toastmaster. Henry Rosenbaum made an appeal to the members for greater enthusiasm and earnest thought in helping to solve the Jewish problem which has been intensified in the present world war. He told of the fortunate position of the American Jews compared to their own flesh and blood involved in this maelstrom of agony and suffering.

Harry Rothberg spoke on "The Influence of a Community Center," and called attention to the Leal School property that had been acquired by the Y. M. H. A.

William Augenblick and S. H. Schwartz made a few appropriate remarks, and Abe Goldberg, executive member of the Federation of American Zionists, gave an enthusiastic talk on "Zionism." A vote of thanks was given to the committee in charge which comprised Samuel Rosenbaum, chairman; William Augenblick, Louis Rosenthal, Samuel Gallenson, Harry Kots, Harry Rosenberg and Mrs. Harry Rosenberg.

JUNIOR Y. M. H. A. AID BUILDING CAMPAIGN

Greater zest is being added to the Young Men's Hebrew Association daily under the industrious work of the building campaign committee, which is working incessantly. Yesterday afternoon, Harvey Rothberg, chairman of the committee, addressed the Y. M. H. A. Juniors in the association headquarters, with the result that the following contributions, aggregating $26, have been credited to the building fund:

Samuel Preger, $3; David M. Goldberg, $1; Hyman Bender, $1; Samuel Bender, $1; Abram Bendor, $2; Louis Shrager, $2; Henry Dreier, $2; Saul Nathanson, $2; Samuel Pinn, $2; Alex. Rosenthal, $2; Ralph Michelson, $1; Hobert Goldstein, $1; David Miller, $1; Benj. Brandt, $1; Benj. Feldman, $1; Hyman Gould, $1; Morris Lyman, $1; Louis Miller, $1.

Abram Marcus, who was present during the meeting, was so elated over the enthusiasm they displayed that he donated $25 conditional upon the juniors raising another $25 before the close of this week, and already the secretary of the junior organization, David Goldberg, is busy getting together sufficient additional funds to claim the sum total of $75, which will be its contribution if they raise $24 more so as to claim the Marcus donation. The chairman of the committee and S. H. Schwartz today received the following contributions: Rosenbaum Bros., $75; E. N. Nadler, $15; Louis Rosenthal, $10, and Harry Katz, $10.

An important meeting of the building committee will be held at headquarters, 204 West Front street, tonight at 8:30 o'clock, to make reports. Contributions may be sent to Harvey I. Rothberg, chairman, 119 West Front street.

MISSIONARY ADDRESSED THE SCHOOL

Miss Pavlowa, a returned missionary from Macedonia, spoke at the Sunday-school of Grace M. E. church, North Plainfield, at its service yesterday afternoon. The missionary appeared in the costume of the country and gave a most interesting talk of her work.

HON. W. E. TUTTLE, JR., LEAVES HOSPITAL

Hon. Wm. E. Tuttle, Jr., who has been a patient at Muhlenberg Hospital the past week, where he received treatment for throat trouble, left the hospital on Saturday afternoon. He is now recuperating at his home, stoneleigh Park, Westfield.

ALL-DAY CHURCH MEETING

An all-day meeting of the Ladies' Aid Society, Women's Foreign and Home Missionary societies, will be held tomorrow at the First M. E. church. Luncheon will be served at 12.30 o'clock.

A missionary program will be given at two o'clock, which will be in charge of Mrs. D. S. Dunavan. The Ladies' Aid Society will meet at 2.30 o'clock. This being the annual meeting of all the societies, officers will be elected for the ensuing year. A large attendance is desired.

PLEASING PROGRAM AT BETH-EL SCHOOL

Jewish Children Entertain Under Direction of William Newcorn

An attractive program arranged for the educational and religious inspiration of the Jewish children of the city was given by the Beth-El Sabbath school of which William Newcorn is president, at the school's headquarters in the Babcock building yesterday afternoon. A large number of guests was present. The program follows:

The remainder of the program was as follows: Song, "Babette," Gladys Sklarew; violin selections, "Romeo and Juliet," Cecil Newcorn; piano selection, "Along the Nile," Dorothy Sklarew; song, "Sunshine of Your Smile," Celia Mann; piano selection, Marian Hyman; song and dance, "Kelly," Ray Mathews; song, "Bobby," Edith Saperstein and Ray Mathews; address, William Newcorn; song, "America," school; distribution of presents.

H. A. WEST TO TALK ON "PREPAREDNESS"

Reports will be read of work accomplished and contemplated at a special meeting of the National Special Aid Society to be held at the Hartridge Auditorium Thursday afternoon at 3.30 o'clock, to be followed with a talk by Henry A. West, of New York, secretary of the National Security League.

Mrs. West, who is a well-known and entertaining speaker, will take for his subject, "Preparedness." The society urges that all members will try and attend as this will be the first large meeting to be held since the recent recruiting campaign was inaugurated.

MEN RECRUIT FOR SPECIAL AID

A recruiting station was opened on Saturday afternoon in the parlors of the State Trust Company by the local branch of the Special Aid Society for men and upwards of twenty-five were enrolled.

RASORES MEET TOMORROW

The Rasores will meet tomorrow with Mrs. W. De V. Miller, of East Seventh street.

TO OUR ADERS

The Courier-News, as previously announced, is compelled to advance its price to subscribers.

We regret that we are compelled to make this increase, but everything that enters into making a newspaper has doubled in cost, while some things have trebled. The most serious difficulty is the scarcity of white news print paper, and many newspapers have had to suspend publication entirely, while others have had to adopt various reforms.

The Courier-News has been unable to purchase more than 80 per cent. of the quantity of paper normally required since the first of the present year. This has made it necessary to cut down the size of the paper from 16 to 12 pages, and put into effect other methods of curtailing the consumption of paper.

The above measures have not been sufficient to reduce the necessary forty per cent., and for this reason we have had to announce that all subscribers not paying promptly each week will have to be discontinued. The stopping of a paper because a subscription is found to be in arrears does not mean that we question that subscriber's credit. Forced to reduce the number of copies we are printing, we have adopted the only way open—discontinuing subscriptions not paid to date.

No paid in advance subscriptions have been accepted at the old rate since the announcement of the change in price.

The subscription rates of the Courier-News are now:

Single copy	$ .02
One week (in advance)	.12
Three months (in advance)	1.50
Six months (in advance)	2.90
One year (in advance)	5.60

As in the past, to take advantage of the discount rate offered for three months, six months or a year, a subscriber must pay in advance.

RESEARCH COMMITTEE MEETS TONIGHT

Will Take Up Matter of Abating Flood Conditions in the East End

The Research and Advisory Commission will hold a meeting tonight in the Councilman's Committee room of the City Building, when it will formally take up the question of overcoming the periodical flooding of the east end.

Councilmen Charles S. Smineck and Theodore A. Martin, of the First Ward, and City Engineer A. J. Gavett will give the commission opinions as to how best to obtain the desired results. Mr. Smineck has been very active in trying to have something done to remedy this condition which has existed for many years, but which continually are made upon Cedar brook and other small streams, which, when the heat have taken care of much of the flood waters that sweep down upon that section, whenever there is a severe rain storm.

Mr. Smineck has investigated a great deal of time to investigating the subject, and because of his investigation he perhaps, more than any one else, appreciates the gravity of the situation.

Mayor William L. Smalley, of North Plainfield, at the request of Mr. Smineck and Councilman Charles C. Graves, who waited upon the North Plainfield Council one year ago and presented arguments respecting the condition of Green brook and the periodical floods, has appointed a commission to investigate this subject with a view to ascertaining just what can be done to improve the situation.

Although it has not been authoritatively stated it is likely that the members of the North Plainfield organization will be invited to attend tonight's meeting and hear what is said with regard to this matter.

LOCAL MEN PROMOTED BY JERSEY CENTRAL

Archibald LeRoy Young, of Dunellen, formerly assistant passenger trainmaster of the Jersey Central, has been appointed terminal superintendent at Jersey City; Roy Dickerson, of Westervelt avenue, this city, who was travelling yardmaster, has been appointed assistant passenger trainmaster, and Howard L. Vanderhoef, of Chatham street, North Plainfield, has been advanced from the position of train dispatcher to that of travelling yardmaster.

Each of these men have been in the employ of the Jersey Central for several years, and their recognition for official positions has been due to conscientious performance of their duties in the past. All three started railroading at an early age. Mr. Young at Hampton, and Mr. Dickerson at Rockaway. Mr. Vanderhoef learned telegraphy at North Branch under the direction of Edward Leaver, in 1896. He held various positions along the line, and was assigned to the dispatcher's office at Jersey City, fifteen years ago.

He was born at Hibernia, Morris county, in 1873. His parents removed to Somerville twelve years later. He attended the public schools at that place, and was prominent in athletic sports.

CHURCH WILL HOLD A WEEK'S FAIR

At a meeting held last night by the various committees of St. Joseph church, North Plainfield, in charge of the proposed fair to be held after Easter it was decided to hold this event one week, beginning Saturday night, April 14, and continuing until Saturday evening, April 21, instead of the previous date, as announced.

Patrick McDonough, the general chairman, presided at the meeting and very encouraging reports were received from the heads of the different sub-committees. Already the committees are at work soliciting for the many articles that will fill the booths. The fair will be held in the parish hall.

CHRISTIAN WORK SOCIETY TO MEET

The Ladies' Christian Work Society of Trinity Reformed church will hold a sewing meeting tomorrow afternoon at 2 o'clock at the home of Mrs. Norman Sears, 5 Chatham place. All ladies of the society are requested to be present.

ENGLAND'S FOOD SHORTAGE IS FELT MOST IN POTATO FAMINE

By United Press:

London, March 12.—England feels the pinch of the shortage of potatoes in her decreased food supplies today more than America would under similar circumstances. The Britisher regards the potato as an essential of every meal. It is this shortage that causes the only outcry here.

TOLD DIPLOMATS OF ARMED-SHIP MEASURE

By United Press:

Washington, March 12.—"An armed guard for protection of vessels and lives of persons aboard will be placed on all American merchant ships sailing through Germany's barred area," the State Department today informed all foreign diplomats in this city. The following statement was presented to the foreign diplomats for their information:

"In view of the announcement of the Imperial German Government on January 31, 1917, that all ships, those of neutrals included, met within certain zones of the high seas, would be sunk without any precautions being taken for the safety of persons on board and without the exercise of visit and search, the Government of the United States has determined to place on all American merchant vessels sailing through the barred areas an armed guard for protection of the vessels and lives of persons on board."

ENTENTE, TAKES BAGDAD, DRIVES TURKS TO CORNER

By United Press:

London, March 12—Mosul is the next objective of Gen. Maude's victorious British forces in Mesopotamia.

While details of the occupation of the ancient city of Bagdad were lacking today, and the public was expectantly awaiting full account showing important captures of prisoners and munitions from the Turks in the capture of the city, it was known that the British forces do not intend to rest on their arms. Mesopotamia is now encircled by three great forces of Entente troops, whose lines are tightening and driving the Turks further toward the tip of Asia, embraced in Anatolia. These forces are, first: Gen. Maude's victorious column, which took Kut-el-Amara and Bagdad; second, the British forces advancing along the Mediterranean coast toward Jerusalem; third, the Russian forces across Persia toward the Turkish flank and rear. A fourth force of Russians, from which little has been heard recently, is around Mush, still farther to the rear of the Turks.

Military experts hail the fall of Bagdad as a tremendous blow at Turkish prestige, and likely to have a wide effect in the far East. The capture is also a final blow to Berlin's ambitious plan for a Berlin-to-Bagdad railway to connect Germany with Asia.

WASHINGTON TIED UP BY STREET CAR STRIKE

By United Press:

Washington, March 12—This city today is in the throes of its long-threatened street car strike. The men were to have acted March 5, but on a patriotic appeal postponed action until after the inauguration.

Following failure of efforts of Secretary of Labor Wilson to bring officials of the Washington Railway and Electric Co. and 1,000 of its men to terms, the latter struck at 2.30 o'clock this morning.

The strike affects sixteen of the most important traction arteries in this city.

CANADIAN WAR LOAN OF $150,000,000 FLOATED

By United Press:

Ottawa, Ont., March 13—The first Canadian domestic war loan of $150,000,000 was placed on the market today.

WILL DISMANTLE ALL AMATEUR WIRELESS

By United Press:

Washington, March 12—Every amateur wireless station in the United States will be dismantled by order of the President, if war comes, according to announcement today. This would be one of the first moves to protect military and naval plans.

While the hunt for hidden wireless stations goes on, the Government is making every effort to break up the now disclosed German attempt to create suspicion, uneasiness and actual revolution in South and Central American countries.

RECOVERED BODIES OF 26 TORNADO VICTIMS

By United Press:

Newcastle, Ind., March 12.—With twenty-six bodies already recovered, search continued today for other dead in the wake of the tornado which swept over this city yesterday, destroying 500 homes and causing property damage of over $1,000,000. Estimates were that from ten to twenty bodies are still in the ruins.

DR. MATHEWS AT P. H. S. AUDITORIUM

The Mothers' Association of the Evergreen avenue school considers itself quite fortunate in having secured the consent of Dr. Franklin Mathews, of New York, to speak at their monthly meeting, March 14, at 2 p. m., at the High School auditorium.

Dr. Mathews, who is chief librarian of the Boy Scouts of America, is also a member of the Board of Censorship for the Edison moving pictures; and, though Dr. Mathews comes here primarily to talk on "Recreational Reading," he will also devote a little time to the subject of moving pictures. Dr. Mathews does not come to us as an utter stranger, as he formerly held a parish at Scotch Plains, and also gave a series of talks at the Plainfield Y. M. C. A., which have proved such an inspiration and help to all the boys who heard him.

As the nature and scope of Dr. Mathews' work leave him very little time for outside engagements, we trust that a goodly number will show their appreciation by coming out to greet him.

The County Council of the Parent-Teacher Association meets in an all-day session at the Plainfield High School on March 14, and, after a box lunch at noon, the business session will be resumed until 2 p. m., when the entire council will attend the lecture by Dr. Mathews. All interested are cordially invited.

ANNOUNCE ENGAGEMENT OF MISS RUTH GUNTON

Mr. and Mrs. Walter B. Gunton, of East Front street, announce the engagement of their daughter, Ruth, to Robert B. Woodbury, of Pottsville, Pa. The interesting event occurred at the home of Mr. and Mrs. Oscar F. Douglas, Jr., 500 West End avenue, Saturday afternoon.

WILL HOLD INTERESTING MID-WEEK SERVICE

There will be two twenty-minute addresses in the Congregational church at the mid-week meeting on Wednesday evening, Miss Pavlowa, who has been on the mission field in Salonica for the American Board of Missions, will speak first and will be followed by the pastor, the Rev. Howard E. Clarke, who will speak on: "Some Practical Implications of Christ's Doctrine of the Work of Every Man." The service will begin at 8 and close at 9 o'clock sharp.

BIBLE SCHOOL ANNUAL MEETING

The annual meeting of the teachers and officers of the Bible school of Trinity Reformed church will be held tonight in the church parlor. Election of officers and other important business will take place.

THE DEATH OF MRS. ISAAC BROWN

Mrs. Marie Brown, wife of Isaac P. Brown, died Saturday night at her home on Watchung avenue, in the fifty-ninth year of her age, after a five-weeks' illness of pneumonia and complications.

The funeral will be held Wednesday afternoon at her late residence, the Rev. E. Vicars Stevenson, rector of Grace church, officiating. The interment will be made in Hillside cemetery.

Mrs. Brown was born in Newark and was formerly Miss Aldridge. She came to this city in 1890. She was a member of Grace Episcopal church. Mrs. Brown leaves, besides her husband, three sons, Edward A., of this city; William P. and Dr. S. A. Brown, of New York; three sisters, Mrs. Oceola Currier, of Newark; Mrs. Halsey De Bau, of New York, and Mrs. Norman Crandall, of Hillsdale, N. Y., and one brother, S. B. Aldridge, of Florida.

ANNUAL LUNCHEON AND THEATRE PARTY

D. Ralph Starry, principal of the Grammar School, accompanied a number of boys to New York Saturday to attend the annual luncheon and theatre party at Camp Passumpsic. After luncheon at Hotel Albert the party of thirty boys attended the matinee performance at the Hippodrome.

The following boys from Plainfield enjoyed the affair: Andrew Adelmann, Harold McCusker, Daniel Randolph, Douglas Van Winkle, Pierce Fountain, Charles Petze, Edward Petze, Carlton Campbell, Benjamin Hadley, Dick Davies, Gilbert Fletcher, Sanford Roome, Allen Mogensen, Earl Jinushi, John Dunn, Frederick Hubach and Edmond Koernig.

BRITAIN MAY BAR WOMEN FROM WAR ZONE

New York, March 12.—Canada has forbidden the sailing of women and children on steamships leaving Canadian ports for the war zone, and it is likely that Great Britain soon will put a similar embargo upon British passenger carriers leaving New York or other ports in the United States.

While no official order has been issued by Great Britain, it is understood that the British Consulate has become exceedingly strict in the issuance of passports to women who want to go to England. A woman applied at the consulate yesterday for passport to embark from New York, and when it was learned that she had come here from Canada because of the restrictions there her request was refused.

HOPE CHAPEL NOTES

The Ladies' Aid Society will hold its annual meeting Thursday afternoon at 2:30. Officers will be elected, reports presented, and a number of special items of business taken up.

The pastor, Rev. Dr. D. W. Skellenger, will speak at the mid-week prayer service on Wednesday evening on the subject, "The Slaughter of the Innocents—Ancient and Modern."

The Berean Bible class will hold its annual supper on Tuesday evening next, March 20. A special speaker is to be secured for the occasion. The arrangements for the affair is in charge of a committee headed by David Wardrop.

"A Trip to Washington, D. C." an illustrated lecture on the national capital, will be given Friday evening of this week, under the auspices of the Christian Endeavor Society. Dr. Skellenger will be the lecturer.

AN AGED COUPLE

Tell How They Regained Strength and Vigor.

Steubenville, Ohio.—"My husband is 79 years old and I am 78 years of age and we owe our good health to Vinol, the greatest strength creator and medicine there is. When either one of us get into a weakened, run-down condition, Vinol has never failed to build us up and restore strength. We have often said we would not be living now were it not for Vinol."—Mary A. Lee.

The reason Vinol is so efficient in building up strength for weakened, feeble old people is because it contains beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the most successful tonics known.

We wish every person in Plainfield who is suffering from a weakened, run-down, devitalized condition would try Vinol on our guarantee to return their money if it fails to benefit.

RECEIVES LETTER FROM A SOLDIER IN FRANCE

About a month ago Miss Caroline Koechlein, of East Second street, this city, contributed a batch of old newspapers and magazines to the local Belgian Relief Committee and last week was somewhat surprised to receive a letter from a Canadian soldier from the battle front in France. In his correspondence the soldier related that while looking over one of the magazines he found Miss Koechlein's name and address written within the cover. The contents of the epistle denoted refinement on the part of the writer, who thanked the donor for her contribution and gave a brief description of life in the dug-outs.

The letter bore the usual pastor, "Opened by the censor."

THE FUNERAL OF MRS. GEORGE MUIR

The funeral of Mrs. Ethel May Muir, the wife of George Muir, who died on Wednesday, was held yesterday afternoon at her late residence, on Elmwood place, the Rev. John Y. Brock, pastor of the Trinity Reformed church, officiating. There was a large gathering of relatives and friends and there were many beautiful floral tributes, including splendid set pieces from departments of Trinity church; the Patrolmen's Benefit Association, the Plainfield Fire Department, the Hudson-Manhattan Railroad officials, Queen City Lodge, No. 228, I. O. O. F. and Franklin Council, No. 41, Jr. O. U. A. M.

The bearers were: Charles Wicht, Charles Schneider, James McClinton, Joseph Muir, Joseph Dunlap and David Huston. The interment was made in Hillside Cemetery.

SANG IN MEMORY OF DR. ROBERT LOWRIE

Yesterday was the anniversary of the death of Dr. Robert Lowrie, the first pastor of the Park Avenue Baptist church, and several of the hymns that he wrote were sung at the evening service in that church. The pastor, Dr. Birney S. Hudson, and Judge William N. Runyon spoke on the life and work of Dr. Lowrie.

OBSERVE ANNIVERSARY OF THEIR WEDDING

Mr. and Mrs. P. Newton Drake, of Somerset place, observed the anniversary of their wedding in a quiet way today, and recalled incidents of Plainfield at the time they were married. Mrs. Drake was the daughter of the late Mr. and Mrs. P. M. Demarest.

Their wedding day was also the anniversary of the great blizzard of 1888, but three years previously. Mr. Drake was a commuter at the time, engaged with Rogers, Peet & Co., in New York. On the day of the blizzard, March 12, he started for New York but the train had to stop at Rossille, on account of the storm, but he changed to another which was able to get through. He was fortunate in getting back home that night, but had difficulty in getting into his house, around which the snow lay as high as his head.

Ex-Canadian War Head Confers With Gen. Wood.

Photo by American Press Association.

Invention of a new explosive, in which he desires to interest representatives of the United States government, is unofficially understood to be a part of the "private business" which has brought General Sir Sam Hughes, former Canadian minister of war, to New York. He also conferred with General Leonard Wood, presumably on Canadian cooperation with the United States in case of war.

PHILADELPHIA HAS PLENTY OF NEGROES

By United Press:

Philadelphia, March 12.—More than 25,000 negroes have settled in Philadelphia in the last six months, and the city government doesn't know exactly how to meet the problem of congestion in their section of the city. Small flats are housing as many as five and six families. The influx is said to be due to the fact that the negroes think they will be more cordially received here than in other American cities.

SENATOR STONE ON FOREIGN RELATIONS COMMITTEE AGAIN

Special to the Courier-News:

Washington, March 12.—Not a single voice was raised against Senator Stone, chairman of the Foreign Relations Committee, in the Democratic caucus today. Senator Stone's retention as chairman of the committee was approved by the caucus, as well as all other Democratic committee assignments.

Have You a Voice?

The Oscar Saenger Course in Vocal Training Will Enable You to Become a Singer

The Oscar Saenger Course in Vocal Training is a practical, efficient system for teaching people to sing. It is based on the simplest and most direct principle of all teaching, whoeh for the first time is now applied to singing in a new and original way.

No matter where they may live, all those who wish to sing may now learn to do so under the direction of a master who has entered more pupils upon successful operatic, oratorio or concert careers than has any other teacher in the United States.

The course consists of ten double-faced Victor records, which provide twenty lessons in vocalization. There is a separate set for each of the following five voices: Soprano, Mezzo-Soprano, Tenor, Baritone and Bass. In the Mezzo-Soprano there are special instructions for the training of children's voices.

With each set of records for any of the above voices there is also provided a textbook of supplementary information for the student, which information is set forth so definitely and clearly, that the art of singing may be fully understood by those who have had no previous training.

The Oscar Saenger Course in Vocal Training for any of the voices mentioned above, may be procured at the cost of a one-hour lesson at the Saenger Studio in New York. Each set is furnished complete, securely packed in a neat carrying case.

For further particulars and demonstrations of this course, call, write or 'phone.

"WAR BRIDES" AT PROCTOR'S THREE DAYS

At Proctor's Theatre tomorrow, Wednesday and Thursday

Alice Brady, the popular film star, appears in "A Hungry Heart" at Proctor's Theatre today. Scenic effects, superb acting, classy gowns, an intense story and a film star, who numbers her admirers by the hundreds of thousands, make this pleasing offering. Mrs. Vernon Castle appears in "Patria" and the first of the famous Fox comedies entitled "The Social Pirates" is also shown.

Tomorrow, Wednesday and Thursday "War Brides," which recently completed a long run at the Broadway Theatre, will be shown at Proctor's. Shall love be sacrificed upon the alter of imperial greed for power? is the question pointedly asked in "War Brides." The individual of the play is Joan, a young peasant girl, in which Nazimova will make her first appearance on the moving picture screen.

A scale of prices has been devised which is in keeping with the policy of the Proctor management to present the biggest and best at the lowest possible prices, and in addition to "War Brides" the usual serial creations will be shown.

BOROUGH NEWS BRIEFS

There will be special masses St. Patrick's Day morning in St. Joseph's church. Masses will be held at 7 and 8.30 o'clock.

About 200 permits have thus far been issued by the borough authorities for connections to the new sewers across the brook.

On Friday afternoon the Women's League of St. Josephs church will hold a euchre and "500" in the parish hall of the church. The affair will start at 2.30 o'clock.

Members of the North Plainfield Parent-Teacher Association held an apron and cake sale in the Somerset School Saturday afternoon and were quite successful. About everything offered for sale was disposed of.

A SUGARING-OFF PARTY FOR ALL

The Men's Club of the Congregational church will hold its regular monthly meeting in the parish house tomorrow evening.

The special feature for this meeting will be a Sugaring Off Party to which all the men and women, girls and boys of the church and Sunday school have been invited.

Sugaring Off Parties have become an annual event in the life of this church and all are looking forward to the evening in anticipation of a good time.

At the close of the party, the club will hold a short but important business meeting at which time the Nominating Committee will be appointed.

VAUDEVILLE TOMORROW AT PLAINFIELD THEATRE

Vaudeville will remain at the Plainfield Theatre for the entire week beginning with tomorrow, and will include a number of features that tend to make an entertaining bill. The headliner for tomorrow and Wednesday will be "The Village Cutups," a quartet of hayseeds just off the farm. They mingle real singing with their comedy and are one of the best quartets on a local bill in some time.

The other four numbers on the bill include: Honey Johnson, the comedy star, in a return engagement; a comedy sketch "Good Service"; a sketch "At the Shoe Shop" with Edith and Eddie Adair, and the two Julians in an acrobatic offering.

Tomorrow night will also be "Country Store" when $25 in gold will be given away. Thursday will be "tryout" night and on Friday the last episode of "Pearl of the Army" will be shown.

LONDON BELLES TONIGHT AT PLAINFIELD THEATRE

Rose Sydell's Famous London Belles will be the attraction at the Plainfield Theatre tonight.

A two-act musical burlesque entitled "A Trip to Washington," built on laughing lines, with a song and musical numbers introduced here and there, as a feature.

The girls have been selected for their grace and beauty, as well as their voice. The costumes are models of art from the latest Parisian designs.

The second act is a merry vehicle of mirth and music. The vaudeville portion is presented by well known artists Jonnie Weber and Wm. Campbell, Gayety trio, Smith and Pullman, Frances Cornell, Lew Thall and others.

Johnnie Weber, who is "London Belles," at the Plainfield Theatre tonight.

Snow Shovellers Fined

In the city court this morning Judge DeMeza imposed a sentence of $1 each on fifty residents who violated the snow ordinance by failing to clean their walks after the storm of Sunday, March 4th.

"Father John's Medicine Is Good for the Childrens' Coughs and Colds"

A Mother's Grateful Praise of This Old Fashioned Family Remedy.

In a recent letter the mother of these four *healthy children says*, "I have been using Father John's Medicine for the last five years and find it an excellent medicine for the children's coughs and colds. If any of my four children have a cold or cough I immediately give them Father John's Medicine and within a few days they are relieved. I have recommended Father John's to many of my friends and I would not be without it." (Signed) Mrs. E. Halmboldt, 201 Elm St., Astoria, L. I.

A safe family medicine because it contains no alcohol or dangerous drugs but is all pure and wholesome nourishment.

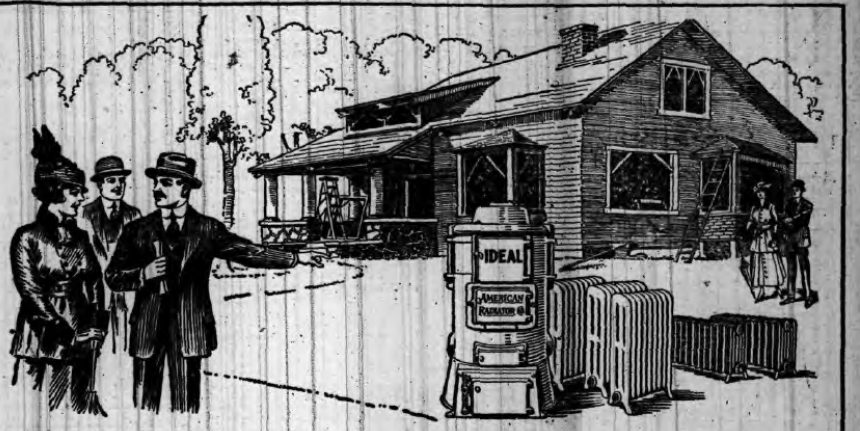
WILL FIGHT EDGE ROAD TAX BILL

Representatives of Municipalities to Organize for a Strong Protest

Announcement is made that a meeting of representatives of the large municipalities in the northern part of the State will be called for this week to organize a determined opposition to the Edge method of raising a State tax for road improvements. The bill incorporating this plan has passed both Houses with the other road bills and is awaiting signature by the Governor. It is the intention to employ counsel after the bill is signed and bring action in the courts to prove it unconstitutional.

The movement is said to have originated with Board of Works Commissioner Charles P. Gillen, of Newark, whose reasons for opposing the Edge tax measure is set forth in a statement in which he declares that the bill imposes on the populous communities, like Newark, an entirely inequitable share of the burden, in view of the fact that the chief benefits from improved highways will be felt in the less populous localities. The same view has been taken by many others, both Democrats and Republicans, and there is every indication that the movement in opposition to the plan will develop great strength.

The Republicans are beginning to show worriment at the unpopularity the bill is developing in the big counties of Northern New Jersey, where the great bulk of the voting population resides, particularly as it is an administration measure and will be laid directly to the charge of the man who is generally acknowledged as representing the party leadership in the State. The Democrats are beginning to see their opportunity, and not a few of them are rallying to the support of the opposition.



Makes easy selling property

"You might as well not build the cottage if you don't put radiator heating in it," said the real estate dealer, "for when you come to sell or rent it, you'll have to sacrifice a great deal if the house has old-fashioned heating." DEATH-BED CONFESSION CLEARS UP MYSTERY

Joseph Beard, a farmer of Columbia, Miss., through a death-bed confession, which was announced by the sheriff on Saturday, cleared of suspicion William Purvis, who twenty-five years ago escaped death by hanging after conviction for murder only because the noose about his neck slipped when the scaffold trap was sprung.

Purvis was found guilty of killing from ambush William Buckley. The accident at the hanging was considered an intervention of Providence, and the sentence was commuted. Several years later Purvis was pardoned. *He now lives in Lamar county. Beard* dying of pneumonia, confessed that he and two other men killed Buckley. It is not known whether any action will be taken against the three men.

WILL TALK ON "WOMEN AND EUROPEAN WAR"

In view of the fact that the New Jersey Suffrage Association has offered its service to Governor Edge in case of war, and that many members of the local branch have joined the National Special Aid Society, and are making their headquarters at 176 East Front street, Miss Elsie McKenzie's lecture on what women are doing in the war will be of great interest.

This lecture will be given Tuesday afternoon, March 20, at 2:30 o'clock at Mrs. S. S. Carvalho's gallery, 496 West Eighth street. Her subject will be "Women and the European War."

HOWARD F. HUBER NAMED AS SPECIALIST

Howard F. Huber, of Woodbridge, has been appointed to the position of specialist in the extension division of the New Jersey State Agricultural College. He began work this month. Mr. Huber was graduated from the above college in 1914, and since that time had been connected with vegetable-growing work at the Connecticut Agricultural Experiment Station at New Haven. In his new work his activities will be chiefly devoted to the sections of the State which produce food stuffs for the Philadelphia markets.

APOLLO CLUB PLANS CARNIVAL AND DANCE

The Apollo Social Club, a recently organized club of local and borough young people, have completed details of the carnival and dance to be held at Debele's Auditorium, Chatham street, the borough, on Wednesday evening of this week, March 12. Special decorations have been planned for the hall upon this occasion, the colors of all neutral countries to be displayed.

Music for the affair will be furnished by Edward Marks' six-piece banjo orchestra, with Paul Pope at the piano. This is to be the first of a series of similar affairs to be held under the auspices of the organization.

W. G. LANDES TO SPEAK AT THEATRE MEETING

W. G. Landes, *general secretary of* the Pennsylvania State Sunday school Association, will address a mass meeting to be held at the Plainfield Theatre, Sunday afternoon next at 2:30 o'clock, under the auspices of the Y. M. C. A.

Mr. Landes is said to be an interesting speaker. Women are invited to this meeting. Emil Gloat, with his gospel bells, will assist with the music and a large chorus choir under the direction of Clifford A. Braider will sing.

COLLEGE CLASS ON OBSERVATION TRIP

Edmund Kenney, of Watchung avenue, who is a student in the Penn State College, will start on March 28, with the senior class of mechanical engineers, of which he is a member, on a week's inspection touring of the large industries of Pennsylvania. This is a special event in the class and will undoubtedly be a most interesting experience for Mr. Kenney, who, in completing his four years' course in the college this year.

MUST NOT ANNOY WIFE

David Turner, colored, was arraigned in the police court this morning charged with annoying his *wife who has left him and is earning* her own living. Judge DeMeza warned Turner to let his wife alone. If he molests her in the future the court will send him to jail.

FIVE THOUSAND PEOPLE VISIT STATE TRUST CO.

Between four and five thousand people visited the new home of The State Trust Company Saturday afternoon and evening and inspected the modern banking institution. Souvenirs in the form of small savings banks and looking glasses were distributed, more than 1,500 being given away.

These banks will hold nickels, dimes and quarters and may be taken to the institution as often as desired for deposit, the company having the key with which to open them.

UNION B. & L. ASSOCIATION

At the regular monthly meeting of the Union Building Loan and Savings Association tonight, the annual report will be distributed to shareholders, and the forty-ninth series will be paid off.

Subscriptions will also be taken for the new series opening in April. It is pretty generally conceded now that the Building Loan and Savings Association *as conducted in this State, under* the supervision of the department of Banking and Insurance, is one of the greatest helps to those who would own their own home or lay aside a competence for old age.

There are several of these associations in Plainfield; some are older than others, but they are all doing a nice business, and increasing their membership yearly.

PAST AND PRESENT DEBATE SUBJECT

Interesting Discussion Takes Place at Meeting of St. Mary's Holy Name Society

The regular monthly meeting of the Holy Name Society was held in St. Mary's Social hall yesterday afternoon and was well attended. At the 7:30 o'clock mass in the morning the members of the society received Holy Communion and plan to do so again next Sunday morning. The meeting yesterday was in charge of the newly elected president, Paul E. Burns.

Following the transaction of routine business, a literary treat was enjoyed when Father Bogan read several short poems, one of which appealed to the patriotic instinct of the Irish race and heralded the honorable deeds of Irishmen in defense of the United States.

The spirit of patriotism predominated throughout these poems and they were unusually well received. An impromptu debate on the subject of the "Past versus the Present" occupied much of the time. Charles J. Ward and John V. Powelson defended the "Present" and Joseph A. McEvoy and Michael Fahey supported the "Past." The decision was given in favor of the arguments set forth by Mr. Fahey and Mr. McEvoy.

During the course of his remarks, the president referred to the splendid work being done along debating lines by the younger members of the Holy Name Society, who have banded together in what is known as the St. Mary's Literary Society. This society organized one year ago with "Joe" Gallagher as president and Fred Greene as secretary, has been instrumental in placing the Union County Federation on top in the Inter-County Debating League. On March 26, Father Bogan will give another talk to the men of the Society. All others who care to enjoy Father Bogan's talk are invited to be present.

GIVEN BIRTHDAY PARTY

Alexander Campbell, of East Second street, was given a birthday party on Friday night, when fifty of his young friends were present to join in the celebration. The evening was spent in dancing and playing games. The affair was arranged by the young man's parents.

NOT TO CHANGE ROAD LINES, SAYS BAUER

New Providence, March 12.—Jacob L. Bauer, Union county engineer, denies that the county is contemplating any changes whatever in the lines or grades of Springfield avenue through this place. Mr. Bauer has been brought into a local argument concerning Springfield avenue, and is quoted variously by both sides to prove their claims.

On the one hand, Borough Engineer William J. Kauffman has told the borough council that he understood from Mr. Bauer that as far as the county is concerned there will be no changes in the alignment of grades of Springfield avenue if the county should at any time in the future decide to build a new road through this section. The lines and grades recently established by the borough for the sidewalks, if found satisfactory, Mr. Kauffman said, would be followed.

Local residents have taken exception to Mr. Kauffman's statement, contending that when the county decides to build a new road it will disregard the grade of the sidewalk recently laid. They are taking the borough council and Mr. Kauffman to task for having gone ahead with the sidewalk, particularly in having established sidelines and grades for the walks.

PEACE SOCIETY BACKS WILSON

Washington, March 12.—A resolution pledging support to President Wilson in the international crisis was adopted yesterday by the executive committee of the American Peace Society. The resolution follows:

"We, the members of the executive committee of the American Peace Society, recognize with deep appreciation the efforts of President Wilson to avoid war, and at the same time to protect the honor of the nation and the rights and lives of our citizens. We wish to assure *him of our hearty support* in his determination to secure recognition of the claims of justice and humanity." him.

PRICE INCREASE SHOWS DROP IN CIRCULATION

Newspaper publishers in Philadelphia decline to give definite figures indicating the effect of the recent raise in price from one to two cents. No return privileges have been allowed dealers for several years and this was the absolute rule long before the increase in selling price. All the newspapers are acting in unison by agreement in all matters concerning price raise, returns and price to dealers.

The price to dealers was raised a few points more than that to the purchaser on the basis that carriers make more gross than before. All newspapers are working under the audit agreement and their circulation figures will soon be a matter of record. The circulation loss of all the newspapers was about the same percentage, the papers with the largest circulation naturally dropping more copies than the smaller ones.

There are three morning and four afternoon newspapers in Pittsburgh, the latter having the largest circulation. While the morning newspapers were not increased in price, their circulation fell off greatly, because many who were taking both papers stopped the morning edition when the afternoon raised the price.

No returns are given by the newsdealers, that rule being abolished years ago. The average circulation of the afternoon papers before the raise of price was 100,000 daily and now it is 85,000. The average circulation of the morning editions, three, was 75,000 before the raise of the afternoon papers and now it is 65,000, a drop of about 15 per cent.

AUTO STRIKES CYCLIST

Frank Terry, of 1136 West Front street, riding a wheel, was struck by an automobile owned and driven by Albert L. Colt made a satisfactory settlement with

AMERICANS SLACKERS SAYS DR. C. A. EATON

In his address in the Madison Avenue Baptist church, New York, yesterday, Rev. Dr. Charles A. Eaton, who lives in North Plainfield Township, said in part, speaking at the Men's Bible class:

"When it becomes dangerous to fly the American flag in America I want to migrate." He said he had in mind a clergyman neighbor who was reported to have taken the American flag off his church "for fear it would inflame the people."

The clergyman called Americans of today moral slackers. He asserted that the "red blooded men of the country" were divided by different nationalities, bedevilled by wild-eyed women and beset by poor pussy pacifists." He said they could be excused if they indulged in profanity, adding that there was a time when he did so himself and that he had the reputation of being "a fairly artistic cusser."

"It would be a good thing for the country if one-half of us got shot," he added.

Speaking of the criticism that Americans went into Mexico to make money and should not have had the protection of their flag, the Rev. Dr. Eaton said:

"Did you ever know Americans to go anywhere for the sake of anything else?" Dr. Eaton attacked "slushy, wild eunuchs who number so many in this country," and described a certain pacifist as "a poor pussy." He declared that the churches had been "hoodooed" and were teaching "a moral asphyxiation." He said America was "masquerading in effeminacy and living in a moral vacuum." He asserted he objected to "pacifists with powder puffs."

"Is there a richer, riper or rottener plum than America for Germany?" he asked.

VENDING MACHINES STOLEN

Salaminsk, who keeps a store at 214 Richmond street, reported to the police this morning that two gum vending machines were stolen from in front of his store on Saturday night.

The machines were found broken in a vacant lot opposite the freight depot in North avenue. George Cowling also reported a peanut vending machine stolen from in front of 210 Watchung avenue. The police are working on the case.

TIME TO BE ON WATCH

Whatever doubt there may be in the minds of some Americans about the possibility of war with Germany, there are evidently no doubts in the minds of the rulers of Germany. They know that war is coming and they are preparing for it with feverish haste and the thoroughness born of intimate knowledge and experience. All German soldiers in the United States that could not return to fight in Europe have been ordered to Mexico and to certain central strategic points in the United States. At the moment chosen for the overt act, Germany will strike in so many places within the United States and on the Mexican border that our people will be amazed at the thoroughness of the preparations against us, that has been quietly going on in our own country. Our Government will not be surprised, as the war department is keeping itself informed although there seems to be no evidence of special activity. In spite of the exposure of the Mexican plot—which had been known to the Government long before the exposure—the German organization in this country is going on with its Mexican campaign. On the first outbreak of hostilities, fires, explosions and the wrecking of railroad bridges may be expected. It therefore is necessary that every American citizen be on his guard and be ready for his own part in the ryal war that is about to break. There must be no divided or doubtful loyalty among American citizens today.

THE CRIME OF EUROPE

On account of the crime of Europe, the world, not excepting the United States, is under sentence to consume less and work harder, until the war is over. The innocent must suffer with the guilty, all because one man has been powerful enough to plunge the world into war. No relief from the stress can come until the war is over, and we should conserve at every point. Waste, which is deplorable at all times, is almost criminal now. Because of our prosperity as a nation we are penalized for the sufferings of others, and the people of this great nation have risen to meet the call for their generosity, benevolence, and the actual work of hands formerly unaccustomed to work, in providing aid and comfort for the victims of battle. This has been a labor of love on the part of our people, and an evidence of the great wave of sympathy of one people for another which is suffering torture and death for something which they had no hand in bringing upon themselves. So we must work and wait, economize and save, and still be the grateful people as of old, who have risen to the call for help, wherever heard, in field and forest, on the merciless seas, and in the land of ice and snow, because a kind Providence has made us able to help the sufferers of other lands, while we are providing for our own wants.

DISCOURAGING NAVAL ENLISTMENTS

Formerly it was the custom, except in cases of distinguished service, to promote men in the navy according to seniority. The system worked fairly well, though it sometimes kept an unusually good man from rapid promotion. However, the system prevented favoritism and gave general satisfaction to the men directly concerned. Recently a naval selection board was created and the results of its selections for promotions are somewhat surprising and disconcerting. Many men of spotless record and unquestioned ability find that others, for some unknown reason, have been "jumped over" them, in the making of promotions. An everybody will immediately see, this discourages the many and encourages the few. Of course, the selecting board can say to the officers, "if you don't like it you can get out of the navy," but that is scarcely true. A man who has studied for the naval service and has devoted years to that work, is out of touch with business and is in a measure unfit for the usual vocations of life. Moreover, that line of argument will not tend to increase the number of capable men who turn to the navy as a promising career.

THE BOY SCOUTS IN WAR TIME

A program has been issued of work of the Boy Scouts in case of war. They are to render first aid, send messages by wireless or semaphore help protect property and give alarm in case of danger, etc. Of the 200,000 scouts enrolled in this country a large part are already practicing signals and other preparations with the war possibility in view. The little fellows look quite serious and business-like in their uniforms, and no doubt already feel the weight of nations resting on them. In England, where every adult male is supposed to be assigned to more serious work, the scouts are filling a pretty big hole. In this country, they could do just as well. Only if the enemy were nowhere in sight for thousands of miles, the patrol duty might become a good deal of a lark and picnic, and be relieved by many diversions. A boy is a boy after all, and can't be wholly a soldier save in grave emergency.

EDITORIAL NOTES

The principal qualifications for Congress now is a long winded speaker who can talk long enough to prevent the rest of the body from doing anything.

It is not true that there is anything in the senatorial courtesy rules requiring the Senate to be courteous to the American people.

When a person smells of onions today, it is not regarded so much as offensive to the senses as an arrogant display of wealth.

There is a widespread feeling on the part of the people who never contribute to charity that the money given the Billy Sunday campaign could be spent more usefully somewhere else.

It is not likely that a great many men will raise vegetable gardens this summer, as it takes so much time to gather at the hang-outs and discuss the cost of living.

The old automobile is just effective in giving you the open air and health stimulus, but it doesn't impress the neighbors so much.

Among the things the men regretfully give up in Lent is the pleasure of making those long formal calls with their wives.

The politicians who object so strenuously to arming ships need not think they have got to man the guns. On the contrary, everyone will be glad to see them retreat to the most remote and secluded places in their own reservations.

Now that Congress has adjourned the country is without any means of getting its talking done.

Seeing is believing (where milk is concerned) ONLY when what you see is the word "certified" on the cap of the bottle.

That means the cleanliness and purity of its production is vouched for by a commission of leading physicians.

That means it is SAFE for you and your children to drink.

GERMAN BARBER COUNSELS ASSISTANTS

A native German, who is the proprietor of several barber shops in New York, has sent to his staff of assistants a circular letter as follows:

"Our number is made up in part of men of foreign origin. To them in this great crisis for America I regard it as my patriotic duty and privilege as well to say a word of counsel.

"You or your fathers before you came to this country seeking social and political liberty and the great opportunities which are derived from our free institutions. That you should retain in your hearts the love of your fatherland is but natural and inevitable. But now that the country of our adoption is itself threatened by the danger of war in the defense of the honor and integrity of its people and its institutions there is no allegiance which can be yours save the single, absolute and unadulterated allegiance to America.

"Whether by birth or by choice, I appeal to you to stand behind our President in whatever decision he may make for the honor, safety and welfare of our country.

"This land of liberty has given you what you sought upon her shores. She has exacted but little in return.

"Whatever the country of your origin, whatever your sympathies may have been, America now demands your full and undivided loyalty and devotion. Stand behind her as one man in her hour of crisis, even though you be brought into conflict with your own blood and bone.

"Let us think peace and pray for it, but keep our minds steady and our hearts and arms strong, so that if the need shall come we shall be ready to give all in the defense of our common country."

SOUSA'S NEW YORK APPEARANCE

John Philip Sousa and his famous band is to be heard for one concert at the Hippodrome, March 18th, when a St. Patrick's Day concert will be given by this fine band and a list of all-star Irish soloists, including Maggie Cline, Arthur Aldridge, William J. Kelly, William Harrigan, the two Edwards Harrigan and others. Mr. Sousa has just closed a remarkable tour with Mr. Dillingham's spectacle which played to nearly a million dollars in twenty weeks in the larger cities of America.

TO DISCUSS SALARY SCHEDULE

Phillipsburg, March 12.—The Phillipsburg Teachers' Club has decided to send a committee to the next meeting of the Board of Education to take up the salary schedule, introduced at the last meeting. It is meeting with objection on the part of the teachers because the provisions for increases in salary are considered too indefinite.

These officers have been elected: President, Michael E. Maloney; vice president, Miss Alice Nie; secretary, Miss Marion White; treasurer, Miss Mary C. Gelpke.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" is the best antacid and stomach regulator known.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world.—Adv.

The Boice-Runyon Company, notwithstanding an unprecedented call upon their stock for domestic sizes of coal, still have an ample supply on hand.

Mud, snow, slush, conditions due to the season of the year, cause unavoidable delays in delivery. We would therefore suggest that you set your mind at ease by ordering now.

17,000,000 CATHOLICS IN UNITED STATES

There are 17,022,879 Catholics in the United States proper, according to the 1917 edition of "The Official Catholic Directory," published and copyrighted by P. J. Kennedy & Sons of New York. With sixty-four archdioceses and dioceses reporting increases, four showing decreases and thirty-three archdioceses and dioceses making no change in the population figure, the increase in the number of Catholics during the year 1916 is shown to be 453,770.

According to Joseph H. Meier, the directory compiler, the figure 17,022,879 is very conservative, including, as it does, only the figures submitted by the chancery officials. Taking into consideration the "floating" Catholic population and the fact that some important archdioceses and dioceses take up a census only at intervals of ten years, Mr. Meier feels that he is safe in saying that the Catholic population of the United States is at present nearly 19,000,000.

Looking over that section of "The Official Catholic Directory," which contains the data for our island possessions, one finds that there are 7,342,262 Catholics in the Philippines, and adding to these Philippine Catholics the number reported for Alaska, the Canal Zone, Guam, our possessions in Samoa, the Hawaiian Islands and Porto Rico, the total number amounts to 8,413,257. This figure does not include the Catholics of the three recently acquired Danish West Indies.

RESCUE MISSION NOTE

The meeting in the Rescue Mission Hall, Madison avenues this evening will be led by William De Marls. Music will be a feature. Everybody will receive a cordial welcome.

IMPORTANT
AUCTION SALE
of Valuable Real Estate on
Saturday, March 17, 1917
at 3 p. m.
on the premises, No. 210 West Fifth Street, between Madison and Arlington avenues, in the one-half block from Arlington avenue street car line, and within a few minutes' walk from main Central Railroad Station.
The property has a cozy, modern dwelling, with all improvements, and is desirable, in the residential section, centrally located. It contains 9 rooms, viz, three on first floor, kitchen and pantry; three light, airy bedrooms and large bathroom, open plumbing, on the second floor, also two bedrooms finished off on third floor. Slate roof and well-built, with stone wall foundations, including large front porch. Several fruit trees and grape arbors, very productive, and small tool house on rear lot. Size of lot 60 feet front by 185 feet deep, more or less. This will be a good chance for anyone looking for a home already built, and on easy terms, or to purchase as an investment, as the property is going to be sold. Reason for selling is the owner is moving to another part of the State, where he has large interests. For inspection of property, or any other information, apply to the auctioneer,

NEWS FROM NEARBY POINTS

Readers of the suburban news will often find news of their towns in other columns of the paper under headings from their towns when such news is too late for the regular column.

SOMERVILLE NOTES

FIRE DESTROYS MILLSTONE STORE

Fire of unknown origin completely destroyed the grocery store of Martin Metz, in Millstone, Saturday night.

The townspeople were greatly excited by the fire, and as the town has no fire apparatus they telephoned to New Brunswick for assistance. Those who sought aid were informed that apparatus could not be sent to Millstone without compensation under the rules and those who made the request refused to guarantee this, as they were in no way interested.

The fire started in the storage room of the building, which is two stories in height. It took but a short time for the fire to completely wipe out the building, causing a loss of several thousand dollars to the owners.

For a time it was feared that the fire would spread to an adjoining building, but fortunately the wind drove the flames in the opposite direction.

Water Company May Take Stand

Officials of the Water Company are expected to attend the meeting of the Borough Council to be held in the engine house on March 23, at which time several important matters will be taken up.

The recommendations made by the Board of Fire Engineers at the last meeting will be under consideration at this time and the bids for new hose for the fire department will be opened at this meeting. Should the Water Company send a representative to the meeting, it is likely that the borough fathers will be able to reach some definite stand as to the procurement of increased water pressure, which was embodied in the list of recommendations from the Board of Fire Engineers.

We-V-We Club Commences Plans

Ye Towne Boys are planning for their big event of the year, the We-V-We Club dance, to be held in Eagles' Hall on the evening of April 20. The hall will be elaborately decorated, even more so than during past seasons, and several novel features in the form of entertainment will be introduced. Several out-of town performers will be secured for the occasion and along with the local talent a program of much enjoyment is expected.

Many attended the musical recital in the chapel of the Second Reformed church given by the pupils of Miss Opdycke, Miss Evelyn Lindquist and Herman Jungmann.

The Y. M. H. A. will hold the March meeting tomorrow night at which time the nomination and election of officers will be taken up.

A navy recruiting officer is stationed at the postoffice this week in an effort to enlist candidates between the ages of 17 and 30.

Attorney John Toolan, of Perth Amboy, was the guest of friends in the borough Saturday.

E. E. Mendels, of New York, was a visitor at the Elks' Club Saturday.

Tickets for "The Runaways" were sold at the Regent Theatre today.

BOUND BROOK

Taken to Hospital; Too Weak to Walk

John S. Wells, one of the employes on the E. P. Bryan place on the River road, was taken to the Wells Memorial Hospital on Saturday after he had been taken ill suddenly on West Main street. Wells had become so weak while on a shopping tour that he fell to the sidewalk and was unable to walk even after some minutes of rest. Chief of Police William F. Nash was notified and after giving the case the proper attention ordered his removal to a hospital.

The March social afternoon of the Ladies' Aid Society of the South Bound Brook Reformed church will be held with Mrs. Nathan Warman on Cedar street, South Bound Brook, tomorrow afternoon at 2:30 o'clock. The committee in charge is comprised of Mrs. N. Warman, Mrs. H. H. Shepherd, Mrs. M. O. Murray and Mrs. S. Apgar.

Mrs. Ward, of Wilmington, Del., is spending a few days with friends in town. Mrs. Ward was formerly Miss Emma Undritz, the English teacher in the local high school.

Mr. and Mrs. Otto M. Franke gave a dance for their daughters in the Middlebrook Country Club Friday night.

Next Friday evening the Entre Nous Club will hold a dance in the Middlebrook Country Club house.

Mr. and Mrs. Clifford A. Giddes are rejoicing over the arrival on Friday of a daughter.

The Board of Education of the Borough of Middlesex will meet tonight.

FANWOOD

Marshal Logan Back at His Post

Chief Marshal John Logan is able to attend to his police duties after being confined to his bed a few days by an injury sustained by a fall from a moving automobile about a week ago.

Logan was answering a call from a residence on South avenue and endeavored to leave the automobile in which he was riding before it stopped. In doing so he lost his footing and fell heavily to the hard asphalt on South avenue, and was rendered unconscious for several hours.

Fire Destroys Farm House

The farm house belonging to Mrs. Peter Murray, on Terrill road, was burned to the ground last evening shortly after dark. The Plainfield fire department hurried to the fire, but because of the long distance to the burning house it arrived too late to check the blaze, which had burst out everywhere. The local department did not receive a call to respond.

It is not known what caused the blaze. The Murray family have not resided there for the past two months. The house and contents were insured.

Attends Smoker of Triad League

Rutgers Neilson, of Martine avenue, attended the annual smoker of the Triad League of New York University, held at the club house of the Advertising Club, in New York, on Saturday evening last. Last June Mr. Neilson was a delegate of this League at the annual convention of the Associated Advertising Clubs of the World at Philadelphia, and in the capacity of publicity director he did much to make the Triad well known to the advertising men of the world.

SCOTCH PLAINS

There will be two basketball games at the parish house tonight. The Junior team is making arrangements for a game, and the Senior boys have a game booked with the "Reserves" of North Plainfield.

Mr. and Mrs. Alexander Muir, of Harrison, spent the week-end with Mrs. Muir's father, Henry C. Meyer, of Front street.

Joseph Schwalback, of Westfield avenue, spent yesterday with his son Henry, who is stationed at Fort Slocum.

The members of the Ladies' Aid Society will hold their monthly meeting in the church Wednesday afternoon.

Miss Helen Skellenger, of Front street, spent the week-end with relatives at Arlington, N. J.

GERMAN VALLEY

Miss Lulu Frone led the young people's meeting last night in the Lutheran Church. Her subject was "Spreading the Good News." Union services were held in the Presbyterian Church. Rev. Herbert Maas will preach.

WATCHUNG

MISS VINCENT BRIDE OF BENJ. BERNECKER

The marriage of Miss Jessie Vincent, daughter of Mr. and Mrs. Oscar Vincent, to Benjamin Bernecker, took place Saturday afternoon at 4 o'clock at the home of the bride's parents, at Sunny Brook farm, near Watchung. Rev. Dr. C. A. Eaton performed the ceremony. An informal reception followed, during which the couple received congratulations. Mr. and Mrs. Bernecker will continue to reside at Watchung, the bridegroom being employed by Dr. Eaton on his farm.

Among the guests at the wedding besides the immediate relatives were Mrs. William Cotgreves, George Bernecker, Mr. and Mrs. Cross, Mrs. William Wilson, Mrs. Robert McGoldrick, Miss Bessie McGoldrick, Samuel McGoldrick, Bedell Wills, Miss Nellie Kelley, Miss Harriet Dorsch, Miss Mary Gardner, Miss May Gardner, Miss Margaret Gardner, George Gardner, Samuel Gardner, Paul Weisert, John Coad, Miss Ida Coad and Miss Margaret Lyons.

Service in Wilson Church

Rev. Mebane Ramsay preached an interesting sermon on the "Life of Jesus" yesterday morning in the Mary E. Wilson Memorial Union church. A solo, "Somebody Knows," was rendered by Douglas W. Demler. A special musical service was held in the evening at which Alfred Korff and James Tannon rendered the following violin and cornet selections, "Morn Shall Rise," "Hark My Soul," "Beautiful Isle of Somewhere." Choir selections, "I'm a Pilgrim," with tenor and bass duet by Douglas W. Demler and Thomas C. Fetherston; "Angels of Life," with soprano and alto solos by Misses Elsie F. Schmidt and Lucy Hughes, Rev. Mebane Ramsey's topic for the evening service was "Sacrifice and Service." August H. Moodey was taken into the membership of the church.

"Go-to-school Week" will be observed during the week commencing March 12, ending March 16. All parents and citizens of the township are cordially invited to visit the public school during that period. The regular programs will be followed.

The North Plainfield Township Improvement Society will hold the regular monthly meeting this evening in the Improvement Hall. All are welcome to attend this meeting.

DUNELLEN

Evangelist Bascom Will Preach Entire Week

Yesterday's union services opening at the Presbyterian church, conducted by the Rev. P. C. Bascom, were largely attended and much interest manifested. In the morning Evangelist Bascom preached on "The Church Efficient," and this was followed by a service for women in the afternoon. The Methodist congregation joined with the Presbyterian members at last night's service. Evangelist Bascom's topic was, "The Way Jesus Did It."

Mr. Bascom will continue to hold services in the Presbyterian church every night this week, in which he will be assisted by a large chorus choir. Tonight his subject will be, "The Man For the Hour." Tomorrow night he will give a talk on "The Way Home." Announcements for the remainder of the week will appear in these columns.

Surprised on Saturday Evening

Mrs. Bernard Siriski, of Lincoln avenue, was pleasantly surprised at her residence on Saturday evening. It was a birthday party and her friends brought many suitable presents. Included in the guests were Superintendent H. B. Herald, of New York, who is at the head of the firm of Fisk, Clark & Flagg, glove manufacturers, Mrs. Siriski being employed with the Plainfield branch. The evening passed pleasantly in dancing, games, and the serving of refreshments.

The guests included: The Misses C. Pickoff, L. Bow, Martha Kretzel, Kate Renneman, Mrs. N. T. Batz, Mrs. Rustrove, Mrs. Wiedenhaupt, Miss Anna Wiedenhaupt, E. Gust, N. M. Dilts, Mrs. J. Andrews, M. F. Green, S. Miller and others. Festivities closed at midnight.

Son of Former Pastor Occupied Local Pulpit

The Rev. Frank Custard, a student at Drew Seminary, preached yesterday morning at the First Methodist Church. The preacher was the son of the late Rev. Dr. Custard, who twenty years ago passed way while in charge of the local church. The Rev. Mr. Custard yesterday was greeted with a large attendance and delivered an eloquent sermon. The members of the congregation in the evening joined with the Presbyterians in union service.

The altar of the church yesterday was decorated with flowers in memory of the late Mrs. Mary Elizabeth Harris, of Greenbrook, who has a long time affiliated with this society.

Snowball Battle Caused Much Comment

The careless throwing of snowballs in the vicinity of Whittier school on Saturday nearly resulted in some of the younger element of this community being brought before the authorities for their misconduct. Even some of the front doors and windows nearby came in for a share of the bombardment, notwithstanding pedestrians who were passing by. The names of several of the boys have been recorded by the school janitor who happened to appear on the scene before the boys got away.

Visit Local Schools

As this week is known as "Visit-the-schools Week," Principal Rentschler of the borough schools has extended a cordial invitation to parents and friends to visit the schools. The object of inducing parents to visit the schools while in actual session is to get them to see what kind of work is done in the school room.

W. B. La Rue, of this place, who is an anti-vaccinationist, recently appeared with a committee at Trenton in the interest of Assemblyman Johnson's bill. This act, if passed, would prevent the exclusion of any teacher or pupil from the public schools by reason of such pupil or teacher not having been vaccinated.

Through ingenious press agencies lanky "Bob" Fitzsimmons, formerly of Piscataway, keeps before the public. The latest is a denial from "Billy" Sunday, who it was reported had engaged Fitzsimmons to train the evangelist during the New York campaign.

Over 200 employes of the Levgar Structural Iron Company have recently received bonuses of one to two weeks' pay according to the time they have served. Only employes who have worked for the firm two years or more received bonuses.

Friends of Archibald Lesley Young, of this place, are congratulating him upon his advancement in the railroad world. Mr. Young now holds the position of Assistant Passenger Train Master in the Jersey Central R. R. at Communipaw.

Much sympathy is extended to Constable C. W. Blaine, who is confined to his home by a serious affliction. Many friends drop in to see him daily.

John Fedderman, Arthur Hamley, and George Zink, have been drawn to do jury service at the April term of the Middlesex county court.

The new house of Alberne H. Burdick, on Washington avenue, is nearing completion.

Special Lenten services will be held on Saturday next in St. John's Catholic Church.

WESTFIELD

SERIOUS ARGUMENT IN A LUNCH WAGON

As a result of being cut on the head and face and having his coat nearly cut off him Oliver Brown, colored, had William Phillips, colored, arrested at 12:45 yesterday morning and later Phillips was arraigned before Recorder Springstead and held under $500 to await the action of the grand jury.

Phillips and Brown and a number of other colored men went into the lunch wagon on North avenue after the pool room on West Broad street closed up, and while they were eating something to eat Phillips and Brown got into an argument which resulted in Phillips pushing a bag of chicken feed which Brown had off the counter of the lunch wagon onto the floor. Brown asked Phillips what he did it for, and then Phillips' father, who was there, took a hand in the argument. Finally Phillips pulled out a knife and made a strike at Brown which cut his head open so that he had to have three stitches taken in it.

The police were notified and Chief Rosecrans, Lieutenant McNeeley and Officer Darcey were soon on the job and were not long in locating Phillips, who had left the lunch wagon, and locked him up. When arraigned before the Recorder Phillips pleaded not guilty and was held for the grand jury as above stated.

Umbrella Mender Charged With Assault

Timothy McCarthy, an umbrella mender, was arrested by Chief Rosecrans and Sergeant Nelson at the Rahway police headquarters on Saturday night on a complaint made by Mary Hicks, a domestic in the home of Robert O. Huking, 158 South Euclid avenue, who charged McCarthy with having come to the back door of the Huking home and asking her for something to eat. On her refusal to give it to him she claims that he hit her over the head with a stick and got into the kitchen where he took a lot of fresh baked bread, a dozen eggs and a roast of beef. He was held for investigation.

Lectured on "South of England"

The lecture given by Colonel E. A. Havers on "The South of England and the Land of Lorna Doone" was attended by a large audience and proved most interesting and instructive. The lecture was illustrated with many beautiful pictures taken by Colonel Havers.

The lecture next Saturday night will be on "Aircraft in the Great War" and will be given by William Menkel. This will be the last lecture of the present course under the direction of the Board of Education. On March 24th there will be a musical entertainment by local talent under the auspices of the Westfield High School Alumni Association.

Ross-Hofer Nuptials

Miss Henrietta M. Hofer and Donald Ross, of South Orange, were united in marriage at the home of the bride's mother in South Euclid avenue on Saturday afternoon at five o'clock. The ceremony was performed by Rev. Dr. W. I. Steaffs, of the Presbyterian church of which the bride was for many years the soprano soloist in the choir. The wedding was attended by only relatives of the couple. They will make their home in Euclid avenue.

The Rev. Milton S. Littlefield, D. D., of New York, will deliver an address on the subject of "Music in the Sunday School" in the Baptist church tomorrow night. Dr. Littlefield is the secretary of the Congregational Board of Sunday School Work and is an authority on Sunday school music.

Rev. Dr. W. J. Boone, president of the College of Idaho which is situated at Caldwell, Idaho, made an address in the Presbyterian church at the service yesterday morning. Rev. Mr. Boone spoke of the Christian college and particularly about the college with which he is connected.

The mid-week meeting in the Presbyterian church on Wednesday night will be a memorial to the late Rev. Lyman D. Calkins and those who attend will be given an opportunity of telling of the many ways in which Dr. Calkins ministered to the church.

The annual meeting of the Men's Brotherhood of the First Methodist church will take place in the chapel tonight. Rev. Dr. S. J. Herben, the pastor, will deliver an address on "Etchings." A social hour will follow during which refreshments will be served.

The annual meeting of the Westfield District Sunday School Association which was to have been held in the Baptist church yesterday afternoon, was postponed until Monday evening of next week on account of lack of a quorum.

NEW MARKET

Piscataway Couple Will Keep Their Children

Following a report to Judge Daly by Rene P. F. von Minden, attorney for Piscataway Township, to the effect that William and Delia Humphrey have done much to improve the surroundings of their home and have "turned over a new leaf," the Middlesex court has denied the application of the St. Michael's Aid Society to take from them the custody of their minor children Alfred, Emily, James and William Humphrey. The matter was before the court several weeks ago, when the parents were put on a probationary period. Mr. von Minden has presented the report of John M. Dayton, overseer of the poor of Piscataway Township, telling of several visits to the Humphrey home and of the great improvement in conditions there.

The Rev. T. E. Vassar, Jr., of the local Baptist Church, will be the assisting clergyman on Wednesday evening, at the marriage of Miss Majorie Vassar Morton to Henry A. Cozzens, to be solemnized in Elizabeth. Mr. Vassar's father, the Rev. Dr. Thomas A Vassar, of Newark, will peform the ceremony.

Travel on the highways in these parts is almost impossible at this time of the year, snow, slush and mud being nearly up to the hubs of the vehicles.

"Go-to-school Week" will be observed by the township schools this week. On Friday an informal exhibit of manual training will take place.

Charles S. Day, the township clerk, continues to improve from his recent illness.

Friendship Council, Jr. O. U. A. M., will hold its semi-monthly meeting tonight.

Patrick Hayes is now employed with the New Market Coal and Supply Company.

Mrs. E. Herlich came out from New York last week for a few days' visit.

The annual school meeting will be held in the township on March 20th.

Mrs. C. S. Day's music pupils have taken up the study of Mendelssohn.

Henry Leibel has secured a position with the P. S. Railway Company.

The First Baptist Church choir will meet for rehearsal tonight.

Nature's Best Food Laxative is the bran which makes up the outer coating of the whole wheat grain. But why eat coarse bran cakes when you can accomplish the same purpose by eating Shredded Wheat Biscuit and at the same time get all the rich body-building material in the whole wheat grain prepared in a digestible form. A perfect food—just enough proteid to build healthy muscle, just enough carbohydrates to supply heat and energy, just enough bran to keep the bowels healthy and active. For breakfast with milk or cream, or for any meal with fruits. Made at Niagara Falls, N. Y.

THROUGH THE WICKET

Camp No. 1, Patriotic Order of America, received three applications for membership at its meeting Saturday night, making a total of nine for this year. There will be initiation at the next meeting. District President John Titus, Mrs. Titus and George Ruderman, of Camp 60, Elizabeth, were present and gave short talks on the good of the order.

WOMEN'S MISSION AUXILIARY TO MEET

A neighborhood meeting of the Woman's Auxiliary to the Board of Missions will be held in the parish house of Grace Episcopal church tomorrow afternoon at three o'clock.

The speaker will be Miss Littell, a member of the committee to further the plans for the Church General Hospital at Wuchang, China. Members of missionary societies and others interested are cordially invited to attend this meeting.

OUCH! ACHING JOINTS, RUB RHEUMATIC PAIN

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacobs Oil"

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer. Relief awaits you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.—Adv.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

Note—Any one with this department Miss Lee will gladly answer any inquiry relative to domestic science. A stamped envelope being necessary for a personal reply. Address care of Courier-News.

The housewife may, with cause, have the fullest confidence in her grocer or marketman, and yet, when she ask for Brown's baking powder, is also wise to look at the box and label before consigning it to the pantry shelves. It may be Smith's powder, an unknown quantity, which the clerk gave you by mistake, while Brown's is a tested favorite. Or, if you want a certain brand of "Early June Peas," firmly reject the other brand offered as "just as good," it is certainly the purchaser's right to choose, as one who knows best the family preference.

But, on the other hand, the housekeeper must also recognize that the store keeper has his rights, which are too frequently completely ignored by the large majority of his customers. Every observant person, who stands waiting while others are being served, cannot fail, sometimes, to see an infringement of these rights.

"Are the peaches soft?" asked the housewife to the store-keeper, bending over the basket of fruit on the sidewalk. "My peaches are always soft. There's no chance for a peach to stay hard around here, with folks handlin' 'em from mornin' to night. Bullets wouldn't stand the squeezing," was the grim retort. Thus we see that the dealer has a point of view from which he judges his customers.

As a rule, women are the greatest trespassers in this respect, and a number of witnesses will arise to testify to the truth of this statement. Housewives too often forget that "time is money," especially to a business man, and thus thoughtlessly become pilferers in this respect also.

Nine times out of ten, a man can pick out a loaf of bread he wants without advice or assistance, while the female flutter: hesitates, changes her mind and weighs each loaf in the balance until she becomes a real nuisance to the tired clerk behind the counter.

Then, too, a smoked mackerel never inspired animated conversation in a man, but I have seen a well-dressed woman, and evidently an intelligent (?) one; hold up a specimen by the tail, propounding endless questions that would stagger Izaak Walton. The store may be full of people waiting their turn, but the absent proprietor does not dare to say: "My dear Madam, you are a great nuisance." But he thinks it, and everyone of the clerks would willingly give a dollar from their weekly wage for the privilege of expressing themselves.

If the housewife wishes to purchase raisins, it is prudent to look at them carefully, but it is not at all necessary that she should sample the six boxes constituting the entire stock. Or, she may be willing to pay the highest market price for eggs, if their freshness is beyond suspicion. But if she insists each time that the eggs shall all be large and of the same color, with the exact date of their laying, she becomes a troublesome customer to the harassed dealer, who probably turns from her to encounter another buyer with equally annoying tendencies, displayed in some other direction.

Friendly husks may hide imperfect ears of corn, but if the purchaser only needs a half dozen, she need not ruthlessly strip ear after ear, only to reject them and toss them back to lie unprotected in the heat. Surely, this is an impertinence that merits rebuke, and if buyer and seller could change places for a short time, it might prove beneficial to both parties.

For a purchaser to discover after the cheese is cut, that the mild is preferred to the sharp, and expect their own mistake to be rectified, is considered a mere trifle, yet the same purchaser calls it "careless inattention to business," if dried peaches, by any chance, are weighed out instead of the requested apples.

There can be no question that to dispute the price of an article is neither a dignified nor ladylike proceeding. If you can, as you ever, buy rice at Robinson's for eight cents a pound, the man you are dealing with can only wonder why you don't go there and buy it, instead of trying to furnish him with a new list of prices. He probably knows that his rice is of a superior quality, one that his competitor could not sell for less than ten cents, so he mentally sets you down as an ignorant buyer, and probably you are, in this particular.

Don't pick up four or five prunes and eat them while you are giving your order. Did the order clerk, or delivery boy, ever presume to help themselves to one of the tarts or cupcakes, just taken from the oven, while they are depositing the supplies on the kitchen table? It would be regarded as very wrong by the housewife, and it is quite likely the storekeeper also classifies it as wrong-doing.

To see ourselves as others see us is often an unpleasant, but helpful, spectacle and to readjust our ideas is sometimes a hard task. Both these conditions, however, are really necessary in order to work reforms. Would it not be well to have the housewives, or those who fill the market baskets, ponder and think *over these things?*

THE SECRET OF THE WITCHES—Part I

Once upon a time there were two brothers named Jack and Ole. They were very poor, and one day their mother, who was a widow, told them they must divide the small store of food and money they had and go out *into the world and* try to earn their living, for she could no longer keep them there.

So Ole and Jack each took a small pack on his back and started off, not stopping until it came night.

After they had eaten very sparingly of the food they had, because Ole said they must make it last and eat but a little, they went to sleep.

Jack went to sleep, thinking of his mother and wishing he had not left her alone. "We should have worried and taken care of her, not left her to support herself," he thought as he went to sleep.

But Ole was not thinking of anything so kind as that; he was thinking how he could get *all the food* and the money Jack had in his pack and make off with it before Jack was awake in the morning.

So Ole slept only a little while and then awoke; he listened to make sure Jack was sound asleep, and very carefully he pulled the pack from under Jack's head and off he ran.

When Jack awoke *he rubbed his eyes* and looked about, for he could not believe that Ole was not there. Then he looked for his pack, and that was gone, and poor Jack knew that his brother had taken it and left him.

"Well, it serves me right for leaving mother all alone," he said; "now I will try to find my way home again and take care of her."

But he had not noticed which way they had journeyed and when night came Jack found himself in the *midst of a forest.*

He ate some berries and nuts, and then lay down by the side of a rock to go to sleep.

He was awakened in the middle of the night by hearing voices, and while he was a brave little fellow, Jack thought it best to be cautious.

He crept along the side of the rock *and looked on the other side, and a* strange sight met his eyes. He saw two old witches dancing and singing in the wildest manner around a pot hung from three sticks.

The witches took turns throwing

into the pot something from a bag which each carried on one arm.

Then they stirred the boiling pot with a stick as they ran around it singing and dancing.

Jack kept very quiet and watched, and after awhile the witches fell on the ground beside the pot, where they laid so long Jack thought they must be asleep, and he was just creeping over to the pot to look in when up jumped both old witches and looked into the pot.

Jack was quick enough in hiding so they did not see him.

"Ah! it is just right now," said one old witch; "here is the bottle, sister?" The other witch took a bottle from her bag, and into it the other witch poured some of the fluid from the pot.

"We will be rich, sister; we will be rich, for nothing on earth can cure the sick Princess but our magic broth, and no one but ourselves knows the secret," said one witch with a cackling laugh, which showed two long teeth in the front of her mouth, and Jack crept closer to the rock.

"Yes, we know the secret, sister," said the other witch, "and no one else does unless there happens to be hiding about someone who has seen us make our broth."

The other witch gave a wicked scream and danced about, clawing the air, until poor Jack felt his hair raise right upon his head, and he got closer to the rock and as far under the bushes as he could.

In a few minutes the witch stopped screaming and, taking the bottle she had filled, she trudged away, followed by the other witch.

Jack waited a long time before he moved, and then he crawled out and looked about very cautiously.

He went to the kettle and dipped his finger into the broth and tasted it. "Ugh!" he said, making a face, "what horrid tasting stuff. But if I had a bottle I would go to the King's palace myself, for I am sure I could get there before the old witches get out of the forest."

"I'll help you," said a voice, and Jack turned and saw on a bush beside the rock a tiny creature with a little gold wand in one hand.

Tomorrow I will tell you what she did to help Jack.

PLAN TO PENSION M. E. CLERGYMEN

Question to be Considered at Coming Conference in Newark

During the sixtieth session of the Newark Methodist Conference, which will be convened in Halsey Street *Methodist Episcopal Church, Newark,* beginning March 28, special attention will be devoted to the questions of pensions for the retired clergy and national prohibition. The conference will close April 3 and will be presided over by Bishop Luther B. Wilson.

At the annual meeting of the *Centenary Fund and Preachers' Aid* Society on the evening of March 28, pensions for the clergy will be taken up. The plan of the General Conference to raise $15,000 as an endowment for conference members will be discussed by Bishop Charles D. Mitchell, formerly of Plainfield, with particular emphasis of the *spiritual side of the movement.* It is expected that steps will be taken shortly after to put in action a campaign for the raising of funds for the general church plan.

At present retired ministers receive from the conference pensions based on a rate of $9 a year for each year of active pastoral service. *Annuities* are also provided for the widows of ministers. These are on a scale of one-half the rate for the ministers multiplied by the years of marriage.

Support will be given the movement for national prohibition by the Rev. Dr. Clarence True Wilson, general secretary of the Board of Temperance, *Prohibition and Public* Morals, who will deliver an address in its favor Tuesday night previous to the opening of the conference. Dr. O. Bell Close, of the New Jersey Anti-Saloon League, will work along similar lines in his address before the Church Temperance Society and Anti-Saloon League, which is scheduled for the evening of March 31. This meeting will be presided over by the Rev. Dr. Ralph B. Urmy, of Centenary church.

Bishop Luther B. Wilson, of the New York area, and his associates in the cabinet of district superintendents will make a few changes in the personnel of pastorates this year. *Permanency in pastorates is resulting* in more harmonious handling of the problems of modern life the conference recognizes and only a few changes in small churches are in prospect.

SLAYER TRIES SUICIDE.

Poison Tablets and Suspenders Fail New Haven Man.

Stamford, Conn., March 12.—Ferdinand Laudati of New Haven, who is in jail here on a charge of killing his father-in-law, Ernest Pumpi, a music teacher, attempted suicide in his cell. Making a noose of his suspenders, he tied the end to a bar and swung into space. But the suspenders broke, and he fell to the stone floor. An officer found him lying stunned.

Laudati tried to swallow strychnine tablets when arrested. Mrs. Pumpi and a violin pupil, who were also shot, are Laudati's accusers. Their wounds were slight.

"HUMPTY DUMPTY" DEAD.

Fall on Icy Sidewalk Kills Famous Clown at Kingston, N. Y.

Kingston, N. Y., March 12.—Famous for forty years as the original "Humpty Dumpty" clown, Tony Denier died here from a fall on an icy sidewalk. He was seventy-eight years old and had been an inmate of the almshouse since June.

He retired as a clown eight years ago. Two years later he married the widow of Daniel Sully, an actor. He won recently a $3,000 judgment from her in a suit to recover $17,000 he claimed to be a lifetime savings advanced as a loan to her.

TWOSCORE DEAD FROM CYCLONE

Newcastle and Central Indiana Victims of Disaster.

Newcastle, Ind., March 12.—Nearly forty persons were killed and 150 injured, some probably fatally, in the cyclone which wrecked more than 300 homes in this city. The damage was roughly estimated at *$1,000,000, but* may exceed that figure.

The storm swept over the city in a southeasterly direction, demolishing practically everything in a path almost two blocks wide and more than ten blocks long. For several hours the city was entirely cut off from communication. Appeals for help were sent out by Mayor Watkins, and Governor Goodrich was asked to send troops to police the city.

The exact number of dead may not be known for a day or two as practically all the bodies thus far found have been dug out of the wreckage of their homes.

Several fires started in the wreckage on the south side, but the heavy rain which followed the tornado kept them from spreading very much.

The greatest destruction was in the factory district on the south side.

Although the skies had been threatening, there was little warning of the approaching tornado. A huge funnel shaped cloud suddenly appeared in the west, hanging low and sweeping toward the city with *lightning like speed.* The tornado lasted only about five minutes. The rain which followed stopped in a few minutes.

The cyclone swept through the central part of the state. Two children were killed in Wayne county.

CYRUS A. SULLOWAY DEAD.

New Hampshire Man Picturesque Figure in Congress.

Washington, March 12.—Arrangements have been made by officials of the house for the funeral of Representative Cyrus A. Sulloway of New Hampshire, who died from pneumonia. Speaker Clark appointed a committee of representatives to attend the services, which will be held Wednesday at 2 o'clock at Manchester, N. H.

Cyrus Adams Sulloway, eleven times elected United States representative from the First congress district of New Hampshire, was born in Grafton, N. H., June 8, 1850. In 1872 he was elected a member of the New Hampshire house of representatives and in 1887 was returned, serving three sessions. In 1894 he was sent to the national house of representatives, where he served continuously until 1912. Due to the Progressive movement he was retired during the Sixty-third congress, but in 1914 was returned to Washington. He was a picturesque figure in the house because of his height and physical characteristics.

LANDSLIDE IN NEW JERSEY.

Tons of Rock Fall From Bluff, Wrecking Factory Buildings.

Paterson, N. J., March 12.—But for the fact that the buildings were empty because it was Sunday, 400 workers might have been killed or injured here when thirty tons of earth and rock sloughed off the face of a bluff overlooking the Passaic river, near the West End bridge.

With a loud crash the mass slid down the bluff, crushing in the side of one factory building and breaking through a part of the roof of a second structure of the Gerring dye works plant. It was at first thought lives had been lost, and both the police and fire departments were called out. It was learned that there was no one in either of the buildings.

FOOD RIOTS IN RUSSIA.

Troops Awe Mobs in Petrograd and Crowds Forbidden.

London, March 12.—A Reuter dispatch from Petrograd says that owing to food disorders General Chavaloff, commander of the Petrograd district, has issued a proclamation forbidding all assemblages in the streets and warning citizens that the troops have been authorized to use their arms to preserve order in the capital.

The Petrograd newspapers are not appearing, and the tramway service has been suspended.

VISITING DATES POSTPONED

Peapack-Gladstone, March 12.—Because of an accident to Lester Meserol, principal of the local schools, "go-to-school week" will be postponed to the week beginning March 26. Then it will be held only three days, Wednesday, Thursday and Friday of that week. Night school will be in session and that will be open for inspection on those nights.

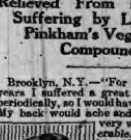
Relieved From Pain and Suffering by Lydia E. Pinkham's Vegetable Compound.



Brooklyn, N.Y.—"For three or four years I suffered a great deal of pain periodically, so I would have to lie down. My back would ache and I would feel very weak and miserable, I remembered how my mother had found relief from pain by using Lydia E. Pinkham's Vegetable Compound and I decided to try it, and thanks to the Compound it helped me just as it did my mother, and I am free from pain, backache and that general weakness that was so hard to bear. I am able to do my work during such times and am recommending Lydia E. Pinkham's Vegetable Compound to my friends who suffer as I did."—Miss MYRA TREMBLAY, 1622 Jefferson Ave., Brooklyn, N. Y.

To know whether Lydia E. Pinkham's Vegetable Compound will help you, first try it. For advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

MEYER LONDON.

Socialist Congressman Is Against Filibusters.

Photo by American Press Association.

Meyer London, Socialist representative in congress, at a meeting of pacifists in Carnegie hall, New York, announced himself as unalterably opposed to the filibuster tactics which recently defeated President Wilson's armed neutrality measures in congress, because the filibuster stifled the desires of the majority of the members of congress.

GERARD LEAVES HAVANA FOR U. S.

Ambassador to Reach Capital Late Today.

Havana, March 12.—James W. Gerard, former ambassador to Germany, and his party, which arrived yesterday from Corunna, Spain, on board the Spanish steamship Infanta Isabel, did not remain here long. Mr. Gerard left this morning at 10 o'clock for Key West, Fla., on board the steamship Governor Cobb. He will arrive in Washington late today.

As the sunrise gun at Castle Cabanas saluted with a jolting report the morning's first light and the burning disk began to play on the mists outside Havana harbor the black mass of the Infanta Isavel, twelve days from Corunna, fairly leaped into the sudden brilliant glow over the waters.

Flags broke out on Morro castle, even while the light in O'Donnel tower was still darting flashes seaward. A launch out beyond El Morro darted toward the Infanta, curving so near that the watchers aboard made out with perfect clearness the face and figure of the withdrawn ambassador. There was an expression on his face that needed translation into no language. Even the Cuban boatmen understood that it was the expression of utter relief.

No man alive was ever gladder to get home, and that is practically the only statement or sentiment for which Mr. Gerard consents to be quoted. On every essential topic, including his political preferences, he refuses utterance and must continue so to do until President Wilson formally terminates his ambassadorial status.

CARRANZA WINS ELECTION.

Only Few Scattering Votes For Others at Mexican Polls.

Mexico City, March 12.—General Venustiano Carranza has been elected president of Mexico by what is believed to have been the largest vote ever cast in the republic.

Although the voters had the privilege of writing in or declaring any name they desired, General Carranza received all but a few ballots. The estimated vote cast runs all the way from several hundred thousand to a million.

Mexico will now have a constitutional president for the first time since 1911, when Francisco I. Madero received more than 300,000 votes. General Victoriano Huerta called an election in 1913 and declared himself elected, but later nullified the election on the ground that an insufficient number of votes had been cast.

SECOND DEATH TIES THE HOUSE

Republicans and Democrats Each Have 214 Members.

FIVE INDEPENDENTS DOUBTFUL

Senate to Adjourn Wednesday Until Extraordinary Session and Will Devote Time Until Then to Considering Nominations by President—Bryan's $15,000,000 Treaty With Colombia Not Likely to Be Ratified.

Washington, March 12.—The special session of the senate will adjourn not later than Wednesday. It has accomplished the principal object for which it was called—namely, the revision of its rules, so that hereafter no such exhibition of dilatory tactics and interference with the wishes of the vastly dominant majority of the upper house may be re-enacted.

The other object of its assembling, the ratification of the Bryan treaty with the republic of Colombia, whereby the United States engrees to pay $15,000,000 to that nation, will not be gained. The senate has a majority favorable to the ratification of the treaty, but the two thirds majority necessary to the complete acceptance of the pact into the organic law of the United States is lacking.

Death Brings Equality.

The senate has fewer nominations to consider than is usual following on the induction of a new administration. The 2,000 and more of nominations which failed of action in the closing hours of the Sixty-fourth congress were not renewed for the exception of a very few, but among the number was the election of Dr. Cary T. Grayson, U. S. N., the president's aid and family physician, from the rank of lieutenant commander to that of rear admiral in the medical corps of the navy. This designation has had the same effect in this congress as in the last and has halted the progress of confirmations completely.

With the reassembling of congress in extraordinary session only five weeks distant the greatest interest is developing in the probable completion and control of the next house.

The announcement of the sudden death of Representative Cyrus Sulloway of New Hampshire, a Republican, again ties the big parties in the house.

Each has 214 certain adherents. The independent group remains the same, five doubtful quantities, with chances favoring the lineup of three of the so called Independents with the Republicans on questions of organization and the positive certainty of the alliance of the remaining two with the Democrats.

Independents Aligning Themselves.

Representative Schall, the Minnesota Progressive, cleared the situation somewhat by announcing that he would not hold out as an independent or go into any "little group of willful men" willing to halt the organization of the house until they can win for themselves extraordinary consideration in the way of committee places and patronage.

This is accepted at once to mean that Schall will affiliate with the Republicans. Representative Miller of Minnesota will without doubt vote with the Republicans on organization, it is asserted by men who know him. Representative Martin, the Louisiana Progressive, is still reckoned in the doubtful column.

Governor Whitman's announced intention to call a special election to fill the vacancy caused by the death of Representative Conry, Democrat, of New York city, it is expected, will result in a similar action by the governor of New Hampshire to fill the vacancy caused by the death of Representative Sulloway.

INSISTS ON 1875 TREATY.

German Foreign Secretary Says U. S. Cannot Seize Ships Here.

Berlin, via Wireless to Sayville, March 12.—"The treaty of 1875 with the United States is still in force, and I expect America to keep it. The treaty also provides for the eventuality of war, and if America wants to stand on the basis of international law, then she cannot seize German ships lying in American ports."

Foreign Secretary Zimmermann is quoted as making the above statement to a representative of the Budapest newspaper Vilag. He reiterated his assertion of a few days ago that war or peace between Germany and the United States "depends solely upon President Wilson" and that Germany has spoken her final word regarding unrestricted U-boat warfare and will not recede from her position.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which is accomplished by calomel without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets, without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Look! Resinol has cleared that awful skin-eruption away

The moment that Resinol Ointment touches itching skin the itching usually stops and healing begins. That is why doctors have prescribed it so successfully for over 20 years in even the severest cases of eczema, ringworm, rashes, and many other tormenting, disfiguring skin diseases. Added by warm baths with Resinol Soap, Resinol Ointment makes a sick skin or scalp healthy, quickly, easily and at little cost.

Resinol Ointment and Resinol Soap also quickly help to clear away pimples and dandruff. Sold by all druggists. Men with tender faces welcome Resinol Shaving Stick.

BAGDAD CAPTURED BY THE BRITISH

Turks Suffer Their Worst Reverse of War.

London, March 12.—Bagdad has fallen to the British.

From the citadel of the ancient Mesopotamian metropolis flutters the union jack, and far beyond the city's outskirts British cavalry is hard on the heels of the Turks fleeing northwestward along both banks of the Tigris.

When news of Bagdad's capture by General Maude's army reached London it was promptly flashed broadcast and came to all Europe as one of the greatest surprises of the war. That the city would fall sooner or later was generally expected, but that the capture would come so soon surprised even the most sanguine British military experts.

The Turks had been expected to make a stubborn stand on the river Diala, six miles away. Only a few days ago Major General Frederick B. Maurice, chief director of military operations at the British war office, had predicted a hard battle. The idea was general that for two years the Turks had been busy constructing powerful defenses to ward off the final British onslaught.

The capture of Bagdad, it is felt, goes a long way toward re-establishing badly injured British prestige in the near and far east. It wipes out the humiliating blot of Kut-el-Amara and obliterates much of the blackness the Dardanelles disaster left behind.

Premier Lloyd-George, Sir Douglas Haig and other statesmen and military chiefs have sent congratulatory messages to General Maude, and a similar telegram is to be dispatched by the king. The British commander's victory at Bagdad is regarded as one of the most brilliant strategic feats of the war. It is a culmination of a long series of victories of which the reoccupation of Kut was the gladdest news London had received since General Townshend's fiasco. Nowhere in all the widely separated war areas, military critics point out, has British pluck and tenacity been better or as well illustrated.

STANDS BY GRANDPARENTS.

Court of Errors Rules They Need Not Support Grandchild.

Trenton, March 12.—The court of errors and appeals has set aside proceedings under which Mr. and Mrs. Nelson Stark of Jersey City were ordered to pay a weekly sum for the maintenance of an indigent grandchild, Pierce Stark.

The decision of the court of errors reverses the judgment of the supreme court, which affirmed an order directing the grandparents to provide for their grandchild.

"German Apothecary" Native Born.

Morristown, N. J., March 12.—E. W. Gebhardt unthinkingly put on a sign certain in front of his drug store that he was a German apothecary. There was so much criticism that he has been obliged to issue a public statement that he was native American, and the use of the word German in front of his store was not intended to give the impression that he was a pro-German, but that he and his clerks speak that language.

BOYS BEAT MEN ON STATE FARMS

Raise Big Food Surplus at Jamesburg Home.

CUT MAINTENANCE COST $3,908

Lads Produced More Than 5,000 Bushels of Potatoes Alone, $7,000 Worth of Milk, Beef Valued at $3,000 and Eggs Worth $500—Prison Farm Worked by Men Shows Loss.

Trenton, March 12.—If all the state institutions were run on the principle of the Home For Boys at Jamesburg surpluses instead of deficits would be the rule; also let high cost of living would get a jolt almost of the knock-out variety.

The soaring prices of potatoes doesn't bother the home authorities, for they raised more than 5,000 bushels on the home farm last year, providing the 3,500 bushels needed for the institution and giving nearly 1,500 bushels to sell besides all those needed for seed. The farm also produced more than $7,000 worth of milk, $3,000 worth of farm products, $3,000 worth of beef and $500 worth of eggs and poultry, a total of $16,500. The greater part of the labor was done by the boy inmates.

The annual report of Joseph Mitchell of Jersey City, treasurer of the home, shows that besides all food products raised from the farm for the institution the surplus was sold for $3,908, reducing the cost of maintenance that much more.

The good results from this farm stand out in contrast to the showing made by the prison labor commission of the failure of the state prison farm in Cumberland county. It was shown the prison farm did not produce enough to support the 100 or more convicts and their attendants. Hogs were fattened and the pork sold for 8 cents a pound, and then the prison authorities had to purchase pork at 13 cents a pound for the prisoners.

Y. M. C. A. FOR WILDWOOD.

Movement Follows Discussion of Conservation of Young Men.

Wildwood, March 12.—At the regular meeting of the Wildwood board of trade Arthur E. Armitage, educational secretary of the Camden Young Men's Christian association, spoke on conservation of young men and boys and the advantage of Y. M. C. A. work in a community. Others who spoke along the same lines were J. Pithian Tatem and the Rev. H. P. Cressman.

As a result of the meeting the president, P. P. Baker, appointed a committee to take up the matter of starting a Young Men's Christian association for this city. The committee will sound the sentiment of the community and secure definite information and plans for the organization of a Young Men's Christian association.

VETOES HIS FIRST BILL.

Ventnor Mayor Rejects Sectional Paving as Unbusinesslike.

Ventnor City, March 12.—Mayor Theodore W. Schimpf, a lawyer, who took office on Jan. 1 to serve without pay, gave council a jolt by vetoing ordinance No. 1, the first councilmanic measure presented for his approval. It provided for the paving of sections of streets with asphalt.

Mayor Schimpf explained that to pave streets for one or two squares is not businesslike, but said he would approve a bill for continuous paving from the beach front to the west side of Ventnor.

MINISTER APPEALS OUSTING.

Removed as School Principal, He Takes Case to Board of Education.

Trenton, March 12.—The Rev. A. C. MacDonald, whose dismissal as supervising principal of schools of Hamilton township has been directed by the local board, has filed an appeal with the state board of education. His dismissal has been upheld by Commissioner Calvin N. Kendall of the department of public instruction.

The Rev. Mr. MacDonald was charged with insubordination and conduct unbecoming a school official.

New Spanish Loan.

Madrid, March 12.—Announcement is made by governmental decree of the flotation of a new Spanish loan of 1,000,000,000 pesetas. The loan will be issued at 6 per cent and will be redeemable in fifty years. Subscriptions will be opened March 31.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted—but can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

U. S. PREPARES TO ENTER WAR

American Ships Armed and Congress Called.

NEXT MOVE UP TO GERMANY

Gunners on United States Merchantmen Ordered to Fire on Submarines Showing Hostile Intent, but Not on Sight—War and Navy Departments and National Defense Council Rushing Preparations For Eventualities.

Washington, March 12.—Within ten days the question of actual hostilities or peace between the United States and Germany will be settled. With American armed merchantmen prepared for the dash through the submarine war zone, President Wilson and his advisers have settled down for a period of "watchful waiting."

The administration is convinced that the differences between the United States and Germany will reach a climax when the first armed American merchant ship meets a German submarine. While all ship movements were shrouded behind impenetrable secrecy, it was stated that the departure of American commercial ships carrying naval guns and gunners would be a matter of but a few days and that within ten days armed American ships would be in the war zone.

With the gunners aboard American ships under orders to fire at once on any submarine which approaches in a threatening manner, the first encounter between an American ship and a German undersea boat will bring definite decisive results.

Wilson Still Hoping.

The administration is still hoping against hope that the German submarine commanders will follow international law and respect American rights. If the usual rules of sea warfare are followed and American ships are boarded and searched for contraband the ships will not resist. Only this course, it was stated, can prevent open hostilities between the two nations.

Meantime the navy department is going steadily forward with the work of arming merchantmen. Every American merchant ship which requests protection will be given adequate armament and qualified naval gunners. Every government agency will be invoked to insure proper safeguards in the way of concealing vessel movements and keeping departures, arrivals and probable courses of American ships secret.

Waiting for definite action in the war zone to precipitate the climax in the German dispute, the administration is concentrating all its energies in preparation for any eventuality. The war making machinery of the government is under orders to get into fighting trim, and the mobilization of the industrial and commercial forces of the nation to meet whatever news from the war zone may bring is going steadily on.

Through the Council of National Defense and its advisory committee the work of organizing the nation's labor and business will be continued, and all of the vast energies of the country will be made available for any use the president may need to make of them.

Plan War Legislation.

President Wilson and his advisers have begun planning the program of "war legislation," which will be laid before the extraordinary session of the Sixty-fifth congress called for April 16. All of the matters which the president will bring to the attention of congress will have to do with the international situation.

The war and navy departments have been ordered to prepare estimates of the funds necessary to meet any situation that may arise and to frame tentative legislation designed to accomplish any changes in administrative organization that may prove advisable.

The president expects to have a clear and definite legislative program ready to submit when the extraordinary session convenes and looks forward for a prompt response to his legislative demands.

President Wilson and Secretary Lansing have begun an intensive study of the latest Austrian communication on the submarine question. It is expected that the negotiations with Austria will be continued, temporarily at least. It was stated, however, that the Austrian situation would undoubtedly be brought to a climax if an actual clash between the United States and Germany is precipitated by happenings in the war zone.

CARETAKER KILLED.

Shot by Trespassers on Long Branch Guggenheimer Estate.

Long Branch, N. J., March 12.—William Lackey, caretaker of Fireuze, the country estate of Daniel Guggenheimer of New York, was shot and instantly killed in Sycamore avenue, the Elberon section of the city.

He, with Joseph Whitstock, a greenhouse man, saw two suspicious characters lurking about the place, finally locating them behind a hedge. "There they are," Lackey said to Whitstock. "Shoot!" was the word hurled back. Two shots were fired. The men escaped in the darkness.

Annual March Sale of China Dinner Sets and Glassware

Thousands of dollars worth of beautiful imported and domestic china and porcelains, at prices reduced below our regularly moderate pricings.

The china is beautiful.

And we have lots of it. Every kind, from the inexpensive set for the small family to the rarest and most beautiful patterns from abroad.

We say "rare" because good patterns, due to the curtailing of manufacturing abroad, are very hard to obtain.

Many favorite patterns are now practically obsolete.

Our prices, ordinarily, are LOW. All figures are based upon purchases made so long ago that we did not have to pay increased import costs.

Now, at these reductions, our sale prices are far BELOW what these self-same quality sets are selling for elsewhere in the metropolitan district.

This March Sale offers countless opportunities for the purchase of beautiful china and glassware at big savings.

THE MARCH SALE OF GLASSWARE

Glassware is also included in these March Sales in our Basement. All the sets have been taken from our open stock, and you can replace broken pieces at any time. Each set consists of 6 champagne, 6 wine, 6 cordial and 6 cocktail glasses, and also 6 goblets.

44,000,000 UNDER ARMS;

5,000,000 ALREADY KILLED.

New York, March 12.—Fletcher H. Brockman, Y. M. C. A. worker, recently returned from labors in detention camps of Europe and Asia, gave startling figures of the world war in an address before the Bronx Y. M. C. A.

He gave the number of men under arms in all war zones as 44,000,000. He said 5,000,000 had been killed, 6,000,000 made prisoners, 5,000,000 wounded and 10,000,000 maimed for life. The number of people in detention camps is 6,000,000.

BEEFSTEAK

Beefsteak is an article of food which walks into a slaughter house on four legs and rides out in a wagon in chunks. Some folks like it rare, exceedingly rare—so rare, in fact, that they tell the waiter to just cripple their and drag it in. Other folks don't like it rare, but with prices what they are they find it rare whether they like it or not. Either mighty rare or totally extinct. One man we know was carried to the hospital the other day, singing:

"Oh, what is so rare as a day in June?"

A piece of the cow that jumped over the moon."

This condition should not exist. We are in favor of more meat on beefsteak.

TWO NEW TEAMS IN BASEBALL LEAGUE

Pond and Spicer Plants Have Applied for Berths in Local Circuit

Recent developments in the local baseball world indicates that the City Baseball League will again be a six-club circuit instead of a four-team affair, as it was planned earlier in the season. Reports coming to this office this morning are to the effect that the Pond Machine Tool Company of the West End and the Spicer Manufacturing Company of South Plainfield will be represented on the league diamonds when the schedule of games is opened up Saturday, April 28.

The Pond concern had a team on the field some fifteen or twenty years ago prior to the old City League days. In those days the old Clinton Avenue Club was in its prime and the Arions, predecessors of the first Hope Chapel nine, was on the field. Dick Scott, now retired from active service on the field, was the mainstay of the old Pond team for a number of years. The Spicer Company had a team in action some three or four years since, when the Manufacturers' League went through the single season of its existence.

The league will hold its next session during the latter part of this month, at which time the schedule of games for the season will be discussed and a committee to care for the details of the arrangement of the schedule will be appointed. The opening date for the season has already been set for April 28. The other four clubs in the league are the St. Joseph's of North Plainfield, Hope Chapel, First Baptist and Netherwood.

BASEBALL DATES ON

The Plainfield High School baseball team has been signed up for a pair of games by the Roselle Park High School nine for the coming season. The first of these will be staged at Roselle Park April 25, while the other is booked for this city June 6.

The Westfield school aggregation has also been booked for a brace of contests—May 16 at Westfield and June 2 at Roselle Park. Of the nineteen games arranged the bulk is with high school teams from this county.

QUOIT TOURNAMENT

The quoit tournament of the Tuckahatcheo Club will open this evening at 8 o'clock. Considerable interest is being shown, and picking the winner is rather a difficult matter. Practice has shown that competition will be keen and close.

Members of the club who are interested in chess spent a most enjoyable evening Friday at the home of Mr. McClymont. This meeting was primarily for those who are making their first venture into the intricacies and beauties of the game.

THE LAST WORD IN THE TITLE TALK

Borough Has Last Word and Deck is Now Cleared for Action of Teams

Sporting Editor, Courier-News:

At the request of several local people of the city and borough who are interested in interscholastic athletics and who desire the true facts of the claim made by North Plainfield High School to the feminine city championship title, I take this opportunity to reply to the statement made by S. W. McAneny of Plainfield High School, which appeared on this page last week.

In the first place, we specifically stated in our claim that we desired to play any team disputing this claim, naturally hoping that Plainfield would be the first to challenge us, and took this means as a final effort—not only to bring P. H. S. out into the open, but also to dispel any misapprehension on the part of some of our friends who believed the borough girls did not wish to participate in a series this year.

As to North Plainfield's right to the city title, I wish to inform those who have since forgotten that North Plainfield won the city championship last year rather easily, and furthermore, unless the series is played this year, still holds the title, according to all rules of sport. In making the arrangements for the games this year the Plainfield representatives forgot this fact, and instead of North Plainfield dictating the terms, as it had a perfect right to do, inasmuch as it is the defender of the title, the city representatives, including coach, manager and captain, after verbally agreeing to everything at the first meeting between the two schools, took it upon themselves to define a new set of rules under which the series should be played. I think the sport fandom of this city will agree that in every line of sport the holder or defender of the title has a legitimate right to say upon what terms they will defend their title when challenged, in which latter capacity Plainfield High School is now situated.

Considering this fact, which Plainfield has unfortunately overlooked, the claim of North Plainfield surely does not appear so absurd and which Plainfield thinks is nothing.

Furthermore, if all future contests between the two schools are arranged by Plainfield's method—arbitration—the old-time rivalry is doomed to die. The sport fandom of this city wants action—not arbitration.

If the Plainfield High School girls are really sincere and wish to play off the series this year, it would be a great deal more sensible to allow the managers of the respective teams to get together immediately, and with some disinterested third party, arrange the rules to decide the title.

North Plainfield, although the lease on Saengerbund Hall expires this week, will defend the title under these conditions named, until the close of this month.

3. Six players to play one half and five in the other period.

2. A neutral referee.

3. If possible, all three games to be played on a neutral court.

We think these rules fair and square, benefiting neither side, and insert them here for the benefit of the public. The last clause, we think, a good innovation, as a familiarity with the playing floor is always a potent factor in deciding the issue, and the real calibre of the two teams is only fairly demonstrated on a neutral court.

We wish to impress on the minds of those interested that N. P. H. S. does not wish to gain the title of any sort by simply claiming it; never has the past and never will in the future, but we do want to play Plainfield under fair conditions to both sides and still think local fandom will agree that our above conditions are fair.

Yours in sport,
VINCENT P. LAPORTE,
N. P. H. S. '17.

[The sporting department of the Courier-News in giving both sides of this story has done its part. The rest of the discussion must be carried on verbally. The sporting editor desires both managers to get together—and what is more, be sensible when you do get together. No mud slinging; just plain sport business.]

PLAINFIELD WINS OVER EASTON TEAM

Local Y. W. C. A. Team Doubles Score of Their Hostesses Saturday Night

The local Y. W. C. A. girls won the basketball game from the Easton association at Easton Saturday evening. It was a fast and exciting game, and each side worked to the limit for their points. The locals just doubled their hostesses' score, 16 to 8, the first half score standing 10 to 6.

Miss McAuliffe again proved herself a star forward, doing the greater portion of her team's scoring. The passing of both teams was very good at times. The Plainfield girls were guests of the Easton girls over Saturday night and attended the vesper services of that association yesterday afternoon, returning to this city last night. The teams are looking forward to a return match here soon.

SECURES SCORE OF 37, AND IS HAPPY

Some Stunt Startles Spectators of Johns-Manville Employes' Match

A little story concerning one man by the name of Williams, employed at the Johns-Manville factory in the old Finderne section of the State, and vouched for by a gentleman connected with the concern, living in this city, is that the aforesaid Williams recently participated in a bowling match.

Nothing very startling about a man enjoying this sport, to be sure, but when a man can secure a score of 37 in ten frames and get away with the enjoyment of it, he certainly deserves this amount of space in the sporting columns of any newspaper. He is one of the wonders of the world.

Incidentally, we present the following record of the bowling tourney of the above shop for the week ending March 10:

LOCAL BOY MAKING GOOD ON THE TRACK

Andy McDonough, one of Plainfield's products in the athletic world, is doing some great work with the track team of Notre Dame University at Notre Dame, Ind. The team of which McDonough is a member has already won four trophy cups, the latest of which was copped at Champagne, Ind. The entries in the latter race number 179 men, and the Notre Dame boys had to travel some over a two-mile course to take the honors of the occasion.

The other members of this team are Noonan, Casper and Meehan. The team will next appear in a track meet at Philadelphia Wednesday, March 28, which will probably be attended by a number of local athletic fans of this city to see the Plainfield boy at work. Andy is the son of P. J. McDonough, of Randolph road.

NESS NOW A SEMI-PRO

Chicago, March 12.—Jack Ness, first baseman, who refused to sign a contract for this season with the management of the Chicago American League team, yesterday signed with a semi-pro team belonging to the City League. Ness was sold to Columbus after he refused to come to terms with the Americans, but refused to go to the American Association team.

BOROUGH FAIR SEX WERE THERE, BUT-

Boys Did Not Care to Imitate Sir Walter Raleigh in Letting Girls By

SOME REGULAR STUNTS

Gone, but not forgotten, is the annual contest between the feminine quintet of North Plainfield High School and the boys' varsity, played on the Saengerbund Hall court last Saturday night before the largest crowd that has witnessed a game on the borough floor this year. The game was a scream from start to finish. Although handicapped by potato sacks, the boys proved superior to the fair sex at their own game.

At the start of the contest, after the spectators had recovered their composure on seeing the boys' team assemble on the floor arrayed in middy blouses and feed bags, the boys, just to show their opponents in what light they held their basketball ability, shifted Captain Seidel and Al Willett to the forward positions, with Ahern and LaPorte going into guard. The gruelling contest got under way with the girls' team caging the first two-pointer. After five minutes of play the boys called upon Mr. Earley, the official, for a brief respite, and during the intermission cut the sacks in half. Coming on the floor again their play was a decided improvement. The slaughter ended at the close of the first period 8 to 5 in favor of the boys.

During the intermission an effort to tie the feet of two of the boys failed, so the girls at the start of the second period decided to make a new regulation and play forwards. The half was a terrible one for the male contestants, who, after taking all the punishment they could endure and still play feminine rules, began to run wild. Some rapid shooting by Bill Seidel and Ahern soon gave them a comfortable lead, which the girls were unable to cut down.

Recreation Five Takes Last Game of Season From Y. M. C. A. First Team

An abbreviated basketball contest was staged at the Y. M. C. A. gymnasium floor Saturday evening with the association and Recreation Five teams as the principals, the score standing 30 to 8 in favor of the Recreation players.

Rough tactics on the part of several players made the calling of the play the part of wisdom just prior to the opening of the second period. The contest probably closed the season for the association aggregation, although the second team will probably stage one or two more games.

BOROUGH BASEBALL OUTLOOK IS GOOD

N. P. H. S. Has Plenty of Material on Hand for a First-Rate Nine

Prospects for a championship nine again are very bright this year over in the North Plainfield High School. With Capt. Andy McDonough, star catcher of the interscholastic title holders last year; Ed Yates, the fleet second sacker; Muir on the first sack, Stewart and LaPorte in the outfield, all of whom are still in school, besides a wealth of new material, the borroughites should get off to a flying start as soon as the weather permits.

N. P. H. S. lost a wonderful pitcher in Oscar Diltz by graduation last year, but has a new recruit, Sid Dunning, who in the few games in which he participated toward the close of last season, showed considerable speed and control. Sid is built on lines that bakes for the successful flinger—tall and rangy—and will no doubt prove very effective in the box for the Canadians. Captain McDonough will again be seen behind the bat, with Mair stationed at his old position on the keystone sack. Second base will be a problem for "Andy" to solve if he decides to switch Yates to third to fill in the position at the difficult corner left vacant by Warren Townley. In the fall practice Barry showed up well at second and may be given another chance. Billy Ahern will be tried out at short most likely, as the former Wilkesbarre boy has had some experience there. There will undoubtedly be a large number of other infield candidates who will make the going strenuous for the above named.

In the outfield are left Douglas Stewart and Vincent LaPorte, who cavorted in the garden at different times during last season. Harry Kirch, Murry McDonough, Al Seidel and Pete Van Mater, the last named who is now attending the New York Military Academy, are gone, the first three named being members of the graduating class of 1916.

Practice will start on Hyde Oval just as soon as the weather permits. No coach as been selected as yet.

INNER-TRIANGLES WIN ONCE AGAIN

Defeat Nifty Netherwoods in Regular Basket Shooting Fest Saturday Night

Saturday night on the Triangle court the I.-T. C. team, regenerated and rebuilt, walked all over the Nifty Netherwoods, trimming them to the tune of 50 to 21. The class of improvement was manifest in the passing and shooting of the Orange and Black men.

At the end of the first half the score stood 25 to 9 in favor of the Inner-Triangles. Campbell, the Triangles' new centre, scored nine baskets. Patterson was knocked out in the first half, but returned to the game after a brief rest.

The score:

INNER-TRIANGLE	G.	F.	P.
Patterson, f	6	4	16
Gallberg, f	5	0	10
Campbell, c	9	0	18
Scruton, g	1	0	2

WAR ODDITIES

Paris—Thirty-five different species of birds were found making their nests in deserted trenches on the west front by Dr. Arthur White, an American naturalist.

Manchester—Pleading for exemption on the ground that his nerves were bad, Frank Mauler was given his choice between an open air cure in the trenches or the jail yard. He enlisted.

London—Convicted of the theft of six shillings, Johnny Carlton, 9, was sentenced to stay away from the "movies" for two years.

London—The only cannibal chef in captivity is the proud possession of Clarence Carrigan, the American consul. Alphonse, when not out head-hunting, can flap flap-jacks with the best of them.

BAD ROADS DELAYED BRIDEGROOM

New Brunswick, March 12.—Brothers of the prospective bride were just about to go in search of the missing bridegroom Saturday night when Le Roy R. Seidell, chief chemist of the Simplex Automobile Company, of this city, mud spattered and bedraggled, arrived three hours late for his wedding to Miss Myrtle Stelly, at Kutztown, Pa.

After waiting for three hours the guests were just about to start home from the Trinity Lutheran Church when Mr. Seidell, with C. D. Hibbard and H. L. Green, of New York, best man and chief usher, hurried in, wearing motoring clothes. Bad roads explained their delay and failure to don wedding raiment. The wedding was killed a few days ago on the railroad. thereupon proceeded.

CAT-NIP

A Federal law fixes, in the form of a penalty for killing them, a value of $1.00 on every insect-eating bird. It, as claimed by the editor of one of the country's greatest magazines, cats kill $1,000,000 birds in the United States every year, the nation will have quite a neat little sum due from the feline population by the end of a decade.

BLUEBIRDS AMID SNOW

German Valley, March 12.—Although the snow is several inches deep, bluebirds have been seen for the last two days. The first snake of the season was killed a few days ago on the road.

Commercial Problems Growing Out of War Conditions

A Non-Technical Explanation of the Big Questions Confronting Business Men at This Time

By SAMUEL WANT

The Importance Of Determining What Constitutes A State Of War

The cynical buncombe being emitted by some of our would be publicists and statesmen on the alleged immateriality of determining what constitutes an "overt act," and what amounts to a state of war, has tended to confuse in the minds of those interested in international commerce or affairs the essential issues at stake.

It should be clearly understood that the determination of the question whether a given act will result in the creation of a legal condition of war vitally affects the position of the owners of vessels and cargoes destroyed in the submarine campaign or by German raiders. If the legal status of the United States is that of a neutral, it is obvious that for every vessel destroyed in violation of the accepted canons of international law, a valid claim for damages may be made by the owner and shipper, through the proper diplomatic channels, at the close of the war. It is undoubted that the caution so wisely displayed by our Government in the handling of the present crisis is due in some measure at least to the desire to preserve for American shipowners and business men a complete and unassailable claim for damages for all losses sustained.

It must be equally obvious that any act of this Government which in its nature, under the rules of international law, creates a state of actual hostility between Germany and the United States, will deprive shipowners and shippers of all claim for damages against the German Government. Of course, if the war is provoked by Germany, and is otherwise reprehensible under the rules of international law, indemnity might be claimed in the peace negotiations. But it requires no great astuteness to recognize the weakness of such a claim as compared with the one arising during a state of legal neutrality.

Not only will damages be collectible for the actual destruction of vessels, cargoes and human lives, occurring during a condition of neutrality on the part of this country, but the less direct damages sustained as a result of the tie up of commodities, shipping and transportation in general, will likewise furnish a proper basis for demanding compensation when the proper time arrives.

In the light of the above, the Congress and the President will undoubtedly bear in mind, in passing upon Senator Saulsbury's resolution to tear down the neutrality bars of our ports, by throwing them open to the warships of the allied powers, that the passage of such a resolution would immediately destroy the condition of neutrality now prevailing, and create a legal condition of war, whether or not hostilities in the ordinary sense should ensue.

H. C. Of Paper

By WALT MASON, The Poet-Philosopher

The men who make the white print paper are trying out a get-rich caper. No pent-up Utica contracts them, and no sane statute counteracts them. They view Ye Printer's protests sourly, and keep on raising prices hourly. At noon they send the price up higher, and laugh to scorn the frenzied buyer; and in the solemn midnight watches, they raise the price a few more notches. There is no reason for this plunder, for doubling prices up like thunder, save that the paper sharks are greedy, and are not loath to strip the needy. From every section of the nation come cries of grief and agitation, from publishers and kindred colonels, who say they must suspend their journals, and take in washing for a livin', unless relief to them is given. The paper makers hear the roaring, and see the flood of briny pouring—the storm of wrath around them thickens—and raise the price, to beat the dickens. Before the finish of this winter, we shall behold, methinks, Ye Printer, shorn of his old time smile and chortle, draw near the gloomy souphouse portal, and draw a free and filling ration provided by a weeping nation.

Unwise Praise

You praise your kid before his face, explain to callers he's a peach, the pride and glory of the race, the only pebble on the beach. And soon that kid an aleek grows, a smarty all swelled up with pride; and people long to twist his nose, and jam the sawdust from his hide. The greatest bore that ever was is that obtrusive, forward kid, whose parents gave him wild applause for everything he ever did. When grave and thoughtful people call, to talk of weather and the crops, young Willie grieves and shocks them all, by his persistent, foolish yawps. The grave and thoughtful people look to see the father take a strap, or strip or board, or shepherd's crook, and pound that most annoying chap. But Father smiles as does his spouse; he says, "Our Willie is so gay! He is a sunbeam in the house, he surely drives one's care away!" The callers do not tarry long, they hasten from young Willie's door, and sigh, "How sweet to take a thong, and swat that kid until he's sore!"

The Ash Can Tells the Story

There's no need of your spending so much money for coal and having to put out so many ashes. Install a Boynton *Square Pot Boiler* and you'll save much unnecessary expense and work.

Here's the reason: *Square Pot Boilers* burn less coal and give more heat. This is made possible by the *square firepot* that eliminates all waste of heat and coal. It gives as much heat from a small amount of coal as a round firepot gives from a large amount. And as heat can't cling to the square corners like they do to round corners.

Fire always "just right"—enough heat in the radiators to keep the house summer like inside on the coldest day.

Ask your dealer to explain the *Square Pot Boiler* idea. He can also show you Boynton Furnace and Newport Ranges. See him today or write us.

PETITION IS GRANTED

Special to the Courier-News:

Washington, March 12.—The Supreme Court today granted a petition for a writ of certiorari to review the decision of the lower court in a case brought by the Guaranty Trust Company, of New York, against the North German Lloyd Steamship Company, growing out of the return of the liner Kronprinzessin Cecilie to Bar Harbor, at the outbreak of the European war.

LEWIS VOSSLER DIES AT HOSPITAL

Lewis Vossler, of 436 North avenue, Dunellen, died last night at Muhlenberg Hospital, where he had been a patient since last Friday. Pneumonia was the cause of his death.

It was only a week ago that his wife, Amelia E. Vossler, passed away at her home in Dunellen from the same complaint. Both were natives of this State and had resided in Dunellen for some time.

Two children survive them.

ALL VESSELS TO HAVE ARMED GUARD

Special to Courier-News:

Washington, March 12.—The American Government will make no distinction between the munition ships and others in arming the vessels. All will be given an armed guard although in the case of freighters which specifically request that they be relieved from the burden of guns, exception may be made. The general policy will be to give all American vessels entering the blockade zone some form of self defense.

The statement issued by the *State* Department today makes it clear that the armed ships are to be, in effect, Government vessels with the full support of the United States behind them. It clears away all doubt that the administration might yet modify its decision to make a complete case on the stand it has taken in relation to armed neutrality.

SEEMS EVERYONE HEARD ABOUT IT

All want to try new drug that dries up corns so they lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.—Adv.

AN EXPERT ON COLDS

Comparatively few people realize that a cold is a signal of physical weakness.

To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

Scott's Emulsion has always been an expert on colds, because it peculiarly enriches the blood, quickly tones up the forces and strengthens both throat and chest. Try Scott's. Refuse Substitutes.

GERMANS ADMIT ARMING SHIPS ADDS TROUBLES

Special to the Courier-News:

Amsterdam, March 12.—The "Kneinische Volks Zeitung," a copy of which has been received here, admits that the arming of American merchantmen will make Germany's position more difficult. It expressed the belief that the Americans will not find it easy to provide guns and gun crews, and says it does not believe the danger to German submarines will be increased.

"We have always maintained," says the newspaper, "that a victory over England would be impossible unless we also determined to face America. This moment has now come. If an American declaration of war arrives the German people will accept it with the same determination and confidence that they have accepted all previous declarations."

GASOLINE PROBABLY WILL CONTINUE HIGH

By United Press:

Washington, March 12.—Congress is too busy with other things to look into the price of gasoline as suggested by Representative Steenerson's resolution in the House, and in consequence automobile owners probably will pay a good stiff price for their gas again this year. Thousands of cars were kept in their garages last year because gas was too high, and unless a substitute is found or prices come down they will probably stay there this year, too.

GREAT GERMAN PLOT AIMED AT LEAGUE ISLAND

Philadelphia, March 12.—Explosives in sufficient quantity to blow up every ship and quilding at the Philadelphia Navy Yard and to wreck the drydock have been shipped into League Island since diplomatic relations were broken off. It was learned today, merely as one item in a plot of far-reaching dimensions and danger.

Two persons were arrested in this city yesterday in connection with this plot.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish, and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

CAMPHOROLE! AT ONCE RELIEVES COLDS

It easily loosens congestion, and drives out that cold in the head, throat or chest

If you have a sore, tight, chest, cold in the head or a raw sore throat. Get a jar of Camphorole from the nearest drug store, and watch how it will loosen up that cough, cold and congestion in chest.

Do not treat your colds lightly; this is pneumonia season. The remarkable success of Camphorole is entirely due to wintergreen, menthol and camphor, prepared in a synthetic way to give results.

Physicians recommend Camphorole for Bronchitis, Sore Throat, Croup, Whooping Cough, Tonsilitis, Pleurisy, Neuralgia, Asthma, Stiff Neck, useful in Broncho-Pneumonia.

At all druggists, 25c and 50c jars.

Around the Map with Mary Pickford

AND now Mary Pickford can forget about submarines and passports and once again enjoy life in her own country, the land of the stars and stripes, real pies and baseball games, the home of the free and the brave, for "Little Mary" is back in the good old U. S. A., where she hopes to remain for a long time to come. For many years she has traveled o'er the map, regardless of bursting bombs and poisonous gases. In India recently she took a very active part in an uprising, in which many were killed. From the banks of the Ganges to the wind blown fields of Scotland's heather is a long trip, but the "World's Sweetheart" did not mind the change of climate. Prior to her experiences in India she was seen in various different countries indicated on the foreign map, including Japan, Holland, Alaska, England, France and Italy.

Of course in speaking of Mary's travels around the map we refer to the motion picture map and speak of her *reel* life rather than her *real* life. The uprising in question took place in the Artcraft film, "Less Than the Dust," while her next picture, "The Pride of the Clan," disclosed her in the land of kilts and plaids. And now in "A Poor Little Rich Girl," the well known story by Eleanor Gates, which has also proved a big stage success, Mary appears once again as the American child in her newest Artcraft picture, directed by Maurice Tourneur, after appearing in roles of foreign countries for many months.

How Hudson Solved the Gasoline Problem

Now Furnished on the New Light Super-Six

The gasoline saver is one more new invention of the Hudson Super-Six.

It was shown for the first time at the New York Automobile Show in January. Now most all Hudson dealers are showing the new cars equipped with this and ten other important new features. The gasoline saver is the only new feature shown on automobiles at this year's shows.

Overcomes the Poor Gasoline

Hard starting and wasteful gasoline consumption due to cold weather and the low grade gasoline are overcome. Radiator and hood covers are not needed on the new Hudson Super-Sixes even in the coldest weather.

This device has been in use on hundreds of Hudson Super-Sixes during the coldest winter weather. Its effectiveness has been proved. It is as easily operated as the damper on a stove.

Low grade gasoline gives low mileage and is wasteful and harmful to the engine, unless the motor is operated steadily at a high temperature.

Primer Insures Easy Starting

In zero weather, even at 20 below, the new Hudson Super-Six motor starts. The primer is another new feature of the new Super-Six.

On the new cars there are also other worthwhile features you should see. There is the new plaited upholstering, more attractive door fasteners, hard rubber handles, an improved body finish and other details you can see. And then we have made many improvements in the building of the car. The car that last year won every worth-while record is a much better automobile now because we have learned to build them better.

We made those records of endurance for acceleration and speed with cars of the earlier production. No one has yet equalled anything we have done with stock Super-Six cars. And yet the cars we turn out today are infinitely better because of the increased skill and experience Hudson workmen have acquired in building the 25,000 cars that were produced last year.

Think What a Year Has Shown

Remember what was claimed for the Super-Six one year ago. Then we had only our own records to show—records proving the Hudson Super-Six the fastest stock car built.

We then had established only the 100-mile and the one-hour records for a fully equipped stock touring car. But since we have won the 24-hour *record for a stock chassis*, the Transcontinental Run both ways, the fastest stock chassis mile, and have outsold any other high grade car in the world. So if you want a fine car that out-performs any other car that is built your choice must be a Hudson Super-Six.

Buyers Waited for Months

At this time last season orders exceeded our production by 8,000. At no time during the season were there enough Hudsons to go around. From this you can see what the demand will be this year. We are only producing 30,000 cars as against last year's 25,000 because we cannot build more and build them well. That is not a large increase. It shows, however, that if you want a Hudson you cannot afford to postpone buying. Unless you act now you may be like other thousands who will be disappointed this year because they could not get prompt deliveries.

Don't fail to see the gasoline saver.

Tells Research and Advisory Commission of Cause of East End Floods

SUGGESTS A REMEDY

Employment of Engineer to Devise Ways of Abating Trouble Recommended—Commission to Study the Proposition

Councilman Charles S. Sminck, of the First Ward, appeared before the Research and Advisory Commission in the Mayor's office last night, and offered arguments for the purpose of convincing the commission of the seriousness of the flood situation in the east end and the propriety of the commission taking the subject under consideration with a view to recommending to the Common Council means of abating this trouble.

City Engineer Gavett was also present but stated that he had no suggestions to offer at this time as he has not had an opportunity to go into the matter from an engineering standpoint.

Mr. Sminck was accompanied by a representative of the East End Civic Association. When Mr. Sminck had finished his argument, George S. Clay, president of the commission, thanked him, saying that the commission would be very glad to consider the matter and assured Mr. Sminck that as soon as possible it will render a report to the council.

Mr. Clay explained that the commission has just been organized and it will take some time for it to get in full swing. He gave Mr. Sminck to understand that the commission fully appreciates the gravity of the situation complained of by the people of the east end, and that it would be glad to suggest a remedy as soon as it has had an opportunity to go into the matter and determine what should be done.

Mr. Sminck said:

"The problem of flood waters from Green and Cedar brooks has vexed Plainfield and North Plainfield for many years. No fixed plan has ever been agreed upon to remedy the trouble. The city is without a policy. It is now time that something should be done by engaging the services of a consulting engineer to suggest a practical relief and its probable cost.

"It is said that no cure is possible then it is the only engineering problem in the metropolitan district that defies solution.

The new city hall is supposed to be the forerunner of a greater Plainfield.

FLAG PRESENTED TO CRAIGIELEA LODGE

A meeting of Craigielea Lodge, Daughters of Scotia, was held last evening in Exempt Firemen's hall, Park avenue, when Grand Chief Daughter Mrs. Andrew Wallace, of Jersey City, and Chief Robert Bailey, of Clan Mackenzie, spoke. They were followed by Past Chief Robert Murray who presented a fine American flag to Chief Daughter of the Plainfield Branch, Mrs. Andrew Petrie, for the lodge. Mr. Murray in making the presentation called on all citizens and other residents in this country to respect the flag and all for which it stands.

At the close of the meeting the lodge was joined by Clan Mackenzie and a social hour was passed and refreshments were served.

MARKED IMPROVEMENT FOLLOWS TRANSFUSION

Mrs. Whitney Frazee, of South avenue, who underwent blood transfusion at Muhlenberg Hospital, is responding promptly to the treatment. Following the first operation yesterday when blood was furnished by Mrs. Frazee's husband, there was marked improvement in the condition of the patient.

In all a quart of blood was transfused. After the first half-pint had been injected Mrs. Frazee recovered consciousness and by the time she had received the balance the color was restored to her cheeks. The physicians in charge plan to give another transfusion on Thursday.

FIRE IN LEVY'S SKIRT FACTORY

A slight fire broke out yesterday afternoon in the loft of Levy's skirt factory on Watchung avenue. The factory for a time was filled with smoke but the employes left the factory without any panic. The fire was extinguished by the fire department. Damage was slight.

CALKINS NOT AGAINST ARMORY

Has Not Enthused Over Proposition Because of Increased Cost of Government

Mayor Calkins, when asked this morning if he was opposed to the council appropriating $15,000 for an armory for Company K, the local military organization, to be used in connection with an appropriation of $25,000 from the State and $20,000 from the county, said:

"You may state that I am not opposed to this project. It is true that I have no expressed myself enthusiastically about it for the reason that we shall probably have increased expenses in our schools and other branches of the government, which the people must meet in the annual tax levy.

"I should like to see an armory erected for the local military company, because I consider it an asset to the community, but it should always be borne in mind that these appropriations mean additional cost, and while our people may be perfectly willing to assume the cost, it is incumbent upon me to see that the government is maintained at the highest possible degree of efficiency, that we have all the improvements we can get, and last, but not least, that the cost be kept down.

"We shall soon make up our budget for this year and will then know just what our requirements are.

"The amount asked for is not in itself excessive, but when there are several increases of like amount they aggregate a sum which tends to boost the tax rate, and even those who look on approvingly when a proposition is originally submitted, make a wry face when they gaze on their tax bills in December.

"We are making many improvements and there are many more to be made, all of which are essential and will be of lasting benefit to the city, but we must measure the outlay by the income."

POLISH BAND NOW ONE YEAR OLD

The members of the local Polish Band held its first anniversary celebration on Saturday evening at John III Sobieski Hall, East Second street. Alex. Omelerisk, the instructor, was present, and the organization played several selections. Among the floral decorations was a beautiful horseshoe contributed by the senior members of the Sobieski society in honor of the event.

There were speeches of congratulatory nature and a collation was served. On April 14th the band will hold a dance, and on Decoration Day there will be a memorial service and the presentation of the Polish colors.

TEPPER'S MILLINERY OPENING THIS WEEK

Tomorrow, Thursday and Friday are the millinery opening days at Tepper's store, Front street, where there will be a splendid array of smartly trimmed hats on exhibition. Miss Lillian Rogers, who is now at the head of this department, has acquired varied experiences in the largest millinery establishments of this country, and will be found ready to give valued suggestions to the many patrons of the store.—Adv.

P.-T. SOCIETY TO MEET IN HIGH SCHOOL

All members of the Parent-Teacher Association of the Washington school are requested by the president, Mrs. B. F. Tallamy, to be at the High school at 2 o'clock tomorrow afternoon and attend the meeting at which the Rev. Franklin K. Mathiews, of New York, will speak.

BUSINESS MEN'S ASSOCIATION MEETS TOMORROW NIGHT

The Business Men's Association will hold an adjourned meeting in Firemen's Hall, 109 Park avenue, tomorrow night, H. R. Kilmer, of the Credit Reporting Company of Newark, will make an address.

FOWLER TALKS ON CRISIS

The national crisis and preparedness were topics touched upon Saturday night by former Congressman Charles N. Fowler, at the fifth annual dinner of Company F, Second Infantry, N. G. N. J., of Elizabeth. The dinner was held at Achtel-Stetter's, Newark, and was attended by some fifty-five present and former members.

Other speakers were Lieutenant Colonel William B. Martin, of the Second Infantry staff; Major Conrad Hall, commanding the battalion of which Company F is a unit; Captain J. J. Thomas, of the United States Coast Defence; Henry Kreh, Jr., a former member of the company, and Lieutenant G. Julian V. Wier, also a former member, now of Newark.

RUNYON'S TALK EXCITES COMMENT

Tells Women's Club Assemblymen Not Supposed to Think for Themselves

Special to Courier-News:

Trenton, March 13.—State House politicians have read with interest some of the remarks made by Assemblyman William N. Runyon, of Union county, before the Women's Club of Hoboken, the other evening concerning his impressions of the Legislature and State politics. Mr. Runyon's comments are of more than ordinary interest by reason of the fact that he is a member of the majority party in the State at the present time, was Republican leader of the House in the session of 1915, has twice been defeated as an independent G. O. P. candidate for Speaker, and is regarded as one of the ablest men in the Legislature.

"Every Assemblyman goes to Trenton an idealist," declared Runyon before the Women's Club," but it is hard to kick against the goads. To play the game according to rule, one is not supposed to think for himself. Favors are granted through "the boss." In every group there are certain men you can absolutely depend on, they are mostly met from the small counties; while they may not be able to construct they can obstruct the passage of obnoxious laws."

The first year of a Governor's term, the Union man explained, the Legislators fawn upon him, for there are fat jobs to be given out. The next year they treat him with courtesy, and in his final year the Executive loses his charm for those who formerly bowed to him. Mr. Runyon said honest men going to the Legislature discover that they must give something in order to obtain anything. He declared former Governor Fielder, Democratic Leader Geran and Secretary of State Martin are "square men though on the other side of the fence." Mr. Runyon poked fun at the Republican Essex delegation whom he described as being without a rudder since the death of their "boss."

DENTISTS' CONCERT EASTER MONDAY NIGHT

Evan Williams is booked for a concert here with the Edith Ruber Trio. Evan Williams has been favorably known in the United States for many years. There is probably no other male singer who has given so many concerts in this country. Vocally, Mr. Williams represents the ideal singer; his voice is naturally of a beautiful and soul stirring quality, and he delivers his songs with the greatest possible fervor and intelligence. One of his

finest assets is a clear and distinct enunciation that carries his work to the extreme reaches of an auditorium with the result that his hearers understand every syllable.

Mr. Williams comes here April 9, under the direction of the Plainfield Dental Society. Advance tickets can be secured from any dentist. These can be exchanged for reserve seats at the Ideal Music Store, 150 East Front street, on and after Saturday, March 24.

AMERICAN MOTORS CORPORATION ELECTION

Several changes were made in officers and heads of departments at the annual meeting of the American Motors Corporation of this city, which was held yesterday. Joseph A. Carmody was appointed production manager and will have entire charge of the manufacturing operations and the plant on West Front street. He succeeds John C. Spiers, formerly general manager, who is no longer connected with the corporation.

The officers elected for the ensuing years are as follows: President, William Howard Hoople; vice-president, Lewis Chevrolet; secretary, Proctor W. Hand; treasurer, George F. Baright; designing engineer, Austin M. Wolf.

MRS. GEO. MEGREW HOSTESS AT TEA

Second of Series to be Given at The Rookery From 4 to 6 o'Clock This Afternoon

The second in the series of teas in honor of Mr. and Mrs. John Johansen, the well-known artists, an exhibition of whose works is being shown at The Rookery on Sycamore street, opposite Grace church, will be given this afternoon by Mrs. George Megrew from 4 to 6 o'clock. She will be assisted by Mrs. William G. Cooke, Mrs. F. C. Cox, Mrs. A. H. Atterbury and Mrs. Arthur Jones. Mrs. Cox and Mrs. Cooke will pour.

The entertainment given by Miss Van Boskerck and Miss Rogers Saturday afternoon to Mr. and Mrs. Johansen was enjoyed by about seventy-five guests. This is the second exhibition of famous paintings given by Miss Van Boskerck, the first being a collection of painting by Jonas Lie. Miss Van Boskerck transforms The Rookery to make an appropriate setting for each exhibition.

Mr. Johansen, in an informal talk at the opening of the exhibition, made clear the difference between a portrait that is finished with paint and varnish, having the appearance of an exact copy, and one that is complete, because it has expressed on canvas the characteristics of the person being painted. He compared a poor portrait to a badly planned house ornamented to cover up defects.

The artist said the whole life time of technical study does not make inspiration, although it takes most of a life before one can use the inspiration that lifts him into the ability to paint a great portrait. He said that a person about to have his portrait painted should select an artist in whom he has confidence and then refrain from criticism, believing that the right painter will reflect one's best self on his canvas.

DYNAMITE HOUSE IN REVENGE PLOT

Home of George Ellecks at Stirling is Blown Up

Banded together like night-raiders of the Kentucky hills, five men yesterday dynamited the home of George Ellecks, in the Great Swamp, Ellecks told the authorities. They returned later, he said, and demanded that he quit the section on pain of death.

Ellecks told his story to Justice of the Peace Raymond A. Alland, who issued a warrant for five men named by him, and placed Constable Lo Monaco to make the arrests. County Detective Edward L. Brennan, of Morris county also set to work on the case.

Ellecks, who is a bachelor, fifty-eight years old, said that before the second visit from the men he had sent away a Miss Cameron, thirty years old, who had been keeping house for him. She is at the home of Ellecks' sister.

Three of the men named in Ellecks' complaint are brothers of Miss Cameron. The five who are accused by him are Jacob, Charles and Harry Cameron, William Tester and William Henry Edgar. Ellecks said he believed they all worked on farms in the Great Swamp.

TO OUR READERS

The Courier-News, as previously announced, is compelled to advance its price to subscribers.

We regret that we are compelled to make this increase, but everything that enters into making a newspaper has doubled in cost, while some things have trebled. The most serious difficulty is the question of white news print paper. Many newspapers have had to suspend publication entirely, while others have had to adopt expedients to conserve. Every newspaper has been unable to purchase more than 60 per cent. of the quantity of paper normally required since the first of the present year. This has made it necessary to cut down the size of the paper from 16 to 12 pages, and to put in effect other methods of curtailing the consumption of paper.

The above measures have not been sufficient to reduce the necessary paper enough, and for this reason we have had to announce that all subscribers not paying promptly each week will have to be discontinued. The stopping of a paper because a subscriber owes four or five weeks does not settle the question that subscriber's credit. Forced to reduce the number of copies we are printing, we have adopted the only way open—discontinuing subscriptions not paid to date.

No paid in advance subscriptions will be accepted at the old rate since the announcement of the change in price.

The subscription price of the Courier-News are now:

Single copy	.02
One week	.12
Three months (in advance)	1.50
Six months (in advance)	2.60
One year (in advance)	5.00

As in the past, to take advantage of the discount rate offered for one month, six months or a year, a subscriber must pay in advance.

BUSY SESSION OF SCOUT COUNCIL

All Members of Troop 18 Respond to Test Call in Thirty-two Minutes

The regular monthly meeting of the Plainfield Council, Boy Scouts of America, was held at Scout headquarters last night. D. M. Lark, first vice president, presided, and Dr. George T. Moore was appointed secretary pro tem.

Councilman Louis Hosmer reported for the executive committee, outlining the resolution which was adopted and forwarded to the Mayor last week. This action on the part of the committee met with the hearty approval of the entire council.

Scout Executive John D. Duffy in his report for the past month's work, outlined the success with which the mobilization plan for troop has worked out. During the course of his remarks a test call was sent from headquarters to Troop 18. The Scouts of Troop 18 were scattered in various parts of the city, but within thirty minutes from the time the call left headquarters Troop 18, in full uniform and equipment, reported with 100 per cent in attendance and the Scoutmaster in charge. This was the first time the call was sent for Troop 18, and the result was most gratifying. The Scout executive and several members of the Council warmly congratulated the boys and complimented them on the state of preparedness in which they were found. This troop is connected with Holy Cross church in North Plainfield, with Newton S. Foster as Scoutmaster.

Mr. Duffy announced the classes in first aid which were being conducted in the various troops, the efficient standing of the whitest club under Mr. Blackford, a brief outline of the semi-annual inspection of troops this month, the patrol leaders' class which is being organized to improve the efficiency of the boy officers.

Mr. Duffy announced the registration and reorganization of Troop 5 of the First Presbyterian church, with Harold Dunning as Scoutmaster. Troop 5 was one of the first troops organized in this city and had as its leader at different times, Secretary Allen E. Beals and Scout Executive Duffy. In the reorganization of the troop many of the older members have returned with a far deeper interest in scouting than heretofore.

The registration has now reached the 500 point, with six new troops holding their first meetings with an attendance of probably 100 more boys. During the past month the following merit badges have been earned: Scout Edwin Addis of Troop 12, first aid, firemanship, pioneering, first aid to animals, automobiling, marksmanship; Scout Wiggins of Troop 9, pioneering, Scout Hall of Troop 9, handicraft.

National Field Scout Commissioner H. Mr. Butler, who is at present conducting a financial campaign in Elizabeth, similar to the financial campaign held in Plainfield recently, has conferred an honor upon the Plainfield Scouts by taking two of the Scouts to Elizabeth to demonstrate to the team workers just what a regular Boy Scout is and what he can do.

Scouts Dunavan and Hall of Troop 9 gave an exhibition last night at Elizabeth, and when Scout Dunavan was questioned as to what scouting had meant to him, he delivered a 15-minute impromptu talk upon the Boy Scout movement, which won for him the heartiest applause any speaker at the campaign supper had yet received.

Among those present were L. M. Leek, Mr. Barlow, Mr. Hosmer, Council members Cox, Genung, Abbe, Bond, Hubbard, Bach, Best.

AUTO RODS BREAK, THREE ARE INJURED

Harry Daniels, manager, and Henry Uhrhahn, driver, for the Keller's Cleaning Shop, Inc., of North avenue, are recovering from cuts, bruises and shock sustained in an automobile accident late Saturday night. There was a third party in the car who escaped with slight injuries.

The men were returning home in the company's car after the close of business, and while driving on Watchung avenue, near Grandview avenue, the borough, the radiator rods broke and the auto partly overturned. Mr. Uhrhahn was driving the machine and all control of it was lost with the breaking of the rods.

HOPE TO AVOID BREAK BETWEEN BROTHERHOODS AND RAILROADS

By United Press:

Washington, March 13.—The United States Board of Mediation and Conciliation, which failed to prevent an open breach between the Big Four Brotherhoods and the railroads last April, will make a final effort to reach an agreement in the present recurrence of the controversy.

DIPLOMATS THINK WAR MAY END JULY 1

By United Press:

Washington, March 13.—A general peace move will be launched in three or four months, according to views of diplomats and officials today.

An increasingly acute food situation in all the warring nations, particularly among the Central Powers, a growing unrest among the people, indicated by the dissatisfaction manifested toward the Entente Cabinets; possibility of any one of the principal nations breaking suddenly under the military strain; and growing belief that neither side can achieve an overwhelming victory, such as would force a strictly military peace, they believe point to an early end of hostilities.

It is now believed here that President Wilson's suggested "peace without victory," will result in fact, and possibly not later than July 1.

KAISER'S RELATIVE HERE ARRESTED IN PLOT

By United Press:

Philadelphia, March 13.—The plot to smuggle goods aboard German interned ships in the League Island Navy Yard, which has thus far resulted in five arrests of prominent German-Americans, assumed a more sinister aspect today, when it became known that Adelbert Fischer, one of those arrested, is not only a relative of the Kaiser himself, but is an official of one of the largest, machine engineering companies in Hamburg.

Fischer's daughter is the wife of one of the owners of the Hamburg firm. It is said the firm has amassed a great amount of information about the American navy, especially including plans, specifications, blue prints, and the location of all tanks both in dreadnoughts and torpedo boat destroyers.

Fischer is at liberty on bail. He is a reserve officer in the German army.

NO STRIKE IN CASE OF WAR SAY BROTHERHOODS

By United Press:

Washington, March 13.—President Wilson today was told by four Big Brotherhood leaders that in case of war no strike will be called on the great railroad systems of the country. In a letter from the brotherhoods, which reached White House today, every assurance was given that railroad trainmen will "stand by the President in event of actual hostilities." No promise was made however, that a strike will not be called now.

The letter said the Brotherhood will meet with the railroad managers Thursday, and then make a determined effort to reach some agreement. The letter does not mention any strike orders to be used in event the Thursday meeting fails. This strike order, it is said, sets Saturday night as the time for a big "progressive strike" to begin on Eastern roads and spread to others.

RELIEF NEEDED FOR TORNADO SUFFERERS

By United Press:

Newcastle, Ind., March 13.—Food, clothing and money for the relief of the victims of the tornado which destroyed more than $1,000,000 worth of property, and killed nineteen persons in this city alone, was needed today.

Three persons are still missing, and twenty-five are in hospitals, seriously injured. Two children in the Home Hospital are unable to give their names, and no one has claimed them. It is believed their parents were killed.

HARRY K. THAW IS ADJUDGED INSANE

By United Press:

Philadelphia, March 13.—Harry K. Thaw was adjudged insane today, by alienists who examined him in the sanity inquiry started by his mother. Commissioner E. A. Ballard and six jurors made a report in Common Pleas Court, No. 5, adjudging him insane. An order has been issued placing Thaw in custody of St. Mary's Hospital, where he had been confined since his attempt at suicide.

The move to have Thaw declared insane in Pennsylvania was started in order to have him sent to an asylum in this State, and escape trial in New York on the charge of having beaten Fred Gump, Jr., of Kansas City.

MEN'S CLUB TO HEAR BOROUGH PRINCIPAL

The regular monthly meeting of the Men's Club of the Watchung avenue Presbyterian church, North Plainfield, will be held on Friday evening at 8:15 o'clock. Principal Albert Earley of the Borough High School will entertain the club members and their friends with a lecture, illustrated with thirty-four lantern slides, on the famous Caverns of Luray in Virginia.

LOYAL CIRCLE ISSUES NEW RECEIPT BOOK

A receipt book, compiled by the Loyal Daughters' Circle, of Netherwood, one of the circles of The King's Daughters, has been placed on sale at Estil's Book Shop, on Park avenue. This is a book of tried and reliable receipts, everyone of them having been proved by the various members of the circle.

The book contains receipts for soups, fish, meats, pies, puddings, all kinds of bread and cakes, and a copy of it should be in every household, especially in these times of high prices, for it contains receipts that will help the careful housewife in economizing.

DIRECTOR OF BELGIAN RELIEF OFF FOR EUROPE

By United Press:

New York, March 13.—Herbert C. Hoover, director-general of the Commission for Relief in Belgium, sailed unexpectedly today for Cadiz, Spain, on the steamer Antonio Lopez. New developments in relief work in Belgium and northern France caused him to drop his important campaign for financial support is the United States and hasten to Europe.

PROSPECTIVE BRIDES GUESTS OF MISS COOPER

As an expression of friendship formed as members of the Korulimo Society, of which they are members, and in honor of their approaching marriage to Mr. Hall, Miss Ruth Cooper, of Park avenue, gave a delightful social function at her home last night for Miss Annie Smith, of Netherwood avenue; Miss Ruth Wean, of Park avenue and Miss Ruth Sadler, of East Sixth street.

Unique favors with appropriate sentiments inscribed were presented to the three prospective brides. Miss Sadler, and her parents, who have been residents of this city for some time, will soon remove to Wilkes-Barre, Pa., at which place she will be married. The Misses Smith and Wean will be married in this city. The young women have been prominent in social affairs here and all have a wide circle of acquaintances.

DR. EDMUNDS TO PREACH IN HEAVENLY REST CHURCH

Have You a Voice?

The Oscar Saenger Course in Vocal Training Will Enable You to Become a Singer

The Oscar Saenger Course in Vocal Training is a practical, efficient system for teaching people to sing. It is based on the simplest and most direct principle of all teaching, whoch for the first time is now applied to singing in a new and original way.

No matter where they may live, all those who wish to *sing may now learn to do so under the direction of a master* who has entered more pupils upon successful operatic, oratorio or concert careers than has any other teacher in the United States.

The course consists of ten double-faced Victor records, which provide twenty lessons in vocalization. There is a separate set for each of the following five voices: Soprano, Mezzo-Soprano, Tenor, Baritone and Bass. In the Mezzo-Soprano there are special instructions for the training of children's voices.

With each set of records for any of the above voices there is also provided a textbook of supplementary information for the student, which information is set forth so definitely and clearly, that the art of singing may be fully understood by those who have had no previous training.

The Oscar Saenger Course in Vocal Training for any of the voices mentioned above, may be procured at the cost of *a one-hour lesson at the Saenger Studio in New York. Each* set is furnished complete, securely packed in a neat carrying case.

For further particulars and demonstrations of this course, call, write or 'phone.

BERNHARDT ILL; CANCELS ENGAGEMENT

Sarah Bernhardt canceled her engagement to appear in Sprinfield Mass., last night and returned to New York to remain until she shall have recovered from a severe cold. Mme. Bernhardt arrived in New York about 8 o'clock last night in her private car and went to the Savoy Hotel and retired soon afterward.

The actress caught cold last Wednesday night when her private car was caught in a blizzard at Lawrence, Mass. Her condition had not improved and by request, a her private physician, after a consultation with other physicians and Mme. Bernhardt's manager, William F. Connor decided it would be best to cancel her bookings for the present. There was a slight congestion in one of her lungs, and it was thought unwise to risk more serious complication.

ISABELLA DAUGHTERS TO HAVE PARTY

Plans for a card party and reception were made at the meeting of Court Watchung, No. 291, Daughters of Isabella, held in the Columbus Clubvlast night.

The following were named a committee to arrange the affair: Mrs. H. B. Arnold, chairman; Miss Anna Doyle, Miss Emma Sullivan, Miss *Dusty Mara, Mrs. P. J. McDonough,* Mrs. Keenan, Mrs. Dorgan, Mrs. E. I. Fiering, Mrs. P. S. Kiely and Miss Mary Rielly.

Eleven applications for membership were turned in last night and a decision was reached to have an initiation some time during April.

The next meeting of the court will be held on Monday, March 26.

EXTRA SESSION OF *CONGRESS APRIL 16*

Washington, March 13.—The President has issued a proclamation calling an extraordinary session of Congress to meet on April 16. Congress will be asked to take up other questions involved in the defence of the American merchant marine.

Secretary Tumulty stated in connection with the President's call for an extraordinary session of Congress that the President is convinced that he has the power to arm American merchant ships and is free to exercise it at once. But so much necessary legislation is pressing for consideration that he is convinced that it is the best interests of the country *to have an early session of the Sixty-*fifth Congress, whose support he will also need in all matters collateral to the defence of our merchant marine.

PACIFISTS PLAN PEACE TOUR OF UNITED STATES

New York, March 13.—Senator Robert M. La Follette has been invited by the Emergency Peace Federation to join the coast-to-coast peace tour arranged by pacifist organizations. The federation already has sent delegates to participate in the session of pacifists at Washington. Thousands of cards are being sent to members of Congress urging *a national advisory referendum vote* on the question of declaring war.

WAX NOT A SPY, POLICE SAY

New York, March 13.—The police are convinced that Max Hans Ludwig Wax, the German operator in whose possession a powerful portable wireless set was found, has no connection with the Teuton propagandists in this country. Officials do not believe a spy would have jeopardized his safety and risked the seizure of his instruments by attempting a swindle. Wax was arraigned yesterday on a charge of defrauding Frank Sternberg out of $2,000 and bound over to Special Sessions.

RAISING BIG LOAN

Special to Courier-News:

The American plan is being used as a model, being more adaptable to the requirements of Russia's foreign trade.

SMINCK'S PLANS ARE PRESENTED

(Continued from page 1)

field, and that is one of the strong reasons that justifies the expense necessary to its erection. In order to have a greater Plainfield it is necessary to solve this drainage problem.

"The greatest damage done by the floods is that it retards the growth of a fine, large and important section of the city. It obstructs progress and destroys values. A plan that would correct the trouble would be valuable and constructive in that it would promptly open up for development some of the best locations for residence within the city limits. That would mean increased values and a greater income for the city. *This question is one of investment* from which the city will in the future reap substantial dividends.

"In order to reach the goal of a greater Plainfield it may be necessary in the future to form a new county because the city and its activities are already reaching into Somerset and Middlesex counties. Also in order to correctly solve the drainage problem it will be necessary to control Green Brook right up to Park avenue, Scotch Plains.

"It is clearly evident that now is the time to act before the situation goes from bad to worse.

"In justice to all taxpayers it is almost axiomatic to state that no expense is justified until you are absolutely sure of the results to be accomplished—no experiments.

"The cause of the trouble is: Drainage area, form and volume of flood; Green Brook, Blue Brook, Diamond Brook, Cedar Brook, Fanwood, Netherwood Heights; small openings under bridges, over streets.

"Narrowing of the beds of Blue and Green Brooks by the operation of the Summit Water Works; dams and encroachments in the beds of the streams through private control.

"*The effect is the flooding* of Terrill road, Netherwood avenue, East Front street, Jackson avenue, East Second street, Johnston avenue, Sumner avenue, George street, Emerson avenue, Berckman street, Leland avenue, Farragut road, Richmond street, North avenue. Also streets and places in the Second and Third Wards near Cedar Brook which makes this a general proposition affecting the whole city.

"The remedy: Control of Green Brook to Park avenue, Scotch Plains; public control of Cedar Brook, care to prevent diversion of water and thus prevent flood water getting in the business section; North avenue at the Netherwood station.

"*After twenty-five or more years* of inertia the people are entitled to expert opinion on the subject by consulting an engineer."

FORMER MAYOR WOOLLEY 76

Long Branch, March 13.—Many congratulatory telegrams were sent to former Mayor Thomas R. Woolley, at Miami, Fla., Saturday, the occasion being his seventy-sixth birthday.

Mr. Woolley lost the use of both limbs about Christmas time and is not able to be moved home. He has held nearly every office within the gift of the city, having been chosen Mayor seven times, besides being controller, freeholder and deputy sheriff, the latter at the age of twenty-one, under his father, the late Jordan Woolley.

Mr. Wooley was joined by his son, former Assemblyman B. Drummond Woolley, and wife a fortnight ago.

SON BORN AT BERNARDSVILLE

Mr. and Mrs. Basil M. Stevens, of Bernardsville, are being congratulated on the birth of a son. Mrs. Stevens was formerly Miss Helen C. Ward. The child has been named Edwin A. Stevens, 4th, for his grandfather, Colonel E. A. Stevens, of Castle Point, Hoboken, N. J., and is a great-grandson of E. A. Stevens, founder of the Stevens Institute of Technology.

HEARING ON THE STATE POLICE BILL

Labor Leaders Oppose Measure Introduced by Senator Pierce of Union

Special to Courier-News:

Trenton, March 13.—Arguments for and against the establishment of a *Department of State Police were heard* yesterday by the Joint Judiciary Committee of the Legislature at a public hearing on the bill by Senator Pierce, of Union County, creating such a department. It is Senate bill No. 242. It provides that the Governor shall appoint and the Senate confirm a Chief of State Police, his salary to be $4,000 a year, and that two companies of State Police shall be enlisted for two years. The purpose would be to have these State officers do police duty wherever needed in the State in time of labor troubles, rioting for any cause, or other similar disturbances.

Senator Pierce outlined his measure, stating that it would create a department similar to that in Pennsylvania, where it is generally admitted that the State Constabulary is a good thing. The friends of the bill told the committee that it should be passed because it would give the State protection in times of public disturbances like the strike riots at Perth Amboy and Paterson, or other outbreaks, without the necessity of calling out the National Guard. Labor leaders opposed the bill.

BULGARIA DENIES BREAK

Sofia, March 13.—An official denial was issued here yesterday of a report that the Bulgarian government had addressed a note to the United States which had resulted in the rupture of diplomatic relations between the two countries. No note, it was stated, had been handed either to the United States Minister at Sofia or to the State Department at Washington.

The announcement further denied a report, which it said had been in circulation, that the Hungarian Minister at Washington had been instructed to request his passports.

TUMULTY DINNER MARCH 20

Joseph P. Tumulty, private secretary to President Wilson, will be the guest of honor at a banquet at the Robert Treat Hotel, Newark, Tuesday evening, *March 20.*

Four hundred of Mr. Tumulty's friends, most of them from Hudson county; the New Jersey Congressmen, Senator Ollie James, of Keutucky; and Representative J. Thomas Heflin, of Alabama, will be present. Senator James and Congressman Heflin will speak.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh. Relief comes so quickly.—Adv.

Spring Opening

Plainfield's Choicest and Most Exclusive Presentation of the New Season's Authentic Styles in

Millinery, Suits, Dresses, Coats and Dress Accessories

AMERICA is fast becoming the World's Fashion Center. You will assent to this when you view the climax of our efforts in this preparation for Spring.

To be sure, foreign creators have sent us their quota of clever and delightful models, but to the American designers and originators belongs the credit of wealth and variety of new ideas. The colors run from the sombre pastel to the most riotous color harmonies. The styles from conservative to the ultra-fashionable; but they are distinctly American, and will appeal to the American woman of today.

Be It Known To Ye Fashionable Women of Plainfield

that several changes have been effected in our Millinery Department. For many years this section has been supplying the most exacting needs of the Plainfield woman who is smartly gowned and appreciates exclusiveness of style. The ever increasing patrons that come here for their needs is the best proof of this section's worth.

And Now We Have Gone a Step Further

We have been fortunate in securing the services of Miss Rogers, who has spent a great deal of her time in connection with a number of millinery salons of a most exclusive rank, and has kept in close touch with, some of the most distinguished style creators.

Enwrapped in the pleasure of her task, she has spent many years in the diligent study of the various developments of her chosen art. Miss Rogers will now take complete charge of our Millinery Department, and will devote her entire energy and ability to create millinery that is artistic, authoritative, and particularly well suited to the dress ideals of the fashionable women of Plainfield.

And, Lest We Forget, Miss Fouble

Results only determine one's worth in the work of the kind so measured. For twelve years she has faithfully served the Plainfield people and created many a model that has won instant admiration. Now, after these years of faithful service, she is relieved of her tedious tasks in the work-room, and will spend her time on the salesfloor.

There she will meet you personally, Milady of Plainfield, study your needs, and as an experienced milliner her expert advice will be most beneficial to you in the selection of the proper hat to suit your individual need.

PERSONAL RESPONSIBILITY

Some kicking has been heard among other than the pacifists against the provision by Congress for military training for young men. There were pacifists during the American Revolution of 1776, who objected to carrying arms. One who owned considerable property that lay in the line of an approaching army of British hurried up to the commander of the local militia who was getting his men into position to resist the enemy, and exhorted him to do all that was possible to save his property. The commanding officer, looking with some disdain upon the civilian, asked: "Is this your property?" The civilian answered affirmatively. "Well, then," said the officer, "take this gun and get busy helping to defend it." It does not need much argument to persuade most people that the defense of life and property should rest somewhat with the owners and not depend wholly upon the men who have voluntarily joined the national police as a part of what they regard their duty to their country. These men who wear the uniform of the army can do a whole lot by their example and energy in making our country safe from incidental troubles, because they are most nearly ready, but one hundred thousand men in a standing army cannot be expected to look after the welfare of a hundred millions of people in a country as vast as ours. Therefore the men in the regular walks of life should assume a little responsibility for the safety of themselves and their property. To that end they should be willing to take training of some kind, more or less, so that if they are handed a gun and told to defend their own property they would know what to do with it. Our experience in Civil War should be all the example we need in demonstrating this proposition. Our people were ready at the first call to jump into the uniform and seize the gun, but it took weeks months to get acquainted with anything like army service or even to know enough to look after their personal welfare. We had overwhelming numbers of men on the field, but it was a sad duty that the commanders had before them to lead these men before the guns of the enemy. There was no lack of courage, no hesitation in facing the shot and shell, but it was murder in many cases to ask men without any military training to go up against the hosts who were well trained. So today even a greater knowledge of military affairs is needed if we would put ourselves in a position for defense. The temper of this people would never presuppose a militarism like that of the old world, but we ever so well armed and prepared, for we have built our civilization upon the lines of peace and have left the Old World and its feudal system, its classes, which have to be defended by arms from the masses, far behind. But this cannot argue that we as a nation can be safe from danger in the dying struggles of effete dynasties without means to ward off such danger. Every citizen is a defender of his own life and property against attack, and a united nation of such defenders trained in modern means of defense make a nation safe.

THAT FILIBUSTER

Some idea of the way the constituents took the action of the filibustering Senators a week ago yesterday in the closing hours of Congress when they held up the majority of their colleagues who wanted to vote on the armed neutrality question is shown in the actions of the people back home in the past week. Oklahoma citizens, formerly from Missouri, who always had a great admiration for Senator Stone, of Missouri, meeting in Vinita, blushed at the action of their one-time favorite. Citizens in St. Louis demand that Stone shall not be reappointed on the Foreign Relations Committee. Some insist that he should be asked to resign as Senator. Mississippians condemning Senator Vardaman for his part in the filibuster hung him in effigy in Clarksdale. Wisconsin is incensed at the attitude of Senator LaFollette. These men were expected to express the sentiments of their respective States, but apparently they did something far from it. The aggravating part of it is that there was no restriction upon the length of debate and that a dozen men could so filibuster as to kill a measure that the great majority of their colleagues wanted a chance to vote on. It must have been assumed by these men that the majority was against them and that they were afraid of the vote. LaFollette appeared unusually anxious that the measure should not be brought to a vote, for when it appeared that a vote was likely, as he started to leave the Senate, he turned back quickly and resorted to some tactics to obstruct the measure. If these men really believed the majority was against them it was a little short of egotism, to say the least, for them to assume that they possessed the intelligence of the Senate and were exponents of the popular will, not only of their own States, but of the United States. They might have felt a little assured if they had been upheld by their own States, even against the others, but when they were "roasted" among their constituents for their attitude it must have been little satisfaction to them to have assumed so much. Whatever may have been the result of the vote that was never reached, the majority sentiment of the country seems to have been crystallized in the sentiment of the majority of Senators who were prevented from voting by a small minority.

PREPAREDNESS

In a recent speech former Governor John Franklin Fort, speaking of the laxity of the Government in preparing for the future, said some things that ought to be remembered and used as a basis for future policy. He said that if ten years ago our government had entered upon a ship-building program, which it is now starting, and had provided for training a million young men each year our country would have been in a position to say some things to foreign nations and there would be less war talk now. It may also be said that with such preparation on our part the present belligerent nations might not have been in war. It could have been foreseen then that just the predicament we are now in would happen some day if foreign nations went to war, for what affects one country now affects all the countries of the world to a greater or less extent, and with ten million Americans trained for service at this time and a competent navy, foreign nations would have readily seen the sign "Keep off" when they assumed to encroach upon our rights on sea or land. Such an army would not need to raise a gun in order to enforce a wholesome respect. They would not need to be in the standing army, but only of those trained in a course that is both good physical and mental exercise if ready for emergency. The nations of Europe have maintained peace in all their past history, when they either were formidable enough to make it dangerous for others to attack or one did not have something that the other wanted. Treaties to be sure, have had a little, but only a little, to do in keeping peace, an witness Italy, which was bound up in an alliance with Germany, and at best are merely "scraps of paper," easily consumed in the combustion that follows the first clash of arms. It is unfortunate that to secure peace a nation must be ready for arms, but the only safety for a nation, the same as with individuals of opposing interests, projects and beliefs, is to carry the soft hand in the mailed fist. The more surely the greedy individual, or nation, the pirate, the bandit, the outlaw or any menace of society knows the other fellow's preparedness, the more surely the prepared one will be let alone.

SOME INGRATES EXIST

Money is the temporal power In some cases as a rival to patriotism. Some men are willing to expatriate themselves and turn traitor for the sake of the dollar. Heramba Gupta, a Hindoo student in Columbia College, was willing to take $40,000 of German money to foment an uprising against the English government in India, and at the same time use his position in the United States, a neutral country, for a base of his nefarious operations. Happily this sort of thing does not prevail among true Americans. They who trace their lineage to the patriots of Lexington and Bunker Hill and to the kind of men, though poor, declined all offers or bribes when they arrested Major Andre, the co-conspirator with Benedict Arnold, think too much of their heritage as a free people to temporize for a moment over foreign gold that would be offered to tempt them from their allegiance. They whose ancestors left foreign lands to seek a home in the land of the free to work out their own successes under the laws of freemen and at liberty to worship God according to the dictates of their own conscience are still loyal to the land of their adoption, although there may be some ingrates who would bite the hand that feeds them and flout the flag that stands for the brotherhood of man and the safety of those who obey the laws of a free, law-abiding people.

PEOPLE'S FORUM

A Snow Shovel Quandary

To the Editor of Courier-News:

Many so-called delinquents were cited to appear before our genial City Judge DeMeza. Some offered excuses which were not clearly substantiated. They paid the fine. Others got off free. Heretofore the city has cleared the walks from properties owned at distances from owners' residences who were willing to pay the tax at the end of the year for this work. Does it seem reasonable to fine an owner, a business man, in addition to the tax, especially when he finds help absolutely impossible to procure?

The snow ordinance is good, in its way, but on account of scarcity of labor, and illness, perhaps, this law could not have been enacted at a more inopportune time. The writer has about 300 feet of walk to clear; has been proud of being among the first to attend to that work, but when one's back is turned, or during absence, a number of school kiddies throw back a quantity of snow for their sleds. Then follows the inspector, who makes a charge against the property. Although the owner thought he was immune, otherwise it would necessitate his playing policeman or do the work over again.

I have paid a snow tax on property I did not own, but paid it to avoid arguments and delays from business. Is it not up to the city to discriminate in the face of the above objections? To properly clear the walks of the city is the paramount object, not the money fine; yet how is it possible to do impossible things?

GEORGE H. BEISER.

PROGRESSIVES WILL CONSIDER PLATFORM

New York, March 13.—A permanent platform or "working plans for the future of the party" will be submitted to the Progressive convention called to meet in St. Louis April 12, 13 and 14. A committee on resolutions will meet at national headquarters here to receive suggestions.

In making this announcement Mathew Hale, acting chairman of the Progressive National Committee, says that overtures have been made to progressive Republicans, Democrats, Socialists and representatives of other parties to discuss plans with the Progressives for the formation of a "league of liberals."

ORGANIZED LABOR AGAINST PIERCE BILL

Denounce State Constabulary as Aid to Capital in Suppressing Strikes

Special to Courier-News:

Trenton, March 13.—With labor leaders charging that the bill was conceived in the interests of the manufacturers of the State and speakers purporting to represent the State Chamber of Commerce, and the State Grange on the other hand declaring that the measure would be a great benefit to the rural communities of the State, the Joint Judiciary Committee of the Legislature yesterday afternoon listened to arguments for and against the proposed law to establish a State Constabulary in New Jersey.

Senator Pierce, of Union county, the introducer of the measure, declared he believed it a preparedness measure and other speakers in favor of the proposition sought to show that such a force would be very valuable in the event the United States needed the National Guard of the State for war purposes.

On the other hand Henry F. Hilpers, Secretary of the State Federation of Labor, composed of 108,000 men, told the Judiciary Committee that it would be a farce to use a force of 100 State police to preserve order in such instances where strikers do not number more than fifty or sixty men. The opponents all contended that the police of the different municipalities of the State are perfectly able, and have demonstrated their ability to cope with strike disorders.

ASSEMBLYMAN'S VOTE STIRS MAYOR MRAVLAG

Elizabeth, March. 13.—Mayor Victor Mravlag and his official family are chagrined over the course of Union County's three Assemblymen in supporting the Edge road tax bills and the Pierson municipal financing measures. The Mayor looks upon Charles L. Morgan of this city, William N. Runyon of Plainfield and Arthur N. Pierson of Westfield as not having the city's interests at heart. The measures mentioned had the bitter opposition of the Elizabeth officials.

The Mayor has said both privately and publicly that Morgan expressed himself as not caring what the city thought of his course—that the rest of the county elected him. Morgan denies using this language, explaining that what he said was that he didn't care what the Mayor thought.

Mayor Mravlag declares that Morgan and Runyon are both seeking office. Their names have been mentioned in connection with the District Court and county judgeships, respectively, and if they seek the places the Mayor will oppose them. There are several others spoken of for these places. Senator Carlton B. Pierce is a county judgeship possibility, while Donald McLean and G. Bartram Woodruff are being boomed by their friends for the District Court bench.

TRACOMA INVADES ARGENTINA

By United Press:

Buenos Aires, March 13.—Tracoma, said to have been brought into the country by Turkish immigrants, is causing serious alarm in parts of Argentina. Berisco, with 10,000 inhabitants, is said to have 1,200 cases.

WESTFIELD

LECTURED BEFORE WOMEN'S CLUB

Robert Livingston Schuyler, of Columbia University, delivered an interesting and instructive lecture on "Americanization" before the members of the Women's Club at the meeting held in the parish house of the Presbyterian church yesterday afternoon. Professor Schuyler paid particular attention to the immigrant in his address and referred to the time when a large number of them came to this country. But since the war this number had been greatly reduced. He said that after the war was over the number of immigrants would increase again and then this country would have its problems to meet in taking care of them.

A feature of the afternoon's program was the music which was furnished by Miss Ella Louise Mills, who was about to go abroad in 1914 when the war broke out, to complete her musical education but was unable to do so and, instead, she went to a conservatory in Chicago. Miss Mills played piano selections from Liszt and Bach and responded to an encore. Her playing was excellent and was greatly appreciated by the members of the club, who were present in large numbers.

At the business meeting of the club Mrs. A. C. Bell, the chairman of the program committee for 1917-18, announced the program for the coming year.

WHITEHOUSE

FINANCES OF READINGTON

The annual report of Readington Township has been issued in pamphlet form and is now being circulated among the taxpayers. It contains the statements in detail of the various township officers for the year ending January 1, 1917, and shows the financial standing of the township up to that time. The officers are: Frank A. Cole, collector of taxes; William T. Hoffman, assessor; John H. Reed, overseer of the poor, with the following members of the Township Committee: John M. Potts, clerk; D. Henry Miller, treasurer; Almar G. Cole and David L. Lare.

The report of Collector Frank A. Cole indicates that the amount of the tax duplicate was $20,086. The sum of $476.80 was received from railroad tax, $197.44 from bank stock tax, and $36.86 from franchise tax, making a total of $30,797.10. This was disbursed through the various channels, $4,112.23 being paid out in State school tax, $8,781.89 in county tax, $8,230.10 district school tax, $2,463.21 in road bills and the sum of $3,415.68, which is outstanding taxes. There are 133 names on the delinquent tax list.

The statement of Treasurer D. H. Miller shows receipts to the amount of $7,599.46. The following amounts were paid out: To John H. Reed, overseer of the poor, $2,384.08; for damage to sheep and poultry by dogs, $82.59; for snow bills, $786.17; for extra road work, $224.46; for miscellaneous bills, $1,726.48; for infantile paralysis bills, $745.10, making a total expended of $5,949.53, and leaving a balance of $1,649.13. This balance was paid over on January 24 last to the new treasurer, David L. Lare, together with $305.20, the money on special deposit received from dog tax.

The report of John H. Reed, overseer of the poor, shows that twenty-two people received aid from the township during the year at an expense of $2,384.08.

The Readington Township Committee has reconsidered the matter of submitting the making of a tax map to the voters at the next general election and will, at their earliest convenience, make arrangements to have this work done as soon as practicable.

Roger H. Hall, of New York, is having a tenant house constructed at Lamington Lodge, his country place, near East Whitehouse. It will be occupied by George Eick, who will farm for Mr. Hall.

ORDERS ISSUED TO U. S. GUNNERS

Fire on Threatening U-Boats "at Sight," Navy Decree.

FOREIGN POWERS ARE NOTIFIED

American Merchant Vessels' Guards Told to Permit Legal "Visit and Search," but to Take No Chances. Navy Department to Control All Movements of Armed Passenger and Freight Ships—Seeks Big Submarine Chaser Fleet.

Washington, March 13.—Final orders to the navy gunners who will work the guns on armed American merchant ships have been issued at a conference between Secretary of State Lansing and Secretary of the Navy Daniels. The orders will be transmitted directly to the gun crews by the secretary of the navy.

They provide in detail for compliance with the attitude of the United States in the whole long international controversy over the use of submarines against merchant craft. The gunners will fire at sight on any submarine approaching in a threatening manner, but will respect the rights of the submarine to "visit and search" for contraband if any effort is made to exercise that right. Further than this statement the orders will be kept absolutely secret.

The final form of the orders to gunners were framed after the state department had communicated to every representative of a foreign government in Washington the intention of the United States to arm its merchant vessels. These two actions cleared away the last formalities necessary before American commerce resumes its place upon the seas. The navy and war departments at once settled down to the preparation of all steps to warn placing its nation on a war basis to meet whatever the submarine controversy may bring forth.

United States to Control Ships.

The armed ships starting for the war zone will be absolutely under the control of the federal government. Their courses, their departure and the arrivals will be governed by orders from Washington. The masters of the ships will take their orders direct from the navy department. The state department said that the navy department could use its own judgment as to the need for putting commissioned naval officers on the merchant ships in connection with the gun crews.

The notification to the governments of the world of America's intention to protect her sea commerce was clear, specific and to the point. It was addressed to each of the governments represented here and said:

"In view of the announcement of the imperial German government of Jan. 31, 1917, that all ships, bases of neutrals included, and in certain zones of the high seas would be sunk without any precautions being taken for the safety of the persons on board and without any notice of visit and search, the government of the United States has determined to place upon all American merchant vessels leaving them, the barred areas an armed guard for the protection of the vessels and the lives of the persons on board.

The identic note and explanations made at the state department made it clear that every American ship sailing for the war zone will be armed. This disposed completely of speculation as to whether vessels carrying munitions of war as part of their cargo would be accorded full protection. The state department has always contended, however, that munitions ships as well as all other merchant vessels were entitled to the full protection of international law and they will be armed in accordance with this attitude.

Wants Submarine Chasers.

Pressing his plans for the complete naval preparedness of the nation, Secretary Daniels has taken up with builders of small boats the problem of supplying at once a vast fleet of submarine chasers of the motorboat type now used by Great Britain. Representatives of the Adams Shipbuilding company of East Boothbay, Me.; M. E. Calderwood of Manchester, N. H.; Eastern Shipyard, Shelter Island, N. Y.; Elco Company, Bayonne, N. J.; Essington Shipbuilding company, Essington, Pa.; Gas Engine and Power company, Morris Heights, N. Y.; Great Lakes Boat Building corporation, Milwaukee, Wis.; Greenport Basin and Construction company, Greenport, N. Y.; Herreshoff manufacturing company, Bristol, R. I.; Robert Jacob, City Island, N. Y.; Lawley & Son, Neponset, Mass.; Leathers & Mariner Shipbuilding company, Stamford, Conn.; Marbis Yacht Building company, Camden, N. J.; Matthews company, Port Clinton, O.; Murray & Tregurtha company, South Boston, Mass.; New York Yacht, Launch and Engine company, Morris Heights, N. Y.; Smith & Williams company, Salisbury, Md., and the Mans Yacht Building company, Baltimore, Md., were at the conference.

After reviewing the facilities available for the type of ship the department wants the builders were unable to promise more than 200 boats in four or five months. This was far below the desire of the department. The department wants motorboats 110 feet long, with the highest possible speed, and the builders will be asked to revise their estimates in an effort to supply the greatest possible number of these craft at once.

Edison at Work.

New war inventions to meet the submarine campaign, the navy department said, are being worked out by Thomas A. Edison and other members of the naval advisory council, who are devoting all of their time to this work. Edison is at work on a smoke screen invention to protect merchantmen and battleships on a system of underwater sighting for submarines. All of these inventions will be kept in close secrecy.

A start on a fleet of dirigibles for coastwise work was made when the navy department awarded to four concerns contracts for sixteen dirigibles with the necessary power equipment. They will carry armament and radio apparatus to be supplied by the department.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, biliousness, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoon of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get an quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soon and hot water acts on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Adv.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

25-cent "Danderine" will save your hair and double its beauty

Try this! Your hair gets soft, wavy, abundant and glossy at once

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

PARENTS OF BOY BANDITS SPANK THEM IN COURT.

Portland, Me., March 13.—Judge Samuel T. Bates ordered the parents of two youthful bandits who had operated before him in the municipal court to publicly spank their sons, saying one of whipped flogging would be a good thing for a sentence in the case. The two boys, 14 and 16 years old, had two mothers, who were [illegible] with whom [illegible] in the [illegible] while an interested crowd watched.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

Letters with this department from Miss Lee will gladly answer any Lenalty relative to domestic science, a stamped envelope being necessary for a personal reply. Address care of Courier-News.

For the ambitious hostess, who is possibly racking her brains for some novel form of entertainment, wherewith she may extend her hospitality, a St. Patrick's party, as the very name implies, will be found to contain delightful possibilities in the table decorations, as well as a variety of delicious dishes that may easily be prepared in the home kitchen.

This latter fact is very important, when one must depend upon her own efforts, instead of employing an expensive caterer. Naturally, the invitations will receive the first consideration. A novel idea is to have them written on square, white cards, adorned with a genuine shamrock from the "auld counthree" and bearing the motto in green water color: "Erin go Bragh," which means "Ireland Forever." Seal the envelopes with a tiny green seal.

Select your menu for the refreshments with care and with two objects in view. First, that most of the edibles shall be of a nature that can be prepared the day previous, or in the early morning. Second, that the different courses, as far as possible, may conform to the motif of the holiday.

The table may be either covered with a crepe paper cloth (printed in clover design) or doilies, as the hostess may prefer. Place directly in the center, resting on a small Irish flag, a wide-mouthed vase filled with green carnations and feathery asparagus fern, and at the corners of the table, set shillelah brass candlesticks, fitted with green candles. Shade the light from the candle with fluffy shades of white crepe paper, adorned with rosettes of green baby ribbon and small artificial shamrocks.

The following menu is suggested:

Menu for St. Patrick's Party

Erin go Bragh Grape Fruit
Salted Nuts Emerald Isles
Chicken Salad with Blarney Stones
Shillelah Sticks
Murphy Ice Cream Deech an Derais
St. Patrick's Cake

For the first course, which should be on the table before the announcement of supper, select grape fruit. After cutting in halves, remove the pulp, clean the skins, tint them a delicate green with a harmless vegetable dye and set aside to dry. Shred the pulp into fine particles, rejecting the membrane, and for each half of fruit add one heaping tablespoonful of sugar (powdered), a teaspoonful of orange juice and sufficient mint cordial to color. Fill into the prepared skins and garnish with a few cream de menthe cherries.

The Emerald Isles are large, pitted olives, and the Blarney Stones the capers that garnish the salad, while the shillelah sticks are simple bread sticks, made with a knob at one end. Add a bit of chopped sausage to the chicken salad, in honor of it being the national dish of Ireland (unless challenged by the potato), and be sure that it is crisp and cold and not used in sufficient quantity to flavor the salad too strongly.

Fancy forms of ice cream are always an expensive item for the hostess, and an excellent substitute will be found in the "Murphy Ice Cream." This consists of very realistic potatoes made from chocolate ice cream. Have the cream very firm before beginning to make them and shape each vegetable by means of butter paddies that have been soaked in ice water. The more irregular they are in shape the better, and the "eye effect" is easily carried out by bits of broken almonds inserted here and there.

These very artistic potatoes may be prepared several hours in advance of their being served. Then pack them in layers in a water-tight receptacle (with paraffine paper between them) and bury in ice and rock salt until ready to use.

For the St. Patrick's cake, try the following: Cream half a cupful of butter with one and a half cupfuls of granulated sugar. Then, very gradually, add half a cupful of milk and two and a half cupfuls of flour, sifted with one-quarter of a teaspoonful of almond extract and fold in the stiffly whipped whites of six eggs. Bake in a buttered and floured pan (so that it may be easily unmolded) and have a moderate oven. Ice, when cold, with a pistachio frosting, colored a delicate green. By means of a pastry tube, ornament with shamrocks and any preferred lettering with the date.

"The Deesh ap Derais," which translated means the last cup at the door, may consist of a "tay punch," prepared after any desired formula, the tea being allowed to marinate with the fruit puree that forms its basis.

THE SECRET OF THE WITCHES—Part II

Jack looked at the fairy, for it was a fairy, but he was too surprised to speak, and the fairy said: "I will help you because the secret of the magic broth does not belong to these wicked old witches. They stole it from our Queen while she slept."

It was morning now, and the dew was on the leaves and bushes glistening like crystals in the sun.

The fairy touched a dewdrop with her wand, and Jack saw a little silver bottle hanging on the bush.

"Take this and fill it with the magic broth," said the fairy, "and go to the King and tell him the fairies sent you and he will ask no questions.

"He sent to our Queen, asking her to cure the Princess, who is sick, and all the doctors have failed to help her.

"Of course, we never take any gold for the good deeds we do, and when the old witches knew we were to cure the Princess they were very angry and said we should not cure her unless we gave them half of the gold the King gave us. Our Queen told them we never took gold or any reward for what we did, and every time we have tried to get to the palace to cure the little Princess the old witches have in some way prevented us.

"At last our Queen decided to make a magic broth and send it secretly to the King, and she had all the fairies gather the things to go in the broth one night just as the clock was striking 12 and then next night we were to make the magic broth.

"But the old witches sent a bad little elf to steal the things we had gathered, and we were afraid we had lost them forever."

Jack forgot his shyness, he was so interested, and asked, "Why didn't your Queen have the fairies gather some more of the magic things and make the broth before the old witch made it?"

"You are a mortal and, of course, ask mortal questions," said the fairy, shaking her head and looking wise. "You see, mortal boy, that we fairies gather the first growing of everything we use and the second will not do. There was plenty of the same kind of things we had gathered, but it was the first, the very first, that we had to have."

"Oh, I see," said Jack, not at all understanding what difference that could make to fairies, but he did not ask any more questions, for he was impatient to be off and reach the Palace before the old witches did.

When Jack had filled the bottle the fairy told him to hurry.

"The King will give you some gold and it will be right for you to take it, because you will do good with it. You will go home to your mother and take care of her, and your wicked brother will come begging at your door."

Jack thanked the fairy for helping him and off he ran to the palace of the King. He arrived there hours before the old witches did, for they did not hurry, thinking they had the secret broth, and the fairy Queen would not be able to cure the Princess.

The King was delighted and wanted to give Jack two bags of gold, but Jack was not greedy and told him one was all he needed to make his mother comfortable, and off he ran

again. This time he found his way easily, for I expect the fairies guided him.

When the two old witches arrived at the palace they told the King they had the only magic medicine that would cure the Princess and they would sell it to him for a barrel of gold.

The King told his servants to drive them away and to set the dogs after them if they came back, so the old witches knew that the Fairy Queen had outwitted them after all; but, of course, they did not know how or anything about Jack, so they could not harm him.

Jack's mother was overjoyed to have him home again, and Jack bought a farm and went there to live with his mother.

He became a very rich man and he and his mother lived in peace and plenty. One day there came to the door of Jack's house a beggar asking for food and a place to sleep for the night.

Jack recognized the beggar as his brother Ole, who had treated him so badly years before, but Ole did not know Jack, and the next morning when he was going away Jack said: "Ole, don't you know me? I am Jack, your brother."

Ole hung his head in shame, but Jack told him he had forgiven him long ago and to come into the house and see their mother, who was old and could not live long.

Ole told his mother how wicked he had been, and Jack's mother never prospered since he stole from Jack his portion of food and money, that he had been sorry many times and wanted to ask Jack to forgive him, but that he could not find him.

The old mother was happy because her sons were friends again, and Ole and Jack lived together happily the rest of their lives. But Jack never told the secret of the magic broth to anyone, and although he never again saw a fairy, he knew that they had helped him and that fairies really were in the world.

"SAVE THE BABIES"

Those are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt, of Columbia, and Dr. Henry L. K. Shaw, of Union University.

A child two to three years old should have for breakfast the juice of one orange, a bowl of gruel or 4 or 5 stewed prunes or apple sauce. Either a well-cooked cereal, cornmeal, Pettijohn, oatmeal, cracked wheat, wheatena, all well salted and not more than one-half teaspoonful of sugar, and he should have a soft boiled or poached egg with stale bread or crisp toast. Also a glass of warmed milk. Give him a glass of warmed milk at 10:30 also.

Add to the list of things that are bad for all babies these: Sleeping on the mother's breast while nursing, sleeping in bed with the mother spitting on handkerchief to remove dirt from baby's face, sneezing and coughing in the baby's face, allowing a person with a cough or cold to hold the baby, or allowing any person with tuberculosis to come for the baby. Tomorrow: something about the summer care of babies.

FOR TWIN BOROUGH SCHOOL BOARD

Peapack-Gladstone, March 13.—Since E. F. Courter has refused to stand for re-election to the borough Board of Education this place is experiencing difficulty in finding a man who will run to succeed him. Mr. Courter was a popular candidate, and the Board of Education was anxious to have him returned. The other two retiring members, J. K. Thompson and John Frost, have consented to run for re-election. The election will take place March 20.

STOP YOUR HAIR FALLING OUT

Let Nature Show You How

When a plant is dying, you treat the ground around the roots. When your hair is sick and falling out, nourish its roots.

The success of Pompeian HAIR Massage is due largely to its method of application. You massage it into the scalp, stimulating the roots of the hair. Thus its name. Falling hair is caused mostly by Dandruff. Pompeian HAIR Massage will stop Dandruff. Follow the laws of nature. Use Pompeian HAIR Massage as directed and your hair will soon become full, vigorous and attractive.

Pompeian HAIR Massage is a clear amber liquid. Not oily. Not sticky. 25c, 50c and $1 bottles at the stores. Made by the reliable makers of the famous Pompeian MASSAGE Cream.

H. P. B. Bennett, Ia., says: "I have used your Pompeian HAIR Massage with excellent results. It is far superior to any other hair tonic I ever used."

Try it and say the same. Adv.W.P.

ANNIVERSARY OF THE FAMOUS COTTON GIN

Today is the 123d anniversary of the invention of the cotton gin, by Eli Whitney, who was born in Westborough, Mass., in 1765, and died in 1825. He entered Yale at the age of twenty-four years, and worked his way through the course. A year after his graduation he perfected the machine which made him famous, and made cotton the king of crops.

After leaving college he was engaged as a private tutor for a family in Georgia, but going to take the position found it taken by another, and he, being poor, sought other employment at odd jobs to earn a living.

The widow of General Greene, of the Revolution, had compassion on him, and took him to her home in Savannah, and found him handy with various implements. Farmers who grew cotton often employed him to repair work and Whitney, seeing the laborious and slow work in the primitive methods of removing the seed from cotton, began with crude materials to devise a machine for doing the work. When it was completed some one stole the model, and began manufacturing the machine before he could get a patent on it.

Objections were raised by cotton buyers in England to the use of such machines, on the ground that it weakened the fibre of the cotton, but makers of the machine from the stolen invention, kept producing it until the cotton growers were forced to use it in order to turn out the cotton fast enough for the demand.

Mrs. Greene financed the young man in securing his patent, and he finally was voted $20,000 by the State of South Carolina for the State rights to his patent.

Discouraged over the treatment he received over this invention, he turned his attention to the manufacture of muskets and built an arsenal in Whitneyville, Conn., where he supplied arms to the Government.

He died in New Haven, June 8, 1825. The invention of the cotton gin placed him in the list with Watt, inventor of the steam engine, and with Sir Richard Arkwright, inventor of the spinning machine, as benefactors of mankind.

ELIZABETH FIRM SUES SHAPIRO BROTHERS

New York, March 13.—Joseph W. North & Son, of Elizabeth, in filing suit in the Supreme Court for the recovery of $2,500 from Shapiro Bros., 171 Canal street, say that Charles M. Lape, who was in the plaintiff's employ as superintendent of their factory, stole manufactured garments, consisting of union suits, infants' wrappers, skirts, vests and other merchandise, shipped nineteen cases to Shapiro Bros. and was paid for the goods.

The suit was filed by August C. Steeltwolf, representing the Elizabeth merchants. He made an affidavit that the information contained in the complaint was derived from what were declared to be confessions made by Lape to him at his office, 233 Broadway. Lape also made an affidavit in reference to the same subject, which the lawyer has in his possession, the latter says.

Shapiro Bros. have twenty days in which to answer the complaint.

JERSEY BOY LAFAYETTE DEBATER

Easton, March 13.—Among the six men that were picked to represent Lafayette College in debating contests this year is John Leslie Parker of Paterson. HOW TO RELIEVE HEAD NOISES

GOOD ADVICE TO THOSE WHO FEAR DEAFNESS.

People who are growing hard of hearing are usually troubled with a stuffy feeling of pressure against their ear drums, accompanied by buzzing, ringing sounds in the head like water falling or steam escaping should take prompt and effective measures to stop this trouble. Head noises are almost invariably the forerunner of complete or partial deafness, and most deaf people suffer from them constantly. Sometimes the head noises become so distracting and nerve-racking with their ever changing tone, they drive the sufferer almost frantic and complete nervous breakdown may result.

Thanks to a remarkable prescription, it is now possible to lessen the severity of these head noises and often completely overcome them and with the disappearing of the head noises the hearing also greatly improves, and very frequently can be restored to normal. It can be easily prepared at home for about 50c and we believe is a most effective treatment for this trouble. From your druggist secure 1 oz. Parmint (or 2 oz. if extra strength). Take this home and add to it ½ pint of hot water and 2 ounces of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day. Part of this is used in this way and part to rub well into the roots of the hair, scalp and forehead, massaging vigorously with the fingers. This will relieve the pressure on the drums, but to correct any cause of noises in the head and hearing, the Parmint must be taken internally. Results are usually quick and effective.

Every druggist has the ingredients in any form should not have it on hand a trial Schreiber Bros can supply you.—Adv.

OFFICIALS OF MOTHERS' CONGRESS WILL ATTEND

A DEPENDABLE MEDICINE

Lydia E. Pinkham's Vegetable Compound is a dependable root and herb medicine. It has made a place for itself among the great mass of people, because thousands of sick women have tried it and proved that it will accomplish all that is claimed for it. Nothing unfavorable can honestly be said about it. It does not contain a injurious drugs. It is a root and herb remedy founded upon a physician's prescription, and is manufactured for a specific purpose. That it accomplishes this purpose is proved by thousands and thousands of convincing testimonials.—Adv.

JERSEY SENATORS GET IMPORTANT PLACES

Washington, March 13.—In the list of Senate committees announced yesterday, New Jersey, with one Republican and one Democratic member, comes off very well. Senator Frelinghuysen obtains two important and influential assignments in military affairs and public buildings and grounds. Senator Hughes advanced to the chairmanship of the pensions committee, one of the busiest in the entire list, and also goes on postoffice and post roads.

His most important membership is the finance committee, which handles the tariff and all other revenue legislation. In the event of war this would be a most important committee.

Besides military affairs and public buildings, Mr. Frelinghuysen goes to claims, coast defenses, expenditures in the Department of Justice, public health and national quarantine, and the committee on transportation and sale of meat products.

LENTEN SERVICES AT HOLY CROSS CHURCH

AMERICAN SHIPS BEING ARMED

Work Starts on Freighter at New York.

PASSENGER VESSELS NEXT.

Bookings For Early Sailings For England Now Being Arranged—Boats Will Leave Harbor at Night and Date of Departure Will Be Kept a Secret. Seamen Threaten to Strike Unless They Get 75 Per Cent War Bonus.

New York, March 13.—The actual work of arming American merchantmen was begun at New York Monday. Tugs from the navy yard ran alongside an American freighter and put aboard steel beams and plates for the construction of gun platforms.

Next in line for armament are American passenger liners.

Passengers are being booked for the early departure for England of the St. Louis. No bookings, however, are being made until applicants for passage exhibit passports, and even then they are only informed of the vessel on which they may take passage. Prospective passengers are requested to leave their addresses so they may be notified by telephone just when the vessel will sail. No change has been made in the tariff for either first, second cabin or third class accommodations.

Ships to Sail at Night.

At a conference of officials of the navy yard and the steamship company it was practically decided to arrange for the sailing of all passenger vessels at night. Passengers will be told to get aboard before it is dark.

Agents in New York of the French line have been notified from Washington that permission had been granted to the French liner Rochambeau to clear with guns mounted fore and aft. The state department rules that the Rochambeau, as a passenger carrying vessel plying usual routes, is a peaceable merchantman entitled to take adequate precautions against illegal attack.

This ruling, it was said in shipping circles, will lead to a general policy of arming vessels to the fore. The Rochambeau has been regarded as a test ship to ascertain the policy of the United States government, which had notified the owners of the White Star liner Adriatic when that vessel arrived here with guns fore and aft that it would be well to dismount the forward guns.

Sailors Threaten Strike.

P. A. S. Franklin, president of the International Mercantile Marine, conferred with Gustav Braun, secretary of the International Seamen's union. Braun demanded that the men signed to man the St. Louis be paid a war risk bonus of 75 per cent.

Franklin refused to meet the demand. The line is willing to pay 50 per cent bonus. A mass meeting of seamen has been called, and a strike is threatened.

CUBAN REVOLT CRUSHED.

Only Few Small Bands of Rebels Left, Menocal Says.

Havana, March 13.—Fighting still continues in Cuba, but a statement issued from the palace of President Menocal predicted complete pacification soon of all the rebel forces. The statement says advices have been received of many surrenders of small bands of rebels in the provinces of Oriente, Camaguey and Santa Clara.

As further proof that the insurrection is nearing complete collapse, the Menocal statement says that every sugar mill in Cuba is grinding cane steadily. Colonel Matias Betancourt, commander of the army in Oriente, has been ordered to abandon his planned entry into Santiago de Cuba and proceed to Guantanamo valley to engage any rebels he may find there. The rebels since their evacuation of Santiago have split into small foraying units, it was said.

SUSPECT FOUL PLAY.

Bordentown Man's Body Found In Pennsauken Creek.

Bordentown, March 13. The body of James McIntyre, son of James McIntyre, Sr., of Bordentown, who was drowned in the Delaware river here from the lighter Leslie, of which George L. Smith was captain, on the night of Dec. 3, has been found in the Pennsauken creek, West Palmyra. He was twenty-nine years old and married.

An examination will be made of the body, as suspicion points to foul play.

FRENCH STORM CHAMPAGNE HILL

Gain Strategic Point, Winning Back Lost Ground.

London, March 13.—French troops have completed their success in Champagne by clearing the Germans from Hill 185, which dominates the country for miles around. All the important positions the crown prince took in this region by his attack on Feb. 15 are now in French hands.

The French attack was made on a front of a little less than a mile west of the Maisons de Champagne farm, almost to the Butte du Mesnil. Besides recapturing the lost trenches on Hill 185 the French took a fortified work.

Earlier in the day the French made progress toward the trenches on the hill and grenade attack, and in the afternoon extended their gains to the summit. This is typical of the methods of step by step attack by which the French have regained all their lost ground in three days.

On the Somme and Ancre fronts activity of immediate importance secondary to that in Champagne is reported.

A bulletin from the German war office says that on the Somme activity continues and east of the river the artillery in several sectors is livelier than on preceding days. New developments may be reported there. The British position northeast of Bouchavesnes, north of Peronne, has been improved and patrols are active.

Another day of great aerial activity, such as usually precedes infantry engagements, was reported. British airplanes were out to spy out the German positions. Berlin reports that seventeen airplanes and two captive balloons were brought down, while the British report says nine German machines were winged.

No Sheepskins at Lafayette.

Easton, March 13.—There was regret in the senior class in Lafayette college when the members learned the college authorities had decided to present them with plain white paper diplomas at graduation instead of the customary sheepskin.

EXPLOSIVES BILL STRONGLY URGED

Rigid Measure Now Before Legislature.

MAYOR HERSHFIELD THE AUTHOR

Pompton Lakes Assemblyman Has Interested Federal and Pennsylvania Authorities in Movement For Uniform Legislation to Regulate Storage and Carting of Powder and Dynamite—Drastic Penalties Provided.

Trenton, March 13.—The bill of Assemblyman Henry G. Hershfield, mayor of Pompton Lakes, designed to regulate the manufacture, storage, transportation and sale of explosive munitions and providing penalties for the violation of the proposed act, is creating much interest because of the recent explosions of munition works in this state and it is expected to pass the legislature.

Mayor Hershfield has made trips to Harrisburg and Washington to get the cooperation of Pennsylvania and of congress toward enacting uniform legislation on the subject. The Pennsylvania authorities, it is reported, approve of the Hershfield bill, and if it passes the New Jersey legislature, it is said, it will be taken up at Harrisburg.

The bill provides that all munition factories and magazines must be located at set distances from buildings highways and railroads. Those keeping or storing explosives must pay an annual license fee for each magazine of not less than $1 or more than $25.

Each licensed factory or magazine is to be inspected at least once a year by the commissioner of labor or his assistants.

No unauthorized person or persons may enter any factory, building, magazine or car containing explosives.

Every vehicle, while carrying explosives upon the public highway, shall display, the bill says, upon an erect pole at the front end of such vehicle and at such a height that it shall be visible from all directions, a red flag with the word "Danger" on the flag in white letters at least six inches in height, or in lieu of such a flag the words "Explosives Dangerous" must be used.

Any person or company failing to comply with the provisions of the law, when convicted, is to be subject guilty of a high misdemeanor and punished by a fine not exceeding $10,000 or imprisonment, with or without hard labor, for one year, or both.

FEAR GUNS FOR CHICKENS.

Hammonton Residents Fight Proving Ground Location.

Hammonton, March 13.—Safety first for chickens is the impelling reason why the many poultry raisers hereabouts are in close sympathy with the fight being waged against the proving grounds of the Bethlehem Steel company at Mays Landing.

Poulterers fear the vibrations caused by the firing of heavy guns would prevent the hatching of chicks. They point out that the thunderings have killed large quantities of chickens in a certain stage of embryo. Hammonton is only about fifteen miles from the proving grounds.

HOUSE WAS DYNAMITED.

Stirling Man Accuses Neighbors In Revenge Plot.

Stirling, March 13.—Banded together like night-riders of the Kentucky hills five men dynamited the home of George Elleeks in the Great swamp, Elleeks told the authorities. They returned, he said, and demanded he quit the section on pain of death.

Justice of the Peace Raymond A. Aland issued a warrant for five men named by him, Elleeks, who is a bachelor, fifty-eight years old, said before the second visit from the men he had sent away a Miss Cameron, thirty years old, who had been keeping house for him.

China's Break With Berlin.

London, March 13.—The Chinese house of representatives has approved the government's diplomatic course and the proposal for breaking off diplomatic relations with Germany, according to a Reuter dispatch from Peking.

Guarding Your Telephone Service

THE telephone must keep in fighting trim. It must be ready to go into action for you night or day, year in and year out.

When roads are blocked, when trains are stalled, when storms sweep down—the highways of speech must be kept clear.

And even on days that are clear and peaceful your telephone is guarded against any disturbance that might interrupt or delay your service.

THE WIRE CHIEF on guard in the telephone central office has every telephone line under his watchful eye. He is the guardian of the wires—the watchman whose special duty it is to see that the system is ready to respond whenever you call upon it.

You can help to protect your service by guarding the telephone instrument and lines against damage.

Eavesdropping Among the New Millinery

Wanamaker millinery has the charm a woman of taste delights in. Simplicity, the beauty being in the line. Ravishing beauty it is, too—an upward sweep, a coquettish tilt; a bewitchingly demure droop. Color blendings that show the hand of the artist, so exquisitely soft and rich are they. Trimmings that give individuality.

Proof of it? Here is what we have heard shoppers say:

"I do not know of any collection in town that presents so many conservative, good style hats as here."

"I do not know when I have seen such a varied and beautiful collection of hats."

Another, describing the showing to a friend:

"The collection included every style feature of note, flower-trimmed hats in profusion, combining exquisite colorings, always well done. Especially good was the showing of tan-colored hats trimmed with flowers and fruits in variegated shades.

We have heard others say that the collection of black hats is unusually good, small, medium and large styles being so well represented; that the sports hat shop has a most attractive display of English and American hats, and that from $6 to $25, the ready-to-wear shop is better equipped than any other shop in town.

Swiss Taffeta---Another Lot from the Importer, $1.95 yd.

First purchase of 10,000 yards sold out rapidly. No wonder. New York women appreciate quality. Such smart checks, plaids, stripes in soft, sleek taffeta are hard to find these days. Especially at a third less than the standard price—for since 1913 we have sold these goods at $3 and $3.50 yard.

Now the remainder that the importer had in his stockroom has arrived. Plenty of black or gray and white, navy blue and other conservative colors, 36 and 40 inches wide.

Silk Rotunda, Main floor, Old Building.

So Many Spring Suits for Young Women and Girls

Three groups, in particular, offer most inviting choice—at $25, $29.75 and $35. In each group are a number of new models, in sizes 14 to 20 years, designed for young women, and quite different from the styles that small women wear. Simplicity is the keynote of the collection. And how remarkable the variety that clever minds have devised.

A gabardine suit at $25, in gray, navy or black, has pleats from small yoke in center of back and at sides; no pockets in coat, but two in skirt; belt; buttons as trimmings.

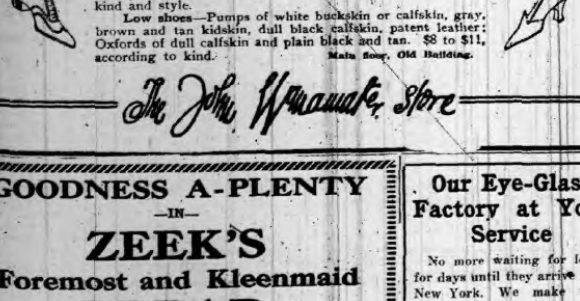
A burella cloth suit at $29.75, in rose or green, is very smart; shoulder yoke, pinch back, notch collar; little kerchief and change pocket above belt. Skirt shows the new fashion; hem turned up outside.

Another gabardine suit at $35, in all spring shades, has buttoning belt and tie sash, pockets, stitchery, box-pleats in back.

Second floor, Old Building.

Fine Footwear for Women

Wanamaker footwear lends distinction to the costume. Leathers show the soft beauty of quality. Cut never falls a hair's breadth from grace and trimness. Perforation, stitching, tongue effects, add the dainty charm of femininity.



In addition, there is great variety.

A woman can find footwear to suit her taste, her dress needs, the lines of her foot to best bring out grace.

High shoes—Tan and black calfskin, black, white and bronze kidskin, and white buckskin, $10 to $14, according to kind and style.

RHEUMATISM

Physician Believes a Genuine Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by Weiss' Boro Drug Store, and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way.

Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."—Dr. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma.—Adv.

GERARD BRINGING DRAFT OF TREATY

Will Show President What He Refused to Sign.

Key West, Fla., March 13.—As James W. Gerard stepped from the Havana-Key West boat to board his train for Washington, one of the officers of the ship offered to relieve him of the burden of a dispatch bag which swung by straps from his shoulder. Mr. Gerard shook his head, "No." From the day he left Berlin and in all the journeyings through Switzerland, France and Spain, inland travel and sea travel, nobody except Mr. Gerard has handled the bag.

It has been with him waking and sleeping. He alone knows all that it contains in the way of documents and memoranda for the president's private eye, but one of the papers so carefully guarded is the German draft of the old Prussian treaty which the German foreign office was so determined that he should sign, a determination which he met with the defiant statement to Count Montgelas, "You will freeze in hell before I sign that paper."

Mr. Gerard retained possession of this interesting document, in the anxious period of waiting before he was released on Feb. 10 he burned many of his private papers and also many official documents which he did not desire to have the Germans get, but he retained the draft of the proposed amended treaty so the president could see for himself how far the German government dared venture.

PRESIDENT BACK TO BED.

Returned to Work Too Soon, His Physician Says.

Washington, March 13.—President Wilson went back to work a day too soon, according to the judgment of his aid and physician, Dr. Cary T. Grayson, who following the president's attempt to confer with Senator Martin ordered him promptly back to his bed.

Dr. Grayson said that, although the president's cold was much better, he had not regained his strength and that if he expected speedy recovery he could not afford to spend it needlessly. The president obeyed instructions and retired. He was reported an weak, but feeling better today.

Orange Pastor Resigns.

East Orange, N. J., March 13.—Declaring that he considers himself "a square peg in a round hole," the Rev. Ralph Hall Ferris has resigned as pastor of the Grove Street Congregational church. The resignation generally expressed surprise at the resignation. Church officials admitted they knew of its coming, but had not requested it.

MERCHANT ATONES TO MEN FOR YEARS OF SMALL PAY.

Winsted, Conn., March 12.—Although merchant and philanthropist, D. B. Watson, a prosperous merchant of Torrington, has decided to make restitution to his employees for years of small wages.

He will pay them the difference between the wages they received and what he believes they should have been paid and interest on the money. He has asked a lawyer to arrange the details of the distribution.

RAILROAD STRIKE LOOMS UP AGAIN

Union Chiefs Will Confer With Roads Thursday.

Washington, March 13.—Reports of a new strike order by the "Big Four" brotherhoods on all the great railroads were received by qualified denials by the brotherhood chiefs in Washington. *President Stone of the Brotherhood of Engineers said:*

"I can neither affirm nor deny that a strike order has been issued because I cannot discuss the strike. I am in Washington on other matters, and I do not propose to talk about the railroad situation. The brotherhood heads expect to confer with the conference committee of railroad managers in New York Thursday. Until that time, I will have nothing to say."

The other brotherhood leaders, Carter Lee and Shepperd, followed the engineers' chief in refusing to discuss the possibility of a strike. It was understood, however, that the brotherhood chiefs had framed new proposals for the settlement of their difficulties with the railroads based on present conditions, which would be submitted on Thursday.

The failure of the supreme court to give a decision as to the constitutionality of the Adamson eight hour day law brought the whole railroad problem to the fore again. Administration officials, piqued at questions over the situation, nevertheless expressed confidence that the railroad men would not break with the roads pending the court's decision.

FORMER SENATOR HAND DEAD

Was a Republican Leader in New Jersey For Many Years.

Cape May, N. J., March 13.—Former Senator Robert E. Hand died at his home in Erma, near here, from general debility. He had been in failing health for the past year. He was about sixty-seven years of age and had been the Republican leader in this section for many years, retiring in 1913. Early in his political career he was a member of the board of chosen freeholders and served as sheriff from 1892 to 1895. He was in the assembly in 1897 and that fall was elected to the senate and served two terms there. He was succeeded by Senator Emley Schellenger, who served for two more terms, going out in 1912. He was a delegate to the convention which nominated McKinley and Hobart. He was a large contractor and built many of the state improved roads in south Jersey.

ALL SUMMER SESSION.

Speaker Clark Thinks Congress Is Due For Hard Work.

Washington, March 13.—Speaker Champ Clark today expressed opinion that if the extra session of congress *cannot be concluded in six weeks it* will extend through the summer and up to the opening of the regular session. If the legislation taken up is continued to measures pressing for immediate enactment the session can be wound up in six weeks, he said, but if the list of general legislation is once entered there will be no hope of cutting the session short.

"It would not be a bad thing anyway, to have congress around in case of war," said the speaker.

TO GUARD BRIDGEPORT.

Field Guns and Searchlights Placed on Harbor Island.

Bridgeport, Conn., March 13.—First steps in the preparations to protect Bridgeport, "the Essen of America," against attack by war vessels were taken when Lieutenant C. H. Jones, another commissioned officer and twenty-seven enlisted men from the United States coast artillery corps from Fort H. W. Wright landed on Pleasure Beach.

They brought with them three field guns. They are busy preparing to fortify the island and to place enormous searchlights on the island for the purpose of illuminating the sound.

Arrest Politician in Peru.

Lima, March 13.—The arrest of Candidate Montesinos, opponent of Admiral Grau, has been ordered by the Peruvian government. The brother of Admiral Grau has publicly charged the president of the republic with consenting to the assassination of Grau's son.

HE CAN'T BE HANGED, SO GETS A REPRIEVE.

Washington, March 13.—Edward Mayberry, Spokane murderer, who would have been hanged on the federal building there but for a treasury department order forbidding it, has been granted a respite of thirty days by the president. The respite was granted to give Mayberry's counsel time to appeal from the federal court death sentence which conflicts with the state laws.

HOW TO BE RID OF CHRONIC DANDRUFF

The only way to be permanently rid of disgusting, untidy dandruff is to destroy the cause. Destroy the dandruff germ and get rid of dandruff for good by rubbing a little of the genuine Parisian Sage directly on the bare scalp until absorbed. You will surely be amazed at the result of even one application.

Only a few days' massage with Parisian Sage are needed to destroy the germs that cause the dandruff to form. The scalp becomes healthy, the hair will grow better, show more life and vitality, and you need never be troubled by dandruff again. Faded, dull or lifeless hair is quickly restored to beauty by this simple treatment, which is absolutely harmless.

Parisian Sage can be obtained from L. W. Randolph and druggists everywhere. It is not expensive.—Adv.

POWDER

Prominent among the powders of the earth just now, of course, is gunpowder. But let us not forget that the face, bug and sedlitz varieties have their triumphs, too. Who but has seen the sprightly cockroach fallen victim to a squirt of the bug brand from a vest pocket howitzer? Who but has witnessed the agonies of young men as they staggered away from the battle ground of love with the powder marks of conflict on their shoulders? And who but knows the glory of a battle won by sedlitz against a raging stomach the morning after? There is power in powder of every kind.

CENTRAL BASEBALL LEAGUE TO MEET

New Circuit Will Hold Important Session at Tom Apgar's Home Tomorrow

The Central New Jersey Baseball League is to hold another session tomorrow evening at the home of Tommy Apgar, at which time the actual working details of the organization are to be discussed by delegates of the various teams. The meeting is to be called promptly at 8 o'clock, as a number of important matters are to be taken up.

The schedule for the coming season will be one of the important matters considered at this time. It is proposed to get the teams under way at the earliest possible date in order that the towns represented may have a full season of the high type of the national game, which it is expected the circuit will produce.

The officials of the league announce that they would be pleased to hear from other towns which might care to enter a team in the league, but their teams must be entered not later than at tomorrow night's session.

Westfield, Plainfield, Dunellen and Somerville have already entered the circuit and are prepared to start the season each with a first-class team.

ONE PIRATE SURRENDERS

Pittsburg, Pa., March 13.—Announcement was made yesterday by Barney Dreyfus, president of the Pittsburg National League club, that Walter Schmidt, catcher, had telegraphed from his home in Hugson, Cal., that he would sign a contract. Three Pittsburg players, Hans Wagner, infielder; Max Carey, outfielder, and William Fischer, catcher, have not yet signed contracts.

WESTFIELD RIFLE IN BUSY SESSION

Plans Organization of High School Boys Into Their Own Club

Special Correspondence:

Westfield, March 13.—The Westfield Rifle Club held an enthusiastic meeting at the indoor range on Broad street last night, which was attended by about one hundred members. Several matters of importance were discussed by the club members. Among them were the Business Men's Rifle Club. Howard Cline, chairman of the committee of the latter club, reported that the committee will hold a meeting this afternoon, at which plans will be made to have all business men in town participate in the club and shoot twice a week.

Captain Thomas, president of the rifle club, stated that a number of ladies had made application for permission to use the range for revolver practice and that this request would be granted. He also stated plans were being made to form a rifle club among the high school students, and that Dr. J. J. Savitz, supervising principal of schools, is going to call a mass meeting of the high school boys this week for the purpose of forming a club.

F. S. Frambach, who has charge of the Junior Rifle Club, reported that the club has fifty-two members and that it is expected to increase this number to 200.

There are a number of sharpshooters and marksmen in this club and it is hoped to have some experts before long. Medals for high scores and for qualifications are to be given the members of this club. President Thomas urged the members to come to the range and shoot, as he said the club would not be a success unless they did.

Dr. W. L. Lloyd reported that B. E. Ball had offered to excavate the places for two more targets on the indoor range free of charge. This offer was accepted. George E. Hayes reported that G. C. Lucas won all the honors on the range last week and that W. M. Hoag won the medal in the monthly competition event for February with a score of 1,704.

After the meeting the members enjoyed shooting for an hour.

QUOIT TOURNEY OPENS AT THE PARISH HOUSE

The Tuckahatchee Club of the Congregational Sunday School opened the house quoit tournament last evening when four matches were run off. All members are showing considerable interest in the tourney, as a cup has been offered to the best player. All members of the club are expected to be present at the Parish House this evening to attend the augering-off party to be held under the auspices of the Men's Club.

Last evening's tourney resulted as follows:

A. Brandt, 2; I. Hand, 0. G. Bryan, 2, H. St. Vrato, 0. H. Todd, 2; F. Disborough, 0. A. Brandt, 2; G. Bryan, 0.

POOL EXHIBIT TO BE AN ADDED FEATURE

Special Correspondence:

Bound Brook, March 13.—Local pool enthusiasts are slated to have a royal treat Friday night when Edward Ralph, of national reputation and former State champion pocket billiard performer, will give an exhibition at Ettinger's emporium.

Harvey Smalley, Bound Brook's pride on the green cloth, will be Ralph's opponent. No admission will be charged either in the afternoon or evening.

MIKE GIBBONS READY TO DEFEND TITLE

Mike Gibbons, long recognized as the foremost middleweight in this country, and acknowledged by many to be the peer of any in the world, has declared himself champion of his class and says he will meet all challengers, the only stipulation being that they agree to weigh in at 158 pounds, give or take two pounds.

"I will adhere to the old rules of the London prize ring," Mike announced, "meeting all comers, give or take two pounds from 158, the proper middleweight limit."

Mike has been having the time of his life trying to force Les Darcy, the Australian, into a match with no success. He now is ready to send up the famous Kangaroo jumper and let Darcy do the chasing.

It would be a fine thing for boxing if Mike were given the title. It would put an end to such exhibitions as that put on a short time ago in New York when Jack Dillon and Al McCoy battled. Also, it would end for all time any argument as to whether Al McCoy is entitled to the championship. As a matter of fact, McCoy isn't entitled to the championship any more than any one else. To be a champion a boxer should be able to defeat the best in his class. McCoy hasn't even kept pace with Freddie Welsh.

There is only one real defeat chalked up against Mike since he began boxing in 1908, and that was when Jimmy Clabby was awarded a decision at the end of ten rounds with the famous St. Paul flash. He has shown badly in one or two no-decision contests, among them being one with Soldier Bartfield and one with Packey McFarland. He was generally credited with having been out-boxed in both of these affairs. If Gibbons sticks to his claim and intends to defend the crown he will have plenty of supporters. Most any one will be willing to concede him the title.

MARTIN LEAVES FOR HIS TRAINING CAMP

Jack Martin of the Milwaukee Brewers in the American Association circuit left this city yesterday for the club's training camp at Lake Wichita, Texas. Jack signed his 1917 contract only a week or two ago after awaiting developments of a baseball strike.

That Jack was tendered a contract again by the Brewers was not a surprise to his many friends, both in this city and on the Western circuit, as he more than made good last season.

INNER-TRIANGLE GAMES

This evening the Inner-Triangles will play a preliminary game with the Arlington Five on the T. A. B. S. court. The Arlington Five is composed of some of the best basketball stars in the city.

Owing to the illness of several players, the Union Five-L-T-C game, scheduled for Tuesday night, has been called off, and instead the Triangles will line up against the Employed Boys of the Y. M. C. A. A preliminary game will be played by the Comrade Club and the N. P. H. S. Juniors.

BARBERS WIN TOURNAMENT

Although not yet closed, it is an assured fact that the barber shop team in the borough pinochle contest will win the tournament. Only a few more games are to be played, and the barber shop team has a good lead. At last night's games the barbers won three straight from the Independents. The Dominos defeated the firemen two out of three.

Pich for Mobile

Mobile, Ala., March 13.—Cy Pich, formerly with the New York Americans, has signed a contract to play this season with Mobile of the Southern Association.

Y. M. C. A. SECONDS DEFEAT TRAVELERS

Association Boys Win Their Fourteenth Straight Victory for the Season

Making their record of straight wins chalk up to the fourteen mark, the Y. M. C. A. seconds took the Travelers' A. C. five into camp Saturday evening on the association floor by a score of 22 to 16. The game was marked by some fast playing on both sides, the final outcome being in doubt up until the last few moments of play. The hosts came back strong, secured a small lead again and held it until the close of the contest.

ANOTHER BUSY WEEK FOR THE RAMBLERS

Tonight is Rambler night at Gates' Somerset street drives, when the Plainfielders will endeavor to put a dent in the record of the St. Joseph's Howling Club record. "It can't be done—by the Ramblers," says Manager Gates. If now remains for Messrs. Dunn, Taylor, Hetzenberger, Worrall and Hyslip to point out Mr. Gates' error.

The third match of a series with the Tuxedos of Bound Brook will take place Friday night on Ettinger's alleys at Bound Brook. Each team has three games to its credit. It is understood that Heflin, Vayda, Stillwell, Searle and Bedner will be the home talent in the deciding series.

Wednesday night, March 21, the Ramblers are scheduled to reduce the chest expansion of the Eagle seconds on the East Second street alleys.

BIG GAME CARDED FOR THURSDAY AT T. A. B. S.

On Thursday night, March 15, the T. A. B. S. will entertain the crack St. Patrick's five of Jersey City. The Saints have a great record this year and have lost only one game so far this season. Last season they were the champions of the Hudson County League and Friday night they are scheduled to play the deciding game in this year's race.

Dancing will follow Thursday night's game.

PARISH HOUSE IN ANOTHER VICTORY

North Plainfield Reserves, Lost at Scotch Plains Court in Thriller of a Game

The North Plainfield Reserves, a team not advertised about these parts to any great extent during the past season, went down to a defeat before the Scotch Plains Parish House last evening by a 33 to 26 score, thereby letting the suburbans get back once again into a winning streak, which has marked the bulk of the season. The contest was one of thrills and fast shooting, not a dull moment being noticed throughout the entire battle.

Goldstein and Kuldoshes, for the Reserves, and Johnston of the Plainers put up the big game, the latter showing something of his old-time form in accurate basketing of goals from the field.

The score:

Postmaster A. E. Hoagland says he thinks he will be able to get in the new Federal building by May 1 if there is no further delay on the part of the contractor.

The Earnest Workers' Bible class of Grace Sunday school will hold a dime social at the residence of Mrs. Henry DeMott, Somerset street, on Thursday evening of this week.

The contractors completed yesterday the work of installing a storm sewer on West Front street, extending from a point opposite the plant of the American Motors Corporation to Grant avenue.

One of the Main Line trolley cars, westbound, carried 120 passengers after leaving the business section of the city Saturday night, and the conductor remarked: "Why, this car is only half filled."

There is a remarkable scarcity of vacant houses in the city renting from $25 to $30 a month and real estate brokers are experiencing considerable trouble in finding homes for prospective residents.

The Apgar Construction Company, of Dunellen, has about completed the erection of three new houses on Emma street, which extends from Myrtle avenue to West Front street, between Manners place and Clinton avenue.

Within a short time the Public Service Corporation will begin the work of double tracking its roadbed from Watchung avenue and Fourth street to Fifth and Richmond streets. The improvement, it is said, will greatly help the service, for which many people will be thankful.

REPORTS DUETCHSLAND CAPTURED OR SUNK

By United Press

Washington, March 13.—It is reported that the merchant submarine Deutschland, which made two trips to this country, carrying valuable merchandise, has been captured by the British.

This vessel first surprised Americans by rising out of the sea at Baltimore last summer, with Captain Koenig in charge, and exchanging merchandise, and sailing away again under convoy of American steamers, to the three mile limit. She appared later at New London with a cargo and sailed safely away.

This vessel is said to be only one of fourteen undersea craft captured by British recently.

HEAR PROSPECTIVE PASTOR

Elizabeth, March 13.—Members of the First Presbyterian church Sunday heard two sermons by Rev. Charles Atwood Campbell, of Dayton, O., who has been called to fill the pulpit made vacant by the death of Rev. William Force Whitaker. Mr. Campbell is considering the call.

GOETHALS TO HEAD JERSEY ROAD SYSTEM

Trenton, March 13.—Gen. George W. Goethals, famed for his engineering work in connection with the Panama Canal, will become the head of the New Jersey highway system, if present plans do not miscarry. General Gothals called upon Governor Edge this morning by appointment and was offered the position of engineer of the new Highway Commission at a salary to be fixed later, if he will give the tender favorable consideration. It was arranged that the Governor and General Goethals should take luncheon together in order further to discuss the proposition.

An Ordinance

AN ORDINANCE FOR THE PERMANENT IMPROVEMENT OF CERTAIN STREETS AND PORTIONS OF STREETS IN THE CITY OF PLAINFIELD WITH PERMANENT AND DURABLE BRICK PAVEMENT AND WITH PERMANENT AND DURABLE CEMENT CONCRETE PAVEMENT, AND PROVIDE THE NECESSARY FUNDS IN ADVANCE OF THE COLLECTION OF ASSESSMENTS FOR BENEFITS.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the following named streets and portions of streets of the City of Plainfield, shall be permanently improved with durable vitrified brick pavement, with the necessary surface drains, underdrains and concrete abutments or curbs:

West Front Street, from the present brick pavement at Madison Avenue to the northeasterly curb line of Washington Avenue;

East Second street, from the present brick pavement at Watchung Avenue to the present brick pavement at Park Avenue;

North Avenue, from the present brick pavement at Watchung Avenue to the present brick pavement at Park Avenue;

East Fifth Street, from the northeasterly curb line of Watchung Avenue to the present brick pavement at Richmond Street;

Madison Avenue, from the present brick pavement at West Front Street to the northwesterly curb line of West Second Street;

Park Avenue, from the present brick pavement at East and West Fourth Street to the southeasterly side lines of East and West Seventh Streets;

Watchung Avenue and Crescent Avenue, from the present brick pavement at East Fourth Street to the southeasterly side lines of East and West Seventh Streets.

Section 2. That said streets and portions of streets described in Section 1, be improved in the manner and at the expense of the tracks of the Public Service Railway Company, in and between the tracks and for a distance of six inches outside thereto eighteen inches on each side of the portion of said streets occupied by said tracks, shall be paved for the entire width between curb lines of said streets respectively with vitrified brick having six inch cement concrete foundations, and pavement of the same shall be extended to the side lines of said streets at each intersecting street.

The underdrains shall be of drain tile surrounded by broken stone, screened gravel or slag, and the abutments or curbs (which shall be constructed where there are not existing suitable concrete curbs) shall be of cement concrete, six inches thick and twenty inches deep, with steel corner bars around all circular curves.

Section 3. All work shall be given out upon contract to the lowest responsible bidder for the same, after notice for shall have been solicited and received according to law, and all bids to specify prices for said streets or portions of streets separately, and to offer to contract to perform all the work and furnish all the materials for the paving of one or more of all of the streets and portions of streets enumerated in Section 1, and all bids to be sealed.

Section 4. That for the purpose of obtaining money by the sale of bonds hereinafter specified for the permanent improvement of said streets and parts of streets as aforesaid, in advance of the collection of assessments for benefits to an amount not exceeding fifteen dollars per capita for each of the inhabitants of said City according to the last official census, but not more than the amount limited by law, the Common Council of said City do hereby comply with the Act of the Legislature of said State entitled: "An Act to authorize the improvement of streets and highways in cities of this State, and to provide for the payment of the expense of such improvements by the assessment of the benefits of such improvements upon the property specially benefited thereby," and acts amendatory thereof and supplemental thereto, so authorized the issuing of one hundred and fifty (150) coupon municipal bonds of the City of Plainfield, of One Thousand Dollars ($1,000) each, and aggregating One Hundred and Fifty Thousand Dollars ($150,000) Dollars, which bonds shall bear date July second, Nineteen Hundred and Seventeen, and which bear interest at the rate of four and one-half (4½) per centum per annum, payable semi-annually on the first day of January and July of each year, and be payable as follows, that is to say—on the second day of July of each and every year from Nineteen Hundred and Nineteen to Nineteen Hundred and Thirty-three (1919-1933) both inclusive, ten (10) bonds of One Thousand Dollars ($1,000) each. Said bonds shall be signed by the Mayor and the Seal corporate of the City and be attested by the City Clerk and may, severally or collectively, when authorized by resolution of the Common Council, be sold for an amount not less than par and accrued interest, at public sale by tax in each year hereafter such sum of money as may be necessary to pay the interest on all outstanding bonds and the principal of such bonds as may mature during the year, and the money derived from the assessments made upon the property benefited shall, when collected, be held as a fund toward the payment of said bonds.

Section 5. That it is hereby determined as follows:

(a) The probable period of the usefulness of the vitrified brick pavement and cement concrete pavement is twenty years.

(b) The average assessed valuation of the taxable real property (including Improvements) of the City of Plainfield, computed upon the next preceding three assessments thereof by the assessors fixed under Section 12 of Chapter 252 of the New Jersey Laws, 1916, is $32,980,450.00.

(c) The net debt of the City of Plainfield computed in the manner provided in Section 12 of Chapter 252 of the Laws of New Jersey, 1916, is $654,12.

(d) That the statement required by such section 12 of said act has been made by the Treasurer of the City of Plainfield, the chief financial officer of said City, and filed in the office of the Clerk thereof as required by said act.

Section 6. That after said improvements shall have been completed, the Common Council shall, pursuant to the statute in such case made and provided, apply to the Court of Common Pleas of the County of Union for the appointment of Commissioners to estimate and assess benefits upon the owners of the lots or parcels of land and real estate specially benefited by such improvements in proportion, as near as may be, to the amount equal to the amount of benefits actually acquired by the lands and real estate so benefited upon the streets or portions thereof, respectively, by reason of such improvements, respectively, and to report in the costs and expenses thereof shall exceed the amount of said bonds, the excess thereof shall be paid by the City at large and raised by general tax, no property or owner thereof to be in any case assessed beyond the amount of benefit actually derived from said improvements.

Adopted by the Common Council March 5, 1917.

Approved by the Mayor March, 6, 1917.

LEIGHTON CALKINS, Mayor.

Attest:
JOHN J. CARROLL, City Clerk.

An Ordinance

AN ORDINANCE TO AMEND AN ORDINANCE ENTITLED "AN ORDINANCE PROVIDING FOR THE LICENSING AND REGULATING OF PEDDLERS, HAWKERS, CARMEN AND THE OWNERS AND DRIVERS OF VEHICLES USED FOR HIRE; AND CONCERNING STREET TRAFFIC REGULATIONS," APPROVED FEBRUARY 14, 1910, AND AMENDING SAID ORDINANCE APPROVED APRIL 12, 1910.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That section 10 of an ordinance entitled "An Ordinance Providing for the Licensing and Regulating of Peddlers, Hawkers, Carmen and the Owners and Drivers of Vehicles used for Hire; and Concerning Street Traffic Regulations," approved February 14, 1910, and amended by ordinance approved April 12, 1910, be and the same is hereby amended so as to read as follows:

RUNYON BILL NOT RECONSIDERED

After Lively Fight Assembly Sustains Action Taken Two Weeks Ago

Special to the Courier-News:

Trenton, March 13.—After the House of Assembly had witnessed Assemblyman Runyon, Republican, of Union county, commence an attack on the fairness with which Speaker Schoen handled the roll call on the Union man's bill to obtain sentiment on public questions in municipalities of this State, the lower legislative branch this afternoon by a motion to reconsider the bill for the purpose of amendment by a vote of 30 to 29.

Mr. Runyon, who introduced the bill for the Mayor and Council of Plainfield, charged that there were 31 votes against reconsideration and 28 for and that deliberately a change in the tally had been made and the announcing of the result was being held up. Local opinion was the question behind the parliamentary encounter between the Union member and the speaker, and the vote was not finally announced until Republican Leader Oliphant, of Mercer, came to the assistance of Runyon by demanding that it be declared.

During the course of the jockeying with the roll call at the clerk's desk Assemblyman Read, of Mercer, Republican, arose and asked:

"Is the Republican party committing suicide tonight?"

"I think that has already been done," replied Democratic Leader Geran.

Runyon's bill was passed by the House several weeks ago. It permits second-class municipalities to hold elections for the purpose of ascertaining sentiment on any question of local government, which, however, shall not be binding upon the city governing body to carry out. The danger of it being a local option bill caused an attempt to have the measure reconsidered, Runyon, while admitting that excise questions might be voted upon, stated the measure was a very distant approach to local option.

Following his victory in defeating the move to reconsider, the Union member had it immediately signed and sent to the Senate. It was singular that members from two counties not in sympathy with local option stood by Runyon in his fight. They were Pancoast, Republican, of Camden, and Taintra, Democrat, of Hudson. They did so, believing in the amendment of the bill's sponsor. Several other Hudson men and the Monmouth representatives as ported Mr. Runyon's fight.

JENNINGS KILLED 55 YEARS AGO

Death Caused by Explosion of Cannon He Was Firing as Salute to Soldiers

Yesterday was the fifty-fifth anniversary of the death of Henry Jennings this city, who was killed by the explosion of a cannon that he was firing as a salute in honor of the departure of the first company of soldiers from Plainfield, for the war, March 12, 1862.

The cannon was driven up on the old circus lot, which occupied the site of the present depot park, at the North Avenue Station, east-bound side, where hundreds of commuters now daily drive up to take their trains. Plainfielders are now recalled as having been present at the time, are P. Newton Drake, his brother Thompson Bunyan Drake, Charles H. Hand, John F. McIntyre and William Campbell, who remember the accident very well. They were boys at the time, and had gathered with the crowd to the station to see the soldiers depart. It was about eight o'clock in the evening when the train pulled out, and the cannon was fired.

Henry Jennings, who was foremost with the late Nathan Hedden, in everything that was going on of public nature, had taken opportunity to use the old cannon that had been lying on the ground, on the circus lot and used in Fourth of July celebrations.

He loaded the cannon, plugging it with sod so as to make the noise louder, then taking a red hot poker he touched it off. The cannon burst, killing Mr. Jennings instantly, a piece of the gun striking him in the side and carrying him up in the air as high as one of the buildings.

Mr. Drake remembers seeing the body of the unfortunate man carried on a shutter through Park avenue and West Front street to the corner of Mechanic (now West Johnson) street, where the Endress building is now located, and where the Jennings' home then stood.

One piece of the cannon, about eighteen inches wide and equally long, flew over to the corner of Fifth street and Park avenue, and fell through the roof of Captain Kellogg's octagon house, into his room and was found in his bed. The house occupied the present site of Mayor W. L. Smalley's market. This piece of cannon has since been kept and is now among the curios owned by the Exempt Firemen's Association. For years it was in the lodge room in Coward Hall at 109 Park avenue.

Mr. Jennings was mourned by a large circle of friends, who knew him for a young man of sterling worth and uprightness. He was a son of Manning Jennings, who had a blacksmith shop in the rear of the lot where his home was, at the corner of West Front street, and what is now Madison avenue. About 20 years ago, When J. W. Jackson built the building now owned by Fred Endress, he tore down the shop, which had been used by iron workers who were engaged on the construction of the Babcock building about three years before. At the time of his death, he was a member of the Gazelle Engine Company.

Mr. Jennings was one of several children, two of whom are Mrs. Isaac Benway, and her sister, Miss Jane Jennings, who now live on Duer street.

DEATH OF MRS. COMBES

Mrs. Mary A. Combes died last night at her home on Orchard street, in the ninety-fourth year of her age. The funeral will be held on Thursday afternoon at 2 o'clock, the Rev. James A. Smith, rector of St. Paul's church, officiating. The interment will be made in Fairview cemetery.

Mrs. Combes was born in London, England and came to this country fifty-two years living for some years in New York, from whence she came here twenty-three years ago. She had a remarkable memory and delighted her friends with anecdotes of old London days. She was among the first to ride on the underground railroad; she saw the coronation of Queen Victoria and she was a visitor at Court when the late King Edward was born in 1841. She was a playmate with members of the Hethschild family in childhood days.

She leaves one sister, Mrs. Robert Lee, and several nephews, one of whom is Walter J. Lee, proprietor and publisher of the Westfield Leader. She leaves also nine grand-nephews and six great-grand-nephews and nieces.

TAKE PRIDE IN YOUR HAIR

It tells your character

The first impression of a person's character is often made by the hair and its appearance. Does your hair allow you to comb it to suit you best? Possibly it looks dead and straggly and hurts your appearance. How much a little care on your part would bring back to your hair that healthy glow, admired by everybody.

Dandruff kills the hair roots. To stop it use Pompeian HAIR Massage. It is a clear amber fluid, not oily, not sticky and has a very pleasant disappearing odor. Simply massage it into the scalp two or three times a week. Your Dandruff will soon disappear, your hair will become soft and brilliant, easy to dress, and you will point to it with pride.

Pompeian HAIR Massage is sold at the stores in 25c, 50c and $1 bottles.

TRINITY BIBLE SCHOOL RE-ELECTS OFFICERS

Librarian Van Emburgh Resigns After Many Years' Service

At its annual meeting last night, Trinity Reformed Bible school re-elected its superintendent, F. L. Smith, and most of the department heads of the organization. The meeting was held in the Bible school room and very encouraging reports of the year's work were submitted.

Among the resignations received was that of H. C. Van Emburgh, who for the past twenty years has been librarian of the school. His resignation was received with regret, and Sidney Frazee was appointed in his place. Mrs. P. M. Smith, of the Beginners' Department, also resigned. Miss Edna Dilts succeeds Mrs. Smith. Mrs. J. Y. Brock succeeds Mrs. Rapalje at the head of the missionary committee. Miss Lela Wherry is secretary of this committee.

Trinity school has an enrollment of over 1,150 members, with the second largest Home Department in the State. It was voted to hold the annual excursion to Asbury Park on August 2.

The nominating committee, of which C. M. Doiliver was chairman, reported the following officers, who were unanimously elected: Superintendent, Fred E. Smith; assistant superintendent, Edgar F. Sheppard; second assistant superintendent, William F. Oliver; superintendent of intermediate department, Mrs. L. S. Smith; superintendent junior department, Miss Lena Bowman; superintendent primary department, Mrs. H. Cooke; superintendent of Beginners' Department, Miss Edna Dilts; superintendent cradle roll, Mrs. H. E. Gayle; superintendent home department, Mrs. Frank L. Woodruff; superintendent of temperance, Henry Sendel; assistant superintendent home department, Mrs. Elmer Wheeler; secretary of home department, Mrs. Edgar F. Sheppard; assistant secretary home department, Mrs. LeRoy DeCamp; teacher training class, Miss Ruth Wilson; secretary, William J. Trembath; assistant secretary, Chauncey P. Colthar; second assistant secretary, Clarence Rittenhouse; treasurer, James B. Conkling; librarian, Sydney Frazee; assistants, G. E. Volk, Arthur Becker, Wm. Wyman, Harry Kenyon and Mr. Carhart.

BOROUGHITES BACK FROM FLORIDA TRIP

Former Freeholder and Mrs. Andrew Lutkins, Mr. and Mrs. W. G. Dubele and Charles Dubele, of North Plainfield, returned yesterday from a six weeks' trip through Florida. They went and returned via water from Philadelphia.

Mr. Lutkins proved the better sailor, as on the voyage down the coast, which was particularly rough, he was only one of the party who was able to appear regularly at meal times.

All members of the party returned in excellent health and report a most enjoyable sightseeing trip. They visited all the important places along the east and west coasts, spending considerable time at Fort Meyers, Key West, Miami, Palm Beach, Jacksonville and St. Augustine. They visited Al Smalley at Fort Pierce.

The crops in Florida, especially the orange groves, have been badly blighted by the frosts. The groves are filled with decaying fruit that fell from the trees which were bitten by frost.

They brought home a number of trophies of their trip and plenty of stories of their experiences.

PLANS FOR JEWISH WAR RELIEF MEETING

Arrangements are being made by William Newcorn, chairman of the general committee for the annual public meeting in the interest of the Jewish War Relief Fund to be held at the Columbus auditorium on Tuesday night, March 27. At that time the interested hope to raise a substantial amount for this fund.

The movement is non-sectarian and representatives of different denominations will be invited to have a part. Mr. Newcorn is now trying to secure one or two members of prominence from New York, who will tell something of what has and is being done to aid the sufferers in the European war. Last year a large sum of money was secured at a similar meeting, all classes of people contributing to the fund.

NOONDAY SERVICE TOMORROW

The speaker in the men's noonday service, to be held tomorrow from 12 to 1 o'clock in the hall on Madison avenue, will be F. H. Andrews. There will be good singing and a brief, bright service.

RESCUE MISSION NOTE

A praise and testimony service will be held in the Rescue Mission Hall, Madison avenue, this evening. All who attend will find a warm welcome.

You Need This For Lame Back

Foley Kidney Pills Simply Drives The Cause of it Out of Your System

Lame back, stiff, swollen, aching joints, and rheumatic pains are the result of weak, sluggish, inactive kidneys. In this condition, they cannot keep the blood that feeds your body free of the impurities that poison you and cause these painful symptoms.

Foley Kidney Pills are so strongly advised and recommended for these troubles because of their direct and beneficial effect on the kidneys, bladder and urinary system; and acting through these important organs, on the health of the entire body. Foley Kidney Pills tone up weak and sluggish kidney action, ease a painful and irritable bladder, stop aching at night, remove the cause of backache, lame back, stiff joints and rheumatism, due to imperfect kidney and bladder action.

Mr. and Mrs. Frank P. Wood of Morrell Mine, Box 18, P. O., writes: "We both rescued from the effect of weak sluggish, imperfect kidneys and bladder action by the use of Foley Kidney Pills. Mrs. Wood writes: "Foley Kidney Pills helped me so much, found relief as soon as I began taking them. My husband is also much benefited by their use and better since taking Foley Kidney Pills. He was so lame he could not stoop, had to get down on his knees to pick up anything, so lame he was in his back and hips.

I remain always your well wisher," Mrs. Frank P. Wood.

Foley Kidney Pills are sold everywhere in 25c and $1.00 sizes. The $1.00 size is the more economical buy, as it contains 2½ times as many as the 25c size. Sold by Boro Drug Store.

COUNTRY STORE AT PLAINFIELD THEATRE

Although the vaudeville at the Plainfield Theatre will be the main portion of the bill tonight, "Country Store" will be a feature that will attract many. The high cost of living has barred the giving of potatoes and onions, but $25 in gold will be distributed to the lucky ones.

The vaudeville bill will be headed by "The Four Hayseeds" in a singing vehicle, and others will include: Honey Johnson in a return engagement; a comedy sketch entitled "Good Service"; a playlet "In the Shoe Shop," featuring Edyth and Eddie Adair, and the Two Juliuses in an acrobatic novelty offering.

Pathe-Hearst News and Mutual comedies round out today's program, while Friday the last episode of "Pearl of the Army" will be shown.

BON TON GIRLS TO BE HERE MONDAY

The "New Bon Ton Girls" appear at the Plainfield Theatre next Monday afternoon and night, March 19.

Everything in the production is new, from jokes to the scenery, and no effort has been spared to see to it that the lively atmosphere of the show is not permitted to lag anywhere.

At the top of the unusually clever cast are: Leo Hoyt, Lester Allen and Babe LaTour and the piece has dash and frolic bristling all through it. Capable support is lent by these by Gladys Parker, June Le Veay and Callahan and Jackson, the latter of whom do a whirlwind dance that is declared by dancing experts to be unsurpassed.

A charming chorus also has been provided for the show and care has been exercised to see to it that its members can both sing and dance well. Several novelties in the way of scenery add the desirable finishing touches to a burlesque production that will be hard to duplicate.

"WAR BRIDES" WITH NAZIMOVA AT PROCTOR'S

"War Brides" will appear at the local Proctor Theatre today, tomorrow and Thursday, with Mme. Nazimova in the leading role.

"War Brides" has to do with conditions brought about by war, but there are no battle scenes. A teench is shown and the effect of the fighting upon the troops, but no battle scene is enacted. The main story has to do with the sufferings of the women at home.

Jean, the young widow, defies the military authorities, and urges her beliefs upon the other inhabitants of the village.

The usual serial creations will be presented in addition to this feature production and these three days will doubtless prove eventful ones in the history of local theatricals.

At Proctor's Theatre today, tomorrow and Thursday

COMMUNITY CENTRE TO LAY TENNIS COURTS

The West End Community Centre held a meeting last evening in the Washington school when the matter of laying two tennis courts on the Bifmm property adjoining the school was talked over and was left with the extension committee, which committee hopes to have the courts ready for use early in May.

It was proposed to amend the constitution so as to omit the regular school meetings that are set for every third Wednesday evening throughout the year and to hold such meetings at the call of the president only. Action will be taken on this proposition at the April business meeting.

Reports showed that all activities are in a flourishing condition and there is a balance of over $200 in the treasury.

SUPERINTENDENT GILDROY OF LEHIGH RAILROAD RESIGNS

Official announcement was made today of the resignation, because of illness, of George J. Gildroy, superintendent of the Mahanoy & Hazleton Division of the Lehigh Valley Railroad. Mr. Gildroy had been in charge of the Mahanoy & Hazleton Division for fifteen years and the company's circular says his resignation was accepted with regret.

To succeed Mr. Gildroy, General Superintendent C. T. O'Neal announced the promotion of M. A. Mulligan, superintendent of the New York Division, with headquarters at Jersey City. Succeeding Mr. Mulligan, Sidney S. Swope, now a special agent, will become superintendent.

GERMAN LADIES' AID MEET TOMORROW NIGHT

There's a Reason

Why our Developing and Printing is satisfactory—In fact, there are reasons: We develop your films carefully and with no hurried work. They are under observation of an expert from the time they enter the dark room until they leave it. This insures the best possible results from your exposures, no matter how widely they vary. In our Printing Department we use VELOX entirely. This is the most expensive paper on the market today, but we are after results. "VELOX" comes in three grades—Regular, Special and Contrast. You may have negatives of widely varying density—but one of these three grades will give you the best possible print from one negative. Our experts will select the grade of paper and make the print, develop it with the best and most expensive developing agent on the market (expense isn't considered when quality is in the balance) with the result that we have a satisfied customer. The prices for our developing and printing are no higher than any establishment and less than some.

$1,000 CHALLENGE

To prove that the Elgin Six is the greatest car value in the world at $985, as so often expressed at the Big Chicago Auto Show, where hundreds of Motor Thoroughbreds stood in the limelight of the most critical public inspection, we make the following challenge:

We offer to donate $1,000 to any worthy charity, if a car now on the market can be found at $1,000 or less, which is the equal of the Elgin Six in value.

The decision to rest with a jury of five, composed of—

1—A well-known artist to pass on the style and beauty.
2—A successful manufacturer of quality automobile parts.
3—A technical expert in automobile engineering.
4—A high-class automobile dealer, selling cars priced at $2,000 or more.
5—A representative Chicago business man.

The Beautiful **Elgin Six** was called by critical New Yorkers, at their Big Auto Show

"The Millionaire's Value at a Popular Price"

Special Elgin Features:

The beautiful Elgin Six is the only car selling within $200.00 of its price having these high-priced quality features:

1. Extreme yacht style body with fashionable European center cowl.
2. "V"-type radiator, with lines blending artistically into the body.
3. Borg & Beck improved velvet-acting clutch, which you find only on high-priced cars.

This feature enables the car to be started on high gear, under all ordinary conditions and practically eliminates gear shifting, thus removing the last barrier to the safe and easy driving of cars by timid women.

No other car but the Elgin Six has—

4. Elgin Improved Cantilever Rear Spring Suspension, which has set a new standard of motoring ease when running over rough roads at high speed, and gives luxurious riding comfort on ordinary roads not surpassed by any car at any price.

You can with perfect safety and comfort, and without damaging your car, drive an Elgin Six at 35 to 50 miles per hour over roads so rough that the average car would not only be dangerous and uncomfortable to ride in at more than 15 to 20 miles per hour, but would soon be a candidate for the automobile graveyard.

The story of "Elgin Winnings," which will be sent to you on request, contains a message of vital interest to every intending purchaser who prizes motor-car stamina and endurance.

Can you afford to buy a small "cheap six," when for a slight additional cost you can drive this Capable Six—this big, roomy, impressive quality car, of superior beauty and comfort?

Can you afford to pay more than the Elgin Six price when this "Beauty of the Road" enbodies everything that the most discriminating motorist desires?

Write us today for beautiful catalog "T" and specifications.

Reduction of full page advertisement which was published in all Chicago daily and Sunday papers three weeks ago, and the failure of any car to accept this challenge proves the Elgin Six champion car of the world in its price class.

RUNYON PUTS UP STIFF FIGHT

Repels Effort to Have Vote on Plainfield Bill Reconsidered

HE GAINS HIS POINT

Tells House He Has Never Resorted to "Underground Methods" as He Appealed for Support for His Measure

Special to Courier-News:

Trenton, March 14.—Fighting, as he described it, "like a rat in a corner," Assemblyman William N. Runyon, of Union county, Republican, yesterday afternoon staved off another attempt to have the House reconsider his bill, which many regard smacks of local option because it enables governing bodies of second-class municipalities to ascertain public sentiment on matters of policy for their guidance. The attack this time, following the victory of Runyon on Monday evening to have the bill sent out of the House to the Senate and not reconsidered by the former body, was in the nature of a resolution to recall it from the Senate for the purpose of amendment. The resolution by Dwight, Republican, of Passaic, who does not favor local option, offered the resolution.

Runyon, who at noon had shaken hands in the Republican House conference with Speaker Schoen over their previous night's clash on the bill, had been during the morning and early afternoon of yesterday endeavoring to find out why his measure had not been "forthwith," as his motion had provided, been sent to the Senate for consideration there, as was ordered by the House Monday night.

When the Union man heard the resolution read by Clerk Jeffreys, of the House, he was upon his feet instantly protesting. He wanted to

RESIDUE OF ESTATE LEFT TO MUHLENBERG

Muhlenberg Hospital becomes a beneficiary under the will of Albert H. Stebbins, which was just been offered for probate in the Surrogate's office at Elizabeth. Under the terms the local institution will receive the residue of the estate, the exact value of which is not known at present. The rest is divided among a few relatives and friends, including an uncle and cousins. These bequests, it is said, aggregate between $60,000 and $70,000.

While it is not known what the residue will amount to, it is believed that it will almost equal the total amount of the other bequests. Asa F. Randolph, of this city, is the attorney in the matter, he having drawn the will.

Mr. Stebbins, who died at his home on West Seventh street, Wednesday, February 28, had been a resident of Plainfield for many years. He was vice president of the Niles-Bement-Pond Company, and in charge of the concern's local plant, and was also vice president of the Plainfield Savings Institution. In 1897 he served the city as councilman. During his active business career he amassed a considerable fortune.

MEN'S CLUB POSTPONES "SUGARING-OFF" SOCIAL

The Men's Club of the Congregational church held its meeting last night but owing to the lack of snow postponed the "sugaring-off" affair that had been planned. President James McClymont stated that this annual event would surely take place later.

Two new members were added to the club last night. Following the business session the members adjourned to the basement of the parish hall, where quoits and other games were played.

M'LAUGHLIN TELLS OF CANAL ZONE

National Warden of Columbians Delivered Interesting Lecture at Columbus Club

The members of Watchung Council, Knights of Columbus listened to an interesting lecture on the Panama Canal, delivered by the National Warden Thomas McLaughlin, of Newark, at the Columbus Club last night.

Mr. McLoughlin recently returned from the canal zone where he participated in the institution of several Knights of Columbus Councils, and his observations of the great waterway were presented to his audience in a clear and interesting manner. He said that the United States Government has taken necessary precautions to fortify the canal; that ammunition and guns of all kinds have been taken there within the past seven years; that millions of tons of coal are stored in concrete vaults beneath the surface of the waters adjacent to the canal and that every precaution seems to have been taken to insure the safety of the link connecting the Atlantic with the Pacific oceans.

He spoke of conditions in the canal zone which he described as greatly improved through the instrumentalities of the American government.

The Knights of Columbus are doing a great work in the canal zone, he declared, and enumerated a number of instances to prove his statement.

Switching from the canal zone to the Mexican border, Mr. McLaughlin declared that forty per cent of the soldiers who went to the border last summer were Catholics, and those who did not belong to the Knights of Columbus were benefitted by the conditions which the Columbians effected. He then told how the Columbians had gotten together in clubs and provided meeting places where they and their co-religionists might practice their religious duties.

He pointed out that this move on the part of the Columbians gave the Catholic soldier the same means of spiritual betterment that was provided for the non-catholic, through the Young Men's Christian Association.

MISS PHILLIPS TO STAY IN THIS CITY

Charity Organization Refuses to Accept Her Resignation as Local Agent

Miss Mabelle C. Phillips, who, for the past nine years, has been the efficient agent for the Charity Organization Society in this city, presented her resignation at the society's meeting last night, it being her intention to accept the position of superintendent of charities in Elizabeth, succeeding Miss Harriet Townsend, who has resigned.

Miss Phillips was offered considerable more money by the Elizabeth society, but after careful consideration by the local body, it was unanimously decided not to accept Miss Phillips' resignation, but to persuade her to remain here. In this connection she will receive more money for her work as an inducement for her to continue her work in Plainfield.

Miss Phillips not only looks after the detailed work of the Charity Organization Society, but that of the Anti-Tuberculosis League, and is personally interested in the work at the Kenyon Gardens and the Open-Air School. Under these circumstances she has decided to stay in this city.

Just now the Charity Organization Society is absolutely without any supply of children's clothing and Miss Phillips makes an appeal in the hope that while so many people are busily engaged in making clothing for relief work they will not forget the home needs. Further information can be obtained from Miss Phillips.

SURPRISE PARTY IN HONOR OF HER BIRTHDAY

A surprise party took place last evening in the home of Miss Jessie Craig, of Evona avenue, in honor of her birthday, and was arranged by her sister, Miss Elizabeth Craig. Music, games and dancing were enjoyed during the evening and a dainty collation was served at midnight.

Among those present were: The Misses Elizabeth and Jessie Craig, Florence and Elsie Leighs, Edith Mowen, Lucile Van Name, Elsie Widstrom, Harriet Roberts, Irene Weber, Laura Taylor, of this city and Miss Ruth Miller, of East Orange. Norman Scribner, Edward Cougan, Harry Weber, Robert Marsh, Joseph Greenwood, Jack McQueen and Allen Haver.

URGED TO ATTEND MEETING

Mrs. John A. Peterkin, president of the City Union of The King's Daughters, requests that all members of the different circles attend the meeting of the National Special Aid Society, to be held at the Hartridge auditorium at 3:30 o'clock tomorrow afternoon, when Henry L. Wesat, of the National Security League, will speak.

PROTEST AGAINST TENEMENT HOUSE

Edward Schenck Denied Building Permit by North Plainfield Council

The North Plainfield Common Council at an adjourned meeting last night heard protests against the proposed plans of Edward Schenck to remodel a house in Somerset street near Jackson avenue, so that it will provide accommodations for four tenant families. The building is at present a two-family structure.

Mrs. Fannie Force Andrew Lutkens and others spoke in protest. Borough Counsel Walter L. Hetfield, Jr., was called upon and he advised the council that had no jurisdiction to grant Mr. Schenck a permit to do what he proposed.

Mr. Hetfield said that the matter was one for the State Tenement House Commission to pass upon, and Mr. Schenck was told that he must first take his plans to this commission for approval.

The application of U. G. Pierson for permission to erect a barn on the rear of his lot in Grandview avenue was also opposed. The Committee on Fire and Buildings will confer with Mr. Pierson today and will determine whether or not it would be proper for him to construct the building.

Mr. Pierson originally proposed to erect a frame structure, but has since agreed to make it fireproof, using brick or concrete for construction. It was represented to the council that if the barn is constructed as proposed, it will be located near a dwelling house of Charles H. Avery.

Henry Crofut White tendered his resignation as a member of the Shade Tree Commission.

Mayor Smalley announced the appointment of Charles V. Smith, A. C. Wadley and C. R. Pratt as sewer assessment commissioners.

They will levy assessments throughout the borough to collect $45,000 for the purpose of retiring sewer construction certificates of indebtedness.

They are disinterested citizens, appointed in accordance with the law covering this subject.

THREE OF ALLEGED DYNAMITERS HELD

Cameron Brothers and Tester in Jail, Two Others Are Sought

As the result of their attempts at the moral uplift of the Great Swamp near Stirling by the use of dynamite, Charles and Henry Cameron and William Tester have been lodged in the Morris County Jail, at Morristown, charged with attempting to murder George Ellecks, Jacob Cameron and William H. Edgar also are charged with the crime, but they got away.

The commitment asserts that the men placed dynamite under a room in which Ellecks was sleeping, throwing him out of bed and up against the ceiling, and damaging the house.

Justice Raymond D. Alland, of Stirling issued the warrants and the commitment, and Constable Joseph H. Germereschausen assisted in the arrest of the men. It will be learned that the explosion occurred early *Sunday morning, and not Monday* morning, as previously reported. Ellecks had the idea that he could not complain on Sunday and consequently postponed his visit to the justice until Monday.

The whole trouble arose over the fact that a sister of the Camerons was Ellecks' housekeeper, and her brothers objected. The objections of the Cameron brothers finally resulted in three warrants for Ellecks. Tester declared, unless the couple parted, Ellecks charged that Monday the men again threatened him with death and the burning of his house, unless he left the neighborhood.

The house is located on the road from Myersville to New Vernon. The side of the house was partly blown away and considerably damaged by the dynamite, which it is contended, was set off by Tester while the others looked on. The men arrested deny being guilty.

GAVE PLAY AT BOROUGH SCHOOL

The play, "The Little Rogue Next Door" was well presented last night at the Harrison avenue school, and greeted with a good attendance. Those taking part were applauded repeatedly for their dramatic efforts. The play was also interspersed with vocal selections. *Dancing concluded* the entertainment.

A DAUGHTER BORN

PARENT-TEACHER COUNCIL IN SESSION

Officers Are Elected and Addresses Enjoyed at Meeting in High School

Officers were elected, informal reports presented, and several interesting addresses were made, including one on the "Motion Picture Problem," at the Union county council meeting of the New Jersey Congress of Mothers and Parent-Teacher Associations, held at the Plainfield high school this morning. There was a good representation from the 178 associations in the county with an aggregate membership of about 1,100. The session will be continued this afternoon.

Mrs. J. L. Warner, of Roselle, presided at the morning session, upon the invitation of Mrs. William M. Sandford the retiring county chairman. Mrs. Frank W. Rowley finished up her work as recording secretary.

The early part of this session was *devoted to making some amendments* to the by-laws, the most important of which was the changing of the article referring to officers. It was decided to have a second vice-chairman, who shall be the retiring chairman, and two secretaries and an executive board of three members at large to be appointed.

These officers were chosen for the year: County Chairman, Mrs. W. R. Hill, of Roselle; first vice-chairman, Mrs. G. L. Demarest, of Roselle Park; second vice-chairman, Mrs. William M. Sandford, of Plainfield; recording secretary, Mrs. John Strawbridge, of Hillside, Elizabeth; corresponding secretary, Mrs. Orin Simons, of Plainfield; treasurer, Mrs. George B. Wean, of Plainfield.

During the morning session, Mrs. J. Wellington Bechtle, of Haddonfield, State president of the New Jersey Congress of Mothers, who was a guest, made a brief address, urging hearty co-operation on the part of all the women carrying the association work forward.

Mrs. Howard M. Canoune, of this city, read a paper on the "Motion Picture Problem," in which she asked every member to join in the movement for clean pictures, the kind that are safe for children as well as adults, and she spoke of an effort that is being made to secure pictures shown to be given in the morning for children. Mrs. Canoune told of the work of the censor committee here and the work being done along that line elsewhere.

Mrs. H. M. Maxson also addressed the gathering on "The Duty of the Parent-Teacher Association to the Teacher," suggesting that in her opinion too much stress had been laid on the importance of what she had done for the parent.

During the noon hour a box luncheon was served in the school lunch room, and this afternoon Rev. Franklin K. Mathiews, chief librarian for the Boy Scout movement, will address the council on "Recreational Books for Children."

PRINCE OF WALES COMMITTEE TO MEET

The Prince of Wales Relief Committee, New Jersey Branch, U. S. A., will meet at Grace M. E. Church parish house tomorrow at 10 a. m. Matters of importance will be under discussion and all members are asked to be present.

Stone Square Lodge, No. 28, F. & A. M., of this city, will hold its twenty-ninth annual reception in Voorhees Hall, Bound Brook, Thursday night, April 12.

TO OUR READERS

The Courier-News, as previously announced, is compelled to advance its price to subscribers. We regret that we are compelled to make this increase, but every item that enters into making a newspaper has doubled in cost, while some things have trebled. The further difficulty is the scarcity of white news paper, many of our contemporaries have had to suspend publication entirely, while others have had to adopt strenuous reforms. The Courier-News is unable to purchase more than 60 per cent. of the quantity of paper it consumed in the month of the first of the present year. While this has necessitated a cut down the size of the paper from 16 or 18 pages, and a decided effect on the quality, it is certailing the consumption of paper.

The above measures have not been sufficient to meet the necessary forty per cent., and for this reason we have been forced to announce that all subscribers not paying promptly each week will have to be discontinued. The stopping of a paper because a subscription is in arrears a few weeks does not mean that we misunderstand that subscriber, but forced to reduce the number of copies we are printing, we have adopted the only way open to us—discontinuing subscriptions not paid to date.

No paid in advance subscriptions have been accepted at the old rate after the announcement of the change in price.

The subscription rates of the Courier-News are now:

Single copy	.02
One week	.12
Three months (in advance)	1.50
Six months (in advance)	2.90
One year (in advance)	6.00

As in the past, to take advantage of the discount rate offered for three months, six months or a year, a subscriber must pay in advance.

THE DEATH OF REV. J. A. CUBBERLEY

Former Pastor at New Market and South Plainfield Passed Away Yesterday

The Rev. James Albert Cubberley, for many years pastor of the New Market Baptist church, and afterwards for about twelve years pastor of the South Plainfield Baptist church, died yesterday afternoon at his home on West 122d street, New York, where the family removed last November from East Second street, this city. Mr. Cubberley had been ailing for the past six years, and grew worse as the time went by, but his condition was not believed by his family to be critical until Monday afternoon, when he suffered a stroke of cerebral apoplexy, and died yesterday as stated.

The funeral will be held on Friday morning at his late residence, at 11 o'clock, the Rev. Dr. Philip B. Strong, pastor of the First Baptist church, of this city, officiating. The interment will be made in Hillside cemetery.

Mr. Cubberley was born near Hamilton Square, N. J., and was sixty-seven years of age at the time of his death. He was a graduate of Peddie Institute and of Colgate University. He held pastorates in Rome, N. Y., New Market, N. J., Toledo, Ohio, and South Plainfield, N. J., and lastly at Worcester, N. Y., where his health began to fail, causing his retirement. He was a member of Washington Camp, P. O. S. of A.

Among the nearer relatives left by Mr. Cubberley are: His wife, five children, Claude A., now on his way home from the border, where he has been serving with Company G, Thirteenth Infantry, of Pennsylvania; Hollis B., of Philadelphia; Mrs. Gideon Fountain, of Bridgeton, N. J.; Hober M., of New York, and Marjorie Cubberley, at home; also a brother, George Cubberley, and two sisters, Mrs. Mary Reed and Miss Laura Cubberley, all of near Trenton.

SUDDEN DEATH OF MRS. E. T. DE FOREST

Erected Fountain on West Second Street in Memory of Her Daughter

Mrs. Elizabeth T. De Forest died this morning at her home on West Second street, between New and Liberty streets, following a stroke she sustained at eight o'clock last evening. She was in the eighty-first year of her age. The funeral will be held Saturday morning at 11 o'clock at her late residence, the Rev. Dr. Philip B. Strong, pastor of the First Baptist church, officiating.

Mrs. De Forest came here forty years ago from New York, and had resided in the same house on West Second street, where she died, for the past thirty-five years. In front of her home she caused a fountain to be erected in 1894 for horses and dogs, in memory of her daughter, the late Mrs. May Francisco, who had always shown much sympathy for animals when they were tormented with thirst in hot weather.

Mrs. De Forest was an excellent Christian woman, a member of the First Baptist church and of its home department; also of the Women's Christian Temperance Union and the S. P. C. A.

Among the nearer relatives left by Mrs. De Forest are: A brother, Adam T. Green, of Pasadena, Cal.; a granddaughter, Mrs. Francisco, of two granddaughters, Mrs. John Dixon and Miss Isabel Godown, and three great-grandchildren, all of this city. A son, William Newman, a member of the fire department, died several years ago.

PADEREWSKI GIVES A RECITAL HERE MARCH 26

The incomparable Paderewski is coming to Plainfield to give a recital on Monday evening, March 26, in the High School Auditorium, under the auspices of the Musical Club of Plainfield. Plainfield has been favored this season with unusual musical celebrities, but this will be the crowning event.

Paderewski stands prominent and alone, above all other aspirants for fame. This will be a wonderful opportunity for the Plainfield public to hear him.

All proceeds after paying expenses will be divided by the Musical Club between the three organizations, Belgian Relief, Mercy Committee and Prince of Wales Society.

ALGONQUIN CASE DOES NOT ALTER THE AMERICAN SITUATION ON SEA

By United Press:

Washington, March 14.—Sinking of the American ship Algonquin confirmed the expressed Administration hint that Germany would carry her ruthlessness into American shipping, but for the moment does not alter the American situation.

Armed ships will go forth, and for the time being, at least, will constitute United States defense against Germany's illegal sea interference.

While there was general agreement that the Algonquin case did not mean war at present, State Department officials regard it very seriously, and as showing that Germany is conforming her acts to her threats.

SUBMARINE SINKS AMERICAN FOOD SHIP

By United Press:

London, March 14.—The American steamer Algonquin, bound for London, was torpedoed without warning Monday morning. All the crew of 27, including eight Americans, were saved. The submarine refused to assist the seamen to the life boats.

The cargo of the Algonquin was provisions consigned from Swift & Co., packing house products. The ship was valued at $500,000, and the cargo at a million. The ship was not armed. She carried oil cakes, corn syrup, chemicals, drugs, machinery and sheet brass. Miscellaneous cargo was listed on the manifest.

She was commanded by Capt. Andrew Nordberg, a naturalized American citizen.

The Algonquin was in lake traffic, but when trans-Atlantic demand became great, many lake ships were bought for such service. Lloyds lists Algonquin, registered at Port Arthur, Ontario, as a steel-screw, three-masted steamer, 1,806 tons, built 1888 at Glasgow, formerly owned by A. B. Mackay, and transferred to the American Star Line. It was put under American registry and flew the American flag. The Clyde line has a coastwise ship of the same name not engaged in trans-Atlantic trade, but plying between New York and Florida.

PRESIDENT TO CALL FOR SHARP MILITANT MEASURES

By United Press:

Washington, March 14.—President Wilson's message to the sixty-fifth Congress, which is called for April 16, will be sharply militant. Defense measures such as the country has not been called upon to furnish since the Spanish-American War, will be urged by the President *for immediate consideration and* prompt action. These are expected to include:

Legislation covering all matters collateral with defense of the American merchant marine; suggestion for action of some form on universal service or training, to prepare youths for service on land and sea if needed; appropriations for army conservation measures to release for immediate use mineral and oil resources now locked up in public lands; immediate action on a measure to extend the powers of the shipping board to meet the special needs of commerce forced upon us.

In addition to the outstanding preparedness measures the President will urge the new Congress to act on the following:

Increase of the gold reserve of the national banking system to meet financial circumstances; appropriation of funds for West Point, and *action on the general deficiency bill;* increase of membership of the Interstate Commerce Commissioner; action on the water-power bill, and an enactment of legislation permitting such combination of capital and organization in export and import trade as circumstances of international competition have made imperative.

Little doubt is expressed here that Congress will be in session all summer if it is to enact this program. It appears inevitable now that the whole railroad legislative program will have to be threshed out by the new Congress.

NEGOTIATIONS TO AVERT THREATENED R. R. STRIKE

By United Press:

New York, March 14.—Two camps from which negotiations to avert the threatened country-wide railroad strike will be conducted were established in the Grand Central terminal district today. Brotherhood chiefs want peaceful settlement, if possible, but are determined that there shall be a great labor war if necessary.

Reports from railway centres indicate that strike orders are automatically set, subject to recall, if managers meet their terms.

President Wilson, through Secretary of Labor Wilson and the Federal Board of Mediation, is prepared to watch every move made here in the next few days.

CHINA HAS SEVERED GERMAN RELATIONS

Special to the Courier-News:

Washington, March 14.—China has severed diplomatic relations with Germany according to a dispatch reaching the Navy Department today from the senior officer in command in Asiatic waters.

The Chinese government has seized all German merchant vessels at the Port of Shanghai and placed an armed guard upon them. The crews have been sent ashore.

GOVERNOR'S APPOINTMENTS CONFIRMED BY SENATE

Trenton, March 14.—In executive session yesterday afternoon, the Senate confirmed the appointment of William W. Watson, former judge of the District Court, of Passaic City, as Common Pleas Judge of Passaic county. The other appointments made by Governor Edge on Monday night were likewise confirmed, including: George Bont, of Wayne township, Passaic county, to the Passaic County Tax Board; Laura H. LeF. Brown, of Somerville, and Charles Ennis, of Morristown, as members of Board of Managers of the State Reformatory for Women, Clinton, Mrs. Brown succeeding Mrs. James F. Fielder, wife of the former Governor, and R. L. Cox, of Montclair, as a member of the State Board of Education, succeeding Senator Edmund B. Osborne, resigned.

300 CHILDREN ATTEND FIRST OPERA REHEARSAL

More than three hundred children attended the first rehearsal for the little folks of the new comic opera, "The Land of Mystery," to be given at the Plainfield theatre on April 10, 11 and 12, under the auspices of Plainfield Lodge of Elks, which was held at the Elks' club house yesterday afternoon. Mr. and Mrs. Robert P. Skilling, the authors and producers of the opera, were very pleased with the hearty response on the part of the children, many of whom were in last year's show, "The Mystic Rose." Any other children wishing to take part in this opera are requested to communicate with the committee of children, of which Mrs. C. L. Crist is chairman. The children will be trained to take part in a "Ballet of the Fairies," said to be one of the most attractive features of the popular opera.

THE FUNERAL OF WILLIAM H. LEE

The funeral of William H. Lee, of West Fourth street, who died on Saturday, was held yesterday afternoon in the funeral chapel, West Fourth street, the Rev. G. W. Hamlet, pastor of the Jerseyland church, officiating. There was a large gathering of relatives and friends and there were many beautiful flowers.

The bearers were the following members of Josephus Lodge, No. 16, K. of P.: Thomas Harvey, Henry L. Walker, Samuel Pickens, Jefferson Walker, Isaac Brown and William H. Carter. The interment was made in New Brunswick.

EMANUEL C. TIGAR DISAPPEARS FROM HOME

Belvidere, March 14.—James M. Tigar, a miller of this place, went to Phillipsburg and Easton Monday, to find, if possible, his son, Emanuel C. Tigar, aged twenty-one years, who went away the latter part of the week. Mrs. Elizabeth Myers Schaumberger, a young married woman of Belvidere, also has left town.

Mr. Tigar learned that his son had been seen in Easton. Mrs. Schaumberger also was reported to be in Easton. Before leaving town it is said that Young Tigar sold his auto for $150. Mr. Tigar declared he thought his son might have gone West to visit an uncle in Wisconsin.

The mother of Mrs. Schaumberger said she thought her daughter, who for some time has been separated from her husband, had gone to Easton on a visit, as she had been working hard and had expressed a desire for a vacation. She said that her daughter and young Tigar were friends, but that she did not believe the departure of one had anything to do with the other's leaving.

SILK STRIKE ENDS; GIRLS ACCEPT OFFER

BAYONNE, March 14.—Offer of a five per cent. wage increase made by Schwarzenbach, Huber & Co., silk manufacturers, ended the strike of the 500 girl operatives yesterday. The girls quit their looms Thursday, when a demand for a ten per cent. raise in pay was refused by the concern.

The compromise offer was reported to the strikers by Director of Public Safety Wilson at a mass meeting last night. Mr. Wilson had been asked by the girls to intercede with the company on their behalf when the strike was declared. After a lengthy discussion the proposed increase was accepted.

EIGHTY-FIVE RUTGERS MEN SUPPORT SELVES

New Brunswick, March 14.—Eighty-five, or sixteen per cent. of the 510 Rutgers College students earn their entire college expenses, it is shown by a census just completed by the Rutgers Faculty. The combined yearly earnings of this group are $23,250, an average of $270 for each student.

The census revealed 107 men, or twenty-one per cent. of the student body, who worked during the college year only. Their aggregate yearly earnings are $10,945.

Work of students embraced numerous tasks from selling books to making munitions.

The National Historical Society has vice-presidents in all the States, those representing New Jersey being Mrs. Joseph Dorsett Bedle, past president of the New Jersey Society of Colonial Dames, and wife of former Governor Joseph D. Bedle; Mrs. Erastus Gaylord Putnam, honorary vice-president-general of the Daughters of the American Revolution, and Dr. Eleanor Haines.

GOT STOMACH ACHE, SUES FOR $25,000

New York, March 14.—Anthony Castelli brought suit in the Supreme Court against Delmonico's on account of a stomach ache which, according to the papers, has lasted for almost four years. Castelli said he was formerly employed as a bookkeeper at the restaurant, receiving $75 a month and meals.

On July 28, 1913, he swears, he had been served with victuals, which he described as unfit. He declares his digestion has been put out of repair to the extent of $25,000.

ANDERSON ISSUES A STATEMENT

Doesn't Know Whether or Not People Want Him for Senator

According to William Delaroche Anderson, of Watchung, it is he, and not the Republican party, to whom credit is due for changing a deficit of $1,500,000 into a surplus of $2,000,0000 in the State treasury. This bit of information is contained in a statement issued today relative to the prospects of Mr. Anderson becoming a candidate for the Republican Senatorial nomination in Somerset county this fall. Mr. Anderson's statement is in part as follows:

"Whether I shall be a candidate for the Senate in Somerset county or not depends on whether or not the people of the county want a man who stands for carrying the principles that nearly every man has in his home and in his business into public affairs. By that I mean ordinary common-sense economy. As I have a record for this in a public way, and as I stand unalterably for it, I must find out if the people want it—maybe they don't, and if so I shall not be a candidate.

"If I have had legislative experience; maybe they don't want a man with legislative experience.

"I have the minutes of the appropriation committee of the State signed by Senator Smalley which contains a resolution by Hon. Thos. J. Smith, chairman of the House Committee, placing in my hands the task of solving the State's financial difficulties.

"I have the report, gotten up by myself as directed in this resolution and signed by Senators Smalley and Gaunt and Assemblymen Smith, Oliphant, Pierson and Hammond, the carrying out of the recommendations of which has resulted in the turning, in the space of two years, a deficit of $1,500,000 into a surplus of $2,000,000, and prevented the plan being carried into effect of bonding the State or adding to the tax burden of the citizens a method of getting rid of a deficit. I must show these to the people of Somerset, and find out if they desire one who does these things to represent them in the Senate before I can tell whether I shall become a candidate or not.

"Two years ago I made a single handed fight for a principle and lost financially, and my political standing was sacrificed. Maybe the people of the county do not want one who is willing to fight and sacrifice for a principle. I shall have to find that out.

"After losing this round I undertook to remove the cork-screw from the politics of Somerset county by enlisting assistance and by organized effort. The cork-screw is at present out. Maybe I was wrong.

"I am in possession of a very kind testimonial from the governing body of my home community, over which I had the honor for the past six years to act as its chief executive, and also the annual report of the last year of my administration which to me seems to indicate true public economy and a very high efficiency in local rural government."

ALMOST 30,000,000 PHONE CALLS DAILY

Bell System Reports Over Eleven Per Cent. Gain in 1916

New York, March 14.—A daily average of 29,420,000 telephone calls were recorded in 1916 by the Bell system, about 9,785,100,000 calls for the year, which was approximately at the rate of 100 calls a year for every man, woman and child in the United States, according to the annual statement of the company, made public here today. It was announced that the pressure of business had been so great that it was planned to spend $90,000,000 this year for improvements, as against $66,000,000 last year.

The business of the Bell system is shown to have made an unprecedented increase in 1916. The total wire mileage is given at 19,850,315 miles, an increase of 1,344,770, fifty-eight per cent. of which is underground. It is also pointed out that the average revenue per station to the Bell system has been reduced fifty-five per cent. in the last twenty years, and is less than the average charge of any other system that gives an immediate service anywhere in the world.

Total operating revenues for 1916 were $267,500,000, an increase of $30,151,000, or more than eleven per cent. over 1915. Of this, $84,556,000 was used for depreciation and maintenance, $52,749,000 for traffic expenses, $25,699,000 for commercial expenses, $11,902,000 for general and miscellaneous, and $14,918,000 for taxes assignable to operations. The total gross income was $79,353,000, an increase of 14.7 per cent. over 1915. Of this, $22,114,000 was paid for interest, rents, etc., leaving $35,160,000 for dividends and more than $22,000,000 to be added to surplus.

The report of the American Telephone & Telegraph Co., separated from that of the Bell system, showed net earnings of $44,743,376, an increase of $2,625,889 over 1915.

Over the entire Bell system during the year there were added 1,344,770 miles of wire, bringing the total to 19,850,315.

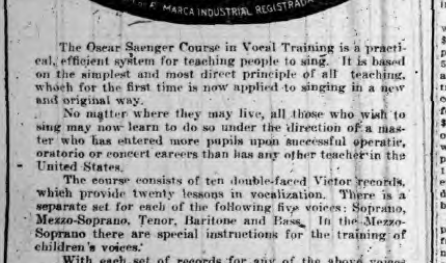
OFFERS $300 MORE FOR RETURN OF DAUGHTER

New York, March 14.—Disheartened at the lack of results from his offer of $1,000 reward for information leading to the return of his daughter, Ruth Cruger, Robert Cruger offered yesterday a reward of $500 for any information leading to the discovery of the whereabouts of Alfredo Cocchi, the machinist, who disappeared at about the same time the girl left home.

Nothing tangible has been discovered by the police. Many letters of the usual crank variety have been received to hinder the work of the authorities.

Have You a Voice?

The Oscar Saenger Course in Vocal Training Will Enable You to Become a Singer



The Oscar Saenger Course in Vocal Training is a practical, efficient system for teaching people to sing. It is based on the simplest and most direct principle of all teaching, which for the first time is now applied to singing in a new and original way.

No matter where they may live, all those who wish to sing may now learn to do so under the direction of a master who has entered more pupils upon successful operatic, oratorio or concert careers than has any other teacher in the United States.

The course consists of ten double-faced Victor records, which provide twenty lessons in vocalization. There is a separate set for each of the following five voices: Soprano, Mezzo-Soprano, Tenor, Baritone and Bass. In the Mezzo-Soprano there are special instructions for the training of children's voices.

With each set of records for any of the above voices there is also provided a textbook of supplementary information for the student, which information is set forth so definitely and clearly, that the art of singing may be fully understood by those who have had no previous training.

The Oscar Saenger Course in Vocal Training for any of the voices mentioned above, may be procured at the cost of a one-hour lesson at the Saenger Studio in New York. Each set is furnished complete, securely-packed in a neat carrying case.

For further particulars and demonstrations of this course, call, write or 'phone.

RAID ON GERMAN TRENCH DESCRIBED

At the Park Club Arthur Guy Empey Tells Thrilling Story of War

Vividly portraying many of the thrilling and terrible scenes which are a daily occurrence in the European war, Arthur Guy Empey, of Brooklyn, addressed a large audience at the Park Club, last night, and deeply impressed those present with some of the horrors of the greatest conflict in history.

Empey served sixteen months with the British army in France. He enlisted with the Royal Fusiliers in London in 1915, soon after the Lusitania was torpedoed, later being transferred to the machine gun corps. His official designation was machine gunner and bomber with the 167th Brigade, Fifty-sixth Division, Third Army Corps, British Expeditionary Force in France.

Prior to going abroad Empey had been a soldier in this country for thirteen years, six years in the U. S. Cavalry, three years with the Forty-seventh Regiment, Brooklyn, one year with the Seventy-first Regiment, New York, and three years with the Fourth New Jersey Regiment.

In characteristic soldier language Empey described a thrilling midnight raid on a German first line trench on the French front. He was wounded by a bullet in his face and two bullets in the left shoulder, a bayonet thrust in the left shoulder and was buried by a shell, and was thought to have been killed. He told how he was rescued, and after the lapse of several hours landed at Paignton, Devonshire, going thence to the American Women's War Hospital and placed in a ward which is supported by Frank Munsey, the well-known publisher, where he finally recovered sufficiently to return to America.

Empey's story as to how he went to London, was finally accepted as a soldier in the King's army, proved a failure as a recruiting officer, was then sent to the training quarters and eventually to the western front, was filled with interesting and amusing incidents which kept his audience in almost continual laughter, until he came to the more serious part of the actual fighting.

During his trip abroad he became quite familiar with the English dialect and at times one would think that a real Britisher was talking instead of an American boy from Jersey City.

Perhaps the most thrilling part of Empey's recital was that of a midnight raid on a German trench, in which he told of the intense feeling of suspense experienced by every soldier as he waited for the appointed time to make the advance. He said that when the time came he found the upper part of his body enthusiastic for the assault, but his feet scarcely seemed to move. He then told how he and his comrades became entangled in a barbed wire fence and were trapped by the Germans. For twenty hours afterward he remembered nothing and when he became conscious again found doctors and nurses working over him.

Empey described the terrible weapons used in the modern warfare, including the "persuader," a club studded with barbed wire points and filled with lead, the barbed wire noose and the dagger, and explained how the various kinds of bombs are made and the method of throwing them.

The nervous work, as he described it, of cleaning a trench of Germans, was illustrated in an interesting way, as was also the methods of chasing the enemy from the dugouts, a place of refuge. His description of intense bombardment, which sometimes lasted for two hours, with the accompanying shower of star shells from the German lines, gave the audience a genuine thrill.

Empey said that the Britisher got along with the Saxon soldier very well, and oftentimes they would establish a truce, but this, he said, could not be done with the Prussian soldier, whose one purpose is to kill everything in sight.

During Empey's stay in town he was the guest of John Phillips, of Madison avenue, the two having been friends for several years.

FAVOR SMALL BOARD FREEHOLDERS

Judge Connolly and Freeholder Meisel Say It Would be Good Thing

Judge James C. Connolly, who if the Roberts Small Board of Freeholder bill passes in its original form will be a member of the commission to district the county, and Freeholder Peter Meisel, of Springfield, both favor the measure introduced by the Burlington Assemblyman.

"I think the Roberts bill providing for a small board of freeholders contains the best features of all those so far suggested," said Judge Connolly in an interview published in the Elizabeth Journal yesterday. "It will give a more equal representation to all parts of the county than any present statutory regulations."

As one of the three commissioners who will have charge of dividing the county into seven districts, if the bill goes through in its original form, Judge Connolly gave particular attention to this provision of the measure now before the Legislature.

"I somewhat objected to the fact that the Judge of the Court of Common Pleas is one of the Commissioners to divide the county into districts, because I believe that such an office should be kept out of the political field. After some consideration, however, I feel that the officers selected to make the division are, by reason of their positions, qualified to do the work properly. Instead of bringing the judicial office into politics, the act serves to insure a fair and unpolitical representation."

There has been introduced an amendment to this provision of the bill which puts the appointment of this commission up to the Governor.

In answering the objection that Elizabeth might have too large a representation on the small board, Judge Connolly pointed out that at present that city, although possessing half of the county's population, has only four of twenty-one representatives. "Surely the small board would not be more unbalanced than the present board," he added.

Although Judge Connolly sees a loss of democracy in a too centralized form of government, he believes firmly that a smaller board would be an improvement over the existing state of affairs.

"I believe the board ought to be somewhat larger, say, of ten or twelve members, that the county might be more thoroughly represented," Judge Connolly added. "But if this bill passed in its present form, and a larger board shall appear more desirable to the people, amendments will probably follow."

"I have been in favor of a small board of freeholders for several years," said Freeholder Peter Meisel yesterday, "and I think the Roberts bill, with its districting plan, is the only way to get such a board satisfactorily." Although Mr. Meisel added that Union county's representatives in the Assembly were doing their best to pass the bill, he said that opposition had arisen in Essex and Hudson counties against the measure.

MANSLAUGHTER JURY FAILS TO AGREE

Twenty-four hours after the case had been put in their hands, the jury which for several days had heard testimony in the trial of Frederick C. Hanson in Elizabeth on a charge of manslaughter reported their inability to agree yesterday. They were discharged by Judge James C. Connolly. Hanson was continued in bail of $1,000.

Hanson, a driver of an auto truck for the Arctic Storage Company of Jersey City, was indicted a year ago following the killing by the truck of Henrietta Bowen, seven years old, of Westfield avenue, Elizabeth.

IN LINE FOR DRILL MASTER

Trenton, March 14.—Announcement was made yesterday by the Civil Service Commission that four candidates qualified in the examination for the position of drill master in the Jersey City police and fire departments. In order of merit they are as follows: Joseph S. Norton, John W. Desmond, Marcus T. Hendricks and Henry H. Young, of Jersey City.

MRS. COARD SPEAKS TO STUDENTS ON TEMPERANCE

Mrs. E. B. Coard, who recently returned from Berlin, Germany, addressed the students of the North Plainfield high school yesterday morning on "Efficiency."

She related a number of personal experiences in her work in several foreign countries, and commented on the apparent abundance of food and the corresponding low prices of everything in the city of Berlin, as compared to living in this country.

In closing, Mrs. Coard said: The National Temperance Union of the United States offers the pupils of every high school in the country the sum of five dollars for the best theme or essay on "Temperance," subject to the following rules of composition: That the essay must consist of not more than one thousand words nor less than five hundred; direct quotations from any book on the subject may be used. The papers will be marked on the basis of seventy-five per cent. for subject matter twenty-five per cent. for construction and correct spelling.

There are also prizes for State and National contests, of twenty-five and one hundred dollars, respectively, which competition is open to any citizen of the United States.

OVERCOME WITH GAS

Clifton, March 14.—Trapped in a closed garage yesterday, Daniel J. Smith, a blacksmith, was overcome and fell to the floor as he was trying to crawl through a window. He was rescued by Harry G. Geist, who carried him to his home.

Mr. Smith, who had gone to the garage to recharge the storage batteries of his automobile, found the entrance to the building blocked by snow. He crawled in through a window and began work on the machine. In a few minutes he felt faint and was trying to get out through the window when he fell. He suffered several cuts on the face and head.

Do you know what CERTIFIED milk is?

The rigid requirements of the medical milk commission fill a book—but the gist of it is simply this:

Certified milk is milk produced in a strictly sanitary way, free from disease germs and containing all the elements good milk should. The commission—a board of responsible physicians—certified such milk as SAFE for children to drink.

Is there anything more important to you than your children's safety?

Wood Brook Milk is CERTIFIED milk.

ARE YOU A REAL AMERICAN?

In the address of the Defense Committee of the City of New York, to the citizens, asking them to declare themselves in a formal way as to whether or not they are patriots, by signing their names to the letter which is to be sent to President Wilson, pledging their loyalty, the same as was done by Plainfielders, recently, some very pointed facts are presented as the reason why the real Americans should go on record as pledging their loyalty. The address includes the following:

"At this time of crisis in the affairs of the nation, when at any moment we may find ourselves forced into a war that we have steadfastly sought to avoid, it is fitting that American men and women should have the opportunity as unquestionably they have the will to give assurance of their loyal support to the Government in its measures to uphold American rights and protect the lives of American citizens."

It continues with what seems to be a very important fact, as follows:

"It may be said that public approval of protective measures is to be taken for granted. But what is *understood at home may be easily* misunderstood abroad. The great stir raised by small but energetic groups whose cry is "surrender" is calculated to encourage new aggressions upon our National rights. These groups hold meetings, circulate petitions and wait upon the *President and Congress, while the* vast body of patriotic citizens not organized for such demonstrations, remain inarticulate, both in voice and action. We may be sure that the clamor of the disloyal, and of the misguided few who believe that perpetual yielding is the solution of *all our National difficulties, is heard* abroad, and there it has its exhilarating effect which intends to have just the opposite effect upon our loyal people at home. It is now time that the great majority of Americans should speak, and that their meaning should be unmistakable."

The point is well made in the remark that the opponents of our methods of preparedness are organized, and the really patriotic people who want to avoid war, but are not willing to submit to a surrender of National inalienable rights are not organized in anything like the strength that they should show. Organization makes its point while the lack of organization prevents making a point for truth and right. The number of opponents of measures of preparedness is small, but what it lacks in strength it makes up in or*ganization in its creation* of a sentiment of opposition to the majority will, when the sentiments of such organization are so well known abroad. If the voice of pacifists had never been heard during the past three years, the majority sentiment of our country, even if not expressed *by organization, would* have left foreign countries something to think over before presuming to dictate to us, as to our rights as a nation. The pacifists have done just enough to create an impression abroad that we would stand for almost anything.

THE FLAG BURNING

It is about time to interne Bouck White, and others concerned in the burning of the American Flag, last summer, in what they presumptuously called a "sacred ceremony" under the auspices of *the Church of* the Social Revolution, of which White was pastor. Just what the ceremony was intended to mean is not apparent, unless it be some strained notion of appeal to a strange idea, but the effect on the minds of foreigners in our country, is anything but patriotic, at a time when the people of this country are called upon to assert their patriotism in word and act. The incident which was declared by White to be a symbol of the "melting of the flags of all nations," several other flags having been burned at the same time, might have passed at a time when the whole world was at peace, but at this time it is a challenge to the intelligence of American citizens, as to their belief in their flag, and the challenge is answered by the fact that this "sacred ceremony" is an offense to patriotic American people. The more significant is this fact when it is recorded at the trial of White, and witnesses for him, that when asked if they would enlist in an army to repel invasion of the United States, promptly replied that they would not. This is not the kind of citizens who should be allowed to interpret the meaning of the American Flag, or to use it in any of their ceremonies. One or two pastors of prominent churches in New York, who were called as character witnesses in the trial of White, because they had spoken in his church, must have felt that they were in strange company for American citizens to say the least.

EDITORIAL NOTES

National Song Week has been observed by telephoning to the music store to get the latest bit of ragtime.

With those suffragist pickets surrounding the White House, it was clearly a mistake not to provide the executive mansion with a secret underground exit.

As the result of the leak investigation, the speculative activities of the office boys will no doubt be severely condemned.

Several more ranchmen have been killed by Mexicans, but people who expect to make money anywhere near the border must not complain at a little thing like that.

The price of vegetables is away out of sight, but the farmer keeps on looking discouraged until he gets down out of sight behind the barn, when he can smile unobserved.

When two drunken roughs punch each other gently on the street, it is a disgraceful fist fight; when two professional bruisers nearly kill each other on the stage, it is the gentlemanly sport of boxing.

Being told that they need rest and change, the idle rich now hie themselves to the Southern resorts where they find one more way of doing nothing.

In all honesty, now —as a matter of dollars and cents— could you afford to die tonight?

SOMERVILLE NOTES

CHIMNEY ROCK ROAD BEATEN

Every section of the county was represented at the meeting of the Board of Freeholders yesterday in the court house when the proposed construction of the Chimney Rock road was brought up. The needs and wants of each particular section was voiced and sounded out while the various representatives stated their reasons for favoring the improvement or objecting to it.

After about three hours had been consumed in argument pro and con, Freeholder Charles F. Smith, of Bridgewater moved to award the contract for the proposed road work. Freeholder F. H. Smith, of Bound Brook, seconded the motion, which was defeated, Freeholder William I. Robinson, of Montgomery, having been excused from voting. Those who supported the proposed improvement were: Baldwin of Bernards; Codington, of Warren; Kitch, of North Plainfield Borough; Mobus, of North Plainfield Township; Smith, of Bridgewater, and Smith of Bound Brook. Those who voted against the measure: Director Remsen, of Franklin Township; Poulson, of Bedminster; Hoagland, of Branchburg; Brown, of Somerville, and Van Cleat, of Hillsborough. Another vote was necessary to carry the measure.

The chief objection to the proposed construction of the road was the expense, the cost having been estimated at about $70,000.

Fred Thomas, on behalf of 75 Somerville petitioners; W. B. R. Mason and Harry Herbert, of Bound Brook; Augustus Campbell, and Mr. Bartels, of Washington Valley, pleaded for the improvement. People from the southern end of the county were the principal protestants.

Want to Change Road

A delegation representing the Board of Trade of Bernardsville, the Bernards Township Committee, and property owners along the Mine Brook road, between Far Hills and Bernardsville, appeared requesting consideration of a proposal to change the course of the road so as to run around instead of over Page's hill providing for the elimination of the dangerous railroad grade crossing at Far Hills. William Page, one of the largest property owners along the road, spoke in favor of the proposition and presented a sheaf of petitions showing unanimous approval of the plan among the property owners in that section whom he stated would dedicate land for the proposed new road, in exchange for the old. He further stated that the cost of building the new road would probably be less than that of making necessary repairs to the old.

The matter was refered to a committee consisting of C. F. Smith, S. S. Baldwin and William Poulson.

To Have Board of Governors

Following a suggestion made at their meeting last night it is likely that the Young Men's Hebrew Association of this place will adopt a new form of government within a few months. The proposal is that a Board of Governors, consisting of, five or six members, direct the policy and activities of the association throughout the year. A committee was appointed to consider the matter. The members are: J. J. Levine, Max Schwed and D. T. Wilentz.

Another committee was named to look into the matter of holding Cabaret Night in April. This committee will meet Thursday night with Bernard Woldin.

THOUSANDS FIGHT LOCAL OPTION BILL

Big Delegations Go to Albany to Register Protest.

New York, March 14.—An organized fight against the Hill-Wheeler local option bill was launched today from all quarters of the state.

A delegation of 500 business men of New York city—one-third of them representatives of the city's large hotels and restaurants—left for Albany to protest against the bill. Other delegations of prominent men went from Buffalo and other up state cities. There may be 2,000 or more men in the fight against the bill.

It is explained by the leaders in the movement that it is not to be a fight against regulation of the liquor traffic. The delegates are prepared to champion the bill of Senator Elon Brown or similar legislation for the regulation of the sale of liquor.

The opponents of the measure say they would be forced into politics by the clause of the Hill-Wheeler bill calling for periodical elections on local option.

STOP YOUR HAIR FALLING OUT

Let Nature Show You How

When a plant is dying, you treat the ground around the roots. When your hair is sick and falling out, nourish its roots.

The success of Pompeian HAIR Massage is due largely to its method of application. You massage it into the scalp, stimulating the roots of the hair. Thus its name. Falling hair is caused mostly by Dandruff. Pompeian HAIR Massage will stop Dandruff. Follow the laws of nature. Use Pompeian HAIR Massage as directed and your hair will soon become full, vigorous and attractive.

Pompeian HAIR Massage is a clear amber liquid. Not oily. Not sticky. 25¢, 50¢ and $1 bottles at the stores. Made by the reliable makers of the famous Pompeian MASSAGE Cream.

Mr. P. B., Bassett, Ia., says: "I have used Pompeian HAIR Massage with excellent results. It is far superior to any other hair tonic I ever used."

Try it and say the same. Adv.W.P.

CHURCH SOCIETIES RE-ELECT OFFICERS

Members of First M. E. Church Plan for Supper and Entertainment

The three women's societies of the First M. E. Church held their all day sessions yesterday. At noon a luncheon was served, forty-one enjoying this affair. All societies re-elected the officers, and reports were submitted by the officers.

The officers selected by the Ladies' Aid Society were: President, Mrs. A. E. Crane; first vice-president, Mrs. Judd Stewart; second vice-president, Mrs. Harry Gee; secretary, Mrs. D. S. Dunavan; and treasurer, Mrs. N. Y. Hull.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weaknesses? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their sight greatly improved through the use of this wonderful free prescription. One man says, after trying it: "I was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to say active drug store and get a bottle of Bon-Optos tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its combined ingredients are well known to eminent eye specialists and widely prescribed by them. WAR BRIDES TODAY AND TOMORROW AT PROCTOR'S

At Proctor's Friday

"War Brides," the eight-part film story, starring the noted tragedienne "Nazimova," appeared at Proctor's yesterday and continues today and tomorrow. It holds the intense interest of the spectators throughout, and is one of the most impressive big photo-plays ever shown here. Nazimova scores even a bigger hit than she did in her vaudeville sketch of the same name.

Today also Hank Mann appears in the two-part Fox comedy, "Chased Into Love." Tomorrow besides "War Brides," Pearl White appears in "Pearl of the Army."

On Friday Clara Kimball Young is presented in a special William A. Brady feature entitled "Without a Soul," one of the most entertaining of her long list of successes. Valentine Grant is also seen on Friday in the Paramount picture, "The Daughter of MacGregor."

On Saturday Pauline Frederick is starred in her latest Paramount vehicle, "Ashes and Embers," and Ethel Barrymore appears in a special Metro production entitled "The Awakening of Helena Richie," adapted from the famous novel of the same name.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

...ion with this department often I've will gladly answer any Laundry relative to domestic science. A stamped envelope bring necessary for a personal reply. Address care of Courier-News.

Eggs are such universal favorites and are, moreover, so wholesome and nutritious, that they should be freely used upon the family table. Fortunately, too, there are so many appetizing ways of preparing them, that they may be varied almost indefinitely.

Boiled eggs are probably the most popular, but every housekeeper is not familiar with the best method of boiling them. The ordinary general maid plunges them into boiling water. If they are to be soft boiled, they are taken out in three minutes; if they are to be hard boiled, they are left in ten.

What is the result? In the former instance, the white of the egg has hardened unevenly, while the yolk is not cooked sufficiently. In the latter, the white and yolk are both hard and the yolk is dark-colored and as heavy as a ball of lead.

The proper rule, however, for cooking eggs in this manner, is to put them into a saucepan and cover with boiling water. Let them stand for about ten minutes, where the water will be kept evenly below the boiling point. Then, when done, the white of the egg will be of a soft, jellylike consistency, and the yolk soft, but not liquid.

Almost everyone likes a good omelet and, with a little care, they are not difficult to prepare. The following rule is one of good proportions, which produces a light fluffy result. The ingredients required are two eggs, two tablespoonfuls of water (milk toughens an omelet), one saltspoonful of salt and a pinch of paprika:

Separate the whites from the yolks of the eggs. Beat both until they are very light and the whites will "stand alone." Then add to the yolks the water and seasoning, fold and cut in the stiffly whipped whites and turn into a hot, smooth omelet pan, that has been coated with hot, melted butter.

Be very careful that the fire is not too hot (for any egg preparation will quickly scorch) and cook slowly. Loosen the sides of the omelet from the pan, as it begins to set, with a wide-bladed, flexible knife. As soon as the omelet leaves the sides of the pan easily, slip a cake turner under half of it and fold over into a neat half circle. Cook for a moment or two longer, so manipulating the pan that it browns evenly, and serve inverted on a hot platter. Serve immediately, as the most perfect omelet falls quickly.

Chopped ham, parsley, oysters, mushrooms, or small portions of cooked meat and vegetables may be added to the yolks before cooking, thus giving a fancy omelet, or they may be spread in a layer over the top before the omelet is folded.

With the present high prices, however, a baked omelet will not only be found more economical, but it is also easier to prepare. Scald one pint of milk, melt in it one tablespoonful of butter, add three heaping tablespoonfuls of grated, soft bread crumbs and season to taste with salt and pepper. Cook, stirring constantly, in the upper part of the double boiler until very smooth, remove from the fire, beat in the yolks of four eggs and, when slightly cooled, fold in the stiffly whipped egg whites. Turn at once into a deep earthenware dish (brushed over with butter) and bake about twenty minutes in a quick oven. This omelet should raise very high. Serve immediately.

Still another form of egg cookery, that is not known to the majority of housekeepers, is the recipe for pickled eggs. This makes a delicious luncheon or supper relish, to serve with cold meats, as it cannot be excelled for piquancy or delicacy of flavor:

Boil the eggs for twenty minutes and place immediately in cold water. When cold, remove the shells and place them whole in wide-mouthed jars. Season vinegar to taste with a spice bag containing whole cloves, allspice, stick cinnamon, mustard seed, celery seed and ginger root and cook the vinegar for twenty minutes. Remove the spice bag and pour the scalding vinegar over the eggs, filling the jars to overflowing. Adjust the covers and rubbers, screwing the former tightly in place, and let the eggs stand for a month before using.

Scotch Woodcock

Chop six hard-boiled eggs with a silver knife. Make a roux of two tablespoonfuls of melted butter and one tablespoonful of flour. Then gradually add half a pint of rich milk and stir constantly until it boils and thickens. Dilute one tablespoonful of anchovy paste with a little of the hot milk mixture, blend in with the remainder of the thickened milk and add the eggs and a pinch of cayenne. Cook until the eggs are heated, spread on buttered toast and serve immediately.

INQUISITIVE BILLY MOUSE

Little Billy Mouse was very inquisitive. When his father and mother came in at night, Billy Mouse always jumped right up in his bed and began to ask, "Where have you been? Have you brought me anything?"

And when they went out he would follow them right out to the very edge of their hole in the wall and ask, "Where are you going? Can't I go, too?"

"Billy Mouse," said his father one day, "you must not be so inquisitive. Some day it will get you into trouble. Inquisitiveness is a very bad quality in a mouse."

But Billy Mouse did not take warning or heed his father's wise words. He continued to poke his nose about and ask questions, and one day he followed his father and mother outside the hole, and if it had not been for his father seeing him, Billy Mouse would have ended his days right then and there.

Mistress Puss had her eye on that hole in the wall of the pantry for a long time, but Billy's father and mother were old at the game of hide and seek, so Puss did not catch them.

But now she was sure there were one or two little mice in the hole, and Puss knew they would not be as clever at escaping her as their parents, so she watched and waited.

This morning Billy's father and mother were scudding across the pantry floor to a place of safety, when Billy's father happened to see him, and in another minute he knew that Mistress Puss would have Billy Mouse by the neck.

So brave Father Mouse ran right back in Puss' face, and almost into her paws, while Mother Mouse ran back and ran Billy Mouse back into his hole.

Of course, any wise little mouse, after such a narrow escape as that, would have listened carefully to all the good advice his father gave him, but not so Billy Mouse.

"They think I can't take care of myself," said Billy Mouse, after he had been put into bed and told not to get up until his father and mother came home.

"I could have run away from that Puss, she can't run half as fast as I can, I know; for she is much bigger, and, of course, cannot move as swiftly. Besides that, she cannot run under a door, and I can. I did it one day when father and mother were out, and I could get away from Mistress Puss any day—I know I could.

"How am I going to see the world if I am kept in bed all my life and never allowed out of this hole? It is silly, and I will not be made a baby of any longer."

And this was the way Billy Mouse reasoned with himself until he began to think he was grown up already, and out of bed he jumped and ran to the hole.

He poked out his nose, and there was no Puss in sight; all was as still as could be; then Billy Mouse smelled something, and it smelled good; so he poked his head out and looked about.

No, there was nothing to be afraid of, and he wanted to see what was in a box he saw not far from the hole.

"I'll just run over and look at it," said Billy Mouse. "I wonder what can be in such a queer-looking box? I don't believe mother and father would blame me for looking in that. It is all full of little holes, and if Puss came along I could run in one of the holes and hide. I am going, anyway."

So out of the hole ran silly little Billy Mouse and looked at the strange box.

"My!" he said, poking his nose close to the box; "that nice smell comes from this box. I do believe it is cheese. Mother brought me a piece one time, and it liked it very much."

And then Billy Mouse poked his nose closer to the box. "It is cheese, and it is in this box," he said; "perhaps it is full of cheese, and I can eat all I want. I will just run in and see."

"Snap!" went something just as

Billy Mouse poked in his nose, and Billy kicked hard.

"Oh! look, look!" said Mother Mouse, "it's Billy caught in one of those horrid traps. What shall we do?"

"Hush! Don't make such a noise," said wise Father Mouse, "Do as I tell you and we can save him. Take hold of his tail and pull hard."

Mother Mouse did as her husband told her, and she pulled as Father jumped up on top of the trap and, with his front paws, pushed down the little wire that held Billy Mouse fast.

Mother Mouse pulled so hard that when Billy Mouse was freed she lost her balance and over she went on her back, right into a pan of milk, and Billy Mouse with her.

The cool milk brought Billy Mouse to his senses, and he began to squeak loudly.

"Keep quiet," said his father, pulling Billy Mouse and his mother out of the milk and hurrying them into the hole.

"I guess you have done enough mischief for one day," said his father. "The next time we go out we will tie you in your bed; you are the most inquisitive child I ever knew."

Poor Billy Mouse was too frightened this time to care much if his neck ached, and when his mother gave him some medicine with a very unpleasant taste, Billy Mouse swallowed it without a squeak.

The next day he had to stay in bed with a flannel around his throat, and even if he had not been tied in he would not have gone out of the hole, for Billy Mouse was no longer inquisitive; he was too frightened and sick to care about anything.

And he made up his mind that when he was well he would obey his father and mother and never, never again try to find out what was in a box.

BON TON GIRLS MONDAY AT PLAINFIELD THEATRE

Real burlesque is the description given by experts of the new production provided for the "New Bon Ton Girls," who will be seen this coming Monday, March 19, at the Plainfield Theatre. Cast, music, jokes, songs and scenery all are new, and the program is solid with good, genuine entertainment of the variety patrons of this popular playhouse have been used to seeing.

Just how much fun, frolic and enjoyment may be expected is to be realized from the fact that the cast is led by Leo Hoyt, Lester Allen and Babe La Tour, and just behind them in importance come Gladys Parker, June La Ray and Callahan and Jackson, the latter with a whirlwind dance that might better be termed cyclonic.

FOUR VILLAGE CUT-UPS AT PLAINFIELD THEATRE

"The Village Cutups," a quartet of typical country hayseeds, head the vaudeville bill at the Plainfield Theatre tonight and offer a repertoire of songs and dances that aim for the amusement of patrons of the Second street playhouse. Tomorrow there will be an entire new bill.

Besides "The Village Cutups," there are four other good numbers on the vaudeville program today, they being: Honey Johnson in his second appearance of the season; a typical country hayseeds, head the comedy sketch entitled "Good Service;" a playlet, "In the Shoe Shop," with Edyth and Eddie Adair, and the Two Alfreds, a team of excellent acrobats. Hearst-Pathe Weekly and other moving pictures are included as attractions.

Tomorrow night the feature of the new bill will be "Tyrouts," when four other vaudeville numbers in addition to the regular bill will be offered.

ARGENTINE OFFICERS RECOVERING FROM DUEL WOUNDS

By United Press:

Buenos Aires, Mar. 14.—Rear Admiral Juan A. Martin and Capt. Diogenes Aguirre, of the Argentine navy, who have been nominally ill, but who are reported really to have fought a duel with one another, are recovering. It is understood that the fight was with swords, that it was over a grave personal difference of opinion, that it occurred in the patio, or courtyard, of a house in the Buenos Aires suburb of Belgrano and that both the principals were wounded.

ITALIANS THINK GERMANY WANTS U. S. IN THE WAR

By United Press.

Rome, Italy, March 14.—Germany's diplomacy is not so much statesmanship as trickery. This is the opinion in certain allied circles here today.

Many think Germany really wants the United States in the war. These say that her recent announcement of an "unrestrained submarine campaign" has this purpose among others.

Germany is now certain she can not win the war, it is asserted. Consequently she is beginning to intrigue for her future position in Europe.

WILSON READY TO AVERT STRIKE

Will Use Full Power to Halt Threatened Rail War.

DEPENDS ON CONFERENCE.

Meeting Between Labor and Railroad Chiefs In New York May Result In Compromise, but Brotherhoods Are Perfecting Plans For Nation Wide Walkout if It Fails—Pledge Loyalty to Country if War Should Come While Strike Is On.

Washington, March 14.—President Wilson will act promptly and decisively to prevent any general tie-up of the commerce of the country through a great railroad strike while the nation is confronted with the dire possibilities of the present international situation.

Convinced that both the railroads and their employees will put aside their own differences to join in the defense of the country, the president is prepared to once more step into the railroad controversy if the strike threat once more becomes acute.

Although confined to his room, the president is in close touch with the railroad situation. He conferred with Secretary of Labor Wilson, who has been watching the developments in the railroad controversy closely, and received a detailed report of the present situation. He will be kept advised as to the progress of discussions between the four big brotherhood chiefs and the conference committee of railroad managers in New York.

Under his direction the federal board of mediation and conciliation will be prepared to act at once and to exert all of the influence of the federal government to prevent a clash between the railroads and their employees. The board met and reviewed the situation, but no announcement was forthcoming.

Trainmen Finish Plans.

In a secret meeting W. S. Stone of the engineers, W. G. Carter of the firemen, L. W. Sheppard of the conductors and W. G. Lee of the trainmen went over with the brotherhood chairmen from the southeastern lines the proposal which will be submitted to the railroad managers. The local representatives indorsed the proposal, which will not be made public until it is laid before the railroad representatives.

It was stated in railroad circles, however, that the new proposal will demonstrate the sincere desire of the brotherhoods to avert a strike in the present crisis. The Southern, Norfolk and Western and the Chesapeake and Ohio local organizations are represented.

The announcement of the brotherhood chiefs carried the assurance that in the event of a declaration of war the railroad employees would "support the country." It pointed out that far more than a year ago railroad men had sought to settle the eight hour day question.

The statement was issued by W. G. Lee, president of the trainmen, and was signed by himself, L. E. Sheppard, acting president of the conductors; W. S. Stone, president of the engineers, and W. S. Carter, president of the firemen.

All members of the general committee representing a number of railroads in the southeastern territory conferred here, and gave thorough consideration to the application of the basic eight hour day as submitted by the chief executives, which was presented to and refused by the national conference committee of the railroads last December.

Will Stand by Country.

It was then hoped by the brotherhoods that an application of the eight hour season law could be agreed upon that would give train, engine and yard employees at once the benefits intended by the president when proposing the eight hour law.

The proposition submitted by the chief executives was unanimously approved by the various general committees, thus authorizing the chief executives to again renew their attempt to effect a speedy settlement with the conference committee at the meeting to be held in New York.

A declaration to the effect that transportation employees are not loyal 64 cents because of their attempt at this time to secure from their employers the benefits contemplated by the law is issued, and assurances of our willingness and intention to support our country should war be declared has been given to the president of the United States.

Surely the public must recognize that for more than a year we have made every effort to bring matters to a decision and our membership realizes that this question should be disposed of and industrial peace brought before our country becomes involved in war, which fact seems probable.

Recognizing it has been the purpose of the railroad companies to postpone final settlement of this question until either a panic or a state of industrial depression

Shifts to New York.

The scene of action of the threatened strike has been transferred to New York city.

It is apparent that neither employer or employee were confident that the strike would be avoided. Spokesmen of the 400,000 employees of the railroads are going ahead with plans to attempt

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

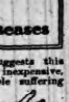
No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ring worm, rashes and similar itching, burning skin troubles.



At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Almost any soap will clean the skin and hair. But those who want a soap which not only cleanses but actually helps the completion and hair are wise to choose resinol soap.

CO-OPERATE WITH NEW YORK

Move to Relieve Congestion, Acquire More Piers and Terminals, as Well as Connecting Railroads on New Jersey Side Urged by Governor in Special Message to Legislature Today.

Trenton, March 14.—Governor Edge sent a special message to the legislature today requesting authority to name members of a proposed New Jersey-New York interstate commission to deal with the question of water front and terminal facilities. This action follows a conference between Governor Edge and Governor Whitman of the Empire State. A similar request is to go to the New York legislature from Governor Whitman.

The New Jersey governor will suggest to the lawmakers that appropriations be provided of $7,500 in the supplemental bill and $10,000 in the annual bill as New Jersey's share in the work of development of New York harbor and the extension of the water front facilities in both states. The plan of the two governors is said to have been given indorsement by the New York Chamber of Commerce after a recent speech before that body by Governor Edge, in which he urged more of the spirit of co-operation between the two states.

"This commission," said the governor, discussing his plans, "if the legislatures of New York and New Jersey give the governors the power to appoint it, will, of course, not concern itself with the proposed vehicular tunnel under the Hudson river. That is a matter which is being taken care of by a different commission. The work of the proposed commission will be along the lines of relieving congestion in the port, encouraging commerce from every standpoint, including the acquisition of more terminal facilities, particularly on the New Jersey side, connecting railroads and allied activities.

"New Jersey is to be congratulated that New York state is taking such an unselfish interest in this proposition. I believe that the port of New York is just as much a New Jersey institution as it is a New York institution and that when New Jersey makes it such New York will benefit the same as New Jersey. That Governor Whitman and the state of New York are perfectly willing to recognize the partnership of New Jersey in the port of New York and are ready to accept the co-operation of New Jersey in my mind indicates the broad attitude of view which the sister state is taking of the whole matter."

OPPOSE HUNTING CHANGE.

Butler Gunners Want Woodcock Season Left as It Is.

Butler, March 14.—Sportsmen hereabouts are protesting against the bill introduced in the legislature to allow the shooting of woodcock only after the season has opened in November for rabbits, quail, pheasants, partridge and other game. Having the season open for woodcock Nov. 10, instead of Oct. 15, as for the other game, it would be impossible for nimrods in northern Jersey to shoot this bird, as by that time it has migrated south.

The exponents of the bill state that the reason for its introduction is to lessen the killing of other game out of season, on the theory that when a hunter is in the woods after woodcock he will shoot anything he sees. Those who are protesting point out that this condition will not be remedied, as the season for snipe and plover opens in September.

DR. HENRY L. COIT DEAD.

Founder of Babies' Hospital, Newark, Ill Only Day.

Newark, March 14.—Dr. Henry Lebed Coit, founder and medical director of the Babies' hospital, father of the certified milk movement and one of the best known specialists in infant diseases in the country, died at his home, 277 Mount Prospect avenue, from pneumonia and heart complications. He was ill only twenty-four hours. Dr. Coit would have been sixty-three years old Friday.

Dr. Coit's illness came on him Sunday shortly after what proved to be his last visit to the hospital, of which he had long been the guiding spirit.

DOES RHEUMATISM BOTHER YOU?

Many Doctors Use Musterole

So many sufferers have found relief in Musterole that you ought to buy a small jar today.

Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. Musterole routs the twinges, loosens up stiffened joints and muscles.

Musterole is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin.

It takes the place of the mussy, old fashioned mustard plaster.

Musterole is recommended for bronchitis, croup, asthma, pleurisy, lumbago, neuralgia, sprains, bruises, stiff neck, headache and colds of the chest (it often prevents pneumonia).

CUNARD LINER SUNK

Special to Courier-News:

Washington, Mar. 14.—A dispatch from Consul Wesley Frost, at Queenstown to the State Department, tells of the sinking of the Cunard non-passenger liner, Brolla, near Waterford, March 10. The survivors were landed at Dungannon. The sole American on board was the ship's surgeon; W. J. Core, of Nashville.

PERSONAL

P. Welsbecker, who has been on the border with the 12th New York Regiment, is spending a short time at his home in North Plainfield.

Frank Reynolds, of the borough fire department, is confined to his home with an attack of the grip. His position is being taken at the headquarters by A. A. Fritz.

Dr. David Leavitts, of the Stirling building, who has recently recovered from an operation that took place in St. Luke's Hospital, New York, expects to resume his practice this week.

AMERICA MAY WITHDRAW FROM BELGIAN RELIEF

Special to the Courier-News:

New York, March 14.—The United States probably will be forced to withdraw from Belgian relief work in the near future, according to Secretary of State Lansing. Germany, it is believed, is now planning to put this work in the hands of Holland and Switzerland.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

BISHOP WOODCOCK COMING HERE

The Rev. Henry Teller Cocke, of St. Andrew's church, Mount Holly, is to be the special preacher at Grace church on Sunday evening next at eight o'clock. Mr. Cocke is a Southern clergyman recently transferred to the diocese of New Jersey. He is a speaker whom the public will enjoy hearing.

The rector announces the coming visit of Bishop Woodcock, of Kentucky, on Sunday, March 25. All members of the community will remember the mission held at Grace church a year ago, when Bishop Woodcock made such far-reaching and substantial impressions. One of the outstanding memories of that occasion is the men's service held on the last Sunday afternoon of the mission. Grace church was filled to the doors with men only. The service was unusual and impressive to a degree. The same evening, the attendance at the closing service was so great that the capacity of the church was overtaxed.

The public will no doubt be eager to renew a privilege so valued, and Grace church will make preparation for the hospitable reception of all who are minded to attend. The Bishop will preach twice only, at 10:30 a. m. and 8 p. m.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back hurts or Bladder bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's poisonous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate *sluggish kidneys, also to neutralize* the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
½ cup water
1 cup seeded raisins
2 ounces citron
½ cup shortening
1 teaspoon nutmeg
1 teaspoon cinnamon
1 teaspoon salt
2 cups flour
2 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together, and mix well. Bake in moderate oven in loaf pan greased with a hole in center (a boat) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 135 William Street, New York.

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

GERMANS SMASHED IN AFRICA SAYS SMUTS

London, March 14.—Gen. Smuts, former commander of the expedition against the German forces in East Africa, who was made a privy councilor recently, arrived in England yesterday. Speaking of the situation on the East African battle-front he said:

"The campaign in East Africa is virtually ended. After the rainy season in March and April the Germans will be obliged either to surrender or enter Portuguese territory, where the Portuguese are ready to deal with them. The operations against the mere remnant of Germans will be undertaken by native troops. I have trained, because I found the white troops were unable to stand the climate for any length of time. The natives make a splendid fighting infantry, and at the close of the operations will be available elsewhere.

"East Africa is enormously valuable and productive. The Germans spent millions in developing it. The mere suggestion that any part of it should be returned to Germany is preposterous. The native population has stood magnificently by us, and I shudder to think what would happen if any part of the territory were given back to Germany. All the African colonies would be aghast at the mere idea, and moreover our prestige would suffer materially."

MANY SHIPS REACH ITALY SAFELY

Special to Courier-News:

Rome, Mar. 14—An official report, issued today, says that in the past week 493 vessels, aggregating 291,211 tons, arrived in Italian ports and 464 vessels sailed. The figures include fishing boats, four steamers, the report says, three of more than 1,500 tons and one under the capacity, and three sailing vessels were torpedoed. A steamship and two sailing vessels were attacked by submarines but escaped.

AMBOY'S NEW HOTEL IN FULL SWING

The beautiful new Packer House a Perth Amboy, under the supervision of Peter Floersch, formerly of the Queen City Hotel, this city, is now formally opened. At the opening on Saturday night last Van Epe' banjo orchestra furnished music for dancing and a male quartet also entertained. Souvenir card cases were given the gentlemen and new style fan wells were presented to the ladies. A sumptuous banquet was served the guests, who came from this city and elsewhere.

The new hotel is five stories in height, handsomely furnished, has running water in every room; 48 of the rooms have private baths, every room on the top floor has a connecting bath room.

The handsome dining room has a seating capacity of 300. The color scheme is pale blue and ivory, giving a very rich appearance by its simplicity of tone.

Every modern convenience known to the hotel business has been installed, from the mechanical potato peeler in the kitchen to the mail chute in every corridor in every floor.

The ladies' writing room is in a balcony, overlooking a fine large lobby where many easy chairs are scattered about for the comfort of the guests.

JURY SEES OSBORNE AND WAX TOGETHER

Testimony Given to Prove That New York Lawyer Was Not in This City

Testimony tending to prove that James W. Osborne could not have been in Plainfield on the day that Rae Tanzer declares he brought her here, was given by Mr. Osborne, his wife and several other witnesses in the United States Court, New York, Monday, they being called by the prosecution in closing its case against the young woman. During the day the jury had the opportunity of seeing Mr. Osborne and Charles H. Wax, who says that he posed as "Oliver Osborne," side by side.

Prosecutor Rand brought out the fact that Wax was musically inclined while Mr. Osborne testified that he could hardly tell the difference between "Star Spangled Banner" and "Dixie," and that the first he had heard of Rae Tanzer was when he received letters from her in December, 1914.

Mr. Osborne told of October 18, 1914, the day he is alleged to have come to this city with the young woman. He recalled that he had had an appointment to meet Matthew J. Smith, then District Attorney of Queens county, and Reuben Packham at the Bar Association. He further testified that he overslept that day, was awakened by Mr. Smith and Mr. Peckham who later had lunch with him at his home. Then the three went to the Bar Association, where they remained until 5 o'clock. Several witnesses were called to prove that Mr. Osborne was in the Bar Association rooms on October 18 and on another date he was in Providence, R. I., when Rae Tanzer said he was in her company.

ENGLAND WILL TAX EXTRAVAGANCE

British Government to Take All Profits on Useless Business

London, March 14.—Many new taxes will be included in the new budget which is soon forthcoming. Chancellor Bonar Law's general plan will be to impose heavy duties where they will prove the most effective deterrents to extravagance.

He proposes to make utterly impossible any earning of profits in any business or line of business that tempts the people to waste. The Government will take profits, thus ending such enterprises. A big increase in general taxes on excess profits is expected also.

MAY SAVE MEXICAN MINES

Washington, March 14.—Owners of idle American mining properties in Mexico may yet secure exemption from Gen. Carranza's recent confiscation decree if they file immediately with the Carranza Government their reasons for not resuming operations and ask for extension of their concessions.

Ambassador Fletcher notified the State Department today that he had been assured such applications would be granted if accompanied by the proper data and by a statement of how soon mining work can be resumed. The Ambassador said, however, it was imperative the applications to be filed immediately.

The two papers led to animated discussions.

TAKE PRIDE IN YOUR HAIR

It tells your character

The first impression of a person's character *is often made by the hair* and its dress. Does your hair allow you to comb it to suit you best? Possibly it looks dead and straggly and hurts your appearance. How much a little care on your part would bring back to your hair that healthy glow, admired by everybody.

Dandruff kills the hair roots. To stop it use Pompeian HAIR Massage. It is a clear amber fluid, not oily, not sticky, and has a very pleasant disappearing odor. Simply massage it into the scalp two or three times a week. Your Dandruff will soon disappear, your hair will become soft and brilliant, easy to dress, and you will point to it with pride.

Pompeian HAIR Massage is sold at the stores in 25c, 50c and $1 bottles.

P.-T. SOCIETY MEETS IN IRVING SCHOOL

A meeting of the Parent-Teacher Association of the Irving-Jefferson schools was held in the former school yesterday afternoon, when the question box was opened and the queries answered by Dr. Henry M. Maxson. The questions were of more than usual interest and largely concerned school methods. Appreciating the value of the questions Dr. Maxson took a noticeable interest in them and answered each one fully. During the meeting a violin and piano duet was played by Carl and Walter Denckla; Miss Watson contributed a vocal solo and songs were sung by the pupils of Grades six and seven. It was arranged to give a teachers' party on Friday, March 23.

Refreshments were served by a committee of which Mrs. Charles Wenzel was chairman.

A MISCELLANEOUS SHOWER

A miscellaneous shower was tendered last evening to Miss Myra Lippincott, by Miss Stella Vermeule, at the Home of the latter, on Jackson avenue, North Plainfield. There were upwards of forty guests present and a delightful hour was passed with music and games. Refreshments were served during the evening. Miss Lippincott is engaged to be married to Charles Starbuck, of Clifton, in the near future.

MATCHES

The world is cursed today with the temperamental match. Formerly the match was a big, saucy sliver of wood with a head full of fire and brimstone. It was a hair-trigger match—one you could strike anywhere and get results. But matches today are different. Thin, stunted, puny little things, and so darned particular—they have to be scratched on their own brand of sandpaper or they won't light. You have to coax them all the time. And the heads fly off on the slightest provocation. They're no good. Drat a match that has to be wheeled into doing its duty, anyhow!

FAMILY BOWLING TEAMS TOGETHER

Luthmans and Matthews in Feud on South Bound Brook Alleys

Five Luthman brothers, North Plainfield's pride in the bowling world, came into its own last evening when they walloped the Mathews family of South Bound Brook on the alleys at the latter place. The S. B. B. aggregation never appeared to have a look-in, as the boroughites took everything in sight, with the possible exception of individual high score, which went to O. Mathews, who secured 260 in his second tilt.

Not very often does it occur when two bowling teams made up of members of two families can come together on the alleys. Such, however, was the case last evening, and it is expected the two teams will be booked up for a return match on the borough alleys in the near future.

ARLINGTONS BEST INNER TRIANGLES

East Enders in Another of Their Season's Few Defeats

Last night the Inner-Triangle Club went down to inglorious defeat at the hands of the fast Arlington five on the T. A. B. S. court. Patterson, the star I.-T. C. forward, was way off color and did not secure a basket from the field all evening, while he caged only four out of twice as many tries from the foul line. Campbell played a ripping good game at centre.

In the first half Brandt ran away from his guard and made four baskets, but in the second half he played against a different man and could not even see the basket. Campbell had his eye on the basket, making five neat shots from the foul line and one two-pointer from the centre of the floor. Coughlin played in the last five minutes and stayed in the game just long enough to put one through. Kuldoshes was also in bad form, securing only one basket out of several tries.

SPORT BRIEFS

Gathered From Here, There and Everywhere in the Sporting Arena

Miami, Fla.—The Boston Braves look fine. Fred Baily, the former Washington and Lee player, will land a berth this season.

Cleveland, O.—Matt Hinkel, the boxing promoter, wired Danny Morgan yesterday, offering him a substantial guarantee for battling Levinsky to box Billy Miske March 30. Miske is willing if his hand is all right.

Hot Springs—The Dodgers will have only one practice session daily from now on. A full nine-inning game will be played every afternoon between the regulars and the Cubs.

New York—If the management of Madison Square fail to get a year's lease for the Garden the ten-round bout between Joe Welling and Charley White, both of Chicago, will be transferred to Racine Wis. It is planned to have the go on March 28.

St Petersburg, Fla.—Manager Moran of the Phillies received a telegram from Infielder Misnoff, reiterating his determination to get more money. Light practice will be indulged in today, so as to give the boys a chance to rest up.

New York—Benny Leonard arrived home from Philadelphia yesterday morning and immediately resumed training for the ten-round go with Freddie Welsh, the lightweight champ, at the Manhattan A. C. March 28. Benny expects to decisively defeat the champion, who he thinks is on the down grade.

Marlin, Tex.—Manager McGraw gave the players a baseball talk yesterday morning. He ordered his athletes to try no hook slides and keep away from the fast pitched balls.

Philadelphia—It was reported yesterday that Exposition Hall, which can hold 15,000, will be turned into a boxing arena. Nick Hayes, the promoter, it is said, will head the scheme. Johnny Kilbane and Benny Leonard have been offered $10,000 to box six rounds there any time their managers decide upon.

Frank Baker's Birthday

Frank Baker, the Trappe Master, celebrated his thirty-first birthday yesterday at the Yankee camp in Macon, Ga. "Baker" was not satisfied with his birthday party, for he failed to make a hit for the first time this year.

Comrade Club Game

Thursday night the Comrade Club will clash with the N. P. H. S. Juniors. It will be the second game of a series and will be staged on the Netherwood church court.

SOCIAL CLUB IN WELL EARNED GAME

In a fast and well-played game the St. Mary's Social Club defeated the basketball aggregation hailing from the Y. W. C. A. at the T. A. B. S. court last evening by a score of 14 to 8. The first period wound up with a score of 5 to 4 in favor of the Social Club.

In the second period the home team sewed up the contest in the first few moments by some fast and accurate shooting in rapid succession, securing a sufficient number of baskets to make the title of contest secure.

Miss Wright was easily the star of the game, securing five baskets and two fouls. Miss McAuliffe did some good work for the visiting aggregation.

The Social Club aggregation, together with a number of rooters, will leave this evening on the 6.38 train for Newark, where the team is booked to play a return game with the Public Service girls of that place.

CHAPEL LASSIES WIN VERY EASILY

On Monday night the Comrade Club met defeat at the hands of the Hope Chapel five by the score of 18 to 6. The game was well played, however, and the guarding of Louise Snowden of the Comrades brought forth much praise. She held down Bessie Overbaugh to one basket. The Comrade centre, Naomi Fritts, was also on the job, easily out-playing her opponent.

Myrtle Townley scored the only points for the Comrades, caging four fouls and one field goal. She was so closely guarded that she made only a few tries for goals.

ST. JOSEPHS PUT RAMBLERS TO ROUT

Bowling is just one defeat after another for the Ramblers, but despite this condition they continue to ramble right along. Last night the St. Joseph's Club of the borough donated another defeat to the Rambler collection on Gates' alleys, the borough, by winning all three. While the first two belonged to either side up to the tenth, there was no question as to who would gather in the third, for the Saints swept everything before them.

Hyslip, last year's Rambler anchor for part of the season, and Davenport, who will finish the season with the Rams, were given an opportunity to display their wares in last evening's series, and while their pinning was considerably below par, much can be expected of them in future matches.

Only two double century scores were recorded, Ferraro and Connolly sharing alike.

PFEFFER SIGNS CONTRACT

Special to the Courier-News:

Hot Springs, Ark., March 14.—Jeff Pfeffer, the National League star twirler, signed a contract this morning after a short conference with President Ebbets, which was brought about by Jack Coombs. The contract calls for a slight increase in salary and a bonus agreement, according to the number of games he wins. Jake Daubert and J. W. Snyder are expected at camp this afternoon.

N. P. H. S. AT NEW BRUNSWICK

The North Plainfield High School basketball team will take its last trip of the season this afternoon to New Brunswick to play the high school team there. Those who will make the trip besides a large number of rooters are Ahern, LaPorte, McDonough, Willett, Force, Barry, Clay, Dunning and Captain Seidel.

MID-WEEK RIFLE PRACTICE

The mid-week rifle practice under the auspices of the Plainfield Rifle Club will be held this evening at 8.15 at Company K armory. All members of the club are urged to attend. Interested men who may not be members of the organization are invited to visit the practice and become acquainted with the members. Applications for membership may be left with the sporting editor of the Courier-News.

Coopertites Tied With the Barbers

John Cooper and his partners sat in last night and tied the pinochle contest between the team and Edward Gaub's players on Somerset street. It was somewhat of a surprise for the barber trip, as it expected to end the contest last night. The score is now ten games each, and the deciding game will be played off next week.

No doubt the deciding game will draw a large gathering of pinochle fans at Domino Club headquarters.

"Tyrants Transformed Into Skunks"

The contemptible plan of malicious slander to injure the sale of CAMEL cigarettes has been exposed. Such an insult to the intelligence of Mr. Jobber, Mr. Dealer and Mr. Smoker has been rightfully resented. That great force of justice and fairness that the average man always upholds still prevails.

Some say those responsible for this malicious slander once forced their way by biting and clawing the trade. Since having their teeth and claws pulled out, and realizing their inability to longer continue biting and scratching, they put on gum shoes, transformed themselves from tyrants into skunks, and are fighting by using their fetid odor to destroy a great brand which has won the confidence of the public.

Now that the object of these low-down tactics of lying to injure the sale of CAMEL cigarettes is known to the trade and consumer, it is acting like a boomerang, and the hides of these skunks, as they are called by some, are now being pierced by their own malicious slander.

We know from facts in our possession whose employees are circulating the damaging falsehoods about CAMEL cigaret es.

Here's Why They Are Doing It

The purity and delightfulness of CAMEL cigarettes have made them the largest selling brand of cigarettes in the world. We sold over four billions more CAMELS in the year 1916 than we sold in the year 1915. Think of that wonderful increase—a gain of four billions in one year! We have already sold over one billion more CAMELS during 1917 than we sold for the corresponding period of 1916. These record-breaking increases were made unassisted by coupons or premiums—standing alone on purity and delightfulness. Our increase alone in the sale of CAMEL cigarettes is more than the total sales of any other brand of cigarettes for the period stated.

What more positive testimonial of the purity and delightfulness of CAMEL cigarettes could be furnished than this tremendous and steady increase in their sales? Smokers will not permit themselves to be prejudiced against CAMEL cigarettes, to give up a brand that has brought them so much pleasure, now that they know that only envy and jealousy were the foundation for the malicious falsehoods put into circulation for the purpose of injuring the sale of CAMEL cigarettes.

CAMEL cigarettes are pure and they are delightful. We invite comparison with any cigarette in the world, at any price, and welcome fair and aboveboard competition from any manufacturer.

Women! Keep This On Dresser! Never Let Corns Ache Twice

Instantly! Few drops stop corn-soreness, then corns and calluses shrivel, loosen and lift out with fingers—No pain!

The world owes thanks to the genius in Cincinnati who discovered freezone, the new ether drug.

Small bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of this freezone upon a sore, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you can lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezone or afterwards. It doesn't even irritate the skin or flesh.

For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet. Everyone who tries freezone becomes an enthusiast because it really doesn't hurt or pain one particle.

Tell your druggist you want a small bottle of *genuine freezone*. Each bottle is packed in a little round wood case. Don't accept anything else.—Adv.

SPEAKS ON DUTIES OF A SOLDIER

Address by Capt. Peterson at Busy Session of East End Civic Association

The East End Civic Association meeting last evening drew a large attendance. Capt. Charles A. Peterson gave an interesting talk on "Duties of a Soldier." A member of Company K was present in full uniform and with complete equipment.

Captain Peterson exhibited and explained the marching tools, rifle and different items of the equipment. He then showed by diagrams on the blackboard the manner of advance and defense of a marching column of troops in the presence of an enemy. Many details of a soldier's life and military tactics were made clear by the address.

During the business session the Public Utilities Committee reported that the matter of the refusal of the Public Service Railway Company to accept school tickets on Lincoln's and Washington's birthdays had been taken to the Public Utilities Commission of the State and as yet no final decision made.

The school committee presented a letter from the State Board of Education, showing that an inspection had been made of the basement rooms of the new Emerson School and that these can be made fit for use as schoolrooms, provided the changes suggested by the inspector are made.

A resolution was adopted, asking the city council to include in the budget this year appropriation for the removal of the embankment on Midway avenue, for paving East Second street, from Netherwood to Hillcrest avenues, the Public Service Company to meet its share of the cost; for the placing of the fire plugs needed for this section, for paving Hill street, George street, Midway avenue and St. Mary's avenue, and for the erection of the remainder of the Emerson School.

It was voted to hold the next meeting on the third Tuesday in April in the Emerson School; to make it a formal opening of the building, and to invite the Mayor and City Council, the Board of Education, the City Planning Commission and all citizens.

At the close of the meeting refreshments were served by the entertainment committee.

SURPRISED MR. AND MRS. ANDREW LUTKINS

The members of the congregation of Grace M. E. church went to the residence of Mr. and Mrs. Andrew Lutkins last night, and surprised them. It was in the form of a welcoming home, Mr. and Mrs. Lutkins having just returned from a six weeks' trip through Florida. There were about fifty present to enjoy the social evening.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If Cross, Feverish or Bilious Give "California Syrup of Figs"

No matter what ails your child, a laxative, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and *sweeten the stomach and they dearly* love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

There are no precedents to guide the department, and every move will be made with extreme caution in order to keep the international legal record straight.

It was explained that the orders to arm ammunition ships are based upon the state department's contention that these vessels, even though carrying contraband, are entitled to all the protection of international law.

The guns will be put aboard to protect the ships and the lives of the crews. Under international law these ships cannot be destroyed at sea without making ample provision for the safety of the lives of those on board, and the guns aboard are to prevent any disregard of this requirement.

The first armed ship that leaves for the war zone will carry an American diplomat. Hugh Gibson, secretary of the American embassy in London, Secretary Gibson received permission to sail on the first vessel to depart under protection.

It was stated the arrangement was not made at the request of the state department, but it was recognized there would be great advantage in having a trained diplomatic observer aboard the vessel should she be attacked.

The destruction of another ship without warning and the imperiling of the lives of Americans was received from the war zone. Consul Frost at Queenstown reported the sinking of the Cunard freighter Folia, with Dr. W. J. Core of Nashville, Tenn., on board. *A late dispatch to the state department from Consul Frost said:*

The final release of the Yarrowdale prisoners was announced by the state department, Minister Storal at Berne, Switzerland, in a dispatch to the department announced the arrival of fifty-nine of the Yarrowdale Americans at Zurich.

The state department also announced that *American nationals would soon be* forced to withdraw from Belgium, where they have remained since the break with Germany in charge of relief work. HEAVY RIFLES FOR U. S. SHIPS

Armed Merchantmen to Have Powerful Guns.

AMERICANS OUT OF BELGIUM

Relief Work Taken Over by Spanish and Dutch and Usefulness of United States Citizens There at End—Navy Department Rushing Work of Closing Bids For Construction of New Warships.

Washington, March 14.—Armament heavy enough to combat any submarine that ever plunged beneath the seas is being mounted on American merchant vessels bound for the German war zone.

While details of the guns and gunners placed aboard the merchant ships are still concealed, the state department admits that the armament would be sufficient to protect the ships. It is understood that in some instances the navy department plans contemplate placing as many as four big guns on liners, one mounted forward, one aft and two amidships.

The state department is feeling its way cautiously in the matter of arming ships. *It was stated that never before* in the world's history has a union at peace taken steps similar to that now under way by the United States. There are no precedents to guide the department, and every move will be made with extreme caution in order to keep the international legal record straight.

It was explained that the orders to arm ammunition ships are based upon the state department's contention that these vessels, even though carrying contraband, are entitled to all the protection of international law.

back to get all Americans out of the *German territory are expected shortly.*

Rush Ship Building Work.

The navy department pressed vigorously its work of preparedness for the next move in the game with Germany. Secretary Daniels today opens bids for six fast scout cruisers to cost $6,000,000 each under the last two naval appropriation bills. The limit of cost of these vessels, invaluable in combating submarines, was $5,000,000 under the 1916 law, but *was raised to* $6,000,000 because ship builders would not bid.

Tomorrow the secretary will take up with a conference of ship builders the problem of clearing the way for the construction of the 157 destroyers already authorized. These ships have been delayed for months by differences over prices. The conference will complete the navy department's survey of the nation's shipbuilding facilities, and it is expected that Secretary Daniels will at once recommend to the president that he issue a proclamation declaring a national emergency *exists.*

This will make available the bond issue of $7,000,000 authorized by congress to speed up naval construction in case of a crisis.

BITTER FIGHT ON COLOMBIAN TREATY

Republicans to Oppose Payment of $25,000,000.

Washington, March 14.—Republican opposition to the Colombian treaty as revised and reported to the senate will present a united front, which even before the discussion of the new convention has begun spells defeat of its ratification. For bitterness and intensity of partisan utterance the fight bids fair to take rank as the most acrimonious in which the senate has indulged.

*The treaty originally extended to Co*lombia the regret of the United States at the forceful participation of American naval forces in the overthrow of the Colombian control of Panama and the establishment of the Panamanian republic. It conveyed to Colombia a contribution of $25,000,000. Later this amount was reduced to $15,000,000. The senate committee on foreign relations voted favorably on the amended document with an increase to $25,000,000 and the munalization of the expressions of regret and the inclusion of a guarantee by Colombia of the rights of the United States in Panama in perpetuity.

*Senator Lodge of Massachusetts, sen*ior minority member of the committee on foreign relations, gave voice to the Republican opposition in a statement. After charging former Secretary of State Bryan with original responsibility for the instrument Senator Lodge said:

"The reasons given for its ratification at this moment are enough to condemn it. Even if I favored the treaty I would not support it at this time because I am not willing to have my country blackmailed. We are told—and truly I have no doubt—that German intrigues and German influence have been active in Colombia, and *therefore we must ratify this treaty* and pay Colombia $25,000,000."

FULL CREW REPEAL PASSES.

New Jersey Assembly Reconsiders Former Action.

Trenton, N. J., March 14.—After having beaten it last week by a vote of 27 to 24 through a combination of Republican and Democratic votes, the house after two hours' debate reconsidered its action and passed the Roberts bill to repeal the full crew law by a vote of 37 to 22.

All of the Democrats present (fifteen) and seven Republicans voted to retain the law on the books, and the majority obtained for the repealer was recruited entirely from the Republicans. The bill now goes to the senate.

Princeton With President.

GERMANS QUIT NEW BAPAUME LINE

British Again Advance on Ancre Front.

London, March 14.—The official report from British headquarters in France announces the abandonment by the Germans of their main defensive system west of Bapaume on a front of three and one-half miles.

The British troops drove back the German rear guard to a depth of a mile and occupied Grevillers and Loupart wood, *lying just west of Bapaume.*

The retirement followed a heavy British bombardment and was made under cover of hazy weather.

British cavalry from Bagdad has occupied Kazimain, on the Tigris river, five miles above Bagdad, it is officially announced. The occupation took place on March 11.

Considerable booty was taken in Bagdad. Five hundred wounded were left in the city and made prisoners by the British.

German troops advancing against the Russian lines on the Narayurka river, in Galicia, took more than 250 prisoners, army headquarters announced. The statement reads:

"On the eastern front, in an advance on the Narayurka we took more than 250 prisoners."

An earlier official report announced that thirteen machine guns and more prisoners were taken.

WOMEN'S AERO CORPS.

Ruth Law to Train Girls For Coast Defense Work.

New York, March 14.—Miss Ruth Law, champion long distance aviator of America, is to organize and train the first woman's aero corps of the United *States. Her intention to take up the* training of her countrywomen for service in the air was made known here in a letter from Paris, where she has been looking for an aeroplane suitable for women, and studying aerial military work.

The daring aviatrice wrote that she had found the type of machine she sought, and she expected to return to the United States in a few days with it. *Miss Law believes that her organiza*tion would be of great value to the nation in coast defense work.

TRIAL BEGINS IN FANWOOD TRAGEDY CASE

Special to the Courier-News:

That no warning sound came from Rolland Depew's *automobile* when it ran into a group of girls, killing one of them, Hilda Hodgson, of Fanwood, in Mountain avenue, December 3, last, was the testimony of witnesses at Depew's trial for manslaughter which is in progress today before Judge James C. Connolly and a jury in the Court of Quarter Sessions in Elizabeth.

Depew, an Orange youth, and several other young men, with young women companions, were in the auto at the time. Edna and Esme Hodgson and Hattie Perrine were walking arm-in-arm, going home from church with Miss Hodgson when the latter was killed, according to Edna Hodgson's testimony yesterday afternoon. The others were injured. She then told of the absence of any waaning, and despite rigid cross-examination by Judge Abe J. David, counsel for the accused, insisted that there was plenty of artificial light for the autoist to see the party.

Charles Perrine, who walked behind the young women as they returned from church services, corroborated this testimony, adding that the young women were on the right side of the road and that the machine was traveling at the rate of 20 miles an hour. It swerved toward the group as it approached, he said. They were walking in the gutter at the time, as there was no sidewalk.

There's a Reason

Why our Developing and Printing is satisfactory—in fact, there are reasons: We develop your films carefully and with no hurried work. They are under observation of an expert from the time they enter the dark room until they leave it. This insures the best possible results from your exposures, no matter how widely they vary. In our Printing Department we use "VELOX" entirely. This is the most expensive paper on the market today, but we are after results. "VELOX" comes in three grades—Regular, Special and Contrast. You may have negatives of widely varying density—but one of these three grades will give you the best possible print from one negative. Our experts will select the grade of paper and make the print, develop it with the best and most expensive developing agent on the market (expense isn't considered when quality is in the balance) with the result that we have a satisfied customer. The prices for our developing and printing are no higher than any establishment and less than some.

Films Developed, any size roll, 10c; 2¼x3¼ prints, 2c; 2½x3¼ prints, 4c; postcard size, 3c.

MOTHERS HEAR DR. MATHIEWS

Former Pastor of Scotch Plains Church Addresses County Council

RECREATIONAL READING

Urges That Special Supervision Be Given Boys and Girls During Period Commonly Called the Reading Age

At the afternoon session yesterday of the County Council of Mothers' Associations, with Mrs. Hill, of Roselle, presiding, Dr. Franklin K. Mathiews was presented to talk to a large and appreciative audience of representative women. Dr. Mathiews spoke especially on "Recreational Reading," and near the close of his address he also devoted a little time to speaking about moving pictures. As these are subjects in which every mother is keenly interested, with regard to her children, the speaker held the earnest attention of his audience for an hour and a half.

Dr. Mathiews pointed out that there was a wide difference between recreational reading and that of an educational curriculum. He urged that special supervision be given to the boys and girls between the age of ten and fourteen, as that period is commonly called the reading age. On either side of that age, some children are very precocious; others, very backward in grasping and digesting what they read; and, as one can have a surfeit of even good things, so it is possible to overdo in reading, no matter how good and wholesome the books are. Dr. Mathiews believes that books should have a proper amount of thrill, and punch, and "pep," but he strongly opposed "red pep."

He declared that, in his opinion, there are not more than fifty books that may be termed boys' books, that have real literary quality; "and perhaps," he added, "on close analysis, there are not more than twenty-five." He deplored the fact that not much was being done by the schools to arouse and cultivate the imagination of the boy, as imagination was one of the first essentials of a good boy scout. Much could be done by a sympathetic interest on the part of educators, and by their getting in touch with real high-grade authors, and having them turn out books worth while for boys and girls.

In touching upon the physical and emotional side of the growing boy, the doctor pointed out that, above all, good reading will have more to do in keeping him clean and wholesome than anything else. Hundreds of books, he said, which are selling anywhere from twenty-five to fifty cents, are but nickel novels in disguise.

Dr. Mathiews' views in regard to moving pictures can be briefly stated. He said, that unless we worked for and secured the very best, then the best way to educate our children in regard to the moving pictures is to keep them away from them.

At the close of Dr. Mathiews' splendid address a rising vote of thanks was given him.

SUFFRAGE BILL IN JEOPARDY

Mrs. E. F. Feickert Expresses Surprise at Action of Republican Majority

Trenton, March 15.—Following the drastic action taken by the suffragists yesterday afternoon to pry their bill for woman suffrage on Presidential Electors from the hands of the Assembly Miscellaneous Business Committee, after they learned that the Republican majority was planning to kill the bill by not moving it, Mrs. E. F. Feickert, of Plainfield, president of the New Jersey Woman Suffrage Association, today issued a statement expressing amazement that the Republicans would quibble over a question endorsed by the Republican State Convention last fall.

After working Tuesday and yesterday to get their bill from committee in both Senate and Assembly and finding it was the plan of the Republicans to let both measures die in committee, the suffragist leaders yesterday afternoon got the necessary fifteen Assemblymen to sign a petition to force the committee to report the bill. This petition was filed with Assembly Clerk Upton S. Jefferys by Assemblyman Roy E. Robinson, of Bergen county, the introducer of this bill.

The fifteen signers were as follows: Assemblyman Robinson, Emmor Roberts, of Burlington; Timothy F. Aaron, John J. Dugan, Charles H. Felton, Allan W. Moore, Ulysses G. Borden, Frank A. Dolan, William J. McGovern, Jacob J. Singer and Theodore Talstra, of Hudson; Clinton H. Read, of Mercer; James A. Edgar, of Middlesex; John S. Amerman, of Somerset, and Philip S. Wilson, of Sussex.

When Clerk Jefferys received the petition he said it did not appear to be regular, that it had some parts marked out and bore names also crossed off. Assemblyman Robinson asked to have it returned, but Republican Leader Oliphant objected, claiming that having been presented to the House, it should not leave that body.

DOUGLAS MARTIN WEDS MISS SADIE E. HUYLER

Mr. and Mrs. John Huyler, of 700 West Front street, today announced the marriage of their daughter, Miss Sadie E. Huyler, to R. Douglas Martin, son of Mrs. Laura Martin, of 825 Park avenue. The ceremony was performed in Elizabeth yesterday afternoon. After a short honeymoon the couple will reside in Plainfield.

LEGISLATURE ADJOURNS TO FIRST WEEK IN APRIL

Special to Courier-News:

Trenton, N. J., March 15.—Under a resolution presented in the Legislature yesterday, no bills now pending will be acted upon after Friday of next week. It is proposed to take a one-week recess then, returning only to pass the appropriation bills and consider any vetoes by the Governor. Final adjournment is set for the first week in April.

LAUDS SUMMIT'S DEFENSE SOCIETY

Collier's Weekly in its current issue bestows editorial praise on the Summit branch of the National Defense Organization and upon Mayor Ruford Franklin, its president. It finds particularly laudable the enrollment of 500 members and the taking of what virtually constitutes a military census of the city.

NO CAUSE FOR ACTION

No cause for action was the decision of Judge J. Henry Crane in the District Court yesterday afternoon in the case of H. H. Bohl against James Cavan to recover for injuries alleged to have been sustained one month ago, when it was alleged by Bohl that Cavan struck him on the head with a shovel.

BOROUGH SOLDIER HOME FROM BORDER

Herbert Weisbecker Speaks Highly of United States Service

Looking every bit a soldier and in great deal better health than when he departed, Herbert Weisbecker is back home for a visit with his parents on Somerset street, North Plainfield. Mr. Weisbecker spent nearly seven months of military duty on the Mexican border as a member of Company K of the Twelfth New York Regiment.

Since July 5, Mr. Weisbecker has been at McAllen, Texas, participating in the routine of duties, including patrol service, long hikes, trench digging, drills, army maneuvres and battle formations.

One of the notable tasks of the regiment in which he participated was the digging of the irrigation ditch a mile long which was used in making the camp sanitary. The Twelfth enjoyed the distinction of being the most capable regiment when it came to long hikes, and in other ways distinguished itself in peaceful maneuvres.

The regiment had been away since July 5 and left McAllen on the return trip in February 26, stopping at Washington, D. C., to do guard duty during the inaugural ceremonies for President Wilson.

The most notable change in coming North for Mr. Weisbecker and his comrades was the difference in the atmosphere of the two sections. The regiment left a climate where the thermometer registered 105 degrees and striking a snowstorm before he reached home, experiencing a difference of eighty degrees or more in temperature. The borough soldier speaks highly of the service. He and the other members of the regiment expect to be called out again shortly should international troubles increase.

SMALLEY SENTIMENT IN NO. PLAINFIELD TWP.

There was a meeting in North Plainfield Township last night, at which the availability of William L. Smalley, Mayor of North Plainfield, for the Republican nomination for Senator from Somerset county, was discussed.

Those at the meeting seemed to be favorably inclined to Mr. Smalley, whose progressive ideas of government, his insistence upon local option as the best means of regulating the liquor question, and his freedom from any factional disputes, coupled with his recognized business ability was recognized by all.

Wm. Delaroche Anderson sent a letter to the meeting in which he expressed regret that he could not be present as he may be a candidate for the office himself.

MISS RICHARDS TO GIVE TWO APRIL TALKS

Miss Richards' audience will not let her stop this year with her tenth talk on March 29. The demands for more have been so urgent and numerous that the management has arranged with Miss Richards for an extra series of two April talks, on Thursday afternoons, the 12th and the 26th.

Tickets for this course may be obtained at the Hartridge auditorium at the close of Miss Richards' next talk on March 22d.

LEFT $566.81 IN CASH

Mrs. Erna Muller, who died in Cranford on January 27 last, left $566.81 in cash on deposit with the German Savings Bank, New York, according to exemplified letters of administration upon her. New York property issued to her son, Herman Muller, by Surrogate Kotchum, of New York. The records were on file in the surrogate's court today. Mrs. Muller left two children and two grandchildren.

APOLLO CLUB DANCE

The Apollo Club entertained a large gathering at its first annual dance held last night at Debold's auditorium, North Plainfield. The place was crowded, and a feature of the affair was the good music rendered by Marks' banjo orchestra. Intermingled with the one-steps and waltzes were the shadow dances. The affair broke up about 2 a. m.

ESTATE GOES TO WIDOW

The will of Edgar Powell Hicks, who died at his home in Cranford on February 5 last, was filed for probate today in the surrogate's court, New York. It gives his entire estate to his widow, who is named as executrix. The New York property consists of about $500 in personal.

WHEN MAINE WAS ADMITTED

Maine was admitted as a State ninety-seven years ago today, March 15, 1820.

BUSINESS MEN HELD MEETING

A goodly number of the members of the Plainfield Business Men's Association met last night in Exempt Firemen's Hall for the transaction of regular business.

The subject of credits was an important topic presented. Officers of the Credit Reporting Bureau of Newark, N. J., attended the meeting and outlined plans for the proper handling of this vital branch of the retail business.

The holding of "Fashion Week" was discussed and a committee was appointed to arrange for this event for next week. "Fashion Weeks" are very popular in progressive cities nowadays. The merchants all unite in displaying new spring merchandise in a most attractive manner, and this gives the shopper an excellent opportunity to view the newest of the current season's offerings. Further announcement in regard to this will be made later.

The committee on securing a public comfort station reported that action would soon be taken by the city fathers to make this a reality.

The following new members were elected by the association: H. J. Flynn, S. Krauthamer and Plainfield Ice and Supply Co.

ST. PATRICK'S SOCIAL AND VAUDEVILLE SHOW

Under the auspices of the Y. W. C. A. a St. Patrick's social and vaudeville entertainment will be given at the association building at eight o'clock tonight, the affair being arranged by the social committee of the Camp and Conference Club and the proceeds will be for the benefit of the club.

An Irish program will be presented with the following numbers: Vocal solos, Miss Annie Casey; selections by Mahoney's orchestra; dialogue, "Paddy's Reflections on Cleopatra's Needle," Wilkins and Dinah; selections, Mulligan's orchestra; sketch, "Mike Flannagan Advertising for a Wife," O'Brien & Co.; dialogue, "Severe Attack of Indigestion," Flanegan and O'Reilly. There will also be pantomime and shadow pictures, after which refreshments will be served. Saturday afternoon from 3 to 5 o'clock the juniors will have a St. Patrick's party with a pleasing program.

LOCAL COUPLE LEAVING FOR WEST

Mr. and Mrs. Wm. B. Blackwell and niece, Miss Mary Ellis, leave tomorrow for Missouri, the former home State of Mrs. Blackwell. Hopes are entertained the change of climate will benefit Mr. Blackwell.

SANG AT FALL RIVER

William Holmes, baritone soloist, of this city, sang with the Royal Scottish Quartet at a Scotch concert given at Fall River, Mass., last night, under the auspices of the Scottish clan of that city.

RUTGERS NOW A UNIVERSITY

Rutgers College has been designated as a university by the Legislature, and the board of directors and faculty are preparing for some big developments in the course of study.

TO OUR READERS

The Courier-News, as previously announced, is compelled to advance its price to subscribers.

We regret that the present economical rise makes this increase, but everything that enters into making a newspaper has doubled in cost, while some things have trebled. The most serious difficulty is the scarcity of white news print paper, and newspapers have had to suspend publication entirely, while others have had to adopt alternative reforms. The Courier-News has been unable to purchase more than 80 per cent. of the quantity of paper normally used during the first half of the present year. This has made it necessary to curtail the size of the paper from 16 to 12 pages, and put into effect other methods of curtailing the consumption of paper.

The above measures have not been sufficient, however, and it necessary forty per cent., and for this reason we have had to announce that we will subscribers not paying promptly each week will have to be discontinued. The stopping of a paper because a subscription is in arrears for two weeks does not mean that we question that subscriber's credit. Forced to reduce the number of copies we are printing, we have adopted the only very sporadic discontinuing subscriptions not paid to date.

No credit in advance subscriptions have been accepted at the old rate since the announcement of the change in price.

The subscription rates of the Courier-News are now:

Single copy	$ .02
One week (in advance)	.12
Three months (in advance)	1.50
Six months (in advance)	3.00
One year (in advance)	6.00

As in the past, to take advantage of the discount rate offered for three months, six months or a year, a subscriber must pay in advance.

Y. M. H. A. RAISED $1,440 LAST NIGHT

Several Contributed at Meeting Held at Home of B. J. Kline

The most arousing and enthusiastic meeting of the Young Men's Hebrew Association Building Campaign Committee was held last night at the home of Benjamin J. Kline, 922 West Front street, where $1,440 was raised and immediately turned over to the treasurer.

The two largest contributors were Samuel Schwartz, $500; Benjamin L. Kline, $500; Samuel H. Schwartz, $100; Harry Deckel, $100; Ezbell Bronston, $100; Ladies' Hebrew Benevolent Society, $50; Samuel Krauthamer, $50; Irving Kunzman, $25; Jacob Kaiser, $5; S. Stern, $5, and "A Friend," $5.

Previous to last night's meeting these contributions were received: Dr. Ellis Campus, $10; Morris L. Abrams, $5; Jerome Berkowitz, $1, and David M. Goldberg, $1.

The meeting last night started at 8:45, and did not adjourn until midnight. A light luncheon was served by Mrs. Kline.

The enthusiasm was unbounded and applause greeted those who made the subscriptions.

Dr. Israel Sitnig, a representative of the National Central Council of Y. M. H. A. spoke impressively on what other associations are doing in New Jersey, and the great need of a Jewish community center here.

He put particular stress on the need of giving young men and women of the community a home where they might develop themselves along broad Jewish cultural lines, and presented a plan whereby the financial success of the undertaking would be a certainty.

His plan was to enlist other forces in the work to make personal solicitations of funds, and to have a captain for each group of solicitors. Mrs. Benjamin J. Kline volunteered her services as the leader of a women's team. She will select her assistants today.

Contributions may be sent by mail to Harvey Rothberg, chairman, or Benj. J. Kline, treasurer.

NEWSDEALERS TO DISCUSS RAISE OF PRICES

Newsdealers of the city who say that they are feeling the pressure of the increasing cost of all newspapers, have arranged to hold a meeting tonight to discuss plans for meeting the situation. They claim that the wholesale price of nearly all newspapers has been raised, and they will be compelled to increase the retail price to their customers, which in some cases has already been done.

For many years the price of all Sunday newspapers was seven cents, but recently this was raised to eight cents, and within the past week another advance of one cent has been made. Still, the dealers say, that at the latter price they cannot make a reasonable profit.

It is expected that practically all of the local newsdealers will attend tonight's meeting, when it is hoped that some concerted action will be decided upon. The fact that Sunday newspapers are sold in Elizabeth and even Bound Brook for less money than here is something that the local newsdealers are unable to explain, but they have decided to investigate the matter.

PADEREWSKI RECITAL HERE MARCH 26

Plainfield can hardly believe that it is going to have the unusual privilege of hearing Paderewski, the greatest pianist in the world, but Plainfield deserves and supports the best when it comes. This time will be no exception to the custom, and Paderewski is coming here March 26 for a recital in the Plainfield High School, under the auspices of the Plainfield Musical Club.

The tickets will go on sale Saturday, March 17, at Miller's drug store. All mail orders enclosing remittances will be filled in the order in which they are received, prior to the public sale of tickets.

MISS PAVLOWA SPOKE IN CONGREGATIONAL CHURCH

The mid-week service at the Congregational church was well attended last evening. Besides the special address by the pastor, the Rev. Howard E. Clarke, there was also a talk by Miss Pavlowa, a returned missionary from Macedonia, who appeared in costume and gave many interesting experiences of her work in foreign fields.

FRANCE BELIEVES PEACE RESTS ON U. S. ENTRY INTO THE WAR

By United Press:

Paris, March 15.—France believes a speedy decision in the war rests with Washington. If the United States today, at the last step before war with Germany, takes that step, and joins forces with the Entente Allies, it means a swift decision with the Entente. The French Government regards the entry of the United States into the war of vastly greater importance than all forthcoming battles.

The United Press was authorized to state these views as the opinion of high government officials.

GERMAN PEOPLE, HUNGRY, LONG FOR PEACE

By United Press:

Washington, March 15.—Longing for peace is the great deep-seated emotion of the German people today. With grim stolidness they are enduring hunger and privation, of all kinds, confident that with their last and most ruthless war weapon, the U-boat, an end to the devastating European struggle may soon be reached.

These are in substance the outstanding features of Ambassador Gerard's first report to Secretary Lansing, and other government officials on German conditions. Another feature of Gerard's report is that despite the food shortage and tottering financial structures of government, Germany will be able, unless there is a crop failure, to struggle through another year, by application of the most drastic self-denial, if peace does not come before that time.

RAILROADS WOULD COMPROMISE ON STRIKE THREAT

By United Press:

New York, March 15.—The first managers arriving at the eight-hour day conference headquarters gave out, unofficially, the tip that the railroad's attitude would be conciliatory, and inclined to meet the brotherhood demands with a compromise.

The only compromise intention the Brotherhoods had shown was a statement of willingness to agree to pro-rate pay instead of time and a half overtime above eight hours. There was evidence that the railroads will seek to negotiate overcompromise proposals, hoping to postpone strike action until Monday, when they believe the Supreme Court will announce the decision on the constitutionality of the Adamson eight-hour law.

ANOTHER EXPLOSION IN DUPONT POWDER PLANT

By United Press:

Wilmington, March 15.—One man was killed when a corning or graining mill, in the Hagley yard of the Dupont Powder plant, on the Brandywine river, near here, exploded today. Albert Van Natta, of Wilmington, operator of the mill, was blown to atoms. Wilmington was rocked worse than ever before, and many windows were blown out. The explosion was felt 30 miles distant.

JAPANESE WARSHIP WITH GUTHRIE'S BODY COMING

By United Press:

Washington, March 15.—The State Department today agreed to modify its neutrality regulations enough to permit a Japanese warship bearing the body of American Ambassador Guthrie, who died in Japan, to come into the San Francisco harbor and remain longer than 24 hours. Details of the Guthrie funeral services in this country are not completed.

MISS KIZZIAH AYERS DIES IN NEW YORK

Miss Kizziah C. Ayres, for many years a resident of this city, died yesterday in New York, to which city she went from here about a month ago. The funeral will be held privately at the residence of her niece, Mrs. William J. Tallamy, of East Sixth street, Plainfield.

Miss Ayres was the daughter of the late James C. and Hannah A. Ayres, and was born in New Market. She was a member of the Seventh Day Baptist church. She leaves one brother, H. R. Ayres, of Point Pleasant, a sister, Mrs. J. G. Miller, of North Plainfield, two nieces, Mrs. Tallamy, of this city, and Miss Ayres, of Westerley, R. I., and four nephews, H. B. Ayres, of Pittsburg, Pa.; Walter G. Dunn, of New Market; Lawrence Miller, of New York, and Joseph Miller, of Plainfield.

TURNERS ORGANIZE A BOWLING TEAM

A bowling team has been organized among the members of the Plainfield Gesang and Turnverein, with Louis Menzenbach captain. The other members include Messrs. Muff, Rummel, Luthman and Anderson. Already the team has challenged the St. Joseph's and will roll that quintet on Gates' alleys, Somerset street, Monday night.

The alleys at Saengerbund Hall are to be put in shape and thoroughly sandpapered and otherwise put in perfect condition. New balls and pins will also be provided.

EXPECT DISCLOSURES IN GRACE ROBERTS CASE

By United Press:

Philadelphia, March 15.—More than 50 witnesses will be called for tomorrow's inquest into the death of Grace Roberts, art model, who was murdered in her apartment here, in December.

Although police still cling to the theory that the murder was committed by Bernard Lewis, who committed suicide in Atlantic City, some days later, it is expected that the coroner's inquest will make some startling revelations.

PLANNING RECEPTION FOR GERARD TOMORROW

By United Press:

New York, March 15.—Plans are being made for an impressive reception for James W. Gerard, returning ambassador, from Berlin, who will reach here tomorrow. He will be met at the Jersey Central terminal, and escorted to the City Hall.

Mayor Mitchell has asked that flags be displayed along the line of march from the battery to the City Hall. The mayor will greet him there.

BERKSHIRE FARM GETS ITS FIRST SCHOLARSHIP

The thirtieth annual report of the Berkshire Industrial Farm, Canaan, N. Y., of which Soimuel T. Carter, Jr., of this city, is the president, has just been issued. It contains much valuable information concerning the many activities at the farm which is ranked first among institutions of this kind for boys. The president's report, which is part of the annual review of the past year's work, includes the following item of interest to Plainfielders:

"Another important event is the gift of H. C. Munger, of securities approximating $6,000 in value, the income of which is sufficient to fully take care of one boy at the farm—a gift in the nature of an endowment and along lines which are especially needed. In view of the many scholarships which are constantly being given to the larger and better known institutions of the land, it seems strange that, in the thirty years of the farm's history, this is the first scholarship to be founded there. May it lead to others of like nature."

PRIVATE BIDS FOR FOUR OF THE FIVE CRUISERS

By United Press:

Washington, March 15.—Dissatisfaction with recent bids of American shipbuilders for naval vessels, has caused the Navy Department to decide to build four of its five new battle cruisers on a cost basis, plus a ten per-cent profit to private builders. The fifth cruiser will be built in a Government yard.

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value, almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Plainfield Courier-News.—Adv.

DEFENSE IS HEARD IN FANWOOD TRAGEDY CASE

Special to Courier-News:

Elizabeth, March 13.—All the witnesses for Rolfind Depew, on trial in Quarter Sessions Court for the death of Hilda Hodgson through his auto which struck her as she walked in Mountain avenue, Fanwood, December 3, including Depew, testified that he shouted to the quartet of girls on the road and that he tried to avoid hitting them. The witnesses for the defendant also said it was difficult to see because of the darkness.

Depew took the stand in his own defense this morning. Other witnesses were his sisters, Hazel and Hilda, his fiance, Georgianna Lawless, William Marriott and Albert Henry.

BUYS MANY BUILDINGS; TO ERECT APARTMENT

Phillipsburg, March 15.—Purchase of seventeen buildings from the Cook stock estate was announced yesterday by James Maddock, a grocer, of South Main street. He proposes to erect an apartment house, at South Main and Front streets. The purchase price was not disclosed.

The property bought by Mr. Maddock includes five buildings in South main street, *five buildings in Main street, four buildings in Fox* street and three buildings in Second street. The property was bought from the executor, Ernest E. Bailey, of Essex county.

PRATT ADVISES QUICK DEVELOPMENT

By United Press:

Washington, March 15.—Warning to American automobile manufacturers to enter the world market before the American market becomes "saturated," was voiced by Dr. Edward Ewing Pratt, Chief of the U. S. Bureau of Foreign and Domestic Commerce today.

"If the production of automobiles continues its present rate of increase," Dr. Pratt warns, "and unless cost changes are effected, either in the buying public or in the price of automobiles, this 'saturation' point may not be far off. For the commercial vehicle, however, development has probably only begun in this country."

American automobiles would have no difficulty in overcoming competition abroad, except possibly in the higher priced cars—above $1,200—Pratt declares. European manufacturers, he said, are not equipped to turn out cars on the extensive and highly efficient basis in effect in the United States.

NEW YORK POLICE MEET SPEEDERS HALF WAY

By United Press:

New York, March 15.—The police of this city have inaugurated an experiment to ascertain whether citizens are willing to co-operate with the city authorities in enforcing the law. When a policeman spots a speeder he does not arrest the offender unless the offense is flagrant, but sends his name and license number to headquarters.

The speeder's record is investigated and if it is found that he has committed a similar offense previously he is summoned before a magistrate to plead his case. If it is evident that automobilists do not appreciate this treatment, the Police Department, after a thorough test, will abandon the system of giving speeders a chance.

BILLS OF INTEREST TO MOTORISTS ARE PASSED

Special to Courier-News:

Trenton, March 15.—Three Assembly bills of interest to motorists were passed by the Senate yesterday. They now go to the Governor for his approval. One extends the reciprocity law to Canada, another prohibits use of the "spot light" on cars and the third bases license fees for commercial motor vehicles upon their own gross weight when carrying to capacity instead of upon horse-power.

WILL HOLD CAKE SALE

The Count on Me's class of Trinity Reformed Bible school will hold a St. Patrick's cake sale at Randolph's drug store on Saturday morning beginning at 10 o'clock.

It is the desire of this class that it may be well patronized and those interested will not regret getting supplied.

YOUTH WITH MAPS HELD AT MILLBURN

A seventeen-year-old youth, who gives his name as Edwin Black, and his address as Hoboken, is held at Millburn pending an investigation by the Secret Service men and the police, because when he sought lodging at *the station house there Tuesday* night he is said to have in his possession maps and sketches of government property.

Although the youth says he made the sketches from memory, Police Captain Brodesser, of Millburn, says they are excellent reproductions of the Brooklyn Navy Yard, showing the positions of the various buildings there, with measurements. Some of the maps were of the bridges, tunnels and terminal facilities in New York city, Bayonne, Hoboken and Jersey City.

The youth says he used the maps principally as an aid to get about New York and New Jersey. According to the Captain, the young man says his mother is a German and that his father is a native of Sweden.

ELIZABETH EXPENSES ARE NO HIGHER

Elizabeth, March 15.—The Board of Excise has agreed that to increase the saloon license fee from $500 to $1,000 was unfair to those who recently invested money in the business, and laid on the table a resolution providing for the advance.

President G. Barham Woodruff introduced the measure and explained that he was desirous at present only of having it passed on first and second reading and then of holding a public hearing on the question. Opposition to the move came from Robert Hutchinson, one of the Republican members, ordinarily a supporter of Mr. Woodruff in his reform measures.

THE FUNERAL OF MRS. ISAAC BROWN

The funeral of Mrs. Maria A. Brown, the wife of Isaac P. Brown, who died on Saturday, was held yesterday afternoon at her late residence on Watchung avenue, the Rev. E. Vicars Stevenson, rector of Grace church, officiating. There was a large gathering of relatives and friends, and there were many beautiful flowers.

The bearers were E. C. Wescott, G. O. Stevens, Arthur McVoy, Carroll T. Runyon, H. Keller and John Pedefleus. The interment was made in Hillside cemetery.

HARRISON SCHOOL APPRECIATES GIFT

A large sized portrait of Abraham Lincoln now adorns the hall of the new Harrison school, North Plainfield. This picture was *the gift of Daniel* Douglas, of Grove street, and the teachers and scholars of the school greatly appreciate this gift. The picture was unveiled at the recent patriotic exercises held in the school under the direction of the principal, Miss Julia Kiernan.

TAKE PRIDE IN YOUR HAIR

It tells your character

The first impression of a person's character is often made by the hair and its dress. Does your hair allow you to comb it to suit you best? Possibly it looks dead and straggly and hurts your appearance. How much a little care on your part would bring back to your hair that healthy glow, admired by everybody.

Dandruff kills the hair roots. To stop it use Pompeian HAIR Massage. It is a clear amber fluid, not oily, not sticky, and has a very pleasant disappearing odor. Simply massage it into the scalp two or three times a week. Your Dandruff will soon disappear, your hair will become soft and brilliant, easy to dress, and you will point to it with pride.

Pompeian HAIR Massage is sold *at the stores in 25c, 50c and $1* bottles.

Made by the reliable makers of Pompeian MASSAGE Cream. Adv.

UNION COUNTY UNIT OF DENTISTS SUGGESTED

At a meeting of the Plainfield Dental Society, held last evening in the Park Club, Colonel William B. Martin, of Elizabeth, was present and spoke on behalf of the Union County Society on Preparedness. He advocated the formation of a Dental Unit from this county to look after recruits who may be rejected because of the bad condition of their teeth. The matter was received favorably and may be acted upon in the near future.

Dr. Shambers, of New York, addressed the society in "Focal infection as related to stomatic diseases."

Plans for the big concert to be given by the society on April 9, for the benefit of the dental department of Muhlenberg Hospital, were further developed.

The following dentists were present: Doctors C. W. Leonard, R. S. Stevens, C. G. Davis, George and Charles Moore, W. L. Mancill, W. E. Stelle, D. R. Miller, D. Thickstun, F. T. Clawson, G. H. Hillman, C. W. Monfort, of this city; Harry Powelson, of Round Brook; Dr. Voorhees, of Somerville; Doctors Egel and Davis, of Westfield, and Dr. Hinman, of Cranford.

FINAL REHEARSAL FOR PROBASCO CLASS PLAY

The last rehearsal of the cast for the farce comedy, "Too Many Husbands," to be presented in Floor Leader Geran styled Speaker Schoen a "Czar" as a result of the Speaker's action in ruling the minority whip out of order for posting out the Republicans' alleged inconsistency.

Geran was chiding the majority members of their passage of the Senate bill making it mandatory that two women be members of the boards of managers of the State asylum in Trenton and Morris Plains. He said the Republican "board of guardians" was against the bill because it would take away the non-partisan nature of the boards and yet the administration's bill creating the State highway commission did not call for a non-partisan board to run the new road department.

Speaker Schoen's action was upheld by Assemblyman Pancoast of Camden, who said he had heard the Democrats had planned to talk on every bill brought up for final consideration during the remainder of the session.

GIVEN A SURPRISE PARTY

Miss Gladys Larabee, daughter of Mr. and Mrs. C. A. WILSON NAMES TARIFF BOARD

Professor Taussig, Economic Expert, Chairman.

Washington, March 15.—President Wilson has selected members of the new tariff board as follows:

Professor Frank Taussig, who will act as chairman.
W. S. Culbertson, Texas.
David J. Lewis, Maryland.
E. P. Costigan, Denver, Colo.
Daniel Roper of the postoffice department.

Professor Taussig is a political economist of the front rank and noted for his research on the tariff. He is professor of political economy at Harvard and is author of textbooks on the tariff studied at leading universities. He is president of the American Economic association and is editor of the Quarterly Journal of Economics.

Daniel C. Roper is a former first assistant postmaster general, but has studied the tariff situation thoroughly, having compiled the tariff handbook published as an appendix to the report on the Underwood tariff bill. He also made a systematic study under government direction of the textile industries in the United States and Europe and is a cotton expert. He is a resident of South Carolina and a Democrat.

William Kent is an independent who represents a congress district in California and is a graduate of Yale. He is not noted for any research along tariff lines, having contented himself mainly with civic and municipal affairs. He supported President Wilson at the last election.

David J. Lewis was defeated for election to the United States senate from Maryland last fall. He is a lawyer of considerable reputation and enjoys a lucrative practice. He is a Democrat.

W. S. Culberson, a Republican, is from Kansas and gained an insight into the tariff situation through association with the legal department of the Federal Trade Commission.

E. P. Costigan is a Progressive.

INDICTED UNDER SPY ACT.

Crank Held For Trial For Threat to Kill President Wilson.

Baltimore, March 15.—Ahos H. Paupl of York, Pa., who is said to have been the first person arrested under the new espionage act recently passed by congress, was indicted by the federal grand jury for giving public utterance to threats against President Wilson's life.

Paupl or Paul, who is seventy years old, was arrested in the Pennsylvania railroad station here on the Friday before the inauguration. He was on his way to Washington and told a railroad detective he intended to kill the president. A book was found in his possession containing notes mentioning Japan and Mexico and 2,000,000 men.

The old man has a long criminal record, according to the United States district attorney, which includes an assault to murder and other serious charges.

While the man is thought to be demented, the federal authorities regard him as a dangerous person to be at large.

MAY SEEK ELKS' MEETING.

Atlantic City Men Talk of 1918 National Reunion There.

Atlantic City, March 15.—Atlantic City may enter the lists as a candidate for the national reunion of the Benevolent and Protective Order of Elks in 1918.

Mayor Harry Bacharach, a past exalted ruler of Atlantic City Lodge, is said a call for representatives of the chamber of commerce, Hotel Men's association, the Rotary club, the publicity bureau and other civic bodies to meet a committee of Atlantic City lodge tomorrow to discuss the advisability of making the fight. The financing of the campaign will be one of the most important matters.

SYDNEY POWELL KARR TO WED MISS RUTH WEAN

Announcement is made of the approaching marriage of Miss Ruth Wean, daughter of Mr. and Mrs. George B. Wean, of Park avenue, to Sydney Powell Karr, formerly of Plainfield, but now of Washington. The ceremony will be performed at the First Presbyterian church, Saturday, April 14, by Rev. Dr. C. E. Herring, the pastor.

Mr. Karr is the son of Mr. and Mrs. C. Powell Karr, of Washington. Both Miss Wean and Mr. Karr are graduates of the Plainfield high school.

GEORGE S. DALLEY

Flemington, March 15.—George S. Dalley, a Readington township farmer, died at his home near Pleasant Run Tuesday. He was injured three weeks ago, when a tree fell upon him, breaking one of his legs. He was thought to be recovering until Sunday, when pneumonia developed. He was about fifty-three years old. His wife and two sons survive.

Mr. Dalley was a member of Darey Lodge, No. 37, F. and A. M., of Flemington, and Washington Camp, P. O. S. of A., of Three Bridges.

Funeral services will be held at his home tomorrow afternoon at 1 o'clock. Interment will be in the Readington Cemetery.

LOCAL NEWS JOTTINGS

Harry Whitton's orchestra is now playing nightly at the Plainfield Theatre and giving excellent satisfaction.

The Sample Clothing Store on Somerset street, is about to move to the vacant store in the Sebring building, Watchung avenue.

The Women's League of St. Joseph's church has arranged to accommodate a large attendance at its euchre and "500" to be held tomorrow afternoon in the Parish Hall of the church. The games will begin at 2.30 o'clock.

A number of visitors have taken advantage of the fact that this is "Go-to-school Week" and visited the local schools. About twenty-five visitors have registered at the borough schools thus far. This idea has given parents and others a chance to observe the work in the different grades of the schools and otherwise become acquainted with the teachers.

RETURN FROM BORDER

Alfred Seal and Raymond Manley, of this city, members of Battery C, N. G. N. J., returned with the battery yesterday, reaching East Orange, the home station, in the afternoon. It will probably take several days before they are mustered out. The young men are in excellent health and glad to get home.

WILL GIVE PIERSON PERMIT

The North Plainfield council fire and buildings committee has agreed to allow H. G. Pierson a permit for a barn on the rear of his lot in Grandview avenue. Mr. Pierson, it is understood, will construct a fire-proof building. It was originally his intention to erect a frame structure.

CHANGE MEETING HOURS

The hours for the Junior Associate members of the National Special Aid Society will be from 3 to 5 o'clock, on Friday afternoons, instead of from 2 to 5 o'clock, as previously announced.

BEGINS DISTRIBUTING TELEPHONE DIRECTORY

The New York Telephone Company has started the distribution of a new issue of telephone directories for its subscribers in New Jersey. This book is bound in covers of gray, contains 145,000 names of telephone subscribers on its 402 pages, and will have a circulation of approximately 173,000 copies.

The work of distributing the directories for subscribers in Plainfield and vicinity is now under way and probably will take a little longer than usual because of the difficulty in getting enough carriers to make the deliveries as rapidly as the telephone company desires.

On the front cover of the directory appears a statement from the telephone company to the effect that, in order to conserve the limited supply of print paper and at the same time serve the interests of all subscribers, the telephone company has found it necessary, with this issue of the directory, to restrict deliveries to the number of books absolutely required in each case.

PROPOSE TO SPEND $25,000 ON PRISON FARM

Special to Courier-News:

Elizabeth, March 15.—That a recommendation would be made to the Board of Freeholders to call for a public hearing to get sentiment on the proposition to expend $25,000 on a prison farm and quarry was the promise of the Freeholders' jail committee at a hearing on the matter yesterday afternoon. Freeholder William F. Marsh is the committee chairman, William T. Day of the Elizabeth Charity Organization Society, Rev. Dr. Frank Moore of the Rahway Reformatory and Judge Abe J. David urged the need of outdoor employment for the prisoners.

Givers and Takers

By WALT MASON, The Poet-Philosopher

We know how cheerful givers look good, in heaven's eyes, when they distribute livers, and coin and shoes and pies. Methinks the cheerful takers deserve, as well, some praise, and I shall hand them acres of eulogistic lays. I took old Billiam Bickle, who's up against it bad, a beautiful dill pickle, the finest one I had. I heard old Billiam mutter, I heard old Billiam hiss, "I need some bread and butter, and you bring trash like this!" It shocked me beyond measure—my tender heart still bleeds; such talk takes all the pleasure from doing kindly deeds. Today I took a ramble where poor folk live in huts, and gave old Gaffer Gamble a pound of hazel nuts. The poor old man embraced me, and thanked me o'er and o'er, and when I left he chased me, to thank me yet some more. He said he'd long been sighing for such treasures to obtain; for weeks he had been trying to steal some, but in vain. And now at last he had 'em, and he could die in peace, and sleep with Father Adam, as slick as axle grease. I am a great believer in kindly deeds and words, and giver and receiver should both be gay as birds.

Uncle Sam Busy

Old Uncle Sam is tiring of "Cost of Living" fuss, and now he is inquiring just why such things are thus. When government committees go snooping round for facts, in all our eminent communities, and populated tracts, we feel there's something doing; we shake off our despair; now Justice is pursuing the pirates to their lair. But we'll be dead and sleeping, our weary frames at rest, before the land is reaping much good from Uncle's quest. It is a thousand pities, wet blankets to produce, but government committees! Oh, thunder, what's the use? Perhaps in nineteen-thirty committees will report that speculators dirty should all be haled to court, for boosting eggs and taters, excelsior and bread; but all the speculators will then be lying dead. The little chortling suckling will be all bent with years, and down to labor buckling, when that report appears. The happy schoolboy friskers, enjoying sunny lives, will have long, snowy whiskers, when that report arrives. And prices will be normal, this crisis all forgot, when, all correct and formal, that blamed report is brought. And I who write this ditty will sleep beneath the yam, before the first committee reports to Uncle Sam.

Commercial Problems Growing Out of War Conditions

A Non-Technical Explanation of the Big Questions Confronting Business Men at This Time

By SAMUEL WANT

Industrial and Financial Complications.

Not long after the beginning of the European war, the German government debarred by public sentiment as well as by the insurmountable physical obstacles connected with the transmission of money and securities in large quantities, began in a quiet way to float securities in this country, and the process has been going on in an inconspicuous way until the present time.

Among the consequences of the impending conflict with Germany will be the legal impossibility of further floating such securities, even though the money is to be transmitted to Germany through neutral channels, or is to be retained here for the present or future use of the German government.

Likewise, it will be impossible for the German government to make any new provision for the payment of interest or coupons on its bonds and other securities here, even through neutral channels, for funds transmitted to this country in any way for such purposes would be treated as governmental property of Germany and as such subject to confiscation.

It is possible, of course, that provision has been made with German bankers in this country for the payment of maturing interest or principal obligations of the German government, held in this country, but money held here for that purpose, though provided before the outbreak of hostilities, would come within the rule of confiscation as government property, as above set forth.

It might be argued that German funds so provided would inure to the benefit of this country, and that therefore payments of the kind in question should not be interfered with. This, however, is simply a reason why it would be unlikely for the German government to attempt to provide funds for disbursement here. As to the United States, the action would be in direct contravention of the rule of non-intercourse which is strictly enforced in regard to the citizens of belligerents with each other, or to the citizens of one belligerent and the government of the other.

PLEASING PROGRAM AT HARRISON SCHOOL

Civic Social Club Presented Play and Interesting Entertainment

The entertainment and dance given by the Civic Social Club at Harrison avenue school on Tuesday night was greatly enjoyed by a large audience. "The Little Rogue Next Door" kept the audience in suspense until the close.

Those taking part in the sketch were: Bertha Keller, as Miss Patricia Howard, the maiden aunt; Ethel Journeaux, as Marjorie Graham, the niece; Dot Keller, as Prudence, the maid; Carl Klotz, as Jerry, the butcher boy; Herman Klinsman, as Basil Raymond, the Little Rogue.

Lawrence Barret favored with one of his pleasing solos, for which the audience certainly showed its appreciation. He was followed by the "Two Wandering Jews," Jack Journeaux and Carl Klotz. They received a big shard of the applause.

Miss Emma Ryne then gave a very pleasing fancy dance, called "The Fortune of the Daisies," and was followed by a sketch entitled "After the Ball," taken by Dot Keller as "Maggie" and Herman Klinsman as "Jimmy." Their appearance alone was a scream. They closed their sketch with a song named "Why Did You Make Those Eyes at Me?" for which they obliged with encores. This was followed by a song, "Somewhere a Voice is Calling," sung by Miss Ethel Journeaux, which was nicely rendered.

The butterfly dance by six small girls, all dressed in white butterfly dresses, came next and was done very gracefully in the colored spotlights. They were Kathleen Regan, Bessie Perry, Eldora Bolomy, Beatrice Riemann, Edna Bimble and Emma Bolomy.

The entertainment closed with a tableau, in which six girls sang "America, I Love You." Henry White was very entertaining in the way he announced the acts.

Dancing was then enjoyed until a late hour.

ASSEMBLY DEMOCRATS ARE GETTING "PEEVED"

Special to Courier-News:

Trenton, March 15.—Although it is planned to take a one-week recess from Friday of next week, preparatory to final adjournment, the Legislature continues its filibuster tactics. Both houses are scheduled to meet at 11 o'clock yesterday morning, but it was 12 before the Assembly got started and later than that when the Senate convened.

The Assembly Democrats, outnumbered by Republicans more than two to one, are getting "peeved" at the majority's handling of bills and had a caucus yesterday to consider the situation. It is said they plan to talk on every Republican bill that is brought up in an effort to force action on Democratic measures as a compromise.

DR. HIBBEN SPEAKS FORCEFULLY

In his recent address before the Economic Club in the Astor Hotel in New York, Dr. Hibben, president of Princeton University, made a ringing speech for loyalty in this time of national crisis. In part, he said:

"The young men of the country are its hope and its defense, and no university or college today is fulfilling its task unless it is holding prominently before its young men the true obligations, as well as the privileges of citizenship. Some of us university teachers are under severe criticism from our pacifist friends, who say that in encouraging military training we are turning the thoughts and ambitions of our young men toward militarism and war. Certainly none of us would willingly choose war rather than peace, but we are confronted today as citizens by the most serious ethical problem that ever confronted a free people. We stand pledged as Americans, as Christians, to pursue the course of peace to the very limit. But there is a limit where we cannot turn our backs upon duty, and today we are called upon to choose between the easy comforts of peace and the course that means sacrifice and abnegation. There is no doubt in my mind concerning the choice we ought to make. King Albert, of Belgium chose the thorny path of suffering rather than sacrifice the pledged word of his nation. If we are to go into war—and that seems to be the summons—who is to do our fighting for us? That is no ethical question; it is a practical question. Is it to be as it was in England at first, where only the young men from Oxford and Cambridge, the flower of the country, sprang to the front at the call? Are we to permit our best and most patriotic to go out to be slaughtered for lack of training?

Being particular isn't always being "fussy." Sometimes it's merely "playing safe."

You can't be too particular about the milk you give your children. It's a question of their SAFETY.

The more you know about milk the more particular you'll be to use only CERTIFIED milk.

You KNOW that's safe.

Wood Brook milk IS safe milk. It's CERTIFIED.

Price—14 cents a quart.

WOOD BROOK FARMS,
Plainfield, N. J.
'Phone No. Metuchen 179

We don't want our young men to be heartlessly murdered because they have not been taught how to fight. Under the volunteer system it is always the best who are the first to respond. It is not right that it should be left to them; we should pledge ourselves to the doctrine of compulsory service as an obligation resting upon every citizen. We need no great standing army. What we need is something like what Switzerland has—an invisible army, which in time of need will become visible. Before the war there was not a soldier visible in Geneva. Yet on August 4 there were 400,000 of them at their borders ready to defend their birthright. Are we degenerate? Has the spirit of our race run out? The spirit of Lincoln is asking that question today. We should pledge ourselves to act in this crisis as Lincoln directed the nation to act in the crisis of civil war. Our flag is one of the great symbols of consecration, and the other is the cross. Both mean, in a sense, the same thing—sacrifice, the willingness to give our lives and our fortunes for something that is greater than ourselves. When the call to arms comes to us, as it may come now in a few days, may it be said of us as Kipling said of France, 'Her men wrought as all edge of steel, with her women a line of steel behind it.'"

ESPIONAGE BILL

A great hue and cry is being raised by some of the newspapers over the passage of the espionage bill, empowering the Federal Government to exercise a very exacting search for sedition, conspiracy, plots and other manifestations of hostility against our Government in case of war. One of the arguments criticizing it lists a number of "ifs" in which are pictured annoying incidents of the authority for espionage and telling how personal liberty would be abridged in this country of free speech, etc. The people who thus criticize a protective measure which was inaugurated as one means to root out plots against our Government that have too long for our welfare escaped notice. We have too long temporized with the conspiracies that have honeycombed our country, threatening disaster, destruction of life and property just for spite, if for no military reason, like the havoc that was created by the explosion of a bomb in the National Capitol some time ago. We have received among us people from foreign lands, opened the way to them for all the privileges and immunities we enjoy who are native to the land and helped create them. Our secrets of State have been in the custody of people of foreign extraction, if not actually those of foreign birth, who often, if thoroughly tested, are found to have anti-American sentiments, and there is not much that we enjoy as American citizens which the foreigner of every race has not been permitted to enjoy with us. Yet we are confronted by the fact that some of them are ravening wolves, trained in the habits of the lamb. Is it not about time that we begin to sift out the sheep from the wolves? The espionage bill may leave the way open to abuses of privilege, but that is not so much the question as whether we are to know how truly American the suspect is. In times like these we must know who our neighbor is and how much we can depend upon his loyalty. The true American will make no objection to showing his colors and the other fellow should be looked after. Our land is peopled from centre to the seas with those whom we have welcomed to our shores, but if one of our citizens had done in a foreign land any of the anarchistic acts that have been done in our land by foreigners it would have been a signal to drive every American out of the country.

THE MERCHANT'S CAREER

An interesting feature of the recent meeting of the National Dry Goods Association at New York was the extending of honors to the ten oldest retail dry goods merchants in the United States. In the record of these men it was brought out that most of them were passing goods over the counter by the time they were fourteen or fifteen years old. It is a remarkable record when a man begins supplying human needs at 13 and keeps it up half a century. In a period when most people are changeable, moving around from place to place and frequently changing business and professions, the retail merchant located in one place and supplying faithfully the changing needs of that place, is one of the most permanent of old landmarks. Were it not for his faithful service many homes and many lives would go without daily comforts and conveniences. He is a mainstay of public progress and a substantial promoter of the growth of the community.

NEWSPAPER POSTAGE

An effort has been made at this session, but was beaten by a close vote, to put through Congress a proposition increasing the postage on newspapers. Probably some wise legislators think the publisher is so rolling in luxury at the present cost of paper that he could view calmly a proposition to soak him at the post office. There is no more reason for increasing newspaper postage 50 to 100 per cent. than there is for raising letter-postage to three or four cents. If anyone should pay increased costs, it is the magazine publisher, who sends enormous bundles of his literature all over the country at exceedingly low rates. Most newspapers that go by mail do not travel a long distance. There are few handlings of them, and they take up car space only for a short time. The service is inexpensive to the government, and should not cost the publisher heavy. The publisher would be willing to pay increased costs when all other classes of postage users pay higher rates, and not before.

EDITORIAL NOTES

The popular idea of public improvement is for the municipality to spend a lot of money in front of your own house.

The farmers who have not been moved by the tales of children going hungry for lack of potatoes are deeply stirred by the possibility that the potatoes may rot in the cellar.

Another definition of international law is a code that all other nations are strictly bound to keep.

There is a general agreement among the pacifists that it would be unfeminine for the United States to prepare for war.

Appealing to national honor is not sure to bring results, but wait until people are thrown out of work by interference of submarine warfare with shipments of goods!

Those Congressmen who are proposing to raise the tax on newspapers didn't talk that way when they were begging for free publicity before the last election.

HYMNS SUNG AT FUNERAL SUPPLIED BY MUSIC BOX

At the funeral of W. W. Stratton, formerly of this city, which was held in Elizabeth Tuesday, hymns by a music box were used for the first time in that city, as music during the service.

One of the records was a quartet, "Nearer, My God, to Thee"; others were "Face to Face," by McCormack, a favorite hymn of the deceased; "Jesus, Saviour, Pilot Me," by Evan Williams, who is to sing in the Plainfield High school April 9, for the dentists' concert.

George H. Adams Council, Jr. O. U. A. M., of Newark, with Loyalty to American Council, Sons and Daughters of Liberty, held services for Mr. Stratton Monday evening, as did Elizabeth Lodge, Loyal Order of Moose. Interment was in Evergreen Cemetery.

Mr. Stratton was a native of Elizabeth, and was the son of Mrs. William E. Keyser, who died here some time ago. Both lived here a number of years, and were deeply interested in patriotic fraternities. Mr. Stratton was, up to the time of his death, superintendent for the Moose headquarters in Elizabeth.

PILGRIM'S PROGRESS AT FIRST BAPTIST CHURCH

"Pilgrim's Progress," in story, music and song, illustrated by a $50,000 motion picture, will be shown in the First Baptist Church, under the auspices of the Christian Endeavor Society, on Wednesday and Thursday evenings, March 21 and 22, at 8:15 o'clock.

The story is told by Colonel Frederick Ray and has been heard by more than one million people. The great picture that illustrates the story is a work of art, a masterpiece of dramatization and is four thousand feet of film.

SET FIRE TO BUILDING PUTTING ON TAR ROOF

Workmen putting tar on the roof of a building belonging to Emanuel Kapelsohn, in Arlington avenue, near Randolph road, this morning, set fire to the roof. For a time it looked as though the building would be destroyed. The fire department was called and put out the blaze after the tar had been burned off the roof. The damage was slight.

SUBURBAN TRANSIT CO. SELLS OUT BUSINESS

The Plainfield Auto Transit Company which has been doing business in conveying passengers from this city to the suburbs yesterday disposed of its lines to C. A. Dana, president of the Spicer Manufacturing Company, of South Plainfield.

It is understood that Mr. Dana is to form a company and operate the autobus line, the schedule to be changed to either hourly or half-hourly as the business will demand. The old Spicer factory, Madison avenue, will be used as a garage.

DEATH OF AGED METUCHEN WOMAN

Mrs. Anna A. Stillwell, widow of John Stillwell, died at her home at Homer Place, Metuchen, early yesterday at the age of 75 years.

The funeral will be held from her late home, Homer Place, Metuchen, tomorrow afternoon at two o'clock and will be conducted by Dr. J. G. Mason, pastor of the Metuchen Presbyterian Church.

IMPORTANT AUCTION SALE
of Valuable Real Estate on Saturday, March 17, 1917
at 3 p. m.

on the premises, No. 119 West Fifth street, between Madison and Arlington avenues, only one-half block from Arlington avenue street car line, and within a few minutes' walk from main Central Railroad Station.

The property is a cosy, modern dwelling, with all improvements, and is desirable, in the residential section, centrally located. It contains 9 rooms, viz, three on the first floor, kitchen and pantry; three light, airy bedrooms and large bathroom, open plumbing, on the second floor, also two bedrooms finished off on third floor. Slate roof and well-built, with stone wall foundations, including large front porch. Several fruit trees and grape arbors, very productive, and small tool house on premises. Size of lot 41½ feet front by 136 feet deep, more or less. This will be a good chance for anyone looking for a home already built, and on easy terms, or to purchase as an investment, as the property is going to be sold. Reason for selling is the owner is moving to another part of the State where he has large interests. For inspection of property, or any other information, apply to the auctioneer.

Mrs. Ellen Hayes, who has been very ill at her residence in this place, is convalescing nicely.

LINCOLN

Tomorrow evening a concert will be held in the Watchung school. The program will include selections by C. R. Sours and A. L. Franke, local talent. Irving D. Manley, of Plainfield, will sing. Miss Anna Franke will be the accompanist.

At the monthly meeting of the School Board, held on Monday night arrangements were made for the annual meeting to be held in the Watchung school on Tuesday evening next.

Miss Hassey, of Clifton, has been a recent visitor at the home of Mr. and Mrs. R. Young, Harris Lane.

HUNTERDON COUNTY

The funeral of William H. Hibbler, sixty-six years old, was held yesterday at his home near Sunnyside. Rev. Ira McNulty, pastor of the Methodist Church at Centreville, officiated, and burial was in the Newell Cemetery at Stanton. Mr. Hibbler died of an attack of pneumonia, following the grip. He is survived by his widow.

Rev. Ward C. Peabody, pastor of the Musconetcong Presbyterian Church at Hampton for the past twelve years, has been dismissed by Newton Presbytery to the Presbytery of Otsego, New York. He has accepted a call to the Shaftertown, N. Y., Presbyterian Church.

Arrangements have been made by the Ladies' Aid Society of the Methodist Church at Califon for a sociable, which will be held on Thursday evening next.

WESTFIELD

ASK ALLOWANCE FOR PARK WORK

Representatives of the G. W. Lawrence Company, of Newark, who are doing the work on the improvement to the park property, on Broad street, and Mountain avenue, appeared before the Park Commission last night and asked the Commission to make an allowance to them for extra work that they had to do in the excavating of the park lake. The representatives claimed that when they put in their bid for the contract they did not know the conditions which existed in the lake and that when they found it out it was too late for them to include it in their bid. They claimed that the extra excavation meant a loss to them of about $9,000.

After they had presented their claim President Grape, of the Commission, as well as the rest of the members, stated that the company should have found out the conditions and that they knew what the conditions were. The Commission did concede something at least. The matter was discussed at some length and was finally left in the hands of Architect J. Wallace Higbins to try and straighten out.

Six bids for the construction of concrete bridges on Elmer street side of the park and culverts were received and referred to the grounds committee. After some minor matters the Commission adjourned to meet again on Saturday, March 24. President Grape presided and the other members present were H. E. Perry, G. B. Taylor, C. M. Affleck, E. D. Clark and Architect Higgins.

Jack Platt, son of Mr. and Mrs. John Platt, of Mountain avenue, sailed on Monday to join the American Ambulance Relief Corps in France. He was one of the thirty who left on the Rochambeau, of the French line, and will soon be taking an active part in the work of which the people of this town now have such a keen interest. Young Platt was given a big farewell by a large number of relatives and friends at the pier when the big ocean liner left her dock.

The annual school meeting to be held next Tuesday night in the high school promises to be a quiet affair as from present indications there will be no opposition to the candidates who have been placed on the ballot by the Board of Education. E. S. Malmsy and W. A. Dempsey will retire from the board and Alfred J. Platt and Frank W. Perkins have been selected to take their place by the Board. W. R. Orr and J. E. Cutler will be candidates for re-election.

Miss Maud Klotz, who is acclaimed throughout the country as one of the greatest of American sopranos and who is a resident of this town, will give a song recital under the auspices of the Grant School Parent-Teacher Association in the auditorium of the high school on Thursday evening, April 12. Miss Klotz will be assisted by noted New York musicians.

The funeral of Miss Mary A. Combes, who died at her home on Orchard street on Monday, was held this afternoon from her late home and was attended by a large number of friends and relatives. The service was conducted by Rev. James A. Smith, rector of St. Paul's church. Rod interment was made in the family plot in Fairview cemetery.

Reports from those who have been to Melrose, Florida, and returned and who have seen Dr. R. R. Sinclair, who is recuperating there, are to the effect that the doctor is considerably improved and has taken on a quantity of flesh and that he is enjoying every minute of his vacation in that sunny clime.

R. S. Nichols, ex-president of the Union County Sunday School Association, will address a meeting of the Young People's Bible Class of the Congregational church in the parish house tomorrow night. The topic will be "The Relation of the Bible to Modern Life."

The Women's Home Missionary Society of the First Methodist church held its monthly meeting at the home of Mrs. W. W. Gill on Walnut street this afternoon. Mrs. Trewin, secretary of evangelism, is the speaker of the meeting.

The pantomime "O Zion Hasten" which was to have been given by the members of the Young Women's Foreign Missionary Society of the First Methodist church in the chapel tonight, has been postponed indefinitely.

Mrs. Leslie R. Broome entertained sixteen friends at luncheon at her home on the Boulevard this afternoon in honor of Mrs. Edwards, of Lewis, Delaware, who is the guest of Mrs. C. H. Learned, of Harrison avenue.

At the meeting of the membership of the First Methodist church held at the close of the prayer meeting last night, H. L. Abrams, W. A. Bishop and J. H. Pearsall were elected trustees to succeed themselves.

John Julius, of Brooklyn, who was arrested by Officer Steuernagel on Tuesday for panhandling, was sent to the county jail yesterday morning for five days, by Recorder Springstead.

The World Wide Guild of the Baptist church will meet at the home of Miss Edna Platz, on First street tomorrow night. The subject of the meeting will be "The Immigrant."

Mr. and Mrs. William Morrison, of Mountain avenue, have been entertaining Miss Ada Nisson and Miss Violet Cuneo, of Brooklyn, during the past week.

K. C. Smith, of Philadelphia, has leased the S. G. Foster house on Washington street and will move there with his family about April 1.

Dr. J. J. Savits, superintendent of the local schools, has been named as president of the Council of Education of the State of New Jersey.

Mrs. W. S. Filtcraft and Miss Anna Riley, of Harrison avenue, have gone to Winter Haven, Florida, for a two weeks' stay.

Mrs. Frosm, mother of Mrs. Alexander Gray, of Park street, went to Florida yesterday for a stay of several weeks.

The Parent-Teacher Association of the Grant school will hold a Victrola dance on Friday evening of next week.

Mrs. C. B. Peddle and Miss Genevieve Peddle, of East Broad street, are spending several days at Atlantic City.

Mr. and Mrs. W. M. Kelley, of Fairfield Circle, have returned from a visit of several weeks in Florida.

Miss Florence Gemdt, of Mountain avenue, has returned from a visit with her sister in Atlantic City.

Mrs. Harry N. Taylor, of Elm street, has returned from a visit to St. Petersburg, Florida.

M. B. Broomer, of Stoneleigh Park, has gone on a business trip to Toronto, Canada.

A. J. Beckley and family will go for a trip to Florida next week.

Mrs. Julia Affleck is quite ill at her home on Elmer street.

GERARD BRINGS SECRET PAPERS

He and Lansing Go Over Documents From Berlin.

Washington, March 15.—A moderate sized black leather bag containing documents brought from Berlin by the personal care of Ambassador James W. Gerard is safely locked in the vaults of the state department. During his 7,000 mile journey, covering a period of more than four weeks, Ambassador Gerard and the bag have not parted company for a moment.

Mr. Gerard was warmly welcomed on his return. He repaired to the state department, where he was greeted by Secretary Lansing. The black bag and its contents occupied attention for several hours. "It is a relief dinner and a long rest for me," Gerard remarked, as he left the state department, and the "moderate sized black bag" was forsaken for the first time in four weary weeks.

Ambassador Gerard resumed his conference with Secretary Lansing this morning and will leave for New York on an early afternoon train. His meeting with President Wilson has been postponed until the chief magistrate is recovered entirely from his present indisposition.

Drop in Sugar Prices Forecast.

Chicago, March 15.—At the annual meeting of the United States Sugar Manufacturers' association Truman G. Palmer, secretary, urged members to be prepared for a slump in prices when the war, which, he said, was responsible for the present high prices, is over.

HIGHWAY BOARD IS APPOINTED

Ira S. Kipp, Jr., Represents Essex County.

SENATOR GAUNT IS MEMBER.

Road Commissioner Edwin A. Stevens, John W. Herbert of Helmetta, Anthony R. Kuser of Bernardsville, Watson G. Clark of Tenafly, Walter J. Buzby of Atlantic City and George A. Blakeslee of Jersey City Also on Commission.

Trenton, March 15.—With Ira S. Kipp, Jr., of South Orange as Essex county's representative the new state highway commission of eight members was nominated by Governor Edge in a message to the senate.

Besides Mr. Kipp the nominees are John W. Herbert of Helmetta, for one year; Anthony R. Kuser of Bernardsville, one year; Senate President George W. F. Gaunt and State Road Commissioner Edwin A. Stevens, for two year terms; Watson G. Clark of Tenafly and Walter J. Buzby of Atlantic City, for three year terms, and George A. Blakeslee of Jersey City, who, with Mr. Kipp, was given a four year term.

Commissioner Stevens and Mr. Clark are the engineers required under the law to form a part of the commission.

In his selection of the men the governor sought representation of the various interests intimately connected with the project of road improvement. Mr. Herbert was chairman of the special road commission appointed by former Governor Fielder. Mr. Buzby, who was a member of the state board of conservation and development, resigned that position to accept the road commissionership. In his place on the conservation board Percival Melville of High Bridge was nominated.

A bill has been introduced in the senate paving the way for the employment of General George W. Goethals as the chief engineer. The governor approved the bill, and it was given to Senator Richards for introduction.

PATERSON STUDIES FOOD.

Conference of Eighteen Organizations Booked For Tonight.

Paterson, March 15.—With a food conference of eighteen organizations arranged for tonight in Eilers' auditorium, Mayor James H. Radcliffe said it was his hope to extend the investigation now in progress by city departments, probably by the appointment of a food investigating committee of citizens.

Thus far the food question has been of greatest concern to County Sealer of Weights and Measures Harry Rosenfeld, who had been checking up this city's food market scales. The mayor and Mr. Rosenfeld conferred and announced afterward the work of Mr. Rosenfeld's inspectors would be pushed. The mayor said also he is expecting a letter from George W. Perkins, in charge of the food investigation in New York. Mayor Radcliffe asked Mr. Perkins for an outline of the plan under way in New York for local adaptation.

Jersey City Women Ask Food.

Jersey City, March 15.—A delegation of women, headed by George H. Mead, chairman of the High Cost of Living league, has asked the city commissioners to appropriate money for the purchase of food supplies to be sold to poor people at cost. The request was referred to the city law department for an opinion on the legal powers of the board.

Suffrage Gains in Missouri.

Jefferson City, Mo., March 15.—The lower house of the Missouri legislature passed a bill permitting women to vote for president. The bill now goes to the senate.

URGES EVERYONE TO QUICKLY GET ON WATER WAGON

Drink glass of hot water before breakfast to wash out poisons.

To see the tinge of healthy bloom in your face, to feel your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour fermentations and mucus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow, and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Adv.

STOLEN AUTO CLAIMED BY ELIZABETH MAN

Roselle, March 15.—The auto mobile left with the Roselle police Sunday night by a young man who gave his name as Aneas McMillan and address as 236 South Broad street, Elizabeth, was found Tuesday, the police say, to be the machine stolen from Dr. Leo F. Froomis of Elizabeth avenue, Elizabeth, Sunday night.

"McMillan" was arrested for not having proper lights. He left the car as security for his appearance in court Monday night. He did not appear and an investigation showed that the address given was a vacant lot in Elizabeth.

AMERICAN BOAT ARRIVES AT GENOA

Special to Courier-News:

New York, March 15.—American Star Line has received a cable from Genoa today stating that the steamer Pordonian had arrived at that port. The Pordonian, in making the Mediterranean, went far to the South, keeping clear of the war zone.

FISH FILES APPEAL

Trenton, March 15.—Harwood Fish, former Mayor of Roselle Park, Union county, Tuesday filed an appeal with the Errors Court to have set aside the Supreme Court's decision upholding his conviction of libel. Fish was found guilty of libeling William E. Johnson in a circular distributed during a political campaign.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of the fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure—Adv.

GIRLS! WOMEN! TAKE CASCARETS IF CONSTIPATED

They liven your liver and bowels and clear your complexion.

Don't stay headachy, bilious with breath bad and stomach sour.

Get a 10-cent box now.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets will liven your liver and clean your thirty feet of bowels without griping. You will wake up feeling grand. Your head will be clear, breath right, tongue clean, stomach sweet, eyes bright, step elastic and complexion rosy—they're wonderful. Get a 10-cent box now at any drug store. Mothers can safely give a whole Cascaret to children any time when cross, feverish, bilious, tongue coated or constipated—they are harmless.—Adv.

TARIFF COMMISSION MEMBERS ARE SELECTED

Special to the Courier-News:

Washington, March 15.—President Wilson has sent to the Senate the nominations of the tariff commission. They are as follows: Frank W. Taussig, of Massachusetts; Daniel C. Roper, of South Carolina; Davis J. Lewis, of Maryland; William Kent, of California; W. S. Culbertson, of Kansas, and E. F. Costigan, of Colorado.

FUNERAL OF CAPT. METLAR

Flemington, March 15.—Funeral services for Capt. William Metlar, who died Sunday night at his home in Chicago, will be held at the Presbyterian church today. The Rev. Dr. A. W. Sonne, pastor, will officiate. Burial will be in the Presbyterian cemetery.

Captain Metlar was about eighty-two years old and served in the Civil War. He lived here about fifty years ago, when he operated the Metlar mill, situated on the south branch of the Raritan River, near Flemington Junction.

CHINA REVIVES WILSON'S HOPES

Break With Germany May Influence Other Neutrals.

ANOTHER U. S. VESSEL SUNK

Attack on Algonquin Not Likely to Be Regarded as "Overt Act," as Administration Plans to Base Action Toward Berlin Government on Results of American Armed Ships' Invasion of Submarine Zone.

Washington, March 15.—Hope for more or less general action among the neutrals of the world to break off relations with Germany as a protest against submarine ruthlessness is revived in Washington.

Reports to the state department and the navy department that China had broken with the German government led to the hope that President Wilson's desire for a general break by the neutrals, expressed in his original address to congress on the German break, might yet bring forth fruit.

Administration officials believe that a concerted cutting off of relations by several of the important neutral nations would soon bring the German submarine campaign to an end and possibly avert the war which day by day approaches more closely to the United States.

The Chinese break, officials believe, may open the way for further neutral action, and it is suggested that certain South American nations are considering following the lead of the United States in combating the submarine warfare.

Seizes German Ships.

China's determination to break with Germany was announced in a cablegram from Minister Paul S. Reinsch at Peking.

The ranking American naval officer in Chinese waters reported that China had seized all interned German shipping at Shanghai and brought the crews of six ships ashore under guard.

The sinking of the American liner Algonquin without warning in the submarine zone added another item to the long account which the United States has charged up against Germany. The Algonquin, Consul Joseph G. Stephens reported from Plymouth, England, was sunk by shellfire. The crew, after taking to the boats, sought aid from the submarine, but were turned away. At the state department the Algonquin incident is accepted as conclusive proof that Germany does not contemplate any modification of her declaration of submarine warfare against American as well as all other shipping. No further move by this government will be predicated on the Algonquin case, however, as President Wilson is determined to base the whole American case on the armed ships now being fitted to defy the war zone.

Grain Ship Sunk.

The loss of the Leyland liner Norwegian, with mails, grain, munitions and general cargo aboard, was reported to the department by Consul Frost at Queenstown.

"The Norwegian was beached after an explosion three and one-half miles off Galleyhead at 11.20 a. m., 13th," said Consul Frost's report. "Submarine was not seen. Carried protective 4.7 inch gun and wireless. Explosion killed instantly fourth engineer, storekeeper and three firemen, all five British. Sole American, John W. Vincent of Oak Bluffs, Mass., is safe, but had narrow escape, as his galley was wrecked by the explosion. Forty-two survivors out of complement of forty-seven. Mails being saved."

Consul General Skinner, at London, reported the saving of the entire crew of the British steamer East Point, bound from London to Philadelphia. The East Point was torpedoed without warning. Two Americans were among the rescued crew. They were John Webber of 159 Fourteen street, Buffalo, and Edward Ellis of 565 Courtland avenue, Brooklyn.

Full details of the torpedoing of the Belgian relief ship Storstad were forwarded to the department by the consulate at Liverpool, where the captain of the sunken ship made affidavit to the circumstances.

Refused Ship Sinking.

He described in detail the elaborate precautions taken by the Storstad to notify the attacking submarine of her charitable mission. The submarine shelled the relief ship, and when she failed to sink circled her and fired a torpedo.

The Storstad's crew then left the ship, and the submarine resumed shelling. The captain of the Storstad in his boat approached the submarine and notified the underseas boat of the nature of the Storstad's cargo and its destination. He asked that the submarine tow the ship's boats to safety, but received no reply. The submarine continued to shell the Storstad until she sank.

The navy department announced that there would be no relaxation in the precautions taken to guard with absolute secrecy the details of the movements of armed ships leaving American ports. Newspapers published at various Atlantic ports have complained that the customs officials have been too strinent in suppressing all information as to ships and cargoes, but it was stated that there will be no modification of the orders to the treasury department officials.

ORRINE DESTROYS LIQUOR HABIT

Keen interest in Orrine, the scientific treatment for the drink habit, now on sale at our store, continues unabated.

Yet this is not surprising when it is realized that it can be given secretly at home with absolute confidence, and that it quickly destroys all desire for whiskey and other intoxicants. Orrine has saved thousands of drinking men, and is sold under a guarantee to refund the purchase price if, after a trial, it fails to benefit.

Orrine is prepared in two forms: No. 1, secret treatment; Orrine No. 2, voluntary treatment. Costs only $1.00 a box. Ask for booklet. L. W. Randolph, 148 West Front Street. Adv.

MOVE TO OUST EDUCATOR.

Trustees of Connecticut College For Women Against President.

New London, Conn., March 15.—President F. H. Sykes of the Connecticut College For Women has been asked to resign by the board of trustees. President Sykes thus far has refused to comply with the request of the trustees and may decide to contest the action of the board.

There is no complaint by the trustees of Professor Sykes' work as an educator, but the board alleges lack of tact, impracticability and extravagance on his part in the management of the institution.

Over a year ago Morton F. Plant, who gave $1,000,000 and through whose liberality the women's college was made possible, resigned from the board of trustees and, it is alleged, refused to have any further active connection with the college so long as President Sykes remained at its head. Mr. Plant's resignation was never accepted.

PENNSYLVANIA CENSURES.

Votes Rebuke to United States Senators For Filibuster.

Harrisburg, March 15.—After a two hour debate the house passed the Walters resolution censuring the senators who participated in the filibuster in the United States senate that resulted in the defeat of the armed neutrality bill. Representative Mauer of Berks county, the lone Socialist member of the house, led the opposition to the resolution, being supported by Representative Beyer, floor leader of the anti-democratic forces in the house, and Representatives Woodward of Allegheny county and Millron of Armstrong.

A test vote on a motion made by Representative Woodward to postpone the resolution indefinitely was lost. The resolution as it was finally passed eliminated the word "unpatriotic" from the resolution.

INDIGNITIES DENIED.

Examination on Frederik VIII. Defended by Canadian Officials.

Ottawa, March 14. — Officials who were in charge of the staff engaged in the examination of the Frederik VIII. at Halifax deny the reports that unnecessary harshness was employed. They say special care was taken to prevent the subjection of any of the passengers to indignities.

The examination of the women passengers was done by women. The examination of Countess Bernstorff took less than three minutes. The published statement that the insoles of her shoes were ripped off is a falsehood, the officials declare, as is also the statement that all hot water bottles, baby nipples and rubber heels were confiscated.

MUNITIONS BLAST KILLS SIX.

Fourth Explosion In Thirteen Months In Plant at Emporium, Pa.

Emporium, Pa., March 15.—Six men were killed by an explosion in the solvent factory at the Howard plant of the Aetna Explosives company, the fourth explosion at the plant in the last thirteen months. Simultaneously with the blast at the solvent factory, which demolished the building and killed every man in it, the company's guards discovered fire in the cotton storage building, half a mile away. It was extinguished before serious damage was done.

Last July 1 a drying house at the plant here was blown up, six men being killed and half a dozen injured.

HOW TO GET RELIEF FROM CATARRH

If you have catarrh, catarrhal deafness, or head noises, go to your druggist and get 1 oz. of Parmint (double strength), take this home, add to it ¼ pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 4 times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat.

It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it just what you need. Schreiner Bros. can supply you.

THE GETTING-WELL STAGE OF GRIP

Most Dangerous Period--How To Gain Strength.

The long pull in getting over the grip demands that all the organs of the body be kept in their best working form, not only to drive out the poison left by the grip germ, but that the patient shall regain strength as soon as possible to avoid further attacks resulting from the poisons in the system, paralyzing the greater part of the tissues of the body and the organs which they compose.

Forced nutrition is a means toward good health after the grip—as it is a means of preventing the entrance of the grip germ to the system. Father John's Medicine treats grip and builds up the body because it is all pure nourishment and free from opium, morphine, chloroform or other poisonous drugs. Father John's Medicine has had 60 years' success for colds and throat troubles, coughs and sore throats, and as a tonic and body builder.—Adv.

LINER SAGAMORE SUNK

Special to the Courier-News:

Washington, March 15.—The Warren Line steamer "Sagamore," 5,197 tons, flying the British flag, Boston to Liverpool, was sunk on March 13 by a submarine, according to an announcement at the office of the owners, Furness, Withy & Co., in this city, today. The announcement confirmed reports circulated yesterday. She carried a capacity cargo of munitions, grain, lumber and other goods for England.

DUTCH CRUISER EXPLOSION

Special to Courier-News:

London, March 15.—News agency despatch from the Hague reports an explosion on the Dutch cruiser "Gelderland." One man was killed, fourteen others injured.

PROMINENT MEN WILL SPEAK IN THIS CITY

The Jewish War Relief Committee of this city has completed plans to inaugurate a campaign to raise $10,000 for the Jewish war sufferers abroad. The ministerial association has pledged its co-operation and will designate two or more of its members to speak at the mass meeting to be held at the Columbus Club Tuesday night, March 27.

An executive committee of fifty of the most prominent and active Jewish citizens has been appointed by William Newcorn and each one has pledged to help make the campaign a success. Mr. Newcorn has been in touch with Felix M. Warburg, of New York, executive chairman of the joint relief committee, and men of national reputation will be secured as speakers for the coming meeting.

The committee realizes the task it has undertaken, but the cry for help is urgent to prevent the babies and older people from starvation. Last year's campaign was successful and one-third of the money received here came from thousands of Jewish people. The committee hopes that this year's effort will result in a substantial amount being given for this worthy object.

DEPUTY HIRTZEL VISITS LOCAL LODGE OF ELKS

District Deputy Grand Exalted Ruler Hirtzel, of Elizabeth, accompanied by a delegation of twenty members from the Elizabeth lodge, paid his annual official visit to Plainfield Lodge of Elks last night.

The visitors were given a cordial reception by the local Elks, and Mr. Hirtzel was greatly pleased with the initiatory service. He complimented the officers of Plainfield lodge for their fine work. A social session followed the initiation.

Bad Fire In Quincy

Special to the Courier-News:

Boston, March 15.—Fire in Quincy Market early this morning put every stall out of commission. It will be several weeks before the damage can be repaired.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Rub Pain From Back With Small Trial Bottle of Old "St. Jacobs Oil"

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 80 years.—Adv.

RAILROAD EMPLOYES GET SHERIFF'S BADGES

Special to Courier-News:

Elizabeth, March 15.—Sheriff George C. Otto gave deputy sheriff's badges to more than twenty employes of the Lehigh Valley Railroad Company who are residents of the county, when they applied for them yesterday afternoon. It is understood that the step was taken as a precaution against possible damage to the company's property in the county as a result of war with Germany or the present agitation. The employes will carry clubs but no arms.

MEN'S CLUB ENTERTAINMENT

The Men's Club of Bethel chapel, East Fifth street, will hold an entertainment this evening. A special program has been arranged by members to open at eight o'clock.

CADET CORPS TO BECOME FEATURE

Will be Organized Tomorrow Afternoon at the Local High School

The Board of Education of this city has granted the boy students of Plainfield High School the right to organize a cadet corps at the school, which move is now on foot and will materialize tomorrow. Recruiting will commence tomorrow afternoon at 2 o'clock in Coach Ralph S. Patch's office. All boys of the school whose height is 5 feet 3 inches and weight 110 pounds are eligible to become members. Members of the corps must be energetic, ambitious and not afraid of work.

The corps will probably be conducted by a commissioned officer of the United States Army along the same lines as all military units in this country, discipline being an important factor. The boys will be required to take the work of drilling and learn the manual of arms.

The object of this organization is to train boys in military discipline and manual of arms. There will be nothing compulsory about joining and the students will not be approached individually with a request to become a member, but a notice has been issued that a cadet corps would be formed tomorrow and that all who wished to join may do so.

Clinton Berrien, who saw service at the border last summer, and Allan Stevensen, who has had experience in military life at Plum Island, are pushing this new move in the school.

The manual of arms and close order drills will first be taught. The *work is tedious. Following this* open order drills will be held, which include sham battles and skirmishes.

N. P. H. S. NOTES

Douglas Stewart, '18, has returned to his studies, having fully recovered from a slight attack of pleurisy.

Miss Mary Clark of the Sophomore class recited "A Welcome Surprise" at the chapel exercises this morning.

Miss A. Margaret Speidel is at present confined to her home on account of illness. Miss Speidel is the arithmetic teacher in the eighth grade.

Invitations for the freshman class dance for tomorrow night were issued this morning by the dance committee. Why so much secrecy about the affair, Freshies?

Barnard College and Dickinson College have sent large views of their institutions to Principal Alberti Earley of the high school. These pictures will be hung in the corridor.

This week is known as "Visit the School Week," and many parents of the high school students have taken the opportunity to visit the high school and become acquainted with the teaching corps.

Next Tuesday morning J. C. Evans, of Plainfield High School, will address the pupils of the North *Plainfield High School on the subject* of Agriculture in the West. Mr. Evans is head of the commercial department of the city high school.

The Boys' Athletic Association Poster committee, consisting of Mrs. Curtis, of the German Department; Miss Irene Duchesne, of the English Department, and Principal Albert Earley, will award the prize offered by the association for the best poster describing their play, in the near future. Two free theatre seat tickets are the prize offered.

The Junior Class Play Committee have decided to present the "Elopement of Ellen," a three-act comedy. The proceeds from this play will be used as in former years to give a "feed" to the Senior class. The *production will be presented sometime* in May at a class meeting held Tuesday morning. Ralph Gray was chosen business manager for the production.

ANOTHER STEP TOWARDS STATE PREPAREDNESS

Special to Courier-News:

Trenton, March 15.—Another step to give New Jersey military preparedness was taken by the Senate last night when it passed the bill by Senator McCran revising the State military code and placing it in line with the National Defense Act passed last year by Congress. The bill was prepared under the direction of Adjutant General Barber and other State military officers, and Gen. Barber was a spectator in the Senate when the measure was adopted.

DINNER TO DISTRICT COURT JUDGES NEXT WEEK

On Thursday night of next week the Plainfield Bar Association will tender a testimonial dinner to former Judge of the District Court Walter L. Hetfield, Sr., and Judge James Henry Crane. The dinner will be served at Ahern's restaurant, North avenue. William A. Codington will act as toastmaster and there will be several speakers.

P. H. S. NOTES

A freshman class meeting was held in the high school auditorium this morning.

A meeting of the Executive Board of the Girls' Athletic Association will be held with Miss Ruth Wean, next Monday, March 19.

Tryouts for the senior play, "Monsieur Petrochon's Journey," translation from the French, will be held Tuesday, March 20.

A game for the girls' class basketball title of the school was played this afternoon between the Freshmen and Sophomore teams.

Tickets for the high school Bible class meeting at the Y. M. C. A. tomorrow evening may be secured from Rufus Searls, Parker Newell, Howard Stelle, Louis Starkweather or Mac Fullerton.

The following cast has been selected for the junior play, "The Real Thing." Madinais, Harold Loizeaux; Bill, Robert Heron; Mrs. Perkins, Miss Anna Sherwin; Mrs. Hawkins, Miss Gladys Major; Mrs. Browning, Miss Mary Dall; Mrs. Pill, Miss Margaret Stout; Sidney, Miss Dorothy Cook; Jones. A rehearsal was held this afternoon.

The results of the Oracle Board elections which were held yesterday, resulted as follows. Business Manager, Juan Babcock. Junior members of the board; Mac Fullerton, Harold Loizeaux, Monroe O'Donnell and Howard Stelle. The Freshman and sophomore members have not been elected yet, but Chester Soirs secured a large majority of votes as one of the three sophomore representatives.

WEDDING ROMANCE OF TRIP TO EUROPE

Arthur A. Boyd, of New Brunswick, was beat man yesterday at the wedding of Miss Gertrude Kelynack to Charles McDade, in St. John's Episcopal church at Tuckahoe, N. Y. The wedding was performed by the Rev. John R. Atkinson, formerly of Elizabeth, who has conducted services at different times in this city. The bride went to England last October to become a Red Cross nurse. On board she met Mr. McDade, a linen manufacturer in Belfast, and the romance began then resulted in the marriage yesterday. They will make their home in Belfast.

TO TAKE TAX ASSESSORS OUT OF POLITICS

Special to Courier-News:

Trenton, N. J., March 15.—By a vote of 12 to 0, the Senate yesterday afternoon passed the bill introduced by Senator Pierce of Union County to take the tax assessors out of politics. It provides that these officials be appointed by the municipal governing body instead of being elected. If any municipality desires, it may put the assessors under tenure of office. Assessors will complete their terms before the law, if enacted, is effective.

GERMANS REPULSED FRENCH ATTACK

Special to the Courier-News:

Berlin (via wireless), March 15. A daring daylight attack by the Germans on the west bank of the Meuse resulted in the capture of a French outpost south of Dummieres, the War office announced today, in its statement on operations on the western front. French attacks on the northwest slope of Height No. 185 were repulsed.

NOMINATION CONFIRMED

Special to Courier-News:

Washington, March 15.—President Wilson gained a decided victory in the Senate today, when the nomination of C. T. Grayson, the White House physician, to be medical inspector of the navy, with a rank of Head Admiral, was confirmed by the Senate on a strict party vote.

PARTY FOR DR. PITTS

Dr. Albert Pitts was given a party at his home on East Front street, Tuesday night in honor of his birthday anniversary. Several intimate friends called and spent a pleasant social evening.

RUNYON VOTES "NO" ON HOME RULE

Trenton, March 15.—The home rule bill, composed of 136 pages of printed matter, the result of the labors of the commission named last year by Governor Fielder to study this subject and codify the laws on municipal government, was thrust upon the members of the House of Assembly yesterday afternoon at short notice and passed by a vote of 46 to 5.

Assemblyman William N. Runyon, of Union, cast one of the negative votes, not because he is opposed to home rule, but because he thought not one member of the House could, in so short a time, vote intelligently upon the measure. Registering a negative vote would come nearest being an intelligent vote, Runyon thought, and he followed that idea. The other "Noes" were from Amerman, Somerset, and Edgar, Middlesex, Republicans; Borden and Gallagher, Democrats, of Hudson.

Assemblyman Oliphant, the majority leader, acted in Mr. Dolan, of Hudson, according to the latter's speech on the bill:

"My God, don't ask me any questions about it."

PUNITIVE EXPEDITION BEGAN A YEAR AGO

One year ago today the United States punitive expedition, in command of Gen. Pershing, entered Mexico. Gen. Pershing's orders were to cross into Mexico when he was ready, and the Villa hunt began. The flying column to chase Villa was made up of 2,000 cavalry.

PASTOR SURPRISED

The Rev. Dr. D. B. F. Randolph, of the Monroe Avenue Methodist Church, was much gratified last evening to notice that there was an unusually large attendance at the mid-week prayer meeting, and he observed that practically every member of the Ladies' Aid Society was present.

The reason for the large attendance was explained, however, when John J. Frard, at the close of the meeting, asked everybody to adjourn to the Epworth house, where a surprise party had been arranged by the Ladies' Aid Society, in honor of Dr. Randolph who, it is expected, will be shortly transferred to another charge.

FOUND BOUCK WHITE GUILTY

New York, March 15.—Bouck White, pastor of the Church of the Social Revolution; Edward R. Ames and Augustus H. Henkel were found guilty early this morning of discarding the United States flag by burning it in the "melting pot of nationality" on June 1, 1916.

The jury returned its verdict after five hours' debate, with a recommendation for clemency. The other eight defendants were found not guilty and were discharged. Sentence will be passed upon White, Ames and Henkel today. They face a fine of $100 each, thirty days in jail or both.

WILL COLLECT OLD PAPERS

Troop 12 of Hope Chapel has designated next Saturday as the day to collect old newspapers about the city. The newspapers will be sold and the amount thus received to go toward a vacation fund for the boys. The members will meet at Hope Chapel at 9 o'clock and from there proceed about the city. William Richards, Scoutmaster of Troop 12, is now drilling Troop 1 at Somerville.

REVOLUTION IN PETROGRAD

Special to the Courier-News:

Berlin (by wireless), March 15.—A state of revolution exists in Petrograd, in which the Duma has defied the Czar and taken control of the government. According to a statement given out by the Transocean News Agency, the ministers of the Imperial Cabinet have been arrested by the Duma's orders and imprisoned, according to the news agency.

ANDREW JACKSON'S BIRTHDAY

Today is the anniversary of the birth of Andrew Jackson, who was born March 15, 1767, in Waxham, N. C., settlement, where his parents had immigrated from Carrickfergus, Ireland, in 1765. He became seventh President of the United States in 1828. He died near Nashville, Tenn., June 8, 1845.

Film Fight at Phillipsburg.

Phillipsburg, March 15.—Protests against the exhibition of a motion picture play have been lodged with Mayor Kneedler by Rev. Charles F. Barrett, an evangelist conducting a revival at the Methodist Episcopal church; Rev. H. B. Leech, pastor of the church, and Rev. A. E. Davis, pastor of the Baptist church. Mayor Kneedler said he would consider the objections.

To Launch New Mexico.

Washington, March 15.—Secretary Daniels has announced that the Dreadnaught New Mexico, now nearing completion at the New York navy yard, will be launched in April, probably the last week of that month. The New Mexico will be the largest warship built at the New York yard. She is a sister to the Mississippi, recently launched, and of the Idaho, now being built in Camden.

Is your digestion efficient? TOKO-ZOI and a little care will make it so. TOKO-ZOI at all Druggists—50 Cents

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a cloth through *your hair and double* its beauty.

Spend 25 cents! Dandruff vanishes and hairs stop coming out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre. Try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

GERMANS TRAIN MEXICANS FOR WAR WITH U. S.

El Paso, Tex., March 15.—Germany, through agents and the use of unlimited money, is organizing Mexico for war against the United States. Information received today from various sources in Mexico and along the border shows the existence of a general movement by Germans to make Mexico an ally of Germany.

In addition to subsidizing the Carranza government, Germany is reported, on what appears to be good authority, to be treating with Francisco Villa in an effort to make peace between the Villistas and the Carranza government, that the forces of Villa may join those of Carranza to *aid Germany. German agents are* known to have been for days in Villa's camp, persuading him to begin at once a campaign to harrass the border.

German plotters are reported busy in American army camps on the border. The disappearance of a new model machine gun from the camp of the Seventeenth Cavalry is believed to have been caused by a German-born trooper of that regiment.

WILL SELL PROPERTY ON WEST FIFTH STREET

Robert Murray will sell a valuable property on West Fifth street, corner of Arlington avenue, on Saturday afternoon, at 3 o'clock. The *house is well built and has a large* yard. The situation is central and is convenient for trolley and train, close to schools and churches, and within a few minutes' walk of the centre of the city. It will be sold to the highest bidder, with a free and clear title.

A full description of this property will be found in the advertisement in another part of this *paper.*

INFIELD OF SPORTS

TRAP AND FIELD

C. W. W.

I read with interest your column and am writing to ask you the name and address of the secretary of the American Revolver Association, as I should like to become a member.

Ans. The name of the organization is the United States Revolver Association and the secretary is J. B. Crabtree, Yalesville, Conn.

Perhaps you can tell me if there is any way to make a shotgun shoot higher. I constantly undershoot on clay targets and even on game birds. I cannot shoot high enough to get them.

Ans. Your trouble can be corrected by fitting a straighter stock to your gun. First try fitting a leather cheek pad to your present stock and keep adjusting it until you find out just the dimensions of stock that give you the best results and then you can have a new stock made for your gun.

W. A. M.

1. Why is it that the .22-calibre repeating rifle is not considered as accurate as the heavy single shot rifle?

Ans. Popular prejudice attributes accuracy to the long-barreled single-shot rifle, although scientific tests have shown conclusively that a .22-calibre repeater will shoot just exactly as well as any other type.

2. What is the reason for the National Rifle Association having all the shooting in the indoor league this year in the prone position?

Ans. I suppose it is because military authorities today consider that prone shooting is much more important than offhand work. I really think that much of our sport is sacrificed by this change, for offhand shooting requires more skill than prone work and there is consequently a better chance for competition.

3. Should the strap be very tight for prone shooting?

Ans. It should be tight enough so that it gives a comfortable position and a steady hold. If you get it too tight it will partially stop the circulation of the blood in your arm and cause a throbbing motion, which will spoil your shooting.

4. Assuming that I have a good rifle and ammunition and that I have a telescope on my rifle, what size groups would it be possible for me to make shooting with a rest for the barrel and my elbows? The rifle shoots the .22-calibre long-rifle cartridge.

Ans. If you are an expert shot you should be able to make half-inch groups of ten shots at 25 yards.

M. S.

1. Which is better on a high-power rifle, a pistol grip or a straight one? Doesn't the pistol grip give you a better hold on the rifle.

Ans. The tendency at present seems to be toward the pistol grip. At least all of the new models have been put on the market with this style grip. Personally, I prefer it on any kind of a rifle or shotgun.

2. Are there any standard rules for rapid-fire shooting with a rifle? I have been practicing the regular target bullseye shooting until I can do fairly well, but I think that practice in shooting quick will be better as training for game shooting.

Ans. There are any number of regular matches which include rapid-fire shooting, but none of them are arranged as preliminary training for field work. I suggest that you work out a set of conditions which will help you where you most need help. If you find that you take too much time in getting the rifle to your shoulder, practice raising the rifle to your shoulder and shooting one shot in a definite time limit—say, four seconds to start with. When you become proficient reduce the time somewhat. In all rapid-fire work remember that you are trying to train yourself to act like a machine and nervous haste is not conducive to methodical, accurate shooting.

3. What is a good size target to use for rapid-fire shooting?

Ans. A four-inch bullseye at 50 yards is about right. Using too small a bullseye will only result in a sort of poking slowness in your shooting.

BASEBALL CHATTER BECOMING BRISK

Little Notes and Sidelights Picked Up During the Past Few Days

With baseball dope going the rounds in encouraging fashion considerable interest is being manifested in the prospects and identity of the Washington, N. J., team. Just who will comprise the make-up of this tribe and whether the outfit will enter a league this season are subjects to be carped.

If "little Washington" decides to continue its policy of having a strong combination to represent it, Speedy Johnny Hunt, of Perth Amboy, will probably be seen in its midst.

Hunt has refused some flattering offers for the season because he is inclined to retain his position in the *City Hall at Amboy. He will be* available for Saturday afternoon ball, and his friends are rooting for him to go to Washington. Johnny is just out of his teens, and he's been a star performer and a shining light in Amboy ball, since he began his arithmetic. Every season he has been a big factor in Middlesex county, but he has never favored leaving his home territory.

Hunt, unlike other infielders, is a crack outfielder. He is at his best either at the initial station or in the outer garden. He speed has always kept him in a star role and he has natural batting instincts.

"Red" Grimes, of Somerville, idol of the Washington fans, will probably be in the Washington line-up, while offers will probably be sent to Tommy Mullin, of this city.

Nibs Hand, of Scotch Plains, a star in the old Central New Jersey League, playing for both the Plains and Dunellen teams at those days, will play on diamonds in and about Baltimore, playing semi-pro ball, according to the most recent of reports.

Eugene Lidgate, one of Fanwood's most popular and well-known ball players, will play week-end ball down in the Delaware County League this summer. This is the same circuit made famous some time ago by "Home Run" Baker. Lidgate, now working in the City of Brotherly Love, recently had an offer from Connie Mack to go South with the Athletics, but Gene wanted to hang on to a good job while he had it.

Stanley Lidgate, brother of Gene, will hang out with the Johns-Manville aggregation this summer. Stanley is a comer in the baseball world, and the factory aggregation will have a good one in him.

The Johns-Manville aggregation, by the way, is now holding practice daily and planning for a great season under the auspices of the recently-organized shop athletic association. The nearby team is to visit *the Lockport plant team of the* same concern on or about July 4, according to present arrangements for a return match, for the one played at the nearby suburb last year.

"My Cabinet Gas Range Always Cooks to Perfection"

"Whether it's bread, biscuits, meats, vegetables or pastry, the even, steady, easily controlled heat of my Cabinet Gas Range explains why everything is cooked so well, John.

"My! How different it was with my coal range! I had to wait until the oven got hot. I couldn't depend upon it to remain so. The uncontrollable variations in temperature often overcooked the food or else did not cook it enough. And food spoiled is such an expensive item these days.

"With my Cabinet Gas Range meals are never late any more. I'm also relieved of the burden of building fires and tending to them; of shoveling coal and ashes, with all their dust. And it's so much easier to keep the kitchen clean than it used to be.

"Fuel bills are much lower, too, because I stop expense the moment the food is cooked."

A Cabinet Gas Range of the type shown here costs $37.00—payable $3.00 April 2—balance $3.00 monthly.

The Gas Water Heater illustrated costs $18.50—payable $2.00 April 2—balance $2.00 monthly.

The self-heated Gas Iron is also a great boon to the housewife, as it saves both time and footsteps. Prices $3.75 and $4.00. Sold on monthly payments of 75c. and $1.00.

It is highly advisable that you place your order now, as the freight situation and manufacturing conditions are such that delays, possible disappointment and higher prices may be the consequences of buying later.

STRIKE CRISIS COMES TODAY

Railroad Managers and Men Confer In New York.

ROADS TO REFUSE DEMANDS.

Expect President Will Seize Lines and Operate Them if Walkout is Ordered, but Dispatches From Washington Say He Believes He Has Not Power—Men Want Eight Hour Day and Overtime Pay.

New York, March 15.—The chiefs of the four big railroad brotherhoods today asked that the Adamson law be put into immediate effect when they met the railroad managers in conference at the Grand Central terminal. They declared that their men will wait no longer for the supreme court to pass on the law.

The answer of the railroads, decided upon at a meeting of the National Conference Committee of the Railways, will be a refusal to take any action pending the decision of the court.

Thus a deadlock seems certain. From Washington came word that President Wilson was ready to act if no solution averting a strike were found.

Nominally the brotherhood chiefs will represent a united constituency. Actually they represent two factions—the dominant radical group which insists on immediate action regardless of the effect upon the national situation, and an active minority which insists that, as a matter of patriotism, nothing shall be done at this time to complicate the situation or embarrass the president.

Both Sides Hope For Peace.

What will follow the answer of the railroads no one on either side would attempt to say. Elisha Lee, chairman of the managers' committee, expressed the hope that there would be no strike. William G. Lee, spokesman for the brotherhood, also expressed hope that peace would prevail, but added that the answer would come later in the week.

Fear of war was assigned by W. G. Lee for the brotherhoods' insistance at this time that the railroads agree to their eight hour day with ten hour pay.

"If war does come it may mean that our men will have to wait four or five years for their demands," he said.

Managers Hope Men Will Stick.

In a statement issued by the railway managers it was said:

"With the situation before us we feel confident that the patriotism and loyalty of our men will not countenance any rash movement which may seriously embarrass the government and give the impression outside our borders that this country is torn by industrial strife and therefore an easy prey to any foreign foe."

This morning Mr. Lee, with Warren S. Stone, representing the Brotherhood of Locomotive Engineers; L. E. Sheppard of the Brotherhood of Railroad Conductors and W. S. Carter of the Brotherhood of Railroad Firemen and Enginemen will present what they term a compromise offer to the railroad managers.

They will ask, according to Mr. Lee, that the railroads at once grant the eight hour day with ten hours' pay irrespective of what the supreme court may decide the status of the Adamson law is. The compromise differs from the original demands of last summer only in that overtime pay is fixed at single time instead of time and one-half, then demanded.

President Still Hopeful.

Washington, March 15.—President Wilson is keeping close watch on the railroad situation and is ready to try to bring the two sides together if he sees an opening. While deeply concerned, the president is represented as feeling that under existing law he has done all he can.

The administration is hoping that the brotherhoods and the roads, mindful of the critical international situation, will find a basis for agreement. It is possible that if they fail to agree the president may decide before the strike begins to make one more appeal on the ground of national emergency.

LLOYD GEORGE WINS.

Compromise on India Cotton Tariff in House of Commons.

London, March 15.—The Lloyd George government won its first battle in the house of commons over the India cotton tariff by a compromise. On the test vote the ministry stood 293 to 125.

The circumstances of the victory are believed to show that Lloyd George will pass safely through the coming fights over home rule and the Dardanelles report. The free traders, who voted against him today are expected to be with him if divisions are forced on these questions.

BAPAUME TO FALL AT ANY MOMENT

Germans' Retirement From Position Indicated.

London, March 15. — Bapaume, toward which British eyes have looked longingly since July of last year, may swarm with General Haig's soldiers at any moment. Under pressure of the British advanced units the Germans are still retreating from the region around the stronghold. The retirement which Prince Rupprecht's troops began for strategic purposes they have been compelled to continue until it has become almost a rout.

General Gough's troops have advanced their lines along a line of three miles to the west and southwest of Bapaume. The operation consisted of three thrusts. The first won new positions on a front of a mile and a quarter south of Achiet-le-Petit; the second resulted in the capture of a thousand yards of enemy trenches southwest of Essarts, on the extreme left wing of the Ancre line; the third cleared the German works for a mile and a half immediately to the west of Bapaume.

The latest British success spells the downfall not only of Bapaume, but of Essarts, Cucquoy and Achiet-le-Petit.

It means that, whether they contemplated it or not, the Germans will be forced to continue their retirement from many more miles of the great Arras salient. It brings the British troops once more into the open, no longer hampered by confining trench operations.

CHAUFFEURS FIGHT JUDGE.

Circulate Petition Asking For His Removal.

New York, March 15.—The Professional Chauffeurs' club and several similar organizations have started a campaign to remove Patrick B. House, magistrate of the newly installed traffic court. They will boom the candidacy to the office of an attorney who has been legal adviser of the chauffeurs' organization.

Magistrate House made an indirect answer to the movement by sending an automobile driver charged with speeding to jail for ten days without the alternative of a fine.

SPRING

Spring is nature's apology for summer and winter. Everyone, including the man who froze his face last January, and the man who suffered a heat prostration last August, are supposed to be happy in spring. Spring is the time of year when radiators, tea kettles and prima donnas quit singing and the birds begin. Spring is everywhere in spring. In the air, the sky, the atmosphere, everywhere. There's only one place where spring isn't. That's in a $1 a day hotel bed. The only unpleasant thing about spring is poets.

M'COY'S ABILITY IS NOW UNAPPRECIATED

Recently when Al McCoy was matched with Les Darcy for a bout in Madison Square Garden every fight fan in New York began to pan the pending meeting. Likewise, most critics hopped into the panning brigade and gave the match a broadside or so. The result was that Promoter Grant Hugh Brown decided Al wouldn't do as an opener for his club in the garden and switched over to Jack Dillon when he had the chance.

Al McCoy has been laughed at so unmercifully since he luckily dropped George Chip in a single punch and came into Chip's alleged middleweight title that it behooves some one to slip in a word of commendation for him. McCoy is the toughest middleweight who has shown his wares in a New York ring for many a day. Dillon hit him with everything he had in stock and he didn't more than make the Brooklyn boy blink. They were crushing blows that most of the heavyweights would have fallen under. Al took them, and at the end of the bout he was just as fresh as Dillon. Had the bout gone ten rounds longer it is very doubtful if Dillon would have been able to wear down his lighter opponent, and if it had been one of the old-time 45-round affairs McCoy might have been the winner, although he was pitted against one of the toughest boys who ever stepped through the ropes of a ring.

McCoy didn't hit Dillon hard enough for the Indiana scrapper to really feel the effects of it. His heavy right hand has been greatly over-rated. But McCoy's style is a hard one to fathom. He is very hard to hit, and he is very dangerous. McCoy isn't a champion, but he stopped the man who was credited with being a champion and he fell heir to the title. But although he isn't a champion there isn't a middleweight now fighting, apparently, with the ability to take the title from McCoy in a ten-round, no-decision bout.

GRACE CHURCH BOYS LOST TO P. H. S. LADS

Playing on its own court, the Grace Church basketball aggregation went down to defeat before the College League team of the Plainfield H. S. Tuesday evening by a score of 36 to 28. The game was a fast one throughout, and not for one minute did either team let up in its good playing.

In the second half, with a slightly changed line-up, Grace Church started in with a rush to secure victory, but was unable to overcome the lead gained by the visitors in the first half.

Hannigan and Loizeaux were largely responsible for the victory of their team, putting in some great work at guarding.

BORO' LOST GAME AT NEW BRUNSWICK

Middlesex County Seat Lads, However, Display Good Fighting Qualities

In a fast contest that was frequently interrupted by roughness on the part of opposing players, the North Plainfield High School team lost to New Brunswick High School yesterday afternoon, 44 to 35, on the latter's court.

The conquerors of Rutgers Prep, who have not been defeated on their home floor this year, were confident of victory before the fracas started. Just to upset the dope N. P. H. S. got off to a flying start at the blow of the whistle, coming through with some tingly shots which made the score close throughout the first period. Andy McDonough made four long shots during this stretch, but has held scoreless the last half with three "personals" hanging over his head. The score at the end of the period was 18 to 11 in favor of the N. B. quintet.

In the second half Captain Seidel and LaPorte took the places of Barry and Force, and with the regular line-up on the floor the Canadians rapidly closed up the existing gap, but during the last few minutes of play, Herman, the big Brunswick centre decided the decision with three rapid scores.

BIG GAME AT T. A. B. S. COURT FRIDAY NIGHT

The appearance of the St. Patrick's team of Jersey City at the local T. A. B. S. court, originally booked for this evening, has been deferred until tomorrow evening at 8.15. Dancing will follow the game.

The St. Patrick's aggregation is one which was led for some time by Rev. Father Mahoney, now assistant rector of St. Mary's church in this city, and it was largely through his efforts that the Jersey City crew was induced to come to this city. This team is among the contenders at the present time for the Hudson county championship title. In the line-up of the visitors will be Joe Stapleton and Denny McLoughlin, both of St. Peter's College, who are well known throughout the State as fast players on the indoor court.

RIFLE CLUB NOTES

The largest number of the Plainfield Rifle Club members to turn out to a practice shoot reported at Company K armory last evening, and increased efficiency was noted. Encouraging, to say the least. President Atwood, however, states that there is still room for more. Get busy, fellows, get busy.

Business meeting tomorrow evening, the session to be short and to the point. Practice shoot to follow the formal gathering. Prompt arrival of the members at Company K armory, the place of meeting, and the hour of meeting, 8.15, means the prompt despatch of business.

A full attendance is desired. Reason: Membership is to be divided into squads for rifle competition purposes—sort of getting down to business, as it were. All those who can use a military rifle or who may think they can are expected to join one of the squads. A few of those who admit they are beginners can be used to fill in.

Beginners are always in order, which leads us to state that within the past ten days some fifteen applications for membership have been received, including all grades of shooters and rifle users. If you, reader, happen to be a beginner here is a chance to pass that point. Any officer will take an application. Any modest person desiring to join may leave his application with the sporting editor.

Don't forget the practice Saturday evening. No matter whether you join the regulars or the home guards in case of war the use of a rifle in the proper way is an essential. And we know a number of men who have been bragging about joining the home guards in case of war.

CITY LEAGUE RACE SOMEWHAT TIGHT

Tie for Second Individual Honors Created in Last Series of Games

Taylor still leads the local bowling league individual pinners, and unless something of a radical nature happens soon, he is liable to continue to hold the honored position. Gates and Van of the Imperials and Elks, respectively, are now tied for second place honors. The former has been holding down third place for some time past.

The standing of the teams remains somewhat close. The Elks, holding down first place, are one game ahead of the Imperials. The Knights of Columbus, in due turn, are an even game behind the borroughites. The Tabs are safely holding down the cellar position. From present indications, the fight for the league leadership will be carried right through to the end of the circuit's season next month.

The official averages of the league given out this morning by Secretary George Howe are noted below, the figure to the left of the individual's name, indicating his position in the standing last week:

JERSEY DOGS IN CHICAGO SHOW

New Jersey will be represented in the annual dog show to be held in Chicago the last part of this week by the Chicago Kennel Club. Mrs. C. M. Lunt, of Rahway, has entered a Scotch terrier and Mrs. James Bredle Duke, of Bordentown, an Airedale.

POND SHOP TEAM IN NEW CIRCUIT

Local Factory Nine Admitted Into C. N. J. League at Last Evening's Meeting

DICK SCOTT PROMOTER

Baseball conditions and affairs in and about this city will be somewhat complicated this coming season if the latest reports are true. Early this week word was received in this office through official channels that the Pond Machine Company employes would have a team in the City League, as well as the Spicer Manufacturing Company of South Plainfield. On top of this come the official reports of last evening's session of the recently organized Central New Jersey League to the effect that the Pond team had been signed up by that circuit. Whether the Pond plant will have one or two teams on the field this season could not be learned with any certainty prior to press time.

The application of the Pond employes for a Central League berth was filed at the circuit's meeting held at the home of Tommy Apgar last evening, Dick Scott, the old-time player, standing sponsor for the application. The application was received and the team listed, making the circuit at present a five-club affair. The other teams already entered include the T. A. B. S. of this city, Westfield, Dunellen and Somerville.

Considerable business of a routine nature was transacted at last evening's session, during which many details of the coming season were discussed at length. President Britt Martin presided over the deliberations of the session.

Dick Scott, who is behind the Pond team, was a shrewd factor in local baseball activities two decades ago, being among the top-notch pitchers of Plainfield's palmy days. Twenty years ago Scott was the mainstay of the team which represented the Pond plant at that time in a number of games throughout the season. Scott was in his prime as a pitcher at that time and Bert Meeting, president of the Central circuit, was just breaking into fast amateur company. In this general direction. The return of Scott to the box for active service gives the new team a title of considerable interest with Meeting and Wesley McLaughlin doing their service in promoting the welfare of the new organization.

BULLS TAKE THREE AND LEADERS RUNG

While Bears Retire to Second Place Tie in Tab House Tourney

T. A. B. S. TOURNEY

Bears	13	11	897	.542
Tigers	11	10	884	.524
Lions	12	12	918	.500
Foxes	6	18	926	.250

The Bulls threw the Bears last evening in the T. A. B. S. house tourney, and thereon hangs the tale. The Bulls, who have been holding down second place honors for the past few weeks, forced the Bears out of the first position, the recent leaders going into a tie for second place with the Leopards. And the Tigers and the Lions are not far behind.

Skinner, who incidentally has been doing some good work in the City League contests of late, rung up the high score of the evening at 225, maintaining a high average of 184.21. The Bulls took the entire three games of the evening with more or less ease, none of the scores being extra close.

CLIMAX GUN CLUB TO HOLD HOLIDAY SHOOT

The officers of the Climax Gun Club this morning announced plans for two special events at the weekly shoot of that organization to be held on St. Patrick's Day, Saturday, March 17. The throwing of several green targets will feature one of these special novelty events, while the details of the other novelty is being withheld until the time of the shoot. Prizes of merchandise will be given in the "green target" event.

A large number of shooters are expected to turn out to this shoot in consideration of the special events. Shooting will start promptly at 2.30 o'clock.

SAINTS TAKE TWO OF THREE GAMES

Social Club Girls Victors Over Bound Brook Feminine Pinners

While the basketball team of its club was being defeated in Newark the bowling crew of the St. Mary's Social Club was taking two of three games from the Bound Brook Social Club on the alleys of the latter organization last night. Miss Schuck of the locals secured the high score of the evening, 148, and high average, 130.

The locals have arranged a match with the Holy Trinity five of Westfield for Tuesday evening, March 21, on the T. A. B. S. alleys. Word from Westfield indicates that the match will take place will be accompanied by a large delegation of rooters.

SOCIAL CLUB LOST GAME AT NEWARK

St. Mary's Aggregation Put Up Good Game at State Metropolis Last Night

The St. Mary's Social Club five, visiting the Public Service Corporation girls of Newark last night, put up a good game at the indoor sport, but judging by the score the locals came home with the short end of an 11 to 6 count. The contest was staged with a division of rules, one half of the game being played under boys' regulations.

The contest was bitterly fought from one end to the other, and the Queen City girls certainly put up a great exhibition of the sport. The victory was snatched from the Plainfielders largely through the excellent shooting of Miss Wright, who played forward for the Newarkers.

SPORT BRIEFS

Gathered From Here, There and Everywhere in the Sporting Arena

New York—Dan McKetrick, manager of the Manhattan A. C., said yesterday that he postponed the Benny Leonard and Freddy Welsh go to March 26, so as not to conflict with other boxing contests.

New York—Johnny Kilbane, who is in town, wants a match with the winner of the Benny Leonard and Freddy Welsh contest. Kilbane said he will waive the weight question and take on either Leonard or Welsh. Johnny is matched with Tommy Tuohey, the Paterson lightweight, March 30.

St. Petersburg, Fla.—Pat Moran, manager of the Phillies, yesterday said he was determined to put a ball team on the field that will be fighting it out with the leaders this season. It was rumored in camp that he had decided to trade Whitted if he persists in holding out. Report had it today that Jack Bentley, of Brooklyn, who is a holdout, will be the man asked for in return for Whitted.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTER LEE

In connection with this department Miss Lee will gladly answer any inquiry relative to domestic science, a stamped envelope being necessary for a personal reply. Address care of Courier-News.

Just how to serve an engagement luncheon, and what the menu should consist of, seems a seasonable topic just now, and I have had so many requests for information in regard to such an "announcement party," that the article this evening will be devoted to this very interesting subject.

Before the news of her engagement is given to the world at large (generally through the newspapers), the fiancee invites her little circle of friends to a small function of some kind, preferably a luncheon, and there, in some ingenious way, announces the great news.

In laying the table, use bunches of sweet peas (in their delicate pastel coloring) as the floral decorations. Select one large basket for the center and four smaller ones grouped at the corners of the table and utilize as the place cards small blue birds (which mean happiness). Have the birds painted in water colors and made with a little inside of which may be written: "A little bird told me that ——— (the name of the hostess) is engaged to be married to ——— (the lucky man's name).

Following will be found the menu for the luncheon and recipes for preparing the various dishes served:

Grape Fruit Cocktail
Bouillon in Cups Crackers
Radishes Olives Salted Nuts
Traymore Chicken Timbales
Celery Potatoes Duchess
Fruit Salad
Knickerbocker Souffle Vanilla Sauce
Marrons Glace Coffee

Grape Fruit Cocktail

Shred the edible pulp from four grape fruit and add sugar (powdered) to taste, four tablespoonfuls of shredded pineapple, the same of chopped Maraschino cherries and enough of the cordial to form a good syrup. Chill directly on the ice and serve in stemmed sherbet glasses.

Traymore Chicken Timbales

Force cold cooked chicken, or boiled fowl, through a food chopper and then repeat. There should be one and a half cupfuls. Pound until very smooth and gradually add the yolks of three eggs, half a cupful of heavy cream and one-third of a cupful of white wine. Fold in the whites of three eggs, beaten stiff. Butter individual timbale molds and fill one-quarter full of white sauce, to which has been added half a tablespoonful of minced pimentos. Fill up the remainder of the molds with the chicken mixture, set in a pan of hot water and, after covering with buttered paper, bake until firm. To serve, unmold on a hot chop platter, when the sauce will run down the sides of the timbales. Garnish with parsley.

Duchess Potatoes

Scoop out the inside of four hot, baked potatoes and force through a potato ricer. Add once and a half tablespoonfuls of butter, the yolk of one egg, three tablespoonfuls of cream, half a teaspoonful of salt, one-eighth of a teaspoonful of pepper and a few grains of nutmeg. Set on the range and beat for three minutes. Then gradually add the white of one egg, stiffly whipped. Shape between two buttered tablespoons, place on a buttered sheet and bake in a hot oven until delicately browned.

Knickerbocker Souffle (frozen)

Let half a cupful of chopped, candied fruit soak in rum to cover over night. Cook two-thirds of a cupful of sugar with one-third of a cupful of water and one-eighth of a teaspoonful of cream of tartar, without stirring, to the soft ball stage, and pour in a fine stream upon the yolks of five eggs, that have been beaten until lemon-colored. Return to the fire and cook over hot water until well-thickened (do not boil). Beat occasionally until cold. Have one and one-half cupfuls of chilled double cream, beaten solid, combine with the egg mixture and pour into an ornamental mold. Sprinkle the drained fruit in with the souffle as you fill the mold, adjust the water-tight cover and bury in ice and rock salt for four hours before serving.

Marron Glaces

Use the preserved French chestnuts. Drain, dry and dip in the following syrup: Put in a saucepan two cupfuls of sugar, one tablespoonful of corn syrup, one cupful of water and one-eighth of a teaspoonful of cream of tartar. Stir until the sugar is dissolved. Then boil, without stirring, until it is a light, straw color. Remove from the fire and place in a pan of hot water while the chestnuts are dipped. Lay on waxed paper to harden.

THE LOST FAIRY—Part I

Once upon a time there was a fairy who married a mortal, though her husband did not know she was a fairy.

It happened that one night a fairy strayed from her Queen and her sister fairies and flew away to the top of a mountain, where there lived a poor peasant youth who was very handsome.

The fairy found the peasant asleep outside his door in the moonlight, and when she saw his handsome face she fell in love with him.

But, of course, she knew she could never be his wife as long as she remained a fairy, so she flew away to an old witch for whom she had done many kindnesses and told her she wanted to become a mortal, for she had fallen in love with a mortal and could never be happy again without his love.

"You know what will happen if you are discovered by your Queen even if you have been changed into a mortal," said the old witch.

"Yes, I know," said the fairy, "but I would risk even that to be the wife of my beautiful love. Change me quickly, I beg you, Mother Witch, that I may return to him before he awakes."

So the old witch changed her into a beautiful girl and gave her a pair of shoes to wear to climb the mountain with.

"These shoes you must throw over the mountainside as soon as you reach the top," said the witch, "as they are enchanted, and if the fairy Queen or any of your sisters saw them they would know at once you were the fairy who ran away, for they will never cease to hunt for you."

The fairy girl promised she would do as the witch told her, and slipped the shoes on her feet, and up the mountain she glided and stood beside the sleeping peasant. She quite forgot the shoes, so anxious was she to awaken her lover. The peasant opened his eyes, and when he saw the beautiful girl he fell in love with her and asked her to be his wife.

The next day the Fairy Queen called her fairies and found one was missing. "Look for her," commanded the Queen. "Look high and low, and if she has run away she shall suffer the penalty."

So the little fairies flew away. They looked under the stones, they looked under the leaves; they even looked into the river, but nowhere could they find their sister fairy, and they gave her up for lost.

But not so the Queen. She must be found," she told the fairies. "No fairy can be lost forever. Either she has run away and become a mortal or she can be found. Look on the tops of all the mountains tonight and I will go with you."

The fairy girl was very happy with her husband and he loved her very dearly, but where she came from she would never tell him, and that sometimes made him quite unhappy.

The shoes the witch had told the fairy girl to throw over the side of the mountain she had hidden under a bush, thinking some day she might need them, and there the Fairy Queen found them and knew they were magic shoes.

"She is on the mountaintop," said the Queen. "We must find her. I feel sure she has become a mortal. She shall be punished well for this."

So the fairies and the Queen flew about the mountain until they came to the cottage where the peasant and the fairy girl lived and looked in the window.

At first the Queen was not sure that the fairy girl was the runaway fairy, but she knew that if she were the lost fairy she would see her when she tapped on the window. So the Queen made herself invisible to mortal eyes that the peasant might not see her, but she knew that the girl, if she ever had been a fairy, would always be able to behold her Queen.

"Tap, tap, tap" went the Queen's

wand on the window, and quick as a thought the fairy girl looked up, and saw the Queen.

She turned very pale and her husband caught her in his arms, but she told him it was only the prick of her needle on her finger that had made her faint and that she was not ill.

That night when her husband was asleep the fairy girl stole out of the house, for she knew the Queen had come for her, and there was only one chance of escape, and that was to get the shoes and reach the old witch before the Queen could touch her with her wand.

She closed the door very softly and started for the bush where the magic shoes were hidden, and just as she put out her hand to take them out of the shoes jumped the fairies, and the Queen, who had been hiding under one of them, reached out with her wand and touched the girl fairy on her head.

Tomorrow I will tell you what happened to her.

SEED SUPPLY EXHAUSTED, GOVERNMENT ANNOUNCES

Washington, March 15.—Since the home gardening movement began throughout the country as a means to meet the increased cost of food the Department of Agriculture has been swamped with hundreds of thousands of requests for free seeds.

Officials of the department say that unfortunately they have no seeds to distribute. The free seeds provided Congress are distributed as members of Congress themselves direct, and this year's supply of about $200,000 worth was long ago exhausted. No more free seeds will be available until late in the summer.

FREAKISH GOWNS AND SUMMER FURS MUST GO

By United Press:

Chicago, Mar. 15—Freakish styles in the costumes of American womenare doomed, the 1,500 designer-dressmakers here for the sixth semi-annual convention of the Fashion Art League of America said today. They will compete for prizes offered for the best and simplest designs of various gowns, including taillour, afternoon and evening frocks.

Exhibitions of the gowns on mannequins will feature the convention, which ends Thursday evening. As an example of the pressure the designers are being put to in their efforts to eliminate freakish modes, the style committee has issued an edict, tabooing "summer furs." No longer will milady appear in the invrid tempeature of a July day, muffled to the ears in furs if she would display good taste.

The designers, however, are discriminating carefully between the sensible and the extreme, and have therefore made no effort to banish the very practical short skirt.

"Skirts are to hang straight, with 2 to-2 1-2 yards about the hem. They should be 6 to 8 inches from the ground—a "tiny bit" longer than last season," said Mme. Allie E. Bailey, president of the league.

Dresses are to be of wool, or combinations of wool and silk, and the hats, parasols and other accessories are to be of constrasting color to enliven the ensemble.

$20,000 A YEAR FOR PTOMAINE POISON PROBE

By United Press:

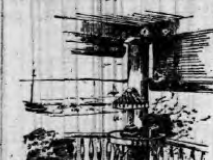
Cambridge, Mass., March 15.—The National Canners' Association has offered $20,000 annually for three years to be used in the investigation of food poisoning. This has been accepted by Harvard University, and an extensive research into the subject of ptomaine poisoning, with special reference to canned goods, is to be made by the Harvard Medical School, under the direction of Dr. Milton J. Rosenau, professor of preventive medicine.

SOLVE GIRL HELP PROBLEM

New Brunswick, March 15.—Free rubbers and umbrellas have solved the labor problem of the Russell Playing Card Company, near Milltown, which employs a large number of girls living in this city.

The company has laid in a stock of rubber overshoes and umbrellas and has announced that their girl employes can borrow these, free of charge, any time they wish. The company will furnish hot coffee free at noon.

Milady and the New York Shops



Rug-Wonderland

"Are you blase?"

This question hurled at me in the midst of a conversation with several of my friends fairly startled me.

Was I? I didn't know and scarcely had any way to judge myself. I had traveled all through Europe and the Orient. I had visited Australia, New Zealand and Hawaii. The pyramids of Egypt and the immortal Sphinx had thrilled me no less than the magnificent Alps of Switzerland. I was no snob at home in Chinatown of San Francisco as I was on Fifth Ave. in New York. I plodded in calling myself "cosmopolitan"—a world citizen. And because I had dared look bored at a performance of the dancing of Isadora Duncan, my friend had intimated that I was "blase."

"I don't think I am," I ruminated to myself. "I believe I have a few thrills left. I wonder! I wonder!"

I did not have to wait long to prove, even to my own satisfaction, the total untruth of this bald assertion. It was only the next day that I discovered I was as full of life as ever, that the seeing of something NEW, something DIFFERENT would send me into those ecstasies which the repetition of something old—however, good and beautiful it was—could never do.

It was on the fifth floor of H. Altman & Co. (you must know that wonderful institution, occupying an entire block between Fifth and Madison Avenues and Thirty-fourth and Thirty-fifth Streets), and I asked to see their summer and porch rugs for my beautiful home out in the suburbs. I expected to see the "same old things," but imagine my surprise when the efficient salesman showed me a line of something absolutely unexpected and an extreme novelty.

I had spent a very pleasant week in the Isle of Formosa, off the Chinese coast and I had seen a fibre growing there, but I never knew that rugs had been made of it. Yet there they were, the most exquisite bright combinations of high colored blocks with tan centers, that one can imagine! Any porch of a summer home would be absolutely enchanting dressed up in one of Altman's purple and black or rose and black combinations, and on the floor below you could get splendid wicker furniture made just to match!

These fibre rugs also come in the natural coloring of the fibre itself. They are made exclusively for H. Altman & Co. and can be built up in any size and any shape, of course, in any color. Just like building a sidewalk of paving stones. The favorite colors are the ones in three in the Japanese smart suit suits demanded by Dame Fashion, which will be used in rugs from porch furnished to match your newest and most favorite gown!

Altman's have many other splendid porch and summer rugs, out-of-the ordinary too, so that anyone who wishes to "differ from the crowd" can surely become satisfied with a choice of several styles. There are the handwoven cotton rugs with Japanese designs of a delicate nature and jute rugs in Oriental designs, very attractive for porch or summer wear and moderate in price, that would serve Justice well as a real Oriental, for the winter days.

Equally as desirable are Altman's sea-grass rugs from Canton, China with natural straw centers and green and brown borders. Or for utility wear one might choose a heavy rag rug, which comes in beautiful, delicate shades, unusual designs and artistic borders.

It seemed almost impossible not to order some of Altman's hand-braided rugs, which can be made up in any size or shape or color combinations in any number of pretty designs. Although both floor rugs are extremely unusual and they have originated several pretty oddities.

"Am I 'blase'?" I think not.

LIQUOR SALE TO HUSBAND COSTS SELLER $20,000.

New York, March 15.—Twenty thousand dollars was the fine for selling liquor to her husband after a warning not to sell to him had been duly given the saloonkeeper, Mrs. Ida M. Heaton of 827 West One Hundred and Twenty-third street by a jury in the supreme court of the Bronx, Justice Guy Pressing.

The suit was against William R. Talbot, a liquor dealer of Beason, N. Y., but the saloon appeared to defend it nor was he represented. The jury brought in a verdict for the full amount.

Mrs. Heaton testified that at one time her husband, Richard F. Heaton, was a prosperous business man with a chain of grocery stores in Beason, Pinkhill Landing and other Westchester towns and a profitable paper bag factory. But, she said, he became so addicted to drink that three years ago she had to sell.

ARREST OF GIRL CLEARS UP MYSTERY

Elizabeth, March 15.—With the arrest of a twelve-year-old girl the mystery of the disappearance of $4 from the home of Mrs. Rose Labraz of Niles street and of $10 from the home of Mrs. Anna Samual of 218 N. street was cleared up and an unique scheme for securing money nipped in the bud. The girl was sent to the House of Good Shepherd, Newark, today by Judge Mahon.

Although the money was missed the two women Saturday, no report was made to the police. The incident was recalled to them yesterday when the girl called and asked if they had been recently robbed. Admitting such was the case, she explained that she was employed by the "Safety First" branch of the Police Department to warn women against leaving money in their homes and to receive such money for deposit in the "Safety First" Bank, which, she said, was located in Newark. After hearing the girl's story the women called in the police.

WARREN TEACHERS TO CONVENE

Belvidere, March 15.—The Warren County Teachers' Institute will be held in the Phillipsburg High School auditorium Monday and Tuesday, March 26 and 27. Dr. Calvin N. Kendall, State Commissioner of Education, will be the speaker at the initial session. Lee Driver, superintendent of schools in Wayne county, Pa., will deliver an illustrated lecture Tuesday afternoon. Exhibits of drawing, penmanship and hand work done in rural schools of Warren county will be a feature.

Old blank forms, ballots and poll books which have accumulated in the courthouse will be turned into scratch paper for use in county schools. Decision to make this use of the forms, only one side of which had been printed on, was reached recently by the Board of Freeholders on account of the shortage of paper.

STOP YOUR HAIR FALLING OUT

Let Nature Show You How

When a plant is dying, you treat the ground around the roots. When your hair is sick and falling out, nourish its roots.

The success of Pompeian HAIR Massage is due largely to its method of application. You massage it into the scalp, stimulating the roots of the hair. Thus its name. Falling hair is caused mostly by Dandruff. Pompeian HAIR Massage will stop Dandruff. Follow the laws of nature. Use Pompeian HAIR Massage as directed and your hair will soon become full, vigorous and attractive.

Pompeian HAIR Massage is a clear amber liquid. Not oily. Not sticky. 25c, 50c and $1 bottles at all the stores. Made by the reliable makers of the famous Pompeian MASSAGE Cream.

H. P. B., Bassett, Ta., says: "I have used your Pompeian HAIR Massage with excellent results. It is far superior to any other hair tonic ever used."

Try it and say the same. Adv.W.P.

INTERESTING OLD COPIES OF HARPER'S WEEKLY

Among the keepsakes owned by Charles Herbert, of 407 East Sixth street, is a number of copies of Harper's Weekly, printed from the years 1859 to 1860. One copy under date May 5, 1860, contains a double page picture of the Keenan gag Savage fight in England for the championship of the world.

The continued story, "Woman in White," by Wikkie Collins; "Capt. Sarah, of the Schooner Centipede," Lieut. H. A. Wise, U. S. N., a predecessor of the present Henry A. Wise, who is much in the public eye; pictures of the Democratic National Convention in Charleston; pictures of beds in Bellevue Hospital, showing primitive conditions, and other matters of the sanitary conditions of today; the picture showing rats running over the beds, are some of the features of this issue.

TO REPORT FAVORABLY ON COLOMBIAN TREATY

By United Press to Courier-News:

Washington, March 15.—The Senate Foreign Relations Committee ordered a favorable report on the Colombian treaty, providing for the payment of $25,000,000 to Colombia for the loss of Panama and amended otherwise with a view to expediting its ratification at this session of the Senate.

NAZIMOVA CLOSES AT PROCTOR'S THEATRE TONIGHT

At Proctor's Saturday

Nazimova in "War Brides" closes a successful three-day engagement at Proctor's tonight. In addition today "Pearl of the Army" with Pearl White is shown.

Tomorrow, Clara Kimball Young is starred in the story "Without a Soul," Valentine Grant, Paramount star, is also seen in "The Daughter of MacGregor."

On Saturday the program will be "All Star," Pauline Frederick appears in "Ashes and Embers," a five-part Famous Players play, and Ethel Barrymore in "The Awakening of Helena Richie." "Krazy Kat," a cartoon comedy, will be shown for the children.

On Monday and Tuesday Mary Pickford will appear in her most triumphant screen production "The Poor Little Rich Girl," which is acknowledged to be the best picture in which she has ever appeared.

NEW VAUDEVILLE BILL AT PLAINFIELD THEATRE

A new bill that will continue tomorrow and Saturday began its engagement this afternoon at the Plainfield Theatre. "The Monkey Cabaret," an act that shows to what a degree monkeys can be trained, is the first number on the bill, and others that follow are: Jack Symonds, who is billed as "The Man of Ease"; Catherine Hayes and Louise Arnold in an argument set to music; Williams and Williams in a sketch entitled "At the Bookstore," and Stone, Light and Hardy in a comedy, singing and dancing vehicle.

The last episode of "Pearl of the Army" will be shown at the theatre tomorrow afternoon and night. Today there will be several comedy reels and Hearst-Pathe Weekly.

THE NEW BON TON GIRLS COME HERE MONDAY

Nothing has been left undone or untried that could in any way have added to the brightness of the specialty "The New Bon Ton Girls," to be offered the coming Monday at the Plainfield Theatre. It has twenty musical numbers and scenery unsurpassed anywhere in newness and clever artistic features.

The cast perhaps is unexcelled in the history of burlesque, for the company has as its leaders Leo Hoyt, Lee Tabor and Babe La Tour. These leaders are ably assisted in the funmaking by Madyn Parker, June La Vesy and Callahan and Jackson, the latter furnishing a whirlwind dance that is considered one of the swiftest dancing acts ever seen on a burlesque stage. The chorus is composed of pretty girls who can sing as well as dance thereby furnishing an unusual combination for enjoyment.

There's a Reason

Why our Developing and Printing is satisfactory—In fact, there are reasons: We develop your films carefully and with no hurried work. They are under observation of an expert from the time they enter the dark room until they leave it. This insures the best possible results from your exposures, no matter how widely they vary. In our Printing Department we use "VELOX" entirely. This is the most expensive paper on the market today, but we are after results. "VELOX" comes in three grades—Regular, Special and Contrast. You may have negatives of widely varying density—but one of these three grades will give you the best possible print from one negatives. Our experts will select the grade of paper and make the print, develop it with the best and most expensive developing agent on the market (expense isn't considered when quality is in the balance) with the result that we have a satisfied customer. The prices for our developing and printing are no higher than any establishment and less than some.

GEORGE H. FROST DIES IN SEVENTY-NINTH YEAR

Was Founder of First Strictly Engineering Journal in America—President of Courier-News Publishing Company Deeply Interested in Local Civic Affairs

THE LATE GEORGE HENRY FROST

George H. Frost died yesterday afternoon at his home, 745 Watchung avenue. Mr. Frost's death was due to a stroke of apoplexy which occurred on December 23 last, up to which time he had been in the active enjoyment of good health. His condition improved rapidly for a time, but about four weeks ago, owing to complications and his advanced age, he began to decline, and for the last ten days had been unconscious most of the time.

The funeral will be held from his late residence tomorrow afternoon at 3 o'clock and the interment will be made in the family plot in Hillside cemetery.

Mr. Frost was president of the Courier-News Publishing Company. He bought the paper from the late Frank W. Runyon in June, 1904, taking possession July 1, that year.

George Henry Frost was born July 9th, 1838, in West Hawkesbury, on the Ottawa River, Ontario, Canada. His parents were both of old New England stock, his father, Ebenezer Frost, being descended from Edmund Frost, who immigrated from England to the Colonies in 1635, while his mother, Caroline Harwood Frost, was descended from Nathaniel Harwood, who came from England to Boston about 1664. They lived, at the time of their marriage, at Canton, N. Y., both being amongst the original pioneers of St. Lawrence County, but about 1836 they removed to Canada and settled on the banks of the Ottawa River which provided favorable water power facilities for the father's business of iron forging and where the industrial conditions seemed to offer opportunities of success. Later, in the spring of 1839, Mr. Frost's parents again moved, this time to Smith's Falls, Ontario, then a small settlement of about 400 inhabitants, on the Rideau Canal, which had been opened only a short time previously for traffic between the Ottawa River and Lake Ontario.

Mr. Frost obtained his early education at the village school, but in 1854 was sent by his father to an academy at Glover, Vt. On returning to Smith's Falls he taught school there for a short time and then prepared to enter McGill University, from which he graduated in 1860 with the degree of Civil Engineer. At the time of his last illness he was the oldest graduate of the Engineering Department of McGill. After serving as an apprenticeship to a licensed land surveyor he received, in 1863, his diploma of Provincial Land Surveyor, but not being satisfied with

Y. M. C. A. MEETING TO BE HELD IN THEATRE

Another of the Y. M. C. A. meetings is to be held Sunday afternoon at 3.30 o'clock, in the Plainfield Theatre.

An address will be given by W. G. Landes, general secretary Pennsylvania State Sunday School Association. He is a forceful and interesting speaker, and this opportunity to hear him, should secure a large audience. Clifford A. Braider has arranged to have the Beiderwolf choir furnish the music.

It is requested that all members of the choir be at the theatre by three o'clock, with the Beiderwolf hymn book and a small American flag.

Emil Closs, with his famous Gospel Bells, is to assist with the music.

Doors open at three o'clock. Service begins promptly at 3.30.

At this meeting the ladies are cordially invited.

REAL ESTATE AUCTION TOMORROW AFTERNOON

Robert Murray will sell by auction tomorrow afternoon, at 3 o'clock, the premises, No. 210 West Fifth street. This is a particularly desirable property and close to the center of the city. The house contains nine rooms and there is a large lot. Further particulars will be seen in the advertisement in another part of this paper.

PLEASING ST. PATRICK'S PROGRAM AT Y. W. C. A.

An attractive program was presented at the St. Patrick's social at the Y. W. C. A. last night, consisting of vocal and instrumental selections, shadow pictures, pantomime and recitations, with Irish melodies by an orchestra, the whole affair being in the nature of a vaudeville entertainment.

The shadow pictures were very amusing, one, "Wilkins and Dinah," being given by Miss Marion Stryker, Miss Dorothy Seader and Miss Esther Karner and the other, "An Attack of Indigestion", was portrayed by Miss Agnes Gilfillin, Miss Clara Hadley and Miss Miriam Neter. "Michael Flannagan Advertising for a Wife" was presented in pantomime by a large number of the young women. Miss Harriet Mattison recited "Cleopatra's Needle" and a stirring Irish jig was given by Miss Nettie Steiner and Miss Ida Engelhart, appearing in costume. Interspersing the various numbers the orchestra gave popular selections, and at the conclusion of the program refreshments were served. The affair was under the auspices of the Camp and Conference Club of the association.

DEFEAT SUFFRAGE AT TRENTON

Assemblyman Runyon Sings 'The End of a Perfect Day' as Disorder is Quelled

(By United Press)

Trenton, March 16.—Attended by the greatest disorder that has occurred in the Legislature in years, the House late yesterday put a quietus to the effort of suffragists to gain at least a partial use of the ballot right. This effort was frustrated when the House concurred in the adverse report made by the committee on miscellaneous business on the bill introduced by Assemblyman Robinson, of Bergen county, to let women participate in the election of presidential electors and thereby express their choice for President.

Having been petitioned yesterday by fifteen members to report the bill, Assemblyman Pancoast, of Camden County, chairman of the committee, sent it to the Clerk's desk today with an adverse report. The Clerk announced its receipt and Speaker Schoen arbitrarily declared the report adopted. Immediately, there was a storm of protest, friends of the measure demanding a roll call. Assemblyman Dolan, of Hudson County, and other members caused such an uproar that further business was out of the question and the Speaker was fast losing control of the situation when Pancoast came to his rescue with a motion for a ten-minute recess. This was voted and served to bring order out of chaos, Assemblyman Runyon, of Union county, a splendid singer, helping to soothe the "savage breasts" by rendering "The End of a Perfect Day." Mutual apologies followed by the Speaker and others concerned, the roll was called and the report adopted, the anti-suffrage Republicans being too numerous for the friends of women's votes.

PLANS FILED FOR ADDITION TO POND'S

New Building Will be 288 Feet Long—To Cost $35,000

The Niles-Bement-Pond Company this morning filed with Building Inspector Deane, plans and applications for an addition to their present factory in South Second street, between Clinton and Grant avenues.

The addition which is to be constructed on the westerly side of the present building, will be 288 feet long with a width of 73 feet, and a height of 52 feet. It will be of concrete, steel brick and glass construction, and will cost approximately $35,000.

In addition to this structure the same concern is planning to construct an office building on property recently acquired at the corner of Prescott place and South Second street. It was learned today that this building will probably be six stories high.

It is said that the concern plans to remove a portion of its Philadelphia plant to this city, and will give employment to at least 100 more skilled mechanics.

The Niles-Bement-Pond Company is one of the largest manufacturers of machine tools and heavy cranes in the country. It is understood that the company has orders enough ahead to keep its plant in full operation night and day for at least two years.

A set of new officials recently took charge of the local plant, and many improvements have been made at their instigation. The concern owns a large tract of land between its present factory and Clinton avenue, which affords ample room for future expansion.

PRICES FOR SUNDAY NEWSPAPERS ARE FIXED

Newsdealers of the city at a conference held last night at the store of W. H. Olmsted on Watchung avenue decided to fix the price for Sunday newspapers sold at the stands at eight cents and when delivered the price will be nine cents. This will necessitate the employment of carrier boys who receive a penny for each newspaper delivered. This adjustment or prices, it was thought, would be fair to both the dealers and the customers.

Recently the wholesale price of the Sunday newspapers has been raised so that it costs the local dealers 5½ cents a copy delivered at the North avenue station, and there is an additional few cents expense to them in handling the newspapers.

The dealers decided last night to defer plans for perfecting an organization until the meeting to be held next week. At that time officers will be elected and a tentative agreement adopted. About twenty dealers attended last night's meeting.

PIONEERS OF PLAINFIELD

24th Chapter of Early Settlers in This Vicinity From Date of Land Purchase

FROM 1684 TO 1784

This Article, Written by Oliver B. Leonard, of This City, Closes Line of John Laing, Jr.

This is the twenty-fourth article on the early settlers in Plainfield, written by Oliver B. Leonard, of this city. The earlier chapters were published on the twenty-three preceding Fridays:

1720—Isaac and Amible Laing—

ISAAC LAING (youngest, but one of this large family of a dozen children) was born February 10, 1720. His parents were John Laing, Jr., 1675, and Elizabeth Shotwell, whose marriage occurred in 1705. The last two children of John, Jr., and Elizabeth, viz., Jacob Laing, born 1722, and Christiana Laing, born 1724, the writer is uninformed about at present, but may furnish notes some other time. Isaac Laing, born 1720, was married to Annabel (or Amible) Edgar, and had a family of seven, as follows:

(1) Abraham Laing, born 1747 and married Catharine Edgar. (2) Jennet Laing, born 1749, married Josiah Wilson. (3) David Laing, born 1751. (4) Elizabeth Laing, born 1754. (5) Thomas Laing, born 1758; married 1781 to Martha Webster, and to second wife, Mary Shotwell, in 1793. By first marriage they had five, viz., (1) David, born 1782; (2) Hugh Laing, born 1783, married Catharine Davids; (3) Catharine Laing, born 1787, married Joseph King.

(4) Isaac Laing, born 1789, and (5) William Laing, who was born 1785 and married twice, Martha Freeman and Catharine R. Moore. By first wife there were five, viz., John, married Margaret Kellum; Margaret married Henry R. Shotwell; Alvah E. married Ann E. Underhill, and had Howard and Nellie, married Frank C. Green; Elizabeth and Thomas. By second wife (William and Catharine R.) were five, viz., Martha, Henry, Walter, married Ann Larkins; had Walter, Jr.,

PROBASCO CLASS PRESENTS PLAY

Tonight at Plainfield High School the Probasco Bible class will present its fifth annual play, a farce comedy, "Too Many Husbands," by Anthony Wills. The play is full of good humor and quick action and excitement and is bound to bring many a hearty laugh. The cast is in fine trim and is bound to do credit to the coach, Mrs. G. Stuart Simons.

The Probasco class male quartet will make its first appearance and will render a couple of songs that are dear to every one. Another feature is also promised between the acts and will be participated in by selected members of Troop 14, Boy Scouts, of this city.

Several young ladies of the Matlack Bible class will sell home-made candy.

The object in giving the play is strictly charity and it's charity that the needy and sick of Plainfield will get the benefit of, and while the seats are selling better than ever before it is to be hoped that all who can will attend and help the class make good.

A twelve-piece orchestra from the Dutch Arms Band, under the leadership of Wilbur E. Moke, will furnish the music of the evening. The services of the orchestra have been donated and the Bible class wishes publicly to express its appreciation of this kindness.

While the seats last, they can be had at Miller's drug store. Curtain goes up at 8 o'clock sharp.

LINCOLN CHAPTER WILL GIVE A DANCE SOON

Abraham Lincoln Chapter at a meeting in the Frost building last night planned for a dance to be given in the near future. The following were named as a committee to make arrangements for the affair: Clarence Tilley, G. M. Gildersleeve, Walter Wenzel, Arthur Grisley, H. W. Swivel and G. M. Sutton.

H. W. Swivel occupied the chair and in the absence of Ivan C. Hill, who recently underwent an operation for appendicitis at Muhlenberg Hospital. Mr. Hill was reported as doing well. Gwilym Lewis acted as secretary.

FAREWELL DINNER FOR LOCAL MEMBER

Y. M. H. A. Holds Testimonial for Abraham Schwartz, Who Leaves Tomorrow

The Young Men's Hebrew Association gave a testimonial dinner last night at the home of Samuel Schwartz, of West Front street, in honor of Abraham Schwartz, who leaves Plainfield tomorrow to make his home in Pottstown, Pa.

Mr. Schwartz has been a member of the Y. M. H. A. for the past four years, and during that time he has contributed his service to the organization at times when it needed him most. He served on the educational committee to excellent advantage, and also was the manager of the debating team, in addition to serving as the financial secretary of the association.

Arthur H. Richards had charge of the arrangements in behalf of the organization, while Harvey Rothberg acted as toastmaster. The affair was a complete surprise to Mr. Schwartz, as he entered the dark room, where thirty guests were seated, awaiting his home coming, and was greeted with acclaims of "surprise."

A large number of good things were said about the departing guests by his many friends, and the collation served by Mrs. Samuel Schwartz put a crowning touch to the good cheer and merriment of the gathering.

At the close of the reunion, the toastmaster announced another contribution of $50 to the Y. M. H. A. Fund from Jack Schwartz, brother of the guest and $5 from Dr. Krans, one of our local physicians, who is in sympathy with the Community Center idea of the young men.

RABBI WISE SPEAKS HERE APRIL 3RD

Will Deliver Address in the Interest of Jewish War Relief Fund

Rabbi Stephen Wise, of New York, has been secured by Judge William Newcorn to speak at a meeting of the local branch of the Jewish War Relief Association, Columbus Hall, on the night of April 3, when an effort will be made to raise a fund of $10,000 for the benefit of Jewish war sufferers.

The misery and distress that has been visited upon the Jews in the war stricken countries of Europe is almost indescribable. It is so much worse than anybody in America has any idea of that only those who have been in close touch with the situation and receive reports from men who have returned from the war zone can give any inkling of the sufferings of that unfortunate section of humanity that is trying to survive the ravages of the most inhuman conflict that has ever taken place.

Judge Newcorn said to a Courier-News man this morning that the call which the Hebrews of Plainfield are going to make to the citizens of this community is one based upon the belief that every man who has still readily give his share to alleviate the sufferings of those whose distress is not due to any fault of their own.

"The Hebrew in America has never turned a deaf ear to the appeals of others," he said, "and while it is primarily the duty of all Hebrews to give liberally, as they will, I am of the opinion that all citizens will be glad to contribute to this worthy cause."

Rabbi Wise is a brother-in-law of Jacob Schwed, one of the oldest business men of the community. Those who contribute should know that the money will be used to buy supplies for those who need them.

"Americans have given aid to the Belgians and other war sufferers. That is what we should do because we have enjoyed the blessings of peace and have no conception of the awful distress that exists across the sea."

Rabbi Wise is one of the most prominent Hebrews of New York. He has delivered lectures for the war sufferers in many cities and it was only after a great deal of persuasion that we are able to induce him to come here on the night of April 3.

"The public in general is invited to come and hear him. He will give an account of the work being done for Jewish war sufferers. I am hopeful that a goodly number of citizens will turn out to hear him. He is an orator of repute and the appeal which he will make here is in the interest of humanity; it is a call to all mankind to come to the aid of those who cannot help themselves.

"Knowing the disposition of our citizens I am confident that our appeal for the Jews will not be made in vain.

INCIDENTS OF THE ABDICATION OF CZAR NICHOLAS OF RUSSIA

By United Press:

London, March 16.—Up to noon today the fate of individual members of the former Imperial Ministry of Russia had not been made clear in Petrograd advices.

One dispatch said that "a majority" of the Ministers had been released, but that Minister of the Interior Protopopoff had been "detained." Earlier dispatches had reported his execution by the revolutionists.

(Story of abdication of Czar Nicholas of Russia appears on another page.)

RUSSIAN NOBILITY JOINS REVOLUTIONISTS

By United Press:

Petrograd (by wireless to London), March 16.—Fifteen assemblies of the Russian nobility met today and adopted resolutions declaring a participation in the popular revolution. The resolutions vigorously assailed the officials of the old government, who were responsible for the crisis which resulted in the overthrow of the Czar.

Despite the lack of news papers the public was fully informed of the progress of events through bulletins issued by the Duma Council.

The problem of lack of food was tackled energetically by the new provisional government. Large stores of flour were discovered concealed at various points, as proof of the complete duplicity of the former government officials who, complained that the whole city was without bread supplies or flour. This supply was at once distributed to the people.

The provisional government is methodically forming its defensive forces. All factories closed today in a plan to supply one hundred of each 1,000 workmen to aid the military forces now under control of the democratic government.

PRESIDENT MAY MEDIATE IN R. R. STRIKE

By United Press:

Washington, March 16.—President Wilson will act on suggestions of the Railway Brotherhood managers to mediate on the eight-hour-day strike, set for tomorrow, if such instructions reach him. There was even strong indication today that the President might call both the railroad managers and Brotherhood leaders to conference with him within 24 hours without waiting the invitation to mediate.

The President's understanding of the situation now is that both sides appear to be "marking time" pending some action on his part. It is the belief of his advisers that the country as well as the railroads and their employes now look to the President personally to avert the strike.

RAILWAY MEN SEEM MORE IN FAVOR OF MEDIATION

By United Press:

New York, March 16.—Indications that President Wilson may be asked to mediate in the railroad strike scheduled to begin tomorrow evening, developed today, when the railroad managers went into conference and when W. G. Lee, speaking as president of the Brotherhood of Railway Trainmen, suggested the step.

From the railway managers' conference came word that Lee's request for President Wilson to mediate amounted approximately to the same thing as the managers' suggestion yesterday, that the Goethals eight-hour commission appointed by the President settled the whole controversy.

The opposing camps were apparent more nearly together than at yesterday's peace conference.

PADEREWSKI COMES HERE MARCH 26

Paderewski's hold on his audiences seems to increase with passing years. In the beginning of his career in America, over twenty years ago, it was said that he was but a craze whose popularity would pass with time, and each time he comes to this county there are people foolish enough to say such things. Yet each tour is the same old story of crowded houses and tremendous enthusiasm. The truth is that Paderewski's art is the quality which makes him supreme, and his personality is only a secondary consideration.

His appearance here is set for Monday evening, March 26, in the high school auditorium. His program will be characteristic, displaying his wonderful art at best advantage. The sale of tickets open at Miller's Drug Store on Saturday morning, March 17.

TROOPER JOHN CALDER THROWN FROM HORSE

John Calder, a member of Troop D, First Squadron Cavalry, this city, was thrown from his horse last night following the first outdoor drill of the troop, sustaining some bruises and a general shakeup.

Calden was taken to Muhlenberg Hospital, where an examination showed that his condition was not serious, and no bones were broken. The accident occurred on Kenilworth avenue, soon after Calder left the horse show grounds where the drill was held.

HOME ON FLYING VISIT

William S. Brower, of East Fifth street, a U. S. government operator, is in town on a flying visit, having been granted a two days' leave of absence. He has been in the navy three years and says that is the best thing for any young man who wants to gain experience and see the world. "The best ever" is Mr. Brower's slogan.

PINOCHLE PLAYERS CONTINUE CONTEST

The Firemen took two games last night from the Berber Shop team in the borough pinochle tournament. The Domino Club defeated the Independents. The tournament will close on Monday night.

EXCEPTIONS ALLOWED BY THE ORPHANS' COURT

Announcement was made today in the Orphan's Court, Elizabeth, that exceptions filed by Mrs. Florence Neal Williams, of Plainfield, to the settlement of the estate of her father, Frank S. Neal, had been allowed and as a result she will receive $2,800.

The matter is now in the surrogate's hands and the court's decision, settles a long period of litigation. W. A. Coddington represented Mrs. Williams.

ANNIE TROY DIES IN MUHLENBERG

Miss Annie Troy, of Cranford, died in Muhlenberg Hospital this morning.

LUCY HENDERSON SUNK

Special to the Courier-News:

Washington, March 16.—The State Department today received despatches telling of the sinking of the British steamer Lucy Henderson by gunfire from a German submarine on March 12, 60 miles north of Rattray Head. No warning was given and no attempt was made to provide for the safety of the crew.

KATES BILL HELD IN COMMITTEE

Special to Courier-News:

Trenton, March 16.—With the House Judiciary Committee holding tight despite the favorable attitude of two of its members, to Senate Bill No. 92, the Kates measure which gives municipalities the right to initiate local ordinances on the liquor question, the home rule issue is looming up for a third battle in the Assembly at this session.

It is understood that Assemblyman Runyon, Republican, of Union, and Assemblyman Geran, Democrat, of Monmouth, two members of the judiciary Committee are willing to have the bill reported out but Assemblyman Oliphant, the chairman, together with Messrs. Dalrymple, Passaic, and Joanson, Essex, Republicans, are believed to take the opposite view, not being in any sense favorable to local option.

There is talk that the "Rule of 15" may be invoked to force the bill out. This requires the signatures of fifteen members to a petition relieving the committee of the bill.

URGES COMPULSORY MILITARY TRAINING

H. A. West Gives Patriotic Address Before Special Aid at Hartridge Auditorium

The need and lack of and solution for preparedness of the country at this present time was discussed in a plain and practical way by Henry A. West, of the National Security League, at a meeting of the local branch of the National Special Aid Society held at the Hartridge auditorium yesterday afternoon. This was the first public meeting of the society since the inauguration of the special campaign and there was a large attendance of members.

At the outset the speaker emphasized the present situation as the most serious before the American people and a time to take stock as a nation after a long period of complacency. "It is what we make our government," declared the speaker. Citizenship may mean everything and it may mean nothing. We will all agree that it is necessary to have a police force. It makes for peace, and so should we have an adequate army and navy which will do the same thing for us as a nation.

"We take all necessary precaution to protect our property against fire and burglary and even insure our automobiles, so why should we not protect ourselves as a country. Our geographical location as a country, our wealth and numbers are our weakness, not strength. The ocean is no longer a barrier, and the more wealth we have the more temptation it is for others to steal it, and in the words of General Wood, 'no wolf is afraid of a flock of sheep.' Treaties we have learned are worthless without force, and international law is for the court to interpret and the police to execute. What's the answer to all this?

"It is that we have a wholly inadequate navy and army, and a lack of aeroplanes, submarines and coast defense. Our army is three times the size of the New York police force and could be placed in the Yale Bowl and our coast artillery is woefully lacking in men.

"At the present time we haven't a first-class battleship on the Pacific coast. There are nine obsolete ships there which could be easily wiped out. We must have more first-class battleships if we are to meet the situation fully prepared.

"We must have guns, ships and equipment. Yesterday afternoon 1,500 girls and women walked out of a burning sixteen story building in New York, and no one was injured, all because they had been well trained and they proved the test. That should be our position.

"Now as to the solution of the problem. I am a strong advocate of universal military training for the men and boys of this country, and favor the tried and approved Swiss plan. We cannot have a navy large enough to protect our 21,000 miles of coast with 117 undefended points, so we must have a strong land force as a second line of defense. We will have to rely on a strong citizenry force and I would urge the adoption of a law which would make military training obligatory in time of peace so as to be prepared in time of war, thus every man would be in a position to defend his country against the enemy."

Frequently Mr. West's patriotic sentiments and declarations were greeted with hearty applause, the women showing their approval of the plans for defense as outlined by the speaker. As the large audience was a good representation of the junior branch of the National Special Aid Society and after meeting a number of those present enrolled for the various classes.

REPUBLICANS PLEDGE LOYALTY TO COUNTRY

Resolutions pledging the loyalty of the Republicans of Union county to the country in the present crisis for the preservation of national honor were adopted at the meeting of the Union County Republican committee held at Elizabeth last night. Several enthusiastic addresses were made on the resolutions and they were passed unanimously.

The committee decided to hold the annual outing in August this year at Witzel's Point Grove on Long Island, the date to be settled upon later. A committee was also named to arrange for a smoker and entertainment to be given at the county headquarters on Thursday night, April 19. It was also voted to donate $260 for the use of the Republican City Committee of Plainfield. Before adjournment interesting remarks were made by Hamilton Kean and [illegible] H. Smith.

DEPEW CONVICTED IN FANWOOD TRAGEDY CASE

Elizabeth, March 16.—Rolland Depew, the East Orange youth who ran down and killed Hilda Hodgson, of Fanwood, with his auto December 3, was convicted by a jury in the Court of Quarter Sessions yesterday afternoon after being out less than an hour.

Depew testified that he could scarcely see the Hodgson girl and her companions on the road, as it was so dark that he used all the precautions possible.

Prosecutor Alfred A. Stein, in summing up, declared that there are altogether too many auto mishaps.

Society of Fanwood and Scotch Plains Reports on Two Years' Work

The Society of Fanwood and Scotch Plains for the Relief of War Sufferers Abroad is continuing its good work. Meetings are held regularly the second and fourth Thursdays of each month at the residence of Miss Sarah L. Kyte, Fanwood. Any articles of clothing for men, women or children, also pieces of material to make up and donations of money will be most gratefully received.

Seventeen cases (total valuation of contents $1,372.44) have been forwarded and reached their destination safely, been acknowledged and contents distributed at the front to the Belgian refugees and to the base hospitals in England and France.

The following is an account of the receipts and expenditures for the past two years: Total receipts, $198.41; expenditures, $22.47; balance on hand, $175.94. Other receipts: 10 bolts outing flannel, 2 rolls gauze, 50 pounds wool for knitting, many articles of clothing, many new pieces of wool material to make up.

The committee comprises Mrs. Alfred Beckett, Mrs. J. T. Thompson and Miss Sarah Kyte, treasurer, of Fanwood, and Mrs. J. C. Walker, Mrs. L. H. Morgan and Mrs. R. M. Huse, of Scotch Plains.

The following is an extract from letter of Mrs. Yorke, of Sevenoaks, Kent, England, to the ladies of the War Sufferers and Red Cross Society, Fanwood and Scotch Plains, N. J., U. S. A., received March 12, 1917:

"It is with pleasure I wish to let you know I have received the lovely box of gifts for the men in the field, also so many comforts for men in the hospitals and therefore its arrival is all most opportune. Just right for the terrible times before us. Believe me, dear friends in America, we are deeply grateful to all who have contributed towards this box of beautiful gifts. Please accept our heartfelt thanks for all you have done for us at a time like this, when we need every ounce of courage and endurance we possess to carry on. The thought that we have kind friends in the States who work for us and think of us and love all, is sympathies, is most comforting and helpful.

"The comfort bags for the 'Tommies' are always so pleased with their contents and with the charming little messages written on the cards enclosed. Poor fellows, they do prize the kind thoughts, also the books at the hospitals."

Extract from letter of K. L. Mansfield, commandant of Cornwall Hall Hospital, Sevenoaks, Kent, England:

"Thank you very much for the infants' clothes, shirts, quilts garments, etc., so kindly sent us. They are most acceptable as we have five hundred Roumanian refugees here now. So you can imagine how pleased we are with the nice coats, shirts, boots, shoes etc., for the women. Our warmest thanks to you all, kind friends of the War Sufferers and Red Cross Society of Fanwood and Scotch Plains."

WALDORF BUILT 34 YEARS AGO YESTERDAY

By United Press:

New York, March 16.—George C. Boldt was laughed at and called a fool for throwing his money away when he built the Hotel Waldorf "with 400 rooms to cater to the rich" twenty-four years ago yesterday. Boldt, who was a poor man then, died a few weeks ago, leaving a fortune well up into the millions of dollars, all of them made from the hotel.

RUNYON BILL WILL HIT LIQUOR QUESTION

Special to Courier-News:

Trenton, March 15.—Although the real local option bill was defeated some weeks ago, the Senate today passed the Runyon bill that would enable all but first-class cities to hold elections to get public sentiment for the guidance of the governing body on any municipal question, including liquor. This measure now goes to the Governor, and if it becomes law there will no doubt be a number of cities and towns in the State that will take advantage of its provisions.

NEW FEATURES OF "THE HOODOO"

A feature of "The Hoodoo," the play to be given by the Chi Gama Chi Club of St. Joseph's Church, in St. Joseph's Hall, North Plainfield, on Monday night, will be Miss Mabel Saffron, who will render a number of solos between the acts. She will be accompanied on the piano by Miss Mary Ardern.

The rehearsals of "The Hoodoo" are drawing to a close. The last rehearsal will be held on Saturday night. The several players have thoroughly mastered their parts, and the indications are that when the curtain rises on "The Hoodoo" a fine entertainment will be provided.

A GOOD MANY STORES

Believe in putting all the **value** in print—setting forth glowing descriptions of wonderful apparel, etc., etc.—rather than in the goods they sell.

We, on the other hand, prefer to **build** value into our garments, so that you can reap the benefit.
We think our method the better. Don't you?

COATS

Poplin has for years held sway as the indisputed queen of Spring fabrics, but now wool velour is making a strong bid for the popularity honors. DEATH OF GEO. H. FROST

(Continued from Page 1)

the meagre opportunities offered by the practice of his profession among the farms and timber limits of Canada, he left his home in the forest clearing and arrived in Chicago in August, 1863. Within a week of his arrival in Chicago he secured employment as a rodman on a railway survey in Wisconsin being made by the Chicago and Northwestern Railway Company and with the exception of the summer of 1864, spent in an architect's office in St. Louis, the next three years were spent in the service of that company. The following ten years were devoted to the active work of civil engineering in private practice in Chicago.

After the great Chicago fire in October, 1871, Mr. Frost did much engineering work incidental to the rebuilding of the city and the establishment of property lines in the burned district. He laid out many suburban sections in the surrounding territory which had taken on a boom as a result of the fire. A number of these places are now incorporated in the City of Chicago, the original lines being unchanged. Part of Mr. Frost's work included surveys of the tracts which now comprise the United States Reservation of Fort Sheridan and the town of Glencoe.

The fact that not a single journal in the interests of civil engineering was existent in America at that time turned Mr. Frost's attention to a new field of endeavor, and in April, 1874, he brought out the first number of the American Architect and Surveyor, a very modest monthly sheet, but in 1876 this was changed to a weekly publication, and re-named Engineering News, by which name it is known to this day. It was Mr. Frost's pride, that he carried the entire first few issues to the post office and that during his thirty-seven years of ownership it never missed an issue and always came out on time. The journal steadily prospered under Mr. Frost's management and became the leading authority on civil engineering and allied subjects. In 1911 it was sold to the Hill Publishing Company, of New York, which has recently merged with the McGraw Publishing Company.

In December, 1883, Mr. Frost decided that New York offered greater opportunities for his business than Chicago so he removed to the eastern city and opened an office in the Tribune building. In June, 1886, he made his residence in Plainfield.

In the late eighties, when Plainfield was first considering the installation of a sewerage system, Mr. Frost took an active interest in the work, and soon became a member of the Common Council, on which he served for the following five years, associated with the late Stephen A. Ginns and E. M. Erickson on the Committee of Streets and Sewers. In 1893, during the administration of Mayor Alexander Gilbert, Mr. Frost was chairman of this committee, and began work drafting plans for a new system. He drew many of the profile sheets at home and devoted much time, thought and labor to the project until it was completed. He blocked out the general design of the system, consulting with Rudolph Hering, E. W. Farquhar and Allen Hazen. In 1896, the city bought the land since used for the sewage disposal plant from George Smock, and the adjoining farm on Rock Avenue, from the Mutual Life Insurance Co. The laying of the sewer pipes commenced the same year, the first house connections being made in Netherwood at the residences of Alfred Cocks and the late Leonard Spangenberg on Woodland avenue.

Mr. Frost retired from active business when he sold Engineering News in September 1911, and devoted his leisure to study and travel. He was much interested in the study of genealogy and in reading the literature of history and geography, and he followed his reading with travels to various parts of the world to get first hand knowledge of the way other nations lived. During the last twenty years, Mr. Frost visited most of the countries of Europe, and also made extended trips to Egypt and South America and in the United States. At the outbreak of the European war he was planning a trip around the world.

Shortly after his arrival in the United States in 1863, Mr. Frost became a citizen, and was always afterward associated with the Republican party. He was a member of the Crescent Avenue Presbyterian Church.

Mr. Frost was by nature an optimist, and looked upon the bright side of things. Whatever he attempted was carried out with an enthusiasm that never lagged. During his busy life he always took a keen interest in local public and church affairs, and was a contributor to many public activities and civic movements. He was a member of the Canadian Society of Civil Engineers, an associate member of the American Society of Civil Engineers, and also associated with a number of other scientific organizations. During his days of active work he was a regular attendant at engineering conventions.

Mr. Frost was one of four brothers; Charles B., who died in 1909; Francis T., who served as a member of the Canadian Senate for 15 years, and who died in August, 1915; and William H., of Smith's Falls, Ontario.

On December 3, 1868, Mr. Frost married Louisa Hunt, daughter of the late Edwin Hunt, at that time a leading wholesale hardware merchant of Chicago, who survives him, together with their four sons, Charles Hamilton, Plainfield; Harwood, Chicago, Ill.; Edwin Hunt, Thomaston, Conn.; and Francis Willoughby, Plainfield.

(By the Courier-News Staff)

When a community loses a prominent man of sterling worth, in the fullness of years, as he goes to his reward after a successful career, *there is a deep regret among those* who realize that they are to see him no more, but also a sense of satisfaction in the example he has left behind. There is a satisfaction in contemplation of his success when he has carved out that success by himself, using intellectual forces and just methods as his implements, and when, besides being a good citizen, he has left a good impression upon the community by his works and example.

Such a man was George Henry Frost, civil engineer, publisher of a great engineering paper, traveller and Christian. Perhaps the satisfaction is due to the feeling that a man can so think and work as to be able to leave a definite impress on the thought and work of the world, enjoy the beauty of nature in seasons of relaxation, place his work in good, but younger hands, as his years advance, and round out his life honorably, cleanly and with dignity. *It makes men realize how erroneous it is to suppose for a moment* that their Maker could be so wanting in economy as to permit useful lives to become altogether extinguished with the end of their earthly career, for such lives are *much more than an argument of a future.* The mind of George H. Frost took definite form in the republic city of Chicago, and in his public improvements at Plainfield; he left these thoughts put into visible service in both cities. The thought *of George H. Frost as he set it down* in the great paper that was read and used by engineers in this country and in Europe has aided in moulding the thoughts of hundreds of men who are today the more capable because Mr. Frost wrote out his mind in the Engineering News. These things are great contributions. Aside from his interests in the temporal affairs of the world, Mr. Frost was a deeply religious man. His belief was true and clear and deeply intellectual. He was not satisfied to take things for granted, but was always seeking further light. It was so in his business and in his life generally. He delighted to listen to men of profound religious thought and be carefully absorbed all that was largest in their addresses. He was a man of broad charity and liberal generosity, although few knew of most of his many generous acts, because they were done in a quiet manner, intended to be known only to those whom they benefitted. He was a thorough, methodical, painstaking man, who did not believe a thing was well done until it was done the best. He had the capacity for the largest, as well as the smallest business details, but in this particular he was as renowned as he was in his charitable disposition, so that the large things he did were known from their merits and by common report rather than by what he said of his achievements. To those who knew him well, he was a fund of valuable information, ready to impart to others any pleasure they might get

[illegible]

world of business life and from his extensive travels. In the years of his retirement from business life he found opportunity and a remarkable health for one of his age, to enjoy a well-earned leisure, which he enjoyed unselfishly and unmindful of others less fortunate, who found pleasure in hearing him tell of the remote parts of the world, which they never would have the chance to visit. To his family he has left a heritage of which they may be justly proud. In thus discoursing upon Mr. Frost, it may be pertinent to say that this tribute is paid to his memory as a composite expression of appreciation by the staff of the Courier-News, each of whom he knew personally, and who were impressed by the example of his life. As Mr. Frost went in and out among us, in his visits to the Courier-News office, with a word of encouragement to this one and that one, and with a little chat upon matters which came to his mind, it was with a pleasure that each one listened and learned from one whose long experience in the active life he had led made his advice and suggestions valuable, as well as interesting. Mr. Frost was a self-made man, and his successful career has been an encouraging example to us of a man who made good use of his talents in a land where one must garve out his own destiny; in a land rich in opportunity, and where the invitation to effort is summed up in the words: "There's the marble, there's the chisel;
Take it, work it to thy will.
Thou alone must shape thy future;
Heaven send thee strength and skill."

TIME FOR LOYALISTS TO SPEAK

No man knows what the morrow *may bring forth in our international* relations. War with Germany may come in twenty-four hours and it may never come. Berlin alone knows. Such being the situation of the moment, it behooves all Americans to be prepared for the worst. The first step in this *preparation is for all loyal citizens* to make a pledge to the head of the nation, to the President of the United States, that their fortunes, their honor and their lives are at his call if it becomes necessary to unsheathe the *sword in order that American rights* may be maintained and American lives and liberties safeguarded.

Since our relations with the Teutonic Powers became strained there has been vociferous disloyal prating by a small number of persons of noxious mentality. The virile, loyal, patriotic manhood of America has been faithful to American ideals; it has not gone into the highways to proclaim its loyalty, its patriotism or its willingness to fight. The average American is a lover of peace, but he is right as his forefathers were in the youthful days of the Republic.

The time for a public profession of loyalty from all citizens has arrived. Every citizen owes it to himself and to the nation. The President cannot demand this but every citizen ought to go on record so that the head of the nation may know that behind him stand solid legions bearing the banner inscribed:—"America First and Forever!"—New York Herald.

EDITORIAL NOTES

The most beautiful sight the landscape gardener can produce in our back yards this summer, will be a little plot full of flourishing potatoes.

It must seem like Christmas to the Russians and English troops in the East with all those Turks to hunt.

There is nothing new about those food riots in New York city. The chorus girls have long suffered unutterably on account of failure to find anyone to give them lobsters.

Many people will worry, suffer needless expense, and submit to all kinds of inconveniences, when they could find just what they need by using a little newspaper want ad.

If the immigration department solves the servant problem as is hoped, women will no longer be compelled to shamefully to neglect their bridge game.

The paper trust may think that *newspapers are published for the sole* purpose of making the paper-makers rich, but the American people had other purposes in mind when they established a free press.

After a food speculator makes a [illegible] great credit if he chips in his $10 to help poor people who are suffering from the high prices.

Among the people who think the Lenten observance is all foolishness are the many who are uniting themselves for business success by their late hours and high living.

Congress won't feel the session is a failure, as all previous records for expenditure will have been exceeded.

PEOPLE'S FORUM

The Vital Question

To the Editor of the Courier-News:

Is every man and nation comes the moment to decide. The time has come to this people to decide whether it is a nation or an unorganized mob—whether a vital, conscious, *self-contained people, animated by a* common purpose, inspired by a well defined body of ideals and traditions or simply a conglomerate mass of individuals, with no more unity of purpose than a human rope of sand. 1776 was such a time for the colonists, and out of that era of conflicting interests there arose the consciousness of national purpose—a sovereign people, a union of free states.

1861 was another such period, and again out of conflicting interests and diverse ideals there arose a new conception of citizenship—national and not local, federal, not confederate; a united people, a union of free men as well as free states.

1917 is another such era and no less epoch making; for again out of conflicting interests and confusion of ideals must arise a larger vision of both nationality and citizenship—not only a sovereign people, a union of states, not only a united nation of free men, but a loyal, patriotic, virile American people who know their rights and knowing, dare maintain them.

We are Americans and not European Americans we are *Americans first, last and all* the time. We are pro-Americans and not pro-anything else.

We cannot be pro-German, or pro-British or pro-Russian without compromising our pro-Americanism, for as good Americans we are fundamentally opposed at some point to the ideals or traditions or institutions of every other nation on earth.

The real question, the vital question of the hour, for every man and woman is: Are we real Americans? Do we know what real Americanism is and, knowing, are we loyal to our principles—will we live for them, fight for them, die for them?

Do we believe that all power belongs to the whole people?

Do we believe that all just government derives its rights and powers from the consent of the governed?

Do we believe in manhood suffrage?

Do we believe in majority rule?

Do we believe in local self government?

Do we believe in constitutional government?

[illegible]

Do we believe in the right of free assemblage?

Do we believe in the right of free speech?

Do we believe in the right of free press?

Do we believe in the right of free conscience?

Do we believe in the right of separation of church and state?

Do we believe in free schools and universal education?

Do we believe that the State and Nation exists for the good of the individual and not the individual for the good of the State?

Do we believe that all government and laws, all taxes and revenues must be used for the good of the many and not the few?

If we believe in democracy and not aristocracy—in free government and not monarchy—in all the people *and not in any class*—in government of the people, by all the people and for all the people?

If we don't believe in every one of these absolutely basic principles we are not true Americans—for these are the foundations—upon these the Republic is built. They can be found nowhere else on God's green footstool except here in these United States.

The story of all the bloody pages of history is the age-long story of man's struggle for those human rights. It has taken 2,000 years of blood and tears to gain them. Not one of the belligerent nations across the ocean can stand at the bar of human judgment and claim to grant all these rights to their citizens—not one, not even France, and certainly no other. Even now our fair Republic is dragged within the shadow of war because *we are what we are* and because of what we represent on land and sea—a Tree people demanding freedom control by law. If Germany and her allies win, their victory sounds the knell of every single principle named above.

Americans of America, true Americans, whether native or foreign born, let us dedicate ourselves anew to our American principles; let us take anew our vow of allegiance to the flag and all it represents; let us demand that all who live beneath its folds declare themselves loyal or, against that flag, and let us drive the traitors from our midst.

For none but Americans on guard.

H. W. HERRMAN.

P. S.—Is there no way to compel, every adult to declare himself or herself? *There ought to be a "Who is* country to show who is who in America.

W. C. T. U. NOTES

The Sunday afternoon meeting of the W. C. T. U. will be omitted tomorrow owing to the mass meeting to be held at the Plainfield Theatre.

The Parlor meeting of the society will be held on the afternoon of March 22, at the residence of Mrs. Force, Mountain avenue, North Plainfield. The meeting will be called at three o'clock.

OUTLINES DISTRIBUTION OF BROTHERS' ESTATE

The Warren court granted an order for the distribution of the estate of Thompson Brothers, now doing business in Somerville, but residents of that county. The assets are said to be $1,200 and the liabilities $1,500.

The Boice-Runyon Company, notwithstanding an unprecedented call upon their stock for domestic sizes of coal, still have an ample supply on hand.

Mud, snow, slush, conditions due to the season of the year, cause unavoidable delays in delivery. We would therefore suggest that you set your mind at ease by ordering now. .

PIONEERS OF PLAINFIELD

(Continued from Page 1)

Anne, Kate, Mary, Charles H., Margaret and Clara. (5) Thomas Laing, born 1759, by second wife, Mary Shotwell, had Jedidiah, born 1794; Martha, born 1795; Rebecca, born 1801; Anna, born 1805; Thomas, born 1811; Margaret, born 1806, married Edward Southwick, and had Thomas.

(6) Catherine Laing, born 1763, married Richard Cutler.

(7) Isaac Laing, Jr., born 1767, married Catherine Kinsey and Sarah Tucker, and had by first wife Joel, born 1789; Amible, born 1790; Sarah, born 1793, who married Clarkson Vail; Thomas, born 1795, married Catherine Clark; Peter W., born 1800, married Sarah Vail, who afterwards married Zachariah Webster; Catherine, born 1802; Rachel, born 1804; Jenette, born 1806, married Joseph Freeman.

With the citation of most of the children and grandchildren of the pioneer John Laing, Jr., of Scotch birth, this data will conclude his line. He lived near Plainfield.

The following information of his brother, William, may be interesting and instructive, as both were neighbors for years. The genealogy of this member of the Laing family of East Jersey traces most of his descendants outside of original Quaker stock. The immediate followers of William Laing were five sons and two daughters—William, Jr., John, Samuel, George, Benjamin, Jane and Anna.

A brief sketch of each will be given in the next chapter.

IMPORTANT AUCTION SALE

of Valuable Real Estate on

Saturday, March 17, 1917

at 2 p. m.

on the premises, No. 210 West Fifth street, between Madison and Arlington avenues, only one-half block from Arlington avenue street car line, and within a few minutes' walk from main Central Railroad Station.

The property is a cozy, modern dwelling, with all improvements, and is desirably located in the residential section, centrally located. It contains 9 rooms, viz, five on the first floor, kitchen and pantry, three light, airy bedrooms and large bathroom, open plumbing, on the second floor, also two bedrooms finished off on the third floor. Slate roof and well-built, with stone wall foundations, including large front porch. Several fruit trees and grape arbors, very productive and small tool house on premises. Size of lot 41½ feet front by 138 feet deep, more or less. This will be a good chance for anyone looking for a home already built, and on easy terms, or to purchase as an investment, the property is going to be sold. Reason for selling is the owner is most of the time out of the State where he has large interests. For inspection of property, or any other information, apply to the auctioneer,

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

Try a 50-cent bottle of Rheuma, and if you do not get the joyful relief you expect, your money will be returned. Weiss' Boro Drug Store always has a supply of Rheuma and guarantees it to you.—Adv.

WRITES ABOUT WOMEN VOTING

Arthur C. Maclay Discusses Bill Introduced in New Jersey Legislature

To the Editor of the Courier-News:

On the sixth day of last month there was introduced into the New Jersey Legislature a bill to enable women to vote for Presidential electors. It is confidently claimed by the supporters of this bill that it is within the jurisdiction of the Legislature to enact such a measure and that it does not have to be referred to the voters of the State. Has *which has the Legislature of New* Jersey assumed the power to amend the constitution of the State without first submitting that amendment to the voters for ratification?

From the year 1776 to the year 1807 equal suffrage prevailed in New Jersey. Men and women voted upon the same terms upon all elective officers, whether State or Federal. This was conferred by act of the Legislature. Women voted for Presidential electors in those days.

In the year 1807 the Legislature repealed that portion of the act which allowed women to vote and limited the franchise to manhood suffrage.

In the year 1844 the Legislature drew up a Constitution and submitted it to the electors of the State for ratification. Into this Constitution they merged this legislative act, defining the qualifications of electors or voters. That Constitution was ratified by the voters at a general election held that year. In the year 1875 an amended Constitution was submitted by the Legislature and was ratified by the people. This amendment struck out the word "white" before the word "male," so as to allow colored men to vote.

In 1886 the Legislature again submitted a Constitution to the voters with a woman suffrage amendment. This amendment was rejected, but the Constitution was ratified. In the year 1913 this woman suffrage amendment was again submitted to the people and was overwhelmingly defeated, thus making the third time that New Jersey has rejected woman suffrage.

This Constitution (Article 2, Section 1) ordains that "every male *citizen of the United States of the* age of twenty-one years, who shall have been a resident of this State one year and of the county in which he claims his vote five months next before the election, shall be entitled to vote for all officers that now are or hereafter may be elective by the people." And Article 9 of this Constitution also ordains that amendments to it are to be made by two successive terms of the Legislature approving thereof and submitting the same at the following election to the voters or electors of the State for ratification. The Legislature itself has no power to amend the Constitution. That function lies entirely beyond the scope of its jurisdiction.

The Constitution of the United States (Article 2, Section 1) creates the office of Presidential elector and ordains that "every State shall appoint in such manner as the Legislature thereof may direct, a number of electors equal to the whole number of Senators and representatives to which the State may be entitled in Congress." Under the sanction of this law the Legislature of the State of New Jersey directed that the office of Presidential elector should be an elective office, to be filled by the duly qualified voters of the State as specified in the State Constitution, into which they embodied this function when they submitted it to the voters of the State for ratification. The Legislature cannot change that action except by Constitutional amendment. They are bound by their own act voluntarily made under duly authorized power conferred by the United States Constitution. Any act of the Legislature that gives women the right to *vote for Presidential electors* (officers created by the Constitution of the United States) would be unconstitutional and invalid. The Legislature submitted to the voters the matter of women voting for Presidential electors when they submitted the whole woman suffrage question to the people and received an emphatic negative answer. They cannot set aside that verdict, either in whole or in part. For over a century they have directed the male electorate to vote for Presidential electors, and to extend now that Constitutional basis for suffrage by legislative act so as to include women would be revolutionary. If the people will submit to this outrage they will submit to anything, even to having polygamy inserted into the Constitution of the United States.

What do they mean by saying that the question about electing Presidential electors does not have to be submitted to the voters? *Do they mean* to say that if the woman suffrage amendment had been ratified in New Jersey two years ago that it would not have given the women the right to vote for Presidential electors and that it would have required a separate act of our Legislature to secure that right? They must surely know that if the woman suffrage amendment had been adopted that it would have conferred the right to vote for Presidential electors, because those officers were included in the term "all elective officers" mentioned in the Constitution of New Jersey. It was not submitted to the people, do they say? But it was submitted to them and it was rejected. It now lies beyond the jurisdiction of *our Legislature to enact. By what* authority in a Republican form of government guaranteed to each State by the United States Constitution do they now ask the Legislature to confer that right in the face of the voters' decision?

I have secured a copy of this bill before our Legislature and have examined it carefully. It has been worded so as to convey to the unobservant or unwary legislator the false impression that it comes within the scope of legislative jurisdiction to enact it. Its caption is: "A further supplement to an act entitled 'An act to regulate elections (Revision of 1898), approved April 4, 1898,' which supplement relates to qualification of voters for electors of President and Vice President of the United States." The unwary or unobservant legislator would fail to detect the false statement in this caption and would be hoodwinked by believing that it was a legislative supplement to a previous legislative act regulating the qualifications of voters for Presidential electors, and that as a matter of course, it came within the jurisdiction of the Legislature to enact it. Then if he is somewhat cautious he will turn to Section third of the supplement to act of the revision of 1898 (page 2074, vol. 2, Completed Statutes of New Jersey), and read the caption: "Election to elect Presidential electors, who shall have qualifications of electors." This will conform him in his false impression created by the insertion of the words "qualifications of voters" in the first caption to *this supplementary act* relates to "qualifications of voters" for Presidential electors and that it comes within legislative jurisdiction to enact. Upon the chimerical and "qualifications of voters" is placed the "rider," giving suffrage to women in the matter of voting for Presidential electors. The body of Section 3 of the act that follows the caption exposes the falsity of the words "qualifications of voters"—"On the Tuesday next after the first Monday in November, in the year of our Lord, one thousand nine hundred and in each fourth year thereafter a election shall be held to elect such a number of persons to be electors of President and Vice President of the United States, as this State *shall be entitled to elect or appoint,* each of whom shall be a male citizen of the United States, of the age of twenty-one years or upwards, and an inhabitant of this State, and shall have been a citizen of the United States seven years next preceding such election."

This shows that the supplement act is speaking about qualifications of Presidential electors and not about "qualification of voters" for Presidential electors. The Legislature has jurisdiction *over acts to regulate elections* and qualifications of Presidential electors, but it has no jurisdiction over the "qualification of voters" for Presidential electors that act it passed over to manhood suffrage in the State Constitution of 1884, and it has remained there ever since. And the supplementary act of 1898 contains absolutely nothing that gives the Legislature any such jurisdiction. Nor has the Legislature ever claimed any such jurisdiction. Verily, "Eternal vigilance is the price of liberty!"

ARTHUR C. MACLAY.

This Presidential electors' bill is in reality an amendment to the Constitution of the State or New Jersey masquerading as an amendment to a legislative act previously passed by the Legislature.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, dull-care feeling, no ambition or energy, troubled with sick headache, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

"TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses

"Sure! I use 'TIZ' every time for sore foot trouble."

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more aching tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which put up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a 25-cent box of "Tiz" now at any druggist or department store. *Don't suffer. Have good feet,* glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.—Adv.

BON TON GIRLS MONDAY IN CLEVER BURLESQUE

Leo Hoyt, with the "Bon Tons," at the Plainfield Theatre Monday, matinee and night

The best of players, the best of music, the prettiest of girls and the newest in scenic effects combine to make a snappy, sparkling and dashing production by the "New Bon Ton Girls" who will be seen the coming Monday at the Plainfield Theatre.

Little has been overlooked in the effort to win the popular approval of lovers of burlesque for this unusual combination of good things in the way of entertainment. How well success has been achieved may be judged from the fact that Leo Hoyt, Lester Allen and Babe La Tour are the leaders of the cast. They are ably supported by the clever burlesque artists Gladys Parker, June La Vear and Callahan and Jackson. The latter team does a whirlwind dance that perhaps is not exceeded anywhere, for speed, but the swiftness of motion has not been permitted to interfere with the grace and charm of the dance.

The chorus is unusually capable, and there are twenty new musical numbers and the scenery adds the last desired touch to an already exceptionally bright production.

MONKEY CABARET AT PLAINFIELD THEATRE

"The Monkey Cabaret," a big time animal act that is different from the usual run of novelties of the kind, is offered at the Plainfield Theatre as the headliner for the vaudeville bill today and tomorrow. It is at attraction that is solely an exhibition of trained animals, but the feats accomplished by these little funsters are seldom duplicated in other animal acts.

The four remaining acts on the bill are equally as good as the "Monkey Cabaret" and include: Jack Symonds, known as "the man of east"; Catherine Hayes and Louise Arnold presenting *an argument set to music*; William and Williams in "At a Bookstore," and Stuart, Light and Hardy in a comedy, singing and dancing vehicle.

The last episode of "Pearl of the Army" will be shown this afternoon and tonight at the theatre, and will be augmented by Hearst-Pathe news features and Mutual comedies.

CLARA KIMBALL YOUNG AT PROCTOR'S TODAY

Monday and Tuesday at Proctor's Theatre

Clara Kimball Young appears today at Proctor's in a special William A. Brady production entitled "Without a Soul," an adaptation of the Owen Davis play "Lola." As Lola, Miss Young appears in a character which has many facets of scintillating interest. Filled with novel situations the story itself is as psychologic as any visible on a Broadway stage. When you consider that Clara Kimball Young is the girl, and note the circumstances which bring about this undesirable state of affairs, however, you will be apt to pity more than to condemn.

In addition today Valentine Grant, the popular Paramount star, is featured in "The Daughter of MacGregor," adapted to the screen from the famous novel of the same name.

Saturday's program includes Pauline Frederick in "Ashes and Embers," interpreting the characters of two sisters entirely different from each other. Ethel Barrymore appears in "The Awakening of Helena Richie." "Krazy Kat," in cartoon form, will also be supplied to amuse the children.

On Monday and Tuesday Mary Pickford, in the third and greatest of her own productions, "The Poor Little Rich Girl," the well known play and story by Eleanor Gates. It comes to Plainfield directly after creating a sensation at the Strand Theatre, New York City.

In addition on Monday and Tuesday, "Patria" will be shown, and an added feature will be exclusive motion pictures of the ceremonies attending the laying of the corner stone for the new City Hall in this city. All the societies and individuals present at that time are shown with distinctive clearness.

NEW YORK AMUSEMENT

At the Strand

At the Strand Theatre Jack Pickford, talented young brother of Mary Pickford, will be seen in a photo-dramatic adaptation of "The Dummy," one of the greatest stage successes, in recent years. In this play the youthful star is afforded exceptional opportunities for the inimitable touches of humor and real boy-life of which he is past master. Max Linder, the famous French comedian, will appear in his latest American-made farce-comedy entitled "Max Wants a Divorce" which is said to be brimful of legitimate and high-class comedy situations. The marvelous Prizma pictures in natural colors will also be shown; the subjects selected for the week are Saranac Lake and Palm Beach. Other pictures on the program are: A new chapter of Ditmar's "Living Book of Nature" and the Strand Topical Review containing the latest news pictures.

The musical program is an exceptionally varied and pleasing one. Among the soloists are: Lydia Lindgren, famous Swedish mezzo soprano, late of the Chicago Grand Opera Company. Knud Dalgaard, the noted Danish violin virtuoso; Grace Hoffman, soprano; Arthur Depew and Ralph Brigham, organists.

PITCAIRN ISLANDERS TO GET MAIL SERVICE

By United Press:

New York, March 16.—For the first time since the colonization in 1789 by mutineers and Tahitian women, Pitcairn island, that geographical period in the Pacific Ocean between Panama and New Zealand, where steamers stop sometimes as often as once a year, will receive mail service from the United States via the steamship Australplain, sailing from this port today.

Probably the only person in the United States to whom this news is valuable is Miss Emily McCoy, who left Pitcairn 15 years ago to come to the United States to study nursing. There are about 150 inhabitants on the island. Miss McCoy says divorce and unequal suffrage are unknown among the islanders.

NEW ROAD BOARD FOR NEW JERSEY

Trenton, March 16.—Gov. Edge, setting in operation machinery for the proposed $15,000,000 State Highways System, has appointed a new State Highway Commission, provided for by the legislation he signed Wednesday.

The new commission is composed of John W. Herbert, Helmetta, and Col. Anthony Kuser, Bernardsville, terms of one year each; Senate President George W. P. Grant, Jubilee Hill, and Edwin Evans, Hoboken, terms of two years each; Watson G. Clark, Tenafly, and Walter J. Busby, Atlantic City, each three-year terms; Ira S. Klipp, Jr., South Orange, and George Blakeslee, Jersey City, four years. The Commission will appoint a State Highway Engineer to serve five years.

WANT GOETHALS TO BUILD STATE HIGHWAY

Special to Courier-News:

Trenton, March 16.—A bill was introduced in the Legislature to pave the way for the appointment of General George W. Goethals as engineer in charge of the building of the new State highway system and the proposed tunnel between New York and New Jersey and the bridge between Camden and Philadelphia. The measure would enable the State house Commission, made up of the Governor, State Treasurer and State Comptroller, to select a State engineer, if a majority so be fixed by the commission. It is now understood that General Goethals, if he accepts, will be paid between $15,000 and $20,000 a year.

BERNARDSVILLE NEW RURAL ROUTE

Bernardsville, March 16.—At least one of the men who will act as mail-carriers for Bernardsville, when the free delivery system has been finally installed here, has been selected. He is James Glover, who will cover route No. 1. The man to whom had been offered the position by Postmaster J. J. Foley to cover route No. 2 is James Bowers. Mr. Bowers is a law student and has declined the position. Both these men have passed civil service examinations and are qualified to do the work. One other man from out of town had passed the examination and he may be given the position.

COLLEGE

College is an institution of learning. An institution of learning what? Oh, almost anything. Ball of all kinds, for instance—high, foot, base, basket, hand and fancy dress. College is where some youths go to study Broadway. These young men return home at the end of four or five years, if at all, with the degree of D. D. D., or Doctor of Drinks and Debts. They qualify by spending dad's money in large quantities, their days in bed and their evenings in high collars and low comedy. College for them is one grand round of touts and tutors. Occasionally some obsolete person goes to college to get an education.

"Weather or No"

Some men get cold feet in the middle of a poker game; others in the middle of the back.—Old Sage.

ZACH WHEAT TO SIGN

Special to the Courier-News:

Hot Springs, Ark., March 16.—President Ebbets of the Brooklyn National League Baseball Club, received a telegram from Zach Wheat, his star outfielder, who has been holding out, that he would accept his (Ebbets) last offer. He will sign a contract on his arrival here Sunday.

TO CONFER ON GAME LAWS

Newton, March 16.—Assemblyman Philip S. Wilson will preside tomorrow afternoon at a conference at the courthouse on the fish and game laws. Mr. Wilson recently introduced a bill to protect quail for five years. Game Warden Jacob D. Roe will be present at the conference.

EAGLES FIGHT IT OUT AMONG SELVES

Regular Bowlers Spot Second Hundred Pins and Take Two Games

Eagles No. 1 met Eagles No. 2 last evening spotted them a hundred pins to the game and then took two of the three games. The birds sure did get some good enjoyment out of the contests, especially when the "Ones" momentarily lost sight of the leeway given to the "Twos."

Mannis copped the high average of the evening with a chalk mark of 178.2, although Mahoney was not far behind with an average of 178.

RAMBLERS vs. TUXEDOS

The third and deciding series between the Ramblers and Tuxedos will take place tonight on Effinger's Bound Brook alleys and irrespective of the Ramblers' past record, they are expected to go on a rampage tonight against their worthy Bound Brook opponents.

The following bowlers comprise the teams. Ramblers—Worrall, Heitenberger, Davenport, Hyslip and Donnelly or Koechlein. Tuxedos—Sutton, Bedner, Vayda, Helfin and Searle.

BRIT MARTIN TO LEAD CHAPELITES

Athletic Band of Hope Chapel Selects Veteran to Head the 1917 Nine

Hope Chapel took the first step of the season necessary for putting a first-class baseball nine on the field, electing Brit Martin, the old City League veteran, as manager of the outfit. The athletic board of the chapel took this step last evening at its semi-monthly session.

Manager Martin, who was at the head of the West Fourth street crew last year, will issue a call for candidates before the week is over, and it is expected that a number of men will respond to the call. It is expected that the Chapelites will use the West End Oval grounds, West End and Myrtle avenues, in conjunction with the First Baptist Sunday School team.

In being interviewed after the meeting last evening Manager Martin would not state any possible line-up for his team for the coming year, saying that he wants first to take a good look around for available new material about the Chapel organizations.

Fight for Team Standing Honors Marking Last Weeks of League's Season

The dropping of one game on the part of the Elks to the Knights of Columbus in the City Bowling League, while the Imperials were taking three straight from the T. A. B. S. was instrumental in cutting the hold of the Elks on first place to half a game last night. Two or three weeks ago the hold of the Elks on the honored position appeared to be growing almost every week, but the splits and misses have been coming thick and fast since that time.

In their games with the Knights last evening the league leaders took the first two tilts by substantial margins and then dropped the eighth cap battle by a mere five-pin margin. Nash of the Elks struck the only double century score at 214, securing an average of 185.2. In the latter honors Nash had to bow to his team mate, Vail, who had high average of the evening, 187.

The Imperials took no chances with the Abstainers and took title to a clean sweep of the entire set of games. Both teams were in fine form. Three double century scores were copped during the course of the evening, as follows: Connolly, 213; Conover, 206; Lawton, 208; Skinner, 221. But one might more properly judge the extent of the maple smashing when it is noted that three men maintained averages of over 190.

In the latter respect Skinner chalked up 198.2, Lawton 191.2, Connolly 195. And there were other substantial averages on both sides of the fence. Incidentally, it may be pointed out that the Imperials raised their high team score from 965 to 984.

WESTFIELD LADS FORM RIFLE CLUB

High School Boys Organize for Rifle Instruction and Practice

Westfield, March 16.—The High School Rifle Club was formed in the auditorium of the Westfield High School yesterday afternoon when forty-three boys of the high school joined the organization, and many more are expected to become members. The boys who joined are all enthusiastic over the idea of shooting.

The boys of the high school were called together by Dr. J. J. Savitz, superintendent of schools, who introduced Capt. J. J. Thomas, an ex-army officer and president of the Westfield Rifle Club. Captain Thomas told the boys the workings of the rifle club and the object of forming a high school club which was to teach the boys how to shoot and their duties as citizens. He referred to the Junior Rifle Club and the business Men's Club. One of the main objects, he said, was to prepare now and receive the benefits and that in the high school there are 100 boys available and 80 are wanted. Captain Thomas told the boys of the compulsory training bill, which provides that boys over eighteen years shall spend eleven months in camp or two weeks for two years.

After Captain Thomas' talk he was made temporary chairman of the meeting and William Harrison temporary secretary. A nominating committee, consisting of C. C. Gordon, an instructor in the school and captain of Company F, of Elizabeth, and a graduate of Annapolis, Robert Hinchman and Homer French, was named to select officers. This committee made the following report: President, Robert Hinchman; vice president, Homer French; secretary-treasurer, Stanley Patrick; executive officer, C. C. Gordon. These officers were unanimously elected. It was voted that the club shoot on Monday and Thursday afternoons; that it have monthly business meetings; drills once a week, and that the dues be fifty cents a year.

Shooting will be done on the indoor range and will be under a competent instructor, and all measures will be taken for the safety of those who shoot, so that the boys need not hesitate about joining the club on that account. The Westfield Rifle Club has been going a year now and during that time there has not been an accident, which speaks well for the safety precautions taken by the members.

EMPLOYED BOYS IN SOME FAST GAME

But Are Beat Out by the Inner-Triangle Aggregation on East End Court

The Employed Boys' Brotherhood visited Netherwood last evening to meet defeat at the hands of the Inner-Triangle Club team. The game was well played throughout, but few mis-passes being made. Patterson made several neat shots. Gullberg, Scruton and Campbell also excelled in shooting.

For the Employed Boys no star could be picked, each man putting up a good game, but Burner and Compton gathered in the most points.

In the last five minutes Patterson and Cartwright were replaced by Morris and Western, Triangle subs.

OUTDOOR BASEBALL WORK

New Brunswick, March 16.—Undaunted by the mud that covered the field, sixty men reported to Coach Piez of Rutgers yesterday for the first outdoor work of the season. Piez has a squad of fifteen pitchers to pick from, with four veterans from last year. The only change in the line-up from last year that is expected is at first base.

East Enders Defeat N. P. H. S. Junior Girls in a One-Sided Contest

The Comrade Club played the preliminary to the E. B. S. and L. T. C. game last evening with the North Plainfield H. S. Juniors and easily defeated them by the score of 21 to 6. The girls played a good game throughout, but much comment was made upon the exceptional playing of Claire Scruton, who caged baskets at random, running up a total of seventeen points. Myrtle Towsley and Elsie Saunders each played a half game, both scoring one basket. For the Juniors Clara Carr led in the scoring with two baskets and one foul.

BOROUGH SENIOR GIRLS CLINCH THE TITLE

Before the largest crowd of spectators that has witnessed an inter-class contest this year, the feminine quintet of the class of 1917 of the North Plainfield High School defended the Sophomore girls' team on the Saengerbund Hall floor yesterday afternoon and thereby annexed the inter-class championship of the school. The first period was exciting all the way, the scores made by the Seniors resulting from some clever shooting by Miss Spencer. The period ended 9 to 4 in the Seniors' favor.

In the final stretch the Sophs were held to one lone field goal and two fouls, while the graduating maidens ran their count up to 22. Amy Hughes and Helen Spencer played best for the Sophomores.

Both class teams representing 1917 won the titles in their respective leagues this year, the Senior boys having an easy time against the other three contestants in the race that closed last week.

The two title holders are endeavoring to get together to decide the inter-class championship of the school. If arranged the girls will three first team regulars in the line-up will certainly make things interesting for the male quintet.

BATTERY C. BOYS GLAD TO GET HOME

Alfred Seal and Raymond Manley Do Not Regret Border Experiences

Alfred Seal who, with Raymond Manley, returned on Wednesday with Battery C, N. G. N. J., after a stay of five months at Douglas, Ariz., was in Plainfield last night calling on some friends. Both young men are in fine physical condition.

Mr. Seal, in speaking of his experiences, said that he considered the eight months he has been with the battery, both at Tobyhanna, Pa., and Douglas, as time well spent, and he does not regret the excellent training in the service.

Seal and Manley were in the hospital division, their duty being to assist in the care of the sick and injured, but they also had opportunity for actual training in military tactics. Fortunately, they did not have any sharp encounters with Mexicans. The members of Battery C developed a high standard of efficiency in their work, which was commended by the commanding officers. Manley, whose position with the Guarantee Trust Company, New York, was held open for him, will return there, and Seal expects to follow civil engineering as a profession.

IF BACK HURTS BEGIN ON SALTS

Flush your Kidneys occasionally if you eat meat regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Pape's Diapepsin" Relieves Stomach Distress in Five Minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch, gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight, so gently and easily that it is really astonishing.—Adv.

FRANK LEIVERS HOST AT BIRTHDAY SURPRISE

Frank Leivers, of Belmont avenue, the borough, was given a surprise party at his home Wednesday night in honor of his birthday anniversary. The affair was arranged by Mrs. Leivers, and her husband was kept in ignorance of the plans until he returned home early in the evening to find a company of thirty relatives and friends who had called to help him celebrate his natal day.

The evening was spent in singing, dancing and playing games, music for dancing being furnished by Stadele's orchestra. Several vocal solos by the guests was a pleasing feature. Later supper was served.

The home was attractively decorated for the affair, the color scheme being green and white. The table decorations were appropriate for St. Patrick's Day. In the centre of the table was a large candelabra, with green candles, and at each end of the table were smaller candelabras with lighted candles. At each place was a souvenir candle-holder and lighted candle. Mr. Leivers was the recipient of many gifts. There were guests from New York, Brooklyn and this city.

CHILDREN'S REHEARSAL FOR ELKS' OPERA

The children who are to take part in the comic opera "The Land of Mystery," which is to be given by Plainfield Lodge of Elks, April 10, 11 and 12, will meet every afternoon at 3.30 o'clock at the Elks' clubhouse for rehearsal. These rehearsals will be continued daily until Mr. and Mrs. Robert P. Skilling, the authors and producers, are ready to separate them into groups.

A very successful rehearsal for the general chorus was held last night, excellent progress being made by all in familiarizing themselves with the music and words. The next rehearsal will be held Tuesday night. Just as soon as the principals are selected announcement will be made of the time for their rehearsals.

LYMAN HIBBARD AT THE WAR FRONT

Gives Vivid Description of Scenes Along the French Lines in Verdun

Below is published a portion of a letter received by his father, Henry D. Hibbard, of East Seventh street, from his son, Lyman Hibbard, member of the American ambulance corps in France:

"I joined this section July 11 and at that time we were stationed on a quiet part of the front and nothing in particular happened. There was very little work to do.

"The 'postes-de-secours' were interesting outposts and all that sort of thing, but it was so quiet that we hardly realized we were in the war zone. After I had been there a week we moved to a little town and had a few days' 'repos' (rest). Then we came here. The 'here' referred to is in the vicinity of Verdun. I believe I can say that much—and is pretty active. Our work consists of going to a 'poste-de-secous' and evacuating the wounded to a small hospital about twenty-five kilometers in the rear. It's quite a long run and at night, without lights, more or less of a strain. But out posts is our best exhibit. It is in the cellar of a ruined chateau in the remains of a village and is not the most pleasant place in the world. The caves are dark and stuffy and reek of all sorts of unmentionable things. It is a place of death—there is no doubt about that.

"I have seen as many as thirty being buried at one time and presumably have carried as many as twenty-two wounded in one night, and the appearance of the place adds nothing to the atmosphere. The village is the most desolate wreck you can imagine. There are just the shattered stumps of houses left with an occasional beam or bit of roof sticking out like a skeleton. I've seen lots of ruined villages since I have been over here, but nothing that is so hopeless and desolate as this little place. And the surroundings don't help it a bit. It is like little valley and the hills on all sides are snow-covered. But the snow is all blackened and discolored by the shells and pitted with holes and the whole landscape is a horrible dirty gray.

"When seen in the day time it is bad enough, but when you come down the road leading to it at night with the guns going and the ghastly white light of the star shells over everything it literally looks like the mouth of hell. It is held in the greatest respect not only by the ambulanciers but also by the soldiers and everyone who has ever seen it.

"One of the pathetic things about the 'postes' is the graveyard. Just a graveyard would be bad enough, but the shells land in it frequently and the whole place is torn up. The graves are smashed open and the crosses are broken and scattered. The poor devils can't even rest in death. By the way, it might interest you to know that about the first men I've met here are the priests. They are uniformly kind and agreeable and wander around the trenches in the most casual way. I know one who has been decorated for bravery and has the rank of captain. They're all absolutely indifferent to all danger.

"The average soldier, when doing his duty and facing any dangers takes no extra chances if he can help it. They think we Americans are very brave because we take chances, either from ignorance or from a consuming desire to see what's going on, that we wouldn't otherwise take unless we had to. Of course, as a matter of fact, we are not a bit braver than they are."

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can be quickly lifted right out with the fingers. If you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn, callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's foot.—Adv.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If Feverish, Bilious, Constipated, Give Fruit Laxative at Once

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, has sore throat, sore; doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, sour waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

BIBLE CLASS HOLDS ANNUAL 'GET-TOGETHER'

The members of the Men's Conference class of the First Baptist church, of which George H. Batchelor is the teacher, held their annual "get-together" social at the church last night, the affair being largely attended. During the evening H. C. Krebs, of North Plainfield, gave an interesting informal talk on the life of St. Patrick. He told of the great work accomplished by St. Patrick as a missionary, and dispelled the general belief that he was famous for driving the snakes out of Ireland.

Rev. Dr. Philip B. Strong, pastor of the church, also addressed the class, congratulating the members upon the good work being done and for their interest in the activities of the church during the evening William Holmes, baritone soloist, sang a number of popular Irish songs, and the program was followed by the serving of refreshments. Each person present wore a "bit of green" in honor of the occasion. The committee in charge comprised Wilbur F. Randolph, John G. MacLaughlin and A. W. Stone.

CHAPEL WOMEN HELD THE ANNUAL MEETING

The Ladies' Aid Society of Hope Chapel held its annual meeting yesterday afternoon, at which time officers were elected, and the reports of the various officers and committees presented. These reports indicated a considerable amount of work accomplished during the course of the past year, $225 having been raised for the work of the chapel, aside of varying amounts for other objects.

The officers elected for the ensuing year were as follows: President, Mrs. Aaron Snyder; vice president, Mrs. Thomas Hendry; secretary, Mrs. Orra Eckert; treasurer, Mrs. Nell Head.

Following the business session a sewing meeting was held, various articles, including two quilts being made for disposal to friends of the society.

Y. M. C. A. NOTES

On account of last night's entertainment at the association the weekly rehearsal of the orchestra will not be held tonight.

The juniors will enjoy a St. Patrick's social at the association tomorrow afternoon from 3 to 5 o'clock.

Instead of the "home hour" service Sunday afternoon the members will attend the meeting to be held at 4 o'clock at the Plainfield Theatre, under the auspices of the Y. M. C. A., and all members of the Blederwolf choir are urged to be present.

TROOP 12 POSTPONES PAPER GATHERING DAY

The members of Troop 12, of the Boy Scouts, who were to spend tomorrow gathering newspapers, have postponed this event until a later date.

SENATOR OSBORNE ILL

State Senator Edmund B. Osborne, of Montclair, who has been secured as one of the speakers for the annual banquet of the Dutch Arms of Trinity Reformed Church, is quite ill at his home suffering from a relapse of the grip. He was first taken ill on Tuesday night. He had apparently recovered the following day and was at his desk, when there was a return of the fever and he will be detained at home for several days.

SURPRISED ON HER BIRTHDAY

Mrs. Henry Clemens, of Grove street, was pleasantly surprised Wednesday evening by a number of friends on her birthday. The occasion was made very pleasant for her and all the guests enjoyed the party equally well.

PHYSICAL TRAINING WILL BE PROMOTED

Recreation Committee Also Plans to Foster Industrial Preparedness Here

Industrial and physical training as a valuable aid to training was discussed with considerable enthusiasm at the meeting of the Plainfield Recreation Committee held at the public library last night, and plans were formulated for carrying on this work on a broad scale. The committee wishes to emphasize the educational, as well as the recreational features of many activities being promoted.

It is proposed to use the manual training rooms in the different school buildings for training men for greater efficiency, and instruction in wood and metal work will be given. There will also be a class for aeroplane instruction in which the Standard Aero Company, of this city, will co-operate. A perfect working model will be provided and all branches of construction will be taught. A committee comprising T. C. Vail, J. J. Carroll and A. B. Jones was named to get in touch with the various industrial plants in the city with a view to co-operating with them in securing efficient men. The importance of industrial preparedness was brought out by different members of the committee.

Another important work to be undertaken will be the spring, fall and winter activities of the athletes, and a definite program of physical preparedness will be followed. It being the opinion that the time to train children is when they are young. Under the direction of Miss Lillian Lamson and her assistants, football, baseball and basketball will be promoted on a large scale, inter-class games being arranged. During the past three months, twenty-one basketball teams played eighty-seven games and the attendance at all recreation activities for the year was 10,000 more than the previous year.

Mrs. H. D. Corbusier resigned as a member of the committee last night owing to her increasing duties as president of the Monday Afternoon Club, and Walter C. Dbobias was elected a member of the committee. A nominating committee comprising Arthur B. Jones, chairman; Clifford A. Braider and Samuel Rothberg was named to report a list of officers to be voted upon at the next meeting.

REV. J. A. CUDBERLEY BURIED IN HILLSIDE

The funeral of the Rev. James Albert Cubberley, former pastor at New Market and South Plainfield, who died at his home in New York Tuesday, was held at his late residence this morning, the Rev. Dr. Philip B. Strong, pastor of the First Baptist church of this city, officiating.

There was a large gathering of relatives and friends and there were many beautiful flowers. Interment was made this afternoon in Hillside cemetery.

IN THE FIELD OF SPORTS

SPORT BRIEFS

Gathered From Here, There and Everywhere in the Sporting Arena

Waxahachie, Tex.—Manager Jennings of the Tigers yesterday put his boys through hard practice. Crawford will be used as a utility man this season. Present plans provide for the shifting of Cobb to right field and playing Heilman in centre.

New York—Freddie Welsh came out yesterday with a broad statement that he will give all the ambitious lightweights who have been clamoring for a chance to meet him an opportunity to show their ability. Welsh has agreed to box all comers at the Manhattan A. C., and the boy who makes the most showing against him will be given a chance at his crown over a championship distance, probably a 20-round battle, at New Orleans.

WELL-KNOWN BOWLER DEAD

Walter L. Burton, of New Brunswick, one of the most widely known bowlers of the Elks' State Bowling League, and for several years captain of the team representing the Brunswick Lodge, was yesterday aid to rest, having died a few days ago. Mr. Burton was well known in bowling circles throughout the State, as well as in fraternal circles generally. He had a wide circle of friends in this city, especially among members of the local lodge of Elks.

JOHNS-MANVILLE TO HAVE A TEAM

Factory Baseball Squad Has Been Organized for First Annual Spring Training

The H. W. Johns-Manville Company of Manville has organized a baseball team for the season. Indoor practice started this week, with Tom Bryant, a former Cornell varsity man, in charge. Forty-five candidates now make up the squad, and from present indications Manville will be represented by a first-class assembly of diamond artists.

F. Wall, former Plainfield Tabs outfielder, will be seen in a Manville uniform this year. Earl Williams, a Dartmouth star, and Conway, of the Morristown A. A., are also prominent among the candidates. There is also a wealth of material in the recently-organized athletic association of the company, whose membership is now 500.

Supt. George E. Halliday is personally interested in the athletic movement of the employees and is a staunch supporter.

When the weather permits an athletic field and diamond will be laid out. Harold Pendergast has been elected manager, and he would like to arrange games with teams in Plainfield and vicinity. Address all communications to him in care H. W. Johns-Manville Company.

PRINCE OF WALES SOCIETY ENLARGES FIELD

At a business meeting held by the Prince of Wales Relief Committee, New Jersey Branch, U. S. A., yesterday a great amount of patriotism and good will was displayed by all members present. It was decided by an unanimous vote that the committee was composed in great part of American women and as half the output of surgical dressings and hospital supplies was being held in reserve for the possible needs of American soldiers, sailors and citizens, that from this date the name of the committee should read: "United States of America and Prince of Wales Relief Committee, New Jersey Branch."

Cases of supplies will be shipped abroad as usual and no change will take place in the details or apportionment of the work, the transportation of title as above indicated being the only innovation.

Following this decided a resolution of good will and co-operation was offered by the English co-workers, expressing in substance their desire and pleasure to be of assistance to the Americans at this crisis of history.

Every member is asked to reserve each Thursday morning for this work of mercy, and add their efforts to the many who are ready for earnest and faithful service.

Preparations are being made to increase the scope and activity of the output—a new department is required for the making of sheets, pillow cases, towels and other articles of hospital work—not heretofore undertaken, but greatly needed in the base hospitals now being formed—and in the Allied hospitals already established.

An earnest appeal is made to all for donations to accomplish this especial end. Donations, large or small, may be sent to the treasurer, Mrs. Edgar Hyatt, 243 East Ninth street, or brought to the work rooms any Thursday morning from 10 to 12 o'clock.

Visitors will be most cordially welcome at Grace church parish house at the above day and hours each week. Inspection of the work is invited by all interested members of this community.

There's a Reason

Why our Developing and Printing is satisfactory—In fact, there are reasons: We develop your films carefully and with no hurried work. They are under observation of an expert from the time they enter the dark room until they leave it. This insures the best possible results from your exposures, no matter how widely they vary. In our Printing Department we use "VELOX" entirely. This is the most expensive paper on the market today, but we are after results. "VELOX" comes in three grades—Regular, Special and Contrast. You may have negatives of widely varying density—but one of these three grades will give you the best possible print from one negative. Our experts will select the grade of paper and make the print, develop it with the best and most expensive developing agent on the market (expense isn't considered when quality is in the balance) with the result that we have a satisfied customer. The prices for our developing and printing are no higher than any establishment and less than some.

Films Developed, any size roll, 10c; 2½x3¼ prints, 3c; 2½x2½ prints, 4c; postcard size, 5c.

SUGGESTION TO WOMEN

Who Are "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired-out next morning as when you went to bed, *you need help.* You can get it just as Mrs. Maxwell did. She says:—"I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my housework. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system, I regained my strength, am no longer nervous, sleep well, and do all my housework." Mrs. J. C. Maxwell, Montgomery, Ala.

There is no secret about Vinol. It owes its success to beef and cod liver peptones, iron and manganese peptonates and glycerophosphates, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction.

L. W. Randolph, Druggist, United Cigar Stores Co., Drug Dept., Plainfield. Vinol is sold in North Plainfield by Weise Drug Store. Also at the leading drug store in all New Jersey towns.—Adv.

LEHIGH MEN SWORN AS DEPUTY SHERIFFS

Elizabeth, March 16.—Lehigh Valley Railroad employees living in Union county have been sworn in as deputy sheriffs by Sheriff Otto, Chief of Detectives C. A. Dankl of the railroad made the request. Station and freight agents, signalmen and section hands were included. Recent attempts to tamper with the wires of the Pennsylvania Railroad is understood to have prompted the Lehigh alley officials to take this precaution.

Sheriff Otto advised the deputies to carry clubs, but no firearms, and to act cautiously if any trouble developed. Property of the company in the county is located at Aldene and Plainfield.

EDGE SPIRIT OF FAIR DEALING

Special to the Courier-News:

Washington, March 16.—A spirit of fair dealing that will return the good will and confidence of all the Latin American republics should impel the United States Senate to ratify the $25,000,000 Colombian treaty, the Democratic members of the Foreign Relations Committee urged in their report on the treaty, made public yesterday.

CALL TO CHURCHES FOR EASTER WEEK

The Federal Council of the Churches of Christ in America has sent out a call to pastors and officials of Churches for Easter Week, April 1 to 8, in which the Council says:—

The Federal Council earnestly recommends that the week proceding Easter be given to united intercession. The subjects suggested follow the thought of our Lord's Prayer.

Never in the history of our nation has there been a more appropriate time for the cultivating a spirit of devotion. Never a time when we so need to humble ourselves before God, to rid ourselves of human selfishness, to look for guidance that we may do the will of God and seek the establishment of the Kingdom of our Lord.

Let us, in the spirit of surrender to God, and of sympathy and compassion for mankind, set apart these days of sacred memory, ever praying that the risen Christ may be enthroned over the life of a redeemed world.

MC CORMICKS BUY SUPPLIES FOR 39 YARROWDALE MEN

Zurich, March 16.—Mr. and Mrs. Harold McCormick, of Chicago, who are residing temporarily in Switzerland, have volunteered to take off the hands of the Swiss government the problem of outfitting the fifty-nine American members of the crew of the steamer Yarrowdale, who were released recently by Germany and are now here.

The proffer was accepted, and Mr. McCormick at once began the purchase of supplies. And also assumed the expense for supplies already bought for them by Francis B. Keene, the American Consul General here.

The American Legation at Berne hopes it will be possible to have the men arrive at Berne Saturday to pass through the required formalities and send them on to Paris the same day.

If your druggist does not keep Toko Zol he will obtain it for you at once.

NO ONE SHOULD HAVE GRAY HAIR

Don't Use Dyes—Restore Natural Color With Healthful Remedy—Money Back Guarantee.

Nobody likes to use dangerous, dirty, sticky dyes, but no one wants to have gray hair nowadays. No one needs to. If your hair is gray all over, or just getting gray or streaked with gray—or if it is faded out and lifeless—simply get a bottle of Q-Ban Hair Color Restorer. This is a harmless liquid, all ready to use. It is guaranteed to the limit by the makers to give satisfaction or your money back.

In a very simple, healthful way it brings back the natural color to gray or faded hair, evenly and gradually (so no one can tell). Simply apply Q-Ban Hair Color Restorer like a shampoo and have beautiful, soft, lustrous hair in abundance and with never again a streak of gray. You will be simply delighted with your look of youth and vigor. Remember, Q-Ban is not a patent medicine, not a dye. Its work is certain, safe and permanent. Only 50c at Weise Bros Drug Store and all good drug stores, or write Hessig-Ellis Drug Co., Memphis, Tenn., mentioning druggist's name. Illustrated, interesting book on "Hair Culture" sent free. Try Q-Ban Hair Tonic, Q-Ban Liquid Shampoo, Q-Ban Toilet Soap and Q-Ban Depilatory (odorless) for removing superfluous hair.—Adv.

R. R. TO ENCOURAGE POTATO GROWING

To encourage the growing of potatoes on its line, and to increase the country's output of potatoes, the *Lehigh Valley Railroad is going to* have a "Potato Special." The railroad company's agricultural car has been refitted for potato demonstration *purposes. The latest methods of* treating seed, the benefits of spraying, with proper ingredients of the liquid to be used, and all the other things one *needs to know about potato growing* will be shown on the car.

Western New York and northern central Pennsylvania are regarded as *ideal territory for greater* development of the potato industry. P. H. Burnett, industrial commissioner, and F. R. Stevens, agriculturist, will represent the railroad in the campaign, assisted by experts from Cornell University and other institutions. They will work in close co-operation with the county farm bureaus of Cayuga, Tompkins, Monroe and Niagara Counties, New York, and Wyoming and Sullivan Counties, Pehnsylvania.

PAID ADVERTISING TO FIGHT LIQUOR TRAFFIC

A campaign of paid advertising in the labor press to fight the liquor traffic, both as a war measure and as a means of counteracting the liquor men's attempt to control the American Labor Movement, will be inaugurated next week by the Federal Council of the Churches of Christ in America.

These advertisements will appear simultaneously in one hundred different papers for a period of three months.

STUDENTS PREFER LANGUAGE TO SCIENCE

Special to Courier-News:

Princeton, March 16.—A striking increase in the preference for graduate *study in English literature and other* modern languages as compared to the sciences is noted in the annual report of Dean Andrew F. West of the Princeton Graduate School.

In his formal statement Dean West observes the increasing competition for fellowships in the Graduate School, *recommends reciprocal* relationship between Princeton Seminary and the school and States that the increased cost of food materials was responsible last year for a financial deficit in the School's operation.

Since the opening of President Hibben's administration the proportion of Princeton University graduates who have been enrolled in the Graduate School has risen from 14 per cent. to 26 per cent. Princeton graduates enter the school on the same basis as graduates of other institutions. Less than one-fifth of the students applying for fellowships in the Princeton Graduate School actually become fellows. Six years ago, more than one-third of those seeking to enter the Princeton School on the basis received fellowships. The number of competitors has in this period jumped from eighty-four to two hundred and twenty-seven.

Dean West predicts that during this college year the total enrollment will be from 3,100 to 3,200 higher than the previous year. Last year there was a deficit of about 20 per cent. which was responsible for the deficit of more than $2,500.

BUSY ON PREPAREDNESS TO QUIT SCHOOL BOARD

Kept busy on extra matters because of the possibility of this country's be*coming involved in war, Frank D. Jew*ett of Wyoming, who is in the Wyoming section of Millburn, whose second term on the Board of Education ex*pires this spring has decided not to* seek re-election. Mr. Jewett, who is chief engineer for the Western Electric Company and who recently was named as a major of the Federal Reserve Corps, has been putting in a great deal of time on work for the Government in its preparedness measures. He is president of the Board of Education.

In place of Mr. Jewett the Wyoming residents have picked as a candidate John W. McLaughlin, chairman of the educational committee of the Wyoming Association.

WOULD HELP FIGHT ROAD TAX

Elizabeth, March 16.—If a definite date is fixed for a protest meeting in Newark of officials of Hudson, Union and Essex counties opposed to the Edge road tax act, Mayor Victor Mravlaz will attend with other Elizabeth officials, he announced yesterday. The Mayor said the road tax measure was mostly for the benefit of South Jersey, as North Jersey has sufficient interstate roads. He spoke of the financial burden the law would be for Elizabeth, adding that Jersey City would have to bear a much greater one.

So far as Elizabeth is concerned, he said, he felt it had borne its share of county road expenses, having expended at least half of the $650,000 which was responsible for the deficit of more than $2,500.

GOVERNMENT NEEDS LARGE NUMBER OF MEN

Charles E. Dunn, secretary of the Civil Service Board of Elizabeth has received a communication from the United States Civil Service Commission declaring that owing to the increased construction being carried out *by the Government, there will be a* large increase of employes at navy yards and ordinance establishments.

At the Picatinny Arsenal, Dover, *there are needed: Three assistants* foremen for outside labor, construction and upkeep and for handling various stores; eight gang bosses, 500 to 550 skilled laborers, twenty skilled laborers and fifteen hand sewers, female.

WONDER HOW U. S. COMMISSIONERS WILL GET HOME

By United Press:

Washington, March 16.—Just before the German submarine zone order went into effect Mrs. Harriett M. Johnson and Mrs. L. W. Neeley, of Muncie, Indiana, sailed as American Trade Commissioners to China to perfect financial connections and trade bases there, Julian S. Carr, Durham, N. C., Fernando F. Nesl, of Kansas City, Dudley O. Frank, of Milwaukee, and S. Lawson and Fred Landeck, of Wisconsin.

COLLEGE MEN DECIDE TO BOYCOTT CLUBS

Princeton, March 16.—Richard Cleveland, son of the late President *Grover Cleveland, leader of the fight in* Princeton University against the club system, has announced that one-fourth of the members of the sophomore class *have signed an agreement not to pat*ronize or accept an invitation to an upper class eating club.

He said he expected the number would be increased to 100 by Monday. There are about 240 in the sophomore class.

The indications, according to Mr. Cleveland, are that several of the smaller eating clubs on Prospect street will be put out of business.

WHEN WEST POINT WAS FOUNDED

West Point was founded 115 years ago today, March 16, 1802.

WORTHY OF EMULATION

The West End Presbyterian Church of New York City, Rev. A. E. Keigwin, pastor, had taken its regular collection the other Sunday, when at the *very close of the service, stopping the* singing of the choir to do so the pastor announced that Hope Baptist Church two blocks away, Rev. E. S. Holloway, pastor, *sought to pay off its bonded* debt. He then and there proposed a second collection. It is said the collection ran up into the hundreds of dollars. The Hope Baptist people were grateful and happy, not more so than the Presbyterian Church, who aided them in raising their $24,000 of debt.—The Christian Herald.

Springtime Neckwear Shirts and Underwear.

Vol. 2, No. 26— NEWARK, N. J., MARCH 16, 1917 Priceless

Editorial

There was a time when this country found it to its interests to stand alone, to keep aloof from the rest of the world, to avoid entanglements with other countries.

But we have grown mightily since that day prevailed. We are stronger than ever. We have developed our resources, and we are better able perhaps than ever to stand alone, yet the very fact of our enormously developed industries, the very fact that the whole world has become our market, makes it impossible in the eyes of many to continue much longer the policy that is likely to react upon us.

So it has been in the clothing business. There was a time when one designer might have satisfied all our patrons, but as the business grew, as the desires of our patrons became more varied, as the multiplicity of styles became essential to satisfy the desires of the people, we had to depart from the idea of handling the products of our own or any other single maker, and to see kthe best there was, regardless of where we had to go for them.

So today you find in our stocks a variety of styles it would have been impossible to present if we had clung to the more provincial ideas of long ago.

Spring Hats

Every style of Soft and Spring Hat you could think of, in black and various fashionable colors.

Price $2 up.

Boys' Clothes

If you will just watch our show windows you will see from time to time the advance Spring styles of Boys' High-Class Suits and smart Spring Top Coats revealed in all their glory.

Our lines were never more varied nor complete. We are sure to be able to please you—boys and parents.

Boys' Spring Top Coats of choicest Fabrics and styles, 2½ to 18 year sizes, at $5 to $15.

Boys' High Grade Two-Pants Suits, New Norfolk and Pinch-back models; handsome patterns; rich fabrics; 8 to 18 year sizes; unexcelled anywhere at our prices, $6.50 to $16.50.

Natty Little Hats and Caps in great variety.

Hats, $1.50.

Caps, 50c, $1, $1.50.

Men's Ko Ko Brown Shoes and Oxfords $5 to $10

Eighteen styles of these Smart Spring Shoes and Oxfords; particularly pleasing to young men. Ko Ko Brown Vanpe with Top to match and some with lighter Tan Calf Tops—two-tone effects also. Some with Genuine Buck and Cloth Tops.

Very substantial Shoes that will give lots of service, excellent value at our prices—$5 to $10.

BEST CLOTHES
For Men and Young Men That Artist Tailors Produce

We speak knowingly when we pronounce the clothing we sell as the product of artist tailors.

It stands to reason that a house that has been selling good clothing for many years as the M. & B. establishment should have entree to the country's best sources of supply and that we should know where and by whom the most satisfactory clothing is produced.

This presentation of Suits and Topcoats embraces everything that is novel, as well as all the staple styles in fabrics of the handsomest sort.

There's every earmark of custom work on all our better grades of Suits. The fashioning of the garments has been so well done that we are enabled to fit all sorts of men, practically without making alterations in either Suits or Top Coats.

Tall men, short men, stout men, thin men and all the between sort of men will find here clothing that will fit them to a "T."

See the excellent Suits we sell at $15. This is one of our strongest lines and in it the values are unexcelled anywhere in Newark or New York.

Trench Model Spring Overcoats $18 and $20

The Trench Model is a Smart Overcoat, with Belt all around; fashioned after those worn by the warriors abroad—made of Blue, Oxford and Green Cheviots and Flannels.

$100,000,000 SHIP CONTRACTS GIVEN

Daniels Awards Rush Orders For Navy Work.

Washington, March 16.—The greatest single award of ship construction contracts ever made by the United States has been made. Pressing preparedness to meet any conditions that may grow out of the German crisis, Secretary Daniels awarded contracts for the building of more than $100,000,000 of great warships to be rushed to completion as fast as American genius and workmen can turn them out.

Four big battleships and six scout cruisers will be added to the American grand fleet, and they will be built under revolutionary contracts.

Asserting that they were abandoning a prospective profit of 50 per cent on the building of commercial vessels, the steel builders of the country agreed to accept a profit of 10 per cent on the four great battle cruisers. The ship builders will be paid 10 per cent over and above the cost of building the ships, as determined by a board of naval officers. The scout cruisers will be built for fixed prices, with the probability that bonuses for speedy construction will be forthcoming as soon as President Wilson by official proclamation announces that the nation is confronted by an "emergency."

DR. GRAYSON CONFIRMED.

White House Physician to Be Navy's Medical Director.

Washington, March 16.—Dr. Cary T. Grayson, passed assistant surgeon of the navy and President Wilson's personal physician, was confirmed as medical inspector of the navy with the rank of rear admiral by the senate.

The nomination has been bitterly opposed by Republican senators, who held that the jumping of more than 100 ranks by Dr. Grayson would take the heart out of older men in the service who were striving for promotion without presidential backing.

The Grayson confirmation came only after a last desperate attempt of his opponents to defeat it. A teat vote on a motion to put Dr. Grayson's name at the bottom of the list was beaten, 28 to 35.

The senate voted 37 for and 20 against confirmation.

EX-PRESIDENT TAFT READY TO ROUSE PATRIOTISM

By United Press:

New Haven, Conn., March 16.—Ex-President William Howard Taft is busy at his home here today outlining the speeches he will deliver on his "Paul Revere" ride through the South and West, beginning next Wednesday, to awaken the spirit of preparedness and patriotism in the people of those sections.

Dr. Taft will leave here the first of the week and go to Richmond, Va., for his first speech Wednesday night. He will speak in Greensboro, N. C., March 22; Atlanta, March 23; Birmingham, March 24; Nashville, March 25; Memphis, March 26 and in the evening at Little Rock, Ark.; Dallas, March 27; Oklahoma City, March 28 and 28. Dr. Taft will be in Chicago March 30 and back here April 1.

"With the greatest reluctance," said Dr. Taft today, "I have come to the conclusion that we need compulsory military training. We are now looking over the brink of hostilities with some of the belligerents in this war. We could not have better proof of the need of a body of trained men in this country at once."

CARGO FLEET TO BREAK UP U-BOAT BLOCKADE

Washington, March 16.—All signs indicate that the Federal Shipping Board will spend the Government's money—now available up to $50,000,000, under the recent act—to create as fast as possible a fleet of small cargo boats to defeat the submarine blockade by delivering American freight to Europe. Under the law, the ships, when built, would have to be offered for private charter. If private persons or corporations did not take advantage of the new bottoms supplied by the United States then the Government would man and operate the ships.

As long as the submarine peril continues the ships will be equipped with arms and naval gunners, thus coming in part under direct Government control. In the event of war it is thought extremely probable that the Government would operate the ships direct.

AUTOS COLLIDE IN CALIFON

Califon, March 16.—Just after a southbound train crossed the Main street crossing of the High Bridge branch railroad Wednesday, two automobiles owned by Dr. Isidore Topkins and Dr. James R. Adams, both of this, met in a head-on collision. The Topkins car, driven by Walter A. Alpaugh, was going east over the crossing and struck by Adams' car as it was turning from Railroad avenue toward the railroad.

PASTEURIZING BUDDHISM

At Hangchow, in the gloomy halls of a Buddhist monastery, about 300 Buddhist monks, some of them already sufferers from the dread "coughing sickness," listened to a lantern slide talk and heard for the first time in their lives the teaching of modern science and the uses of air, light, soap and water.—The Christian Herald.

Youth and Springtime in Little Gray Salons Saturday

There will be 500 silk dresses—all designed for young women.

There will be hundreds of suits—cabinets and racks of coats—and separate skirts enough for a college of girls.

Individuality, simplicity and variety enough to please the most difficult-to-please, mark the new collection of Spring fashions for young women and girls as the best we have ever assembled.

SUITS—$26 to $79.50; all wanted materials and shades; one at $25, in navy and black serge, has large sailor collar with points that extend to elbows, belt the buttons on one side and has tabs that give pocket effect, with buttons. See it.

DRESSES—of silk, $12.75 to $98.50; crepe de chine, taffeta, crepe Georgette, meteor, and combinations, in the loveliest shades; one, a taffeta, at $22.50, is a copy of a $47.50 model; it has long-waisted effect with belt to mark the natural waist-line, and soutache braiding on the bodice. Another, at $17.50, of taffeta, has the new neck, square in front, with little yoke, high in back. 14 to 20 year sizes.

COATS—6 to 12 year sizes, $7.75 to $25; 12 to 16 year sizes, $15 to $32.50; in a variety of materials, and lovely colorings.

Second floor, Old Building.

Sample Skirts, $5, $7.50 —Average Half Less

$7.50 for women's beautiful skirts of silk—stripes, plaids and shimmering plain weaves, including satin and taffeta—among them fine black taffeta. Plain, shirred and interestingly draped styles.

$5 for women's sports and dress skirts of wool velours, serge, gabardine, poplin—plain or in extraordinary attractive plaids and checks in striking colors.

Some are rather more than a third below our standard grades; the majority are a half and two-thirds less than duplicate qualities which have been in our stocks this spring.

325 in the group—the samples of one of the most artistic skirt makers in New York—priced practically without regard to original values.

Only one or two of a kind. Mostly lengths 37 to 40 inches.

Second floor, Old Building.

Unusually Good $5 Shoes—Women's

Wholesale prices today are up 35 per cent. on these shoes. But because we bought them long ago nothing is shortened or deteriorated in material or making. We are enthusiastic about these shoes. Any woman who wants good looking serviceable shoes at $5 and is looking ahead in her expenses ought to secure more than one pair. Style both for every day and dress.

Choose from—

Tan calfskin, made on English lasts, laced, low heel.

Dull calfskin with kid or cloth top, buttoned; and with kid top, laced.

Black patent leather, kid or cloth top, buttoned.

Kidskin with cloth top or plain all kidskin, buttoned.

Glazed kidskin, 8-inch, laced.

Main floor, Old Building.

Fresh from the Workrooms —These Unusual $8 Hats

The woman who knows values won't expect any one of these hats to cost more.

We made a little test. "Guess the price of that hat," we asked. "Easy, $15," was the reply. "At least $12." So it went. Every one was in this group of $8 hats.

Each hat has a "thoroughbred" air, due to the neat, careful handwork, the good materials, the discriminating taste that has governed the making of each.

Then the variety—all the good straws, the desirable colors, and becoming shapes for all types.

And the little smart touches—wings perched on the brim; wheat ears, their slender gracefulness adding new witcheries of line; ribbon in sanctuel of bows; flowers in enchanting and becoming colorings.

A special purchase, a special sale from our own workrooms—quite the best $8 hats we think we have had.

In addition, a wealth of other models from $6 to $25. The Easter hat is easily and with complete satisfaction found here.

RUSSIA REBELS; CZAR ABDICATES

Nicholas II. Flees to Army. His Brother Is Regent.

REVOLUTION RULES NATION.

Ministers In Prison And One Killed After Three Day Battle in Streets of Petrograd—Army Joins With People In Capital In Fighting For the Duma Against Reactionary Government.

NEW RUSSIAN CABINET FORMED BY LIBERALS.

The members of the new Russian national cabinet are announced as follows:

Premier, President of the Council and Minister of the Interior—Prince Georges E. Lvoff.

Foreign Minister—Professor Paul N. Miliukoff.

Minister of Public Instruction—Professor Manuiloff of Moscow university.

Minister of War and Navy ad interim—A. J. Guchkoff, formerly president of the duma.

Minister of Agriculture—A. M. Ichingaeff, deputy from Petrograd.

Minister of Finance—M. Tereschenko, deputy from Kief.

Minister of Justice—Deputy Kerenkt of Saratoff.

Minister of Communications—H. V. Nekrassoff, vice president of the duma.

Comptroller of State—M. Godneff, deputy from Kazan.

Petrograd, March 16.—The empire of Russia has been shaken in its foundation by a revolt the fleetness and exact consequences of which are still shrouded in secrecy—the same that managed to hide from the world for today a week that the long smoldering sparks of discontent had been fanned to the fury of rebellion.

Nicholas II. is no longer czar of all the Russias. He has abdicated his throne and is a refugee at the headquarters of some loyal army chief "somewhere on the eastern front."

His brother, Michael Alexandrovitch, who six years ago fled the empire as an exile because of his morganatic marriage, has been appointed as regent, to act for the thirteen-year-old Czarevitch Alexis Nicholaievitch.

The empress and the court have been placed under guard.

The imperial palace at Tsarskoe Selo is said to be in a state of siege, but thus far no firing has been reported between the guards defending the palace *and the revolutionists and troops.*

Nicholas' ministers, at the time the last reports were sent from Petrograd, were in jail. One of them, Protopopoff, is reported dead, the victim of a wild battle in the streets of the capital, in which hungry mobs, soldiers and police were the contestants. The casualty roll is said to be heavy. From Moscow, where a similar reign of terror prevailed, no definite news is as yet obtainable.

Duma In Control.

The duma emerged complete victor. It is now for the first time in the history of its existence what it was created for: The representative body of the people. Having been ordered by an imperial ukase to adjourn and go home, it turned upon the government, sent every minister to prison, established a provisional government in complete control of the capital and, as a crowning climax to its long and bitter fight, inflicted an ignominious defeat upon the ruler whose powers made him as his predecessors—the most absolute autocrat on the face of the globe.

The revolution, as far as is known, was short lived and completely successful. It lasted three days—from Thursday, March 8, until Saturday, March 10. It was the culmination of disturbances and riots that had been recurring with increasing intervals in violence and in decreasing intervals *for many weeks.*

The causes of the revolt and of the momentous change it has brought about may be summarized in two vital facts:

A starving nation wanted food.

A humiliated parliament wanted freedom to give the people food.

Soldiers Sided With People.

And while the duma fought the final fight with a tyrannical government for liberty the starving masses whom they represented fought for food in the streets of Petrograd and Moscow.

The chief sensation of it all was that the bulk of Petrograd's garrison, 30,000 strong, sided with the rioting masses, sided with them against the army of police only recently re-enforced by thousands upon the order of the hated Protopopoff.

The revolt spells the death blow to the sinister forces of reaction and graft that have been holding full sway for centuries, but were never fully exposed until the war came and found Russia in a state of economic, financial and military unpreparedness which converted every great drive on the eve of its triumph into disaster and from which the duma has been vainly fighting to deliver the empire.

In entente quarters the outcome is viewed as a defeat of the pro-German propaganda which, with Stuermer and Protopopoff, worked toward separate Russian peace. The duma, it is argued, is solidly united in favor of prosecuting the war until it is won.

While it is admitted by close observers here that the new order of things in Russia, if it lasts, will definitely do away with Germanophile influences, it is pointed out that the revolt, with its governmental changes, is bound to have a disastrous effect upon the army and that particularly as far as the food supply is concerned no relief is in sight even with the duma victorious.

Empire In Chaos.

The country has inexhaustible resources to tap itself, but is not even now mobilized to exploit them. There is no system of provisioning, no scheme for transportation. More than forty ministers have come and gone in two years. Each has added blunders or crimes to the orgy of demoralization. There have been five different premiers since the outbreak of the war.

Protopopoff more than any other individual bears direct responsibility for the revolt. He is the best hated man in all Russia. Originally a cloth manufacturer, he was lifted to power by Rasputin, the "mystic monk," recently murdered, by a curious trick of fate Paul Milyukoff, leader of the "cadets," who was slated for assassination about the same time, though by another group of "sinister forces," is the commanding figure in the victorious camp.

BETTER CROPS FOR MORRIS.

County Farm Superintendent Sees Lessened Production.

Morristown, March 16.—Alpheus M. Goodman, superintendent of farm demonstration for this county, says that from his conversation with farmers of the county he believes that in the coming season more attention will be paid to crops which can be sold for cash.

Mr. Goodman does not think that the acreage of potatoes and onions will be increased to any great extent, but flocks believe that more fertilizer will be used, more care used in the selection of seed and that because of the high prices and scarcity of labor the farmers will plant only what they can care for well.

Hospital to Open Laboratory.

Long Branch, March 16.—The board of governors of the Monmouth Memorial hospital have voted to open May 1 the new laboratory, a gift of Treasurer Charles A. Wimpfheimer. They elected Dr. J. A. Hugo of Philadelphia pathologist. Dr. Hugo has been assistant at the Presbyterian hospital, New York.

Garfield to Vote on City Plan.

Garfield, March 16.—Following a campaign conducted for months the citizens will have an opportunity to decide at a special election April 17 whether to incorporate the town into a city. There has been little protest against the move. Garfield is the largest borough in Bergen county.

Trade Board Confirmed.

Washington, March 16.—The senate confirmed the nominations of John Franklin Fort, ex-governor of New Jersey, and William B. Colver of St. Paul to be members of the Federal Trade Commission.

WESTFIELD

ORGANIZED FOR GOSPEL MEETINGS

A gospel meeting organization has been formed by persons from several of the churches of the town. A store room on North avenue next to the North Avenue Hotel has been fitted up by them in exceedingly attractive and appropriate manner, the floor being neatly carpeted, new chairs filling the room, and a piano is in place upon the commodious platform. These fittings together with the newly painted walls and ceilings, present an inviting and home-like appearance that should certainly tempt the passer-by to step in and accept the Christian hospitality which there awaits him.

The purpose of this organization is to hold gospel meetings to which are invited those persons who, hesitating to enter a church, feel a desire that something better and higher in life, or perhaps have had the misfortune to fall into evil ways. To such there will be offered a helping hand by plain every-day men and women like the seeker, only that they have found one who saves to the uttermost those who are weary of sin and wickedness and having found the way they, with a Christian love, stand ready to point the inquiring brother or sister, whereby they too may be saved.

For the present these meetings will be held on Tuesday and Saturday evenings of each week at eight o'clock. Later it may appear advisable to hold them more frequently. All Christians interested in the upbuilding of righteousness in the town have extended to them an invitation to attend these meetings.

Presbyterians Held Missionary Dinner

Over two hundred men and women of the Presbyterian church attended the eleventh annual missionary dinner of the church which was held in the parish house last night and it was thoroughly enjoyed, as was the address which was given by Rev. James H. Nicol, of Tripoli, Syria, who spoke on the subject of "What is a Missionary?" The supper was excellent and was prepared by Mrs. G. E. Ludlow who was chairman of the dinner committee and she was assisted by Mrs. G. N. Williams, Mrs. C. L. Smith, Mrs. Charles Gorton and Mrs. Eleanor McKee.

The committee in charge of the dining room was composed of Mrs. J. T. Wilcox, chairman; Mrs. A. McL. Rowland, Mrs. George McCravesa, Mrs. Walter Lobb, Mrs. A. N. Pierson, Mrs. Walter R. Darby, Miss Bessie Brewer, Miss Margaret Beckley, the Misses Anna and Margaret Scudder. Malcolm B. Dutcher was the toastmaster and during the dinner Mrs. David Ross and Mrs. Arthur B. Rowland sang. The dining room was prettily decorated with American flags, the decorating being the work of H. Nelson Walker.

This missionary dinner is one of the big events of the year in the Presbyterian church in addition to the address of Rev. Mr. Nicol, the pastor of the church, Rev. Dr. W. I. Steans made a short address in which he touched on missions and what the church is doing for them.

Entertained Loyal Association

Union Council Loyal Association held its regular monthly meeting last night in Arcanum hall and it was attended by about thirty-five of the members. After the business session Orator Walter Sampson introduced Thomas W. Murray, of this town, who is also a member of the council, and he gave an excellent entertainment of songs and stories. "Tom" is a number one entertainer and his rendition of the story entitled "That Something" was greatly appreciated by the members of the council. During the entertainment "smokes" were enjoyed.

Kneisel Quartet to Sing Here

The Musical Club of Westfield for its third concert has been most fortunate in securing the Kneisel Quartet. The concert is to be given in the auditorium of the Westfield High school on April 19. As this famous quartet is disbanding in the spring, this is one of the last opportunities to hear it and music lovers of this vicinity will be glad to take advantage of it.

All information as to tickets may be had from Mrs. Whitehead, the club's director of this concert, Hamilson avenue, Westfield. Phone 109-J.

The members of the Dorcas Society of the Presbyterian church will present a play in the parish house on Friday evening, March 30, entitled "The Carpet Committee of the Edgewood Dorcas Society." In addition to the play there will be several illustrated songs. The committee in charge of the play is composed of Mrs. C. L. Smith, chairman; Mrs. G. E. Ludlow, Mrs. J. N. Locke, Mrs. G. N. Williams, Miss Maude Manning and Miss Helen Richards.

The monthly meeting of the Advance Club will be held at the home of Mr. and Mrs. A. McL. Rowland, on Euclid avenue, tonight. A paper on "New England" will be read by G. B. Pitcher; current events by J. A. Sim; readings will be given by Mrs. Harold Welch and vocal solos by Miss Marion Tice.

Miss Ida Hutchinson, who had the misfortune to trip over a rug in her home on Euclid avenue last week and was severely bruised and shaken up, is able to be around the house again.

Janet and Carolyn Darby, daughters of Mr. and Mrs. Walter R. Darby, are confined to their home on Euclid avenue with the measles.

Mrs. B. M. Prugh, of Elm street, and Mrs. P. S. Ketcham, of Summit avenue, have returned from a visit in New Brunswick.

The Ladies' Sewing Society of the Presbyterian church are holding an all-day meeting in the parish house today.

DUNELLEN

Mayor Predicts an Airship Attack

The Business Men's Association which is booming the project for placing a 400-Watt light on North avenue, are to attend the adjourned council meeting on Monday further to see that their interest is looked after. It is likely the councilman's committee that has been investigating the lighting question will report.

There is a slight opposition in the council to this scheme, one of those opposed to the scheme for economic purposes is Mayor Latham. He is quoted as stating that all street lights in the borough will soon be eliminated at night to prevent airship attacks from warring nations.

Mrs. Barber Dies After Lingering Illness

Mrs. Mary Ann Barber, wife of William E. Barber, died yesterday afternoon at her residence on Fairview avenue, this place. The deceased had been ill for nearly a year. She had resided in Dunellen for a number of years and was a communicant of St. John's Church. Besides her husband she deceased leaves two children.

The funeral will be held on Monday from her late residence at 8:15 o'clock and from St. John's church at 9:00 o'clock. Interment will take place in St. Mary's cemetery, Plainfield.

Cranford School Supervisor Here

Miss Sara Edmund, supervising principal, of the Cranford schools, made an observation visit to the Dunellen schools, yesterday. Miss Edmund highly complimented Principal Rentschler upon his efficient teaching corps and the school equipment. "Go-to-school Week" closed today. Over 100 visitors have inspected the schools during the week.

The scholars of Holy Innocents' Sunday school met this afternoon in the Guild room. The exercises included the story of "The Conquering Song," told by Miss Kelly. Each member received a souvenir.

Solomon Gillespie, of Bound Brook, was a caller yesterday on Recorder David Campbell. The latter was Mr. Gillespie's school teacher at Basking Ridge, Somerset county, many years ago.

Miss Mabel Noyes, local school instructor, is recovering from a slight operation, that took place on Tuesday at Muhlenberg Hospital, Plainfield.

S. H. Schwartz, of the Dunellen Estates, offers a building lot free and clear for anybody who desires to build at once on the estates.

The Jersey Central Railroad has posted notices in the local station advertising for help.

Miss Berenice Smith, of Grove street, is confined to her home with an attack of the measles.

C. T. Voorhees and wife have been spending the week in Jersey City.

NEW MARKET

Funeral of Former Local Pastor

The funeral of the Rev. James A. Cubberley, a former pastor of the First Baptist church, here, was held this forenoon, in New York city. Rev. P. H. Strong, of the Plainfield Baptist Church, officiated. Interment will take place in Hillside cemetery, Plainfield.

The Independent Social Club has branched out and has rented the store formerly occupied by H. L. Pierce. A new pool table has been installed and alterations made in the store for the members' comforts.

Charles S. Day has disposed of his butter business to Hiram J. Scandell. Mr. Scandell formerly conducted the butcher business here many years ago.

Postmaster Joseph Kelly, who is an excellent gardener, has cabbage plants in preparation. Some of them are four inches high.

The local Building and Loan Association will issue new series of shares the first of the month.

Mrs. Mary Martin, of North Plainfield, was a recent guest of Mr. and Mrs. Philip Jenner.

CALIFON

Mr. and Mrs. Thomas Stevenson, of Califon, are at Peapack with their brother-in-law, Charles Miller, while Mrs. Miller is at Summit Hospital recovering from an operation for appendicitis.

Miss Nellie Hoffman, of Califon, returned yesterday from a visit to Mr. and Mrs. Seward Wear at Annandale.

Miss Violet Apgar, of Spring Valley, is spending the week-end with Mr. and Mrs. Charles Todd at Far Hills.

Mrs. Thomas R. Adams, of Califon, is spending the week with her parents at Philadelphia.

Mrs. Sarah Trimmer is ill at her home in Railroad avenue, Califon.

Mrs. Belle Philhower, widow of Peter Philhower, of Califon, is ill.

FANWOOD

Believe Incendiaries Caused Fire

Following two recent disastrous fires in the Willow Grove section of Fanwood, when a home on Martine avenue and Murray's home on Terrill road, were burned to the ground, there is a suspicion that incendiarism not accidents, have been the cause of the fires.

Besides the burning of the two homes, one of which was unoccupied, several attempts to burn hay stacks and sheds have been made. Fortunately for the property owners these minor fires have been prevented. A careful watch is being kept for the person who caused the last two destructive fires.

Sidewalk is Improved

The short section of sidewalk on the southern side of North avenue between Russell road and Central Crossing has recently been covered with crushed stone. This has improved the former bad condition of the sidewalk, but many local citizens residing in the west end of the borough wonder, what good it has really done, in view of the fact that the remainder of the ill-kept sidewalks in the west-end have not been improved in a similar manner as this sort section.

To Improve Midway Place

By direction of the Borough Council the local street committee is undertaking to improve Midway place. Some time ago the residents of that street which has always been a private thoroughfare, requested that the borough take over the street and treat it with necessary repairs. The local council, at a recent meeting, decided to employ an engineer to lay out the street as required by law. The proper width and grades are being secured by an engineer.

Special Marshals Appointed

A special precaution and better protection for Fanwood has recently been deemed necessary. Eight special marshals have been appointed with full authority to arrest persons causing any sort of unlawful disturbances in Fanwood. These officials are: H. D. Bonnell, James Devine, William Linden, P. J. Phillips, F. H. Clifford, Alex H. McDonough, George S. Ranier and Paul S. Beck.

The police telephone apparatus, which has been at the corner of North and Martine avenues for the past year, will be removed to the Fanwood post-office building by order of the council.

The next meeting of the Wednesday Afternoon Bridge Club will be held next Tuesday afternoon at the residence of Miss Hazel Gardner, of Martine avenue.

Sidney Lidgate, of North avenue, is trying out for the East John-Mansville baseball team which is beginning the spring practice.

Mrs. Robert G. Megey, of North avenue, entertained Miss Jessie Billings, of Plainfield, yesterday.

Mrs. Samuel W. McAneny, of North avenue, has been confined to her bed by illness.

SCOTCH PLAINS

Mrs. Frank Hosinger, of Park avenue, entertained a number of friends yesterday afternoon in observance of her seventieth birthday. Friends were present from Plainfield, Netherwood and the Plains, and all had an enjoyable time. Mrs. Hosinger received many handsome presents, and the flowers sent by friends transformed her room into a veritable summer garden. Mrs. Hosinger has been in ill health for some time, but recently she has improved a little.

The regular meeting of the Junior Order of United American Mechanics was held in the lodge room last night. Following the business session several candidates were initiated.

The Jolly Six girls' basketball team defeated the Netherwood girls on the Parish House court last night by the score of 11 to 7.

HUNTERDON COUNTY

The funeral of Raymond C. Hoffman, twelve years old, will be held tomorrow morning at 10:30 o'clock at the home of his parents, Mr. and Mrs. Charles Hoffman, near Mountainville. Rev. H. J. Jobst, pastor of the Cokesbury Methodist Church, will officiate, and burial will be in the cemetery at Cokesbury by Undertaker Nilger, of Lebanon. The boy died in Muhlenberg Hospital, Plainfield, after an operation for appendicitis.

Mrs. Augustus Henkel, of Plainfield, formerly for forty years a resident of Lebanon, has been visiting Mrs. Jane E. Stiger at Annandale.

Mrs. Augustus Bolmer, of High Bridge, was the recent guest of her parents, Mr. and Mrs. Andrew Hunt, at Stanton.

BOUND BROOK

COUNCILORS AT BASKING RIDGE

The March meeting of the Somerset County Past Councilors' Association Jr. O. U. A. M. will be held with Victor Council, No. 179, at Basking Ridge, Monday evening, March 19. The subject will be "Our Educational Schools and Institutions." The speaker of the evening will be Henry A. Beckmeyer, President of The American Bureau of Newark, a Past Councilor of Monroe Council, No. 232, of Newark.

Arthur McChesney and family have removed from the Field flat over the post office to his new home on West High street. Augustus A. Hodge and family have removed from South Bound Brook to the apartment vacated by Mr. McChesney.

The following letters remain uncalimed at the local postoffice: Salli L. Forbes, A. Fisher, Edward McGuire, Mrs. Mary Wilson, Grove chino Ratatori.

The banquet scheduled for last night by the Bound Brook Building and Loan Association was postponed.

Mrs. Richard Fennessey has been entertaining Mrs. Shine, of Pattenburg, for several days.

Mrs. Arthur Perrine, of Cranbury, has requested that the borough take over the street and treat it with necessary repairs. The local council, at a recent meeting, decided to employ an engineer to lay out the street as required by law. The proper width and grades are being secured by an engineer.

WEEKLY NOTES OF W. C. T. U.

Liquor Responsible for Crime, Says Wife of Premier Lloyd George

"If we are to prosper after the war, liquor must go," declares Mrs. Lloyd George, wife of the premier of Great Britain, in a recent issue of "London Answers," "The question of how to deal with the drink trouble of the nation has, since the war began, become more and more important and insistent."

"For many years I have taken the deepest interest in temperance matters and have worked with many noted societies for the suppression of excessive drinking and of illicit trade in drink," writes Mrs. Lloyd George, "who has long been an enthusiastic white ribboner. "When I lived in Wales some of us young women formed a society, gave concerts and promoted all sorts of schemes to raise sums of money to build a village library and clubroom, where men and women might find new interests and new friends rather than have to look for these in the public houses. With kind assistance, we managed to get this building, and extremely excellent results were the outcome of that effort. Now in many other villages throughout the kingdom are like that one was in Wales. At night there is nowhere to go but to the public house, if a man or woman wants a change, friendly converse, comfort and a little pleasant diversion outside the home . . . and as our land has to begin a new

forward helping forward the solution of this problem. It has done much since the war began, but could do very much more. It will, later on, when the war is over, if not before, have to tackle the thing thoroughly, and if we are to prosper as we ought to do the thing must be done. And I trust all women will be ready and resolved to do their part.

"I cannot conceive of anything which would more insure the glory and triumph of our nation in commerce, in art, in literature, in a high standard of life than the conquest of England's greatest and most terrible enemy—drink. We shall have a unique opportunity—the chance of a lifetime—when this war is over to see our land has to begin a new

Commercial Problems Growing Out of War Conditions

A Non-Technical Explanation of the Big Questions Confronting Business Men at This Time

By SAMUEL WANT

Rules of Caution That Will Prevent Law Suits

It is a familiar maxim that ignorance of the law is no excuse. Likewise, subjective impossibility in connection with the carrying out of a contract is no excuse. That is to say, among the rules of law which every business man is conclusively presumed to know when he enters into a contract is the rule that where he undertakes to carry out a certain undertaking and fails through his own default, not foreseen at the time he made the contract, he is nevertheless (except in a few cases) liable for damages as in the case of a wilful breach of contract.

As applied to the present crisis the above principle of law is pregnant with snares for the unwary business man whose enterprise happens to be one which the conditions now require the employment of a great amount of help, and in many other corresponding cases.

Taking interstate business as an illustration, it is readily apparent that a contract to make certain future deliveries may become impossible of performance both as to time and place of delivery because of exigencies arising out of governmental activity affecting the mobilization of troops or war materials. These matters have first place as to the use of both transportation and terminal facilities, and no amount of urgency in connection with private transactions will be permitted to stand in the way. Yet, in the absence of a provision in a contract of sale absolving the shipper from liability in the event of such a contingency interfering with the shipment, he will be liable for damages for failure to fulfill the contract.

It is like manner, the exercise by the government of its undoubted power to fill its requirements in the highly technical branches of the army and navy service by enforcing compulsory enlistments among certain classes of workers would furnish no legal excuse to a manufacturer whose inability to carry out his contracts was due wholly to the loss of skilled help thus entailed.

The demands of the government for coal, iron and other raw materials may at any moment reach proportions that will prevent the acceptance of private orders for many months to come, and interfere seriously with industrial operations which may not be liable for non-relation of the needs of the warring arm of the nation, but that would furnish no legal defense to the manufacturer whose inability to obtain raw materials prevented his performance of his contracts for the sale of manufactured products.

Every business man whose business extends further than the sale of goods in his possession at the time, for immediate delivery, will do wisely to insert in all his contracts a reservation releasing him from the obligation to carry out the same in the event that he is prevented from doing so by inability to obtain raw materials or transportation facilities, or by reason of other conditions beyond his control.

The so-called war clause is no longer adequate. Without any declaration of war, and even without any intention to engage in hostilities being made immediately clear, conditions may at any time arise that will create in the industrial world all the paralysis of business involved in the prosecution of actual warfare.

HOPE CHAPEL NOTES

The annual meeting of the church and congregation will be held Wednesday evening, April 4.

The annual meeting of the Men's Club is to be held on Thursday evening of next week, March 22. Officers will be elected at that time.

A burlesque basketball game between the girls' and boys' basketball teams are booked to class on Monday, April 2, to be followed by a general social time to conclude the season of the aggregations.

The Berean Bible class has completed arrangements for its annual meeting and banquet to be held on Tuesday evening, March 20. The election of officers will take place in the meeting of the class to be held at 7:30. Richard Boardman will be the speaker of the evening at the banquet to follow.

FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, the prescription, othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Adv.

UNION MAY PURCHASE FARM OR QUARRY

Elizabeth, March 16.—Favorable action on the proposal to establish either a farm, quarry of both, for Union County prisoners was promised Wednesday to a citizens' committee by the Board of Freeholders' jail committee at a hearing at the courthouse. The committee, under the chairmanship of William F. Marsh, announced it would recommend to the board at a special meeting March 26 that a beating be given taxpayers on the proposition to purchase a suitable site outright at a sum not exceeding $25,000. William Day of the Charity Organization Society, Judge Abe J. David, Rev. Dr. Frank Moore of the Rahway Reformatory and William Bodhigton, representing labor unions, spoke.

DECORATED FOR HEROISM

Washington, March 16.—For displaying extraordinary heroism in a battle with rebels in santo Domingo, Sergeant Major Roswell Winans, U. S. Marine Corps, has been decorated with the "medal of honor," the highest award of merit attainable by a American military or naval man.

Winans operated a machine gun against the enemy only 150 yards away in the fact of a heavy fire to which he was fully exposed. When a jam put the gun temporarily out of commission he stood up and coolly repaired it, maintaining his perilous position and resumed firing until the bandits deserted their trenches. Marine Corps officials say Winans' prompt action saved the lives of many of his companions.

The "medal of honor" is given to very few persons and only in cases of extraordinary valor. Unlike the "iron cross," "Victoria cross" and similar European decorations, this American medal is worn pendant from the neck.

THIS WOMAN TOLD TO CHOOSE

Between Operation and Death. Cured by Lydia E. Pinkham's Vegetable Compound.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and got me to try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 708 Lyon St., Des Moines.

This famous remedy, the medicinal ingredients of which are derived from highly prized roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegtable Compound.

HELPS FOR THE HOUSEWIFE

VIRGINIA CARTEN LEE

In connection with this department Miss Lee will gladly answer any Lenony relative to domestic science. A stamped envelope bring necessary for a personal reply. Address care of Courier-News.

In the percentage of fat in different kinds of meat, a greater difference exists than in the percentage of proteins. The lowest percentage of fat is 8.1 per cent. in the shank of veal and the highest is 32 per cent. in pork chops.

The highest priced cuts, loins and ribs of beef contain from 20 to 25 per cent. If this fat is not eaten at the table, or not utilized otherwise, a pecuniary loss results to the housewife, as she pays the same price for the fat as for the meat.

Thus, if butter is the ingredient used in making crust for meat pies and in preparing the cheaper cuts of fat, there is little real economy involved. The fats from all meats should, therefore, be carefully saved, as they may be substituted in place of butter in such cases, as well as in preparing many other foods.

The fat from sausage, from the soup kettle, or from pot roast, which is savory because it has been cooked with seasoning and vegetables, is particularly good for browning potatoes that are to be used in stews, croutons and curries. Sometimes celery vegetables, such as onions, peppers or sweet herbs are added to the fat, when it is tried out to give an appetizing flavor.

Bones and fat come with nearly all varieties of meat, and in these days of high prices, they must be utilized as well as the meat itself. Almost any meat bone can be used in soup-making and if the meat is not removed from them, so much the better. But some bones, especially the rib ones, if they have meat left on them, can be grilled or roasted and will furnish a very palatable dish in themselves.

The "spare rib" of Southern folks, that we hear so much about, is made from the rib bones of a calf or pork. This is always a very popular dish when served crisp and brown with sweet potatoes and stewed apple sauce.

The braised ribs of beef, often served in exclusive restaurants, are made from the bones cut from the end of a rib roast. In this connection, it is well for the housewife to remember that many of the favorite dishes served in hotels are made of portions of meat such as are frequently thrown away in private homes, but which, with proper cooking and seasoning, make attractive dishes at small cost and furnish most acceptable variety to the daily menu.

An old-fashioned recipe for "boiled bones" directs that the bones (beef rib or sirloin bones, on which the meat is not too thick) be sprinkled with salt and cayenne, brushed over with olive oil and broiled over a clear fire until well browned. Another example for the use of bones is "boiled marrow bones." This is an English dish. The bones are cut in convenient lengths. The ends are covered with a little piece of dough, over which a floured cloth is tied, and they are then cooked in boiling water for two hours. After removing the cloths and dough, split the bones, season lightly with salt, celery salt and pepper, and lay on toast strips.

In purchasing a steak, there is always considerable fat and bone, but of the former should be trimmed away and clarified for beef dripping. The bone will, naturally, be cooked with the steak and it could be saved after the meal and used to either a tomato or vegetable soup, to give it that rich, meaty flavor, that is always so appetizing and savory.

The tough end of a steak (if a porterhouse is purchased) may be ground through the meat grinder and Hamburg steak, or it may be converted, when cooked, into a savory ground stew or hash. All of these preparations are good and they will furnish another meal without additional cost.

When rather thick mutton chops are used for broiling, the trimmings left from the lower part will generally furnish a small Irish stew sufficient in quantity to serve two persons. Be generous, in making the stew, with carrots, onions, turnips and a few peas. In making this stew, do not brown the meat, as the gravy should be light in color.

THE LOST FAIRY—Part II

No sooner had the Fairy Queen touched the fairy girl on her head than she became a white rabbit and ran into the woods.

"You see what will happen to you, my fairies, if you run away or become a mortal," said the Queen, "you will be changed into a white rabbit and can never again become a fairy, and a white rabbit you will remain, for there is only one way you can become a mortal then and that is not likely to happen."

The little fairies said they never, never would run away from the Queen as their fairy had done, and they looked with sad eyes toward the spot where the little white rabbit had disappeared in the woods.

When the peasant awoke and found his wife was not there he jumped out of his bed and looked everywhere in the house.

First he looked under the bed, thinking she had played a joke on him and hidden there; then he looked in the closet and in the attic, but nowhere could he find her.

He looked the mountain over for her, but she had gone and left no trace her disappearance was as mysterious as her coming, and the peasant began to wonder if after all she might not have been a fairy.

One day when he sat outside his cottage door weeping for his wife a little white rabbit ran up beside him and began to rub its head against his leg. The peasant reached down and took it up in his lap and stroked its head. "Poor creature, have you lost your mate?" he said.

When he put it on the ground, to his surprise it did not run into the woods, but stayed close beside him.

When he went inside the cottage the rabbit hopped up to the door sill, too, and the peasant took pity on it and took it in the cottage.

He fed it with lettuce and green things, and made a bed for it close beside his own, for somehow the little white rabbit seemed to comfort him when he thought of his lost wife.

One day when he was walking about the mountain he saw a pair of shoes under a bush, they were so small he wondered if they were magic shoes. He took them into his cottage and put them on the floor. No sooner did the white rabbit see the shoes than it ran and sat down beside them, poking at them with his nose.

So close beside the shoes did the little rabbit keep that the peasant picked it up and put it in one of the shoes.

But no sooner had the rabbit touched the inside of the shoe than out the door went the shoe with the rabbit, and ran so fast the peasant, who tried to follow, could not keep up with it.

He kept on running, however, and saw the little shoe go swiftly down the mountain and into the woods at the foot of it.

The peasant kept on, and when the shoe came to the door of the cave of the old witch it stopped.

When the old witch came out and saw the shoe with the white rabbit in it she said, "So the Queen found you, didn't she; I told you to throw the shoes down the side of the mountain. Why didn't you do as I told you?

"There is only one thing that can save you now, and that is that some mortal should ask you to marry him; and that will not be likely to happen, for mortals do not care to marry little white rabbits."

The little rabbit hung its head, but it could not speak, although it heard what the witch said.

But the peasant, who had heard also every word said by the witch began to understand, and he ran to the witch and said, "I will marry the little white rabbit; mother witch, give us your blessing."

The witch waved her cane over him as he picked up the little white rabbit from the shoe, and there in his arms the peasant found his wife again, and this time she was a mortal for good and all time; the fairy spell had passed from her.

"I give you my blessing," said the witch, "and a present besides when you reach home; let the first thing you do be to look in the other magic shoe," she said to the wife; "then throw the shoe down the side of the mountain or the same fate that happened to you will happen to what you find in the shoe."

The wife promised she would keep her promise this time, and that as soon as she reached home the shoe should be thrown away.

The peasant and his wife thanked the old witch and hurried back to their cottage and when they looked inside the magic shoe what did they see but a dear little baby girl smiling up at them.

The wife picked it up and hugged it close to her and said to her husband, "Lose no time, take the shoe and throw it far over the side of the mountain, my baby must remain a mortal, for she might not be as lucky as I was in finding a mortal who would be willing to marry a little white rabbit to find his wife."

The peasant lost no time in throwing away the magic shoe and then he ran back to the cave of the old witch and asked her to be godmother to their little girl and the old witch was so pleased that she waved over the baby girl her cane and said as a gift she would cause the baby always to be happy and grow up into a beautiful and good woman.

Whether the Fairy Queen ever knew what became of the white rabbit the peasant and his wife never knew, but if she did the little fairies never were told, for the Queen was too wise.

She would never be sure of any of the fairies staying with her if there was chance of being as happy as the fairy sister who ran away and married a mortal.

NEEDLEWORK NOTES

A pretty card table cover is made of heavy white linen, with a spread pack of cards in each corner, embroidered in black and red.

Boudoir caps are good gifts for young girls. A new embroidered sort is made in the style of a Dutch cap, with the embroidery in delft blue or in black, on a sheer white muslin ground.

For the women who travel a corset bag, a long, narrow washable bag, embroidered with the word "Corsets," is useful. These bags can also be used to hold corsets in the bureau drawers or closet shelve.

For the young housekeeper a useful gift is a luncheon set, all in one piece, consisting of centerpiece and four plate doilies attached, in the form of a Greek cross. This is embroidered in various designs and in either white or colors.

Fringe is in fashion and it has invaded the realm of are needlework. Some of the new sofa cushions, which would make admirable gifts for the boy or girl away at college, are of heavy tan linen or crash, embroidered in conventional designs in bright colors, and finished with wide tan cotton fringe.

The shops are full of interesting things to embroider and make. One is a baby's shoe bag, which would make a charming gift for a baby's first Christmas—a Christmas when the baby itself is not old enough to appreciate toys and when a gift that appeals to its mother is always acceptable. This bag is to hang on a door or wall. It is made of heavy white material and there are two sections, one above the other, each containing pockets for three pairs of little boots or shoes. Embroidered letters across the top announce that it is for baby's shoes.

WORTH KNOWING

If you are troubled with indigestion and cannot eat white bread, make bread from the whole wheat flour. This is more easily digested and more nourishing than the white bread.

A delicious pudding is made with cooked and stoned prunes spread over the bottom of a baking dish and covered with a rich biscuit dough. Serve hot with cream and sugar or hard sauce.

Shredded cabbage and lettuce hearts with French dressing and roasted peanuts make an excellent salad.

There is no comparison between the flavor of a fresh chicken and one that has been killed for some time. The fresh chicken is known by its bright full eye. If the eye is sunken it is not fresh.

A box of small utility objects, made of aluminum, for the kitchen, is a very welcome gift to a busy housekeeper.

The evening frock with side trains attached to the wrists with bead bracelets is fashionable and picturesque.

SAVE THE BABIES

These are authentic quotations from the pamphlet on babies by Dr. L. Emmett Holt, of Columbia, and Dr. Henry L. K. Shaw, of Union University:

Among things which are bad for all babies are: Pacifiers, thumb sucking, soothing syrups, patent medicines, whiskey or gin for supposed colic, dirty playthings, dirty nipples, dirty bottles, dirty floors, waterproof diapers except for temporary use, moving picture shows.

It is easier to prevent diarrhea than to cure it. The important preventive means are: Boil all milk in summer, dilute the baby's food in very hot weather, stop the food at once if acute diarrhea sets in. If movements become loose and only two or three a day do not neglect it because the baby happens to be teething; it may mean the beginning of serious illness. More of this subject will be told tomorrow.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though so plain, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease. Adv.

NEW UNIVERSITY FOR THIS STATE

Agricultural School Will Have Higher Title.

MORE DEVELOPMENT PLANNED.

New Brunswick Institution Will Have More Teachers and Equipment to Aid In Work of Aiding Farmers All Over State—Was Founded in 1864 and Now Has Wide Scope of Usefulness. Governor Ready to Sign Bill.

Trenton, March 16.—Only the signature of Governor Edge is required to make the State Agricultural college at New Brunswick the State University of New Jersey, a bill to effect the change having been passed by the legislature. The action was taken in recognition of the services given to the state by the college, which is maintained by the trustees of Rutgers college. Development is planned for the institution in the way of adding equipment and teachers.

The agricultural experiment work of the State Agricultural college and the sending of lecturers all over the state to bring to the farmers word of improved methods has been regarded particularly as of great service to the commonwealth.

The changing of the status of the institution will not disturb the officers or the present teaching staff. In its extension courses last year there were 5,500 students enrolled, while the student body at the institution numbered 535.

It was by act of the legislature, approved April 4, 1864, pursuant to an act of congress, that the scientific school of Rutgers college became the college for the benefit of agriculture and the mechanic arts, for the state of New Jersey, commonly called also the State Agricultural college. It receives appropriations from the federal government and from the state. It was felt that the maintenance of such diverse schools as those of agriculture, engineering and chemistry, of courses for graduate students and of extension work made the title of university appropriate.

BRITISH DRIVE GERMANS BACK

Win Ground Southeast of Bapaume In New Advance.

London, March 16.—British troops in the Ancre region of France have made another important advance. The official announcement records the occupation of German trenches along a front of two and a half miles, stretching from the southern edge of St. Pierre Vaast wood to the northern outskirts of the village of Saillisel.

St. Pierre Vaast wood is about six miles southeast of Bapaume and almost equidistant from Peronne. Chief significance in the operation attaches to the fact that it marks the first important withdrawal of Teutonic forces south and east of Bapaume, their backward movements heretofore having been confined to the west and north.

The British gain is of importance, too, because Le Transloy, a strategic point of value, lies only three miles to the north, on the Bapaume road, and because an extension of the enveloping movement about Peronne appears to be indicated.

The capture of Peronne would be of great value to the British. The town has played an interesting role in French history. It was strongly fortified during the middle ages and *remained a fortress until 1874. The last* big event in its military annals was its stubborn defense against the Germans in the winter of 1870-71.

The British statement admits the success of Germans in entering trenches southeast of Arras after a heavy bombardment, and adds that "a few of our men are missing."

SEES SUFFRAGE VICTORY

Mrs. Norman De R. Whitehouse Predicts Amendment Will Win.

New York, March 16.—In a statement issued today Mrs. Norman de R. Whitehouse, chairman of the New York State Woman Suffrage party, said:

"Our prospects of victory are very brilliant. Every political party has indorsed the principle of woman suffrage in its national platform. It is useless for the opponents of suffrage to claim that the two large parties, the Republican and Democratic, are without honor and have resorted to woman suffrage only to betray it. We feel that it is not the case. The leaders of these parties recognize a moral possibility. President Wilson showed distinctly in a telegram he has recently sent to the president of the Tennessee senate regarding a bill for presidential woman suffrage in that state when he said, 'It seems to me the moral obligation is clear.'

"Woman suffrage has been coming seal very fast since the beginning of 1917. The gone familiar with the situation, as I am raised by the many recent triumphs and the great development of the organization of the New York State Woman Suffrage party, victory here next November is certain.

U. S. Ship Sinks in Harbor.

Los Angeles, March 16.—The Los Angeles steamship Golden Gate, bound from Los Angeles to Mexican ports, was sunk in Ensenada harbor, according to a telegram received by Collector of Customs Elliott. The vessel carried cargo and passengers. The cause of the sinking was not given in the telegram. No lives were lost.

Consecrated as Bishop.

Notice is hereby given that an ordinance entitled, "An Ordinance to vacate and relieve of the public use and burden that portion of Thornton Avenue lying between Hillside and Woodland Avenues, being an unused and unaccepted portion of street on property of M. Engelhardt Real Estate Co." a copy of which is subjoined to this notice, has been introduced before the Common Council, read the second time, and ordered engrossed preparatory to its third reading, and that it is the intention of the Common Council to adopt such ordinance at the regular meeting of the Common Council to be held in the Council Chamber, No. 1144 North Avenue, in the City of Plainfield, N. J., at eight o'clock p. m., on Monday, the second day of April, A. D. 1917, Nineteen Hundred and Seventeen, at which time and place prior to the adoption of said ordinance said ordinance will be considered by the Common Council, and all persons interested may be heard before the Common Council with reference to the proposed ordinance.

By order of the Common Council
JOHN J. CARROLL,
City Clerk.

Plainfield, N. J., March 5, 1917.

AN ORDINANCE TO VACATE AND RELIEVE OF THE PUBLIC USE AND BURDEN THAT PORTION OF THORNTON AVENUE LYING BETWEEN HILLSIDE AND WOODLAND AVENUES, BEING AN UNUSED AND UNACCEPTED PORTION OF STREET ON PROPERTY OF M. ENGELHARDT REAL ESTATE CO.

Whereas, It appears to the Common Council of the City of Plainfield that a portion of Thornton Avenue in said City of Plainfield, to wit, the portion thereof lying between Hillside Avenue and Woodland Avenue, a dedicated street of said City has not been opened to public use for twenty years or more since the said Thornton Avenue was dedicated to public use; that the opening of such portion of street will, if made, involve a large expenditure of public funds and that the opening of such portion of street would be of no public benefit and the owner of the land abutting on such portion of street has consented in writing to such vacation, by filing such consent duly acknowledged as in case of an acknowledgment to a conveyance of lands in the office of the Clerk of the City of Plainfield;

The inhabitants of the City of Plainfield, by their Common Council, do act as follows:

Section 1. That all that portion of Thornton Avenue, so called, lying between Hillside Avenue and Woodland Avenue in the City of Plainfield, which portion of street lying between Hillside Avenue and Woodland Avenue is delineated by dotted lines on the Tax Map of said City of Plainfield and is also delineated by dotted lines on a map entitled "Map of Plainfield, N. J. Compiled from Official Records, private plans and personal surveys by J. R. & F. A. Dunham under the personal direction of the publishers published by H. H. Walker & Co., 1876," be and the same is hereby vacated and relieved of the public use and burden.

Notice is hereby given that the following Ordinance has been introduced before the Common Council, read the second time and ordered engrossed preparatory to its third reading, and that it is the intention of the Council to adopt the same.

JOHN J. CARROLL,
City Clerk.

Plainfield, N. J.

AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION OF A FURTHER ADDITION TO THE SYSTEM OF SEWERAGE NOW CONSTRUCTED IN THE CITY OF PLAINFIELD, NO 15.

WHEREAS, There has been constructed in said city a system of sewerage and such action in relation thereto has from time to time been had as is set forth in the preamble to the ordinance to provide for the construction of an addition to the system of sewerage already constructed in the City of Plainfield," approved November 4, 1895, to which preamble reference is hereby made for greater certainty, and

WHEREAS, In the opinion of the Common Council the public good requires that a further addition, as hereinafter described, to the system of sewerage already constructed, should be now constructed in and for said city under the provisions of the Act in said preamble referred to, and supplemental thereto, and

WHEREAS, It is expedient and does hereby so determine, therefore,

The inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the Common Council doth hereby direct and order that a further addition to the system of sewerage already constructed under said Act and acts amendatory thereof and supplemental thereto, be constructed in and for said city under the provisions of the Act of the Legislature above referred to, with all the appurtenances necessary to complete the same, and of such plan and material and according to such plan as the said Common Council may hereafter direct, in and through the following described streets, avenues, property, lands and rights of way described, mentioned and referred to in this ordinance, to wit:

Front Street, from Park Avenue 420 feet east;

Madison Avenue, from West Front Street to West Second Street;

West Second Street, from Park Avenue to Central Avenue.

RAILWAY STRIKE ORDERED BY MEN

Brotherhoods to Halt All Freight Trains first.

EXPECT ACTION BY WILSON.

Roads and Unions Fail to Agree at Conference and 400,000 Workers Will Quit on 290 Lines — President May Issue Emergency Proclamation—Railroad Men Predict Nation Will Seize All Lines Within Few Months.

New York, March 16.—The threatened general strike of 400,000 members of the four big railroad brotherhoods will begin at 6 o'clock Saturday night. Conferences between the brotherhood chiefs and the National Conference Committee of the Railroads ended in a deadlock.

Only federal intervention now can avert the general tie-up of the railroads of the country. An official appeal from the Wilson administration was received in the conference room when the brotherhood and railway chiefs were engaged in heated debate. It was ignored.

The Conference Committee of Railroad Managers offered to submit all matters in dispute to the Goethals eight hour day committee, without regard to the determination of the United States supreme court on the Adamson law. The offer was refused.

Starts on New York Central.

The strike order issued two days ago and remaining in effect in spite of the conference calls for progressive strikes. At 6 o'clock Saturday night the engineers, firemen, conductors and trainmen in the freight service on the following lines will stop work: New York Central, east and west; Nickel Plate, Baltimore and Ohio, the yards of eighteen roads at Chicago and other yards in the middle west.

Sunday the tie-up is to be completed on the group of northwestern roads, and the men on the Virginian and southern roads will be called out. The brotherhood chiefs announced that further steps in the progressive strike are uncertain, but said they will continue until Wednesday, when the passenger service engineers, firemen and trainmen on all the roads will be called out and the tie-up made complete.

Following the failure of the conferees to agree orders were sent out from all the trunk line railroads in New York declaring embargoes on all perishable freight.

At the conference between the brotherhood chiefs and the railroad chiefs intimations were made that the railroads will make efforts to train with service of loyal employees drawn from various departments. In support of this movement, it was stated, federal and state troops will be asked if necessary.

Predict United States Action.

It was freely predicted in the conference room that the railroads still have to be taken over by the government within six months.

Only decisive action by President Wilson himself can avert a tie-up that will throw all of the nation's life into chaos, it was admitted at Washington, but no announcement was forthcoming as to what the president will do. It was accepted as certain that he will not call out an army. But what direction his efforts to end the railroad controversy will take was a matter of speculation.

Judge W. L. Chambers, head of the federal board of mediation and conciliation, said the federal authorities in their usual course under the law had no means of dealing with the situation. He said the board proposed to take no action and that neither he nor his associates planned to seek an opportunity of adjusting the differences between the railroads and their employees.

May Declare "Emergency."

Secretary of Labor Wilson, who for the last two weeks has been President Wilson's personal agent in dealing with the railroad situation, is plainly apprehensive. He made it clear that under existing law there was no method by which the federal government could meet the situation. Officials of the department of justice, who are hard at work seeking some legal means of halting a strike in the present international crisis, were dubious as to the possibility of finding any law under which either railroads or employees could be stopped.

No announcement came from the White House, where the president was still confined to his room. It was said, however, that the administration based its hope of averting a strike on the recent letter of the big four brotherhood chiefs to President Wilson pledging the support of the railroad employees to the nation in case of war.

One suggestion of possible action by the president contemplated the issue of a White House proclamation declaring that an "international emergency" had arisen. This would be followed by an appeal to the patriotism of the railroad workers.

In response to a plea presented by Joseph Hartigan, commissioner of weights and measures of New York city, for the continued running of food trains the brotherhood chiefs stated there would be no immediate cutting off of the food supply. They said that for several days at least enough freight trains will run into New York to keep up the normal food supply.

NOMINALITIES

A "nominal Christian," indeed! Is there such a thing? Who cares to consult a "nominal doctor," or buy a suit of a "nominal tailor," or eat a dinner prepared by a "nominal cook?" Just how far could one travel on a "nominal train" and how much money would we care to keep in a "nominal bank?" A "nominal Christian" is no Christian at all.—The Christian Herald.

RUSH REGISTRY BILL FOR ALIENS

War Measure Introduced In New York Legislature.

Albany, N. Y., March 16.—Every German subject or other alien living in New York state will be compelled to register his name with the authorities and hotel proprietors will have to notify the police of the arrival and departure of any aliens who may be their guests if the alien registration bill, introduced by Assemblymen Schuyler M. Meyer of New York city, is passed.

Mr. Meyer's bill was reported out hurriedly by the assembly judiciary committee, and the indications here are that it may become law before the week is ended.

None of the leaders at the capitol would talk about the matter, and much mystery envelops the sudden action on the bill, which was introduced last February and had slumbered quietly in committee until Thursday.

Neither the speaker nor Mr. Lewis would comment on the sudden speeding up of what was considered a purely war time measure. It is said the attorney general's office wrote to the speaker after receiving a communication from the New York city police and from representatives of the federal department of justice who have been working with the police in tracing alien plotters.

If passed the bill would render it infinitely harder to carry out a plot such as the proposed destruction of the Welland canal, which involved a trip from New York to Buffalo by a German agent. Movements of aliens throughout the state could be followed, and any alien could be detained if anything suspicious was seen in his actions.

PLOT TO WRECK RESERVOIR.

More Guards Ordered For Patrol at Boonton, N. J.

Jersey City, N. J., March 16.—The armed guard of thirty at the Boonton (N. J.) reservoir has been increased by thirty-five more policemen from this city. Meantime county officials and secret service agents were trying to run to earth the man who framed the alleged plot to dynamite the dam and flood the entire Rockaway and Passaic valleys, destroying with one stroke *many ammunition plants.*

The home of Johan Zannich, a former employee at the German wireless plant at Sayville, was visited at Boonton. Sheriff Thompson of Morris county, Detective Brennan and two secret service men searched the house. They found a letter signed by Sherab Beg, which they seized.

In this letter, according to the sheriff's party, the writer said that he had met Captain Boy-Ed and was instructed by him to meet Zannich. Another letter from Berlin, written in German, referred to the geography of the country around Boonton.

Zannich was not arrested, but was ordered to report to secret service headquarters in New York.

Butler Trustees Unopposed.

Butler, March 16.—The re-election next Tuesday of all members of the board of education whose terms expire is looked for. No opposition has developed to any of the candidates. Those whose terms expire are Clarence J. Howell, Edward Rooda and William *Inglis, for three years, and Roy S.* Trowbridge, who was elected by the board at the death of Milton H. Glann to finish out Mr. Glann's term.

WAR MAKES THIS MAN WANDERER OF THE SEAS.

Washington, March 16.—Franz Karl Zitelman, former German consul general to the Philippines, Guam and the Sulu islands, is traveling back and forth on the Pacific ocean, unable to find hospitable shores upon which to land.

Zitelman, who left Manila following the break in diplomatic relations between the United States and Germany, was sent on an American army transport to Japan en route to China. The Japanese authorities, however, declined to afford him safe conduct, and he was forced to continue his journey to Honolulu.

Honolulu, being an American harbor, could not receive Zitelman. And it was decided to send him back to the next boat direct to China. He will soon put into China, to learn that diplomatic relations between China and his country also have been severed and that it is impossible to land there.

THE GREAT SPRING OPENING SALES BEGIN SATURDAY AT THE ECONOMY CENTRES OF NEWARK & ELIZABETH

The GOERKE CO. and The GOERKE-KIRCH CO.

Easter is April 8th. Not a bit too early to be thinking of the new Spring apparel, and where to buy it most advantageously.

That thousands of people will come here for all their Spring apparel needs goes without saying; but we are sure that if the thousands of other people within reach of these stores but realized what wonderful economies they could practice at these stores, it would mean something to them in this era of high prices. We want these businesses to become the greatest of their kind in New Jersey.

DUAL ANNIVERSARY FOR SCOTTISH RITE

Forty-five Consistories to Take Part in Celebration on May 17

Scottish Rite Free Masons throughout the northern Masonic jurisdiction of the United States, in sixteen States north of the Ohio and east of the Mississippi, some 100,000 of them or more, are to gather in their forty-five consistories May 17 next to celebrate a double anniversary.

Most important of all, that day will mark the fiftieth anniversary of forming the Supreme Council, Ancient Accepted Scottish Rite, for the northern Masonic jurisdiction, United States of America, which took place in Boston in 1867, when the three supreme councils then claiming jurisdiction got together and merged their differences in the governing body, which has been supreme ever since. The date is also memorable as coming 150 years after the first Scottish Rite bodies were established on the mainland of North America, at Albany, N. Y., in 1767.

Scottish Rite Masons will celebrate the fiftieth recurrence of May 17 since 1867 with appropriate exercises, in which each consistory will receive three visiting thirty-third degree Masons from the Supreme Council, who will bear appropriate greetings.

It is also of passing significance that this year signalizes the 200th anniversary of the constituting of lodges of the three degrees of Masonry under grand lodges by the formation of the grand lodge of England in 1717, recognition of which will probably be given in New Jersey by the grand lodge of this State at Trenton April 18 next.

Three of the forty-five consistories which will simultaneously celebrate are in New Jersey, one each at Jersey City, Trenton and Camden, and, although two months off, preparations for the event are already under way.

The visiting delegation from the Supreme Council to the Jersey City Consistory will include Dr. J. C. Thayer, of Maine; Chauncey M. Depew, of New York, and Provost Smith of the University of Pennsylvania.

PETER FLOERSCH & SON IN THEIR NEW HOTEL

In their new modern hotel the New Packer House, in Perth Amboy, Peter Floersch & Son, formerly of Plainfield, are now located ideally, and are receiving their friends from New York and elsewhere, who come in automobile parties, for recreation and on business. Their advertisement on an other page gives other details.

Messrs. Floersch kept the Queen City Hotel in this city five years, and made a name for themselves for entertaining the public. They originally kept the Packer House in Perth Amboy, before coming here, and when the modern new hotel was built for them on the site of the old Packer House, they returned to it. Many Plainfield friends have taken occasion to drive over to see them, and have found the same hearty welcome that was extended them here.

A feature of the entertainment in the hotel will be dancing every Tuesday, Thursday and Saturday evening, from 9 to half past eleven.

POSTPONEMENT OF "THE HOODOO"

Owing to illness of a member of the cast of "The Hoodoo," the comedy farce to be presented by the Chi Gamma Chi Club of St. Joseph's Church, in St. Joseph's Hall on Monday night, the play has been postponed until Wednesday night. Tickets sold for Monday night will be honored then.

MEN'S CLUB RECEIVES NEW MEMBERS

At the meeting of the Men's Association of the Church of the Heavenly Rest, held Thursday evening, the following new members were received: John Le Poidevin, Thomas H. Power, C. C. Rush. The report showed that the finances were in a satisfactory condition.

The committee that is on the lookout for a pool table was continued.

The business meetings will be held on the first Thursday in each month.

THE FUNERAL OF MRS. E. T. DE FOREST

The funeral of Mrs. Elizabeth T. DeForest, who died on Wednesday morning, was held this morning at her late residence on West Second street, the Rev. Dr. Philip B. Strong, pastor of the First Baptist church, officiating. There was a large gathering of relatives and friends, and there were many beautiful flowers.

ADELBERT VAIL DIES IN 83D YEAR

Well-Known Citizen and Friend Passes Away From Infirmities of Age

Adelbert Vail, aged eighty-three years, one of Plainfield's best known citizens and a prominent member of the Religious Society of Friends, died this morning at his home, 437 East Seventh street, from the infirmities of age. He was confined to his bed only one day.

Mr. Vail was born May 31, 1834, at the Vail homestead at Greenbrook, and was the last of six children of the late Daniel and Rachel Vail. In 1872 he married Cornelia M. Ross, of Brooklyn, who lived only four months, and in 1874 he married Gertrude E. Adams, who survives him. He was a life-long member of the Religious Society of Friends and took an active interest in all its affairs.

Mr. Vail was one of the first commuters to New York, where he was associated with firm of Vail & Shotwell on South street, dealers in flour and grain. Later he entered into partnership with C. B. Clifton, of this city, under the firm name of Clifton & Vail, grocers, their place of business being on Park avenue on the present site of the Stirling building. For thirty-four years Mr. Vail was a valued bookkeeper in the first National Bank, where he was known to a host of friends. He retired from active business about twelve years ago.

There survive beside his wife, three daughters and five sons, Mrs. Frank C. Knight, of Elmwood place; Miss Mabel H. Vail, a teacher in the public schools of New York; Miss Helen B. Vail, who resides at home; Clarence B. Vail, teller at the First National Bank; Percy W. Vail, of Reading, Pa.; Harvey A., Roy G. and Russell A. Vail, who live at home.

The funeral service will be held at the Friends' meeting-house on Watchung avenue, Tuesday afternoon at 2:30 o'clock.

MISSION WORK IN LATIN AMERICA IS PICTURED

Under the auspices of the First, Park Avenue and Temple Baptist churches, an instructive illustrated lecture was given by Gilbert Brink at the First Baptist church, last night, on "Mission Work in Latin America," during which he told of the great progress made by the Baptists in carrying the Gospel to Cuba, Mexico and Nicaragua and other countries to that part of the world. From views of the attractive Baptist churches throughout Cuba, especially in Porto Rico and San Juan, were interesting to those present. The majority of these churches are self-supporting, and the missionaries find the converted natives earnest, enthusiastic and loyal Baptists.

The speaker said that the trouble in Mexico had interfered to some extent with the progress of the mission work there, causing a postponement of plans by the mission board, and yet all things considered, the outlook is promising and the missionaries have been able to secure a large number of converts. Christianity, the speaker thought, would be an important factor in solving some of the troubles which have been keeping the country in an almost continual state of insurrection.

A. O. H. ANNUAL BALL A SUCCESSFUL AFFAIR

The forty-first annual ball of the Ancient Order of Hibernians, No. 4, of this city, was held at Columbus Auditorium last night, and like all previous affairs, proved a great success. There were more than four hundred members and friends of the organization present to enjoy the dancing music for which was furnished by Heilbroerster's orchestra of Elizabeth.

Another feature of the evening was Irish music furnished by John Cunff and Martin Regan, the selections being of a popular variety. Dancing was continued until a late hour.

The committee of arrangements comprised John F. Casey, John J. Gallagher, Patrick Griffin, John Driscoll, Timothy Sullivan, John Hurley, Patrick O'Brien, Francis Connelly, Peter Mellea and John Shea.

SMOKE—NO FIRE

At 5.30 o'clock yesterday evening the fire department was called to the house owned by Jacob Sachar, 612 West Front street. When the firemen arrived there was nothing for them to do. The occupants of the house said they had smelled smoke, but the firemen were unable to locate the blaze.

SUDDEN DEATH OF MRS. CHAS. V. SMITH

Succumbs to Acute Attack of Meningitis After Three Days' Illness

Mrs. Marion Smith, aged 26 years, wife of Charles V. Smith, died suddenly last night at her home at Greenbrook road and Maple avenue, North Plainfield, of meningitis and complications which became acute three days ago. Mrs. Smith had been under treatment for the past two months for an affection of the ears which recently developed into a form of mentigitis which caused her death.

Mrs. Smith was born at Millburn, and was the daughter of Mr. and Mrs. William J. Marshall of that place. She had been a resident of the borough during the past seven years. She was a member of the First Baptist Church and interested in its various activities. Her untimely death is deeply regretted by a large circle of acquaintances and great sympathy is felt for the family and other relatives.

Beside a husband and one young son, John Dayton Smith, there survive her parents, three brothers, Rev. Raymond E. Marshall, pastor of the Methodist church, Scotch Plains; Ellwood and Robert Marshall, of Millburn, and four sisters, Mrs. Howard Taylor of Elizabeth; the Misses Elsie, Florence and Marietta Marshall, also of Millburn.

The funeral will be held at the late home Monday afternoon at 2 o'clock. Rev. Dr. Philip B. Strong, of the First Baptist Church, will officiate and there will be services by Oasis Chapter, No. 41, O. E. S., of which Order Mrs. Smith was a member, and the burial will be in Springfield.

FLAG DEDICATION AT GRACE CHURCH

Two handsome National flags have been presented by a parishioner of Grace church to be used in the interior of the edifice. Old Glory continuously flown from the tower of the church and over the main entrance to the Parish House. The new banners will be received tomorrow and will be placed in a prominent position in the sanctuary. The donors will be escorted in procession at the opening of the service, with acolytes acting as a guard of honor. At the Communion rail they will be solemnly dedicated and then installed in a permanent position on either side of the altar. An address on the religious significance of present events will be made by the rector. It is hoped that all patriotic members of the congregation will be present to do honor to their flag and to their country.

In the evening at eight o'clock the Rev. Henry Teller Cocke will be the preacher, and Sunday, March 25th, the Right Reverend Charles S. Woodcock, LL. D., will preach both morning and evening. Though the church will probably be crowded on the occasion, of the Bishop's visit, the public are assured of every hospitality.

PROBASCO CLASS PLAY AT HIGH SCHOOL TONIGHT

The Probasco Bible class will present its sixth annual play, "Too Many Husbands" at the Plainfield high school tonight. Judging by the rehearsals this year's production will far exceed all previous ones.

The play, full of good humor and quick action, is sure to result in hearty laughter. Through an error it was announced that the play would take place last night.

The cast for the play is considered one of the best, and under the direction of Mrs. G. Stuart Simons, the coach, has attained a high degree of efficiency which will insure a finished performance. At this time the class quartet will make its first appearance and will sing between the acts of the play. Members of Troop 4, Boy Scouts, will also have a part in the program.

The play is given for charity and the sick and needy of Plainfield will directly benefit from the proceeds. A twelve-piece orchestra from the Dutch Arms Band, under the leadership of Wilbur E. Coke, will provide music for the evening, the orchestra having donated its services. While they last tickets can be secured at Miller's pharmacy.

DANCED IN AUDITORIUM

The fourth annual invitation dance of the Bachelor's Club was given last night at Debele's Auditorium, which was filled with friends of the organization. Berrell's orchestra of Bernardsville furnished music for dancing, and festivities closed about 2 a. m.

FASHION DISPLAY NEXT WEEK

Starting next Tuesday and continuing for the balance of the week, Plainfield merchants will hold Fashion Display Week which will give shoppers an excellent opportunity to view the new styles in wearing apparel, millinery, shoes and other lines of merchandise. Through the efforts of the Plainfield Business Men's Association Plainfield stores are becoming better known to the residents of this city and our nearby neighbors, and shopping at home is growing in rapid strides.

The stores will be in gala attire next week and the public is cordially invited to visit and see the large array of spring goods on display. Other cities the size of Plainfield are holding Fashion Weeks and the event is becoming very popular. Investigation has shown that Plainfield ranks high for a city of its population, in having a goodly number of progressive merchants whose constant endeavors are to give the buying public the best merchandise on the market and at prices that make shopping in Plainfield most profitable.

THE FUNERAL OF GEORGE H. FROST

President of Courier-News Publishing Co. Laid to Rest in Hillside Cemetery

The funeral of George Henry Frost, president of the Courier-News Publishing Company, who died at his home on Watchung avenue on Thursday evening, was held this afternoon at his late residence, the Rev. Dr. John Sheridan Zelie, minister of the Crescent Avenue Presbyterian Church, of which church Mr. Frost was a member, officiating. There was a large gathering of relatives and friends, the latter including many from New York and other cities. There were many beautiful flowers.

During the service the hymns "One Sweetly Solemn Thought" and "Lead, Kindly Light" were sung by Miss Grace Carroll and Miss Etta Raybert.

The impressive order of the Presbyterian church service was used and the great Resurrection Chapter from St. Paul's Epistle to the Corinthians, never sounded more comforting.

The honorary bearers were: Dr. W. L. Saunders, A. J. Gavett, L. V. F. Randolph, Malcolm McKenzie, of this city; Dr. Mansfield Merriman, Rudolph Herring, C. W. Baker and A. E. Kornfeld, of New York. The interment was made in the family plot in Hillside cemetery.

HARBERGER PROPERTY SOLD YESTERDAY

It was learned this morning that the Harberger property at West Front street and Giraud avenue has been purchased by Leo Zelsel and his brother-in-law, Harry Perlman. The deal was consummated yesterday, according to report. It is said that the new owners will erect a large apartment house on a portion of the tract. The old house, which was once Washington's headquarters, will not be disturbed it is said.

TO OUR READERS

The Courier-News, as previously announced, is compelled by the advance in the price of paper to increase the subscription price. We regret that we are compelled to make this advance, but everything that enters into making a newspaper has doubled in cost, while some things have trebled. The most serious difficulty is the scarcity of white news print paper. Many newspapers are compelled to suspend publication entirely, while others have had to adopt various economies. The Courier-News has been unable to purchase more than 50 per cent. of the quantity of paper normally required since the first of the present year. This has made it necessary to cut down the size of the paper from 16 to 12 pages, and not into effect other methods of curtailing the consumption of paper.

The above measures have not been sufficient to reduce the necessary supply, and for this reason we have had to announce that all subscribers not paying promptly each week will have to be discontinued. The stopping of a paper because a subscriber owes four or five weeks does not mean that we question that subscriber's credit, forced to reduce the number of copies we are printing, we have adopted the only way open—discontinuing subscriptions not paid to date.

No paid in advance subscriptions have been accepted at the old rate since the announcement of the change in price.

The subscription rates of the Courier-News are now:

Single copy	$ .02
One week	.12
Three months (in advance)	1.50
Six months (in advance)	3.00
One year (in advance)	6.00

As in the past, to take advantage of the discount rate offered for three months, six months or a year, a subscriber must pay in advance.

SMINCK INTERESTS THE FREEHOLDERS

Visited East End Bridge Yesterday With Party of County Officials

Councilman Charles S. Sminck, of the First Ward, with County Engineer Jacob Bauer and Freeholders Buckle and Wilbur, yesterday afternoon visited several of the bridges over Greenbrook in the east end of the city for the purpose of determining whether or not the widening of the throat of these bridges would tend to reduce the possibilities of flooding the east end whenever there is a severe storm.

The Freeholders with Engineer Bauer will present their conclusions to the County Board of Freeholders at its next meeting, and some action will be taken in the matter.

Mr. Sminck, who has made a long and careful study of the east end flood problem, took the county officials over the area that is subjected to inundation at stated periods of the year, and showed where various encroachments upon the bed of Greenbrook and Cedar brook had reduced the size of these natural water courses, and as a consequence, whenever there is a heavy rain, the water that drains from the Watchung hills rushes down to the natural water courses to find there courses considerably reduced in size and as a consequence the water leaves the brooks and flows over improved property.

Many persons are not aware of the fact that Netherwood avenue is considerably higher than Park avenue or Grant avenue, so that when the east end, which is the highest point in the city between Grant and Netherwood avenues on the north side of the railroad tracks, becomes inundated, it is an indication that water has been diverted to that section, and this diversion is caused entirely by encroachments upon Green brook and Cedar brook.

The people of the east end are a unit behind Mr. Sminck in his endeavor to compel councilmanic action.

There is no problem elsewhere in the city so grave, they contend, as that of the east end, where a lively development two years ago had been retarded because of the overflowing of streams in that locality.

The remedy apparently lies in removing all encroachments from Green and Cedar brooks and in installing a storm sewer in the bed of the latter sufficiently large to carry away the excess water. This stream can be dug deeper and widened.

It is also possible that any property owner who has been damaged by floods due to encroachments upon this natural water course can recover from those who have made the encroachments.

$50,000 DISPOSED OF THROUGH STEBBINS WILL

In addition to the private bequests, ranging from $1,000 to $5,000 to relatives, mostly cousins, the late Albert Stebbins, of Plainfield, left $20,000 to Mary Rigney, a household servant, for "faithful service," and the sum of $15,000 to Elizabeth Ryan, under like condition. A total of $50,000 is disposed of definitely under the will to a dozen relatives, and the two employes, and the residue of the estate goes to Muhlenberg Hospital.

The will was made February 5 of this year, Asa F. Randolph being named as executor. The witnesses were Katherine M. Manning and Grace Lee Mendell. The Muhlenberg Hospital request is to be invested as "a permanent fund."

PADEREWSKI RECITAL TICKETS ON SALE

Paderewski, the famous pianist, will give a recital in the Plainfield High School Monday night, March 26, under the auspices of the Plainfield Musical Club. This great artist does not appear more than once in three or four years, and the appetite of the public for his playing is never satiated. His present tour is his first in two years. The tickets were placed on sale at Miller's drug store today.

COMMUTERS' CLUB MEETING

The Commuters' Social Club held its monthly business meeting at the Plainfield High School Thursday night, when several matters of importance were discussed. The club bowls every Monday night on the alleys of the Westfield Theatre, and it was decided to continue the bowling until May 1. In the meantime plans will be made for the summer months.

EXIT ROMANOFFS FOR A REIGN OF DEMOCRACY IN RUSSIA

By United Press:

Petrograd, March 17.—The triumph of democracy seemed assured today. The line of the Romanoffs has come to an end through abdication of the hereditary monarch, and today a republic was in the making. Order was completely restored in the capital city today.

CZAR'S MANIFESTO UPON HIS ABDICATION

By United Press:

Petrograd, March 17.—Czar Nicholas, abdicated ruler of all Russia, has issued this manifesto:

"To all our faithful subjects it is best known in the days of the great struggle against a foreign enemy who has been trying for three years to enslave our country, that it has pleased God to send Russia further painful trials.

"Internal troubles threatened fatally to affect the further progress of this obstinate war, and to affect Russia's destinies. Her heroic army, the happiness of the people, the whole future of the beloved Fatherland, demand that the war should be concluded at all costs to a victorious end.

"In these decisive days we realize that we owe to the people a close union and organization of all forces for realization of a rapid victory. Therefore in agreement with the Imperial Duma we recognize it is for the country's good that we should abdicate the crown and lay down supreme powers."

BAPAUME, GIBRALTAR OF WESTERN FRONT, TAKEN

By United Press:

London, March 17.—Bapaume, the key to German defenses against which the new Haig offensive on the western front has been hammering, has been captured. Front dispatches on Thursday coupled with Field Marshal Haig's official statement prepared the public for the welcome news of capture of the German stronghold, dubbed by Hindenburg a few months ago as "The Gibraltar of the western front."

Thursday British forces were reported within a few hundred yards of the Bapaume defenses. Since then Field Marshal Haig has been silent as to the exact extent of the operations. Military experts have predicted that occupation of this stronghold by British will force an early retirement of the Germans from the Bapaume-Arras line.

FEDERAL MEDIATORS AND RAILWAY CHIEFS CONFER

By United Press:

New York, March 17.—The Federal mediators and railway brotherhood chiefs went into conference today, in final effort to avert the nation-wide strike scheduled to start tonight.

They are working earnestly and sincerely to find a solution of this problem," Secretary of Interior Lane said, as the conference started.

"We will see representatives of the Brotherhoods first, then the representatives of the railroads." Asked if all three bodies would meet later, Lane said, "We may, but that has not been decided."

W. G. Lee, president of the trainmen, declared before conference, that no move to call off the strike had been made. The tone of his remarks seemed to indicate that the brotherhoods are still full of fight.

BERLIN IMPRESSED BY RUSSIAN REVOLUTION

By United Press:

Berlin, March 17.—Germany is profoundly impressed by the Russian revolution. Newspapers today pointed to the conference of officials in Vienna as of great importance in view of the developments at Petersburg (Petrograd).

In the conference will be Emperor Carl, of Austria; the Imperial German Chancellor von Bethmann-Hollweg, Prince Lonrad von Hohenlohe, formerly Minister of Finance; Count Czernin, Premier Clark-Martinitz, and Count Tisza.

STILL HOPE FOR THE COLOMBIAN TREATY

By United Press:

Washington, March 17.—Following failure of the Colombian treaty in face of united Republican opposition in the Senate, the administration has under consideration a modification of the pact with a view of obtaining its passage at the special session of Congress.

ST. PATRICK'S BRIDGE LARGELY ATTENDED

About 100 attended the St. Patrick's bridge and "500" party given yesterday afternoon by the Woman's League of St. Joseph's Church, North Plainfield. The affair was held in the parish hall between the hours of three and five o'clock, and the decorations were appropriate to the season. Mrs. D. Kerwin was chairman of the affair and the Misses Elizabeth Harper, Dorothy Sutton, Phoebe Hogan, Dorothy Jacot and Rosanna McDonough served the "Green punch. Suitable prizes were awarded the lucky players.

There were a number of out of town people present. Bound Brook, Somerville and Westfield being represented.

The League members were very successful in the affair and netted a substantial fund for the treasury in which to carry on their beneficient work.

A. C. ESTES COMPELLED TO GIVE UP WORK HERE

General Secretary A. C. Estes, of the Y. M. C. A., who several weeks ago suffered a nervous breakdown in health, and was forced to give up his work temporarily, has again been obliged to relinquish his duties at the association, and it will probably be several months before he will be able to resume them.

Mr. Estes left this week for the New England States, where upon the advice of physicians he will remain for an indefinite period, or until such time as he regains his health and strength. The fact that he has had to give up his work is deeply regretted by the association and Mr. Estes' many friends here. Mrs. Estes will join her husband next week.

COLONEL MARTIN WILL HOLD SUMMARY COURT

With twenty-five cases to be heard, Lieutenant-Colonel William B. Martin, of Elizabeth, will soon hold summary court at Trenton and Princeton. Just when the sessions will be convened has not yet been definitely decided upon as a number of matters have to be prepared before the cases can be tried.

The greater number of cases to be heard will be at Princeton, where twelve guardsmen will have to appear before the court to answer to charges, while there will be five to answer to charges at Trenton. Just what the charges are would not be set out at this time by Colonel Martin. It is understood, however, that they are for failing to perform their military duties. Some, it is understood, will be tried for non attendance at the annual encampment last summer.

There are no charges against any of the guardsmen of the First Battalion, and as yet there are no indications that any will be made.

ANNOUNCE ENGAGEMENT OF HENRY ROSENBAUM

Mr. and Mrs. Morris Plinsky, of Orange, today announce the engagement of their daughter, Miss Fannie Plinsky, to Henry Rosenbaum, of this city. The latter is a member of the firm Rosenbaum Brothers, prominent in the dry goods trade here. The wedding will take place during the early summer.

BOROUGH SCHOOL JANITOR CELEBRATES

"Dick" McDonald, Sixty Years Old Today—Thirty-five Years in Service

Richard McDonald, of North Plainfield, the dean of school janitors in the State, is today quietly celebrating his sixtieth birthday. The weather permitting, Janitor McDonald intended to enjoy St. Patrick's Day celebration in New York. Mr. McDonald has also just passed his thirty-fifth year as janitor of the borough schools and is considered the oldest in years of service of any janitor in the State.

He began his duties when the late C. E. Boss was principal of the school across the brook and the sessions were then held in the old frame building that still stands on Harmony street, near Watchung avenue. Shortly after that, early in the eighties, the original Somerset school building of twelve rooms on Somerset street, was erected and Mr. McDonald was transferred to that school. The borough now has three modernly equipped schools. The janitor's routine of work has changed considerably in the last quarter of a century with the installation of modern heating and ventilating apparatuses. Added to these duties is also the position of truant officer.

"Dick" as he is familiarly known among his acquaintances, is very popular among the school children and strange as it may seem there are many grandchildren of the earlier day pupils who are now attending school. As a handy man, Mr. McDonald's equal is not found every day and during his spare time he can be found in his workshop in the basement of the Somerset school repairing odd things or chiseling out models for the manual training department.

BI-MONTHLY MEETING OF BUSINESS WOMEN'S LEAGUE

The regular bi-monthly business meeting of the Business Women's League, held last evening in the parlors of the Y. M. C. A. building, was preceded by a supper, which was well attended. After supper Mrs. A. Vizen, from the home office of the Prudential Insurance Company, Newark, made an interesting address on her welfare work for the girls employed there. Judge William DeMeza followed and spoke on the "Duties of a City Judge."

The next meeting will be held on the evening of April 20 and will be preceded by a supper.

WHEN GRANT WAS MADE COMMANDER-IN-CHIEF

U. S. Grant was made commander-in-chief of armies of the Republic, March 17, 1864, by Lincoln, to succeed Ambrose E. Burnside, of Rhode Island. Upon Grant also was conferred at that time the title Lieutenant-General, a title never previously held by any one but Washington and Gen. Scott. The latter still held it till it was conferred on Grant.

SENT TO REFORMATORY

Special to Courier-News:

Elizabeth, March 17.—Mrs. Sarah Scott, white, of Plainfield, was sentenced to the Woman's Reformatory at Clinton on a charge of immorality, by Judge Connolly in the Court of Quarter Sessions yesterday afternoon. Hester Newton, her colored companion, was sentenced to the county jail for six months and fined $100.

ENTERTAINED THEIR FRIENDS

The Misses Dorothy and Marjorie Thiers, of 418 Grant avenue, entertained a number of their friends last evening at their home with dancing and music. Refreshments were served. The guests, who passed an enjoyable evening were Misses Jocelyn Nolting, Florence Ryder, Kathryn Stevens, Virginia Nolting, Edith Davis, Muriel Counsell and John Hansmann, Townsend Dickenson, John R. Mezey, Everett Jewett, Martin Snyder, William Thiers and S. Wright McAneny, Jr.

"Doing Their Bit"

Patriotism begins at home.

Life Insurance can testify that about 8,000,000 living Americans are "doing their bit" today to protect their families against such common foes as privation, want and suffering.

Not only is this a splendid achievement—it is a significant indication of the innate loyalty and patriotism of the American people. For an Equitable Life policy come to

About fifty people were in attendance at the affair, which was arranged through Mrs. Frank Stewart, Mrs. Edward Baker, Sr., and Mrs. Peck.

ELIZA SANDERSON DEAD

Eliza Sanderson, colored, of 552 West Second street, died last night in Muhlenberg Hospital.

There's no use speculating from the printed word where you'd better buy your clothes. There's no use trying to guess what you'll find in the way of fit and style from what you read; for, if all clothes were what type claims for them, then Beau Brummell would *be a backwoodsman alongside of* the average man on our streets.

There's just one satisfactory criterion to go by, the criterion of your own five senses. And, of course, you have to make comparisons at that. Therefore, put it up to the clothes; look them all over; speak to the men who wear theirs with a difference; and—don't neglect to have Rothberg's down on your itinary.

PLAINFIELD OFFICERS TO ATTEND CONVENTION

Plainfield's two military units, Troop D, First Squadron New Jersey Cavalry, and Company K, Second Regiment, will be represented at the National Defense convention to be held March 27-29 in connection with the annual meeting of the National Guard Association of the United States at the Seventy-first Regiment Armory, New York.

Acting Captain Daniel Runkle and Lieut. J. M. Charles will represent Troop D, and the representatives from Company K will be Captain Charles A. Peterson, Lieutenants Arthur R. Phillips and James B. Conklin. The organization is comprised of more than 95 per cent. of the commissioned officers of the National Guard and it is thought that nearly every commissioned officers from this State will attend the convention.

FUNERAL OF RAYMOND C. HOFFMAN

Whitehouse, March 17.—The funeral of Raymond C. Hoffman, twelve years old, who died in Muhlenberg Hospital, Plainfield, Tuesday night, after an operation, was held this morning at the home of his parents, Mr. and Mrs. Charles Hoffman, near Mountainville. Rev. Harry J. Jobst, pastor of the Methodist Church at Cokesbury, officiated, and burial was in the Union cemetery there.

SINGS ALWAYS IN ENGLISH

The great popularity that Evan Williams has attained is largely due to his singing in English. Audiences have a right to demand English texts and Mr. Williams was among the first big artists to realize this fact. As a result, all his programs are in our tongue, whether the original songs are German, French or Italian, and every word is clearly understood.

As announced, the famous tenor will appear here in the High School Easter Monday night, April 9th, under the auspices of the Plainfield Dental Society.

ST. PATRICK'S SOCIAL

Bible Class No. 2 of Trinity Reformed church, of which Philip Vroom is the teacher, held a St. Patrick's social last evening at the home of Mr. and Mrs. Clinton B. Noe, of East Sixth street. Forty-one members and guests were present who enjoyed an evening of games and music. Refreshments were served at the conclusion of the affair.

CONFERENCE OFFICER ILL

Atlantic City, March 17.—Rev. Walter E. SHIPPING GOLD TO ARGENTINA

Special to the Courier-News:

New York, March 17.—Gold to the amount of $500,000 was withdrawn from the Sub-Treasury yesterday for shipment to Argentina.

Red Cross meetings, Sewing Societies' clubs, teas, Theatres, Elevated Road, Subway, Churches, Trolley Cars, on the Streets—wherever you see women gathered, Edwards, you hear this:

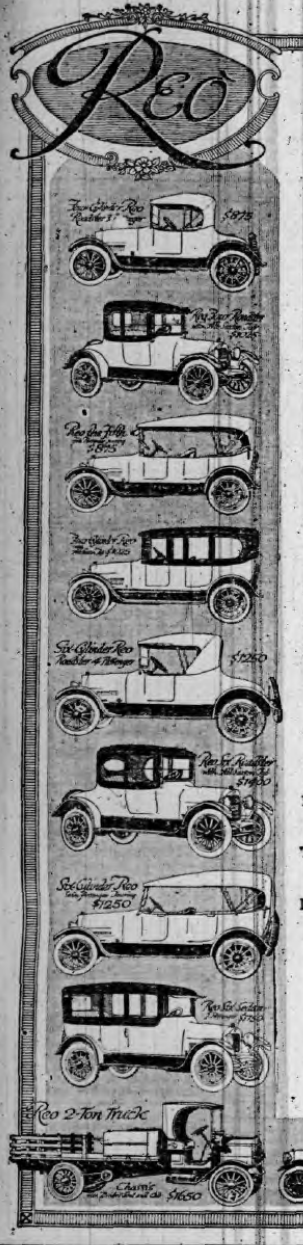
"Where did you get that adorable hat?" "My dear, it's simply stunning, wherever did you find it?" "Would you credit it, the name of the milliner who designed that lovely hat?" "Such shop-selling hats of such really good workmanship" and from most of it, "I paid $6.00 for that beautiful hat." "Where?"

"I bought it at Hearn's, Fourteenth St. & 6th Ave." "Only $5.00, at Hearn's?" "Why, she was looking just as individual and smart looking from every choosee at Hearn's." "Perhaps she gave little detail." "Their millinery department on the third floor—the Fourteenth Street side of the store. Of course, the $7.00 hats are wonderful values, but they have exquisite hats at higher prices, or tables and tables of untrimmed hats. If you buy the trimmings there, too, the hat is trimmed without extra charge."

"Really, Hearn's is the place to select your hat—such large assortments as they have make it lots easier than you know. Easter Sunday is going to be a hundred times more in church that like you're speaking of. Hearn's, what about the young folks who are to be confirmed this season?" "Hearn's has plans for them—the Boys' Department has enormous stocks of good looking navy suits, over and above many additional Norfolk styles. And such pretty, charming white dresses, mere organdie lawns, for confirmees are hanging ready in the Girls' and Misses' sections. Or, if you are going to make that dress yourself, this is the better place for the material, too, Hearn's."

There's nothing magic in that word Spectacles that affected Grant's wife down, Hearn's fabrics, Hearn's apparel Buttons, the kind with assortments at Hearn's that you can have just as exclusive as little or elaborate as your purse. And the lowest possible prices will prevail picked up by Hearn's second buying policy.

The Fifteenth Great Spring Sale Special sales in department after department, on for another week, and on Thursday, the 22nd, there will be special sales in underwears (what a chance for the Easter shopper!), hosiery, corsets, furnishings—remember that when you see well dressed, smart looking women, wherever they may be, in the picture, if you stop and listen to their practical discussions of economical shopping, you will hear them say: "Yes, I bought it at Hearn's."



Here We Show The Full Reo Line

TEN REOS to choose from. A car for your every need, including the needs of your business.

DOES THAT SOUND flippant? We assure you we do not mean it so. Nor is it far-fetched by any means.

IN TRUTH we do not know of anyone who owns one of every Reo model, but we could name several who own as many as four or more Reos of different types.

IT ISN'T UNCOMMON to find business men who own both 2-Ton and ¾-Ton Reo trucks, and one or more Reo pleasure cars as well.

AND IT ISN'T DIFFICULT to think of many who might profitably own even more of every model.

ONE THING IS SURE: You find more Reo models in the same owner's garage than of any other make.

THAT'S BECAUSE once a man owns a Reo he is "sold" on Reo quality, Reo dependability, and Reo low cost of upkeep.

SO WHEN HE DOES need another car or truck, either smaller or larger than the one he has, first thing he does is to find out whether Reo makes such an one.

"50 PER CENT OVERSIZE" in all vital parts, the Reo standard factor of safety, is in all Reos—look them over at the show.

LET A REO MAN go over the stripped "cut out" chassis with you.

THEN YOU'LL KNOW why Reos are so reliable and so almost unbelievably economical in upkeep.

NOT THE CHEAPEST to buy—but the cheapest to own—that is the Reo slogan.

LECTURE ON NATIONAL CAPITOL PLEASES MANY

With the church auditorium crowded to capacity, Rev. Dr. D. W. Skellenger, pastor of Hope Chapel last evening, delivered a stereopticon lecture on "Washington, the National Capital. Some hundred or more slides were used during the course of the address.

The lecturer, in caring for his subject, went into considerable detail during portions of his address, as well as into the early history and into the planning and laying out of the ground for the establishment of the city. In showing views of the Senate Chamber, Dr. Skellenger took the occasion to refer to the unpatriotic action of twelve of the Senators recently in failing to support President Wilson.

MUST REGARD TRAFFIC RULES IN BOROUGH

The borough authorities are making unusual effort to have the ordinance regarding street traffic observed to the letter. Hereafter, any owners of vehicles found blocking the crosswalks or street junctions, drivers of milk and ice wagons, etc., who allow their horses to roam along the streets without any attention will be dealt with according to law. There have been so many complaints regarding driverless vehicles in the borough streets, that Chief Marshal Weiss has instructed his marshals to make arrests wherever the traffic rules are violated.

DR. SAUNDERS CHAIRMAN OF U. S. NAVAL BOARD

Dr. William L. Saunders, of North Plainfield, has been elected chairman of the Naval Consulting Board, following the selection of Thomas A. Edison as president for life. The rearrangement of the officers was made so as to allow Mr. Edison his full time to matters of vital importance to the Government. He now works from fourteen to eighteen hours every day on problems pertaining to warfare and methods of defense.

FORMER LOCAL TEACHER MARRIED IN CONNECTICUT

Miss Sarah Watrous, formerly a teacher in the Washington school, this city, was married today at her home in Middlefield, Conn., to Howard Pomeroy, of Lockport, N. Y. After a wedding trip the couple will make their home in Lockport, where Mr. Pomeroy is engaged in the propagation of English walnuts. The industry was established by his grandfather, who discovered that English walnuts could be grown in New York State successfully, and who set out a grove of walnut trees.

BIRTHDAY OF CLARA MORRIS

Today is the birthday of Clara Morris, the American actress, who was born March 18, 1849. She was married to Frederick C. Harriot, but retained her maiden name on the stage.

CHANGE IN RUSSIA

The abdication of Czar Nicholas of Russia and the resignation of his youngest brother, Michael Alexandrovitch, as heir apparent, seems likely to clear the atmosphere and to be the beginning of a regime in Russia for which the people of that country have long hoped. It is a sign of the crumbling of effete monarchies, the same that sent the pioneers to America and which have sent hundreds of thousands of their subjects to the new world, where they could breathe the air of free men. Those who could not get away from despotism and were obliged to eke out their scanty existences under the shadow of a cruel sceptre, have become Nihilists, anarchists and other kinds of rebuke to the iron rule of monarchy, but like the worm, they have now turned. It was one of the effects of the war and the result of a pro-German tinge in the royal family. Whether the new administration will be more like that the people want remains to be seen. If it submits, as the Czar did, to the domination of the powers behind the throne little can be expected of the change. If Nicholas had any backbone he was cowed by his advisers and he was never allowed to know anything about the conditions of the country over which he was ruler. The only aim of the royal family has been to enjoy all the luxuries that the world and their imagination could produce, while the 150,000,000 subjects have grovelled in the earth literally as well as figuratively. Nicholas, the Kaiser and King George are cousins, the grandsons of the good Queen Victoria, but their respective countries show at a glance the difference in the kind of rule upon the people. King George has no power, or but little, that is not delegated to him by Parliament. The other two are absolute autocrats, although Nicholas has been only the mouthpiece for grafters behind the throne, which was the worst kind of autocracy. There is no other country in the world in which education leads to conspiracy against the government as it does in Russia as evidence the Nihilists, and there must be a good reason for that fact. The reason exists in the autocracy which holds out the terrors of starvation to its people in a land of plenty while the court rolls in luxury and threatens the horrors of Siberia to those who protest and who merely seek their rights as human beings.

ABOUT THE PLUMBING INSPECTOR

That appointment of Isaiah L. McVoy by the Board of Health as plumbing inspector to succeed William Addis seems to have stirred up a good deal of talk about town without full consideration of all the facts. One fact which critics of the action of the Board of Health seem to overlook is that although Mr. Addis was retired on a pension at his own request his successor, Mr. McVoy, will not be eligible for such a pension. The law provides that a veteran of the Civil War who shall have served twenty years in a municipal office shall be entitled to a pension upon retirement. Both men mentioned, are Civil War veterans, but the difference is that Mr. Addis began service in the local municipal office in time to serve twenty years before he has passed the allotted period of usefulness but Mr. McVoy could not serve twenty years in the office before he would have to retire on account of age. The city had had the experience of one practical man for twenty years and now has engaged another who will not be able to serve as many years, but he brings to the position a practical experience, both as a plumber and as a former member of the Board of Health, so he knows the work from both ends.

DEVELOPMENT OF SOUTH AMERICA

Rev. T. B. Penfield Gives Second Talk in Series at the Y. W. C. A.

Describing the country under Spanish rule, and its process of gaining independence, step by step, Rev. Thornton B. Penfield, of Englewood, gave the second in his series of four talks on "South America" before an appreciative audience at the Y. W. C. A., yesterday afternoon. In telling how the country finally secured its independence, Mr. Penfield took the opportunity to recall the names of many of the heroes and leaders in the great reform.

The speaker then told of the present day conditions, contrasting the poor peons with the wealthy class, or aristocracy. In his opinion the peons are compelled to do practically all of the hard work, when the aristocracy live a life of perfect ease and luxury, scarce turning their hands to do anything.

Mr. Penfield told of the tremendous possibilities in South America, explaining that the country is just now being opened up. He said that there are now "unusual opportunities for Christian effort and for social uplift which is sorely needed among all classes. He predicted that the next generation would witness greatest development in the world's history in South America, when the unlimited resources would be developed on a scale never before thought of. Next Friday afternoon, Mr. Penfield will take up the educational and industrial phases of the country.

ADOLPHUS LIEBAU VISITS LARGE MUNITION PLANTS

Adolphus Liebau, of this city, has just returned from Sorel, Canada, where he was called by the serious illness of his son, William Liebau, who is employed as a foreman in a munition factory. The latter recovered soon after his father arrived. Mr. Liebau during his stay had an opportunity to visit the munition factories, one of which employs 1,500 girls. Before returning Mr. Liebau visited Montreal and Quebec. His son was formerly employed at the Fond Machine Tool Works in this city.

FRANK KENNY AMONG MISSING SOLDIERS

Frank Kenny, of this city, who has been serving in the British army for nearly three years, has not been heard from in several months and his friends here fear that he may have been killed in battle or seriously wounded.

The last letter from Kenny came soon after he returned to the trenches from a base hospital where he had recovered from a wound. He is 40 years old and when the war began was a reservist. He was then employed by A. W. Pangborn, of the borough.

BORO' FIREMEN ANSWER AN ALARM

A still alarm of fire at 9:10 o'clock, this morning, called the Borough Fire Department to the residence of William H. Olmsted, 78 Chatham street. It proved to be only a slight fire as the bursting of a water back in the range had alarmed the members of the household, and the firemen were called. They returned at 9:20 a. m.

AMERICAN BOAT OFF FOR "WAR ZONE"

Armed Fore and Aft Steamer is Given Ovation as She Starts on Long Journey

New York, March 17.—Amid the tooting of whistles of countless craft and the cheering of thousands of people who lined either side of the North River, one of the American boats slipped away from her pier in New York about 1 o'clock this afternoon and started on her long journey through the "harred war zone."

This boat, which was armed fore and aft with guns, is the first one to leave New York since the declaration of armed neutrality by President Wilson, and her trip across the Atlantic will be watched with interest by people throughout the United States.

U. S. Navy gunners are in charge of the guns on the steamer, and before sailing they received strict and definite orders from the Navy Department, to which they are responsible. The boat carried an unusually large cargo and a considerable number of passengers. It is known that the gunners will take no chances and the appearance of a submarine will be sufficient cause for prompt action.
